The Organization I represent in this community, United Farmers of Alberta Co-operative Limited, paid a dividend of 8.4% on fuel purchases for the fiscal year ending July 31st, 1958. This rate would equal approximately 2c per gallon and rapid calculation will indicate the amount of saving you could have realized if your fuel requirements had been obtained through a U.F.A. Co-op oil agency. For example, a farmer who purchased $500.00 of petroleum products during this fiscal year will receive a dividend of 8.4% or $42.00.

U.F.A. Co-op has been serving its farm members with petroleum products and bulk farm supplies for the last 25 years. The members now own and control an organization with assets of approximately four million dollars. Further over two million dollars in dividends have been paid to members on their purchases, and a further $500,000.00 in dividends will be distributed for the fiscal year indicated [illegible]. Will you share in this distribution?

Your Co-operative distributes high quality Maple Leaf brand products, and as your local Co-op agent I will guarantee the best in service.

I would appreciate the opportunity of discussing your petroleum requirements with you, and also to outline the benefits which may be obtained through your participation in your Co-operative organization.

If time permits I plan to visit your home to discuss this matter with you, but in the event I am unable to do so, I would welcome a visit with you at the agency to discuss your fuel program for the coming season.

Vermilion Agricultural Society Re-Elects Orton Strome President

The Vermilion Agricultural Society held its annual general meeting on Dec. 12th when reports covering the work of the past year were given the membership. O. A. Strome, President of the Society for the past two years, expressed satisfaction for the progress made in the agricultural life of the district and the marked increase in quality livestock now being maintained by a large percentage of the farming community. He outlined the capital improvements made by the Society and gave a resume of the activities carried on for some time past, including the farm and home improvement project, the farm girls' and boys' camp, sponsorship of the calf club work, the holding of short courses for farmers and their wives and the fall sale of purebred livestock.

Financial statements presented to the meeting indicated steady progress and pointed to an accumulated surplus of substantial proportions. Numerous suggestions came from the membership looking towards improvement in the various aspects of the work of the organization now in its 53rd year.

The election of officers resulted as follows:

Hon. Presidents — Hon. D. [illegible], Hon. L. C. Halmrast, R. J. Whitson, M.L.A. J. W. G. Morrison, Q.C.

Hon. Vice-Presidents (active) — W. H. Duncan, W. R. Cornish, W. D. Williams, George Maggs.

Im. Past Pres. — E. M. Stewart

President — Orton A. Strome

Vice-Presidents — Gordon Larsen, Gordon Ross, John Bryden

Directors — J. C. Anderson, Clarence Barr, Jas. D. Barr, Manson Barr, Jas. Bennett, J. R. Boake, Wm. Bryden, Chas. Clennett, Homer Campbell, Bert Duncan, J. S. Cross, W. E. Cross, Walter Fulkerth, Ches Gamble, Frank Gibson, Ken Greenwood, Jack Harcus, E. W. Hart, J. H. Hart, Wm. Hart, S. C. Heckbert, W. R. Jory, Keith King, Robt. Maggs, L. McCambridge, Keith McIntyre, Angus McMillan, Peter Noster, A. J. Palin, W. L. Robinson, Wm. Russell, Thos. Smith, A. G. Stone, Geo. C. Webb, A. M. West, Donald Wilson.

Plans were laid for the conduct of the work for the coming year and the Society agreed to affiliate with the Western Canada Fairs Association and the Alberta Agricultural Societies Association.

Beautiful Service Presented by CGIT

On Sunday evening, December 14, a very beautiful Candle Lighting Service was presented by the C. G. I. T. Merle Marshall was the leader with Margaret Rooks and Laurian Edey assisting her by reading the Bible selections and giving the story. Dorothy Tovell, Vivian Tillet and Karen Colburn were the candle lighters. Angela Carlyle, Louise Barr, Irene Waldenberger and Glenda Brennan were the ushers. Betty Robinson, Elizabeth Stewart, Joan Stephens and Sharon Martin sang a quartet, "The Coventry Carol."

The choir also sang two hymns, "Lo How a Rose" and "The Huron Carol." Mrs. Sutherland was organist at the service.

Bonnyville Pontiacs Spoil Hockey League Opener for Vermilion Fans

Bonnyville Pontiacs spoiled the opening of the Eastern Alberta hockey league for Vermilion fans when they defeated the Tigers 6 goals to 3 on Saturday night last. The visitors enjoyed a margin of the play in the second period only with a four goal outburst. The first period was evenly contested with each team scoring once. In the sandwich session all the scoring was done by the Pontiacs and two-thirds time saw the score reading 5 to 1. The Tigers had the margin in the final canto outscoring the visitors two goals to one for the final 6 to 3 count.

Both teams iced a mixture of veteran players with some up from juvenile ranks. The Pontiacs have one forward line of fast skating juveniles so are breaking in new local talent. The Tigers have three juveniles also and all looked quite in place in senior company. Bob Waldenberger took a regular turn on defence and shows promise of developing into a rushing crowd-pleasing type of defenceman while he is not averse to stepping into the biggest of opposition players. Gerry Schmidt takes a regular shift on the wing of the Warner Bronson line, while Jim Reid took over the goal-tending duties in the third period and turned in a sensational game of net-minding. He replaced Ken Brown after Ken threw a knee out in the second period.

The fans have reason to be hopeful of the current issue of the Tigers. They are far stronger than the team was last year. In goal they have Ken Brown or Jim Reid, out front they have a newcomer in Ed Buck of Heinsberg who teams up with Stu Barr, and Joe Brower and Bob Waldenberger. The three forward lines are very well balanced so that there is no weakening of the team regardless of which string is on the ice. Andy Redford centres Bruce Anderson and Ed Gerritts who played with the Tigers last season, the Dewberry line of Hedley Dennill, Bill Romanchuk and Sandy Ewen is again playing as a unit, while two newcomers, Bob Warner of the college staff, Ike Bronson of the Bank of Commerce staff, and Jerry Schmidt form a line entirely new this year. As utility man they have Al Buck, brother of Ed from Heinsberg.

In addition to this the Tiger management has others in reserve.

The Vermilion crowd of 410 fans saw head referee Howard McConnell of Maidstone handle the officiating assisted by linesman Burns. The policy has been adopted this season of having outside referees in charge all over the circuit.

The game wasn't too difficult to handle with the officials keeping a tight rein on impending flare ups. A rough and tumble took place in the third which resulted in Romanchuk and Buck of the Tigers and Power and McCabe of the Pontiacs being banished for 5 minutes each.

The only other punishment of note was the game penalty imposed on Sullivan of the Pontiacs. The reason was abuse of officials. Sullivan took exception to an offside ruling by linesman Burns and didn't have sense enough to stop talking about it. He was first penalized two minutes but following a threatening motion toward Burns and more talk, was waved to his dressing room and out of the game entirely by referee McConnell. Sullivan is a hockey player with plenty of ability but apparently lacks a little self-control. He should be disciplined by his own club officials.

The scoring was opened at 9:55 in the first by J. Belcourt for Bonnyville and four minutes later Hedley Dennill evened the count when he netted Romanchuk's pass. That was it for the first.

A holding penalty to Joe Brower proved costly in the second as Serbu scored while Joe was off, with Sylvestre and Belcourt in on the play. Negey, McCabe and Belcourt all added to the visitors' total before the end of the session. Ken Brown had a knee go out of joint near the end of the period and the S. O. S. was sent out for Jim Reid who has been practicing with the Tigers. Jim took over for the injured Ken in the third.

Bill Romanchuk scored on Warner's pass but McCabe did likewise for the Pontiacs assisted by Herrard. Bruce Anderson completed the scoring for the opening game when he combined with playing coach Andy Redford for the Tigers' third goal.

Extra Shopping Hours Xmas Week

Vermilion stores will be [illegible] extra hours for Xmas shoppers during Christmas week. Tuesday Dec. 23rd you can shop until 9:00 o'clock in the evening; Wednesday everything will be open until 6 p.m., giving a half day of extra time to buy that last minute gift.

Rotary Xmas Tree In Bank Rotunda

The Rotarians have a lovely big Christmas tree, prettily decorated in the Bank of Commerce and all the tree needs to complete the picture are several hundred gifts for distribution to needy children. The gifts may be clothing or playthings. Simply wrap it up, write the age of the child it would be suitable for and whether for a boy or a girl place it under the tree in the Bank.

The Rotarians have arranged with Lieut. Morgan of the Salvation Army to distribute the gifts to the needy or less privileged folks at Christmas time. Look after this little duty today. It is more blessed to give than to receive.

Hazeldine W. I. Elects Mrs. F. D. MacLean

HAZELDINE. — The annual meeting of the Hazeldine Branch of the W. I. was held at the home of Mrs. Don Becket, on Tuesday, Dec. 9th. There were twelve members present and two guests, Mrs. Mik. Olynchuk and Mrs. Cliff Robinson.

Cantata Enthralls Large Audience

The large audience which attended the lovely Christmas song and story "Born in a Manger" in the United Church, were truly enthralled by the loveliness of its presentation. The cantata was by a group of girls from Mrs. MacKay's bible class of the United Church sunday school. Training for the musical portion of the program was done by Mrs. Sutherland of the high school staff. Mrs. MacKay was in charge of the speaking parts.

Included in the musical selections were carols, trios, duets and solos, all beautifully rendered. Accompanist for the evening was Mrs. Sutherland.

Neilburg Here Saturday Night For Regular League Hockey Game

Neilburg is the opposition for the Tigers in a regular E. A. H. L. fixture at the Vermilion arena on Saturday night with game time scheduled from 9 p.m. This will be the first time since the opening game that the Tigers have been back to full strength and the boys are very determined to turn in their first victory of the season.

Playing at St. Paul on Wednesday night the Tigers went down 14 goals to 4. After a disastrous first period in which the Hornets ran in 8 counters, the Tigers settled down and the last two sessions were very evenly contested.

Playing short-handed the Vermilion Tigers suffered a 7 to 2 setback at Lashburn on Monday evening. Bruce Anderson and Gerry Schmidt scored the goals with Ed Buck getting one assist.

More Hockey Players Needed By Tigers

The Tiger hockey club can use several additional players as some of the younger players do not play out of town games. Following the injury to Ken Brown, an extra goal keeper is also badly needed as Jim Reid is not always available.

Anyone with a desire to try out with the team should contact Reg Ireland or turn out for practice on Sunday morning at 10 a.m. in the arena. There are still lots of openings for aspiring players.

A. Ronaghan Named For Alexandra

Allen Ronaghan, the assistant school principal at Irma, was chosen candidate by the Alexandra Conservative Association at their nominating convention held at Kitscoty last Wednesday evening, to contest the forthcoming provincial election.

There were three nominations, Dr. A. H. Sweet, of Islay; John Anderson of Dewberry, and Mr. Ronaghan of Irma. In the subsequent voting Mr. Ronaghan was the convention's choice.

Fifty-seven accredited delegates voted, with 21 visitors also present.

Dewberry Men Escape Injuries

DEWBERRY. — Joe Mergl of Dewberry along with his brother John escaped with only slight injuries when their truck was hit by a train at a crossing near Viking. The truck was demolished but the two men miraculously escaped with slight injuries. They were on their way to bring home a load of coal from the mines.

Farewell Party For Rev., Mrs. Minchin

On Thursday evening about 50 members of St. Saviour's church gathered in the parish hall to bid farewell to Rev. Kells Minchin and Mrs. Minchin who are leaving shortly for Sudbury, Ontario where Mr. Minchin has accepted an appointment.

Alex Palin put on an entertainment which he called a track meet and which was greatly enjoyed by all.

Mr. Lorne Pockett, People's Warden presented a picture and a cheque to the departing couple. He said that everyone regretted very much the move that they are making to Eastern Canada. A presentation was made by Lieut. Morgan on behalf of the Vermilion Ministerial Association. St. Saviour's choir and St. Saviour's Men's Club also presented gifts.

Alex Palin spoke on behalf of the Sunday School. Mrs. Bartlett, president of the W. A. expressed the regret of that organization and Mrs. Coulter, president of the Happy Hour Group, spoke on behalf of the junior group.

Other speakers were Rev. A. Potter of Kitscoty, Rev. C. W. MacKay of Vermilion and Lieut. Morgan of the Salvation Army, Vermilion.

Tom Watts, accompanied by Mrs. King, rendered two solos. The church choir also provided some selections.

Coffee, sandwiches and cake were served by the Happy Hour Group.

E. H. Buckingham, Rector's Warden, was chairman of the meeting.

Golden Age Friendship Club's Christmas Social Huge Success

The Xmas social of the Vermilion Golden Age Friendship Club held in the Legion Hall on December 10 was a huge success. Eighty-two members turned out for an afternoon which will long be remembered by everyone present. After visiting with friends who had not seen each other for years, Mr. Buckingham was introduced by Sec. Percy Cross. Pictures were then shown and Mr. Buckingham's commentary on his trip to the Old Country brought back many memories dear to many of the members as it was a little touch of home. Many thanks Mr. Buckingham.

After the pictures, Dr. King was introduced by our worthy president Mr. W. Waldenberger. Mrs. W. Roebuck accompanied at the piano and Dr. King led the community singing of Xmas Carols from the song sheets supplied most generously by the Edmonton Journal. After a few Carols had been sung, Dr. King gave us a real treat, singing a solo, "Silent Night." Many thanks Dr. Ben for your time.

After the Carols, tables were set up for lunch and our thanks go out to the ladies behind the scenes, for all the work and preparations involved. The menu was according to Hoyle — sandwiches, pickles, cookies, cake and ice cream, and the birthday cake so suitably inscribed with "Merry Club." Thank you Mrs. Miller.

During lunch, some very pleasing musical items were rendered, with Mrs. Simonette at the piano and Mr. George Stewart the violin, Mr. Stewart interchanging with Mr. W. D. Williams.

After lunch came the big moment for which everyone was waiting, the exchange of Xmas gifts and what fun, just like a lot of youngsters on Xmas morning.

The prize for the oldest lady present went to Mrs. Kehoe and to the eldest gent, Mr. Peter Jensen. These gifts were given by Mr. Mitchell. Congratulations to both the winners and trust they will honor the club with their presence again.

A vote of thanks must go to all the ladies and gentlemen who worked so hard to make this, the biggest senior citizens event in Vermilion a huge success.

Do not forget the next social to take place on January 21 at 2 p.m. at the Legion Hall. Start the New Year right by bringing a friend along with you.

The clubs ambition is to have 125 members in this senior citizens group. The Golden Age Friendship Club take this opportunity to wish the very best of season's greetings to one and all, especially to the Editor and staff of the Vermilion Standard, who have helped so much with their valuable paper to show the senior citizens what the Golden Age Friendship club stands for.

Dewberry F. U. A. Organizes For Year

The Dewberry F.U.A. was reorganized for the ensuing year at a recent meeting. President is Milo Hodgson with Bob Parker the vice-president and Doug Wilson is secretary. The membership of the local now stands at 114.

Mrs. Iris Hodgson, Mrs. J. Porter and Garry Protsch attended the provincial convention, a report of which will be given at the next meeting which will be held the second Monday in January at the farm home of Mr. and Mrs. John Anderson. Everybody welcome.

Vermilion W. I. Re-Elects Mrs. Clark

The Vermilion W. I. met on Dec. 9th at the home of Mrs. J. W. Bell with sixteen members answering the roll call with 35 sick calls. There were three get-well cards sent. Mrs. J. E. Prill was welcomed as a new member.

Election of officers saw little change:

Pres. — Mrs. Olive Clark
1st Vice-Pres. — Mrs. Jo McCaig
2nd Vice-Pres. — Mrs. Gordon Dunsmore
Sec'y. — Mrs. T. H. Davis
Treas. — Mrs. Joe Green
Sunshine — Mrs. E. Rooks

The W.I. filled two "Foot of Nickles" for the Cerebral Palsy Association.

After the business meeting a very nice lunch was served by the hostess Mrs. Bell. At this time an exchange of Christmas gifts was enjoyed by all.

Mrs. Flo Maskell won the mystery box, a lovely cup and saucer.

Conservatives Will Nominate

Progressive Conservatives of Vermilion Provincial constituency will hold a nominating convention on Monday, Jan. 12th at 8 p.m. in the Orange hall, Mannville. The date was set at a recent meeting of the group held in Mannville. No Conservative has contested this seat since 1935.

Mrs. Harry Bowtell, Pioneer Vermilion Lady Passes Away

Of interest to Vermilion and district pioneers is the passing of Mrs. Harry Bowtell recently. Mrs. Bowtell was the widow of the late Harry Bowtell who was the first government land agent in Vermilion and after whom the district of Bowtell was named. Mrs. Bowtell was a telegrapher at Frog Lake in the early days and had been in poor health for sometime.

Funeral services [illegible] held at Frog Lake on December 15.

KITSCOTY

Mrs. N. Laird Elected President Clandonald United Church W. A.

The annual meeting of the Clandonald United Church W. A. was held at the home of Mrs. Olsen with 12 members present. Mrs. Cooper presided.

Reports were all read and approved with all the bills ordered to be paid before the end of the year.

White Gift Sunday School service will be held on Dec. 21st.

Election of officers was then held with the following results: President — Mrs. Norma Laird; vice-president — Mrs. Mary Thompson. Sec. — Mrs. Lillian Goddard. Treas. — Mrs. Nancy Feenstra. Project Convener — Mrs. Elsie Campbell; Sick committee — Mrs. Alice Schoonmaker. Devotional convener — Mrs. Nancy Feenstra.

Thanks were extended to the retiring officers for their wonderful work in the past year.

The silent [illegible] then exchanged the Xmas [illegible] which made all feel that [illegible] didn't forget at Christmas.

The baptism service was held in Clandonald church on Sunday, Dec. 14 with 4 babies being baptized — Diane Agnes De Jong, Barbara Lynn Deagan, Jackie and Colleen Vaughan Bootsman. It was nice to see so many in church.

Mr. Schurman showed a film and a tape recording of the Vermilion teen age choir concert which was enjoyed very much by all present.

The next church service will be on Dec. 28.

Don't forget the next W. A. meeting to be held at Mrs. Schoonmaker's on Jan. 8th.

4-H AND SCHOOLS OF AGRICULTURE

A report from J. E. Hawker the Superintendent of Alberta's Schools of Agriculture and Home Economics shows 56% of the students at the Olds school this year are or have been members of 4-H clubs. As might be expected of the 73 club members in attendance, he says, a number are prominent in school affairs. By freely getting into things they are contributing to the success of student activities and are themselves being helped in broader experience and greater opportunity for self-development.

At the Vermilion School 4-H clubs are represented by 57 members or former members. This constitutes 12% of the student enrollment. The 57 4-H club members at V.S.A. this year have a combined total of 218 years in 4-H. The experience gained by the boys and girls in these clubs is very noticeable. Many of the leaders in school activities are people with good 4-H records.

THE TREE OF LIFE

The world image of our country as a land of plenty has taken many forms. Time was when eager immigrants expected to see our streets paved with gold. Today, a more poignant version is reported.

In tiny villages of Pakistan where CARE brings milk for underfed school children, many pupils and their teachers too at first believed the milk powder came from trees in this great continent across the seas.

This vision of our land where even milk grows on trees, waiting to flow into CARE packages for the world's hungry seems most apt as Christmas nears. According to the Bible (Rev. 22: 2), the Tree of Life in the heavenly Jerusalem has leaves for the healing of nations. Certainly the CARE gifts Canadians send to despairing peoples help to heal the suffering and tensions that threaten peace.

By joining the current CARE Food Crusade, you can help those leaves to flourish, like a giant Christmas tree that will spread across the earth to nourish the hungry and bear fruits of good will. The Canadian and United States governments have given the food from our farm abundance. Every $1 you give will deliver a 22 lb. package in your name to the needy overseas. The place to mail your dollars is CARE of Canada, Ottawa, Ont.

SAVE OUR SKINS DURING CHRISTMAS-NEW YEAR HOLIDAY PERIOD

Let us all motorist or pedestrians alike form a traffic team right now to save our skins during the Christmas - New Year holiday period, urges the Canadian Highway Safety Conference.

"Both groups will have to stay alert," the Conference stresses in a pre-Christmas message directed to all Canadian road and sidewalk users, "and display courtesy and tolerance towards each other, if they [illegible] survive the holiday period [illegible]."

The following five simple rules, they suggest, would, if they were learned and obeyed, reduce the tragic holiday accident toll:—

1. When you cross a street, don't jaywalk; wait for the green light and watch for cars which either may have the green light, or are jumping a yellow light. A horrible death or serious injury awaits you if you slip and fall under a moving vehicle so never run, for any reason.

2. Before going home at the end of an evening out, be sure to have a cup of coffee. It will keep you alert.

3. Drive even more slowly than usual to give pedestrians, children, the old people especially and yourself a chance in case of emergency.

4. Leave your car in the garage if you plan to have even just a few drinks at office or home parties.

5. On long holiday trips, beware of creeping fatigue which slows your reactions; make regular stops for a coffee-break. And, if you feel tired, just pull over for a nap.

HOCKEY BUILDS SOUND CHARACTER AND CITIZENSHIP

As an incentive in building sound character and good citizenship among the thousands of Canadian youngsters who play in boys' hockey leagues across the country, a new type of individual hockey award is being presented for competition for the first time this year.

The Robin Hood Trophy, announced today by the well-known miller of breakfast oats, is to be an annual award for the best all-round boy in each of the hundreds of local hockey leagues operated for boys 12 years of age and under. It will be accompanied by a crest and personalized parchment scroll all of which become the winner's property.

Local league officials will select the individual winners, [illegible] a Players' Creed [illegible] been drawn up for the players. The creed, in addition to urging the boy to train and keep fit in order to play to his peak capacity, [illegible] the importance of good [illegible] in the realms of school, [illegible] religion and [illegible] activity.

In announcing the new trophy program a Robin Hood executive commented, "We have in mind the development of hardy, competitive young Canadians. At the same time we hope to encourage those character traits that in future years will stand them in good stead as adult members of their communities and country. You could say that we are hoping to create ideal 'Junior Citizens'. We picked hockey for this boys' program because it is Canada's traditional game and because it builds strong, healthy youngsters."

The response from local league officials, recreation directors and arena managers across the country has been so enthusiastic that the company is satisfied that it is filling a real community need.

The trophy, crest and scroll will be presented at hundreds of local ceremonies from St. John's, Newfoundland to Victoria, B. C., early next March.

With 260 miles of track in a single yard, Winnipeg has the world's largest terminal. The CPR, CNR and three U. S. railways run into the city.

Letters to the Editor

The Standard does not hold itself responsible for opinions expressed by correspondents

Vermilion, Alberta

Dear Mr. Editor:

Speed limits in town boundaries are very necessary and should be upheld. But there are some cases where a speed limit may prove to be a bigger menace than the speed itself.

I feel such is the case of the 3-mile-zone from the lake dam up the hill into town.

The workmen of the town have done a good job of keeping this hill passable but in spite of their efforts there are times when it is not possible to prevent a slippery condition and at a limit of 25 miles per hour the hill cannot [illegible]

A tie-up of several [illegible] can be a dangerous thing on this hill, well I know.

Loaded trucks with such a lack of speed at the bottom find it a long, hard grind.

A "Reduce Speed" sign I feel, would be more in order for this particular stretch of road.

I trust the council will consider this matter.

Thank you, Mr. Editor, for your valuable space.

John McKeague.

THE Homemaker

DONNA SHANTZ
District Home
[illegible]
Wainwright, Alta

I hope this week finds you all caught up with your Xmas preparations and you can take time to relax and really enjoy the holiday.

This is my last column as I am being married at Xmas and transferring to the Lamont district.

Until such a time as there is another home economist in this area, you may send your problems to the Extension Branch, Department of Agriculture, Edmonton. Bulletins may still be obtained from the District Agriculturist's office in Vermilion.

I have certainly enjoyed meeting and working with the people in this district. I hope you will soon have another home economist and I am sure she will enjoy working with you as much as I have.

And now, I would just like to say goodbye, and wish the very best in the coming new year.

Wildmere Winks

Mrs. William Clark, Sr. of Triangle has gone to spend Xmas with her daughter and family, Mr. and Mrs. L. Matlock of Drayton Valley, Alberta. Her other daughter and husband Mr. and Mrs. Howard Lumley are staying on her home place.

The Xmas concert sponsored by the Wildmere W. I. for the children which is an annual affair was held last Friday evening with a good attendance. Everyone even the wee tots, who were on the program did very well. Mrs. Rogan very kindly came and played the piano for some of the numbers and Santa found a well laden tree and a lot of eager wee folks waiting for him. We forgot to say the concert was held in Basswood Community Hall. Roy Garnett was chairman. A good lunch brought the pleasant evening to a close.

Mrs. C. Cruthers arrived home Sunday afternoon after visiting her mother in Vancouver for the past three weeks. She reported having a nice holiday.

Wildmere curling rink is fast taking shape these days and it won't be too long 'till the rocks are sliding with in-turns and out-turns once more for the winter season. The circles were put in on Monday evening.

On Monday afternoon J.C. Wallington and Bobby Graham journeyed to Wainwright as Jim wanted to see the opening of the new "Old Folks Home" which took place at 1:30 Monday. It is a wonderful place to stay but it takes money to do so. Jim would like to see a "Home" where folks who only have their pension to depend on could stay. This one at Wainwright is $100.00 a month. There are a lot of old folks who have done a lot for this country and through no fault of their own, just haven't got that $100.00 a month to put into a Home like that. Who is going to care for them? Wainwright Home accommodates 60 people. A huge crowd attended the opening and a good lunch was provided.

We wish to thank Mrs. Gadd (nee Mary Brown) who was a teacher at Basswood years ago, and Mrs. W. Rowson both of Edmonton, for their kind comments in the Xmas cards on how they enjoy reading the 'Winks'. When you write them you never think how far they go or how much other folks enjoy reading them.

The writer had nice chats on Saturday with Mrs. P. Jenson, Mrs. T. Sherwood, Mrs. Pheasey, and many others. The time really slips by when you meet all those splendid people.

Say, Myrtle, have you your Xmas turkey drawn yet? We suppose you have all those chickens eaten by now that you were cleaning before.

And last but not least please remember your "White Gifts" this Sunday December 21 at the church and also the gift for the W. A. hamper. On the outside of the White Gifts please mark what it is and the age if a garment is enclosed. Hope to see a good church attendance Sunday at Preston Central.

Doris Jack, Morland Currey Married in Pretty Ceremony

Bouquets of white, bronze and yellow chrysanthemums banked the altar of Metropolitan United Church, Edmonton on October 18, 1958 for the afternoon wedding of Miss Doris Ruth Jack, daughter of Mr. and Mrs. Ernest Jack of Kitscoty and Mr. Morland Norman Currey, son of Mr. and Mrs. Wilfred Currey of Edmonton. Rev. Reid E. Vipond peformed the double ring ceremony.

Given in marriage by her father, the bride chose a gown styled on princess lines of ivory peau de soie with a bodice of Chantilly lace. The floor-length skirt was appliqued with lace flowers, sabrina neckline and a high Empire waist accented with a bow at the back. Misting softly from a pearl encrusted cap was the bride's finger-tip veil of French illusion and she carried a bouquet of crimson roses. Her jewelry was a pearl necklace and earrings, a gift of the groom.

Miss Eileen Jack, sister of the bride, was maid of honor and Mrs. Donald Hudson, sister of the groom, was matron of honor. They wore identical waltz length dresses on princess lines of turquoise lace over taffeta with scalloped necklines, accented by white feather headpieces and bouquets of white carnations.

Mr. Richard Currey, brother of the groom, was best man and Mr. Donald Hudson, brother-in-law of the groom, was groomsman. The ushers were Mr. Donald Prechle and Mr. William Hanley.

For her daughter's wedding the mother of the bride chose a gown of royal sapphire blue sheath style, with matching accessories and a corsage of red roses. The groom's mother wore a gown of beige lace sheath style with matching accessories and a corsage of pink roses.

Miss Merla Jackman sang "O Perfect Love" and "Through The Years" accompanied by Mr. Robert Pounder.

At a reception for 115 guests held at Highcrest Country Club, Rev. Oliver Nugent proposed the toast to the bride to which the groom very ably responded.

For a [illegible] to California and the western United States, the bride changed to a tailored suit of college grey with red and black accessories. Her corsage was of white gardenias.

Mr. and Mrs. Currey will reside in Edmonton.

Oudoor Christmas Lighting Popular

Outdoor Christmas lighting is taking another big jump ahead this season, reports The Financial Post.

Industry, merchants and home owners will pay an estimated $10 million for the night-time Yule greetings this year.

That's a 25% leap over last year, a gain of some 230% in the last dozen years.

Key trends:

More programs on a civic or community basis with entire business sections installed with decorative lighting.

This is a distinctively Canadian development.

Expansion trend by industry, especially plants fronting on busy expressways and streets.

Quick acceptance by shopping centres. With new centres springing up across Canada, this is a big factor.

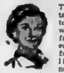
Tips on Touring

By Carol Lane
Women's Travel Authority



That drive you take next week to spend Xmas with family or friends will be easier and more fun if you do a little planning now. Here are a few tips for for holiday motor-visits.

First, about the gifts. This is especially important if you take children and if you leave home on Christmas eve. You'll probably want to take things the children can open on Christmas morning.

Wrap the gifts now and pack them in a carton. You can slide it into the trunk at the last minute. This will save time and avoid damage that can occur if gifts are tumbled in.

If you make the round trip on Christmas day, the children will probably open their gifts before you leave home. They will want to take some of their own things with them. Let them take small gifts that take little space in the car and that they can enjoy and share at someone else's house.

Second, about the car. You'll probably leave it outside if you go for an overnight visit. If there's a chance of cold weather be sure the car is ready for it.

And third, about you. Xmas is wonderful but wearing. Try to do your driving before it gets too late, and avoid the hazards of fatigue.

Merry Christmas and a pleasant visit!

Pray Before You Get Behind Wheel

"Pray before you get behind the wheel," is the advice of a Regina woman who has just returned from the funeral of her son-in-law, killed in an automobile accident.

A grandmother to 13 children, Mrs. B. Wright of 222 Albert St., has always been scared of automobiles.

Thursday she said as she tidied away the breakfast dishes or prepared the noon meal she often thought of her 13 grandchildren crossing the city streets and offered a silent prayer for their safety.

And then came the news from her daughter, Mrs. Robert Gerdon of Langley Prairie, B. C., to say that Mr. Gerdon had been killed in a collision with another vehicle.

Mrs. Wright stayed a while with her daughter to help care for her three children.

"I have brought back to Regina with me a special prayer for motorists which was brought to my attention while I was visiting my daughter."

The prayer, written by Catherine Clark is:

"Dear Lord — before I take my place
Today behind the wheel,
Please make me come with [redacted]
Before Thy Throne to kneel -
And pray, that I am fit to drive
Each busy thoroughfare,
And that I keep a watchful eye
Lest some small child be there.
And keep me thinking constantly
About the Golden Rule,
When driving past the playground zones
Or by some busy school.
Then when I stop to give someone
His right to cross the street
Let me — my brother's keeper be
And spare a life that's sweet.
Please make me feel this car I drive
You gave me to enjoy,
And that its purpose is to serve
Mankind — but not to destroy."

— The Camrose Canadian 23-25

Drive carefully - it may save the life of a child and you from a lifetime of nightmares.

The more explaining a man has to do for his actions, the less people believe in him.

GOLD MEDALLION COMMEMORATES ISRAEL'S TENTH ANNIVERSARY

A gold commemorative medallion has been issued by the Israel 10th Anniversary World Committee, to mark the 10th anniversary of the state of Israel. This medallion is also now available in [redacted]

One side of the medallion is an exact replica of the two-thousand-year-old Roman coin which was minted by order of the Senate of Rome after the victory over the Jewish people following the destruction of the temple in Jerusalem in 70 C. E. It shows a mourning Jew and Jewess under a palm tree, the symbol of the Jewish people, with the Latin inscription "Judea Capta" (Judea Conquered) and the letters S. C. (Senatus Consulto.)

The reverse side shows two Israelis under a palm tree, a man carrying an agricultural tool and a woman holding a sheaf — symbolizing the rebuilding of the country - framed by the Latin inscription "Israel Liberata," (Israel Liberated) and the word "Jerusalem" in Hebrew.

The rim of the medallion bears the inscription "Israel Government Approved Issue 1948-1958" between two seven-branched candelabras, the official emblem of the 10th Anniversary Year.

The medallion is made of 22 carat gold. Its price in Canada, including jewellery encasement, is $30.00, sent anywhere post-free and insured. The Canadian address of the official agent is Anniversary Medallion, c/o Consulate General of Israel, Montreal.

Members of the Knights of Columbus of Vermilion were prominent at Charter Night at Wainwright when the Wainwright [redacted] received their charter. The picture shows the presentation. From left to right in the picture are Martin Shalka Vermilion, Dr. Maurice Demay North Battleford, Angus MacMillan, D. D. of District 4 Vermilion, Paul Hlady, past grand knight [illegible] Fr. Capt. NEWS from ISLAY

Once again we wish the editor and staff, a Very Merry Xmas!

The weather has been lovely. It would be very nice to have it stay this way over the holiday [redacted]

Let us all join in and sing on Christmas Day — "Peace on earth, good will to men."

Church service at Pleasant Valley was very well attended on Sunday.

The writer had a nice chat with Mrs. E. Strang of Lloydminster one day recently. [redacted] chatted with Mrs Ben Ashby and Mrs. Lively of Dewberry. We won't tell what the topic of conversation was, because if we did, and the menfolk found out, there just might not be a Santa Claus at our houses come Christmas morning!

On Saturday we had a chat with our old neighbor Mrs. Jones, who looked very swanky in a lovely new fur coat. Also talked with Mrs. Wallington, who, we think, was enjoying the cold [redacted]

Sorry Mrs. Walker, I did not mention that you and Mrs. Gillies had called and found the writer not home. Please come again some time.

Mrs. Repp, Jean and yours truly had a nice chat together on Saturday. Betty was in a hurry though as hubby (as he said) had had the truck running for over half an hour then. It's really nice having a good laugh and visit with so many friends not seen too often as one now that winter is definitely here has to stay close to the fireside.

Mrs. Gillies is all lit up and ready for Xmas now that she has had the lights installed.

Betty Moses has her mother staying with her during the winter months.

Andrew Mercier is away for the winter months.

Hi May and Eddie at the coast. Merry Christmas to you all out there! I suppose you are busy bringing in boughs of holly for your shop.

C. N. R. Starts Fast Express Run Between Edmonton and Calgary

EDMONTON. — The Canadian National Railways' new express-baggage Railliner is now providing a fast service between Edmonton and Calgary via Mirror and Camrose. It makes the 232-mile journey, with 32 stops en route, in 5½ hours.

Except Saturdays and Sundays the diesel speeds back and forth between the two cities and replaces a wayfreight which included an express car. It has carried anything from oil valves to cut flowers.

The Railliner leaves Edmonton at 8:00 a.m. and is in Calgary by 1:30 p.m. On the return trip, it leaves Calgary at 4:00 p.m. and is back at Edmonton at 9:30 p.m. Here it connects with CNR transcontinental trains for the east and west.

This is the only express operation of its kind in Alberta, the second in Western Canada. It follows a successful service blazed by the CNR diesel car between Regina, Saskatoon and Prince Albert.

White Gift Sunday At Islay Dec. 14th

ISLAY — White Gift Sunday was observed Sunday morning last, the children conducting the first part of the service with a children's choir also in attendance. Grace Schaffer read the order of service; Sandra Bell, the story sermon; Rod Jarvis the [illegible] Scripture lesson from the Bible, Jeannie Axley the dedication prayer when the boys, Jim Schaffer and Pat Moncrieff brought forward the basket of gifts and Rena Torrance [illegible] the prayer for the service. Mrs. Bill Hancock presided at the organ. Following their part in the service the children proceeded to their classroom and Rev. Mr Shortt conducted the rest of the church service.

W. M. S.

The W.M.S. of United Church held the regular monthly meeting in the church hall on Thursday, Dec. 11th at 2:30 p.m. The president, Mrs. Agnes McLean was in the chair and opened the meeting with a verse of scripture and prayer. Mrs. Robinson and Mrs Roebuck were in charge of the devotional and led in the singing of several Xmas carols with Mrs. West the accompanist. Mrs. Roebuck gave a short talk on "Christian Stewardship" and Mrs. Fry closed with a very beautiful prayer.

Roll call was taken and revealed 24 members and two visitors in attendance.

The committee then nominated the new slate of officers for 1959. Following the nomination Mrs. Clarence Barr presented Mrs. McLean with a gift of a cup and saucer as she is retiring from the W.M.S. A card was signed by all members in farewell.

The minutes were read and approved and the business of the year brought to a close with a prayer by the president.

Dr. Ron Payment Addresses Rotary

Dr. Ron Payment was guest speaker at last week's Rotary Club meeting. Dr. Payment told the story of the recent changes and improvements in dental practice. He mentioned about fluoridation and other methods of preventing dental decay. The speaker mentioned that dental colleges are not graduating dentists in sufficient numbers to keep up with requirements. He said, also, that plans of dental insurance are proving out very well in Denmark so it is quite possible that we will be paying so much a month to take care of dental costs.

Simon Simonson introduced the speaker and Rudy Renaud thanked him for a most interesting and informative address.

President Jim Robson introduced Ken Fisher and Russ McKenzie, both members of Lloydminster club and one visitor, Bob Prescott.

Health Unit Notes

CARBON DIOXIDE

Last week we dealt with the danger of carbon monoxide and the prevention of carbon monoxide poisoning. This week I would like to deal with carbon dioxide.

Carbon dioxide, as you may all know, is present naturally in the earth's atmosphere and is produced constantly when complete combustion of carbon containing products such as coal and other fuels are burned. The human body also produces carbon dioxide as a by-product of turning food into heat and energy.

Carbon dioxide has been put to many uses in industry, one of which is the storage of fruit such as apples and bananas in rooms where the carbon dioxide content has been artificially raised to 6 to 10%. Employees working in these rooms use properly designed respirators to prevent violent headaches and cases of asphyxia.

A recent report from the Chief Factory Inspector for the Province of Alberta gives details of a fatal case of asphyxia due to carbon dioxide occurring at Fort Saskatchewan. The man was a member of a crew engaged in deepening, and cribbing a cesspool on a farm. Again we read frequently of men engaged in sewer and water excavations being buried by cave-ins. [illegible] these accidents prove fatal, many men are badly hurt and in most cases they could have been avoided.

The following procedures are recommended where men are engaged in excavations and servicing sewers, septic tanks, cesspools, etc.

1. In excavations wear a safety helmet and never commence working until a suitable cribbing has been installed having regard to the type of ground being excavated.

2. Install safety lines to persons working below ground level

3. Have sufficient help at the surface to recover workmen in the event of emergency. Cave-ins happen quickly and there is no time to get men working on [illegible].

4. All supervisory personnel should be thoroughly adept in applying first aid and artificial respiration techniques

5. Before going down into any sewer system or into a septic tank or cesspool, it should be well ventilated for at least thirty [illegible].

6. When it is found necessary to descend bored wells or deep sewers, the atmosphere should be tested carefully for signs of [illegible].

'The Bible Today'

On October 6, 1954, a committee called Bibelmission (Bible Mission) was formed in Germany by the Bible Societies. Its function is to provide Scriptures among individuals and groups who are in physical or spiritual need today, as the result of what they have suffered.

The service of Bible distribution is primarily directed towards exiles and refugees in Western Germany and in West Berlin. This twentieth century has been called "the century of the homeless." Since August, 1945, 18 million Germans have lost their homeland. By June, 1956, every fifth inhabitant of Western Germany was an exile or refugee. During 1957, 263,000 people from Eastern Germany fled to Western Germany, most of them carrying only a cardboard box with a few sandwiches and some pieces of underwear. Anything else would make them suspects in the eyes of the police where they cross the frontier. For most of them their future is absolutely [illegible].

These people begin to ask about the meaning of life and their relationship to God. Many find the answer in Bibles given them.

Pharmacy News

A Message From "Your Pharmacist"

WOULD YOU LIKE TO HAVE A HAPPIER AND HEALTHIER CHRISTMAS?

Then, please permit us to offer some advice. December is usually a month when most people over-exert themselves. Everyone is busy shopping for gifts and all the other preparations for the Yuletide and the New Year [illegible].

DECEMBER WEATHER IS OFTEN TREACHEROUS

When your over-tired body is exposed to its frequent temperature [illegible] serious sickness can occur. This can spoil your Christmas pleasures.

GIVE YOUR BODY AN IMPORTANT CHRISTMAS GIFT [illegible]

Visit your physician fora check-up to make certain you are in a healthy condition. You probably are, but it will be a good Christmas gift to know it for sure. If not, then he will prescribe the proper medication that will enable you to enjoy life more. Don't let any preventable illness spoil your Christmas.

APPRECIATION . . .

We appreciate your choosing us to be "Your Pharmacist." We will always do anything we possibly can to help you enjoy continuous good health.

Wheat Pool Elects New President

Gordon L. Harrold, of Lamont was elected president of the Alberta Wheat Pool at a meeting of the Board of Directors following the organization's annual meeting in Calgary. For the past year Mr Harrold served as a chairman of the board of directors and this year delegates decided to change the name of the position to president.

W. J. Blair, of Nacmine, was named first vice-president and Nelson Malm of Vauxhall, second vice-president. Other members of the Board are R. C. Bell of Carstairs, Allan MacPherson of Delia, Gerald Oberg of Forestburg and Walter Mueller of Spirit River.

At the annual meeting, Pool delegates authorized distribution of $2,100,000 worth of patronage dividends on deliveries to Pool elevators during the 1957-58 crop season. This dividend is the second largest in the history of the organization and on a per bushel basis totals 4.98 cents for wheat and flax and 2.49 cents on coarse grains. About one-quarter of the payment will be in cash, which will be distributed by agents next spring, and the balance will be credited to members' accounts as reserves.

PARADISE VALLEY NEWS

Paradise Valley has joined a basketball league consisting of Dewberry, Marwayne, Kitscoty, Vermilion, Vermilion School of Agriculture and Paradise Valley. The manager of P.V.H.S. is Mr Clark and the coach is Mr. Levitt. An exhibition game was played in Kitscoty Nov. 12 which was won by the latter. P.V. boys lost 14-13 and the girls 10-7. Not bad for a start. The first league game for Paradise Valley was held in Kitscoty Nov 31st. P.V. girls were again unsuccessful, losing 12-8, but the boys won 25 to 7. A home game against the Marwayne teams on Nov. 28th brought both teams into the winning column, girls winning 36-1 and the boys 28-8. The next league game for P.V. will be on Dec. 12 against V.S.A. and the best of luck is wished P.V.H.S.

CHEER LEADERS

Wit the beginning of a basketball team, cheer leaders were chosen and a pep squad organized to bolster the ego of the players. There are seven cheer leaders all told but only a total of six go to any one game. The members are Betty Tomasunos, Dorothy Clay, Linda Stepenoff, Elaine Gallagher, Shirley Nyastvold, Pat Walter and Helga Jegberger. Their uniform consists of white skirts, a white blouse with the official P.V. school sweater topping it off. They also wear white shoes and socks. Head cheer-leader is Helga Jegberger.

PEP SQUAD

The pep squad is under the leadership of Dale Collins. There are approximately 35 members who turn out for home games. For travelling games six or more accompany the team according to space available. They are a great help to the cheer-leaders by lending their abilities to the yelling of the yells.

The committee for the pep squad and cheer-leaders consists of nine members, Shirley Nyastvold, Ken Flint, Helga Jegberger, Gail Davidson, Dale Collins, Ronnie Cook, Clarence Gilmar, Dorothy Clay, and Elaine Gallagher. As yet the routines have not been perfected but they are learning and are a great boost to the team.

Tickets are being sold by the high school pupils, the proceeds are to be used to buy basketball uniforms. Anyone wishing to support the club can purchase tickets from these students.

School sweaters, jackets and crests have been designed and are on order.

PLATTER PARTY

On Nov. 29th the P.V.H.S. sponsored a combination platter party and harvest dance with Mr Harris of Lloydminster supplying a very good variety of music. Each student was allowed one invitation besides his own. At 8 o'clock all gathered in the auditorium, each one wearing the required outfit, jeans and shirt. After several 'Bingo' dances the party started to roll and a fine time was enjoyed until 12 midnight when dancing ceased for lunch. All attending students wish to thank the social convener and assistants for planning such a fun-packed party.

Most Ambitious Plan Of Kind In Canada

Alberta To Aid 4600 Students In High Schools and University

The special committee established last September to study expansion of the Provincial Government's program of Student Aid has now submitted a preliminary set of findings and recommendations which have been considered and approved by the Cabinet. The estimates to be submitted to the next session of the Legislature will include appropriations to cover the cost of the enlarged program in 1959-60.

The Government's objective in launching the new program, as stated by Premier E. C. Manning last August when announcing the government's five-year anti-recession development program, is "to ensure that no deserving student in Alberta will, through lack of money, be deprived of an opportunity to obtain a university education."

The five members comprising the committee which is conducting a study of the student aid program are: Mr. D. R. Cameron, Registrar of the Department of Education (Chairman), Mr. R. F. Byron, Director of Vocational Education, Mr. S. A. Earl, Co-ordinator of Teacher Education, Mr. G. Samuel, Assistant to the President, University of Alberta and Dr. A. J. Cook, Director, Student Advisory Services, University of Alberta.

It is estimated that during the school year 1959-60 the total cost of the program approved by the cabinet will be about $1,171,500 and that about 4,600 deserving students will benefit by way of the scholarships, bursaries, grants and loans provided by the program.

The type and amount of assistance which may be awarded to a student will depend on the financial need of the student and his standard of school performance. While financial aid will be made available to students in high schools, technical and vocational instruction, junior colleges, and the Banff School of Fine Arts, the greater part of the million dollar program will be allocated to assist under-graduate university students.

The following is a brief analysis of the program in terms of areas of assistance, types of awards, estimated number of students to benefit, and the amounts of money required for [illegible] year.

UNIVERSITY STUDENTS

(1) Scholarships, bursaries, grants and loans for matriculants and under graduates, an [illegible] ed 1,220 awards, costing [illegible] $473,000.00.

(2) Grants and loans for teachers in training, an estimated 1,600 awards, costing approximately $475,000.

(3) Fellowships and scholarships for advanced students in the faculty of graduate studies, an estimated 35 awards, costing approximately $40,000.00.

VOCATIONAL STUDENTS

(1) Loans prizes and bursaries for students pursuing approved programs in the Provincial Institute of Technology and Art and the Provincial Schools of Agriculture, an estimated 300 awards, costing approximately $70,000.00.

(2) Awards to nurses in training, an estimated 50 grants, costing approximately $5,000.00.

[illegible] AND SPECIAL STUDENTS

(1) Scholarships and bursaries for high school students, an estimated 1,600 awards, costing approximately $103,000.00.

(2) Scholarships for students attending the Banff School of Fine Arts - $3,500.00.

Encouraging The Best Brains

A plan proposed by a University of Toronto committee for encouraging best brains at college, gets the enthusiastic approval of The Financial Post. It says:

"It would assure that first-class students would get all the financial help they need throughout their university careers, as long as they maintained their high academic standing. Second class students would get limited help and third class students none. But both second and third-class students could qualify for all the benefits available by improving their university grades.

Is Life Insurance a good investment?

It depends on what you want from an investment. For example – if you can afford to take a risk in hopes of spectacular returns, Life Insurance is not in the picture. But if you must have an investment that will do these three things – create an immediate estate for your family in the event of your early death, provide a lifetime source of retirement income, plus liquid funds for emergencies – then Life Insurance ranks second to none. A permanent Life Insurance contract is the only investment that can guarantee this combination. Even in periods of economic stress, Life Insurance has a record of absolute dependability.

If you would like to learn more about investing in Life Insurance including its tax saving features, call the Man from Manufacturers. You'll find he has an interesting story to tell.

NEWS from ALLANDALE

Weather, Dec. 8th, has been our coldest — 27 below. We've had some rain causing slippery roads and more snow.

Congratulations and best wishes to Mr and Mrs. Alvin Thrandson on the birth of a daughter, Joanne Marie, on Dec. 2nd; to Mr. and Mrs. Jimmy Armstrong on the birth of a son, Darrel William, on Dec. 3rd; and to Mr. and Mrs. Morgan Darling of Elk Point, a son, Wesley Edward, on Dec 3. We are proud to be great-uncle Orley and great-aunt Ellen to two of these babies. Wesley Edward Darling would be our great-great-nephew.

Congratulations also to Mr. and Mrs. Ed. Lyons on the birth of a son.

Mrs. Ed. Lyons' mother, Mrs. Dorothy Johnson, has [illegible] with her daughter Joyce and Eddie [illegible] some time. She plans on being with daughter June and Allan, at the Russell home in Red Deer for Christmas.

Mrs. Joyce Porayko, Adele and Kenneth from Royal Park are staying with brother Jimmy Armstrong and family while mother is in the hospital.

Mrs. Stella Mayers left Vermilion on Dec. 5th for Irma, Mr Gunn calling for her, where she will be at the Gunn home. Mr. Gunn is principal of the school there. Mrs. Gunn is in poor health and she will be under the doctor's care away from home.

The dance at the Community Centre was well patronized on Dec. 5th, though it was a chilly evening. Funds were in aid of a Christmas tree for the children. It's a pleasure to hear the "Melody Ranchers." At lunch time Mr. and Mrs. Funnell favored the audience with a duet which was enjoyed very much.

Another dance at the Centre on Dec. 19th, with the same orchestra. Everybody welcome.

Mr. and Mrs. Ed Magistad from Ponoka and Miss Georgette Magistad from Lethbridge were in Vermilion the week end of the 6th to attend the Coulter wedding. Son Morley is also at Ponoka. He is working with his uncle, Melvin Magistad. They would be fortunate in getting housing accommodation, as Melvin has an apartment in that town.

On Dec. 8th the Houseworth family left the Jack Cross farm and Mr and Mrs. Bruce Baldwin and sons Harold and Jackie from Claysmore are at home at the Cross farm.

Our congratulations to Mr and Mrs. Harold Cooper of Ethelwyn on their 28th wedding anniversary, observed on Dec 12th.

News of friends who have left the surrounding districts. Howard Pratt of Ryley sends greetings to his friends. He now has a very capable housekeeper and has the three older children with him, Muriel in grade 5, Lyall in four and Daryl in one. Dale, 3 years old, is with his grandmother. The youngest is in Acadia Valley in a good home. They plan on having him home in January.

Greetings also from Mrs. Jim Kelly (nee Lila Sweet Oram) of Winnipeg, and Mother Sweet is keeping very well. She enjoyed a visit very much this last summer from her brother, 82 years old.

To all who know George and Pearl Ronaghan, of Creston, B.C., they send greetings. They enjoyed a holiday this summer in Yellowstone park, Montana, and visited relatives in Red Deer.

To the editor, staff, correspondents and subscribers — we hope you all have a holiday rich in fellowship and spiritual blessings.

Let us as we come to Christmas, be thankful for work to do, and strength to do it, for food upon our tables and health according to our years. As we give and receive as our hearts are warmed with that strange sense of generosity, which particularly comes to us at this time of year, let us remember the words from Luke 2:11 "For unto you is born in the city of David, a Saviour which is Christ the Lord." This is the very heart of the Xmas message, the gift of God to all of us.

Says Women Can Help Reduce Traffic Accident Toll

"Even when entertaining at Christmas and the New Year Canadian women can help reduce the tragic traffic accidents which are unfortunately so prevalent at this time of year," stated Mrs. Keith Rand, president of the Federated Women's Institutes of Canada in a pre-holiday message.

"Christmas is the time of year when we enjoy holiday fun with friends and relatives," she said, "but there is a serious aspect to the season, too. You see it when you read the death toll in the newspapers or hear it from radio stations. One of the best Christmas presents you can give your nearest and dearest is helping them to stay off the accident list."

She stressed that lack of alertness was especially dangerous at this time of year and urged Canadian hostesses to keep the safety of their guests in mind when planning Christmas entertainment during the Christmas and New Year holidays.

Here are the few simple rules which Mrs. Rand suggests to keep the holiday season full of joy, but free of accidents.

1. No matter what form your entertainment may take have plenty of tasty quickly prepared snacks on hand. They add to the fun and enjoyment of [illegible].

2. Have lots of non-alcoholic beverages on hand as many people prefer them. Fruit and vegetable juices served in sugar frosted glasses are exciting [illegible] coffee and hot chocolates are staples.

3. Never press "one for the road" on a guest, unless it's a cup of coffee. Alcohol and gasoline are a lethal mixture. Coffee will help every driver to stay alert and alive.

4. If a storm is forecast persuade your out-of-town guests to stay overnight. It is better to get home late than be stuck in a ditch.

5. If you have been a guest at a party why not stop on the way back for a cup of coffee or other [illegible] beverage. There'll be safer driving in store for you, particularly if you drive slowly and you won't feel nearly so tired when you reach home.

Bowtell Bulletin

Some twelve ladies attended the Leaders' Lodge meeting at the Sherwood home. All were pleased to have Mrs. Stocker, Mrs. Carey and Mrs Risdale as visitors. Mrs. Rena Sherwood kindly played the piano and the group sang Xmas carols to open the meeting. Mrs. D. Harrison won the lucky draw. A bingo game will be held at Mrs. G. Millar's on Dec. 29th at 8 p.m. Place of next meeting — Mrs. Jean Harrison's.

The writer and her husband enjoyed dinner at the Knutson home on Friday.

Some twenty-five attended the church service at Pleasant Valley on Sunday. This was Rev. Minchin's farewell service here. Best wishes are extended to the Minchin family in their new home.

Mr. and Mrs. B. Risdale, Mr. and Mrs. Robinson and family were recent visitors at the home of Mr. and Mrs. J. Repp.

The Knutson family were recent visitors to Swift Current and other points in Saskatchewan over the week end.

Fred Playne was a patient in the hospital for a few days but is now home and feeling much better.

Here it is nearly Christmas once again folks and we would like to extend to the editor and staff and all our readers a very Merry Christmas and a Bright and Happy New Year for 1959.

BUT CAN IT BE FOUND IN THE BIBLE?

People often indignantly demand that Catholics prove their teaching from the Bible.

The Bible is their "rule of faith"... and they argue that every man has the right and ability to discover for himself, by his interpretation of the Bible, what he must believe and do in order to be saved.

We do not question the sincerity of these people and we applaud all who strive earnestly to understand and observe the Scriptures. But — are they right in calling the Bible, privately interpreted, the sole source of Christian teaching?

"Hold the teachings that you have learned," wrote St. Paul, "whether by word or by letter of ours" (2 Thess. II:15). He refers to Christian teachings, some oral, some written ... and demands that all be received.

Christianity did not begin with the Bible. It began with the coming of Christ. The Lord instructed His Apostles to "go forth ... teach all nations" — and to insure that His truths would always be maintained, Christ established His Church, "... the pillar and mainstay of the truth" (1 Timothy III:15).

The last part of the Bible... written by St. John... was not completed until 60 years after the Crucifixion of Christ. There was no Bible in anything resembling its present form until nearly 400 years after Jesus had died on the Cross. And the widespread distribution of the Bible as we know it today was impossible until the invention of printing, some 1400 years after the Savior's death.

By what "rule of faith" did the millions of Christians live during those 1500 years?

The answer is, of course, that the teaching of the Church was the rule of faith for the Christian world. And St. Paul reminds us that Christianity consists of "one Lord, one Faith, one Baptism" (Eph. IV:5). "God is a God of peace, not of disorder," St. Paul said further (1 Cor. XIV:33).

Yet today we have nearly 300 different religious denominations, all calling themselves Christian... all professing the Bible as their rule of faith ... and all differing to some extent or another in their understanding of what the Bible means. Could Christ have left a "rule of faith" that would permit such confusion? Would He have left the interpretation of His Word to the fallible and changing judgments of men — when our very souls depend on a correct understanding and observance of the things Christ has taught us?

FREE — Because this question is all important... because it certainly does matter what a man believes... we invite you to examine the rule of faith of the first Christians — a rule that is still maintained by the Catholic Church. Because the Bible is God's Word, and because He gave it to us for a purpose, we invite you to see what this purpose is. We have an interesting pamphlet on the correct use of the Bible, and we offer it for the inspection of all who are sincerely interested in following the teaching of Christianity as Christ revealed it. Tough for Borrowing

The federal government's new $400 million borrowing won't bring much cheer to the country's municipalities, says Paul Deacon in The Financial Post.

The interest rate on the longer maturity of the two issues involved - 4.34% for a four-year bond — is a further reminder of the price that Ottawa must pay for money in today's markets.

Dealers report much greater demand for the one-year bonds than the fours, indicating that there is still some feeling among investors that still higher yields may be ahead.

For municipal governments this suggests that their chances to borrow at rates they can afford are likely to get worse before they get better.

OUR LETTER FROM EDMONTON

Major Change Proposed In Speed Limit

by KEN MASON

EDMONTON. — Unless members of the Legislature take strong exception, there will probably be some major changes in Alberta's highway speed limits next year.

The proposal is to boost the passenger car limit to 65 from the present 60 on the new four-lane and divided highways. The truck limit would be increased to 55 from the present 50, and at night both cars and trucks would be limited to 55.

At the same time, the 60 m.p.h. limit may be reduced on some gravel highways in the province where engineers think a slower speed would make for added safety.

Highways Minister Gordon Taylor outlined the proposed changes last week at a meeting attended by representatives of the government, R. C. M. P. and city police forces, and organizations interested in traffic and highway safety.

He told the meeting Alberta's present speed limits are "antiquated." Vehicles and highways have undergone big changes in design and engineering since the 60 m.p.h. limit was established, he said, and he argued there is little sense in having the same limit apply on a super highway and on a two lane road.

The majority of the delegates agreed with his view, but there was one notable exception. The Alberta Safety Council opposes the idea of raising speed limits. According to the council, motorists who drive at 65 or 70 now will push their cars along at 70 or 75 if the limit was raised. The council also argued that the range of [illegible] headlights makes night driving at anything over 50 dangerous.

In effect, the province would simply be giving legal recognition to what the majority of drivers are already doing. According to an R.C.M.P. traffic survey, the average speed of all cars on the new super highway is 65 — which means some are going slower than that and others considerably faster.

There is a theory among traffic engineers that the motoring public will set its own speed limit. Some feel there should be no posted limit, but [illegible] the law should require a reasonable rate of speed having regard for all circumstances. That theory, however, doesn't meet with the approval of police forces. It's a tough job to decide what is "reasonable" speed, but when the law posts a set limit a conviction is easy to obtain.

The matter of the public setting its own limit was discussed at the meeting, but it didn't get far. So it narrows down to a question of whether higher speeds should be permitted on the straight, wide super highways where the danger of head-on collisions is eliminated.

Incidentally, the meeting also discussed the possibility of increased penalties for speeding. The government will study a request from the police that the maximum fine for a first-offence speeding charge be raised to $100 from the present $50.

METHODS OF HON. GORDON TAYLOR COMMENDED

Gordon Taylor is winning himself a heap of goodwill through his practice of calling interested parties together and inviting the press to attend when proposed changes in legislation are being considered. Most cabinet ministers canvass public opinion to some extent before deciding on major changes, but none goes about it as thoroughly as Mr. Taylor, who believes a free-for-all exchange of views is the best way to draft legislation which will meet with public approval.

F. U. A. CONVENTION FROWN ON COMPULSORY MEMBERSHIP

Compulsory membership [illegible] didn't get far at the annual meeting of the Farmers' Union of Alberta here last week.

Perhaps it was only because delegates knew they had little or no hope of having it introduced anyway, but only 30 of the 300-odd delegates voted in favor of a resolution asking that no one be allowed to operate a farm without being a member of the union.

As we pointed out last week, the F. U. A. has in past years asked the government to support such a scheme but was turned down. Government attitude has not changed.

The convention also threw out a resolution asking that the municipalities collect a tax of half a cent per acre on all farmland to help support the F. U. A.

There was hot debate on the compulsory membership resolution, introduced by District 11 which represents farmers living in an area north of the Red Deer River. Those in favor argued that all farmers are benefitting from F. U. A. membership but some of them aren't paying for it.

Opposition came from all sides. One delegate said. "If we pass this, we won't have to go to Russia for Communism. We'll have it right here." Delegates applauded a suggestion that the F. U. A. attract more members by improving its services.

By AMBROSE HILLS

A CHRISTMAS EXPERIENCE

Something about the man made me stop, in the big department store, to watch him. He was middle-aged, heavy muscled, and his face was tanned and burned by the wind — a working tan, not the loafer kind you get at the beach. He was pulling out a worn leather purse, and there were laugh-wrinkles starting to show around his eyes as he said, "I'll take that one."

It was a toy wagon, a big one, and the price was high. He was serious and intent as he counted out the bills and gave them to the clerk. I knew that every single bill represented hard work in the bush, or field, or on some trapping line. There were no easy dollars there. Every cent represented the man's willingness and ability to do things, to produce the goods that we softies in the city take for granted.

I looked at the wagon. "It's a beauty," I said. "Built right."

He said, "The boy saw it in the paper. He'd rather get one good thing for Christmas than lots of junk." There was pride in the man's voice: both for his son and for the wagon — a thing built well by a manufacturer proud to put his name on it.

In that store, crowded with slickly-dressed customers and clerks, this man stood out as a real man. I don't know what his income would be, but I'd guarantee his output. It would be a great thing for the world if there were more like him, with the same kind of pride in quality, and the same scorn for junk. If all men produced as he did there would be no junk. Virtue and integrity and strength were stamped all over him.

I remembered my own childhood. My father was a blacksmith, and it used to be said that every nickle he earned was pounded out of hot iron. We didn't get many Christmas presents either, but there was no junk, because my father wouldn't [illegible] a machine for a [illegible] efficient [illegible] serviceable. When he gave Christmas gifts, they were the best. He never bought a cheap item in his life; everything in our home bore the trade-mark of a topflight manufacturer. He would have been enraged by some of the shoddy workmanship of today; but he would not have blamed the manufacturers as much as the people, the buyers, the thousands who have lost their respect for strength and integrity and productiveness.

I find myself wishing, from time to time, that we could bring forward into these present days more of the respect for quality and integrity felt by the men who made this country. The best Christmas gift Canada could have would be a host of such men who produce the best and insist on the best for their children, and for themselves. Better still would be a population that appreciated its strong men and respected them. Then there would be more items about which you could honestly say, "It's a beauty, built right."

Christmas Joy and Blessings

THE CHRISTMAS STORY

"And they came with haste, and found Mary, and Joseph, and the Babe lying in a manger." In the hush of a Holy Night, He was born, bringing to earth a joyous promise of Peace and Good Will to all mankind. And now, as the bells ring out the glad tidings, age-old yet ever new, another Christmas dawns. Hope is strengthened, courage fortified, faith renewed. Hearts and spirits are bright with the shining wonder of the Day.

* * *

To all our friends, our greetings and good wishes! May you hear the wonder of Christmas in each dearly cherished carol... see its magic in each gaily decked tree... feel its infinite joy deeply in your heart. And, as you hark to the words of the sacred story, may the blessings of His message surround you and those you hold dear, at Christmastide and through all the days to come.

IN MEMORIAM

Wildmere Women's Institute Notes

The annual meeting of Wildmere W.I. was held at the home of Mrs W T Garnett on Dec 3rd with nine members present and one visitor Mrs. Dibben.

After the usual opening the roll call was "Name a good use for baking soda".

The minutes of the last annual meeting and the November meeting were read by Mrs. J. Wallington as the secretary, Mrs. C Cruthers, was absent. The president, Mrs. W. T. Garnett, gave her report on the year's work, followed by the report of the secretary and treasurer.

During the year Wildmere W.I. held twelve meetings with an average attendance of nine. There are 13 members. Money was raised by bake sales, sale of cards, two bingo games and individual donations. Cash donations were made to the A.W.I. fund, F.W.I. and a group membership was renewed in the Canadian Association of Consumers. A book was added to Preston Central School library and a blanket donated for school use. Parcels of clothing were sent to the U. S. C. and the Salvation Army.

A delegate was sent to the A.W.I. district conference in March and to the constituency conference at the V.S.A. Most members attended the latter conference. Sick members whether at home or in hospital were remembered and silver spoons were given to three new babies of members.

Mrs. Percy Sloan visited the branch in January and gave the members a pep talk on W.I. work in general. Some outstanding topics were: The Geophysical Year; London, Heart of the British Empire; My Cataract Operation. W. W. I. again sponsored the annual Xmas tree concert and treats for the children of the district which was held Dec. 12th in the Basswood community hall. Each member this year on their birthday and wedding anniversary contributed a new garment of some kind, towards a Xmas hamper to be given to The Salvation Army.

The new program books were given to each member and were accepted with thanks to the directors who compiled them so well. Johnny Jump Up was won by Mrs. Ray Osterberg.

WEATHER IN TROPOSPHERE

Almost all our weather is contained in the lowest layer of the atmosphere, which extends only a few miles above the earth. The World Book Encyclopedia says this layer — called the troposphere — is about 10 or 11 miles deep at the equator, but only about four and a half miles deep at the poles.

Margaret Goodwin Becomes Bride of Robert Mullaly

First United Church was the setting for the double ring ceremony, at which Miss Margaret Goodwin became the bride of Mr Robert Mullaly. The bride is the daughter of Mrs. William T Goodwin of Vermilion and the groom the son of Mr. and Mrs. J. R. Mullaly of Lloydminster. Rev. Chauncey McKay performed the ceremony before the sanctuary which was decorated with baskets of white daisy mums and pink carnations.

Given in marriage by her older brother, Mr. Wm. Goodwin of Bow Island, the bride wore a waltz length gown of white nylon tulle and chantilly lace over satin. The bodice of the gown was of lace embroidered with iridescent sequins and pearls. Her veil of french illusion was held in place by a bandeau of seed pearls and tulle. A cascade of red roses and white pom pom mums formed her bouquet.

Miss Carol Goodwin was her sister's bridesmaid. She wore a gown of olive green taffeta shot with silver and white accessories. She carried a cascade of white pom pom chrysanthemums tied with pink satin ribbons.

Mr Ider Ingles of Lloydminster was the best man.

Mr. Jack Brown was the organist and during the signing of the register, "The Wedding Prayer", was sung beautifully by Mr. John Webb.

Ushers were Mr James Goodwin and Mr Dennis Carson, brother and brother-in-law of the bride.

After the wedding, a reception was held in the church hall which was decorated in pink and white with baskets of pink carnations and white mums and pink tapers gracing the head table.

Mr John David proposed the toast to the bride.

After the reception the bride changed to a suit of royal blue wool with black fur collar and wore a corsage of pink carnations.

Mr and Mrs Mullaly will make their home in Lloydminster.

Mr and Mrs J Horn and family were visiting friends and relatives in Edmonton and Blue Ridge, Alta, over the week end.

Mr. and Mrs. H. Dargatz of Vermilion were Sunday evening guests at the home of Mr and Mrs R. Stebbner.

The December meeting of the W. I. was held at the home of Mrs M Woyewitka on Wednesday the 10th. This was the annual meeting and most of the members were present. New officers elected for the coming year are as follows — Pres. Mrs R Bauer; vice pres. Mrs Wm Woyewitka; Sec. — Mrs I Willes; Treas. — Mrs H Williamson. Miss Donna Shantz was present at the meeting and she gave a very interesting talk and demonstration on basket weaving. The ladies enjoyed their efforts in basket weaving although many of them did not finish their baskets. A few of the Ramsey W. I. members were present at the meeting, namely Mrs. J. Henderson, Mrs. Alex Henderson and Mrs. P. Smith. [illegible] Used clothing was used to answer roll call which will be used to make up a parcel for the Bethany home.

The next meeting of the Claysmore W. I. will be held at the home of Mrs. O. Willes on Jan 4.

Edible Manger In Ukraine Rituals

In the Ukraine an elaborate Christmas Eve supper breaks a 39-day fast during which no meat has been eaten. Twelve courses are served, one for each of the twelve Apostles: buckwheat and mushroom soup, pancakes in flax, prunes, fish, bread, and nuts are included in the menu.

An additional course of honey and porridge is also served called Kutia; the dish represents the holy crib, the porridge represents the straw—as in the manger—and the Holy Infant is symbolized by honey and fruit, the honey is also considered symbolic of the spirit and blood of the Saviour.

Traditional New Year's Gifts Were Sacred

The Druids distributed branches of the sacred mistletoe, cut with peculiar ceremonies, as New Year's gifts to the people and the Romans observed the day with gifts and festivals.

The [illegible] custom of taking gifts to the emperor was introduced into England as early as the time of Henry III. Queen Elizabeth is supposed to have supplied herself with her jewels and wardrobe almost entirely from these gifts.

As late as 1692 the English nobility were accustomed every year to send to the king a purse containing gold.

Under the Tudors and the Stuarts it was the habit of all classes to give presents to friends with their best wishes for the New Year.

Ladies received presents of gloves or pins which were then expensive. Sometimes the gifts were wrapped in money and from this practice we have the term "pin money."

Christmas Elf Concerned With Well-Being of Castle

Jule-Nisse was not exactly a Danish version of Santa Claus. He was an elfin little old man who lived in the attic and was primarily concerned with the well-being of the [illegible]

[illegible] prevailed. [illegible] avoided homes where [illegible] played all sorts of [illegible] tricks upon the occupants thereof.

Danish youngsters, mindful of Nisse's long memory and watchful eye, put themselves upon their good behavior as Christmas approaches.

A Baby Makes All the Difference

By Rev. J. M. Schroeder.

BABIES have an uncanny way of changing history. Pharaoh's daughter is bathing in the Nile. The year is about 2000 B. C. She hears the cry of a new-born baby. This baby brought joy to a princess and eventual freedom to his enslaved people.

Remember the first baby that came into your home? Sacrifice and inconvenience were cheerfully taken in their stride. Here was the product of love. Your baby made all the difference to you and your household.

The Child of Bethlehem made a difference too.

Chronology was affected by the coming of Jesus. Geography was equally affected by the arrival of the Babe of Bethlehem. Palestine has been in the center of things ever since His birth. History, likewise, is a many-splendored example of the effect that Jesus had upon nations. Hymnology soon found the Psalms and canticles giving way to anthems, hymns and finally Gospel songs. More songs have been written about Jesus than any other person.

Art and its related sciences has produced its most famous works when Christ has been the centerpiece on the canvas and pedestal. Music has followed suit. Even the melody of the Christmas carols, apart from the words, brings a sense of well-being to the listener.

But we find also, that the baby Jesus made all the difference to the animate as well as the inanimate — to people as well as thing and places. His stately steppings among the lepers, the blind, the lame, the self-righteous, the orthodox, the rulers and the peasants, all left their indelible imprint upon the healed hearts and minds as well as the healed bodies of men.

The only reason anyone else is mentioned in the New Testament, is because of his or her direct or indirect contact with Christ and His Church.

Christ's greatest impact upon life is the spiritual. In Matthew 1:21 we find three imperatives implied in the three-fold use of the word "shall". "And she SHALL bring forth a son, and thou SHALT call His name Jesus because He SHALL save His people from their sins."

"She SHALL bring forth a son." Here is the imperative of Promise. The angel is addressing Joseph as the messenger from God. God always keeps His promises. That first promise made by God "the seed of the woman shall bruise the head of the serpent" is now fulfilled in the person of the Babe that made all the difference. Mary may have daughters, but she SHALL have a son — the Son!

"Thou SHALT call his name Jesus" - Here is the imperative of the Incarnation. Supposing Christ had come to earth full grown with no manger, no wise men, no shepherds, no Mary, no celestial manifestation? something would have been lacking. The Incarnation brought about a holy involvement that made the Babe of Bethlehem not only a personal part of Christmas, but an intimate part of humanity itself.

"He SHALL save His people from their sins." Here is the imperative of Redemption. Man's plight was such that something had to be done. The good and the bad needed a Saviour. Jesus came and made all the difference - the difference between eternal life and eternal death.

This is where we came into the Christmas story. This Baby of Bethlehem did make a difference to chronology, geography, history, music, art, hymnology. He did affect the lives of multitudes like Bartemeus, Zacheus, Nicodemus and Paul, but what about us? What if our sins are like leprosy, if we are mentally "up a tree" with Zacheus, if like Nicodemus, we are afraid of what people will say if we make a public confession of Christ; if like Paul we are swamped in orthodoxy and self-[illegible]

The answer is significant and glorious. ALL that Jesus did for those New Testament personalities, He can and will do for us IF WE LET HIM. In other words, spiritually speaking, if I had the misfortune to be involved simultaneously with the blindness of Bartemeus, the fear of Nicodemus, the self-righteousness of the unconverted Paul, the backwardness of Zacheus, plus all the troubles of all those who came to Jesus for His touch, the redemption power of His shed blood coupled to my faith, can prove a positive solution to all my problems!

Our Most Famous Christmas Trees

Most famous of the nation's Christmas trees are growing on the wooded rolling acres of the Roosevelt estate at Hyde Park, N. Y. Developed as a result of hobby which occupied much of the late Pres. Franklin D. Roosevelt's spare time, the groves of Yule trees now are scattered on odd patches and parcels of land throughout the estate.

The trees, about 250,000 in number, are principally of Norway spruce, white spruce and Douglas fir, with a few balsams also included.

Although the tree growing was a hobby with the late president, he insisted that the project pay its own way. Consequently about 3,000 to 5,000 trees are [illegible] every Christmas season.

A Christmas Message

The Keeping of Christmas

By Rev. C. W. MacKay, B.A., B.D.

EACH Christmas season I enjoy very much hearing Perry Como sing the song, "The Christmas Spirit." In that song the wish is expressed that we might keep the Christmas feeling (spirit) all year round. Each Christmas I think how fine it would be if we could keep that feeling that prevails during the Christmas season. During this festive season people are happy and there seems to be a real effort to forget self and think of others. It would be fine if we could maintain this spirit of unselfishness and good will throughout the entire year.

Let us this year, then, in our homes and community not observe Christmas, or spend Christmas, but let us keep Christmas.

What does keeping Christmas mean?

May I suggest at the outset that keeping Christmas means making Christ central in all the activities and celebrations that we have during this sacred season. Christmas is, indeed, the birthday of the Christ child, and we would not want to keep the honored guest outside while we celebrate His birth.

Down through the years there has been a tendency to crowd Christ out of Christmas. The Bible record informs us that there was no room for Christ at the time of His birth. It seems quite evident that they were turned away not because of any ill will against Mary, Joseph and the Babe, but because there was no room. In the present age, Jesus may be crowded out of our lives, not because of any ill will, but because we have filled the space with other guests. We may be so concerned about things that Christ, whose birthday we celebrate, may take a secondary place. Perhaps we should all pray this Christmas the prayer of a little lad who uttered these words on Christmas eve: "Forgive us our Christmas's as we forgive those who Christmas against us."

In the next place let me suggest that keeping Christmas means GIVING — giving ourselves in loving services for our fellowmen. The supreme gift that God gave to the world was the gift of His only begotten Son who came, "not to be ministered unto but to minister and to give His life a ransom for many."

We need to think up interesting and unique ways in which we may give in a personal way to others. Here is one interesting way. Last Christmas in front of a Texas gasoline station there hung a big sign which read, "A Merry Christmas and a Happy New Year to all my customers. The $150 that would be spent on your Christmas cards has gone to help the Rev. Bill Harrod to bring Christmas cheer to West Dallas." Often young people wonder how they might give in a personal way. If you know a mother who would like to go to church or other activities, why not give her a gift certificate for a dozen hours of baby sitting for the year to come?

It is giving in the personal way that counts for so much. Christmas should not be a time for merely exchanging gifts but for giving in this personal way, with something of ourselves in the gift. The poet Lowell in "The Vision of Sir Launfal" expresses this thought well in these words:

"Not what we give, but what we share,
For the gift without the giver is bare;
Who gives himself with his alms feeds three,
Himself, his hungry neighbor and me."

My wife and four sons (no less) join with me in wishing the people of Vermilion God's richest blessing during this festive season.

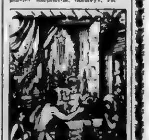
Miracle Play In Modern Texas Town

LOS PASTORES, the hybrid Spanish - Indian miracle play introduced to Mexico centuries ago by Spanish monks and presented in San Antonio during the Christmas season, is enacted primarily for its spirituality.

A group of amateur actors go from house to house by invitation and because it is traditional that no one prompted by idle curiosity should witness the performance, only the initiated can find the scene of presentation.

Usually someone's back yard becomes the stage; the doorsteps serve as background for the Nacimiento. Manger scene various objects are set on the stairs, pieces of crockery, tinsel, pincushions, patron saints—anything the household considers especially beautiful. In the center of the lowest step, the Christ Child (a life-sized doll placed on a platter with divers gaudy candy) is surrounded by plaster shepherds, donkeys, etc.



A tent opposite the Nacimiento gives evidence of representing hell; a bonfire has been built nearby and live devils emerge therefrom.

The play has no definite time for beginning, but finally, a girl starts to walk back and forth reciting. Overdressed shepherds drone a seemingly endless song. Ermitano, the comic relief, carrying a rosary of spools, also represents the soul of its earthly journey and is often accompanied by the white winged Archangel Gabriel.

It is a never-ending performance; seven devils, six in [illegible] with animal masks and the fork-tailed Lucifer in brilliant red, are finally vanquished, likewise, a wild Indian is overcome and kisses the Christ Child, the shepherds and [illegible] solemnly and as slowly as possible.

—§—

A great many people will admit that their memory is bad, but they insist that their judgment is the very best.

A Very Merry Christmas to All

'Tis the season for us to wish one and all a memorable and merry Christmas.

On a Silent Night

It was December 23, 1818 in a tiny mountain village in Austria. The night was cold and clear and a heavenly canopy of stars stretched over a peaceful earth as far as the eye could see.

Father Joseph Mohr, a young parish priest, had just administered the last rites to a dying woman. Walking thoughtfully homeward, he looked down at the twinkling lights of the village and the bright stars above. A soul was about to depart from this world, to sleep forever in heavenly peace. Tomorrow at midnight the village and the Christian world would reverently observe the greatest birth—the Nativity that took place that holy night so long ago.

How sad, the young priest thought, that the church organ was broken and the musical program for the holiday services had been cancelled. Franz Gruber the organist, had suggested they find a simple melody that could be sung to the accompaniment of a guitar. Give him the words, he'd said, and he would compose the music. Give him the words . . . and there would be music.

As he thought of birth and life and death and looked down upon the sleepy, starlit village below, Father Mohr found these words. They sing the praises of the Holy Infant born to the world, and we wonder if they do not also ask for the departed soul "rest in peace."

Thus came the famous "Silent Night, Holy Night." Franz Gruber true to his word, put Father Mohr's words to music that will endure till the end of time.

No Belts

Will the trouser belt join the horse and buggy, asks The Financial Post? Austrian inventor has come up with a method to hold up men's trousers without benefit of belt or suspenders. It's a new kind of adaptable elastic waistband, fitted with buckles, hooks and eyes. It adjusts to changing waistline size.

What a man gets out of this world depends on what he puts in.

Alberta Men Are Honored For Contribution To Control of Weed

The Industrial Section of the North Central Weed Control Conference offers an award annually to one regulatory officer and extension man for their outstanding contribution to the control of weeds.

The Honorable L. C. Halmrast has been informed by officers of the North Central Conference that the awards this year have been won by Alberta men. District Agriculturist R. C. Moffat of Grande Prairie and Field Supervisor, G. W. Philpott, County of Newell No. 4, Brooks, have each been awarded an all expense paid trip to the conference from December 3 to 5 at Cincinnati, Ohio.

The minister stated that he was extremely pleased to learn that the North Central Weed Control Conference had selected two men from Alberta to receive recognition this year and he hoped that the information obtained by these officials at the 1958 Conference would be useful to them in the performance of their duties.

Many people in Vermilion and district will recall that Jerry Moffat was Ass't District Agriculturist at Vermilion some years ago. It is of interest to note that our local D.A., E. H. Buckingham won this award in 1952. Jerry and Buck are the only two District Agriculturists in Canada who have ever won this award which goes to only one extension worker each year.

News from Dewberry

A happy Christmas and a prosperous New Year to the Editor and staff, our fellow scribes and to all our readers at home and away.

The sympathy of the community and the writer is extended to Mrs. Margaret Windlech on the passing of her brother Mr. Geo. Benjamin in the Vermilion hospital. Mr. Benjamin had been making his home with his sister for the past year.

Also to Mrs. Dan Proud on the loss of her uncle Mr. John McKean of Victoria, B. C. Mr. McKean, who was in his late eighties, had been in failing health for some time. Mrs. Proud travelled to Victoria to see him but he had passed away before she got there.

To the brothers, sister and all who are left to mourn the passing of Mrs. Mary Skoryen of Saskatoon we offer our sympathy. Mrs. Skoryen was formerly Mary LaBoucane and was known to many in Dewberry. She entrained on Friday morning on the first lap of her journey to Vancouver. While waiting for her plane in Edmonton she collapsed and died. Funeral services were held on Wednesday, December 17 with interment in the Dewberry cemetery. Another sister, (Florence), passed away about five weeks ago.

The bingo held on the third was well attended. The turkey winners were Ronnie Boothman, Stan Slouski, Nick Jachuk, Gilbert Mathieson, Charlie Hollington, Mrs. Ivan Boothman, Mrs. Sol Lemp, Alan Hyatt, Ralph London, Mrs. Ed Brett, Nick McGuire, Mrs. Win Braithwaite and the black-out was won by Joe Philbin. The jack pot is now worth $20 and 7 numbers will be called. The next bingo will be on January 21. Try to attend.

The birthday club held their Christmas party at the home of Mrs. E. Allen on December 9th. An exchange of Christmas gifts was made. Several contests were held with lots of fun and laughter. All but one member were present. A delightful lunch was served by the hostess and some of the members. The house was beautifully decorated for the occasion.

Visiting at the Kruger home recently were Mrs. Kruger's sister, Mrs. Schroeder and children, Peggy, Robert and Tom of Edmonton. Mrs. Kruger and Nancy accompanied them back to the city and stayed the rest of the week with them. Mr. Kruger and Franklin motored up at the week end.

A. B. Floyd Wood and his fiancee Miss Audrey Benson of Edmonton are visiting with Floyd's parents, Mr and Mrs. Stewart Wood. They attended the high school Bop and reported a good time. Floyd has been stationed at Victoria, B. C. After his thirty day leave expires, he will be stationed at the naval base in Halifax where he will study electronic engineering. Good luck Floyd, hope the picture turns out O.K.

The high school Christmas Bop was held in the school auditorium on the 19th. The Lloyd orchestra supplied the music which all enjoyed. The gym was nicely decorated for the occasion, and a large number attended.

The 'flu is making its rounds again. Mrs. Witzaney has been pinch hitting for Mr. Marshall, Mrs. Durnin and now Mrs Kelland who have been off sick. Mrs. Kruger is taking grade two while [illegible] is sick.

The stores have taken on a festive look, being nicely decorated with tinsel, Noma lights, etc. but we could do with more colored lights strung on the streets. On visiting a nearby village recently we thought their streets looked very nice with lights stretched from side to side and with decorated trees on view

SEASON'S GREETINGS

May you rediscover during this festive season all of the high-hearted love and good cheer of an old fashioned Yuletide, complete with friendships warmly renewed and old times happily remembered . . . abounding in all the good things of life.

No holiday season would be complete for us without a sincere expression of thanks to our loyal patrons for their confidence and good will. We hope that we may continue to serve you all in 1959.

Christmas CUSTOMS

Many Christmas legends and customs are part of the folklore of our ancestors in all parts of the world. Many of them, too, are a mixture of early Christian and pagan observances which time and Christianity have given new meaning.

Santa Claus, our American giver of gifts, is little known elsewhere in the world. In Eastern and Southern Europe, it is the Wise Men who arrive bringing gifts. In Hungary the gifts come from the Angels, in Poland from the stars, in Greece St. Basil is the gift-bearing patron saint.

Popular tradition has it that the candle we place in our windows at Christmas is a custom originated by early Christians to whom the candle represented the star that guided the Wise Men to the stable at Bethlehem. One interesting legend tells of a shoemaker who, though poor, always placed a candle in his window at night to guide weary travelers and so inspired the villagers that soon each window contained a lighted candle.

The holly bush, long associated with Christmas, and with many legends, was once called the holy bush because in its natural state the berries ripen at Christmas time.

The Wassail bowl, which today is Christmas punch, is said to have come to us from the ancient Saxons. Wassail was a word of greeting which meant literally "What Hails!", or "How fare you?"

At Christmas time, traditions of the Old World live again. Pinatias, loves and festive straw chains from South Europe; wheat sheaves, paper and carved wood from Scandinavian countries, angels, stars, Czechoslovakian bells and gold German stars are all bits of Old World charm that we re-create in our homes.

WOODVALE NOTES

The Red Cross Auxiliary held its annual meeting at the home of Mrs. Edna Lyssons and while stitching away on a very pretty Christmas-sy-looking patch quilt made by Mrs. Belle McGrath, the members listened to the various reports which divulged the following information: number of meetings held, 11, number of quilts made, 8 large and two baby quilts, average attendance at meetings, 9, collections at the meetings amounted to $29.73, 4 quilts were sent to the Unitarian Service committee, also 3 baby quilts, 3 layettes, 4 sweaters, 4 boxes of used clothing. Salvation Army received 2 quilts and a family in Rife 2 quilts. The financial statement showed receipts of $127.63 with the balance of 1957 the total was $196.95, expenses were $161.81, leaving cash on hand $35.14. Besides buying materials for $67.39 money was spent on sick gifts, memorial donations $15.59, charitable organizations, $54.07, postage, freight, picnic $24.76. There is a considerable amount of material on hand to keep the members busy quilting for at least another six months. So the auxiliary can look back with considerable satisfaction on its accomplishments for 1958.

Officers elected for 1959 are: President — Mrs. Dorothy Seitz; Vice-Pres. — Mrs. Van Wagenlingen; Secretary — Mrs. Amy Portsmith; Treasurer — Mrs. Edna Lyssons; Work Conv. — Mrs. Flo McQuid, Gift Conv. — Mrs. Gladys Wolters. There were ten members present at this meeting and two guests Mrs. Thelma Sweeney and Mrs. Della Lyssons. Working while listening and talking always seems to make everyone hungry and ready to enjoy the lunch afterwards. The next meeting will be held on Jan. 7th at the home of Mrs. Flo McQuid. Last year at this time we were still wishing for a rest room in Vermilion and Mrs. G. Wolters made a motion of thanks to the town for the one provided since then which proves very satisfactory.

The annual meeting of the Borradaile Electrical Co-op held at Union hall was not too well attended but members who were present listened to the report of Mr. Reg Mitchell with interest. Robert Galloway was appointed to attend the Northern Alberta Electrical Co-op Organization convention in June.

When Mr. Carl Heckbert gave a talk and showed slides of his European tour at the Woodvale school the hall was packed and all enjoyed his trip through several countries. The children apparently found much he told them fitted in with their social studies. The silver collection brought in the very nice sum of $40 which will be used for outdoor equipment for the school.

The various hunting parties got home bringing with them some moose. If you are wondering what those delicious smells of frying steaks are that are wafting through the countryside.

Kaare Seitz accompanied by Bill McGrath has gone to Moose Lake for lumber. His quartet of curlers brought back with them a fourth prize from the Farmers' bonspiel held in Vermilion, [illegible].

While on his recent trip to England George Marshall dropped in at Canada House in London and browsing through the Canadian papers, he could not find his letter from home, the Vermilion Standard. We think that the editor should send one as there must be several visitors to England who would enjoy reading it. George is at present staying with his brother Charles at Gananoque, Ont., and thinks he might be returning home soon.

Frank Watson was the Tolland F.U.A. delegate to the Edmonton convention and is preparing now to give his report.

With Christmas coming so near we would like to wish the editor and staff and all our readers of these Woodvale notes a very Happy Christmas and all the best for the New Year!

Joy at CHRISTMAS

To our many good friends and neighbors, we send a special greeting at this wonderful season of the year. Heartily, we wish for all a holiday time glowing with happiness . . . packed with fun and festivity. And to all we say a most sincere "Thank You" for your patronage throughout the year.

Golden Age Members Celebrate Birthdays At Christmas Party

At the recent Christmas party held by the Golden Age Friendship Club not only was Christmas celebrated but a huge cake was cut by all those who had a birthday in December. Shown above are those who were one year older during the month. It is quite noticeable too that the group shown above are not only old timers but they are all pioneer settlers of this part of Alberta. Shown standing from left to right are Ethridge Webber who recently moved into Vermilion after a half century spent farming in the Tolland district. Charlie Thompson who has a longer record of public service on rural municipal councils, hospital and school division boards than any other person known to the Standard. He is now a councillor for the town of Vermilion; Mrs. Sadie Carroll who is cutting the cake, has lived in Vermilion since the very early days of the town. John Shaw, moved into Vermilion after many years as farmer and grain buyer at Islay. He and Mrs. Shaw celebrated their Golden Wedding anniversary during the past year; Wes Waldenberger, president of the club has seen Vermilion grow up from a tiny village; Danny MacMillan for many years farmed near Mannville and then came to Vermilion to retire and has been a popular resident here ever since; seated are Mrs. Annie Cameron on the left, practically a life time citizen; and Mrs. E. T. Rooks, prominent worker in many of the ladies organizations and who has also lived in the Vermilion-Marwayne area for years.

Former Vermilion Old Timers Celebrate 59th Wedding Anniversary

Mr. and Mrs. P. H. McNamara were pleasantly surprised at a family gathering at the home of their daughter and son-in-law, Mr. and Mrs. Bert Taylor on Nov. 30th last, the occasion being their 59th wedding anniversary. Twenty relatives gathered and presented them with an electric fry pan. Little Patty Donnelly and Shirley McNamara gracefully presented their great grandmother with a bouquet of flowers. A wedding cake decorated with pink and white roses centered the lace-covered table, complemented with pink candles and vases of pink and white carnations.

This fine couple came to Vermilion in 1907 from the United States spending all their lives in Vermilion and Landonville districts. They have two children living, Mrs. Bert Taylor of Edmonton and Mr. Charles McNamara of Ardrossan, Alberta, seven grandchildren and five great grandchildren.

Those present were the honored guests, Mr. and Mrs. Bert Taylor, Mr. and Mrs. Charles McNamara, Mr. and Mrs. Pat McNamara, Shirley and Billy, Mr. and Mrs. Andy McNamara, Mrs. Norma Donnelly, Gary, Cameron and Patty, Miss Pat McNamara, of the University of Alberta, Lorne Taylor and Miss Betty Sharpe, Mr. Alex Robertson, Mr. and Mrs. Earl Anderson, of Jasper. One grandson, Gary Olsen, of Calgary, was unable to be present, also one granddaughter, Mrs. Gerald Inman.

Mr. and Mrs. McNamara moved to Edmonton ten years ago.

Hockey Attractions Scheduled For the Yuletide Season

Two big hockey attractions have been arranged for the Christmas season. On Saturday evening Dec. 27th fans will be given a chance to see the fast-travelling Bob Cats in action. They take on Myrnam, runners-up to the Juvenile league championship last season. Both these teams have won their only game played to date, Myrnam defeated Dewberry 7-5, Vermilion also winning from the same team 4-2.

Turn out this Saturday evening at 8:15 and see these Bob Cats go!

ST. PAUL HERE MONDAY

St. Paul Hornets, the hottest team in the circuit are due to take the ice against the Tigers in a regular E.A.H.L. fixture here on Monday night, Dec. 29th, starting at 8:30 sharp. The Tigers have broken into the win column early this season turning in a 7-4 victory over Neilburg last Saturday and are set to continue their winning ways. Be on hand for this hockey fixture too, both our teams can well stand some support. The boys are all out there doing their darndest — show your appreciation at the box office.

Derwent F. U. A. Organized for Year

DERWENT. — The annual meeting of the Derwent F.U.A. was held recently with election of officers for the next year.

Paul Bielech was elected president with Felix Woloshyn the vice-president and Ted Jaremco secretary-treasurer. The slate of local directors is as follows: Peter Mudryk, Paul Jaremco, Harry Wynnyk, Mike Zaniak, Paul Chanasyk, Peter Noster, Harry Jablonski, Wm. Wysocki.

The district south of Derwent has been canvassed for membership and a 100 per cent sign-up is reported while the district to the north is not as yet completed.

John Karpchuk and Ted Jaremco, delegates to the annual convention in Edmonton, gave their reports.

John Karpchuk has been appointed the F.U.A. car insurance agent here.

Legion Holds Monthly Meeting

President Thos. Thompson was chairman of last week's Legion meeting. There were only 23 members present and 177 absent. The president hopes that it will be better next time.

The members stood for two minutes silence for Arthur Rowntree of Clandonald, a member of this branch and for Mr. Justice Ernest Wilson of Montgomery Branch, Edmonton. Judge Wilson was war time colonel of the Loyal Edmonton Regiment and a brigade commander.

Bob Carmichael was thanked by the chairman for the fine variety concert which he put on for the Legion polio fund. Mr. Carmichael said he would be glad to arrange for another similar concert for sometime in the spring.

Vic Tillet is lining up a curling team to represent this branch at the Zone play-offs at Innisfree on December 28th.

Mannville Pioneer Passes Away

MANNVILLE. — One of Mannville's best known residents, Norman Harry Arnold, 78, died Wednesday night after a long illness.

He managed the creamery in Mannville for many years starting in 1926 with Burns and Co. and remaining when the plant was taken over by the NADP. He was prominent in the work of the Anglican church, being vicar's warden and a member of the choir for many years.

Mr. Arnold came to Canada in 1909 from Tamworth, Eng., and settled first in the Chailey district and then to the south in the Brae district, where he resided until moving into Mannville in 1926.

Surviving are his widow; two daughters, Mrs. Joan Lugg and Mrs. Margaret Hubbard, both of Mannville; two sisters, one brother, two granddaughters and one great-granddaughter.

Funeral services were held on Saturday at 2 p.m. from Christ church, with Rev. H. Shell officiating. Moyers of Vermilion in charge of arrangements.

DERWENT THEATRE

Showing at the Derwent theatre Saturday and Monday December 27 and 29 "The Delicate Delinquent" Jerry Lewis in his finest hour . . . he's alone yet it's his funniest ever. A great picture to close the year out with this laugh riot.

Explorer Group Complete Three Months of Activity

As a happy ending to three months of activity the Explorer group held a little party to which the mothers were invited on Dec. 16th in the United Church hall. The girls conducted their meeting as usual starting with the Explorer Purpose and Hymn and ending with the prayer and closing hymn. They then played two of their favorite musical games. The leaders, Mrs. Heckbert and Mrs. Cooper presented the membership cards and Explorer pins to each of the fifteen members. The girls then conducted a little candle-lighting service.

The leaders wish to thank the W.M.S. ladies Mrs. Clarke, Mrs. West, Mrs. Muir, Mrs. Pilgate for serving the cookies and tea.

The Explorers organized the latter part of September under the able leadership of Chief Counsellor Mrs. Rosemary Heckbert and Mrs. Rita Cooper.

The officers elected were:
Chief Explorer — Lois Cooper
Vice-Pres. — Jack Heckbert
The Keeper of the Log — Ellen Waldenberger
The Keeper of the Treasure — Anne Dumas

The first Exploration was a Thanksgiving one in which the girls made place cards for the Thanksgiving trays at the hospital. They also decorated the church for the Thanksgiving service.

The second Exploration was "Being an Explorer", thirdly there was a "Christmas Exploration" during which the girls made gifts for their mothers.

NEXT WEEK

Stories of the Carol concert presented by the Vermilion mixed chorus under the direction of Jack Brown, the school Xmas concert and several other interesting items have been held until next week.

Rio Cafe Host To Board of Trade

Thirty members of the Board of Trade were guests of the management of the Rio cafe at a complimentary Christmas dinner on Wednesday noon last. Thanks of the Board were ably extended to Mr. John Wong and Mr. Wong Man Hoy by President E. A. Locke.

As a gesture of appreciation for the good services rendered by the waitresses during the past year, a collection was taken and the purse of $30 presented to Mrs. Vi Toner for distribution to the girls. An honorarium of $25 was also presented to Manager Wong.

Main business was the decision to ask the federal government for the construction of a proper R.C.M.P. barracks at Vermilion.

The Board now recesses for two weeks and the next meeting will be held Wednesday, Jan. 7th at 12:10 noon at the Rio.

Christmas is a thousand things. It's a winter's night and an angel song a giant star and a tiny stable . . . a manger, and straw, and swaddling clothes.

Christmas is a chime . . . a boy soprano and Silent Night carolers and The First Noel . . . the tinkle of a bell on a sleigh, of a coin in a cup.

Christmas is Dickens and Scrooge and Tiny Tim. It's holly on the door, a candle in the window . . . the scent of pine, and the sparkle of tinsel.

Christmas is red and green, and blue and silver. Christmas is white.

Christmas is cards, and ribbon, and tissue paper. It's a trip home, an open latch, and a hand clasp. It's giblets, and biscuits, cranberries and mincemeat pie.

Christmas is cold and warmth, forgiveness and a smile.

Christmas is a prayer . . . a renewed plea for an ancient hope, For Peace on Earth, Good Will Toward Men.

Yes, Christmas is a thousand things. Again this year it will be celebrated and observed in many different ways by different races of different colour in different climes and in different tongues. The significance of the Nativity story after more than nineteen hundred years is just as vital and just as relative today as it was on that first Christmas morn. In the final essence, it is the expression of the most fervent hope that dwells in the hearts of men today that the nations of the world will somehow some day achieve a real and lasting degree of Peace on Earth, and that individuals the world over will acquire the courage to extend a fuller measure of Good Will toward their fellow man.

The Pee Wees have re-organized and started practising. They are under the coaching of John Spence.

The Badmington Club got started playing last Tuesday evening, reporting an enjoyable time.

Mr. and Mrs. Al Lowrie have moved to Lloyd as Al is working there.

In basketball, the girls and boys were defeated by Dewberry on Friday night, although much improvement was noticed over the last game.

The Elks held a social evening and dance on Wednesday, Dec. 17 to honor the Royal Purple.

Widmere Winks

A good crowd attended the Thorncliffe Xmas concert on Friday evening where a nice program was enjoyed. Could you take all the jokes thrown at you Keith? A short dance followed.

The writer and husband had a short visit on Saturday with Mr. and Mrs. George Symes. All pleased to see Mrs. Symes and to see her as well as she is. Keep up the good work and maybe next summer you will be able to get out to picnics again.

We wish the Editor and Staff, all our readers and other correspondents, a very merry Christmas.

FRIEDA ALICE FRY

—who passed away Dec. 26, 1957.

The dearest grandmother, the blessed friend,
One of the best whom God could lend;
Loving, thoughtful, gentle and true,
Always willing a kind act to do.

—Ever remembered by her granddaughter Alice and family.

IN MEMORIAM

In loving memory of our dear mother and grandmother

FRIEDA ALICE FRY

—who passed away Dec. 26, 1957.

"No one knew the pain she bore
Beneath the smile she always wore
From hospital bed to heavenly rest
God took her home to be His guest.
We lived in hope and prayed in vain
That she would soon get well again.
But God decided we must part
He eased her pain but broke our heart.
And while she sleeps in peaceful sleep,
Her memory we shall always keep."

Ever remembered by all sons and daughters and grandchildren.

Dr. and Mrs. Jim Rattray and two sons Maxwell and Brian and and Mr. Allen Maxwell all of Edmonton, were in town to attend the wedding of Miss Marilyn Maxwell on Saturday. They remained over Sunday and renewed many former acquaintances.

Mr. Tom Chrisp left for Toronto this week where he will visit with his daughter and son-in-law, and family.

—S—

Winner of the turkey at the Thorncliffe concert was Miss Marjorie Sweeney.

George and Connie Capatos of Penticton, B. C. extend best wishes for a merry Christmas and Happy New Year to all of their friends in Vermilion and district.

Mr. and Mrs. Harry Brown will leave Wednesday for Calgary for Christmas at the home of their daughter and son-in-law, Mr. and Mrs. Allan Rasmussen and grandson Gordon.

Visiting at the home of Mr. and Mrs. Harold Wilson for Christmas is daughter Gladys and friend Charles Stanley of Atlanta, Ga., who are attending Bob Jones university. They also sing in the B.J.U. Hymn History choir that is being released over CFCW Sundays at 5.15 p.m. Also at the same home is son Rev. Ray Wilson and wife Doris who are active in missionary effort in the Yukon.

OLD-FASHIONED
Christmas Wishes

We're old-fashioned enough to get sentimental about Christmas . . . to conjure up visions of happy reunions, stockings hung by the hearth, tinsel hung on the tree. In this hearty spirit, we wish you the season's best!

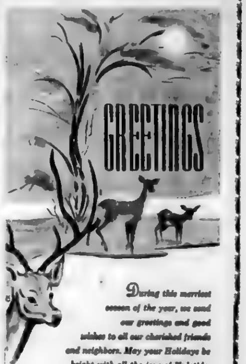
Pool Patronage Dividends

The Alberta Wheat Pool will distribute patronage dividends to the value of $2,143,904 on grain delivered to Pool elevators during the 1957-58 season. This decision was reached last week at the annual meeting of Wheat Pool delegates in Calgary. On a per bushel basis the dividend will amount to almost 5 cents a bushel for wheat and flax, and 2½ cents a bushel for oats, barley and rye. On a per bushel basis this distribution, to be made next spring, will be the second largest in the history of the organization.

The dividend will be paid out partly in cash and partly in the form of Wheat Pool reserves. The cash portion will amount to 1½ cents a bushel for wheat and flax and half that amount for the other grains, or a total of $538,168.

Wheat Pool delegates also authorized the purchase of $372,370 worth of reserves from Wheat Pool members. Thus, the total cash distribution out of 1957-58 earnings will total $910,538.



During this merriest season of the year, we send our greetings and good wishes to all our cherished friends and neighbors. May your Holidays be bright with all the joys of Yuletide. May they find you in good health and leave you lighter in heart, happier in spirits —looking forward with confidence to the year ahead and all that it holds for you and yours.

'The Bible Today'

"A Merry Christmas to you" will be repeated thousands of times this week. Of old time the Christians greeted each other with the hope 'the mirth of Christ' might be the daily portion of all who walked in the way of Christ.

What if there were no more Christmas? What if you had never heard of Christmas? Well, there are people in our world who speak about 1200 different languages and dialects who have never heard the Christmas story.

The Bible Society is earnestly trying to overcome the problem by translating, printing and distributing the Scriptures in ever-increasing numbers of languages.

A Merry Christmas to you! Thank God! Carry on!

Suggested readings for next week:

Sunday, Dec. 28 — John 4:1-26.
Monday, Dec. 29 — John 4:27-42.
Tuesday, Dec. 30 — Heb. 11:1-16.
Wednesday, Dec. 31 — Heb. 11:17-40.
Thursday, Jan. 1 — John 14:1-14.
Friday, Jan. 2 — John 14:15-31.
Saturday, Jan. 3 — John 15:1-17.

How about your SUB?

And it is our Christmas wish for you that every holiday joy will come your way, to be followed by a glorious New Year.

WHAT TO DO ABOUT BABY TALK

Baby talk is a childish habit familiar to many parents. A typical example is "ah av a witta tat" instead of "I have a little cat." Most children between the ages of two and four have difficulty in pronouncing words and when speech is developing you can expect your child to have trouble mastering sounds perfectly. But when the habit continues after the fourth year and no steps are taken to correct it, then it may persist until it becomes a serious handicap to the child.

Physical causes for baby talk are uncommon and tongue tie is rarely responsible. When there is a true tongue-tie, a minor operation is required. A more frequent cause is that the child is hard of hearing or has what is known as a high frequency deafness which means he doesn't hear such sounds as "s, f or th" and leaves them out altogether in his speech. If you suspect deafness of any kind, you should of course consult your doctor.

However four out of five children with defective speech have no organic causes and most of them have no mental defect either. The majority are quite intelligent children who a very weak sense of sound discrimination. For instance 't' and 'k' sound alike to them. So do 'f' and 'th'. They call cow 'tow' and a thumb becomes 'fum.' Such children can and should be taught to tell one sound from another.

BEGIN CORRECTION EARLY

The best time for this correction is between the ages of four and seven. A delay can mean that your child will develop personality troubles because of his defective speech.

If the condition is not too extreme you can do a great deal to help your child overcome his difficulty. In the first place, he should have a good pattern of speech to follow. In other words you set the example. To talk baby talk back to your child is just making the situation worse. And its not advisable to make him repeat a word over and over again in an attempt to make him pronounce it right. Chances are he'll go on giving the wrong pronunciation over and over again. You become exasperated, he becomes frustrated. It's irritating to him when you try too much speech correction while he's trying to tell you something. And yet, by showing you understand his talk easily he won't want to make any special effort to improve it. It will take patience and good judgment on your part when you show him you understand what he's saying, and when not to.

DAILY DOES IT

What's the way out of this problem? A systematic approach will work wonders. Set aside a short period every day when you can be alone with your child. Make a list of his glaring mistakes and study these sounds yourself.

If you look into a mirror and watch how you pronounce sounds, not words, you will learn a great deal. If your child is having trouble with the letter 's' teach him how to say see, saw so before you try store, speak, swing, smoke etc., which are much harder to pronounce.

It will try your patience but you'll find the result well worth it. Remember, single letters should be taught first. Don't try words at the beginning but let him repeat simple syllables and play around with them until he is completely at ease with the sound. After this and only then, will he be ready to use those sounds in familiar words.

A SAMPLE LESSON

Here's a sample lesson on the letter 'L.' First study the position in a mirror. You'll see the tip of the tongue is lifted to the roof of the mouth and the sound pours over the sides of the tongue. Sometimes the child's tongue has to be lifted to the roof of his mouth (a teaspoon handle will do) and held there while he says 'L.' Always have him do it in front of a mirror so that he not only sees what you are doing and imitates you, but also what he is doing himself.

Start out with syllable exercises la, le, li, lo, lu and al, el, il, ol and ul. The latter group enables the child to use the sound in the final position as well as at the beginning of a word. When he can make the sound clearly in these drills introduce simple words like low, light, look, lady, bell, fall, ill, etc. and when he's using 'L' easily try blends of [illegible] sound such as clap, play, [illegible] fly, little, puddle etc. The [illegible] step is then to use the new sound in simple sentence and rhymes.

You'll find that your child has his most difficult time with the first production of the sounds he's been mispronouncing. Once he produces the sound, you can proceed with each sound in a similiar manner as outlines for the letter 'L'.

Some suggestions follow for establishing a few of the sounds which are most frequently mispronounced by young children.

TO CORRECT THE LISP

"S" is often lisped. This happens when the tongue protrudes through the teeth or the tip of the tongue is pressed against the upper teeth, so to make a pure 's' a [illegible] column of air must be hissed through the teeth with the tongue tip being [illegible] behind the [illegible] teeth. The easiest way to obtain a correct 's' is to place a [illegible] straw in the centre of the lower lip while the sounds sa, se, si, so and su are repeated. If the 's' is being made correctly, the sound will be magnified in the straw.

"Sh" is made [illegible] like 's' except the lips are well rounded and the tongue tip slightly withdrawn from the front of the mouth. The drinking [illegible] is of no use and a mirror [illegible] best aid.

'Ch' is a combination of 't' and 'sh' pronounced together. [illegible] why a young child [illegible] often call a chair a 'tair' [illegible] 'shair.' He is using only one part of the sound instead of the two. Have him say 't' and then 'sh' and suddenly introduce "choo choo" and he usually [illegible] the idea.

'K' or hard 'c' and hard 'g' (as in cat and good) are made by the back of the tongue being raised to the roof of the mouth and released suddenly. If the child is substituting 't' for 'k' and 'd' for 'g' in his speech, you can help him on the right rack by holding the tip of the tongue down with a spoon handle. Then when he tries to say 't' it becomes 'k' and when he tries to say 'd' it becomes hard 'g' because he has to raise the back of his tongue in place of the tip of his tongue.

'Th' position can be taught by using a mirror. It doesn't matter if he exaggerates the sticking out of his tongue on this sound as long as he flattens the tongue between his teeth.

LISTENING ISN'T ENOUGH

He'll likely get the vowel sounds by direct imitation but make sure he sees the position of his mouth as the vowel is made, as well as hears it, since hearing alone is not sufficient to bring about the correct pronunciation.

The important thing to remember as you guide your child into normal speaking is that just listening isn't enough. What he needs, and what he'll benefit by, is the fuller experience of speech through the three senses of hearing, seeing and feeling.

WHEN IT'S DELIBERATE

Sometimes a child will cling to baby talk long after he's learned to speak correctly. He may feel that grownups like him that way since it's "cute" or he may return to baby talk because of jealousy of a younger brother or sister and he feels that he'll get more attention that way.

Showing the child that you love him without tricks on his part will solve this problem. For the child who continues baby talk out of business, correct him in a friendly matter-of-fact way, encouraging him to feel he can speak well and reminding him how much easier it will be for other children to understand him if he pronounces words the right way.

HAPPY HOLIDAY

By MARY NELSON

"HAPPY new year!"

The cry echoed and re-echoed down the street as Penny made her way toward the bus stop. Everywhere about her people were lighthearted and gay and busily wishing their friends good fortune for the coming year. She buttoned her coat at the neck and turned up the collar. It was a bitterly cold day and she told herself she would be happy to reach home and stay in for the night. Let those with pioneer blood go out and stand in the raw wind down at Dayton Circle just to blow a silly horn at midnight ostensibly to usher in the new year.

Penny had always been known at home as a sensible girl with good common sense. She was proud of that reputation and now that she lived in the city alone she was more determined than ever to live up to it. She didn't want to become a sophisticated, worldly wise city girl. Thus, she summed up mentally, it was just as well she didn't go out.

"Going out tonight, Penny?"

The words interrupted her thoughts and she turned to greet Ruby, a fellow worker who was always going out with someone she called "Beanie." You could always tell the status of Ruby's romance by her mood: if she was exuberant to the point of being giddy, she was going to see Beanie that night; if she was quiet and petulant, she hadn't heard from him, and if she was downright rude with a sarcastic twist to every remark she made, then they had quarreled.

Penny smiled. "No, I'm not, Ruby," she replied. Odd that she should feel such emptiness within her as she said the words. She noted Ruby's quick glance of sympathy and it irritated her. "I don't know anyone here," she defended herself. Then added curtly, "And anyway, I wouldn't dream of going out in such ghastly weather."

"But her feet missed and came down on a sheet of ice."

Ruby shrugged. "Oh, well, if you feel that way about it . . . happy new year, Penny." She hurried away before the wretched girl could make any response. "Now why did I act so nasty?" she asked under her breath. Ruby hadn't meant any [illegible] and simply so wrapped up in her own little world that she felt sorry for anyone who had no Beanie to which to cling. She was essentially a generous person and now Penny had deliberately hurt her.

AS SHE stood in the middle of the sidewalk, angry and discouraged, she saw her bus speeding recklessly down the street and without another thought to anything else she hurried toward the corner. "Wait, oh, wait!" she called, running breathlessly. No one else was waiting, however, and he careened sharply off the curb, hurrying on his way. "Oh, dear!" She burst into tears at this new disappointment and reached blindly for the curb. [illegible] on a sheet of ice sending her into an astonished heap in the street.

[illegible] She heard footsteps hurrying past her and managed to sit up dazedly. A man knelt down beside her but his face was a blur of features. "Take it easy," he admonished, placing an arm across her back. She tried to focus her eyes upon him and hadn't quite succeeded when he cried, "Penny! Why, Penny Lindsay! What in the world are you doing out here?"

And then everything cleared and she saw the handsome, blond features of a former school friend. "Oh, Alan!" Tears tumbled over each other in hasty exit. He helped her to her feet. "Gee, it's good to see someone from the old home town. I've been so doggone lonely," he told her, manipulating the handkerchief skillfully around her nose and eyes.

"I'm lonely, too," she gasped. "I've only been here a month."

"Say! What are you doing tonight? Anything?"

"N-nothing." Her heart skipped a beat in anticipation.

"Then why don't we go somewhere and talk over old times? Gee, I'm dying to hear some gossip about the Turners and the Mitchells and all the rest. Will you, Penny?"

And Penny smiled happily this time. "Yes, Alan. Even this ghastly weather couldn't stop me from talking over old times with you."

LEGISLATURE TO OPEN

The fifth session of the thirteenth Alberta Legislature will convene on Thursday, Feb. 5th with the opening scheduled for three o'clock.

The impressive opening ceremony will be highlighted by the Speech from the Throne, delivered by the Hon. Dr. J. J. Bowlen, Lieutenant Governor of the Province. The speech outlines the legislative program to be presented by the government. The annual sessions of the legislature usually last about 8 weeks but a heavy program of legislation is expected to be placed before the members this year and this may extend this session for a longer period.

Tigers Defeat Neilburg 7-4 In Scrappy Game Saturday Night

In a thrill-packed league hockey game on Saturday night the Vermilion Tigers took the measure of Neilburg 7 goals to 4. The Tigers scored 2 goals in the first two minutes and 17 seconds, and never looked back from that point on.

The game was replete with high tension for some reason, finally erupting in a fight between Bob Waldenberger of the Tigers and Prediger. This started in a corner on the ice but was continued after the boys were waved to the cooler. No sooner had they reached the penalty box than warfare broke out between them again. In the resulting melee a spectator, John Klutz was severely cut by a Neilburg player's stick and referee Howard McConnell was accidentally hit on the nose when intervening. It was all highly exciting and resulted in the combatants getting ten minutes for fighting and a game misconduct. All this happened with only two minutes to go.

Next game is here Monday, Dec. 29th against St. Paul and 1000 fans are wanted to take in this league fixture.

Tigers took to the ice without the services of goalie Ken Brown out with an injured knee. Joe Brower also out with a sore knee and Stu Barr who was ill. Chuck Kendall, spare goaler at St. Paul, played in the nets and turned in a scintillating performance — the crowd liked Chuck. Sandy Ewen was pulled back to defence, while Bill Williams, home from Edmonton on account of the plumbers' lock-out, was in action and added strength to [illegible] Tigers' rear-guard.

Ike Bronson was high scorer for the night, scoring two goals and assisting in three more. [illegible] Warner notched two coun[illegible] wiht two assists. Andy Redford scored one wih three assists, Dennill one and one and Bruce Anderson, one goal. For Neilburg it was Meiers 2, Footz 1, Prediger 1.

John Klutz Injured At Hockey Game

John Klutz suffered a severe cut on his head during the excitement at the hockey game Saturday night. Johnny was leaning over the fence when clipped by a Neilburg player swinging his hockey stick. The cut required seven stitches to close and caused John to lose quite a quantity of blood. Luckily Dr Stephens was the next spectator to Johnny and so medical attention was forthcoming immediately

Vermilion Box Fans Are Disappointed

The large crowd of boxing fans from Vermilion and district who journeyed to Wainwright last Saturday night primarily to see Herbie and Marvin Little box in the fight card arranged there were keenly disappointed when the management of the program failed to find opponents for either of the boys. This, despite the fact that quite a number of scrappers were on hand from Ed[illegible]ton while Wainwright also [illegible] a very active boxing club. The only conclusion that the Vermilion fans could come to was that there wasn't anyone quite good enough to enter the ring with either Marv or Herbie as both were at the ringside and very anxious to hop into the squared circle with whoever was chosen against them.

Improper Gas Venting can be DANGEROUS

There have been recent reports of carbon monoxide fumes in homes in Edmonton and district. These fumes result from improper venting of gas appliances and can be dangerous. The following five point safety check will help make YOUR home safe. Check today — and be sure your venting is safe.

Make Your Own 5 Point Safety Check Today

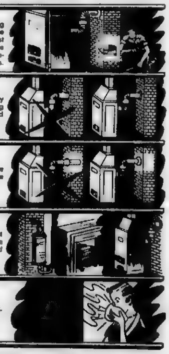
1 Check Your Chimney: If it's blocked in any way you're not getting proper venting. Hold a hand mirror inside the chimney at the clean-out opening or at the lowest vent pipe connection. Hold the mirror at the angle shown in the drawing at right. You should get reflected light if your chimney is clear of obstructions.

2 Check Vent Pipes: Pipes leading from appliances to your chimney should be in sound condition, all joints fitting snugly, well supported, free from obstructions and there should be no damper on these pipes.

3 Check Chimney Connections: Where vent pipes run into the chimney make sure they fit snugly—but do not run so far into the chimney that they block the chimney passage

4 Check Appliances: City By-laws require that all gas appliances must be vented to the outside atmosphere, with the exception of refrigerators and ranges approved for use without vent pipes.

5 Check for Unpleasant Odors: Smarting of the eyes and nose irritation is an indication of fumes in your house.



MAKE THIS FIVE POINT TEST TODAY. DO NOT TRY TO REPAIR ANY TROUBLE SPOTS YOURSELF. CALL YOUR LOCAL PLUMBER, TINSMITH OR GASFITTER — HE IS QUALIFIED TO DO A PROPER REPAIR JOB.

A WORD FROM YOUR GAS COMPANY

This year several accidents resulting from gas fumes have been reported to our office. It is not the natural gas that causes these accidents — it is the products of incomplete combustion. Normally the products of combustion of fuel are carbon dioxide, water vapor, oxygen and nitrogen, all harmless. But if the chimney, or a vent pipe to the chimney, is blocked or partially blocked, the heating equipment may produce carbon monoxide which is spilled into the occupied space with possible harmful effects to the occupants. It is important that left-over gases get a chance to escape to the outside atmosphere, and we urge you to make the above safety check in your own home so that you can continue to enjoy Natural Gas with safety.

Golden Age Club Enjoy Christmas Party

About the most unique gathering in December was that of the Golden Age club which was held in the Legion hall prior to Christmas. Over eighty old timers attended the monthly meeting during the course of which a December birthday cake was cut, a picture show given and a sing-song enjoyed. The above picture was taken during the sing-song which was led by Dr Ben King. While quite a number are too far away from the camera to be distinguishable those in the front will be recognized quite readily: front row, left to right Miss Millburn, Mrs E. Jones; 2nd row -- Mrs. Roy Jory, Mrs. C.E Thompson, Mr. Hardie, Mrs. Hardie; 3rd row - Dan Cameron of Michigan, Mrs. M. P. Dixon, Oscar Anderson, Dave Brown, Mrs. Peter Jensen, Peter Jensen. Others who may be recognized are Mrs. W. A. Rogan, Mrs. Mary Keys, Arthur Tuey, Graham Skinner, Carl Johnson and Israel Miller. It was Mr. Miller who originated the idea of a Golden Age club in Vermilion. The club meets once a month for a social evening and the gatherings are very well attended and much enjoyed

Hockey Action A-Plenty Next Week

Juveniles Play Sat.

Hockey fans will be able to see two fast juvenile clubs in action at the Vermilion arena on Saturday when the Mannville club is supplying the opposition for the local Robcats. Game time is 8 15 and fans are promised action a-plenty when these two energetic and ambitious young teams meet.

Senior hockey action a plenty is planned for Vermilion next week. On Monday the Lloydminster Chevies make their first appearance of the season in Vermilion, while Maidstone also riding high in the league standing play, will be here on Wednesday evening. This is also the first appearance of Maidstone here this season.

St. Paul Hornets Outscore Tigers 7-2

A brief lapse of two minutes in which the shifty Bellerive scored three goals late in the second period broke open a very tight game between the St Paul Hornets and Tigers at the local arena on Monday evening. The Tigers although playing shorthanded were out in front 1-0 at the end of the first period on a goal by Andy Redford assisted by Gerry Hardin and Ike Bronson. Ruptash tied the count early in the second and Kassian put the Hornets out in front at the 11 30 mark in the second period 2-1.

It was at this point that Bellerive scored three goals in 1 minute and 19 seconds breaking the game wide open with a 5 to 1 score.

Zaharichuk and Koshelek then boosted the Hornets score to 7 and playing coach Andy Redford finished off the counting with an assist by Ike Bronson.

Vermilion Tigers were short Ken Brown so Chuck Kendall St. Paul's spare goalie was in the nets for Vermilion and played a stellar game in keeping the powerful Hornets at bay. Bob Warner was away for the holidays, Stu Barr was sick and Ed Buck was out with an injury suffered at Lloydminster. Stewart Cooper and Gerry Hardin from Wainwright filled in but even then the Tigers lacked a third line. 304 paid admission to the [illegible]

Bob-Cats Lose To Myrnam Penguins

Myrnam Penguins had what it takes on Saturday night last when they outscored the Vermilion Bob Cats 7 to 2 at the local arena. The Myrnam plays were really outstanding and the score could have mounted higher.

At the end of the first period it was 2-0 for the visitors, 6-1 at the end of the second with each team adding a lone goal in the third for the total count of 7 to 2.

For the Bob Cats the goals were scored by Ed Misick and Jim Ferguson with Elmer Leahy and Orest Misick getting assists.

Myrnam point - getters were Ray Bachinsky, 1 goal; Nestor Chomyk 2 goals and 2 assists; Albert Zabrowski 1 goal; Ken Arychuk 1; Fred Swyripa 1 goal and three assists; Art Hocaluk 1 [illegible]

Former Kitscoty Teacher Wins 'Spiel

Andrew McGladrie, who taught at Kitscoty until the fall of 1957 skipped his Alder Flats rink to victory in the annual teachers' bonspiel wich was held Saturday last at the Shamrock and Granite curling clubs in Edmonton. Skip Andy had with him Bob Burch, Harry Kubarchuk and Jim Horning. The latter teacher is also well known here and in Kitscoty.

Winner of the third prize was a rink from Minburn skipped by Alvin Myhre with H. Chomik, J. Misik and A. Toronchuk.

Winners Announced In Annual Christmas Lighting Contest

Winners in the annual Xmas lighting contest jointly sponsored this year by the Vermilion Board of Trade and Canadian Utilities Ltd., have been announced by the panel of three judges. This year the four best receive equal prize money of $15 each with no one being designated as 1st, 2nd, 3rd or 4th.

The four prize winners in alphabetical order are the displays at the homes of Charlie Cawthorpe, in the east end of town; Les Hathaway on the hospital road in the west end; Wm. Pettigrew and James Robson on Riverside Drive in the west central part of town.

Many more came in for consideration and the judges professed themselves as very pleased with the high standard and number of displays.

The winners will be guests at the Board of Trade luncheon on Wednesday next, Jan. 7th.

Gas Companies Offer Scholarships

Children of employees of Alberta's two major gas companies throughout the more than 100 communities served in the province, will be eligible for educational assistance under a scholarship plan announced today.

D. K. Yorath, president of Canadian Western Natural Gas Company Ltd., and of Northwestern Utilities, Ltd., said today the companies were cancelling annual Christmas staff parties in favor of establishing a scholarship trust fund, to be set up in each company.

"In proposing this plan to the staff" he said, "we were delighted at the enthusiastic response from employees in the two companies."

It is expected that scholarships will be awarded at the end of the 1958-59 school season.

At the moment a committee is at work studying the rules and regulations under which grants will be made to enable children of employees to continue their education beyond the high school level.

Kinettes Meet At Home of Kay Hart

The December meeting of the Vermilion Kinette club took the form of a pot luck supper, held on Dec 11th at the home of Kay Hart with fifteen members present. After a most enjoyable smorgasborg style meal the business meeting was held and final arrangements were made re catering table decorations, etc for the New Year's Eve party at the Vermilion Armories. A discussion was held on the 'Keep Fit' class for women that the Kinettes hope to sponsor early in the coming year. At the conclusion of the meeting gifts were exchanged and names drawn again for the forthcoming year.

The Kinettes would like to take this opportunity to thank everyone for their support during the past year and also to wish you all a very Happy New Year.

Wins A Lovely Mink Stole

Mrs Jo McCaig received a very lovely Christmas present on Christmas eve in the form of a mink stole, valued at $500, and given away by radio station CJCA in a recent Christmas contest. The stole was delivered personally to Mrs McCaig on Christmas eve by Mr Bill Macnab of CJCA.

Winning the lovely stole came as a complete surprise to Mrs McCaig as the entry had been made for her in the city by her grand daughter.

Rev. J. M. Schroeder Addresses Vermilion Rotary Club Meeting

Rev Mr Schroeder minister of the Vermilion Christian and Alliance Chapel brought a most enjoyable Christmas message to the Vermilion Rotary Club at their last meeting. Mr Schroeder compared the persons spoken of in the bible record of Christ's birth to people now living in our generation. King Herod, Mary the mother of Jesus, the shepherds and the innkeepers all had counterparts today in every community. The Rotarians present were all very appreciative of the seasonable message and greetings as expressed by Mr Schroeder.

Rev Chauncey MacKay introduced Mr Schroeder and Stan Jones thanked him for his very inspiring address.

Chairman Jim Robson introduced three visiting Rotarians from Lloydminster, namely Ray Nelson, Gordon Shepherd and Elim Thorpe. Jerry Williams of Edmonton was the only guest at [illegible]

Ray Nelson told of an effort being made to have the C.N.R. continental train transferred to [illegible]. This would give us better train service here and it would leave the super continental to serve the Wainwright line.

The Rotary Christmas tree at the Bank of Commerce was surrounded by gifts donated for children who might not have a fair share of Christmas presents.

This year quite a number of Rotarians took turns on the corner with the Salvation Army "keep the pot-a-boiling" collection. They also expressed themselves as being delighted to help in this way to get donations from the public for Christmas hampers [illegible]

Grand Champion Hen Turkey Sold For 75c per pound

The Vermilion 4-H Turkey Club climaxed another year's activities Thursday December 18 when 157 dressed turkeys were shown and sold by public auction. Miss Loraine Dick of Vermilion took the Grand Championship with a dressed 16 pound hen and brother Ralph took Reserve Grand with a 33½ pound tom. Both were sold to Checker Transport. Ralph Dick showed the champion live tom and Allan Armstrong the champion live hen. Each member showed a live tom and hen and a dressed tom and hen. There were eighteen members in the club, only one of which didn't show.

Following the weigh in and judging of the birds, one hundred fifty-seven birds were sold by auction. Most of the birds were sold to individuals looking for a bird for Xmas dinner but several local concerns were notable in their support of the sale. Among them were Checker Transport, Mannville Motors, Ross Boake, Gordon Ross, Craigs and the Brunswick Hotel. The hundred odd bidders paid $1517.15 for 157 birds. This was one of the greatest 4-H Turkey Sales ever held in Vermilion and everyone who had a part in it is to be congratul[illegible].

The three Edmonton men named to a judging committee to select prize winning entries from among the more than 730 sketch plans submitted for designs for the Senior Citizens' Home are shown discussing some of the proposals sent the government. Ronald Clarke, former chief architect with the Alberta Department of Public Works; Elmer Roper, Edmonton businessman, president of the Edmonton Community Chest and member of the board of the Beulah Home; and Merle D. Muttart, Edmonton builder and construction firm head, are [illegible] some of the submissions with the Hon. R.D. Jorgenson, second from left, Minister of Public Welfare under whom the program will operate. A first prize of $5,000, second prize of $2,500, third prize of $1,000 and fourth award of $500, as well as ten prizes of $100 each, will be made at the conclusion of judging the entries. Ideas and features for which awards will be made will be included in final plans for the homes. The 50 person residences will be erected at fifty rural points in Alberta, and special residences of 800 person capacity will cost about $2,000,000 each and will be built and furnished by the Alberta Government before being turned over to the responsible sponsoring municipalities, without cost, for their administration.

NEWS from ALLANDALE

The weather behaved wonderfully for the holidays, no below zero temperatures, but more snow fell.

Editor and staff of the Standard — thanks so much for the lovely gift, so useful at all times.

Mr and Mrs. Don Wilson and family motored to Edmonton on Dec 14th and spent the day with sister and family, the Walsh family.

All were pleased to hear Rev. MacKay on the radio the week before Christmas and a live broadcast from United church [illegible] 21st.

On Dec 28th Mrs. Idelore Nelson accompanied her folks from Ferguson Flats to Edmonton to visit their mother Mrs. John Ockerman who underwent surgery on the 19th.

The dance at the centre on Dec 19th was well patronized due likely to a lovely evening. The Melody Ranch orchestra was enjoyed very much. Mr and Mrs. Funnell very kindly, in their humorous way, favored the folks at lunch time with duets which were appreciated very [illegible].

Mr and Mrs. Tom Murdock of Malver Sask. well known in this district are proud grandparents. Son Bob who was married in October, 1957 now has a daughter. They live near their parents and are farming.

Mr and Mrs. Rob Hagen of Blackfalds spent Christmas with daughter Marian and her husband John Booth at Niagara Falls. They intend to stay for the month of January.

Sympathy is extended to Mr Monahan and family of Clandonald and Mr McNeeley and family of Islay in the recent passing of a dear wife and mother.

A gold cuff link was found at the centre after the dance on Dec 5th. It has a Shamrock design on it.

Congratulations to Mr and Mrs. Gerald Omness of Kindersley Sask. on the birth of a daughter Geraldine on Dec 17.

A grand evening was enjoyed on Dec 22nd at the school auditorium in town at the Christmas concert. Great praise must go to teachers, helpers and pupils for providing such a wonderful entertainment. It was a tremendous undertaking.

A lovely evening Dec 23rd for the Xmas tree at the community centre. Over one hundred were in attendance. Appreciation is expressed for help the mothers gave and the boys with their skits. Santa came and in his usual jolly way gave out gifts and candy bags. A lovely lunch closed a happy evening for the children.

Mr and Mrs. Eddie Jakubec of South Burnaby, B.C. were visitors at the Alvin Throndson home on Dec 23rd. They had come to spend Christmas with Mrs. Jakubec's mother Mrs. Bill Lang of Kitscoty.

Christmas day doings: Alvin and Evelyn Throndson and daughter Joanne were at home and had as their guests the latter's parents and sisters, the Sheppard family from Kitscoty. Mr and Mrs. Ralph Strome and family spent the day at the latter's parents, the Throndson home in town. Mr and Mrs. Gus Throndson left Vermilion by bus on Boxing day for Lethbridge to visit son Theodore, Mabel and family. Mr and Mrs. Wilfred Lee and family were at their town home. Mrs. Lee's father Mr Williamson from the city, Aunt Louie (Mrs. Wilkinson) from town and Uncle Bill Selwood from Clandonald were all guests at the Lee home for Christmas. Mrs. Mabel Lee of town spent the holidays with her daughter Isabel and Jimmy at Wainwright. Jim's mother Mrs. Nora Ravaghan from Islay and aunt Stella Mayers from Irma were also guests. At the Herb McPhee home guests were his brothers Norman and Lorne, Mr Dave McPhee and daughter Jean, sister Edna and John David and son Keith, Mr Joe Gard and Allan and Brent and Bo Hansen. The Ockerman families from Ferguson Flats were at the Idelore Nelson home. Mother Ockerman who is in hospital in Edmonton is getting on fairly well.

Mr and Mrs. Woody Wilson and family were dinner guests at Woody's parents, Mr. and Mrs. Curtis Wilson in town.

Mr and Mrs. Wm. Armstrong had as their guests daughter Vi and Jack Dwyer and family from the city, daughter Joyce and Ronnie the Poraylo family of Royal Park and son Jim and Verna and family.

Mr and Mrs. John Arnold spent the day at the home of son Dick, Betty and family. Other guests were Betty's parents Mr. and Mrs. Rockford of town. Afternoon callers were Mr and Mrs Tommy Rochford and Mr and Mrs. Johnny Rochford. Betty's sister Mrs. Mary Kuneff of Uranium City was present for Christmas and holidays. Her husband Metro however was unable to get time off from his work.

Twin calves were born Xmas eve at the Dick Arnold farm, a thrilling experience for the family, though the pies did [illegible].

Mr and Mrs. Jimmy Martin and family spent the day at the latter's parents', the McCormick home.

Mr and Mrs. Omness spent the day at their daughter's home, Hilda and Don Wilson's. Greetings that day came on the phone from daughter Della and Jimmy in Edmonton and Orlene and Paul from Calgary.

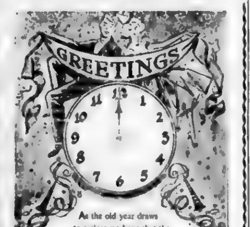
Mr. and Mrs. Steve Gordey and family spent Christmas eve at the home of Mrs. Gordey's parents, Mr and Mrs. Nick Naciuk, Mannville.

On Xmas day Mr and Mrs Gordey had as their guests Mr and Mrs Joe Parchewski and family and on Boxing day Mr and Mrs. John Starko and family were visitors.

On Dec 27th Mr and Mrs Wm. Naciuk and son David of Edmonton and Bill's parents Mr and Mrs. Nick Naciuk from Mannville were visitors at the Gordey home.

Closing thought: "As we come to the new year let us resolve to seek His guidance and strength through faith, prayer and love."

May all be blessed with good health and happiness through the year.



As the old year draws
to a close we hope that the
arrival of 1959 will mean for you
365 days of good health, and good fortune.

DON'T BE SCARED!

In 1959, Canadians should stop being scared. Fear petrifies. Mostly, men fear change, yet change often brings enormous benefits.

Consider our unfounded fear of new inventions. Men expect each new invention to rob them of jobs. Instead, automation increased the number of jobs and made them easier.

Look at our textile industry. When man-made fibres were invented, timid folk thought they'd be put out of work. Instead, wiser heads in the Canadian textile industry adopted the new processes themselves, and today 30 establishments give direct employment to 15,000 Canadians, and pay $50 million a year in wages and salaries. True, some of these plants are going broke because they cannot compete with imports from countries where wages are pitifully low, but even that problem will be solved, if the industry makes a good case before the tariff board now holding hearings.

Attempts are being made to frighten farmers about vertical integration, contract farming, and the entry of businessmen into the farming business. Fright is not the proper reaction: fright paralyzes. Instead, there is a lesson to be learned when businessmen see high profits to be made. Businessmen are certainly not going into the farming business to spite anybody: they are going into it to make money, just as farmers have established quite a few businesses for the same purpose, and are perfectly free to establish more of them. If they are wise, however, they will examine their motivation — if you start a business for spite, you will lose money. The proper motive for establishing a successful business is profit — in return for service. But farmers have the edge over others in the farming business, because they have skill and experience, and they should not need to fear inexperienced competition. If they do fear it, some soul-searching is in order.

Fear fades when trouble is met head-on by intelligent action. Change will always come. It will bring benefits to those who act; pain only to those who want always to sit still.

Let's welcome 1959 with courage. Don't be scared; be active.

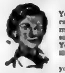
Tips on Touring

By Carol Lane
Women's Travel Authority



A Happy New Year!! And it can be if you make, and keep, safe driving New Year's resolutions.

Here are some you may want to put on your list: For 1959, resolve:

To obey posted speed limits in built-up areas and on the highway.

To keep in the right lane except when passing.

To check the side-view mirror before pulling out to pass.

To use hand or blinker signals before turning.

To allow plenty of room between your car and the car ahead.

To stop at an intersection when the traffic light is on yellow.

To pull completely off the road to fix a flat tire, or other repairs.

To carry a good spare always.

To give the other fellow motorist and pedestrian, the right of way.

To keep your car in top-notch operating condition.

If you can keep all these resolutions through 1959, you'll be more than a safe driver. You'll be practically perfect! And, you will have a Happy New Year!

New Year's Eve Festive Occasion For Native Scots

Christmas never aroused much enthusiasm in Scotland—but on New Year's eve the Wassail bowl goes around, filled with savory liquid nostalgically fragrant.

Floating atop the Wassail bowl, apples stir memories of the "apple-howling" when boys switched the trunks of fruit trees petitioning "a good howling crop"; somehow, the "lamb's wool" (as the decoction of the Wassail bowl is often called) seems reminiscent of young folks rushing to the nearest spring at the stroke of 12 to drink the "cream of the well"—the first one so doing, might expect good luck during the ensuing year.

Handsel Monday—the Monday after New Year's, is traditionally "the big Day" for Scotch boys and girls; and, in addition to being the Scotch day of gift-giving, it is a day of feasting and gaiety.

Small wonder, that families and friends gather on New Year's eve to

"Drink a cup of kindness yet
For Auld Lang Syne."

Tell Me an Indian New Year's Story

The ceremonial for the snow has passed, when enemies are forgiven and harsh words forgotten, as a new [illegible] for all through the New Year's festivities.

The story-telling grandmother has taught the ancient chants and customs through the beads of the strings of historic wampum, but now she again has time to entertain the [illegible].

Gathered around her lodge-fire, they plead for another story with their bright eyes and shrill voices. To satisfy them, she tells an ancient legend about the clouds.

"Long moons ago when the world was first made the sky at wintertime was cloudless much as it is on clear midsummer days. The ground was covered with white snow and the trees, except the pines, stood bare. The cold wind whistled around the bark cabins, and with a cloudless sky, everything above and below looked dreary.

"The children, too, missed the green leaves and changing colors over the landscape and they gave a wish that the sky might have clouds now and then. It is true dark gray [illegible] came in great masses and covered all the sky and let down snowflakes to amuse the children. But the children also wished for bright clouds and the old bear in the sky heard their wishes.

"So the old bear blew his moist breath into the heavy clouds and broke them up; he even made bumps in some of them, and held on to the corners of others until when they passed over the village each cloud had a different shape, some like bears, some like wild cats, some like hills and even some like funny people. Ever afterward, the clouds took these strange shapes to bring smiles and imagination to all children in midwinter."—Dr. E. A. Bates, Cornell

Happy Centre W. I. Notes

MANNVILLE — At a recent meeting of the Happy Centre W. I. at the home of Mrs. R. Scott, the 23rd anniversary of the group was observed. Highlight of entertainment was "Biography Time" when members who had drawn the name of a fellow member gave that person's biography. Each one was read out in turn, proving most enjoyable. In future, the roll call will be answered by most important happenings in life and added to each biography. Parcels were packed at this meeting for the pensioners and the aged people of the district. Xmas pal gifts were exchanged and a Xmas lunch, highlighted of course by the anniversary cake, was enjoyed by all.

Homes Should Teach Manners, Honesty, Harmony, H. & S. Told

MARWAYNE — The December meeting of the Home and School was held on Wednesday, Dec. 10th with a very good attendance.

Mrs. J. Culford accepted the nomination for secretary for the balance of the year. Mrs. Hughes' room won the book for November. There are sixty paid up memberships to date.

It was decided to buy a new Bell and Howell movie projector with the Home and School to pay one-third of the cost. Mr. Joe Tupper reported that the Silver Willow Community club had disposed of various articles belonging to them in the Silver Willow school and they would donate enough money to pay the other two-thirds of the cost of the projector. A hearty vote of thanks was given to the Silver Willow district for this generous gesture.

Card parties will again be held on the 2nd and 4th Fridays during January, February, March, starting Friday, Jan. 9th. Prizes will be given at each party and a grand aggregate at the end of March. Mrs. Spence and Mrs. Gray volunteered to keep the scores. Committee for January parties — Mrs. Culford, Mrs. Sinclair and Mrs. Hutchinson.

Next H. & S. meeting will be held on Jan. 13th, with lunch in charge of Mesdames Gray, Milne, A. Parker, G. B. Murray, A. Murray, Petryshen.

Mr. Simonson was then called on. He complimented this Association for being so active and also Silver Willow for their generosity.

Mr. Simonson then introduced the guest speaker Mr. S. A. Earl, coordinator of teacher education, the link between the Department and Faculty of Education.

Mr. Earl congratulated the Division on the good building facilities provided, thereby helping the teachers, but, he said, the building program was way ahead of the teaching staff and he didn't see any improvement in numbers of teachers available for quite a few years to come.

He said we are now trying to draw our teachers from a small population to teach a very fast [illegible] population (21,000 pupils each year). Last year all the senior matriculants could have been used as teachers, instead they had to supply all professions.

We need to encourage more boys to go into education as we must have a higher percentage of men to get continuity. There is only one division in the province with enough men teachers.

Strangely, most teachers come from the smaller schools with only a trickle from the cities.

Dollars and cents have been one of the main reasons for the teacher shortage but that has been corrected, and the government is extending more help for education.

Canadian and American children are very luxury-minded and lack zeal for education. High wages paid in other occupations account for the all-too-many drop-outs.

We should endeavor to provide the kind of schools that are best for our children and should teach them facts — let the home teach manners, honesty, harmony and give them support. Most of all, parents should be the models.

'The Bible Today'

New Year's resolutions will be formulated this week by many well-meaning people. Good resolutions will have to do with matters of religion and morals.

Faith can be fortified by the regular reading of the Bible and daily prayer. Here are suggestions:

Set apart a definite time each day for reading your Bible.

Take up your Bible with expectancy.

Pray for understanding.

Look for both comfort and challenge in the passage for the day.

Commit to memory any key verse which seems to speak directly to you.

The Bible Society will send you a list of daily Bible readings to help stimulate a faith adequate for each day.

Suggested readings for next week:

Sunday, Jan. 4 — Mark 9:2-29
Monday, Jan. 5 — John 16:16-33.
Tuesday, Jan. 6 — John 17:1-12.
Wednesday, Jan. 7 — John 17:13-26.
Thursday, Jan. 8 — John 1:1-18.
Friday, Jan. 9th — John 1:19-34.
Saturday, Jan. 10 — John 1:35-51.

ATTENTION LADY CURLERS

Any ladies wishing to curl for the remainder of the season are asked to put their names in immediately. Curling begins again on Tuesday, Jan. 6th. 25

BUFFALO COULEE ACTIVITIES

Christmas is over once again and what lovely weather for the holidays, making it so nice for all the people travelling to celebrate Christmas with friends and relatives.

Best wishes to one and all for a Happy New Year and [redacted] we each resolve to live better in the new year than we did in the old and to do what we can to really bring Peace on Earth and Good will to men.

The Auburndale C. G. I. T. held a very impressive candle lighting Christmas Vesper service in the B. C. auditorium on December 21. Following the service a film was shown. A good crowd attended. The girls did not go out carolling this year since the school concert was held on the evening of the 23rd.

Over three hundred people filled the auditorium for the annual Christmas concert. Everyone enjoyed a very fine program. The teachers and pupils had gone to a lot of work. Some very beautiful costumes added greatly to many of the numbers. The newly installed P.A. system gave a decided advantage this year. The program concluded with the Nativity Pageant with suitable carols. This was beautifully done with a large colored scene of the town of Bethlehem in the back ground. Solo parts in the pageant were taken by Betty Green and Fay Luchyk. Following the program, to the delight of small fry, Santa arrived and distributed an enormous pile of gifts and a bag of candy and nuts to all the children.

The Boy Scouts held a hike down in the coulee last Saturday. A few of the boys were missing but those who went had a good time.

Melvin Arthur now has the phone in and his number is 1921. His ring, for the benefit of those on the line is one short and two longs.

The Home and School held a very enjoyable Christmas party with cards and games. Then Santa arrived with a small gift for each one present. This was followed by lunch. Anyone having snapshots or pictures of former classes or pupils of the B.C. school is asked to bring them to the next meeting as it is planned to make a photographic record of all pupils attending since the opening of the school.

Everyone is very sorry to hear that Mr. and Mrs. Bill Crabb who have been operating the Autumn Leaf Co-op Store for a number of years are leaving early in the New Year for Vermilion where Bill will be in charge of the grocery department of Stephens store. While this will be like going home for Bill and Jessie they are going to be missed very much out here among their many friends and in the organizations in which they have been such willing workers, particularly secretary jobs. Jessie. Best wishes of all go with them.

The whole community was saddened this week end to hear of the passing of Mrs. Frank Fyten. While it was known her condition was serious, everyone was hoping she would rally as she had done before. Her going is not only a sad loss to her family, as she was a wonderful wife and mother but also to her many, many friends. Emma was indeed the embodiment of true Christian love and kindness and hospitality to all who knew her. "Well done good and faithful servant, enter thou into the joy of thy Lord and may He be the source of strength to those who are left behind.

So think of her faring on, as [redacted]
In the love of There as the love of here.
Think of her still as the same and say,
'She is not dead, she is just away.'

May 30th — Tentative date set for achievement day.

Anglican S. S. Presents Concert

MANNVILLE — With Rev. Harry Shell as a most capable master of ceremonies, the Anglican Sunday School held the annual concert and party. An elaborate concert was not planned, instead each class offered its own items of entertainment for enjoyment to an appreciative audience. In the varied concert versatile artists went through each part with apparent ease. Carols were sung and Santa made his customary appearance to the delight of all the small fry gathered for this special event. Santa handed out presents and treats to all the Sunday School pupils.

Vancouver has the least variation in climate of any Canadian city. Highest temperature there is in the low 90s and there is no official record of the thermometer dropping to zero.

John Klotz who was struck by a hockey stick at the Neilburg-Vermilion game on Saturday, Dec. 20th, was not leaning over the fence. In fact, he was in the second row of spectators and was merely watching all the excitement when hit with the hockey stick. No doubt the blow was aimed at someone else and John was the innocent victim.

The report appearing in the Dewberry news last week of the death of Mrs. Mary Skoryen was incorrect as she did not pass away while awaiting a plane. Shaul, Supervisor of Jr. High Schools, Edmonton Public School System. They form a sub-committee of the provincial Junior High School Curriculum Committee. Initial work on the new course will be introduced at the start of the 1959 school term. Recommendations from this sub-committee have prompted revisions by publisher and authors in two science texts for Grades 7 and 8. Chapters dealing with plants, insects and other forms of life are being revised to conform to natural science considerations peculiar to Alberta. Improved teachers' guides will be provided with these new texts to assist in course presentation and to encourage additional studies for the above-average student. Broadly, Alberta's school texts on science courses are becoming more advanced grade by grade. In 1957, science was made a prescribed subject in elementary grades.

GREENLAWN GOODWILL CLUB

The monthly meeting of the Greenlawn Goodwill Club was held on December 11 at the Nicholson home with 22 members and one visitor present.

Final plans were made for the Romanchuk wedding which was on December 13th. There were also a few problems settled concerning the McMullen wedding which is to be on January 3rd.

Miss Donna Shantz, District Home Economist was present. She gave a very interesting talk on home decoration. She also had some wonderful posters showing the best and poorest selections of lamps, furniture and numerous other accessories in the home.

It was decided to give $10.00 as a donation to the Sunday school to buy treats for the outside children not belonging to the Sunday school class that would be present at their concert.

Effie Matheson, president of the Greenlawn Hall board, asked if every woman in the community would make a suitable bazaar article to be sold at the dance to be held on January 9.

At the close of the meeting, Santa Claus passed out gifts exchanged by the secret pals. At the annual meeting which will be held on January 15 at Laura Rainey's, there will be very special gifts for those who did not receive one at the meeting.

Alma Rainey won the hostess prize.

A very lovely and delicious lunch was served by the hostess assisted by her daughter Betty and Nellie Walker.

News from Dewberry

Congratulations to Mrs. Nina Craige who celebrated her 80th birthday on Dec. 18th. Twenty-eight visitors called during the day to wish her many more happy birthdays. From the writer and this community go best wishes to this wonderful lady.

Mr. Jack Rainey is a patient in the Elk Point hospital as the result of a two-car collision which occurred on Sunday evening Dec. 21st as he and Mrs. Rainey and children were on their way to the Gordon Rainey home for supper. Mrs. Rainey and Sandra were in the hospital but were released after examination and allowed to go home. Sandra suffered a cut on the neck which required two stitches. Kay and Ricky suffered bruises but are otherwise O.K. The occupants of the other car Mr. Frank Stone and some of the family escaped with a shaking up and bruises.

Home for the holidays were Jimmy Jones from the U. of A. and Jean Craige from the V.S.A.

Legion Stage Christmas Party

MANNVILLE — For the children of the Legion members, a Xmas party was held with an impromptu concert arranged. All wishing to sing or recite gave their names to Rev. Holter or Mrs. J. Coxford and were called in turn to do their acts. A very interesting programme resulted. Carols were sung while the arrival of Santa was anticipated, and finally, in he came with his treats and in his usual jolly manner gave his gifts to all kiddies present.

Parents See Well-Presented Skit At Dewberry Home & School

The December meeting of the Dewberry Home and School was held in the auditorium on the 11th with 54 present. President Mr. J. Whiteside opened the meeting with all singing "O Canada". After the reading of the minutes of the previous meeting by Secretary Mrs. Oxton and the completion of other business several grade ten students presented a skit "How not to conduct a meeting" causing much amusement in its presentation. The second part of their performance showed the proper procedure of holding a meeting. They acquitted themselves verw well and made some of the older folk realize that mistakes are often made in the conduct of a meeting.

Taking part in the skit were President Buck Maltais, Secretary Cheryl Jones, Leslie Anderson, Gerry Marie, Monty Lefthaug, Sharon Braithwaite, Odette Kopper and Violet Keast. Introducing the skit was Karen Farberg.

The Dewberry choir entertained the meeting with two carols "In David's City" and "Allelulia". Their rendition of these pieces was very fine indeed. Community singing of carols led by Mrs. Mary Davis was enjoyed by all.

A novel way of mixing was used at lunch — four groups were formed, those having birthdays in the first three months sat together, then the second three months and so on. A delightful lunch was served by the lunch committee who for the months of December, January and February are Mrs. Mary Bacala, Mrs. Mary Maltais and Mrs. Myrtle McMullen. The lunch money taken at the meeting was used to buy treats for patients in the Islay hospital over Xmas.

The next meeting will be held Jan. 8th. It would be nice to see more parents present at the meetings thus showing that they are interested in their children's studies and problems.

Health Unit Notes

YOUR CHILD'S SIGHT

Your child's sight is of such great importance that every consideration should be given to its care. If his eyes are injured or inflamed, get medical treatment at once. Do not delay with home remedies. However, bathing the eyes copiously with good clean water is good emergency treatment if dirt or irritation gets into the eyes.

If your child has poor vision he is facing life with a difficult handicap. During his early years it limits his experience and lessens his abilities. Parents may not realize that the child's vision is defective. He will not complain of poor sight because he has known no better vision. He may act and play as if he can see all right and it may not be until long after he starts school that something is suspected — especially when an apparently intelligent child makes slow progress. He may seem hesitant, awkward and even stupid at school when the real trouble is poor eyesight. Many a child has been unjustly branded as backward for this reason.

HIS EYES SHOULD BE EXAMINED

Since a child does not know his vision is poor parents should have him properly examined by an eye specialist as soon as he is old enough to walk and again at the time he commences school.

COMMON VISUAL DEFECTS OF CHILDREN

Most children are born long sighted. By school age the vision has become normal in 80 per cent of cases. Of the remaining 20 per cent only a little more than half (12 per cent of all children) need glasses. The others (8 per cent) have some visual defect detectable by special tests. However, since their eyes have great powers of accommodation, these children with slight visual defects are able to see quite well and do not need glasses. No child should be given glasses unnecessarily but every child who needs glasses should have them. School surveys show that less than half the children who need glasses actually have them.

Glasses are needed if excessive long sightedness persists (hyperopia), if the eyes are irregular in curvature (astigmatism), or if short sight develops (myopia). Glasses and other treatment are needed if cross eyes develop. Short sightedness comes on between the ages of four and five years. It may continue to progress until about age sixteen. It usually then becomes stationary. A few cases may later deteriorate with great loss of vision in adult life. Children with glasses should wear them while reading or doing close work. Short sighted children in particular should not try to read small print or hold their work close to their eyes. Glasses may be worn while at play or games but shatter proof lenses are recommended. These will crack only if badly damaged and the eyes will not be cut by flying glass.

CROSS EYES

About 3 per cent of children have cross eyes. Most cases appear between the ages of two and four, often associated with excessive long sight. This type of cross eye can be prevented provided an examination is done soon after the child learns to walk and proper glasses are prescribed. Small children rapidly accept glasses because they see so much better.

Cross eye usually do not develop suddenly. They may be present to some extent for quite a while before the parents are sure about it. If the eyes are crossed or there is doubt the child should be taken at once to the eye specialist. No child is too young for treatment. If the case is neglected for six months or longer treatment will be more difficult and if left too long one eye may become permanently blind. The cross eyes which develop in early childhood can be straightened and good vision restored in both eyes if treatment is commenced in time. In early or moderate cases, the eyes may straighten with the constant wearing of glasses. In more advanced cases muscle exercises are needed as well as glasses. When the squint is quite pronounced, operation is essential to adjust the length and action of the eye muscles and glasses will be needed afterwards. About 25 per cent of cases need operation. This should not be a terrifying experience for a child. He will feel no pain and will only be in hospital one or two days. There are other less common types of cross eyes, some of which respond to treatment.

Cross eyes are a decided handicap. The child tends to become shy and self-conscious when he learns his eyes are different from those of other children. Their taunts will trouble his peace of mind and may cause a feeling of inferiority. When he grows up, he will resent the fact that his eyes could have been straightened. Every crosseyed child should therefore have his chance of cure. No child will grow out of cross eyes and treatment should not be delayed until he is older.

VISUAL HYGIENE

Poor lighting is the commonest cause of eye strain. Even normal eyes tire rapidly when used continuously to do close work in poor light. Therefore no matter how good your eyes or your child's eyes may be, make sure that good light is always available in your home so that your child may do his homework or reading without visual discomfort. There is no excuse for poor light these days.

IN CONCLUSION

Secure medical treatment for eye inflammation or injuries. If your child squints (one or both eyes turn in, up or down), or if he blinks, has marked redness of eyelids, is clumsy when playing, holds things too close in order to see them, he is showing signs of eye trouble. Do not delay. Take the child to your doctor, the local health clinic or eye specialist.

NEWS from ISLAY

The collectors for the Bible Society in the Islay area, Mrs. Charlie Redmond and Muriel Stone would like to thank those people who so willingly contributed. Due to cold weather and the rush of the season everybody was not contacted as was planned but it is hoped that next year an earlier start will be made. The nice sum of $101 was sent in.

Sorry to report that Mr. Lew Bowser and Mr. Jack Wylie are in hospital here, also Mr. Gallagher of Clandonald. We hope they are soon better and able to return home.

The school Xmas concert was excellent. We have some fine talent here as shown in the plays and the singing of the carols was very well done. The little beginners, as usual, were a delight. Thanks to our teaching staff. It was an evening much enjoyed by the whole district. To show how eager the people were to hear the concert, the hall was almost filled shortly after 7 o'clock and the show was billed for 8:00 and it did begin at 8. Santa arrived on time, always a great joy to the little folk — how they loved him and talked to him! There were presents a plenty under the beautifully lighted tree plus a generous bag of good candy, nuts and an orange for every child. All went home tired but happy.

Omar Easton had Christmas dinner at the McGuigan home. Syd Mountford, Joe Hislop and Sigurd Starnes were at the McCaughan home. Mr. and Mrs. Jim Allan at Dr. Sweet's home for dinner. Mrs. Allan came out of the hospital just for the dinner. Mr. and Mrs. Wm. Waterfield, Ken and Mr. Bowser all at the Marr home. Mrs. Winnie Torrance had all her family home including Mrs. Marjorie Summers from San Francisco, Miss Gwen from Calgary, Victor from Wainwright and Dale and family of Islay. The Bill Shaw, the B. Teskey and Mrs. Holt Bell families all were in Edmonton at the Ken Shaw home. Mr. and Mrs. Albert Beck and Mr. and Mrs. Ivan Inman were at the Everon Inman home. Mr. and Mrs. Jim Miller went to Edmonton to son Russell's home. Miss Betty Martin was home from the city until Sunday. Jim McGuigan home from Edmonton. Garfield Potvin home from his school where he is principal in the Peace River country. Mr. and Mrs. Clarence Robertson had his brother and family for the holiday. Mr. and Mrs. Lyle Anson and Iris, Mr. Jack McNeeley and the Glover family of Lloydminster were all at Mrs. Thelma Armstrong's on Christmas day. Mr. and Mrs. Bill Young and Jack of Dewberry at the Anderson home. Muriel and Gladys and Mrs. Florence Stone were at the Ken Stone home on the campus of the Vermilion Agricultural school; the Garfield Midgley family and the Bill Hancock family all were at the Dave Martin home for Xmas day.

United Church services change to 7:30 p.m. beginning the first Sunday in January and the Sunday school will meet at 11 a.m.

The monthly meeting of the W.A. will be held Thursday, Jan. 8th at the Stone home at [illegible] p.m. sharp when the program for the year will be drawn up and the yearly report given. A few U.C. calendars are left, only 50c each. Proceeds for the W.A.

The Islay Home and School Association will meet on Tuesday, Jan. 6th at 8 p.m. in the school. Ken Stone of V.S.A. will address the meeting and show slides. All parents and children too are urged to attend.

** ** **

The following Islay Cubs were recently invested with proficiency badges in the capacity of collector and gardener: Tom McLean, Brian McGuigan, Roderick Jarvis, Jim Van der [illegible], Pat Moncrieff, Dave Buchanan. These Cubs were also presented with their first stars and provincial emblems. The presentation was made by Cubmaster W. King.

As parents were invited an unrehearsed examination was conducted by Cubmaster King and very satisfactory results observed with all Cubs passing examinations very handily.

Sympathy of the entire community goes out to all the relatives in the passing of Mrs. Jack McNeeley Saturday night in the Islay hospital where she had been a patient for a number of weeks.

The United church was filled to capacity Sunday morning at [illegible] to hear the Christmas service. It was a combination of Sunday school and church service. The juniors acted a short Xmas play and the remaining [illegible] joined with them in singing "Away in a Manger". The adult choir conducted by organist Mrs. Lila Waterfield sang beautifully some Christmas hymns, also Mrs. Jean Axley and Miss Janet Kent rendered a duet most pleasingly. Rev. Mr. Shortt gave a rousing address "Winter Without Christmas". The congregation singing was led by the choir and proved very enjoyable. The time and effort put into this work is appreciated by all and special thanks to Mrs. Waterfield who has to come quite a distance to town. Many complimentary comments were heard.

The beginning of any illness is the best time it may be more quickly cured. Serious sickness has not yet taken full hold.

Some people begin badly by either neglecting to take care of themselves or attempting self treatment. Unless they are lucky, sickness time is prolonged and sometimes life, itself, is endangered.

A quicker, happier ending to any sickness is almost assured if you consult your physician quickly and take the specific medicines he may prescribe for your particular trouble.

Magpie Banded Here, Shot At St. Walburg

One of Monty Hunter's hobbies is banding magpies. This week he received word from the Wild Life Service that a bird which he had banded here on June 1st, 1956 had been shot at St. Walburg, Sask. on Nov. 1st by R. M. Jones. In a direct line through the air or "as the crow flies" St. Walburg is some 60 miles from here. This rather contradicts a prevailing idea that magpies stay very close to their hatching area. Monty banded a lot of young magpies last spring and has during the course of the summer trapped many of the birds at his farm south of town, but peculiarly enough he has never yet trapped a banded magpie indicating that they do move about quite a bit.

IN MEMORIAM

In loving memory of our mother

FREIDA FRY

who passed away Dec. 26, 1957.

"Home's sweetest sunshine seems to have vanished
As your face no more we see,
And without your living presence
Dear Mother, it no more a home can be."
Ever remembered and sadly missed by her daughter Mary and family

IN MEMORIAM

In loving memory of *Roy and Mabel McKay* who passed away Feb. 16, 1939, and Jan. 1st, 1957.

"When we step beyond life's gateway
As our loved ones now have done,
We shall find a land of beauty
With a never setting sun.
We shall greet old friends and new ones
In that land where all are blest.
And we'll meet beyond life's gateway
All the ones we love the best."
—Francis, Kenneth, Clifford, Grace and Ivy and families

IN MEMORIAM

In loving memory of *FRANCES MARY DONKIN* who passed away Dec. 22, 1957.

"She was a flower too great for earth,
Sent here but for awhile;
God, for a moment, gave her birth,
And took her with a smile."
—Fondly remembered by Mom and Daddy and Grandma and Grandpa Fenton.

IN MEMORIAM

One of the mildest Christmas weeks ever recorded was enjoyed for 1958. Roads are still open everywhere so travelling is good although marred by slippery main highways. This condition has now improved with higher temperatures. Wednesday at press time it was 43 above but with a warning from the weather office of colder, rougher weather ahead for New Year's day. High winds and a drop to about 5 above and snow is the forecast.

Married At Pleasant Valley Church, Celebrate Golden Wedding in Victoria

December 1st, 1958, Mr. and Mrs. Sidney R. Giles of 1686 Ruby Road, Victoria, B. C. were the honored guests at a family dinner, and later an 'at home' for friends and neighbors, to mark the occasion of their fiftieth wedding anniversary. Among the many beautiful gifts, flowers and good wishes, were telegrams from the Governor General, the Premier of Canada and the Premier of British Columbia.

Mr and Mrs. Giles were married December 1st, 1908 in All Saints Church, Pleasant Valley, Islay. Their families were early pioneers of the district. Mrs. Giles being the former Edith Gould, daughter of the late Mr and Mrs. Wynd Gould, who celebrated their 50th anniversary on December 9, 1925 at the Islay district home.

Out-of-town guests included their daughters Frances of Edmonton, Phyllis of Vancouver, their sons Bruce of Seattle, Albert of Edson, and their families. Two daughters, Bessie and Grace, and a son Donald and their families reside in Victoria. There are fourteen grandchildren and fourteen great-grandchildren.

Mr. and Mrs. Giles lived for a short while in Islay, then moved to Edmonton where they resided for many years before retiring to Victoria in 1944. They are ardent gardeners and the lovely results are easily seen in the spacious garden surrounding their home.

SQUARE NOTES From Circle 8

Hi, squaredancers. Christmas is over and we can settle down to regular dances once again. The Xmas dances were all well attended and from all reports were great successes.

We have a new reporter now, and the club would like to thank Leona for all the time and work she spent as club reporter in the past. She did a very good job.

Well, folks, you will notice that our next dance has been changed from Tuesday to Thursday, January 8, in order that we could have Henry Lien call for us. The change is for one dance only.

On Saturday night, the Vermilion club was very well represented at Blackfoot and everyone enjoyed a good dance. There was a good crowd and Harold Schacher kept the dancers warmed up all night.

Another year is upon us, and the reporter would like to take this opportunity to wish all squaredancers a Happy New Year and we hope to see you at our next dance on Thursday, January 8.

Highway 41 Regarded As Main North-South Traffic Artery

That highway 41 is regarded as an integral part of Alberta's system of highways running north and south and is a definite feature in the road plans of the province from now until completed from the U.S. border as directly north as possible to Cold Lake, was the good news given by Highways Minister Gordon Taylor to a very large delegation which waited on him in Edmonton on Monday afternoon.

The delegation numbering 45 members, was treated to a most courteous and interesting hearing by the Highways Minister. Mr. Taylor gave an over-all picture of the highway plans for Alberta. Highway 41 was classed in with 36 and 23, all highways running north and south, and these were second only to highway No. 2. He stated that the progress on east-west highways had progressed most satisfactorily and the time was now ready to give attention to our north-south highways.

Hon. Mr. Taylor gave a brief outline of the work required when planning a highway, also when building them. Highway 41 will be built to the same specifications as the new portions of highway 16.

The exact route from Czar on south has not been determined as reports of survey crews working on the possible routes had not yet been studied.

Acting as chairman for the large meeting was Mr. Henry Ruste, M.L.A. for Wainwright, who was a member of the Wainwright delegation, while arrangements for the hearing were made by Ashley H. Cooper of Vermilion.

The Vermilion delegation was comprised of C. J. McCormick, Angus MacMillan, E. M. Stewart, George Webb, Peter Noster and Ashley Cooper.

Two briefs were presented to Mr. Taylor, one from a committee representing the north half of the highway, and similarly one from the south. Mr. E. M. Stewart, who had prepared the brief for the north in consultation with the Board of Trade roads committee, acted as spokesman and made a most excellent presentation of the case for the new highway. His brief came in for commendation from the Highways minister. Mr Taylor also had words of praise and thanks to Mr Cooper and Mr. Ruste who he said were ready at all times to help the government with any problems or requirements in their respective constituencies.

Prior to the hearing with Mr. Taylor the delegation held a short meeting and luncheon together in the Corona hotel where a special dining room had been reserved. Mr. John Davidson was appointed chairman of the Highway 41 Association with Mr. McLeod also of Wainwright, as the secretary.

There is little doubt that when the program outlined by Highways Minister Taylor is completed, Alberta will have the finest network of roads in Canada, and the best constructed.

It was noteworthy that delegates came all the way from Cereal and Buffalo in the south to Elk Point in the north to attend the delegation, some travelling as far as 340 miles.

Dewberry Here For Saturday

Dewberry Juveniles will battle the local Bob Cats for two valuable points in a regular league fixture here on Saturday night. Game time is 8:15 and everyone should turn out and see these boys travel.

The game between Mannville and Vermilion scheduled for last Saturday evening at the Vermilion arena was postponed due to severe weather making it impossible for Mannville to gather together their team. The game is being played this Thursday night in the Vermilion arena.

Maidstone Jets Trim Tigers 13-1

Maidstone Jets went on a scoring bee here on Wednesday night and trimmed the local Tigers 13 goals to 1. The game was much more evenly contested than the score indicates but the visitors played a very tight defensive game while their goalie Graff, played sensationally.

Gerry Hardin scored the Tigers' lone goal. The Jet players fattening their averages were Rob with 2, Edwards 4, Young 4, Puddicomb 2 and Skroudland 1.

There were 201 actual paid admissions to the game.

Jim Ferguson and Bill Novak were the officials.

Celebrate 55th Anniversary

Mr and Mrs. W. D. Williams celebrated the 55th anniversary of their marriage on Dec. 30th. The day was spent quietly at home. In the evening they tendered a dinner and get-together to the members of their immediate family.

Those present with their families were Grace, Dale, Norman and Ray, also two great-grandchildren were present, a company of sixteen. Two daughters Violet and Doris were unable to attend.

Read First Standard Still Subscribes

Mrs. L. M. Winters, now resident at Vancouver, sends along her subscription to the Standard, and it is noteworthy that she has been a reader of the paper from its very first issue on May 19th, 1909. Mrs. Winters, one of the best known of Vermilion's pioneer ladies, asks the editor to convey her very best New Year greetings to all of her old friends.

New Hall Completed By Masons

The Vermilion Masonic Lodge has recently completed a new hall in the basement of their building. The hall is full size and is complete with all facilities, a lovely kitchen with cupboards, ladies and gents' washrooms, and storage space. The floor is laid with attractive tile. The hall is also furnished with 100 new chairs complete with new banquet tables and is available for rent.

The changes also included an addition on the front of the hall allowing for a roomy rotunda.

The Masonic hall was built in 1937 and this is the first change made in it.

Islay Baby Wins New Year Derby

A daughter born to Mr and Mrs. Laurence Gould of Islay has won the baby derby for the Vermilion hospital, also the prize for the first arrival of 1959 in the four hospitals of the area, namely Myrnam, Islay, Mannville and Vermilion.

This annual baby derby is sponsored by Clendenning's Family Wear. Little Miss Gould made her appearance on January 2 in the Vermilion hospital and so qualified for the $5 prize and her parents for the overall prize of $10 in merchandise given by Clendenning's.

Prizes still await the first babies to be born in the Myrnam, Mannville and Islay hospitals.

N. N. Bentley Tells of Life in Egypt

Newcombe Bentley, a former member of the Vermilion Rotary Club addressed the club's Friday luncheon meeting. Mr. Bentley spoke on Egypt where he spent the past year as a special investigator for UNESCO in the training of Egyptians in Agricultural Schools.

The speaker told of Egyptian deserts, the river Nile, the pyramids, the ancient city of Cairo, the people and the Arabic language.

Elmore Stewart introduced the guest speaker who he said was on leave of absence from his position as Principal of the Vermilion School of Agriculture for special duties in connection with agricultural education for UNESCO. Ross Doake thanked Mr. Bentley for his most interesting and informative address on a country in the middle east which we hear so much about these days.

Once again the Rotary club had as guests University students from this district who were home for the Christmas holidays. Most of the local students had to return to their studies but seven were able to stay over for the Rotary Club meeting. Their names are: Peter Kuper, Ann Stewart, Pat Bentley, Brent Long, Donald Galloway, Don Stewart and Clarence Mistal. They are all students at the University of Alberta.

Si Simonsen gave the speech of welcome to the guests. His remarks were very humorous and at the same time thought provoking. Altogether it can be said that it was one of the club's best meetings in quite a while.

Alberta Reviews Prosperous Year

Recession talk echoed from one end of Canada to the other during the past year. Unemployment figures rose menacingly federal and provincial governments introduced assorted pump-priming measures and winter works programs.

But if most of Canada was hit by recession, then Alberta must have been an island of prosperity by comparison. This is borne out by preliminary reports on the province's economy compiled by the province's bureau of statistics.

Value of manufacturing in the province for the year was approaching $[illegible] well above last year's $762,000,000. There were about as many people employed in 1958 as in 1957, although unemployment was higher because the labor force grew at a faster rate than job opportunities.

Retail trade was up an estimated 3.2 per cent at $1,245,000,000. Housing construction and the building industry in general reported major gains over 1957. While grain marketings were still down and grain farmers were feeling the pinch, increases in livestock earnings resulted in a major increase in overall farm income.

New industries establishing in the province, along with expansion of existing industries helped to keep the picture bright. A major factor was expansion of the petrochemical and chemical industries.

According to Dan Istvanffy, provincial statistician, industrial activity created jobs, kept money in circulation and helped to cushion Alberta against economic recession which was felt in other provinces.

The year ended with indications of a possible upsurge in the economy. Example: Retail sales to the end of October were up only 1.9 per cent. But for October alone they were up 9.7 per cent over the same month in 1957.

Examination Nightmares? Solution

School exams don't need to be nightmares according to a communication from the American Medical Association received.

Worst enemy of students is the feeling of fear. Most young people are not trained in methods of taking examinations, and remarkably few work out a really efficient system despite the frequent occurrences of tests.

A feeling of preparedness can be achieved through consistent study during the school year, rather than a last-minute boning up, the communique stated.

Here are a few pointers.

Prepare for the test physically. This means enough sleep. Make yourself comfortable in the test room. Try to sit near a window in good light. loosen your tie and perhaps take off your shoes.

Before starting to write, check the entire exam so that you know and understand what you have to do.

Allocate your time wisely. By answering the easy questions first you will conserve time and energy for the hard ones. Watch for these common errors which may cost you dearly: misspelled words, punctuation mistakes, sloppy writing, right answers on the wrong lines, correct answers with erroneous steps or processes and puzzling abbreviations.

Above all read over what you have written before you turn in your paper. Many errors can be detected in the final moments of a test.

They'll Get Bigger . . .

Farm units in Canada are going to get still larger, with greater capital behind them, run by managers and highly skilled employees.

That's what E. D. MacPhee, Dean of Commerce, of the University of British Columbia predicted before the annual convention of the B. C. Federation of Agriculture. "We may not like [illegible] trends," added Dean MacPhee, "but I know of no action on the part of any government or other administrative body which can reverse them."

In a little over a generation, comments The Financial Post, the average size of the grain farm in western Canada has doubled and few would argue that there is any end in sight to such expansion or that it will be confined to grain growing. The odd 160 acre mixed farm of pioneer days will soon be as much out of place in modern agriculture as the corner general store would be alongside today's supermarket.

Outlook for Wheat for 1959

Hereunder are excerpts from New Year's Day radio broadcast to western farmers by J. E. Brownlee, Q. C., President and General Manager of United Grain Growers Ltd.

"What is the outlook for wheat on this New Year's Day? The Canadian Wheat Board, with some assistance from the Government through the Colombo Plan hopes to dispose of some 300 million bushels of wheat this crop year. Over large areas the carryover of grain has been taken into storage and the Board hopes by the end of the year to take into storage practically all farm carryover. This is all to the good and if we look at the Canadian picture only the outlook would be much improved. There is less wheat in the Canadian show-window and [illegible]. Canada's great neighbor to the South has harvested the greatest crop in its history estimated at some one and one half billion bushels. Together with its carryover that country now faces the problem of disposing of well over two billion bushels of wheat or more than its total requirements for domestic and export purposes for two years, and it is difficult to see how the U. S. can dispose of such enormous surpluses without causing Canada harm.

"With full recognition of the neighborly desire of the people of the United States to avoid hurting us, their great surplus of wheat constitutes an ever present threat to Canadian producers, both from the standpoint of prices and of markets.

"There is much talk today of the danger of further inflation. I fear this must be listed as the second threat to Western agriculture. Those engaged in other industries, businesses or professions can pass along to others by increased prices any increased costs due to inflation. The laborer can insist on higher pay. The farmer, especially the wheat farmer, must sell his product at prices fixed in the export market. He cannot pass increased costs along. The price-cost squeeze becomes tighter.

"Like most kinds of medicine the remedy is not tasteful. It will only be found in the support which the people will give to less government spending and to all necessary efforts to regulate more closely the factors which enter into the cost of goods.

"One cannot review the events of 1958 without realizing that there is one other encouraging sign for Western farmers. That is found in the evidence that the Government of Canada realizes the fact that the Western farmer faces an emergency which is not of his creation, that he has suffered for many years from the consequences of efforts by other countries to foster their agriculture and to improve their production by heavy subsidies and guarantees.

"Such measures as interest free cash advances on farm stored grain, price supports guaranteeing 80% of the ten year average on many farm products and acreage payments to producers on a basis of $1.00 an acre, have been of tremendous assistance to agriculture.

"To me the significance of these payments is of more importance than the payments themselves, even though these totalled some forty million dollars. They must be accepted as an indication that the Government realizes that Western farmers cannot compete against the combined treasuries of other nations, and that substantial price support will now be given annually while present marketing conditions are keeping export prices down to near present levels."

"GREEN ACRES"

Last week, Pest Control Officer Cundiffe, for M.D. of Vermilion River, located rats on two farms. The owners of these farms did not report having rats although in both cases they knew they were there since last July. Rats cannot be held in check unless the farmers concerned co-operate better than that. Small outbreaks last July could have been snuffed out easily but now there are likely dozens of rats around the buildings. Also, it is likely that some have spread to neighboring farms. There is such a thing as the Golden Rule. "Do not do to your neighbours as you would not want them to do to you."

FINISHED CATTLE

Last fall a lot of feeder cattle went from Alberta to United States and it is still going on. Recent reports tell of finished cattle being shipped from U. S. to Toronto and Montreal. Choice steers are quoted at $25.50 at Edmonton now. I guess we missed the boat by selling feeders with all the feed grain we have in this district. We should have known when there was such a big demand for feeders last fall that those hard headed cattle men in U. S. A. knew what they were doing.

FROZEN CREAM

D. H. McCallum, Alberta's Dairy Commissioner says, "do not let cream freeze." Sampling of frozen cream is practically impossible at the creamery. Then there is a mealy appearance and rough taste of butter made from frozen cream. This means lower grades.

SPREADS IN HOG GRADES

It has leaked out and is now common talk that the spread in hog grades will be wider before long. Now is the time to get into better breeding stock and prepare for the higher prices that will likely be paid for grade "A" pigs. Pig raisers in Vermilion River municipality are being urged to get pure bred Yorkshire boars. This municipality has a pure bred sire law. Farms are now being checked for grade boars and a report will be published before long.

POULTRY HOUSE WINDOWS

A new trend in United States is to do without windows in laying houses. A poultry farm in Ohio has built a poultry house for 5700 HY-bred laying hens. There are no windows in this house. One hundred and sixteen 60 watt lamps come on at 4 a.m. and switch off at 8 p.m. Ventilators, temperature and feeding are all automatic. This is what farmers with a few hens have to compete with.

HOG GRADES SLIPPING

Only 20 per cent of hogs in Alberta made "A" grade so far this year. In 1957 it was 21 per cent. In Saskatchewan the figure is 27 per cent and Ontario has 34 per cent grade "A" pigs. In fact, hog gradings are the lowest in Alberta for all Canada. This is something we are not proud about. Don't the farmers want the spread between grades and the government premium? Some of them do because quite a number get 60 per cent grade "A" pigs and some as high as 80 per cent. Everyone knows the secret "good breeding and good feeding and sell at the right weights."

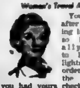
Lady Curlers At Mannville Organize

MANNVILLE — Members of the Mannville Ladies' Curling Club met at the rink Saturday last for the organizational meeting, with 9 members present. Reports of last year's annual meeting by the secretary and treasurer were heard, and adopted. New officers elected were: Pres. Mrs. L. Boe; 1st vice pres. Mrs. M. Mercer; 2nd vice pres. — Mrs. E. Matney; Secretary — Mrs. J. Coxford; Treas. — Mrs. D. Haslnoff; Draw Committee — Mrs. A. Gerhart and Mrs. E. Matney. Auditor is Mrs. A. E. Williams. It was decided to open the season with an open right and left draw for anyone wishing to come on Tuesday night. Rinks will then be picked and unfinished business attended to.

Tips on Touring

By Carol Lane
Women's Travel Authority



You do more after-dark driving in winter — so it's especially important to have headlights in perfect order. When's the last time you had yours checked?

Provincial inspections show that nearly half the cars on the road today have mis-aimed headlights. Since they are detachable, road shock is likely to jar them out of aim after only a few months of driving.

Headlights aimed too high or too far to the left can blind oncoming motorists. Headlights aimed too low or to the right do not shine far enough ahead to pick out obstacles in the road in time for a safe stop — especially in winter.

When lamps are aimed only 3 inches too low, nearly half the light is lost 300 feet ahead. When they're aimed three inches high, glare is up 70%.

Be safe. Have your headlights checked now.

Other night-driving advice: If your lights flicker have the wiring and battery tested.

If all the lights go out, it's probably defective wiring or a blown fuse. Always carry spare fuses. If you don't know how to replace one, any Shell service station attendant can show you how.

Check your tail lights too. It's easy to drive for miles without knowing one is out.

Carry a roll of reflector tape in the car. If lights fail, apply some tape to the bumpers so other cars can spot you.

Junior FUA Announces Plans For New Provincial Camp

The tenth annual Farmers' Union of Alberta convention was the first to hear of the plans and objectives of the Jr. F.U.A. Gold Eye Camp project.

Jr. F.U.A. President Dean C. Lien outlined to the assembled body the purposes, aims and objectives of the camp. The convention was told that arising out of the Jr. F.U.A. annual meeting last June a committee was appointed to investigate the possibilities of a youth camp to be devoted to education and training of the Farm Young People of Alberta.

Mr. Lien announced that the Jr. F.U.A. had acquired land on the east side of Gold Eye Lake, which is situated six miles west of Nordegg. The campsite is in the Eastern Slope Rocky Mountain Conservation area and the land is being leased from the Province of Alberta. The camp area is central to a system of roads that makes it easily accessible from all areas of the province.

Mr. Lien stated that electricity at present was within four miles of the site and it would not be a difficult task to bring it to the area.

The purpose of the camp is to provide an educational, recreational and leadership training ground for the farm youth of Alberta. The camp will be used to conduct leadership courses to train the youth of Alberta in such things as public speaking; debating; chairmanship and procedures used for organizing clubs; the proper conduct of meetings, etc. "Above all, our youth should learn fellowship and friendship with young people who have similar aims," concluded Mr. Lien.

The convention was then shown slides of the areas showing the type of scenery that will be visible while F.U.A. members are attending the area.

First vice-president of the Jr. F.U.A., A. F. McCalla, then told the convention that the camp committee had set an objective of $35,000 to be raised by the organization for the project. Mr. McCalla told the delegates that if we take a figure of there being 400 active locals in this [illegible] an amount of $100 [illegible] will raise $40,000, well over the objective. $100 per local is not an insurmountable figure and can easily be achieved by a unified effort by the members of the organization.

The convention was told that in the next three months, the Jr. F.U.A. directors throughout the province would be calling on every local to solicit support. The funds are to be raised by a direct appeal to the members of the F.U.A.

In concluding, Mr. McCalla stated, "To you we intrust the responsibility of being missionaries to take the news and needs of the camp to your home locals. If each and every one of you fulfills this task, the project cannot fail. The success or failure of the Jr. F.U.A. camp lies with you."

Reception Honors Newlyweds

An enjoyable event of the Christmas season was the reception given by Mrs. Rose Harle in honor of the recent marriage of her elder daughter Constance Joan to Mr. Stewart Ashley Cooper. The reception was held on Saturday evening, January 3 in the United Church hall. One hundred and eleven signed the guest book despite the very cold weather prevailing.

The guests were received by the hostess Mrs. Harle, the bride and groom, Mr. and Mrs. Ashley Cooper, parents of the groom, and Mr. Bob Bentley, the best man.

Miss Lois Cooper was in charge of the guest book.

Mr. Bob Bentley acted as toastmaster for the evening. The toast to the bride was ably proposed by Mr. Henning Haverslew, a lifetime friend of the Harle family. The toast was replied to by the groom.

Pouring tea were Mrs. Robert Burns, grandmother of the bride, Mrs. Thomas Bothwell, grandmother of the groom, Mrs. E. M. Stewart, Mrs. A. G. Stone, Mrs. B. A. Macnab, Mrs. G. F. Stephens.

Serviteurs were Miss Alayne Stone, Miss Joan Stephens and Miss Ruth Stewart.

Out of town guests attending the reception were Mr. and Mrs. Robert Burns, Mr. and Mrs. Wm. Burns, Mr. and Mrs. Maurice Nowlsky, all of Wainwright; Mr. David Love, Shirley, Lanny and Brian, Mrs. Verna Straub and son Paul, Miss Patty Lowrie, Mr. Robert Bentley, Mr. and Mrs. Gerald Harle, all of Edmonton; Miss Lynne Svenson of Minburn; Miss Joan Johnson of Lloydminster; F.O. Bob Hemmingway of North Bay, Ont.; Mr. Herman Eyben, uncle of the bride from Cloverdale, B. C.

The young couple will reside in Wainwright where the groom is employed by the Wainwright Producers and Refiners at their refinery. The bride, who is a graduate of the University hospital, is a member of the nursing staff of the Wainwright hospital.

Happy Silver Wedding Anniversary Celebrated At Dewberry

DEWBERRY. — December 11 saw a very happy gathering at the farm home of Mr. and Mrs. Harold Craige of Dewberry, the occasion being the silver wedding anniversary of the popular couple. Over fifty relatives and friends attended to help the bride and groom of 25 years ago celebrate the happy occasion. Miss Evelyn Parker entertained with two solos and a good old-fashioned visit was enjoyed by all present.

In a fitting and humorous speech Mr. John Anderson presented the bride and groom of yester-year with a chest of silver in the White Orchid pattern and a three-tiered wedding cake from their many friends and relatives. The cake was made by Mrs. Sol Lemp and decorated by Mrs. Vic Dennil.

Several pictures were taken during the evening. Mr. and Mrs. Craige thanked everyone in a few well chosen words for their kindness and thoughtfulness. A beautiful lunch was served by Mrs. W. Parker, Mrs. S. Lemp and Mrs. W. Curtis, assisted by several other ladies of the party.

The wedding cake was cut and served, being very much enjoyed by all. Many more happy years are wished this worthy couple.

It was nice to see Mrs. Nina Craige, mother of the groom there looking very well and enjoying herself. She celebrated her 90th birthday recently.

'The Bible Today'

The beginning of a New Year is the time for a look at the distant scene. Most of us stand appalled, if we think at all, at what presents itself before our eyes. The Scriptural statement, "darkness hath covered the earth, and gross darkness of the people," seems to have come to pass in many forms. Is there any remedy? Surely, if we are honest with ourselves we shall see it in God's word! Looking at the scene can only make a man fear if he has no inner confidence, no calm assurance, no faith in the ultimate triumph of good. These things are found in the quiet meditative study of the Bible. Read it each day and you will be able to say with a great hymn writer "One step enough for me."

SUGGESTED READINGS FOR THE WEEK

WOODVALE NOTES

Let's start the new year with congratulations to Mr. and Mrs. Fred Kottmeier who celebrated their 40th wedding anniversary on Jan. 1st with a dinner party to which almost everyone invited managed to come, but the increasing storm of that day kept most friends and relatives away from the planned reception. But best wishes for many more years of happiness will continue to reach them for a long time.

[illegible] was taken ill with severe pains and removed to the hospital just before Christmas but we are [illegible] to hear that she was allowed to go home after a few days. We are sorry she is still not feeling too well and sincerely hope she will soon be in good health once again.

The school concert was from all reports, a grand success and the hall filled to overflowing. Next thing we'll be needing an auditorium here too. Despite the overcrowding everyone enjoyed the afternoon and the excellent performances of the children who in their turn liked Santa's visit and all the Xmas cheer and good things to eat.

Mr. and Mrs. A. McQuid spent Christmas with their daughter and family in Calgary.

Keith Lyons and Florent V[illegible] Wageningen traveled just a bit further to celebrate Christmas week with friends in Banff.

Mrs. Margaret Watson had [illegible] at her home for Christmas [illegible]. This is the biggest festive gathering we have heard of.

Mr. and Mrs. Paul G[illegible] [illegible] of Vermilion [illegible] Dec. 21st [illegible] daughter [illegible] Crooks of [illegible]

Mr. and Mrs. [illegible] and little [illegible] holiday trip [illegible] New Year's week with [illegible] parents Mr. and Mrs. F. C[illegible] sister [illegible] baby from [illegible] for a few days.

Frank Watson [illegible] convention report to a well attended F.U.A. meeting and Mr. Carl Markland [illegible] impressions [illegible] the convention [illegible] a very interesting evening.

The surprising [illegible] change of weather [illegible] will be good as a topic of conversation [illegible] come and the first day of 1959 one long to be remembered. It kept a lot of people at home [illegible] who otherwise would have enjoyed New Year's visits and dinners. [illegible] many friends and former neighbors from the funeral of Mrs. Florence [illegible] who was [illegible] death [illegible] at such an early age was so much regretted and mourned by all. To her husband and children [illegible] parents Mr. and Mrs. Dick Tea[illegible] and brother and sisters goes everyone's sincere sympathy.

Women's Institutes Reports

CREIGHTON

The members held a Hobo tea at the home of Mrs. O. Bauer during October. Mrs. [illegible] entertained her visitors by demonstrating the making of a [illegible] form. November the roll call was answered by donating a toy for the local hospital. The treasurer reported [illegible] a donation to the local library and money to the A.W.I. Girls Travel fund. Magazines were also sent to the Mental Health Association. Quilt blocks for the Tweedsmuir Handicraft competition were given to the members to commence work on. The annual meeting saw election of the following new officers: President — Mrs. Ernie Bauer; Secretary — Mrs. Arthur Westover; [illegible] — Mrs. Frank Scott. Roll call — a Christmas reading. Gifts were exchanged during the social hour and Mrs. F. Scott won the mystery.

PRINCESS ANNE

At the November meeting the members enjoyed an interesting talk on Christmas gift and bazaar items by Miss Donna Shantz, District Home Economist. They were very pleased to have the ladies of the Clandonald W.A. and the Allandale W.A. with them as guests at this meeting. Social Service convener reported sending another box of birthday gifts and used clothing to the C.M.H.A. December roll call was an exchange of Xmas gifts. Plans were completed for the district Christmas party. New officers elected for the year were as follows: President — Mrs. George Richardson; Secretary — Mrs. Alan Mead; Vice-Pres. — Mrs. R. Strome; Treasurer — Mrs. W. McIntyre.

VERMILION

Members sponsored a magazine subscription drive which netted the price of two wheel chairs and extra money to buy crutches to loan to those needing them. These were all given to the local hospital. Money was sent to the U.S.C. and each W.I. meeting is announced on the Rotary Birthday calendar. The November meeting had an [illegible] feature, the husbands of the W.I. members were invited to a wonderful pot luck supper followed by a social evening of whist complete with prizes. The members were happy to welcome Mrs. J. F. Prill as a new member to their December meeting. Social Service convener reported 29 sick calls made and three get-well cards sent. Two 'foot of nickels' filled and sent to the Cerebral Palsy fund. Mrs. Harry Marfleet offered to donate and send all the Xmas cards to patients in the local hospital. Vermilion W.I. has the honor of having Mrs. Fred Maddex as one of their members. Mrs. Maddex was a charter member of the first W.I. in Alberta, which was formed at Lea Park. She joined in 1909. This is certainly a record to be proud of. Election of officers saw the same slate of officers returned for the new year: President — Mrs. O. Clark; 1st Vice-Pres. — Mrs. J. McCaig; 2nd Vice-Pres. — Mrs. Gordon Dunsmore; Secretary — Mrs. T. H. Davis; Treasurer — Mrs. Joe Green. An exchange of Xmas gifts followed.

KITSCOTY

Kitscoty W.I. reported that the 'Shell Out Tickets' for the Crippled Children's Hospital and sponsored by the school [illegible] assisted by the W.I. was a huge success. A big thank you to the teachers for their effort. The roll call for December was "Secret Pal of 1958", when each member found out who her secret pal was, receiving a gift with hidden pal's name on it. The annual tea and sale of work was very successful and the money received from it was most wisely used by donating to the Canadian Mental Health Association, new classroom at Lloydminster for retarded children and Arthritis and Rheumatic fund. A large box of [illegible] clothing, etc., was packed and forwarded to the Marion Centre in Edmonton. C.M.H.A. gift cards given to members who had made up and sent a Xmas parcel to a mental patient. Mystery parcel was won by Mrs. Chas Miller.

WILDMERE

Roll call was answered by how to deal with minor ailments. Mrs. A. Holte gave an interesting talk on "A Grain of Sand" telling how important it is to all buildings, roads, making clothes water repellant, preventing ice from forming etc. Plans were completed for the annual Xmas tree and party for the district sponsored by the Wildmere W.I. It would have been worth being there just to have watched the Hula Hoop contest. Who won? Mrs. W. Steele was a most welcome visitor, a former member prior to leaving the district. At the December meeting the following officers were elected: President — Mrs. Howard; Treas. — Mrs. A. Holte; Secretary — Mrs. Noel Garnett.

HAZELDINE

Meeting was held on Remembrance day and all members wore a poppy for roll call. Most of the meeting was spent in arranging the pot luck supper to be held for their husbands and families in the community hall, sixty in all. Hazeldine members plan to hold special Handicraft meetings each week to learn new crafts. The molding of plants using liquid plastic as a medium will be their first study. Mrs. W. Romanchuk entertained the members with a riddle contest which Mrs. N. Romanick won. December roll call answered by an exchange of gifts. A warm welcome was extended to the two new members, Mrs. Ray Bendixon and Mrs. [illegible] Williams. I would also like to say "welcome". Election of officers followed: President — Mrs. [illegible] MacLean; Vice-Pres. — Mrs. Thorwald Farborg; Secretary — Mrs. Andrew McAfee; Treasurer — Mrs. Wm. Romanchuk; Directors — Mrs. John Whiteside, Mrs. Guy Williams and Mrs. Roy Bendixon.

SALTAUX

This W.I. reported catering to an auction sale which netted a nice return for their efforts. The Christmas project was a cup and saucer to be presented to a W.I. friend. Money was donated to the TB Seal fund, the Cancer fund, Library fund and money given to a local boy to help purchase a tape recorder to aid in his studies. Social Service convener also reported giving three baby spoons to new district arrivals, perhaps some future W.I. members. Saltaux ladies were pleased to have six visitors at their December meeting to enjoy the Xmas party and exchange of [illegible]. The visitors were Mrs. James Smith, Mrs. A. Grech, Mrs. Fred Mitz, Mrs. Bud Staden, [illegible] Ted Prior and Mrs. Prior Sr. Election of officers followed: President — Mrs. Ted Ilchuk; Vice-Pres. — Mrs. Art Pheasey; Secretary — Mrs. Cliff Emmott; Treasurer — Mrs. Roy Johnston.

FIVE POINT

A talk on Banff U.N. Workshop by Miss Jacqueline Hasinoff made an interesting meeting for November. Money was given to the local library. The roll call for December was a Xmas hint. During the month a house-warming party was held for Mr. and Mrs. Robert Gordon, sponsored by the Five Point W.I. A happy evening was spent and Mr. and Mrs. Gordon were presented with a hostess chair. Election of officers saw the following members appointed: President — Mrs. Douglas Clark; Vice-Pres. — Mrs. W. Ross; Secretary — Mrs. Harry Modin; Treasurer — Mrs. Ed Summers. Gifts were exchanged and the kiddies were given candy bags.

RAMSAY

Ramsay W.I. members heard an excellent talk by Mrs. Alex Henderson on L.S.D. which is a drug used in research in mental health and in treatment of alcoholics and neurotics. To many under its influence it seems a gateway to a mystic world where one seems to be feeling and hearing with the soul. It gives the realization that regardless of race, color or creed all are drops in an infinite ocean held together by an infinity of love. The members enjoyed and appreciated the report of the Commission on the role of the home in education. An open letter by Mrs. I. Taylor who is a member of A.R.C. was [illegible] and discussed. Donations were made to the Mannville Library Board and the Mental Health Association. A layette was assembled in response to Dr. Hitschmanova's plea. December roll call was answered by gifts to be sent to the Mental hospital. Members were happy to welcome Mrs. Carmen Hughes as a visitor. The Christmas Hamper to be raffled on Dec. 19 was planned. Invitation was received from the Claysmore W.I. to attend their December meeting when Miss Donna Shantz will demonstrate basketry. This was accepted. Present slate of officers was returned for another year, namely President — Mrs. Alex Henderson; Vice-Pres. — Mrs. James Gosko; Secretary — Mrs. T. Henderson; Treas. — Mrs. Joe Horricks. The members enjoyed the slides shown by Mr. Edward Sloan of his 1958 holiday.

CLAYSMORE

Members were pleased to welcome Mrs. T. Nelson, Mrs. P. Willes and Mrs. Pawla to the November meeting. Social Service convener reported sending three gifts to Mrs. G. Watling, Mrs. R. Lynch and Mrs. M. Malek. A box of used clothing to be sent to the Bethany Home at Gwynne. Money was also sent to the Cancer fund and to the Unitarian Service committee. Plans were completed for the annual Xmas tree and party on Dec 19th. A game of charades completed the meeting. In December Claysmore W.I. entertained the Ramsay W.I. [illegible] each person making one under Miss Shantz's careful supervision. It was highly enjoyed by the visitors. The following officers were elected: President — [illegible]; Vice-Pres. — Mrs. B. Woyewitka; Secretary — Mrs. Jack Willes; Treasurer — Mrs. Harry Williamson; Auditor — Mrs. M. Woyewitka.

[illegible]

Wildmere Beavers Girls' club reported holding a most successful bazaar. One nice necklace was still unsold so it was raffled. Mrs. Roy Dibben, the supervisor spoke on the Handicraft that the girls are to make to enter at the Olds convention for the Girls' clubs. Plans were made to make Christmas gifts for the mothers. All the proceeds from the Hallowe'en party were sent to the U. N. International Children's Emergency fund.

APPRECIATION TO THE STANDARD:

I would like to take the opportunity at this time to express my thanks to the editor and the staff of the Vermilion Standard for the space allowed me during this past year in order that I might bring the W.I. reports to all the W.I. branches in the Vermilion and Alexandra constituency.

May I wish the editor and staff and all my readers a very Happy and Prosperous New Year.

Edna Sloan.

PARADISE VALLEY NEWS

Happy New Year to all. May peace and happiness reign in our fair land during the year 1959.

Christmas with all its festivities is over for another year. The weather was mild and roads very good, enabling members of families to get together for the re-unions which make for so much happiness at this time of year.

The Family Christmas service held in the United church on Dec. 21st in the evening was well attended, with extra chairs being brought in and we hope not too many were left standing. This very fine service of Christmas fellowship was made possible by all the groups in the church and Sunday school co-operating and working together with Rev. I. MacDonald.

The town and community were shocked and saddened when the word came on Christmas morning that Mrs. N. A. Brown had passed away in the Lloydminster hospital. A kind mother, a good neighbor and friend who will be missed by many. We extend sincere sympathy to the bereaved ones.

Mr. and Mrs. L. B. Nicholson of Edmonton spent the Xmas holidays with the Art Nicholson, Parke Dobson and Reg Dobson families, returning to Edmonton to spend New Year's with the rest of their family, who reside in Edmonton.

Mr. and Mrs. W. A. McLean and Brent left on Dec. 19th for Ontario where they intended to spend Xmas and New Year's with their daughter Beth and family. Mrs. M. McAmmond Sr. accompanied them to Toronto where she will visit relatives and friends.

Congratulations to Mr. and Mrs. Joe Churchill on the birth of twins, a boy and a girl.

The Church of God carol singers were very much enjoyed.

Mr. and Mrs. Frank Venner and son spent Christmas at the George Venner home. Ken Venner of the R.C.A.F. who spent an extended holiday at home has been posted at Namao, Alberta.

The Christmas Capers held in the school auditorium on Dec. 22 provided a gay and happy time for all, young and old alike. Miss Ellen Teasdale was crowned queen for 1959. Congrats Ellen. The A.T.A. local here award each year a scholarship to the grade 9 student with the highest standing. Mrs. A. Vennance, grade 9 teacher, presented this award to Miss Linda Stepenoff. Well done Linda, and congratulations.

Mr. and Mrs. Don Levitt spent Christmas with Joan's relatives in Edmonton. Mr. and Mrs. N. Aspislet were at the A. Levitt home. Mr. and Mrs. Stan Westley, Mr. and Mrs. M. McDonald and Mr. and Mrs. Gordon Guy of Edmonton spent the Xmas holidays at their respective homes.

Also home for the holidays were Miss Gloria Baxter from the Royal Alex hospital, Miss Shirley Wiley from the University hospital; Misses Sharon Walter, Helen Krawchuk and Marion Holgate from the U. of A.; Miss Gloria Elliott and Ernie Walter from Edmonton and Art Swayne from Red Deer.

Mr. and Mrs. A. Jorgensen and son of Dawson Creek spent Christmas at the Swayne home. Mr. Jorgensen returned home after Xmas but Kathleen and son will spend a longer holiday with her parents. Mr. and Mrs. Alex Henderson and family of Mannville and Mr. and Mrs. Leroy Howe and daughter of Rivercourse also spent Xmas at the Swayne home.

Mr. and Mrs. B. Baxter spent Christmas day at the Horace Cottrell home in Fabyan.

Mr. and Mrs. Lewis Vice spent a couple of weeks holiday with relatives and friends. Mr. and Mrs. Bud Block have charge of the dairy while they are away.

Congratulations and very best wishes are extended to Mr. and Mrs. Harry Espenant (nee Marion Fulgham) who were married in the Church of God on Dec. 22nd. A lovely shower was held in the church basement on Saturday, Dec. 19th for Marion, by her many friends.

Ken Alfke, son of Mr. and Mrs. Curtis Alfke, returned home on Wednesday last week from attending the Tuxis and older boys parliament in Edmonton.

CARD OF THANKS

The members of St. Mary's Anglican Church choir, Landonville, wish to thank their many friends for kind recognition of the choir's carolling at Christmas.

Elsie Mazepa, President.

—S—

CARD OF THANKS

I wish to sincerely thank everyone for the cards, gifts and words of encouragement received, and to wish one and all a Happy and Prosperous New Year.

Mrs. Emily McLean.

MAIDSTONE WINS 9 - 3

Playing at Maidstone last Saturday night the Vermilion Tigers lost 9 goals to 3.

It's where you get to — not where you start from — that really counts in the battle of life.

"This is one of those weeks that we didn't publish all we knew," went the newspaper editorial. "For which many may be thankful."

OUR LETTER FROM EDMONTON

Socreds Offer Amazing And Concrete Program To Province

by KEN MASON

EDMONTON — Premier Manning's five-year development program has to be rated as the top political news item of the year in Alberta.

The gigantic program was billed as an anti-recession development measure, but in addition it can be regarded as a step aimed at gathering some votes for Social Credit in a general election which will probably be held next year.

The premier's announcement of the program was a shrewd piece of work. It came out on the eve of the Progressive Conservative leadership convention and it was quite successful in overshadowing the Tories as they laid the groundwork for their first major assault in Alberta in years.

It was Social Credit's five-year plan which set the stage for the impending election battle. The Socreds are staking their future on it, pitting it against the best weapons the Opposition parties have to produce.

By the middle of December, some 60 candidates had been nominated by all parties to contest the 65 ridings which will be at stake in the next election. Social Credit was out in front with 30 candidates in the field.

It became clear before the year was out that Social Credit's five-year plan would be the main issue in the election. While the plan has received an immense amount of publicity, there are some features which bear repeating here because they show how determined the Socreds are to return to power.

The special projects to be undertaken over the next five years make up only a part of the five-year plan. All departments of government are extending their programs, and in the past few months there has been an avalanche of government announcements which won't hurt Social Credit's prospects at the polls.

A few [illegible]

1. Effective last August, the gasoline tax was abolished on fuel used in farm trucks.

2. Ukrainian language will be taught in high schools starting next year.

3. More than $1,000,000 a year will be spent on an expanded scholarship program.

4. Government - guaranteed farm home improvement loans will be available next year.

6. The government will assume capital costs of hospitals, and nursing home care for chronic patients will become part of the existing Alberta hospital insurance [illegible]

7. The municipal Finance Corporation — suspended after a year of operation — will be revived and will borrow an estimated $70,000,000 next year to finance municipal, school and hospital projects.

Naturally, this is going to cost a heap of money. But Social Credit has a healthy bank account, built up during the big years of the oil boom. That account will be drawn up to the extent of $200,000,000 to $208,000,000 during the next five years to finance the program. It will porbably mean a budget of around $300,000,000 to be approved during the next session of the Legislature.

SOCREDS HAVE CONCRETE PROGRAM

Some political observers are already predicting a Social Credit victory on the strength of the five-year plan. Opposition parties claim the plan was stolen from their suggestions but the fact remains that the Socreds have the only concrete program to offer. It leaves the Opposition in the embarrassing position of being unable to criticize the program, except by saying "we would have done it sooner" or "Social Credit is finally coming around to our way of thinking." The fact that Alberta has the funds for such an amazing program speaks well of the Social Credit administration of the past 23 years.

Discouraging as the picture may seem, Liberals and Conservatives are both hopefully predicting Social Credit will be toppled. Liberals are basing their hopes on J. W. Grant MacEwen, MLA, Calgary agriculturist and former university professor who was chosen new leader to succeed J. Harper Prowse. Conservatives are relying on W. J. C. (Cam) Kirby, MLA, Red Deer lawyer, their first provincial leader in 21 years. The CCF party is being led into battle by Floyd Johnson, Edmonton, long-time party worker and executive.

It's too early to predict what will happen, except to say that 1959 promises to be an interesting year from a political standpoint.

NEWS from ISLAY

Mr and Mrs. Potvin, Garfield and Bill visited at the home of the French's in Vermilion during holiday time, for a day.

The Potvin home had many callers during the holiday week, among them Dr. and Mrs. Evans and children; Mr. and Mrs. Roger Lemp of Edmonton; Miss Isobel Kennedy of Edson (Isobel teaches grade 2 in that town where there are 54 teachers on the staff). Isobel was at the home of her mother and brothers for the holidays; the Moncrieff family were among the callers at the Potvins, also Mr. George Groves and Eddy Duddy.

Mr. and Mrs. John Maire and three boys were at the Purser home in Dewberry on New Year's day.

On Saturday night visitors at the Ed McFadyen home were Mr. and Mrs. John Thompson and Mrs. Thompson's sister Ruth. Miss Marion McFadyen was home from Edmonton for some of the holiday.

Bill Potvin played on the Kitscoty high school rink at the high school spiel in Wainwright during the Xmas holidays. Donnie Martin played on one of the Vermilion rinks.

Mrs. Dave Buchanan was an afternoon caller at the home of Muriel and Gladys Stone Wednesday, Dec. 31st. Mr. Jack McNeeley kindly sat with Mr. Buchanan.

At a gathering on Xmas day at the home of Mr. and Mrs. Dave Buchanan were Mr. and Mrs. Jim Hanna (Verna) and family; Mr. and Mrs. Russel Buchanan and four boys, and Mr. Bill Hanna, Margaret, Bill and David.

The Islay Home and School meeting which was to have been held on Tuesday, Jan. 6th has been postponed to Jan. 13th due to the very cold weather. Mr. Ken Stone of the V.S.A. staff will address the meeting. Parents and teen-agers are cordially invited.

News from Dewberry

Sympathy of the community and writer is extended to the Boyce family on the sudden demise of their sister Mrs. Mary Hibbert of Edmonton, also to husband and family in their loss.

Sympathy also to all who moun the loss of Mrs. Lawrence Axley. "Flossie" was well and favorably known hereabouts. "We know not what the years may bring — nor whether the years shall be."

The Dewberry Curling club has been re-organized. The men expect to have twelve rinks and the ladies six. Officials of the men's club are: President — Ben Timanson; Vice-President — Ralph Lunden; Secretary — Loyal Krawchuk.

The Dewberry J[illegible] hockey team played a good game on Dec. [illegible] coming out winners over Mannville 11-4. Score at the end of the second period was 5 to 4. Two players of outstanding merit for Dewberry are Johnny Machon and Fred Rainey. Keep your eye on this team, folks, and support them — they intend to make it a worthwhile season.

The Dewberry Pee Wees are organizing and weather permitting, were scheduled to play on Saturday.

This interesting item was handed in to me for publication. While hunting big game last fall Louie Garnier of Clandonald bagged an almost totally blind moose. It had horns on one side of its head only. The animal had confined himself to a location where feed was good and beside a little stream. The head was left with the game branch at Lodgepole, the area where Louie was hunting. It was said upon examination that the moose's eyesight was very poor and had been for a long time. It was surmised the big fellow would not have survived the winter.

Returns from the annual New Year's Eve frolic this year will go for rink operations. Mr Neil Jones has completed installing the new lights on the rink.

Congratulations to Mr Tommy Thomas who was 79 years old on Dec. 31st. He is one of our real old timers, coming here in 1910. Many more happy birthdays Mr Thomas.

Visiting for the festive season in the Dewberry district was Les Sikora from Camp Borden, with his mother; Mrs. Grace Wood at her uncle's Mr. Jack McGillawee; Mrs. Bob Wade of Edmonton at the homes of her daughters', Mrs. Ernest and Mrs. Erven Garnier; F/O Gary Garnier at the Chas. Kinshella home; Jimmy Munro and family of N. Battleford and Tom Jarrett of Edmonton at the Dave Munro home; Eugene Maltais at his parents', Mr. and Mrs. John Maltais; Mr and Mrs. Dick Elliott had several of their family home; At the Gordon Wilson home were Mr. and Mrs. Arley Wilson and family; Mr. and Mrs. Roger Lemp of Edmonton were at the Philip Lemp home.

Philip [illegible], Miss Donna Young, flew to Vancouver to visit Philip's parents, Mr. and Mrs. Will Porter.

Mr. Neil Jones is the latest to install a TV set and is hoping for some good programs and reception.

Weather is the topic of general interest just now. Forty above on the afternoon of the 31st, then at midnight the storm forecast for the area struck with a 20 below reading and a wind chill of 60 below!

Hi there Mrs. J. S. McKay of Edmonton, I got your message and will do as you say. Glad you still enjoy the Standard.

Hello Ivy and girls.

To everyone we wish that 1959 will be a happy and prosperous year.

The F.U.A. meeting of Jan. 12 will be held in the John Anderson home.

Other visitors here were Mr. Kenneth Porter of Edmonton at his parents, Mr. and Mrs. John Porter, and Lorne Braithwaite at his parents, Mr. and Mrs. Joe Braithwaite.

WHIST DRIVE

The W.A. to Canadian Legion is holding a whist drive in the Legion hall on Friday, Jan. 16th starting at 8 p.m., and again featuring the travelling prize. 26-7

Pleasant Valley

The writer and husband are the very proud grandparents of the daughter born to Laurence and Chrissie Gould on Jan. 2nd. This baby was the first born in 1959 in Vermilion hospital, and thanks to Clendenning's Family Wear, even the proud papa came in for an award of a new shirt.

The wind is still whistling and temperatures are low, but we are fortunate that inside our home it is warm and cozy. It gives one a chance to catch up on their reading.

Garfield Potvin left on Saturday for the north country. We hope he made it safely. Roads in some places are like a skating rink.

Mr. and Mrs. Fry visited their daughter Pearl Giles and family on Christmas Day.

Albert Dupuit spent a few days in Edmonton visiting his wife Idie.

Christie Clarke's sister Olive and family were dinner guests at Christie's home for New Year's.

Percy Gotts and family went to Edmonton for New Year's dinner. Their daughter Barbara is on the telephone staff there.

Dr. and Mrs. Evans were callers at the Potvin home during the holidays, also the Moncrieffs.

How many read about the 4-legged duck that was shot last fall up at Keg River? I guess it would taste the same as any other duck but you would have two more legs to chew on!

We certainly received a lovely Xmas gift from our Editor and staff didn't we fellow scribes? Many thanks. It is very nice and so useful.

Thoughts are turning already to the new seed catalogs which will no doubt be along soon. I wonder what's new!

Alberta . . . The Sunshine Province

The Alberta float entered in Vancouver's Grey Cup parade recently accented Alberta as the vacation paradise of Canada, and bore the slogan "Alberta, The Sunshine Province." The green and white float bore a crest, and replica of the wild rose, Alberta's floral emblem.

Title of "Sunshine Province" came from hours of sunshine recorded in the province, among the highest in Canada. Average annual number of sunshine hours at several Alberta points are — Beaverlodge, 2100; Calgary, 2243; Edmonton, 2178; Fort Vermilion, 2079; Keg River, 1974; Lacombe 2134; Lethbridge, 2354; Manyberries, 2304; Medicine Hat, 2274; Olds, 2116; Ranfurly, 2201; and Vermilion 2010. Mean average for the province is 2185 9/10.

Average at other points include Vancouver, 1892; Kamloops, 2178; Victoria, 2207, and Regina, 2294.

New Year Ushered In By High Winds, Cold

Following one of the mildest Christmas seasons on record, the weather turned with the new year with the result that 1959 was ushered in with a high wind and rapidly tobogganing temperatures.

Wednesday afternoon, Dec. 31 saw the temperature sitting at a comfortable 43 above with water running off the houses. The wind shifted and strengthened, first rain fell, followed by a regular blizzard. The mercury began its long slide to the bottom of the thermometer and by the time 1959 arrived at 12 midnight, it was below zero, the wind was howling in gusts up to 50 miles per hour, and the wind chill was equal to 50 below. The warmest it could reach on New Year's Day was a delusive 9 below because the wind still maintained a high velocity with a wind chill of 60 below.

A New Year's Message

from

HONOURABLE E. C. MANNING

Once again, on behalf of the Government of Alberta, it is my privilege to extend to each and every citizen of our province every good wish for a happy, prosperous and purposeful New Year.

In keeping with the recent years of our time, there is no doubt that the year ahead will be momentous in many ways. The balance of good and evil in 1959 will depend on the opportunities grasped by all people of good heart and high ideals to actively spread the certain knowledge that the problems confronting men and nations in the complex world of today will be resolved only to the degree we learn to practise rather than merely profess allegiance in the year ahead and the darkening shadows of world unrest should only serve to confirm this fact and urge us on to greater efforts to this end.

No vestige of doubt should remain that a purely materialistic philosophy of life cannot result in a new and enduring civilization of benefit to mankind. Each day accentuates the need of a new world-wide basis of understanding between people of all nations and each of us must work each hour of each day toward that goal.

In the past year, we have seen areas of our own nation faced with problems of business recession reminiscent of 25 years ago. It is the concern and responsibility of every Canadian to see to it that [illegible] conditions are corrected [illegible] serious damage is done to our national economy. To this end within our own province your government has initiated an anti-recession program and stands ready and prepared to take [illegible] action necessary and possible within provincial authority to lessen the burden of these problems on the people of Alberta.

We hope that the New Year may see an end to the troublesome problems of overseas' markets for our surplus grain, and to reopening of the continental markets for our surplus petroleum and natural gas. We enter 1959 confident in our ability to make the best of our natural resources once the artificial barriers to expanded markets are removed. Our faith in Alberta and in Canada remains boundless. Our hope is that, blessed by Divine Providence, our social progress in 1959 will vindicate the vision of our pioneers, fire the imagination in our young people and bring Alberta still nearer to the objective we all desire — a secure sufficiency for each and all, with freedom unimpaired.

An event of major importance during 1958 was the visit of Her Royal Highness, Princess Margaret. That visit, as all citizens will recall, was made memorable by the naming of one of our mountains for the royal visitor. In the forthcoming year, Alberta will once again be honored by the visit of Her Majesty The Queen and Prince Philip who will be making a cross-country tour of Canada extending over six weeks. We look forward to this visit and to all activities which strengthen the bond of the Commonwealth with interest and anticipation.

Both personally and on behalf of the Government of Alberta, I wish you God's richest blessings for 1959.

What does YOUR label read? Check that date now.

Mrs. A. Cameron of Vermilion and Mrs. C. Johnson of Mannville spent the Christmas and New Year season with Mr. and Mrs. Roy Cameron and the boys in Edmonton. Mrs. Cameron also visited other friends and relatives in the city including Mr. and Mrs. Jack Bristow, a former Islay family. While in Edmonton she saw a pioneer Vermilion lady, Mrs. Leroy West.

More Films For Local Use

Another package of 16mm films supplied through the National Film Board are now on hand at the local depot. This package contains "Longhouse People", a 20-minute color film telling the story of a tribe of Iroquois in Ontario who have resisted the influence of the white man's religion and still practise their ancient forms of worship. A study in comparative religion, this might be used in the Church Fireside Hour. Youth organizations will be interested in the film "Musical Ride" which shows the famous display of the RCMP. "Break-down" is the film of the month for Home and School Associations while "Pole Barns and Milking Parlors" is intended for rural organizations. Clubs and societies needing a film of the general interest type will find "Land of the Long Day" useful as part of their program.

Booking and further information concerning these films may be obtained by contacting Mr. F. Stewart, Principal of Public Schools, Vermilion.

Preservation of Historic Values Feature Of Elk Point District

ELK POINT — The majority of Alberta towns are enriched with historical values, but Elk Point is among the few that have taken steps to preserve this history.

This wonderful job of preservation here has been made possible through the efforts of a handful of persons. Their work is outstanding. As a result, Elk Point has a historical record seldom gathered together by individuals possessing so much community interest.

Possibly two of the most ardent recorders of this history are Steve Andrishak, a theatre owner, and Dr. F. G. Miller, a pioneer doctor of the Elk Point district.

Mr. Andrishak has an exceptionally fine collection of articles on the early history of Elk Point and these are stored in a museum building near his house. The museum houses what is believed to be one of the most complete collections held by any individual in the province.

Dr. Miller among the fairly early settlers has his historic treasure in manuscript. The pioneer doctor has spent an appreciable amount of time searching for data. He now possesses one of the most complete documentary accounts of the settlements of this district about 100 miles northeast of Edmonton.

EARLY HISTORY

Steve Andrishak, now 57 years old, came to Elk Point in 1923 from Wasgate. From early childhood he took a keen interest in the history of the district. In 1952 he constructed a building in which to house his museum pieces.

From then on he developed an interesting museum which is open to the public during the summer. In the past six years, his log book shows, he has had about 7,000 visitors. He has had as many as 200 visitors on one Sunday afternoon and conducts the tour himself. His wife, the former Doris Walton of Stony Plain, also assists him.

He estimates he has about 5,000 museum pieces displayed and each with information attached. The articles of interest are too many to list but include a 1913 model "horseless" vehicle. He has fully restored the Ford model to what it looked like in the "good old days."

There also are many articles from Indian days and real old-time music boxes, some of them with metal perforated discs. There are old gramaphones with circular discs. All are in working order, the tunes from some of the discs being exceptionally good.

Andrishak's latest find, and still alive, is a black gopher. He has the animal well cared for in a cage in his theatre and hopes some time to have it stuffed for preservation.

Xmas Carol Concert Much Enjoyed

One [illegible] the much-anticipated events [illegible] the pre-Christmas season is the annual [illegible] concert given by the Vermilion mixed chorus under the direction of choirmaster Jack Brown. This [illegible] marked the sixth successive [illegible] concert and was this year presented in the high school auditorium to a very appreciative audience of over 400.

The program sung contained many of the old favorites but as is the custom, new [illegible] were also introduced and excellently rendered. An innovation too was the singing of a solo by John Webb, "White Christmas", and needless to say, this was very well received.

While director Jack Brown was intent on leading the chorus in "We Wish You a Merry Christmas", Alex Palin clad in a chef's hat and apron stole quietly in bearing aloft a 'figgy' pudding all alight. Wondering at the merriment behind him, Mr. Brown turned to come face to face with the chef and the 'figgy' pudding.

Mr. Simon Simonson acted as chairman for the very enjoyable evening.

Proceeds from the concert are used to bring Christmas parcels to needy families.

Overflow Crowd At School Concert

The crowd at the Christmas concert presented by the seventeen rooms of the Vermilion elementary schools, overflowed the 1000 seat auditorium into the hallways. This despite the fact that none of the 476 children taking part were in the auditorium. The young actors, entertainers and members of the chorus came from adjacent classrooms for their numbers and returned to them upon completion of their presentation.

The variety and the way in which the numbers were presented on the program was excellent. Starting off with the tiny tots from primary rooms who gave action songs and pretty drills, the program developed into plays and operettas requiring elaborate costuming and stage settings.

All of the numbers were very well received and the return of the school [illegible] concert to Vermilion, heretofore missing due to the lack of an auditorium, was an auspicious one indeed.

Principal W. F. Stewart was chairman for the evening.

Red Cross Will Launch Contest For Caricature; Prizes Offered

The creative ability of some Alberta high school student may result in a new symbol for the Red Cross Blood Transfusion Service. In a contest being launched early in the New Year by the Alberta division, Canadian Red Cross Society, students are invited to create and name a caricature which might be used in publicizing the Blood Transfusion Service.

The contest requires such a caricature to have as its basic form the outline of a bottle used by Red Cross in collection of blood and to be designed and animated in such a way that it will be easily adaptable for use in newspapers, on posters, [illegible] animated characterization on television or other publicity media.

In naming the symbol, students are asked to submit entries which would identify the Blood Transfusion Service and have an appealing quality for publicity use.

Opennig date for the competition is January 5 with deadline for entries February 10.

Prizes for winning entries have been donated by the Alberta Weekly Newspaper Association and include $50 for the best caricature submitted and $25 for contestant submitting the best name.

The contest has received approval of the department of education and contest material has been forwarded through the Junior Red Cross to more than 600 high school principals in the province.

First meeting of the recently appointed steering committee for the Alberta government sponsored "Buy Alberta" campaign was held this week at the Legislative buildings, when initial suggestions for a promotional campaign to foster use of Alberta made products was discussed. The campaign is designed to acquaint Albertans with merchandise and products produced in the province with a view toward increasing their consumption. The program should extend over a period of years and concern business of all types. The "Buy Alberta" program is a combined effort of the Department of Economic Affairs and the Department of Industries and Labor. Committee members are left to right, seated: Richard Martland, Director of Industrial Development and Asst. Deputy Minister of Department of Economic Affairs; Mrs. B. Marliss, Canadian Association of Consumers; Mrs. T. H. Howes, Alberta W.I.; Miss Mabel Patrick, Home Economist Assoc.; Mrs. P. Dobaniuk, F.W.U.A.; standing: W. H. Cowley, Association of Professional Engineers of Alberta; J. R. Fleming, Department of Industries and Labor; J. M. Pretty, Canadian Manufacturers' Assoc.; J. R. Bickell, Alberta Chamber of Commerce; D. G. Whitney, F.U.A.; Hal Martin, Director of Publications and Publicity, Dept. of Economic Affairs; J. B. Storm Disrupts Power Service

Power services on Canadian Utilities lines were generally back to normal by Friday noon, January 2, following a violent storm which disrupted power and communication service throughout the province New Year's Eve.

Sub-zero temperatures, fanned by biting winds was the grim setting as Company crews bravely worked 'around the clock' in a desperate effort to repair broken lines and replace fuses which went out at the height of the storm. Crews were also hampered by lack of radio and telephone communication. Power failures were caused by high winds accompanied by wet freezing snow.

Canadian Utilities servicemen worked as rapidly as was humanly possible to restore service which except for a few isolated areas were back to normal by Friday noon. They were aided by the public's co-operation and understanding under their unavoidable trying circumstances.

"Items old, items new". Wishing all readers a very prosperous 1959!

Sorry to report Mr Jack Wyley a patient in the Islay hospital after suffering a broken hip in a fall. A speedy recovery is wished him.

Mr. Clifford Jeffery too was unfortunate, having got caught in a grain auger resulting in one arm receiving a nasty break. It is now in a cast.

A short time ago Allan Drysdale rolled his car into the ditch demolishing it. Luckily no one was seriously hurt.

Mr and Mrs. Alf Jack went to Wainwright for Christmas.

Mr. and Mrs. Bob Shattuck spent Xmas in Lloydminster

As per usual many of the sons and daughters brought their families home for a Christmas reunion under parental roofs.

ADVANCED CUSTOM-MADE HAVOLINE MOTOR OIL

Regardless of price, Advanced Custom-Made Havoline is the finest motor oil you can use in your tractor, truck or car.

This outstanding motor oil from Texaco keeps tractor engines cleaner, thus delivering full drawbar power. In rugged tests against other leading oils, Havoline proved to be far superior in terms of power, faster getaway and more fuel mileage. Also, when engines were inspected, Havoline lubricated engines showed practically no wear or rust.

For your costly farm equipment, specify the motor oil preferred by so many farmers across Canada and in all 48 states of the U.S. You'll like the other fine Texaco products, too. *It pays to farm with Texaco products!* Come in or phone us.

YOUR NEW YEAR

When I tried to think of the most inspiring thought I could pass on to you for the New Year, I recalled a sermon once preached by a minister in a very small town. He was an old man, this minister, and very seldom scored a hit with his sermons, but on this occasion he said something so inspiring, and so obviously from the bottom of his heart, that it worked a dramatic change in the lives of many of his parishioners. Out of his own disillusionment, common to all who let events and circumstances run them, he had a message it took courage to deliver

"I know," said the elderly minister, "that many of you here feel you are too old now to start a new and important life, and that there are also many of you who feel you are quite young yet and that there is plenty of time for something very good to happen to you. I want to say gently but firmly that you are both very wrong. The time of salvation is now, whether you are old or young. You can live an important life starting now. Remember, just as you can get nothing free, you cannot perform well without getting paid. Nothing is wasted. For good performance, your reward is certain, unfailing. So start NOW, this very minute to live at your best, stand up straighter, think more clearly, look your best, talk your best, be your best, in the sure knowledge that you will be rewarded.

It cannot fail. You will get what you deserve in this New Year just as you have always gotten what you deserved — nothing less, nothing more — in the years that have gone by. I tell you this from my own experience, and it has cost me something in soul-searching to say it to you. I pray that you accept it as the truth and profit by it. You can make the coming year important for yourself, and for all who depend on you."

PLATES SHINE

Glowing auto license plates, reports The Financial Post, are becoming more general. Three U S. states are now using plates which light up in headlight-beams and four more are issuing them this year

WILDMERE WINKS

We hope 1959 will be good to everyone, both in health and success.

We wish to heartily thank our kind Editor for the nice and very useful Xmas gift received.

Everyone was saddened to hear of the passing of Mrs Frank Eyben. Her wonderful kindness and personality wove threads of love through all who knew her. She was truly a wonderful person, as a nurse, a wife and a mother. Through her kindness to the writer when nursing in the Vermilion hospital, she had always remained a very dear friend. Heartfelt sympathy goes out to her loving husband and family, also her three brothers of Grande Prairie left to mourn her passing. The huge attendance at the funeral at Auburndale United church bespoke the high esteem in which she was held in the community and surrounding districts. We all have lost a good friend.

Deepest sympathy also goes out to the sorrowing relatives of Mrs. Lorne Axley in her early passing. May God comfort those left to mourn their deep loss.

Christmas visitors to different homes were the Cliff Cruthers family, Geo. Cruthers family, Ian Clark, Warren and Jackie Marfleet, Arlene Newman at the Albert Smith home. Their daughter Marlene and a friend from Claresholm were also home for Christmas.

Mr and Mrs. Frank Gibson and family spent Xmas with Frank's niece and family Mr and Mrs. Joe Thursby of Forestburg

Mr and Mrs. Wm. Smith and Linda spent Xmas with Mr and Mrs Norman Smith and family of Edmonton. Mr and Mrs. [illegible] Smith and Scott, son of [illegible] Edmonton were guests at the [illegible] home. Mr. [illegible] Mrs. [illegible] Smith later journeyed on a [illegible] [illegible]y to Grand Falls Montana, coming back to spend New Year's with Mr and Mrs C Morand and family of Calgary, returning to their home in Wildmere Saturday evening. [illegible] stayed at the Norman [illegible] home while her parents were away

Mr and Mrs. Wally Westman and family spent Christmas with the 'Bud' Butler family in Lloydminster

Mr Dave Hughes and family were with the Arthur Tovell family north of Vermilion; Mr and Mrs. Howard Coburn were with the Lloyd Howard family of Wildmere, Toms Best and Lawrence Graham at the Wallington home; Mr and Mrs John Wilson of Vermilion and Tom Wilson of Edmonton at the Slater home in Wildmere.

Miss Anne Garnett of Edmonton spent New Year's at her home in Rosswood

Mr and Mrs W Ford, Mr and Mrs. R. Martin and Doreen all of Vermilion, spent New Year's at the Gibson home in Rosswood.

Mr and Mrs R. Smith Diane and Ruby spent New Year's at the Ted Riley home in Vermilion. Riley's spent Xmas with the Smiths.

Albert Smiths Geo Cruthers and family, Warren Marfleet, Ian Clark and others were at the Cruthers' home in Wildmere

Mr and Mrs. Howard Lansley visited at the Wallington home on Sunday, Dec. 28th.

Not too many out to church on Sunday, due no doubt to the cold weather. Mr. MacKay gave a very enlightening sermon, Mr Schurman assisting him.

Curling in Wildmere rink is starting this week with a mixed bonspiel. It was to have been held last Friday and Saturday but was cancelled due to the cold weather. Fourteen rinks will take part.

SEEDTIME and HARVEST

By Dr. F. J. Greaney, Director, Line Elevators Farm Service, Winnipeg, Manitoba.

Sponsored by the following companies: [illegible]

1958 — A REMARKABLE YEAR

Farmers in the Prairie Provinces, particularly in Manitoba and Saskatchewan, have just experienced one of the driest crop seasons on record. In no year since the dry "thirties" were crop prospects at late June less promising than they were in 1958. What happened to the Western Canadian grain crop from July 1 to harvest time this year was truly a miracle!

Important Factors. Timely rainfalls and relatively cool weather during July, were the basic factors which enabled this year's crop, which was deeply rooted as a result of sparse surface moisture, to make a surprisingly good recovery after the prolonged, early season drought. It is true, too, of course, that a high proportion of the 1958 crop was on summerfallow. Nevertheless, full credit for the remarkable recovery of the crop must be given to the use by prairie farmers of advanced, improved farm practices. It is not difficult to pin-point some of these: the use of improved cultural practices, high-yielding drought-[illegible] disease-resistant varieties; better tillage and seeding tools, and the wise use of herbicides and other modern agricultural chemicals, including fertilizers.

Research Vital. After this year's experience there can be little doubt that scientific advancements, based on research, have changed the face of Western Canadian agriculture. They have taken many of the risks out of farming. The recipe for future progress must include many ingredients — more intensive research in both the natural sciences and in farm economics; better extension services; better education for rural youth — the farmers of tomorrow, and measures to place at the disposal of the farmer extra financial resources—the capital that modern-day agriculture demands.

And now again it is Christmas! On behalf of the Line Elevator Companies listed above, our sponsors, we wish all our readers a very *Merry Christmas and a Bright and Happy New Year*

ATTENTION!

OWNERS, OPERATORS OF MOBILE CONSTRUCTION EQUIPMENT

Your attention is drawn to the fact that all mobile construction equipment is required to be licensed annually under provisions of the MOBILE CONSTRUCTION EQUIPMENT LICENSING ACT before such equipment may engage in construction work in any town, village, municipal district, county, improvement district or special area in the Province of Alberta.

"Mobile Construction Equipment" Means:

1. Machinery or equipment constructed or manufactured for use in construction work, capable of being moved to its place of use under its own power or being towed, pulled or carried and not intended to be affixed to realty, and,
2. Machinery and equipment actually used in the performance of construction work, but,
3. Does not include trucks licensed under The Vehicles and Highway Traffic Act or The Public Service Vehicles Act, exclusive of mounted equipment on such trucks.

"Construction Work" Means the Operations Required:

1. For the extraction or handling of materials or for excavating or for breaking or clearing.
2. For the construction or maintenance of a road, sidewalk, building, structure, bridge, culvert, dam, drainage system, irrigation system, airport, pipe line, power line, grades, strip mining, quarrying, or other works of like nature.
3. For drilling, testing or servicing of water, oil or gas wells.
4. For the purpose of geophysical exploration other than seismographic exploration.

Provision is contained for the imposition of a fine and possible impoundment of equipment where a violation of the Act occurs.

A copy of the Mobile Construction Equipment Licensing Act may be obtained upon payment of thirty-five cents from the office of the Queen's Printer, Highways Building, Edmonton, Alberta.

Address all inquiries regarding MOBILE CONSTRUCTION EQUIPMENT LICENSES to the DEPARTMENT OF MUNICIPAL AFFAIRS, Edmonton, Alberta. Licenses will also be available at Department of Municipal Affairs Offices at Medicine Hat, Lethbridge, Calgary, Rocky Mountain House, Red Deer, Edson, Evansburg, Bonnyville, Lac La Biche, Westlock, High Prairie, Peace River, Spirit River, Grande Prairie and Drumheller, and the Special Areas Offices at Hanna, Oyen and [illegible].

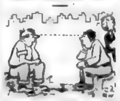
HAVE FUN!

By LEE BRYAN

The first graders were on a field trip to observe the birds beginning their migration. Explaining that they were noisy and excited because they were going on a long journey, the teacher asked the class: "What do you suppose they are saying"?

"I imagine" said one little girl shyly, "that the mother birds are telling their children they'd better go to the bathroom before they start."



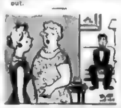
Mike: That fellow's the laziest man I've ever seen. He's been sitting on that rock for two hours doing nothing.

Ed: How do you know?

Mike: I've been sitting here and watching him.

Man: Good river for fish?

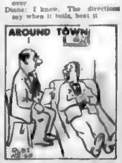
Fisherman: It must be. I can't persuade any of them to come out.



"Of course, you could do worse. You could stay single!"

Rose Ann: Where are you going? Your fudge is boiling over

Diane: I know. The directions say when it boils, beat it



"Now I've developed this dreadful fear of getting your bill."

Quick Canadian Facts

Children of Today Are Growing Taller — Parents No Smaller

Children today are taller and heavier than those of a generation ago, not only in the United States, but also in other countries, according to a statistical bulletin sent to the Health League of Canada by the Metropolitan Life Insurance Company

Figures taken from a recent study of 3,318 children from 10 elementary and secondary schools in Michigan are compared with results from a similar study undertaken in 1937-39. Among boys under 9 years, the average heights are greater by a fraction of an inch, and from 9 years and over by an inch or more

Among girls the difference [illegible] an inch as early as age 8. Increase in the average weight of the Michigan boys range from more than 2 pounds at age 7 to as much as 13 pounds at age 14. Even greater gains were recorded for the older girls

With the accelerated rate of child growth full adult height is approached at an earlier age than in the past. Moreover the ultimate adult height has increased gradually

Reasons for increased height and weight are given as [illegible] the increased knowledge of the principles of good nutrition, the availability of a wide variety of foods and the rise in living standards. Another has been the decreased frequency of debilitating diseases among children. A number of childhood diseases have been brought almost to the vanishing point through immunization, and in many others the course of the disease has been made milder and shorter through modern drug therapy.

Better knowledge of the factors that affect good health and the application of this knowledge to daily living have also had a salutary effect on the development of school age children.

Two Canadian provinces have their own flags. Nova Scotia's, granted by Royal Charter in 1621, shows a blue St. Andrew's cross on a silver field with the Royal Arms of Scotland on the cross. Quebec authorized a provincial flag in 1948 a white cross with four fleur de lis on a blue background

how to BE A GOOD BACK SEAT DRIVER
by Carol Lane
Women's Travel Director, Shell Oil Company
A GOOD BACK SEAT DRIVER CAN HELP THE MOTORIST. HERE'S HOW!
TAKE CHARGE OF THE ROAD MAP IN UNFAMILIAR AREAS, LOCATE ROAD SIGNS AND READ THEM ALOUD. DON'T DISTRACT THE DRIVER BY JUST POINTING TO THEM.
STAY AWAKE TO KEEP THE DRIVER COMPANY. TALK, BUT NOT ABOUT THINGS THAT MAKE HIM ANGRY.
HELP WITH LITTLE THINGS. LIGHT CIGARETTES, UNWRAP CHEWING GUM, CHANGE RADIO STATIONS, ADJUST THE HEATER.
DON'T YELL "LOOK!" WHEN YOU SEE SOMETHING INTERESTING. THIS STARTLES THE DRIVER AND DIVERTS HIS ATTENTION FROM THE ROAD.

By-election In Olds Constituency Set For Monday, Feb. 9th

EDMONTON — The first test of public reaction to the government's five-year development plan and suspension of oil and gas dividends will take place in the central Alberta riding of Olds on Feb. 9.

Premier Manning has called a by-election for that date to fill a vacancy created by the death in December of Fred J. Niddrie, Social Credit MLA who had represented Olds in the House since 1950. Nomination day is Jan. 26.

The by-election could provide an indication of how the public will go to the polls if the expected provincial election is held later this year. Social Credit will naturally be campaigning on the strength of the government's five-year-plan. If nothing else, it will give the Opposition parties a practice run at fighting against such a potent political weapon.

At the time of writing it appeared likely that all four major political parties would be contesting the by-election. The only doubtful one was CCF, but provincial leader Floyd Johnson said his party will have a candidate if at all possible.

Social Credit, Liberals and Conservatives planned to have nominating conventions within the near future. At the time of Mr. Niddrie's death, Social Credit was the only party with a candidate in Olds. The local SC group had nominated Mr. Niddrie for re-election.

SOCIAL CREDIT FAVORED TO RETAIN SEAT

Chances appear fairly good for Social Credit to retain the seat. Olds has been a Socred stronghold for years. The only thing worrying Socred officials is the tendency among voters in a by-election to register any protest they have against the government by supporting an Opposition candidate. It's a safe thing to do in a by-election because even if the Opposition man is elected it doesn't topple the government.

At the time of Mr. Niddrie's death, there was some doubt whether the government would hold an early by-election, in view of the likelihood of a general election in the spring or summer. But the Election Act says there must be a member elected in time for the next session of the Legislature.

The new member for Olds will have to be sworn in and take his seat after the [illegible] opens. The opening this year has been set for Feb. 5, a week or two earlier than usual. A similar situation existed in 1954 when W. J. C. Kirby, now provincial tory leader, was elected in a by-election held while the House was in session to fill a vacancy created by the death of Agriculture [illegible].

Health Unit Notes

TRAILERS AND MOVABLE DWELLINGS

As you all know, many families live and bring up families in trailers and mobile homes. The reason for this considerable increase of trailer homes is due to many things but chiefly to lack of housing in the post war years and to the ever increasing mobility of the working population. The type of homes used vary from a skid shack to the most modern three bedroom types of homes having every convenience. A sudden influx of [illegible] homes into any district could provide a serious public health problem unless proper sanitary precautions are taken.

The Provincial Board of Health issued in 1955 regulations which govern the use of trailer coaches and the operation of trailer coach parks. Amendments to these regulations were made in 1957 and further review of these regulations is taking place at the present time.

For the benefit of trailer dwellers and the general public, I propose to outline the necessary steps to be taken before attempting to use a trailer for living accommodations.

PARKING OF TRAILERS

Wherever possible this should be done in a registered and supervised trailer coach park licensed by the Local Health Authority and Department of Industries and Labor.

When there is no registered trailer park in the district, the following steps should be taken before locating the trailer.

1. Permission should first be obtained from the owner of the land.

2. Where the land lies within any city, town, village or hamlet and the period of stay exceeds 48 hours the use of a trailer as a residence may be permitted provided the owner of the land seeks and obtains written [illegible] from the Local Board of Health.

When a request is made for a permit, an inspection is made by the Health authority, and the owner of the land and the trailer occupant are informed of their respective responsibilities. The Local Board of Health may refuse to issue a permit where in its opinion the use of a trailer coach may become a danger to health. The owner of the land is responsible for applying for the necessary permit and for seeing that disposal of wastes are carried out in accordance with regulations.

Where a trailer coach is being moved from one location to another, the person in charge of a vehicle moving the trailer is responsible for compliance with the regulations.

Overnight parking of trailers on public streets or lanes of any city, town, village or hamlet or on the travelled portions of any highway or other roadway is prohibited.

Owners of land in cities, towns, villages where zoning by-laws are in operation should make inquiries to the city, town or village secretary to see whether the parking of trailers is permitted in particular areas of the city, town or village.

Next week we will outline the public health requirements for trailer coach parks.

BOWTELL BULLETIN

Here we are again folks, after the long holidays.

First, the writer would like to thank the editor and staff for the lovely silverware.

Our deepest sympathy is extended to Mrs. Jenkins and the family on the passing of Mr. Jenkins on December 26. The Jenkin's farmed many years here before moving to B. C. The family can be comforted to know his suffering is now over. We also extend our sympathy to the Axley family in their great loss. May God comfort them in their [illegible]

The weather here is very cold and we surely had a blizzard New Year's Day.

The Xmas party was a big success at the Millar home. Santa was a thrill to the children and some 42 bags of candy were handed out and of course many presents.

The writer and family, and Mr and Mrs. J. Repp enjoyed New Year's dinner at the home of Mr and Mrs. F. Robinson.

Congratulations to Gordon Scott on his winning third year engineering at the University.

Congratulations also to Mr and Mrs. C. Pierman on the birth of a baby girl in the Vermilion hospital on January 4th.

Hope you are feeling better Mr. Bowser and home fom the hospital.

Her many friends here will be pleased to learn Mrs. McClellan was able to go home for Christmas. Hope you are improving, dear friend. Mrs. McClellan spent quite some time in the Lamont hospital.

The writer was pleased to have a letter from Mrs. Ballew (nee Marion McGinnis) who now lives in Saigon Seed, Vietnam, which used to be part of French Indo-China. She reports the country is beautiful with its rubber plantations and rice fields. No ready made goods are available but lots of canned food. She wished to be remembered to her old neighbors in Bowtell.

Wedding bells will ring in February for Miss Norma Fenton. Congratulations and all good wishes are extended.

Keith Burt and C. Calson were visitors at the writer's Monday [illegible]

We sincerely hope Logan Gow is enjoying his trip to the U.S.A.

Hello George and Pearl at Creston. Your photo was very nice.

William Walker was on the sick list recently, having to receive medical attention to his throat.

Hope you are feeling better Mrs. A. Morrison. The writer's sister-in-law, Mrs. Fowler of Edson, was in the same room in an Edmonton hospital and reported you as very good company.

The writer and family enjoyed a turkey supper at the home of Mr. and Mrs. B. Risdale Sunday evening.

Time Is Ripe To Organize A 4-H Crop Club

Crop clubs organized in January have a good opportunity to complete a year's activities by the Achievement Day in October. In January plans can be made well in advance of spring insuring a good program of study and cropping. The program always includes a plot grown by each member of a variety most suited to the club as a whole. Every club carries on an extensive education and social program. The most successful 4-H crop clubs are those in which the parents enter into the study and social part of the program. The year's activities are climaxed with an Achievement Day in October where each member exhibits a sample of grain grown and shows what he or she has learned during the year. As extra activities, 4-H clubs take part in public speaking competitions, provincial eliminations, inter-club rallies, camps and tours. If you have children now's the time to get them into a 4-H club. Contact your District Agriculturist immediately. All 4-H clubs are supervised by the D. A. for the Department of Agriculture.

DERWENT. — The Steve Mudryk rink captured the Grand Challenge at the Farmers' spiel held on Jan. 9 and 10, with ten rinks participating.

H. Lychak and his men took second prize honors. E. Mudryk and J. R. Bober taking third and fourth respectively.

The second event went to the following rinks: 1st, Zarba of Derwent; 2, Scherban, Myrnam; 3, Strome, Vermilion; 4, Lisec, Dewberry.

HI-SCHOOL HI-LITES

The social activity for November consisted of another fun-filled 'Platter' party. The crowd was relatively small but everyone there enjoyed themselves.

The H.S. girls' and boys' basketball teams have now played four league games, losing one to V.S.A. So far the high school squad has played the V. S. A., Dewberry, Marwayne and Kitscoty. The general public is cordially invited to attend all high school basketball games. Admission is 25 cents.

Joan Stephens' name was omitted from the list of Students' Union Council members. She is secretary of the Students' Council.

Bob Waldenberger has resigned from the position of past member and is now driving a school bus after school.

On the afternoon of Dec. 23rd the student body was entertained by the Drama class in their presentation of the play "It's Cold in Them Thar Hills". [illegible], singing and games rounded out the program.

Standings in the house league are as follows: Service is in the lead with 76 points, followed by Carman with 68 points and Laurier with 45 points. Curling is getting off to a good start now that exams are over.

Finally ... the students are eagerly (?) looking forward to the second term reports which are due this week.

Celebrate 40th Anniversary

The farm home of Mr. and Mrs. Fred Kottmeier of Tolland was the scene of a very special celebration on New Year's day. The occasion was their 40th wedding anniversary and a large number of relatives sat down to a sumptuous turkey dinner with all the trimmings. The long table was centered with a 3 tiered cake baked and beautifully decorated by their daughter, Mrs. Don Cooper, flanked by vases of deep pink carnations amid a setting of pink and white streamers and bells.

Many pictures were taken of the joyous occasion.

The bad storm that day discouraged many who were coming to the reception as evidenced by gifts and congratulatory cards received since.

Many more such happy occasions are wished this esteemed couple.

Win Trip East As Sales Award

Mr. and Mrs. George Faigelow returned last Sunday from a week spent visiting Toronto, Hamilton, Niagara, Buffalo and several intermediate points. The trip both ways was made by plane. The enjoyable holiday was the result of a sales campaign conducted by the International Harvester Company. The company's plant was toured in Hamilton while a National League [illegible] Boston vs Maple Leafs was attended in Toronto. Thirty-one couples from the west were in the party.

Thomas Bothwell, Islay Pioneer Of 1904, Passes Away

There passed away on Saturday, January 10, Thomas Harrison Bothwell, a pioneer of the district, who homesteaded four miles northwest of where the village of Islay now stands, in the early year of 1904. At the time of his death Mr. Bothwell was 92 years of age. He suffered a stroke on Wednesday evening preceding his death, and was taken to the hospital at that time. He never recovered consciousness and slept quietly away on Saturday afternoon at 4 o'clock.

Mr. Bothwell was born at Dromore, near Durham in Grey County, Ontario. He grew to manhood there on a farm. Soon after the turn of the century he came west in 1903, and spent from then until the spring of 1904 at Old Vegreville. At that time he trekked eastward with a team of oxen looking for a homestead. The trip from Vegreville to what is now his farm 3 miles north and a mile west of the village of Islay, took a week with the oxen. This was the first homestead filed on in that township.

In 1906 he returned east and was married, bringing his bride to the new west, and together this couple shared their joys and sorrows for over 52 years. In March 1956 they celebrated their golden wedding at their newly purchased home in Vermilion.

Mr. Bothwell continued to farm until three years ago when he and his wife moved into Vermilion where they purchased a comfortable home. They still own the Islay district farm which has been in the Bothwell name since 1904.

During his years on the farm he took a very keen interest in all community activities. He was an ardent adherent of the church and served as an elder of the Islay United church for many years. All of the time while on the farm he canvassed for funds for the British and Foreign Bible Society. The first piano in the district was in their farm home and as Mrs Bothwell was an accomplished pianist and Mr Bothwell a fiddler, the home was soon the centre where many gathered for social evenings and music.

This early pioneer was also known for his kindness, friendliness and abiding faith in the Almighty.

He leaves to mourn his loss his loving wife, two daughters, Mrs. Ashley Cooper (Rita) of Vermilion, Mrs. Sidney Millward (Clara) of Penticton, B. C. and two sons, Stewart of Matheson, Ontario and William of Regina, Sask. There are seven grandchildren and [illegible] great grandchild.

Funeral services were held at the First United Church, Vermilion, on Wednesday afternoon at two o'clock when the large attendance testified to the friendship and esteem held for the deceased. The Rev. C. W. MacKay officiated and consoled and comforted the mourners with his message. Favorite hymns [illegible] God our help in ages past and "What a Friend we have in Jesus" were sung. Mrs. A. [illegible]

The members of the Masonic Order attended in a body and carried out their impressive ritual and service for their departed brother.

The pallbearers were all old friends from the district where Mr. Bothwell had lived so long, being Messrs. Edmund [illegible], [illegible] Ralph [illegible], [illegible] Gordon [illegible] and William McLe[illegible].

Movers' Funeral Home was in charge of arrangements.

Bonnyville Pontiacs Play Here Saturday, January 17

Bonnyville Pontiacs, smarting from the 7 to 6 defeat hung on them by the Vermilion Tigers on Sunday afternoon last, will appear here Saturday evening at 8:30 p.m. The Pontiacs are currently in a three-way battle for top spot in the league with St. Paul and Lashburn.

The Tigers on the other hand have bolstered up the home town talent with a few imports from neighboring Vegreville, Ft. Saskatchewan and Wainwright in a drive to secure a play-off berth, and need the two points in a desperate attempt to help them climb higher in the league ladder.

All in all this should be a dandy game and all it needs to complete the evening is you Mr. Citizen and Mr. Businessman — one thousand of you.

Incidentally this will be the fourth game the Tigers have played in seven days, but this is the last home game for two weeks, until January 31st to be exact. The game on Wednesday night against Lashburn was the fastest and best exhibition of hockey seen here for some years, well worthy of a crowd of one thousand — so how about a crowd that size Saturday night?

Name Candidate For Vermilion Consty.

David Frunchak of Derwent was nominated as the Progressive-Conservative candidate for the Vermilion constituency at the next provincial election. Two others were in the running for the nomination, W. Haluschak and Donald Wilson of Vermilion. The nominating meeting was held at Mannville Monday evening.

Mr. Frunchak is the C.P.R. station agent at Derwent.

Appoint Dominion Veterinary Here

Dr. H. E. Morris has now been appointed to the Vermilion office of the Health of Animals, Dominion Department of Agriculture. Dr. E. J. Young occupied the office formerly.

Lady Curlers In Zone Play-Downs Here

Lady curlers commence playing in the zone 6 eliminations on Monday and Tuesday at the Vermilion rink. Winner of the double knock out competition will compete for the Eaton Trophy and northern Alberta championship at Lloydminster on Feb. 2. Zone 6 takes in all ladies' curling clubs from Minburn to Lloydminster and north as far as Cold Lake. Entries do not close until 6 p.m. Friday.

Games in the eliminations will be played throughout the day at 9 a.m. and 12 noon and 3 p.m.

A small charge of 25 cents per day will be made for spectators. This money goes to the provincial ladies curling association and is not a charge by the local ladies curling club.

R.C.M.P. Investigate Two Break-Ins At Dewberry

DEWBERRY. — The R.C.M.P. are investigating two break-ins that occurred in Dewberry on Sunday night or during the early hours of Monday morning. The thieves gained entrance to Neil Jones' garage and the Dewberry Shopping centre by jimmying the locks on the front door. Loot consisted of a few dollars at each place. Nothing more has been discovered missing. The new front door of the Shopping Centre was badly damaged necessitating replacement.

Selected For Special Programme By General Motors

Robert Rowe of the firm of Rowe and Sons Ltd. is presently in Flint, Mich. attending a special seven weeks dealership management training program sponsored by General Motors. A limited number of promising young executives are selected for this course which is a method of preparing young men for future added responsibility in the operation of the dealership. Major emphasis in the program is on new and used car operations, service operations, parts operations and business management. The extensive coverage of these many phases requires seven weeks of intensive work.

154 Beef Calves in the Lloydminster-Vermilion Area; Eight 4-H Clubs

There are 154 beef calves in the Vermilion-Lloydminster area this year, an increase over 1958 when 145 calves were on feed in nine clubs. There has been a definite drop in 4-H Beef Club interest in the Vermilion-Mannville area where one club dropped out and 14 less calves are on feed than a year ago. [illegible] certainty of the market [illegible] tions and the [illegible] price of feeder calves is [illegible] reduced the interest in beef. In the Lloydminster area the [illegible] are on feed [illegible] year ago. This shows [illegible] for the 4-H program. It is to be hoped that [illegible] and Mannville will be [illegible] again in 1959-60. The 4-H [illegible] feeding program is designed not to provide members with spending money but to provide a rounding out of education that cannot be obtained at school. It matters little as to whether the 4-H'er plans to be a city house wife, a doctor or a farmer whatever he or she learns will always be useful in adult life.

Tigers Roar To A Win Over Bonnyville Pontiacs; Score 7-6

Vermilion Tigers roared at Bonnyville on Sunday afternoon and came out on the top of a 7-6 score in what is considered in the Pontiacs home town as the best game of the current hockey season. The Pontiacs were sitting on the second rung of the league ladder with the Tigers being the cellar dwellers. The game was played before a sell-out crowd.

The first period saw plenty of scoring but ended up with the home town Pontiacs in front 4 to 3. Ike Bronson started the Tigers on their way to their league shattering victory then Bill Romanchuk notched two in a row, the first assisted by Dennill.

In the second period the Tigers added two counters while holding the high flying Pontiacs scoreless, Bruce Anderson and Andy Redford notching one each, and the Tigers were out in front 5-4.

Joe Brower rifled a bullet drive from the blue line early in the third and dented the old hemp. Bonnyville unleashed a desperate drive that netted two goals and the count was all tied up at 6-6 with five minutes remaining.

The Tigers came through in a flash of new found glory led by Hedley Dennill who notched the winner with only seconds to go.

In the all-star selections for the game all three places went to Tiger players. First choice went to Andy "Rocket" Redford who revels in a large size ice surface. Goalie Chuck Kendell was next in line playing a starling net minding game, while Hedley Dennill, who wasn't to be denied, notched the winner.

LOCAL LINE UP

The Tigers didn't have too many players. Chuck Kendell was in goal, Joe Brower and Sandy Ewen formed one pair of defencemen, and Stu Barr and big Ed Buck the other. On the firing line were Bill Romanchuk, Hedley Dennill, Ken Brown, Stewart Cooper, Ike Bronson, Andy Redford and Bruce Anderson.

Howard McConnell refereed.

Tigers Tie Lashburn 5 All In Penalty-Free Hockey Game

Vermilion Tigers, sporting a new coach and six new players, tied the high flying second place Lashburn Flyers 5 all on Wednesday night and came from a 5-2 deficit in the third period to do it. On top of all that it was a lightning fast game with not one penalty handed out.

Lashburn on their first appearance here in the current schedule trotted out the cleanest bunch of hockey players it has even been the fans pleasure to watch. On top of that they are just as fast and big a bunch as any competing in the league and their plays are well executed and pretty to watch. Even at that they were lucky to pull out of last night's encounter with one point, as they notched two goals of the lucky variety, one on a high floater deflected by a Tiger player, and the other when the puck slipped out from goalie Jim Reid when he thought he had it smothered and Wouters tapped it in.

Vermilion fans saw the Kasian brothers from Vegreville, Ken Swenson who learned his hockey in Vermilion and now lives at Fort Saskatchewan, Shavchook and Thomlinson from Vegreville. Stewart Cooper from Wainwright is also on the Tigers roster.

The first period was scoreless, but the second ended 3 to 2 for the visiting Flyers. Sandy Ewen from Bronson, and Bronson unassisted accounted for the Tiger goals, with Lashburn counters being Baumel from Dunn; Dunn; Adair; Wouters, and Adair.

In the third the Tigers held the second place Flyers scoreless while rapping in three counters on their own account: Thomlinson from Stew Cooper, Warner from Bronson, and D. Kasian from Redford.

Jimmy Reid of the Juvenile Bob Cats was called on for goal duty when Chuck Kendal couldn't make it from St. Paul, and the youthful Jim turned in a workmanlike job, and is cool as a veteran in that hot spot.

Bruce Anderson is now coaching the Tigers and directed the play from the bench Wednesday night.

LINE-UPS

Lashburn Flyers — Drummond, B. Wouters, D. Baumel, H. Coolidge, Lamb, Dunn, Adair, J. Coolidge, Napper, Johns, Bullen, C. Coolidge.

Vermilion Tigers — Jim Reid, Barr, Ferguson, Swanson, Thomlinson, D. Kasian, Warner, Redford, Romanchuk, Dennill, Ewen, Shavchook, Bronson, H. Kasian, Stewart Cooper.

Another Prize Baby

Clendenning's Family Wear has awarded another $5 prize this time to the first baby born in the Mannville hospital. The prize winner was the son of Mr and Mrs Ray Flewell of Streamstown. He arrived on Jan. 3rd at 1:45 a.m. and weighed in at 8 pounds, 4 ounces.

Clendenning's have two prizes left awaiting the first arrivals for 1959 at the Islay and Myrnam hospitals.

Tigers Lose, Neilberg

Vermilion Tigers lost at Neilberg on Monday by a 10-3 score. Notching the counters for the Tigers were Andy Redford, Ike Bronson and Bill Romanchuk.

Bob Cats Win Two; Turn Back Mannville and Dewberry

Good fast, clean hockey, can really be said to describe the juvenile game between the Mannville Legionaires and the Bob Cats at the local arena Thursday last when the Cats won handily 10 to 2. With a few more practises the Legionaires will be really tough opposition.

The score at the end of the first period was 4-0 on goals by Ferguson 2, Ferbey 1, Leahy 1. Vermilion was out in front 8-1 by the end of the second when Ferguson notched 1, Leahy 2 and Hemmingway 1 while Laidler scored Mannville's counter. In the third, Gerhart added one to Mannville's score with Ferguson and Hemmingway bolstering the Bob Cats with two more.

Assists went to Ferbey 2, Ferguson 1, Leahy 1, Schmidt 2, Hemmingway 1, Maggs 1, and to Croft and Blackburn of Mannville 1 each.

Leahy and Mant received minor penalties.

Why Towns Need Industries

The impact of industrial expansion on a community is assessed with interesting results in a new Canadian National Railways booklet designed to show "What Increased Manufacturing Employment Means to Community Growth."

The study, based on nine communities in Ontario and Quebec, examines the increase in manufacturing employment which has occurred between 1941 and 1951 and reviews its effects on various facets of the communities' economic life.

The study shows graphically that 100 additional manufacturing employees in a community mean an increase of 427 in population, 137 more non-manufacturing workers, [illegible] more school children, 131 more households, 146 more vehicle registrations, 96 more telephones, three more retail establishments and an annual increase of nearly one million dollars worth of retail sales.

Winter Works Programme

Alberta municipalities are asking for financial help on special winter works projects worth a total of more than $[illegible], according to latest figures from the department of municipal affairs.

Under a scheme announced earlier this winter the federal government will pay 50 per cent and the province 25 per cent of labor costs on municipal work designed to ease winter unemployment.

Projects costing around $6,600,000 have already been approved by both governments. Direct payroll costs for these will amount to about $1,[illegible] and they will provide some [illegible] man-days of work.

Municipal affairs officials say they expect many more applications because municipalities are showing a keen interest. In order to qualify a project will have to be started soon because it must be finished by April 30.

Most of the municipalities also are interested in borrowing money from the province to finance their projects.

181,000 Alcoholics in Canada

Where does Canada rank in a test for sobriety? Neither at the head of the class nor at the bottom but just about average according to a University of Toronto publication. In 1956, says the report, there were 181,000 alcoholics in Canada. This works out at 1,680 per 100,000 adults, a higher rate than in Norway, Finland, Australia, England or Italy, but lower than in Denmark, Sweden, Switzerland, U.S. or France.

In 1871 the intake was 81% in the form of spirits, 15% in beer and 4% in wine. The figures for 1956 are: beer 64.5%, spirits 30%, wine 5.5%.

FOOD FOR THOUGHT

The Canadian Chamber of Commerce advocates that Victoria Day should be observed later in May, preferably the Monday following the 24th. Since 1952 Victoria Day has been observed the Monday preceding May 24. In 1956 the holiday fell on May 19 at a time when much of Canada was in the grip of a cold spell. A delay of the one week involved could well mean restoring Victoria Day to its former glory as a holiday. This year the holiday falls on May 18.

ARE YOU BLUE?

Anybody in the audience feeling blue? Well, mister, I can tell you how to cheer up fast!

Simply get off what you are sitting on and do something fine for somebody else. Try it — go on! Go and give your wife a kiss, or pat one of your youngsters on the head, and [illegible] smile.

Everybody gets blue. Everybody can get over it. Abe Lincoln tells us that the average man is about as happy as he makes up his mind to be. So make up your mind, buddy!

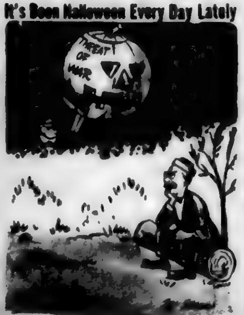
When I get blue I lecture myself. I have a few 3 by 5 filing cards on which I type out things I like to remember. One of the items is a cheerer-upper written long, long ago by some fellow called Macon Murrow. I read it this morning when I got out of bed tired and gloomy, with a head cold and too much work ahead of me — work which I could have done if I'd been less lazy. I'd like to pass these words along to you. Cut them out and paste them in your hat.

"It is a glorious privilege to live, to know, to act, to listen, to behold, to love. To look up at the blue summer sky; to see the sun sink slowly beyond the line of the horizon, to watch the worlds come twinkling into view first one by one, and then myriads that no man can count, and lo! the universe is white with them, and you and I are here."

Cynics may point out that here in Winnipeg, where I'm writing this, the temperature is 22 below this morning, the sun is getting up, not sinking, the sky is grey with clouds, and the smoke from the Central Heat plants is pushed straight south by the icy wind. Sure, that's so. But the frost is lovely on our windows, the den where I write is warm enough, the smell of percolating coffee reaches me, the rent is paid for this month, and I'm alive.

Best of all, I'm the white-haired boy around home. This morning, at breakfast I said to my wife "boy, you're looking lovely this morning." She was too but she nearly dropped dead with surprise when I said so. Giggled too. And suspiciously asked me what deviltry I was up to. I didn't tell her. I'm not going to tell you either!

It's Been Halloween Every Day Lately



"GREEN ACRES"

GLASSERS' DISEASE

This disease of swine is becoming wide spread over a large part of Alberta. It is present in this district. It affects young pigs and sometimes as early as two weeks of age. The pigs fail to grow properly and may have coughs and running noses. Some develop pneumonia and die from pneumonia or scours. Terramycin is a highly effective treatment. It is best however to get a veterinarian as prevention is more important than cure. Pigs that recover from Glassers disease are very slow growers and a big loss to the farmer.

NEW BARN PLANS

A large number of new plans for hog barns, dairy and beef barns and poultry houses are now available to farmers. There are also plans for building equipment such as self feeders, hog squeezes, breeding crates, creep feeders etc. It would be best for anyone interested to call at this office and look over the plans but you can write in if you wish. The plans are all free.

SOIL CONSERVATION

Dr. O. M. McConkey, chairman of the world commission on Soil and Water Conservation said at a meeting in Manitoba recently that two-thirds of the farm land in United States has been seriously damaged by wind and water damage. He said that over 1,000,000 acres was gone beyond recovery. It is going on in this district also. The good top soil is gradually washing away from the fields and ending up in the sloughs. Also sometimes we get soil drifting and dust storms. The soil is getting less fertile year by year. Can the loss be stopped? Yes it can by protecting the soil from run off [illegible] blowing by using forage crops more than we do at present.

Dr. McConkey was at one time an instructor at the Claresholm School of Agriculture and is well known through Alberta.

WEED CONTROL

The loss from weeds in Western Canada is about $5.00 per acre or $1,000.00 per farm. It is a fight year after year to keep weeds down or the loss can be far more than $5.00 per acre. To mention just one point, most of the chemical is put on too late and usually not enough. [illegible] not get some weed control bulletins at this office and look them over.

HIGHER WEIGHTS BETTER

Mr. A. J. Charnetski, Alberta Live Stock Supervisor, reports that the dressed weight of market hogs in Canada has increased 10 pounds in the past ten years. It would appear that this is one of the reasons why "A" grade and "B 1" grade are slipping lower all the time. Mr. Charnetski says that it would be much better to market pigs from 190 to 210 pounds for bacon grades. After 210 pounds live weight there are not many pigs make the top grades.

OTTAWA — The Honourable Sir Grantley Adams, C. M. G., C. B. E., Q. C., Prime Minister of the West Indies has consented to open the Canadian Trade Fair in Kingston, Jamaica, on Friday, January 16.

Scholarships Are Offered Albertans

Scholarships with total value of more than $5,000 are again being made available to Albertans by the Cultural Activities Branch, Department of Economic Affairs. They range from $50 to $500 in the fields of drama, handicrafts and visual arts, librarianship, music and recreation.

Drama scholarships up to $500 are open to Albertans working in that field. Deadline for applications is February 28. Scholarships of $250 to $400 are available in the fields of visual arts and handicrafts, respectively. Application deadline is also February 28.

Two scholarships of $300 and one of $250 are available in the field of librarianship. Deadline for applications is March 31. Five scholarships of $250 are available in music with a Jan. 31 deadline for applications.

Scholarships ranging from $50 to $500 are available to persons interested in recreation. Applications must be submitted before March 31.

Further information on all scholarships may be obtained by writing: Government of Alberta, Department of Economic Affairs, Cultural Activities Branch, Room 423, Legislative Building, Edmonton.

Tips on Touring

By Carol Lane
Women's Travel Authority

What's the car of the future going to be like? Here is what some automotive experts think we'll be driving some day:

It'll have permanently sealed transmission and axle, and many chassis components will get lifetime lubrication at the factory. The windows, too, will be sealed, since the car will be air-conditioned. It'll have radar to take care of safe deceleration.

There will be a more powerful engine. Yet the fuel consumption may be no greater than that of your present car.

The car of the future will be lower. Doors will extend into the top of the car to allow us to get in and out.

Some say gas turbines and free-piston engines will be common. Blow-out proof tires will be standard. Air springs may replace our conventional springs, and car bodies will be lighter in weight — maybe plastic.

Some engineers predict electronic devices embedded in the road; they'll automatically control the car's speed and steering while we enjoy the scenery or watch car television.

And one major automobile manufacturer even foresees the day when we can change the color of our car presto! — by "painting" it with something that is called a "controlled electromagnetic radiation gun." The new paint job would be able to expel dust and dirt when the car is passed through an electrical field.

THE Homemaker

[illegible]
District Home [illegible]
Wainwright, Alta.

Some of you may be surprised to see that my face is still on the pages of this paper. Besides sending news letters I will also send my news column back to the Standard until a home economist is appointed.

If your household is like most, the end of the holidays saw an article of clothing, some upholstered furniture or a rug stained. This advice may be a bit [illegible] but remember quick cures are the best and many times, the only cure. It is well worth while to make up a stain removal kit and have it ready to treat spots at a moment's notice before they have time to set. To make this kit, obtain a strong cardboard carton or a small wooden box to hold [illegible] items: carbon tetrachloride, fullers' earth or French chalk, corn meal, oxalic acid (half strength), household ammonia (half strength), turpentine, denatured alcohol, absorbent cheesecloth, white blotting paper, a medicine dropper and a dull knife or spatula. (When using a chemical stain remover, test it first on an inconspicuous part of your rug or furniture to be sure it won't remove [illegible] too.)

Following are a few stains and how to remove them. If you would like the bulletin on "Stain Removal" just drop a line either to the Wainwright or Lamont office and it will be sent to you.

Candlewax: Remove excess wax with a dull knife. Place soiled article between blotting paper and cover with a warm iron. Wash in soap suds. If garment is not washable, sponge with alcohol.

Chewing gum: Scrape off as much as possible with a dull knife. Rub with kerosene or carbon tetrachloride.

Grease spots from food: Same as for chewing gum.

Blood: Sponge fresh stains with clear, lukewarm water. Bleach out old stains on cottons and linen with commercial bleach. If stain persists, sponge with solution of one tablespoon ammonia in one quart lukewarm water.

Spr. Colin Andrew Cavil of Vermilion was commended Friday in Canadian army overseas routine orders for gallantry in fighting fire in an army repair shop on Gibraltar where he served with a tunnelling company of the Royal Canadian Engineers which recently returned to the United Kingdom. "Andy" is the son of Mr. and Mrs. James Cavil of Vermilion.

Mild weather prevailed over the week end and a real spring thaw set in Tuesday continuing Wednesday. Rain fell and the way snow disappeared was like a regular spring break-up.

A former Vermilion man, N. N. Bentley, has been transferred from his position as district agriculturist for the Edmonton-Edson territory to the field crops branch. He was formerly the instructor of soils and science at the Vermilion School of Agriculture.

Thomas Watts has been installed as president of the Vermilion Branch of the Canadian Legion.

32 Years Ago

JAN. 13th, 1927

Frank Larcombe, well known farmer of Minburn, has developed a new variety of wheat which is registered with the Department of Agriculture at Ottawa under the name "Vermilion".

The Vermilion Seniors annexed the first game of the season by a score of 1-0 against Lloydminster on the border town's home ice last Thursday night. The game is reported to have been fast and clean. Teams comprising this newly formed league are: Vermilion, Lloydminster, Islay and probably Kitscoty.

Jim Dow has an excellent weather prophet in the shape of a young bear. Just before the commencement of a cold snap, Bruin will plug the opening of his kennel with straw and just before the termination of it will forecast a mild spell by opening up his door. Right now young Bruin is snugly bedded away so get out your coon coats and prepare for a fall of the mercury.

Two rinks from Vermilion are in attendance at the big provincial bonspiel which opened this morning in the city of Edmonton. The rinks are skipped by two of the town's veterans, Wm. Telford and C. E. Slater and are comprised as follows: Telford (skip), Dr. Ryan, Mayor Dunsmore, J. McKone; Slater (skip), A. Jones, C. Shaver, A. Dimmell.

Two rinks from Vermilion also attended the Vegreville bonspiel last week and while they didn't land any of the big trophies, upheld the honor of the town by carrying off two third prizes. The two rinks in attendance were as follows: Slater (skip), A. Jones, C. Pilkie, A. Yungblut; S. R. P. Cooper (skip), McKone, Parker, D. Brown. Vermilion rinks played against two Vegreville rinks in the opening draw, Slater going against Morton and Cooper against Dr. Goodwin.

J. P. Killion has returned from spending three weeks visiting his brother at Red Deer.

IMMIGRANTS MAKE JOBS

Many ambitious immigrants find in Canada an opportunity for freedom of personal action and initiative.

And in doing so, they make jobs for others.

Those are the important facts emerging from an official count of new businesses by self-employed immigrants, presented by The Financial Post.

CLANDONALD PROMENADERS CELEBRATE THIRD BIRTHDAY

The Clandonald Promenaders [illegible] celebrated the third anniversary of their birthday on Jan. 7th. [illegible] the surrounding districts gathered and had a pleasant evening dancing to the efficient calling of Walter Parker of Dewberry.

Pie and ice cream were enjoyed, and lastly a three-tiered fruit cake baked by Mrs. Omness, iced and decorated by her daughter Hilda, was partaken of. Three large candles adorned the top which were burning before lunch time. The top layer was presented to Mr. and Mrs. Parker by President Fred Goddard. Alice and Walter thanked the folks for their thoughtfulness and said how much they enjoyed being the callers for this special occasion. On Jan. 21st Henry Lien from Beaver will be the caller.

Salvation Army Home League Notes

The Home League met on December 3 for their Christmas party. The program committee, Lt. Herrick, Sharon Isley and Mrs. Frissell, threw a cotton snowball to each lady present. Each ball contained instructions on what to do for the program. Some members led in carols, others had recitations, Bible readings or prayer and some had to sing. It was a very unusual meeting and really brought out some surprises in hidden talent. For the exchange of gifts, Mrs. Jensen was Santa, after she had entertained with an extremely funny recitation of a dream. A Christmas lunch was served by the lunch committee, Mrs. Smith, Mrs. Scott, Mrs. Geake and Mrs. Isley, who sang "We Wish You A Merry Christmas," as members took their places at the table.

On Dec. 10, Mrs. Dow was in charge of devotions, after which Mrs. Jensen directed play practice for the Christmas program.

On December 23 in the afternoon, several of the Home League ladies assisted the officers in packing hampers. Then, at seven o'clock, three carloads went up to the hospital to carol and distribute Sunshine Bags.

The Home League is a branch of the Salvation Army for women. It is non-denominational and any woman may belong, regardless of her church affiliation. If there are women in town who are lonely and feel they would like to enjoy the fellowship of the Home League, come along to the meetings every Wednesday at 8:00 p.m. Anyone desiring more information, contact Lt. Morgan (ph. 344) or get in touch with any other member of the Home League.

Emma T. Eyben Laid To Rest

Emma T. Eyben was called to her heavenly home on Dec. 27th, 1958 after an illness of several years.

She was born in Veblen, South Dakota on December 19th, 1900 and confirmed in the Lutheran faith at the age of 14. In 1916 she came to Valhalla, Alberta with her father. She attended Camrose Lutheran College and later entered nurses training at the Royal Alexandra hospital in Edmonton graduating in 1925. Following this she nursed at Red Deer and Vermilion. Here she made many very dear friends and met Frank Eyben who became her [redacted] July 31st 1927. They made their home in the [redacted] district where she lived until the time of her death. She faithfully attended services at the Auburndale United church. She put her faith [redacted] trust in Jesus Christ as Saviour and her life was one of a daily walk with Him. She was a wonderful wife, mother and friend and will be greatly missed by all. "To be absent from the body is to be at home with the Lord."

Left to mourn her loss are her loving husband Frank, Henry and Carl, Vermilion, five daughters Dorothy (Mrs. Albert Miller), Edmonton; Hazel (Mrs. Leon Olson) Wainwright; Ruby (Mrs. Elmer Samuelson) Vermilion; Grace (Mrs. Stuart Little) Wembley, and Lyla at home. There are eight grandchildren and three brothers, Maurice, Merlin and Olan Horneland, all of the Valhalla district.

Funeral services were held on Wednesday Dec. 31st, at 2:00 p.m. from the Auburndale United church with Rev. C. W. MacKay officiating. The scripture chosen was the 23rd Psalm and the hymns were "The Lord is My Shepherd" and "Nearer My God to Thee". Interment took place in Mount Auburn cemetery.

Pallbearers were Lloyd Everett, Lorentz Samuelson, Lester Wear, [redacted] Eyben, Willy Cleland and Eddie Fraser.

Moyer's Funeral home was in charge of arrangements.

Beautiful floral tributes were received from:

Letters to the Editor

Vermilion Standard
Mr Editor:

I shall be grateful if you will allow me a little space in your paper to express my views from a Bible standpoint respecting the paternity of the child Jesus whose birth is celebrated extensively at Christmas time. The big question is, has it any authentic foundation, or has it not, as there is one account of who He was to be (the promised Messiah) through the prophets of the old testament and that He would come of the royal line of Judah, and there is no evidence or inference whatever that He would come in any other way than every other human being that has ever been born into this world, namely, according to the Divine instituted law of human generation which requires male and female for reproduction. This law has been in operation since the advent of man, and has never been altered or rescinded. Moses, a servant God chose to deliver the people of Israel from Egyptian oppression and bondage, foretold a thousand years before the Christian era, that the Lord God would raise up a Prophet from among their brethren like unto Him, unto Him they should harken of all that He spoke. Other prophets likewise spoke of His coming, His mission, and of Him in His innocence being led to His death. Subsequent to His advent, so that future generations would be able to identify Him as the promised Messiah, there has been caused to be written a full and true genealogy of His descent from Abraham, through David, on through Joseph the husband of Mary of whom was born Jesus afterward to become Christ. At the age of thirty, one Philip, after conversing with Him was convinced that He was the promised Messiah, went and told his friend of what he had found, they knew Him as a Nazarene, a son of Joseph. But there was some doubt later talked as to His identity, for He asked His disciples, "whom say ye that I the Son of man am?" He always styled Himself a Son of man, and surely did not want to deceive anyone for He never inferred at any time that He was any other than a true Son of man. He is called a Son of man two hundred times in the New Testament. When the apostle Paul began his mission, he declared that he was an apostle of Jesus the Christ of the seed of David according to the flesh (or the law of generation). The apostle John in his first Epistle Ch. 4, is more emphatic and enlightening, and should be read by those seeking truth. It had got circulated around that Jesus was more than mere man, so he warns them to try the spirits, and he that confesseth that Jesus came in the flesh is of God. But he that confesseth not that Jesus came in the flesh, he is an anti Christ, and John says that He is in the world at that time. The true generation of Jesus already referred to will be found in the very beginning of the New Testament then follows the story of the Virgin birth. Not doubting the omnipotence and omniscience of God, the story is incomprehensible to the human mind and at variance with the foregoing. A few years ago, I heard the Bishop of Edmonton say, after addressing his congregation on the Virgin Birth say, I am sorry to say that we cannot understand it but we must believe it. Which reminds me of the school boy when asked to define Faith, replied, "It is to believe something you know not to be true". Contained in the story of the Virgin Birth, certain events were said to have taken place so that the sayings of the prophets might be fulfilled such as: A Virgin shall conceive and bear a son (Isaiah 7 4) but read the chapter, then the killing of the male babies under two years, that Jeremy might be fulfilled (Jer. 31:15), read the whole context, then again where Joseph, Mary and the Babe went to Egypt, and by coming again out of Egypt purporting to be the fulfillment of Hosea's Prophecy 11:1. I am not writing these accounts in full as space is limited, but leave it to the reader to read for himself as I am quoting chapter and verse, and it will be found that in each instance there is not one iota of relation or connection with the birth of the Child Jesus but to events that took place hundreds of years previous, according to history, early Christians believed Him to be a true Son of man.

Now we come to Sonship of God, the Bible is the only source from which this can be answered. We are informed that God is Love Spirit, (Divine Mind) Principle Perfection of Holiness. Sonship to the Father must [redacted] these qualities or attributes to be like Him. Jesus was asked by [redacted] of His disciples to [redacted] the Father. He replied, have I been so long with you and have not known Me, he that have seen Me have seen the Father also. The corporeal is not in question, for God cannot be seen with the physical eye, no man hath seen God at any time with the Physical eye but with the Spirit Mind, that is where God dwells and is worshipped, this is the temple of the living God. Sons of God are not born over night. It is a gradual process, a [redacted] against evil all that is opposed to the Spirit, the works of the flesh which must be shunned at all times.

These are enumerated in Gal. 5:19-21, and the fruits of the spirit continues from verse 22-26. By living up to this standard, constitute sons and daughters of God, and when the state of purity of mind has been attained, then as Jesus said, "Blessed are the pure in heart, for they shall see God". That was the degree of spirituality that He attained to and could therefore say, I and the Father are one. He is the way-shower for the human race, what He has done is possible to all. He said be ye perfect as the Father is perfect, and prayed that we all might be one as He was one with the Father. These are the sons that are born not of blood, the [redacted] or the will of man but by the Spirit of Holiness, God. There are two instances where Jesus is called the only begotten Son of God. [redacted] a wrong transcription and should read 'Most Beloved', because of His exceeding righteousness above all mankind. There have been legion sons of God manifested down through the ages, therefore cannot be the only begotten. The invitation to all is, If ye will forsake all wicked ways, and do all that I have [redacted] you, I will be a Father unto you, and you shall be my sons and daughters saith the Lord. That would be, to be in tune with the Infinite, thereby would be immune from sickness and all other evils that now afflict mankind. God is the same, yesterday, today and for ever and changeth not.

Thank you.
C. Young.

NEW PROVINCIAL PARK

A new provincial park created in an area 195 miles west of Edmonton will be known as "Entrance Provincial Park." It is located in the vicinity of Gregg and Jarvis lakes, 10 miles north of Entrance, and contains 10 sections. The lakes have become very popular with tourist and fisherman and development of the region as a provincial park is designed to provide better facilities in the area.

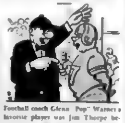
I'm afraid the Western Union office must have been a little upset when my mother sent me the following telegram concerning my two sisters —Dorothy, who was married and expecting a child, and Marjorie, who was about to be married:

"Judy born last nite seven pounds ten pm stop Marjorie will be married Tuesday morning" Love Mother



Football coach Glenn "Pop" Warner's favorite player was Jim Thorpe because the big Indian had such a great love for the game. One day, Warner was scolding Thorpe for failing to break up an opponent's pass. "You could have stopped that easily," he shouted. "Why didn't you?"

"I didn't have the heart," Thorpe replied. "It looked so pretty."

WHAT HAPPENS AFTER DEATH?

In a few score years, all who read these lines will have vanished from the face of [redacted].

Every day, almost a hundred thousand human beings finish their earthly span and pass off into the vast beyond. That our turn will come we all know, but when and where and how we cannot be sure.

No merely human being ever has been able to look into eternity and tell us what it is like. No scientific knowledge or scientific instruments can pierce the curtain that divides this world from that into which all of us must eventually journey.

All we know about God's eternal plans for us... all we know about what lies beyond the grave ... comes from the God Who made us and to the extent He has seen fit to reveal it to us.

But we can face eternity without fear. For we do have a definite answer to the mystery of death. With the facts God has put at our disposal through the inspired books of the Old and the New Testaments, the Catholic Church always has given, and gives today, a definite answer to the tremendously important questions raised by the fact of death.

Man's life in this world, the Church tells us, is a preparation for the world to come... a testing-time which ends with our death. What happens after that depends on whether death finds us loyal to God, or opposed to Him and the way He expects us to live. "...it is appointed unto men once to die and after this the judgment" (Heb. IX 27).

Christ gave us (Matt. XXV) a description of God's judgment which leaves no room for doubt that our worthiness of everlasting reward will be judged solely according to the way we have lived our [redacted].

Death does not bring merely a long, unconscious slumber, but rather a quick awakening to the irrevocable judgment of our Creator. Nor does it bring us a second chance to prove ourselves or to amend our erring ways. In our own hands rests the opportunity ... and upon our own heads the responsibility ... to determine if death shall be the threshold to everlasting life among the blessed, or among the lost.

Men blessed by youth and good health often feel that death for them is far away – something to be worried about only in the twilight years. Some scoff at the suggestion that an everlasting hell could be permitted by a merciful God. Others seem to think that God will treat them kindly if they live reasonably moral lives, even though they pay Him no special honor which is His due.

[redacted] – But whatever they think ... however they avoid the question ... all men must eventually face the fact of death. To think about it wisely... and in time... is the most important thing in our lives. If you would like more information on this subject... on Heaven, Hell, Purgatory, the end of the world and the resurrection and judgment of all men... we shall be happy to send you an interesting pamphlet free of charge. Mr. Brown bought her an electric dryer last Thursday. What else need we say? We could add that life for Mrs. Brown is so very much easier—but isn't that so obvious?

And Mrs. Brown uses her dryer several times a day, but it never costs more than just a few pennies for electricity.

TRAILER COACH PARKS

Last week I discussed the regulations controlling the use of trailers for living accommodation and I propose to follow with some information concerning the trailer coach parks.

Trailer coach parks are a new business which has arisen as more people took to living and travelling in trailers. Many of the earlier types were poorly located with little or no facilities and in such circumstances slummy and unhealthy conditions could arise. Health authorities have constantly urged more and better facilities be provided at trailer coach parks so that today the modern parks bear little resemblance to the original. In the province of Alberta, the trailer coach parks are controlled under the Provincial Health Regulations which were revised in 1955. Following are some of the more important requirements to be met by any person wishing to operate a trailer park.

1. Supervision — A competent attendant must be provided to maintain the park, its facilities and equipment in good repair and appearance and in a clean, orderly and sanitary condition.

2. Location — All trailer courts have to be located on a well drained site away from sloughs and other mosquito breeding grounds.

3. Space and General Lay Out — Each trailer must be set on a site of 1,500 square feet and not less than 35 feet wide. Trailer sites must abutt on [illegible] unobstructed driveways of not less than 20 feet in width and access to public highways or streets.

4. Water Supplies — An adequate and safe water supply must be provided.

5. Toilet, Bathing and Laundry Facilities — Every trailer coach park must be so laid out that the walking distance from such facilities shall not exceed 30 ft. Separate toilet and bathing accommodation have to be provided for each sex and located in a well constructed building having good lighting, ventilation and heating. Floors have to be constructed of suitable material and properly drained.

6. Parking Facilities — Adequate facilities must be provided for the parking of trucks and trailers.

7. Garbage and Refuse Disposal — Covered water tight metal garbage containers must be provided and garbage must be removed from the site regularly.

General: — Many trailer coach parks provide additional services such as —

1. Water and sewer connections to individual trailers.
2. Electric power with all wiring in accordance with the provincial electrical code.
3. Playing area for children.
4. Paved, concreted or gravelled site around trailers.
5. Landscaping of site.

Introduced Ice Cream To Russia

Anastas I. Mikoyan, the Kremlin's second most important man, has more to his credit than three Orders of Lenin — he put American ice cream on the Russian menu.

Mikoyan, who is the only member of the Soviet hierarchy to visit the U.S., arrived in New York on January 4 for a two-week tour.

But he got his first taste of American ice cream in 1936, when he came to the U.S. for three months as the head of an industrial survey team.

According to the research department of The World Book Encyclopedia he went home with American techniques of canning, meat packing, food freezing and ice cream making.

Since then, the typically American treat has become a Russian favorite. No doubt Russia now claims to be the originator of ice cream.

PROGRESS IN WEED CONTROL

The rapid development in the use of 2,4-D and other highly selective herbicides during the past 10 years, and their wide acceptance by farmers, give evidence that weed control research in this field is paying good dividends.

Research Needs Although much progress has been made in the field of chemical weed control, it is the conviction of weed research scientists that we know only a fraction of the potential uses of herbicides. It is clear that future progress in weed control will be determined largely by new and better compounds; better basic understanding of how herbicides work; and better application methods. These, together with a greater stress on combined chemical and cultural control, plus an increased emphasis on education and extension, are necessary if the tremendous loss due to weeds is to be reduced in the future.

Cultural • Methods Neglected. Many extension workers feel that the glamour of chemical weed control, with its startling results on many weeds, is tending to overshadow the need for efficient, timely cultural practices and 'all round good farming'. Let us take nothing away from chemical weed control, the greatest advance in this field in agricultural history, but at the same time let us look at the weed problem squarely. There is no easy path to weed control. We always have had weeds, and we will continue to have them as long as we till the soil. Cultural methods, which give fairly effective but costly weed control, were used long before modern chemical controls were developed.

Future progress in weed control will depend upon the wise use of cultural practices in combination with proven herbicides. Good farming will always remain the only sound basis on which a successful weed control program can be built.

NEWS from ALLANDALE

The last few days of the old year [illegible] was lovely and it was above freezing, then on New Year's eve, changes came. It was 9 below New Year's day with a very strong wind and around 67 below wind chill. Those outdoors on such a day probably thought it was worse than that.

On Dec. 29th Mr. and Mrs. Idelore Nelson motored to the city to visit the latter's mother at the University hospital.

Visitors in the district on Dec. 29th were Mrs. Edna Darling and son Morgan.

Mrs. Darling's daughter Betty and Don Butner and daughters have moved to St. Paul from Lindbergh.

Mr. and Mrs. Roy Darling and family have moved to Port Hardy, B.C.

Mr and Mrs. Donnie Darling and son are at Uranium City.

Congratulations to Mr. and Mrs. Richard Christman who were married on Dec. 29th at Vegreville.

The Campbell Lake R. E. A. held their meeting Dec. 29th at the Omness home. These are the men behind the scenes along with a lot more, keeping our power in order and making it possible for others to join. A good many of us do not realize the work there is to such an association.

Congratulations to Mr. and Mrs. Lee Nelson on the birth of a daughter Doreen Elsa on Dec. 30th; also to Mr. and Mrs. Denis McCormick Jr. on the birth of a daughter Dec. 31st in the Elk Point hospital.

It was grand having our roads plowed out. The first time this winter.

Mrs. Claremont Laird and daughters Margaret and Cathryn went by bus from Vermilion to the city on Dec. 30th. The next morning Mr and Mrs. Orley Omness accompanied Mr. Laird to the city to attend Miss Clarice Laird's wedding at 2 p.m. Our congratulations to Mr. and Mrs. Cy Trudel for a long and happily wedded life.

Mr and Mrs. Rock Mead who had been visiting relatives in and around the city also attended the Laird-Trudel wedding.

The Omnesses and Kathie spent New Year's eve at daughter Della's. On New Year's day Mr. and Mrs. Laird and Margaret visited at the Walshs on their way home. All enjoyed a New Year's dinner together and left shortly after for home.

It is interesting to note that Mr. and Mrs. Lyle Tyner have a food market which the Walsh family patronize. Lyle's father was a former minister in Vermilion in the early days and his brother Laurie taught school at Allandale.

Error in last news — It was Gordon and Randy Good who were at McPhee's for Christmas dinner. Joe Good and son Allen spent the Xmas holiday in Vancouver with Margaret and Angus [illegible].

Mr. and Mrs. Ed Magistad have purchased a modern home in Ponoka. Their address is 5017-54th Ave. Mr. Don Wilson, daughter Donna and sister Ellen Omness enjoyed dinner at their home on Jan. 7th when returning home from Calgary. Son Morley is working at the hospital where his Uncle Melvin is employed and is able to be home with his parents.

Mr and Mrs. Keith Bluck (nee Marian Dock) a former teacher of Allandale, now of Calgary had the misfortune of losing their hotel in Edmonton by fire. They had just purchased the hotel and were to take possession New Year's. Marian is teaching again this term, on the outskirts of Calgary.

On Jan. 9th Mrs. Idelore Nelson went from Vermilion on the Dayliner to Fort Saskatchewan to visit her mother Mrs. Ockerman who is there with her daughter Lily and Harold Swanson. She plans on going home to Ferguson Flats soon.

Mrs. Mossy McPhee, a substitute teacher for Clandonald, was called upon to teach school there on Jan. 9th.

The Wheat Pool will hold a show at Allandale on Monday, Jan. 26th at 8 p.m. at the Community centre. Lunch will be served. Everybody welcome.

On Jan. 6th Mr. and Mrs. Johnny Nelson and daughter Alva of Lloydminster left for California for the winter. Plans now are to come home by Hill City, Kansas to visit Uncle Homer and Aunt Emma Tompson; to Mankota in southern Saskatchewan to see Mr and Mrs. Ewart Frampton, present owner of 'El [illegible]' Arabian stallion once owned by the Nelsons.

We are pleased that Willard Carlton is getting on well with his hobby of leather carving, he is doing some lovely work.

A social evening was enjoyed at the George Mead home on Jan 9th. Ladies' high, Mrs. Ev. Throndson, low Mrs. Mossy McPhee. Men's, Mike Simonett and Joe Good. Thanks folks for your hospitality.

Closing Thought: "Be not anxious about tomorrow. Do today's duty, fight today's temptation, and do not weaken or distract yourself by looking forward to things which you cannot see, and could not understand if you saw them."

Total of the federal government's loans to and investments in Crown corporations stood at $8,549.8 million at March 31, 1958.

J. V. Kneale New President Of Vermilion Board of Trade

John V. Kneale, for the past eight years superintendent of the Canadian Utilities steam-electric power plant here, was elected president of the Vermilion board of trade at the annual meeting held on Wednesday, Jan. 21st. The luncheon meeting was attended by thirty-three business men and district farmers.

JOHN V. KNEALE

President Elect

John V. Kneale who was elected president of the Vermilion Board of Trade at the annual meeting held on Wednesday. Mr. Kneale came to Vermilion in 1951 as superintendent of the Canadian Utilities steam-electric power plant here.

The new Board of Trade president was born in England where he received his education and training as a marine and steam engineer. He then spent four years in Australia, 9 years in China and three additional years in various parts of the world before coming to Canada. His first Alberta stopping place was Calgary where he was engaged by Canadian Utilities and sent to their Drumheller plant. He was then appointed Superintendent of the Vermilion plant. Mr Kneale is a married man and they have one son and one daughter.

The incoming president has taken a keen interest in all phases of community activity since coming to Vermilion. He is a curler, golfer, immediate past president of the Anglican Men's club, a charter member of the Rotary club, just to name a few of his interests.

Elected to the office of vice-president is Mr. Angus MacMillan, a partner in Mitchell Agencies. Well known and very active and interested in town and district progress, Angus is a happy choice for the office.

The retiring president, Mr. E. A. Locke, gave a most complete report of the activities of the board during the past year. The number of projects carried on was most enlightening and amazing. The Standard hopes to reproduce the report in subsequent issues.

Mr Locke also noted the successful culmination of several long time projects of the board, namely the construction of the post office or federal building which is practically completed, and the recognition of highway 41 as a main north and south highway. The retiring president also spoke of the immeasurable amount of good-will created among the business men by being able to meet together once a week and talk over mutual problems. The Vermilion board of trade is unique in this respect.

The financial report given by the secretary [illegible] showed receipts during the year of $2,76[illegible] with disbursements of $2,345.26. A deficit of $380 carried over from the previous year was liquidated, leaving a small surplus of [illegible].

Total membership for 1958 had been 146.

SWORN IN BY DEPUTY MAYOR THOMPSON

Following their election the president and vice-president were sworn into their new offices by Deputy Mayor Charles Thompson.

The complete list of officers for 1959 is:

Hon. Pres. — Mayor Hill
Past Pres. — E. A. Locke
Pres. — J. V. Kneale
Vice-Pres. — Angus MacMillan
Sec.-Treas. — F. J. Richardson

The following are continuing members of the executive, the year 1959 being their second term: E. M. Stewart, A. J. Champion, Thos. Watts, E. Schurman, Martin Shalka.

Two-year terms — Curtis Alfke, Jerry Simpson, Rudi Renaud, Stan Waldenberger, Bill Sutherland, Mervin Hill.

After the general meeting the following committees were appointed, the first named in each case is chairman:

Agriculture — Ralph Wilson, Claude Brennan, E. H. Buckingham, Roy Walker.
Retail — Roger Rowe, I. Miller, Albert Hareuther, Les Hathaway.
Industrial — Curtis Alfke, Reg Mitchell.
Roads — Cliff McCormick, E. M. Stewart.
Publicity — Ashley Cooper, F. J. Richardson.
Entertainment & Program — Rudi Renaud, A. J. Champion, Leo McKernan, W. Rosenquist.
Ways and Means — Gerald Simpson, Tom Watts, Stan Waldenberger, Gordon Casey.
National Affairs — G. W. Sutherland, E. A. Locke.
Airport — Baden Anderson.
Civic — E. Schurman, Mervin Hill, E. Clendenning.
Parks — Dr. Ben King, A. J. Champion.

Record Crowd for the Season Sees Local Tigers Lose 7-3

A record crowd of fans for the current season, 720 actual paid admissions, saw the Bonnyville Pontiacs give a smart display of hockey to defeat the local Tigers 7 to 3 last Saturday night. The visitors while not outplaying the Tigers territorially, were just too smart around the goal. The Pontiacs have strengthened their team considerably and list three players from the University Golden Bears and a former member of the Calgary Stampeders. Tigers on the other hand, were weak in finishing off plays and in capitalizing on scoring opportunities. Ernie Braithwaite, a Dewberry product who plays for the Golden Bears, is now lining up with Bonnyville.

The first period ended scoreless but the second was only fifty seconds old when Serbu opened the scoring for the Pontiacs, followed by another by McCabe. The Tigers got back into the picture when Ken Swanson scored on Redford's pass, but Dzurko and McCabe added two more before the end of the session.

In the third it was Belcourt, Serbu, Murray and J. Sylvestre scoring for the Pontiacs, while Bill Romanchuk from Dennil and Ken Brown from Dennil accounted for the Tigers' goals.

A brief bout between Redford and Buckley enlivened the third period and each were awarded five minutes to cool off.

The game was clean and fast with only five penalties in all being handed out by Referee Elmer Kreller, four to the Pontiacs and one to Vermilion. Russell Carroll was linesman.

LINEUPS

BONNYVILLE — Anders Murray, Ouimet, Dzurko, Buckley, Sylvestre, Belcourt, Serbu, Sullivan, Van Braban, Herbert, Podgurney, Braithwaite, McCabe.

VERMILION — Kendall, Barr, Brower, Swanson, Ferguson, Bronson, Redford, Waldenberger, Kasnian, Jost, Cooper, Dennil, Romanchuk, Brown, Ewen.

SUMMARY

1st period — no goals, no penalties.

Tigers Lose At Lashburn 11 to 2

Playing shorthanded at Lashburn Monday evening the Tigers lost by an 11 to 2 score; on the same evening St. Paul defeated Maidstone 9-4 and Neilberg defeated Lloydminster 4-3. Small crowds are reported at all the games due to the extremely cold weather.

On Sunday afternoon the high flying St. Paul Hornets won from the Bonnyville Pontiacs.

The top teams in the E.A.H.L. are playing a very high class brand of hockey. A standard it is said that would rank very well with any played in the amateur leagues of the province.

TIGERS LOSE AT ST. PAUL

Vermilion Tigers played at St Paul Wednesday evening losing out to the first place Hornets 9-4. Tigers at one stage in the game were in front 2-0.

Tigers Register League Players

Coach Bruce Anderson has released the names of the following players who have been registered with the Vermilion Tigers and are thus eligible for play offs should the club manage to make it as high as the fourth spot in the league standing. Chuck Kendall, H. Kasnian, R. Ferguson, Ken Swanson, J. Jost, Andy Redford, Ike Bronson, Bob Warner, Hedley Dennil, Bill Romanchuk, Ken Brown, Bruce Anderson, Stuart Barr, Joe Brower, Sandy Ewen, Bob Waldenberger, Stewart Cooper, Jerry Schmidt.

The boys aren't winning too many games but they are enjoying playing. The teams in the league have been built up to a very high class with the result that top drawer amateur hockey is being played.

Inter-Club 'Spiel Sunday, Feb. 15th

One of the most enjoyable curling events of the winter is the inter-club spiel played between the various organizations of the town. Each club takes its turn to be hosts and is in charge of the event for that year. This year the Kinsmen are carrying out all arrangements. The spiel will be played on Sunday, Feb. 15 commencing at 12 noon and will be completed by 6 p.m. A banquet will follow served in the rink waiting room.

Each club enters two rinks with the handsome Knights of Columbus trophy going to the club whose rinks amass the highest number of points.

Rinks will be participatig from the Knights, Elks, I. E. R., Legion, Kinsmen, Foresters, Masons and Rotary club.

"H.M.S. Pinafore" Being Presented At Wainwright

The well known and highly entertaining light opera of Gilbert and Sullivan 'H.M.S. Pinafore' is being presented at Wainwright in the Separate school auditorium on Wednesday and Thursday next week, Jan. 28 and 29.

Rehearsals indicate that a very high standard production of the light opera will be presented with all the solo and chorus work shaping up in an excellent manner.

Tickets may be obtained from Mrs. [illegible] Fashion shop in Wainwright. Reserve seats are $1.[illegible], rush seats $1.[illegible]. The opera is sponsored by the Wainwright Allied Arts [illegible].

Buffalo Coulee Lady Curlers To Compete For Eaton Trophy

Mrs. Ruby Larsen and her rink of curlers from the Buffalo Coulee curling club won the zone play-off in Vermilion played from Monday to Wednesday and will now represent this zone in the Eaton Cup competition at Lloydminster commencing Feb. 2nd. The Eaton Trophy represents the Northern Alberta Ladies Curling Championship. It will be recalled that this competition was played in Vermilion two years ago.

Playing with Mrs. Ruby Larsen are Mrs. Art Pheasey 3rd, Mrs. Tom Smith 2nd and Mrs. Henning Haveralew, lead.

Seven rinks played in the double knock-out event. The skips and the clubs represented were Fairburge, Dewberry; Holt, Lloydminster; Squires, Lloydminster; Gallagher, Lloydminster; Larsen, B. Coulee; Locke, Vermilion; Bigelow, Grand Centre.

Mrs. Larsen won the No. 1 competition with Mrs. Holt of Lloydminster annexing number 2. This brought these two rinks together in a best 2 of 3 final. The first game played on Tuesday night went to the Buffalo Coulee quartet. The second game on Wednesday morning saw the Lloydminster ladies out in front until the 8th when Larsen and Co., scored a four end to put themselves out in front by two rocks, protecting this lead to the end of the game.

Mrs. Jean Holt skipped the Lloydminster runners up with Jean Stewart, Mercedes Newsome and Kitty Coombes.

Vermilion curlers are now wishing Ruby and her team the very best of success in their quest for the Eaton trophy and northern Alberta Ladies Curling Championship.

Pioneer Business Man, Col. W. C. Craig Dies at North Battleford

Col. W. C. "Chum" Craig, a pioneer Vermilion businessman, died Saturday, Jan. 17 at North Battleford, Sask. He was 74 years of age.

Col. Craig and his brother John founded the firm of Craig Brothers, General Merchants in Vermilion in 19[illegible]. The business has since expanded to comprise four stores, at Vermilion, North Battleford, and two at Prince Albert. Col. Craig was manager of the store at North Battleford at the time of his death.

During the first world war Col. Craig recruited the 194th Battalion Edmonton Highlanders C. E. F. and was its commander when it left Edmonton for overseas in 1916. Mr Craig was later wounded in action and invalided home.

While in Vermilion he was greatly interested in community activities. He was a charter member of Vermilion Masonic Lodge and was one of the businessmen instrumental in starting the board of trade.

Left to mourn the passing of their brother are four sisters and two brothers, Miss G. E. Craig, Vermilion; Mrs. J. M. Duncan, Edmonton; Mr. J. A. M. Craig, Prince Albert; Mrs. Ernest Reynolds, Brantford, Ont.; Mr. R. L. Craig, Sarnia, Ont.; Mrs. A. M. West, Vermilion.

Funeral services were held from St. Paul's Church, North Battleford on Tuesday, Jan. 20 at 2 o'clock in the afternoon.

Evan Ingram Jones Passes Away

Mr. Evan Ingram Jones passed away in the Vermilion Municipal hospital on Tuesday, January 20, 1959 at the age of 68 years.

He leaves his loving wife, seven sons, Evan of Red Deer, Allan of Vermilion, Arthur of Swift Current, Sask., Stanley, Vermilion, Raymond, Vermilion, Norman at Devon and Harold in Edmonton. There are two brothers, Steve of Edmonton and Percy of Irma. One sister, Mrs. Nelson Harvey resides in the U.S.A. There are 15 grandchildren.

Funeral services will be held on Friday, January 23 in First United Church, Vermilion and interment will follow in the Vermilion cemetery.

Moyer's Funeral Home are in charge of arrangements.

AT HOME

Mr and Mrs. Manson Barr will be at home to their friends and neighbors on Sunday, Jan. 25th from 2 to 5 and 7 to 9 p.m. on the occasion of their silver wedding anniversary.

Legion W. A. Elect Officers

At the meeting of the Women's Auxiliary to the Canadian Legion held on Monday, Jan. 5th, the following officers were elected for the ensuing year:

President — Mrs. Ivy Pare
1st Vice-Pres. — Mrs. Anne Winters
2nd Vice-Pres. — Mrs. Betty [illegible]
Sec'y. — Mrs. Ethel Thompson
Treasurer — Mrs. Ina Webb
Members of the executive — Mrs. Mary Mullen, Mrs. Laura Leahy, Mrs. Evelyn Maiers, Mrs. Olive Currie, Mrs. Betty Moses, Mrs. Margaret Burton.

Juveniles To Play Exhibition Hockey Series with St. Paul

Arrangements have been made with St. Paul for a home and home exhibition series with St Paul Juveniles. The first game will be played here Wednesday night commencing at 8.15. The Bob Cats will make the return trip to St Paul on Sunday Jan 25th. Both of these [illegible] entered in the provincial play offs, which means the exhibition games will provide a test since Vermilion and St Paul will in all probability be paired off in the provincial playdowns.

The Bob Cats lineup for the provincials will be most of the regular team players plus three from Mannville.

Cold weather has held up league games considerably since the first of the year. Statistics to date show [illegible] the lead with [illegible] close behind.

Civil Defence Classes Start at Kitscoty

Arrangements are now under way to commence Civil Defence training in the new Civil Defence training headquarters at Kitscoty.

During the forthcoming year, it is hoped to train volunteers in the following services: Home Nursing, First Aid, Auxiliary Police, as well as Orientation, Welfare and Communications.

The number of classes to be held will depend entirely upon the number of people wishing to take training in the different subjects.

This is an invitation to [illegible] people living within the boundaries of the municipal district of Vermilion River to enroll in one or more [illegible]. These courses are free to [illegible] and [illegible] by sending your name to the Municipal Office, Kitscoty, Alberta.

A Radiation Monitoring course will commence on February 2nd and invitations have been mailed to all schools in the Vermilion school division inviting teachers to register for this course.

Applications for any courses may be sent to Mr George Mar[illegible], [illegible] Civil Defence, Vermilion, Alberta, phone 184 or to Mr. A. Henack, Sec., Civil Defence, Kitscoty.

Registrations for First Aid and Home Nursing are also being taken. These classes will start as soon as enough volunteers enroll and will be held in Kitscoty.

Legion Annual Polio Campaign Will Start In February

Notice has been received by Vermilion Branch of the Canadian Legion that the Provincial Polio Campaign for funds will take place in February.

The Legion has sponsored the Polio campaign in Alberta for the past six years. Last year the canvass produced $126,962.01. From 1953 to 1958 the total givings in Alberta to this worthy cause was $656,186.26. The cost of the campaign is very low as the hundreds of canvassers all work for the good of the cause. The administration staff are employees of the Legion.

Vermilion and district contributed $1,200.00 last year. The objective this year is set at $1,500.00. Surely Vermilion can do a little better every year. Quite a number of requests for help were [illegible] in by the local Legion. There are still a few cases in the area who still need assistance.

For the information of the public it should be announced that the purpose of this fund is to take over where the government leaves off. That is, the government provides doctor's care and hospital rooms. The polio fund provides ambulances, care of children and food where the wage earner is stricken down with this crippling disease. There is also the matter of treatments after the patient comes home and help in getting schooling for affected children.

The district in and around Vermilion has suffered possibly more than any other part of Alberta. Everyone here can recall some of their friends or their friend's children who were under treatment for polio. In practically every case help was freely given to assist in the emergency.

President Thompson of Vermilion Branch, and Vic Tillett, chairman of the canvass committee asks that you cooperate with the Legion in the drive for funds soon to be started and you will all be as generous as you have been in the past.

S. C. Nominating Convention Set For April 15th

At a very well attended executive meeting of the Vermilion Constituency Social Credit Association, the nominating convention date was set for Wednesday April 15th at 7:30 p.m. in the Orange hall Mannville. The members of the executive present chose the late date to give the executive and the 46 key men appointed at the annual meeting held last fall a chance for some organization work and the enrolling of members. To be eligible to vote a delegate must be a member of the Alberta Social Credit league registered at least seven days before the nomination convention. Membership is $1.

Zone 8, A.C.A., Elect Officers Here

Zone 8 of the Alberta Curling Association held the annual meeting at the Vermilion Curling rink on Jan. 10th with fifteen of the eighteen clubs represented. Those present curled eight ends, had lunch and then elected the following officers to arrange the district play-offs:

President — W. Rosenquist
Secretary — E. A. Locke
Convener — A. Kent

The zone play-offs will be held Jan. 30, 31 and Feb. 1. For the two previous years play-offs have been held in the Vermilion rink where six sheets of ice are available as compared to four in Lloydminster.

All entries for the zone play off must be in the hands of the secretary E. A. Locke by Jan. 24th.

Mrs. Jos. Dabinette Passes Away, Calgary

Friends of Mr. and Mrs. Jos. Dabinette, formerly of Vermilion, now of Calgary, will be saddened to learn of the death of Mrs. Jessie Dabinette on Monday. Death was very sudden.

Sudden Death Of Alfred Robinson At Koknee

Mr. Alfred Robert Robinson passed away at his residence at Koknee on Tuesday, Jan. 20th at the age of 55 years.

Mr. Robinson leaves his loving wife, three sons, Floyd of Koknee, Archie of Vermilion and Grant of Edmonton. His father, Mr. J. W. Robinson resides in Vermilion and one brother Gordon lives in Edmonton. There are four sisters, Mrs. R. Tasman at Hindville; Mrs. Ray Barber, Edmonton; Mrs. Maurice Watt, Innisfail, and Mrs. Gordon Skinner of Coleville, Sask. An uncle, Mr. Jud Robinson lives in Vermilion and there are four grandchildren.

Funeral services will be held on Saturday, Jan. 24th at 1 p.m. in the First United Church, Vermilion and interment will be in the Vermilion cemetery.

Rev. C. W. MacKay will officiate and Moyer's are in charge of funeral arrangements.

Ten Rinks Entered In District High School Curling Championships

The Taylor-Pearson and Carson bonspiel will take place in the Vermilion Curling rink this week end on January 23 and 24 commencing with the registration at 2:30 on Friday afternoon.

The first draw commences at 3 p.m. Friday. Following that a banquet for the curlers will be held in the Legion Hall at 6 o'clock and another draw is scheduled for 7:30 that evening. The draw to be used on Friday and Saturday to determine the winner in the double knock-out.

The following is a list of the ten rinks entered in the Zone bonspiel: Mannville, Kitscoty, Paradise Valley, Marwayne, Dewberry, Derwent, Clandonald, Separate School Myrnam, Buffalo Coulee and Vermilion.

The Vermilion entry consists of skip Brian Calvert, Don Martin, Ken Graham, Howard Robson with Neil Gannon as alternative.

The first draw at 3 p.m. is as follows:

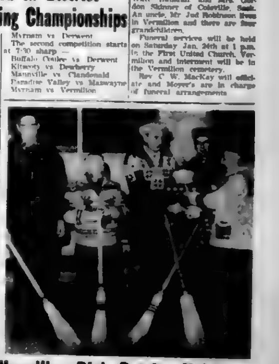
Mannville vs Paradise Valley
Vermilion vs Marwayne
Buffalo Coulee vs Dewberry
Clandonald vs Kitscoty
Myrnam vs Derwent

The second competition starts at 7:30 sharp —

Buffalo Coulee vs Derwent
Kitscoty vs Dewberry
Mannville vs Clandonald
Paradise Valley vs Marwayne
Myrnam vs Vermilion

Mrs. Gladys Brown Passes Away At Cold Lake

Well known to many Vermilion people, Mrs. Gladys M. Brown died on Monday, Jan. 12th at the John Dale hospital, Cold Lake, Alberta. She lived in the Woodvale district from 1929 to 1937.



Vermilion Rink Retains Knights Of Columbus Curling Trophy

Knights of Columbus rinks from Lloydminster, Wainwright, Vegreville, St. Paul, Bonnyville and Vermilion gathered in the Vermilion curling rink on Sunday, Jan. 18.

Vermilion curlers, who last year won the trophy from St. Paul, were able to retain the trophy for another year.

Since Bonnyville were only able to field one rink, it was decided that the individual rink with the highest total score in two ten end games would hold the trophy.

The winners for Vermilion were Gordon Casey (skip), Leo McKernan (3rd), Billy McLaughlin (2nd) and Jim Champion (lead) with a score of 24.

Grand Knight, Jos. McIntyre presented the trophy to the winners, who now will act as hosts once more in 1960.

Shown in the picture from left to right — Leo McKernan, Bill McLaughlin, Gordon Casey, who skipped the winning rink, and Jim Champion and Grand Knight Jos. McIntyre presenting the trophy.

4-H AND YOUR CHILDREN

Every year the Alberta Department of Agriculture spends a great deal of money . . . your money . . . on junior education in the form of 4-H. Many parents in Alberta, and right here even in our own community, do not realize what 4-H has to offer. 4-H offers a rounded out educational program in agriculture, citizenship, public speaking and living in the community, which is obtainable no other place. Children learn to work together by building displays, studying, and growing crops. The competition of life is taught in the individual plot, grain sample judging and public speaking contests. Every phase of 4-H is organized so that the members "Learn to do by doing".

January is the time to organize a 4-H Grain club. If your community has 12 children over the age of 12 and not older than twenty years, the material is there. Every member grows a plot of grain which he or she looks after individually. The seed, supplied from registered stocks, is made available through sponsoring organizations at the cost of $5 for enough to sow 3 acres. Each club is supervised by the District Agriculturist for the Junior Activities branch. Any district wishing to form a 4-H club should contact the district agriculturist as early as possible.

Will Canada's Small Farmers "Get the Axe"?

Will Canada's small farmers "get the axe" next year?

That will be the subject of a panel discussion in the banquet room of the Bessborough hotel in Saskatoon on the evening of Jan. 26th. The occasion will be the windup of National Farm Radio Forum's semi-annual and the first day of the Canadian Federation of Agriculture's annual meeting. Saskatchewan Wheat Pools will sponsor a dinner prior to the hour and a half broadcast.

Panel members who will discuss this virile question will be: Dr. H. H. Hannam, president and managing director of the C.F.A.; Dr. F. " Their Economics department, the University of Saskatchewan; Olaf Turnbull, vice-president Saskatchewan Farmers Union. Chairman will be W. J. MacPherson of the CBC Farm and Fisheries Department in Vancouver.

Following the half-hour panel discussion, Farm Forums across Canada will discuss the points raised by the panel and chairman. Then, an hour from the beginning of the show, forums in Moncton, N.B.; Ottawa and Barrie, Ont.; Winnipeg, Man. and Lacombe, Alberta, will report on their findings to the National audience.

For Forum members as well as for the large audience of regular National Farm Radio Forum listeners, Jan. 26th will be the highlight of the winter season.

New, Mammoth Market for Alberta Gas?

Big overseas markets for Canada's natural gas could develop from a unique experiment this month writes W. L. Dack in The Financial Post.

Petroleum men are watching the world's first ocean tanker shipment of liquefied natural gas.

Startling estimate: The gas will be purchased, liquefied and shipped from a U. S. port and discharged at London, Eng., for about 25 cents to 30 cents per mcf.

That's roughly the same price paid by a large Eastern Canada gas utility to Trans-Canada Pipe Lines for Western Canada gas.

If the trip proves a success and long months of testing and trial runs make this pretty certain, vast new prospects open up for both producers and consumers of natural gas.

For most European countries and Japan it could mean ready access to an entirely new low cost fuel.

TOURISM IS YOUR BUSINESS

"Tourism is YOUR Business", new booklet issued by the Canadian Tourist Association states that 21 per cent of the tourist dollar is spent on foods and beverages, 24 per cent for lodging, 20 per cent in retail stores, 16 per cent for transportation, and 9 per cent for entertainment.

And while we're on the subject of the tourist dollar consider this:

— It circulates faster than the savings bank dollar.

— It doesn't wait for markdown days and bargain sales.

— It can afford to buy the things the spender wants.

— It purchases things the average person doesn't need.

— It comes in a spending frame of mind.

— It increases your sales without increasing your overhead.

— It pays cash.

— It is earned elsewhere and is added to the wealth of your community.

Certainly does seem encouraging doesn't it?

Of Many Things . .

By AMBROSE HILLS

CHARACTER

I picked up a little article last night by Allen Marple who was editor of Collier's Magazine back in the days of its fabulous success. In the article, he was trying to figure out the requirements for successful writing.

Is it talent? Intelligence? Taste?

He has pondered all those things and he said he thought a writer required some of each, plus courage, patience, and a "sort of unsinkable self-righting ego."

Then he happened to spend an evening with a writer who had come up the hard way to success. What did this man have?

Marple came to the conclusion that "you throw all those qualities in a pot, cook at a slow burn for some years and what you've got, if you've got anything, is character. That's what it takes to be a successful writer . . . or successful carpenter, or successful steeplejack . . . a bit of knack at the trade learned or native and a hell of a lot of character."

When you think it through he's right. Perhaps everyone needs a bit of luck, but I'd hate to bet that your luck isn't what you make it.

It took intelligence and character, for example, to invent, develop and merchandise television, the printing press, the diamond drill, the telephone, insulin, and a thousand and one other things which have improved our lives.

Therefore if we are wise we should be willing to reward men of character and genius, instead of sniping at them. We do not grow big by cutting others down nor rich by making others poor. Discourage character and enterprise and you make the whole world poorer; encourage leaders and you help make the whole world wealthier.

Isn't it time we showed some concern for the welfare of the productive people instead of lavishing all our care on the incompetent? I think so!

BONUS ON BULLS

The Alberta Department of Agriculture is paying a 10 per cent bonus on bulls bought under the live stock improvement policy. Would everyone concerned please note that the premium in M.D. of Vermilion River was changed from 15 per cent to 10 per cent on January 1st, 1959. Two important points to remember are: (1) that an application and cheque must be filed at this office and (2) the bull must be inspected on the farm of the seller.

SELLING SURPLUS HEIFERS

Some farmers are selling their best heifers because of the good price and keeping the poorer ones. Surely everyone knows that this is bad business. Some members of bull loan associations have sold the best heifers for 2 or 3 years. This is not the way to build up a good herd and it was not the idea of the government when they loaned good bulls to improve stock.

CALGARY SEED FAIR

Once again a big seed fair will be put on at Calgary. The dates are March 5th and 6th. Entries must be made and seed ready for sampling by February 20th. The seed must be covered by a registration certificate. Fifteen bushels or more must be cleaned and ready for sampling by Feb. 20th. No entry fee, no express, no hand picking and good prizes. For further information write to or call at your D.A. office.

BULL LOAN GROUPS

The Federal Department of Agriculture inspector was in this district last week. He inspected 47 bulls which are now out on loan to farmers. He told us that possibly only 3 more bulls would be assigned to this district. One is a Hereford and the other two are Shorthorns. It is required that 5 farmers with 30 or more cows must form a local group to get a bull on loan. Anyone interested should apply to this office immediately.

TREES FOR FREE

This is the last call for ordering trees for planting in 1959. The trees are for farmers who summerfallowed land in 1958. Supplies of some kinds of trees have run out but there are still spruce, pine, tamarack, willows and maples. Get an application form from this office. Trees are free.

CATCHING PORCUPINES

People sometimes want to catch a porcupine. I don't know whatever for but the following may serve as a guide to those who want to catch one.

"The best way to effect his capture is to wait until he is in the open. Then, watching for his slapping tail, rush in and quickly pop a large wash tub over him. Thus you have something to sit on while you figure out the next move."

IT'S ON FIRE!

Fire . . . the very word makes one shudder and dangers from fire in farm homes are often more hazardous than for those living in urban districts. Is your family and home protected from fire?

How is your fire extinguisher? Have you checked it lately? Does it need recharging? Do you have a proper fire extinguisher?

Here is what the Fire Commissioner reports about the various types of fire extinguishers.

The water hand pump type is recommended for general home use. It is easy to operate, ready at all times, and easily refilled.

The soda and acid type is easy to use. It must be recharged once a year and should be sent to a reliable company for recharging.

The carbon dioxide type emits a smothering "snow" over the fire. To use it, you have to stand close to the source of fire for the steam will only reach about 8 feet. It is more expensive than the two previous models mentioned but will put out grease fires quickly.

Other recommended types of hand extinguishers are the loaded stream and dry chemical tanks.

The fire commissioner warned that people should be wary of the door-to-door salesmen. Ask to see his license which should bear an approval by the Underwriters Laboratories, Factory Mutual Laboratories, or the British Fire Offices Committee. Do not buy an extinguisher unless it is so labelled, and has an inspected date card on it.

Baking soda should be kept close to the stove, so it can be used to put out grease and other cooking fires. A blanket will help to smother flames.

Panic is the biggest hazard when fire strikes. People don't know what to do. Be prepared, and you won't panic. Buy a proper fire extinguisher and see that it is annually checked.

CHECK YOUR FIRE PROTECTION POLICIES

1. Do you have an emergency water supply available?
2. Do you have boxes of sand in buildings to supplement other equipment in fighting oil or gasoline fires?
3. FARM FIRE DRILL is a MUST: If a fire occurs, does everyone know what to do?
4. Do you do all dry cleaning in a cool, well ventilated place?
5. Are all stovepipes and chimneys cleaned, repaired and your furnace inspected each fall?
6. Do you use only 15 amp fuses in the fuse box for your household lighting circuits?

Tips on Touring

By Carol Lane
Women's Travel Authority

Fire. It's rarely a problem for motorists. But if a little fire does break out, it's good to be ready to handle it. Here's how:

Turn off the ignition. Get everyone out of the car and off to a safe distance.

Stand with your back to the wind so flames blow away from you.

If the fire is up front, use gloves or a cloth to lift your hood. Douse the flames at their source with a fire extinguisher, dirt or sand. Don't use water, it might spread the fire. If the trouble started in the electrical system, detach the large battery cable so that fire does not break out again.

Fires near the fuel tank can be put out in the same manner, but stand back, work fast and get away quickly since an explosion may occur.

If upholstery is on fire, use either your fire extinguisher or water. Pour it on slowly so it sinks into the fabric.

If the fire is bad enough, and you're near a phone call the firemen.

It's a good idea to carry a fire extinguisher in your car. Small ones which fit into the glove compartment or onto the steering shaft are available.

Vesper Service Conducted By C.G.I.T., Dewberry

DEWBERRY. — A Vesper service was held by the Dewberry C G I T on Sunday, Dec. 21 in the Dewberry United Church at 7.30. The church was beautifully lit with candles. The girls, and their leaders, Mrs. Jones and Mrs. Kruger walked in singing "Oh Come All Ye Faithful." The girls sang many Christmas anthems, including "Huron Carol" and the "Coventry Carol" with the congregation joining in. The service was opened by Karen Farberg. The three candle lighters were Barbara Mead, Marion Wilson and Ruth Ewen. The story "The Sheperd who Didn't Go" was read by Lorraine Braithwaite followed by a poem read by Tina Whiteside. The portions of scriptures were read by Jean Holmen, Louise Rainey, Dynona Lunden and Edna Matheson. Lynne Parser read the announcements and Lee Anderson and Joanne Gray took the offering which was dedicated by Isabelle Jones. The organist was Cheryl Jones. At the close of the service all electric lights were turned out and the girls each lit a candle and walked down the aisle of the church. They closed the service with "Silent Night" and "Taps."

On the following Monday, the girls divided into two groups and sang carols at various homes in Dewberry. Following this, they met at the Kruger home and enjoyed a hearty supper supplied by Mrs. Jones and Mrs. Kruger.

The girls, with their leaders, wish to thank all those who so generously donated money at carolling time. This money will be used for missionary and maintenance. They also wish to extend a happy and prosperous new year to all.

Entries Increase At 1959 Edmonton Spring Stock Show

Entries for purebred sale cattle for the 1959 Edmonton Spring show have now been received and processed and according to Fred N. Miller, assistant manager of the show, there is an over all increase in the entries of 83 animals, 63 bulls and 20 females. This increase in entries is entirely in the Hereford breed.

In view of the additional entries it has been decided to hold a three-day auction sale and a two-day auction of pure bred Hereford cattle. Herefords will be sold on Friday and Saturday, March 27 and 28.

Exhibition and breed officials were not altogether surprised at this development. Northern Alberta is gradually becoming more populated with purebred cattle and these entries are a natural reflection of that growth taking place. For the Hereford breed for example there are more registered Herefords north of Red Deer in the province than south of Red Deer. This same development is true regarding the swine industry.

Entries in the seventh annual Senior Futurity show are also up by two head this year, 146 entries as compared to 144 in 1958. The entries in the Junior Futurity number 20 as compared to 12 last year.

This then makes a total of 576 pure bred cattle that will be on exhibit at the Spring Show in March. In addition to these numbers of course, will be the fat stock entries and the pure bred swine entries. Entries for these two classes of livestock do not close until Feb. 16th.

Surely for anyone in the cattle business it would seem a most worthwhile decision to attend the Spring show. Even if one doesn't intend to buy an animal one should certainly attend these shows and sales to get a first hand look at the top animals contributed by the best breeders in the province. That will be an education in itself. At many points in the U.S. the public is charged an admission to these shows. In Alberta they are absolutely free to the public.

The following is a list of the breed and number in the 1959 Spring show as compared to 1958 figure, in brackets.

Females: Aberdeen Angus — 6 (5); Hereford 50 (35); Shorthorn 14 (10). Totals 70 (50).

Bulls — Aberdeen Angus 25 (38); Hereford 258 (162); Shorthorn 58 (78). Total 341 (278). Grand totals 411 (328).

Senior Futurity: Hereford 61 (53); Shorthorn 36 (49); Aberdeen Angus 49 (42). Totals 146 (144).

Junior Futurity 19 (12). Totals 165 (156).

Trophy For Best Alberta Play

"Truth" by Florence Wyle, R.C.A., S.S.C., noted Canadian sculptor is the Calvert Alberta Regional trophy in the Dominion Drama Festival. It will be awarded to the best play produced at the Regional Drama Festival to be held in the Jubilee Auditorium, Edmonton, Jan. 19 to 22nd. In addition to the trophy the winning group will also receive a $100 cash award.

"Truth" is about 23 inches high and was carved from sumac and is one of 14 Calvert regional trophies.

Dewberry Ladies' Aid Re-Elects Mrs. John Porter As President

DEWBERRY — The annual meeting of the Dewberry Ladies' Aid was held at the home of Mrs. N. E. Jones and opened by the singing of Mrs. S. Webadale's request, "Rock of Ages." Mrs. May Braithwaite read from the Bible and Mrs. Webadale from the Upper Room. The minutes of the previous meeting were read and adopted and the financial report was given. These were moved and seconded by the president and Mrs. E. Brett. The manse committee was tabled until the next meeting, the executive to act if necessary before February. A motion was made by Mrs. Webadale to try to fix the hymn books. This was seconded by Mrs. G. Gwen and carried.

The meeting was then open for a new president. Mrs. May Braithwaite made a motion that the same executive remain as last year, namely Pres. — Mrs. John Porter; Vice-Pres. — Mrs. May Braithwaite. Sec. Treas. — Mrs. N. E. Jones; Bazaar Conv. — Mrs. E. Brett. Sunshine — Mrs. G. Ewen. Press — Mrs. Wm. R. Young.

The Aid was sorry to lose Mrs. D. Munro as a member, also as Sunshine Lady. Mrs. G. Ewen offered to fill the vacancy for this year and all members were asked to let her know if possible about any sick folks etc.

The Aid would like to say thank you to all those who helped us in any way during 1958 and to the Standard many thanks for putting the meeting reports in the paper.

The February meeting will be held at the home of Mrs. Windisch. All would like a few more members to help in the work for the church.

The president led the benediction after which lunch was served by the hostess.

The Individual Causes Highway Accidents — The Individual Must Stop Them!

It has been officially estimated that more than 85% of all traffic accidents need not have happened!

They could have been prevented.

That is little compensation for the survivors of the victims but it should be a warning to them, and to everyone who drives or walks.

There are traffic laws to be obeyed, traffic signs to indicate danger, and common sense to notify every motorist and pedestrian when peril is at hand. By obeying laws, signs and sense, most highway mishaps could be avoided and a lot of people could go on living.

But where human beings are involved, human frailties and failings exist. They must be reckoned with.

That is why a Safe - Driving Week is held during the first week of December . . . to try to bring, as forcefully as possible in a concentrated campaign, the fact that the responsibility for preventing traffic deaths, injuries and accidents falls directly on the shoulders of the individual.

For 10 days before the opening moment of Safe - Driving Week

Safe - Driving Week is only a part of the work being done in all corners of the land to bring safety to the highways of Canada.

Around the calendar thousands of Canadians are at work from many angles . . . laws and their enforcement, public action, education, vehicle safety, engineering, motor vehicle administration and so on . . . trying to provide safety and safe conditions.

But the motorist and the pedestrian never change, unless he changes himself. There is never a new model in humans unless the human produces it himself.

No safety organization — national, provincial or community — can do it for him. All they can do is hand him the tools and hope he doesn't use them as weapons.

The Individual Causes Highway Accidents.

The Individual Must Stop Them. 20-1

CNR Builds New School on Wheels

A new school on wheels, built by Canadian National Railways for the Ontario Department of Education left the Transcona car shops this week for service along the CNR line between the Manitoba-Ontario boundary and Sioux Lookout.

The new car which has a 12 pupil classroom replaces an older school car which for a number of years brought education to children in areas of Northwestern Ontario where no permanent schools exist. The car also contains complete living quarters for the teachers.

MANNVILLE — An executive meeting of the Vermilion Constituency Liberal Association was held on Jan. 11th at the home of Russell Whitson, M.L.A. Date for nomination day has not as yet been decided.

Mannville Ladies Begin Curling

MANNVILLE. — On Tuesday evening, Jan. 6th, the lady curlers met at the rink for a friendly pick-up game, in a right and left draw. Four ends were played and winners went up, losers down, to play other unfortunates. At the conclusion of a lively and enjoyable game in extremely low temperatures, a meeting was held when skips chose rinks from those wishing to curl all winter. The new president Mrs. Lloyd Boe was in the chair for the meeting. Curling nights for ladies will continue as in the past, Tuesdays and Saturdays.

NEWS from ISLAY

According to a news item in the last Standard, January is the time to organize 4H Grain Clubs if there isn't one already. Parents in the Islay district do you not want a club? Come along and give assistance to a leader. Your help is vitally necessary if there is to be a club.

A youth service is being planned for Islay, [illegible], Dewberry and Marwayne United Church charge for February 8. It is hoped that all youth groups may be able to parade to church as 4H, Cubs, Scouts, C G I T etc.

A little yellow plane flew around Islay recently and landed on the slough just south of the track. It was Jimmy Monroe to visit his sister Mrs. Jean Axley. All members of the family except Bill Jr. had a ride. Dad went to Vermilion and Bill to Dewberry. Jennie and her mother circled around Islay and Jim took his mother from here to Dewberry.

Mr. and Mrs. I. D. Inman were Sunday visitors at the home of Mr. and Mrs. Cliff Beck. Mr. and Mrs. Keith Inman were at Mr. and Mrs. Ev. Inman's.

Mr. Bowser went home from the hospital Friday and had the honor of riding in Bill and Lila's new '59 Chev which we hear is a very handsome car.

Mr. Ken Stone addressed the Islay Home and School Association on Tuesday night and showed a few slides of the Agricultural College and the classes in session. He clearly explained the courses that are offered for both boys and girls. Age is no drawback and those who attend the school are in an excellent position for high-paying jobs. He showed how the changing times have changed the [illegible]. The social life of the school is much to be desired [illegible] drama etc. A question period at the end of his talk brought out much information and a social half hour finished the evening.

The February W.A. meeting of the United Church will be at the home of Mrs. Bill Axley on the first Thursday of the month. Please keep in mind that the study book holds a meeting in the church on February 19. These study book meetings are to be held every second month at 3 p.m.

New Royal York Salutes Canada

A distinguished group of Canadian designers, artists and artisans blended their ideas and skills to achieve a distinctive Canadian theme in the public rooms named and decorated for the provinces of Canada in the new 400-room, air-conditioned addition to Toronto's Royal York Hotel. The new addition, boosting the hotel's capacity to 1600 rooms, making it the largest in the British Commonwealth, will be formally opened Feb. 21st by Ontario's Premier Leslie Frost in the presence of N. R. Crump, president of Canadian Pacific, and other government and business leaders. Above centre: The Royal York as it appears with new addition (right); Top left: Montreal artist Charles Greenwood puts finishing touches to his 19 by 9 foot reproduction of J.D. Kelly's original canvas now part of the Confederation Life collection, depicting purchase of site of Toronto from the Mississauga Indians in 1788. This painting appears in The Ontario Room. Top right: Polish-born Canadian Zygmund Mazur, of Laval des Rapides, Quebec, works on distinctive aluminum relief panels showing Fort Anne, Annapolis Royal Nova Scotia, and Toronto's Fort York which adorn the elevator lobby. Lower left: an artisan of Atelier-Ecole d'Artisanat in Pointe-au-Pic, Quebec Room. Lower right: Mrs. Bessie Schweem, of Calgary, makes a neat job of the Duke of Windsor's E. P. ranch brand, one of the 342 authentic Alberta cattle brands set into 91 leather panels adorning walls in The Alberta Room.

Minor Ailments Plague Heart Patients

A medical problem that takes the form of a common ailment for [illegible] can take the life of a person who is suffering from a heart ailment. How to prevent these minor problems from becoming major hazards to heart patients are the subject of intense investigation by physicians throughout the nation.

A single meal sufficiently rich in fat content, one of these physicians theorizes, could precipitate a heart attack in an older person with atherosclerosis (a condition where the arteries are partially clogged with a fatty substance). The researcher, from the University of Minnesota Hospital, says that after eating a rich meal the atherosclerotic person would not be able to clear the resultant fat from the blood stream quickly enough. This raises the chance of formation of blood clots that could bring on a heart attack.

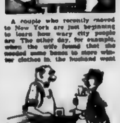
Common constipation is another "potentially dangerous situation" to a cardiac patient because of its effect on the circulatory system. Dr. [illegible] of Kings County (N.Y.) Medical Center reports that this condition produces straining by the patient of an intensity and duration that [illegible] the blood pressure to dangerous levels.

To prevent this situation, Dr. [illegible] [illegible], a standardized preparation derived from the [illegible] plant. [illegible] highly effective in correcting constipation and restoring normal bowel function, he found, reducing much of the need to strain, and thereby keeping blood pressure at safer levels.

On the mental side, Dr. Louis A. [illegible] of Tufts University says that reducing emotional stress may even be a major factor in helping some patients with heart conditions. In many people, he said, worry and fear concerning heart trouble may produce more disability than the disease itself.

With physicians keeping a close check, the major hazards these minor ailments may cause can be alleviated allowing the cardiac patient to live a longer, fruitful life.

A couple who recently moved to New York are just beginning to learn how wary city people are. The other day, for example, when the wife found that she needed some boxes to store winter clothes in, the husband went



to the corner supermarket to get them. "May I have a few empty cartons?" he asked the manager.

The manager of the store stared at him suspiciously. "Empty cartons of what?" he demanded.

Called to personnel to be screened for assignment, a young Army recruit was asked what kind of job he had had in civilian life. "I was the round-maker at a drive-in movie theater" he replied.

"Round-maker?" asked the puzzled personnel officer.

"Yes, sir. I made the rounds of all the cars telling the couples the movie was over."

TV comic George DeWitt says he met a fellow with the world's greatest inferiority complex. Whenever he tells an elevator operator what floor he wants to stop at he adds apologetically "if it isn't out of your way."

EFFICIENT FEEDING AND LIVESTOCK MANAGEMENT

By Dr. Gustav Bohstedt
Emeritus Professor of Animal Husbandry
University of Wisconsin

The Feed Manufacturer and Farmer

The history of the feed manufacturing industry and its changing relationship with the farmer or feeder has been an interesting development. A generation or two ago a common attitude on the part of a farmer was one of suspicion. In a number of cases this was justified, for there are in almost any group of people some individuals who are after the so-called fast buck.

Dr. Bohstedt

During recent decades a number of healthy changes have taken place. Nutrition research and improved techniques developed at universities and private laboratories have made tremendous advances for the benefit of [illegible] feed [illegible] and their customers. Any number of "milestones" can be recorded in this respect. The feed industry has on its staffs some of the best qualified [illegible] experts in the country.

There has during the course of years developed an effective control or quality-checking system as represented by the state feed control laboratories that serve the best interests of both manufacturer and farmer buyer. [illegible] Federal Food and Drug Administration is called upon to approve the use of various additives and in that way safeguards the wholesomeness of feeds.

The recent war years when livestock products were in terrific demand and when feeding efficiency was at a premium, have influenced the feed manufacturing industry distinguishing itself in these respects. The [illegible] of the times brought out as never before the interdependence and mutual interest of feed manufacturer and dealer, farmer, county agricultural agent, government official, feed control official, feed industry press, college man, and ultimate consumer.

A number of nutrition schools or conferences at colleges and universities grew out of these close contacts, for it was realized that the feed dealer and custom mixer in his many contacts with farmers can be a most effective extension worker, greatly amplifying the services of the county, state and federal extension services.

Just as the primary nutritional needs of farm animals are understood, the bulk of the cattle, sheep and swine of the nation can still under modern conditions be fed relatively simple rations, using common protein supplements, salt and other minerals in connection with feeds that a farmer produces himself. Many feed manufacturers recognize this principle of economy whereby a farmer should make maximum use of his own feeds, both forages and grain. They are in position then to supply him [illegible] well designed supplements [illegible] adequately and in line with latest research findings balance his home-grown feeds for maximum and economical production.

Years ago poultrymen broke away from this practice of buying merely supplements. They started buying complete poultry mashes in view of the critical needs of growing birds, especially newly hatched chicks, for high [illegible] protein, [illegible] and minor minerals, at drugs and hormones. At [illegible] the bulk of commercial [illegible] or formula feeds, is [illegible].

But with multiple farrowings and early weaning of pigs there is now a growing demand for pre-starter and starter mashes, the same as there has been all along a constant demand for milk replacers and calf meals — in other words, demand for meals or mixtures designed for young animals that have critical demands for nutrients that a farmer would have difficulty buying and mixing himself.

the Snapshot Guild

Canada is rich in beautiful scenery no less in winter than in summer. So be sure to take your camera along when you go skiing or for a hike after a snowfall.

Here are Some Suggestions on Taking Winter Pictures

There's a good deal about summer photography that holds good in our Canadian winters. For example, snow reflects and increases your lighting in the same way that water and sand do at the beach. So, we have to be careful not to over-expose when taking pictures of a snow-clad landscape, the snowman the children have built or other outdoor scenes.

With the inexpensive popular-priced cameras it is advisable to use the standard films recommended in the manufacturers' instruction manuals rather than the very fast films available [illegible]. That's because [illegible] opening and shutter speed have been set for you.

Keep [illegible] and as handy in winter as you do in the summer. You never know when the makings of a good picture will show up. It might happen in your own yard where the children have built a snow fort or in the park where they go for sleigh-riding. Good picture-taking opportunities present themselves at the most unexpected moments, so always be prepared. And don't forget to take your camera and plenty of films and flash bulbs when you go on a week-end sleighing or skiing party. The pictures you get will let you and your friends re-live these happy times whenever you're in the mood.

Here's a special tip for adding beauty and charm to your black-and-white pictures. By using a yellow filter in the K-2 class, the blue of the sky will be subdued, thereby letting the billowy, white clouds come through on your snapshots. This filter also absorbs the blues that are reflected by the sky upon the snow and the snow then becomes a truer white.

Do not, however, use a yellow filter if you are taking color shots of snow scenes. Instead, we suggest that you attach a No. 81-C filter to the lens of your camera. This will tend to make your color prints or color transparencies more realistic by decreasing the amount of blue in the picture. But, filter or no filter, this is the time when snapshot shooting can produce exciting results — winter in all its glory.

Snowball Phenomena Here As Well

(from Wildmere Winks)

The writer noticed a picture in the Edmonton Journal of snow balls formed by the wind on a lake in the States. One does not have to go that far to see this phenomena. While on their way to town one day, Mr. and Mrs. Albert Holte noticed balls of snow on a field owned by Mr. Jensen. On closer inspection, they discovered that the snow balls were formed by the wind blowing the snow on a mild day. Some of these snow balls were six inches in diameter while many were of the size of a baseball.

Just to prove that they existed Gordon Green took pictures of the wind-rolled snow balls.

Coming to Vermilion Friday Jan. 23rd is the color film pageant "Switzerland Paradise on Earth" to be presented in person by Anton R. Lendi. Mr. Lendi is an internationally known commentator and an ambassador of good will.

The color film "Paradise on Earth" is a pageant of exceptional artistic merit, depicting the places and things in enchanted Switzerland. It has as its theme international fellowship and good will. It makes a truly outstanding contribution to world peace and genuine understanding between people everywhere. It is essentially a happy program about a happy land and people.

Those who have attended this program are enthusiastic in recommending it as an outstanding event in their community.

The film will be shown in the Anglican parish hall on Jan. 23 at 8 p.m. Proceeds are for the CNIB and the Cancer fund. Admission charges are 50 cents for adults and 25 cents for students. 28-S

the Snapshot Guild

There's human interest worth capturing in pictures like this. These two are making their own Valentines in preparation for St. Valentine's Day.

Snapshooting with Flash Bulbs at Your St. Valentine Party

Snapshooting is so much more fun today than it was before flash bulbs were invented. You can now take pictures indoors or outdoors, day or night and in color as well as in black-and-white. This means that a camera is today many times more useful and satisfying than ever.

Take the St. Valentine Party for instance. Before flash bulbs, a camera didn't always figure in the evening's plans. But now, you'd hardly think of holding such a party or of attending one without having your camera along. In fact, half the fun of the evening's entertainment is in taking candid shots of those attending the party as they participate in games and other party activities.

Whether it's a costume party, a barn dance or a more formal affair, taking snapshots will add to the gaiety, and of course, the pictures will become interesting souvenirs. St. Valentine's Day is for persons of all ages but it is a very special day for teen-agers. And wherever teen-agers assemble, picture subjects are almost limitless.

The first thought, by way of a suggestion or two, is that a handkerchief over the flash reflector will help to diffuse the light, soften it down as it were, when taking close-ups. For the long shots you'll need all the light you can get.

Don't try to cover too much area with one bulb. It is better to snap small groups of, say, three or four than to attempt to take a larger group for which you may not have sufficient illumination.

Try to get "action" shots rather than posed pictures and, if you can, tell a story with your pictures. There is ever so much more interest in pictures that show persons doing things rather than just "having their pictures taken".

And don't overlook the possibility of some good shots showing the younger members of the family making their own Valentines, as in our illustration. Here's human interest worth capturing for your snapshot album.

Our only other suggestion for your success with your St. Valentine's Day snapshots is the one we repeat so often, namely to read and follow the instructions that come with the film, whether it be black-and-white or color pictures.

OUR LETTER FROM EDMONTON

Improved Air Ambulance Service Inaugurated by Alberta Govt.

by KEN MASON

EDMONTON — Members of the Legislature, notably those representing northern ridings — have for the past three years pressed the government to organize an air ambulance service along the lines of the one operated by the Saskatchewan [redacted]. They didn't get exactly that, but what they did get was a greatly improved service.

As outlined by Premier Manning at a press conference, the flying ambulance will be operated by two charter aviation companies based in Edmonton — Pacific Western Airlines and Gateway Aviation Ltd.

The cost to the patient will be $25, no matter how long the flight, and the government will pick up the remainder of the bill.

The expanded service will be administered by the health department. Until now, any ambulance flights arranged through the government were handled by the welfare department.

Under the new system, there will be a single telephone number in Edmonton for receiving ambulance flight calls. All calls will be received by a phone answering service, which will relay them to one of the several health department officials who have authority to dispatch a flight.

The official contacted will first determine whether air evacuation is necessary in the particular case. If so, a doctor will be dispatched from the University hospital with one of the emergency medical kits to be kept on hand there at all times.

Meanwhile, the airport will have been notified, and if weather permits, crews will be getting a plane ready to take off. Health department officials estimate a medical team can be airborne within an hour and a half after a call is received.

The government is now in the process of sending out information on the service — including the phone number to call — to all doctors, hospitals, RCMP detachments and members of the Legislature.

Health Minister Dr. J. D. Ross says it will be necessary to screen all calls to prevent abuse of the service. In addition, he says, there will be some cases where road or rail transportation will be better for the patient, or where it will be better to fly emergency aid to the patient.

In extreme cases, emergency teams could be parachuted. One of the members of the seven-man medical advisory board set up to administer the service is a former paratrooper. In addition, helicopters will be chartered for calls to areas where fixed-wing aircraft can't land.

Government officials anticipate that the service will operate mainly in the north, where there is more likelihood of accidents or serious illness occurring in remote places. However, southern residents have yet to be heard from on that score, and they may have something to say.

AT THE LAST SESSION

The health minister promised to study the matter in the ensuing year and find ways of improving the service. It was suggested that one problem might be lack of information on how to obtain the service. Dr. Ross suggested telephone numbers might be distributed to officials in all areas where the service might be needed.

On studying the matter during the year, the minister apparently decided there was room for improvement in the service and more power to him — he took action to improve it.

HAVE FUN! By [illegible]

"John I found this letter in your coat pocket this morning. I gave it to you a month ago to mail."
"Yes dear, I remember. I took that coat off for you to sew a button on and I'm still waiting."

Mr. Smith: "My wife asked me for a check for $90 for a new dress and I gave her a check for [illegible] . . . 1000 times. Well, what are you laughing at?"
Roommate: "I cashed it."

A white-haired gentleman arose from a barber's chair in a shop off New York's Times Square, looked at himself in the mirror and remarked, "You certainly give good haircuts in this country."
"Thank you, sir," said the barber, pleased. "What country are you from?"
The gentleman replied: "[illegible]."

A Russian and an American were discussing democracy and communism, and the American said, "In America we have such freedom, a man can go right up to the steps of the capitol and call President Eisenhower a stinker." The Russian retorted, "We have equal freedom in Russia. A man can go right up to the steps of the Kremlin and call President Eisenhower a stinker, also."

Robin Hood
Trophy
MOST VALUABLE PLAYER

Hockey Awards for Junior Players

An individual hockey award to encourage all around good sportsmanship among Canada's minor hockey players, the "Robin Hood Trophy", is being presented for competition for the first time this year. In communities from the Atlantic to the Pacific, hundreds of young hockey players, aged 9 to 13 years, will be presented with this handsome trophy as the 'Most Valuable Player' in their league. The donors of this new annual trophy have enlarged upon the usual definition for 'Most Valuable Player.' It here includes attributes of sound character and good junior citizenship, in addition to athletic ability, as qualifications for the trophy winners.

The enthusiastic response to this new concept in individual hockey awards, has convinced the famous millers of breakfast oats that they are in step with the thinking of those adults who devote a great deal of their time to moulding the youth of Canada.

The Green Book Tells All

Since practically everyone is curious about how much the other fellow makes, the annual "green book" review of income tax figures holds more interest than most collections of government statistics. As usual, the most recent green book, the report on earnings and occupations of those Canadians who paid personal income tax in 1956, has its surprises.

To start with, the highest average income was earned [redacted] of those capitals of [redacted]capitalism, Montreal and Toronto. Top place is shared by two Manitoba towns, The Pas and Flin Flon. In these mining centres the average income of taxpayers was $1,279, substantially above the national average of $3,673.

Highest average earners, as for some years past, were architects and consulting engineers, at $13,640; second were medical doctors and surgeons at $13,053, and profession of law was third at $12,617. Nurses, who surely deserve a better lot, were at the bottom of the list of occupational classes with average annual earnings of only $2,051. Surprising, too, is the fact that business proprietors, "the bosses" who are generally believed to be big earners, averager an income of only $3,257.

And what of the rich? Well, they are few in number, and fewer in 1956 than in the previous year. The number of $100,000-a-year and over dropped from 480 to 432. The government's personal income taxation took more than a third of the total earnings of this group, but even if it had confiscated the whole amount for redistribution to the whole population — as some "soak the rich" crackpots always advocate — it would have amounted to only about $5 per person for the rest of us.

The 'green book' shatters a lot of illusions. — C. J. Harris.

Motor Vehicle For Every 3½ Persons In Canada

TORONTO — Canadian car and truck manufacturers produced an estimated 296,275 automobiles and 58,675 commercial vehicles in 1958. In these plants a monthly average of about 31,700 persons were employed with a payroll in the industry of about $150,000,[redacted]

Mr. James G. Dykes, General Manager of the Canadian Automobile Chamber of Commerce stated today, "We estimate that there are now 4.7 million vehicles in use in Canada; 3,575,000 cars and 1,075,000 trucks. These represent a vehicle for every 3.5 persons and a passenger car for every 4.7 persons."

Mr. Dykes said that motor vehicle sales in 1958 numbered about 370,000 cars and about 67,000 trucks. "As the new year begins, dealers' stocks are low and orders high. There are many indications that total sales in 1959 will reach 475,000 — perhaps even higher."

WILDMERE WINKS

Heartfelt sympathy of the community is extended to Mrs. Bothwell and family on the loss of a loving husband and father. Another of our grand old pioneers taken Home to a well earned rest. He has left behind many pleasant memories that will not soon be forgotten.

Sympathy also goes out to Mr. and Mrs. David Hughes and family on the loss of their infant son.

We wish to say how sorry we are at not extending our sympathy to Bud and Donalda Batke of Lloydminster when their little infant son passed away. We did not hear the sad news until only just about a week ago.

There was a nice attendance out to church on Sunday when Rev. MacKay and Mr. Schurman conducted service. Glad to see Mrs. Wear and Lester there too. Church service again on Feb. 1st folks.

Mix the Mover moved Wildmere United church on Friday last. It is now situated across the road from the writer's home. The chimney has to be rebuilt before church can be held in it, or at least until warm weather arrives when the stove would not be needed. Ronnie Mix and crew did a wonderful job of the moving. The Wildmere W. A. also wishes to thank everyone who helped that day with the moving.

To all our sick friends in hospital we wish a speedy recovery. Gary Cruthers who is in the Vermilion hospital with pneumonia; Jimmie Veitch who had his appendix removed; Mrs. Lloyd Everett, ill in the Wainwright hospital; Mrs. Wilson Ford in an Edmonton hospital; Mr. H. Leighton in Lloydminster hospital.

Congratulations to Mr. Peter Jensen of Vermilion who celebrated his 80th birthday Saturday Jan. 17th. Peter came to this country as a young man and has seen the pioneer days of oxen and horse power to the modern means of travel and large scale power farming. He and Mrs. Jensen still take a keen interest in everyday affairs and like to chat with their old friends and neighbors. May you enjoy many more birthdays Mr. Jensen.

And now congratulations to a much younger couple Mr. and Mrs. Wilton McLean of Kokner who were married last Saturday. May you enjoy many years of happiness together.

Old January, outside of an odd day or so, has been a real wintery month with lots of wind. Our councillor Mr. Wilson will be busy answering phone calls re heavy roads as the east and west ones are getting blown in. Up until now roads have been good but very slippery.

Mr. H. Friesen of Wildmere is the delighted owner of a new Chev station wagon. On Monday Mrs. Friesen and four children and her mother Mrs. Webster journeyed to Lloydminster to see her brother and his wife Mr. and Mrs. R. Webster who are the proud parents of a baby son. Mrs. Webster Sr. is visiting with her son for a couple of weeks.

The writer was very pleased to have a grand chat in town on Saturday with Mrs. Merbach of Hazeldine. She always reads the Winks she says. It really does one good to have a chat with this jolly woman. Did you and Mr. Merbach get home O.K. that evening?

Hi Mrs. Moore, are you still living in Alberta? We never see you any more. Hope old Jack Frost hasn't got you, or perhaps it's this wind that is keeping you close to home.

Several small children have been ill with measles in our corner. Some have had very light cases while others have been really sick.

Our sympathy to the Craig family on the loss of a loved one. Another pioneer's book of life has closed. "Chum" Craig as he was best known, served in the first world war. May God comfort the family in their hour of sorrow.

Mrs. F. Gibson is in Edmonton this week with her mother Mrs. Ford who is to enter a city hospital for treatment. While waiting for a bed they were staying with Mr. and Mrs. Dan Ford and family. Good luck Mrs. Ford. Mrs. Ken Shepherd is staying at the Gibson home caring for little Ruth while her mother is away.

JOB OUTLOOK FOR GRADUATES

What's the job outlook for this year's crop of university graduates?

Right now answers The Financial Post, it's about the same as last year.

But the pattern could change quickly — it hinges on what companies see in the economic [illegible].

Science-trained graduates lead in early openings and in starting salaries, a traditional spot for them.

Starting salaries generally are up about $5 a month.

Parish To Hold Annual Meeting

The annual meeting of St. Saviour's Anglican parish will be held on Monday evening commencing at 6:30 p.m. with a pot luck supper.

Financial reports of the parish and all of the church organizations will be read and discussed. This meeting also includes members who attend services at Islay, Pleasant Valley and King Edward as well as Vermilion.

All are cordially urged to attend this annual meeting and get-together.

Kinette Club Plan Fashion Show

The January supper meeting of the Kinette Club was held at the Rio Cafe on January 15, with 13 members present. Irene Beatty, a prospective member, attended the meeting as a guest.

Plans were discussed regarding a fashion show, to be held around the middle of March. Marge Flechuk, Mary Morgan and Jean Inman volunteered to take charge of this project.

Plans were finalized for the Keep Fit classes, which are open to all adult females and will commence on January 27th at 8:30 p.m. in the Vermilion Composite High School gymnasium.

4-H Regional Leadership Courses

A total of 19 4-H Regional One Day Leadership short courses have now been scheduled. These courses will be held during the next month and will be located at main centres throughout the province. It is hoped that most 4-H leaders and their assistants will be able to attend the course in their area.

The program for these courses is being arranged by the 4-H staff of the Department of Agriculture working in conjunction with the district agriculturists and home economists. Highlights will include an outline of what is new in 4-H this year, leadership techniques, inter-club activities within the district, and problems of leaders.

In each case, the program will begin at 10:00 a.m. and conclude at 5:00 p.m. District Agriculturists and home economists can supply all details.

Mannville Teachers Enjoy Banquet

MANNVILLE — Saturday last January 10 was the date chosen by the Mannville and district teachers for a banquet and 41 teachers, wives and husbands sat down to a turkey with all the trimmings repast at 6 p.m. After singing of the grace Miss Ruth Gray explained the meaning of four beans which reposed on the dinner serviette of each guest. They were in short to ask questions of their neighbors or of anyone, who must answer with more than just "yes" or "no". In fact a bean was forfeited each time an answer was given singly. One could say for instance "no I haven't" or "yes that is so." As a result of this game of wits being continued throughout the supper many were caught napping, and Mrs. Jack Park won the contest. Place cards were in the form of snowmen, and table decorations featured the same motif. Following the supper the teachers and guests retired to the High School for a social evening, which proved most enjoyable.

NO KICK

"Canada has really no grievous complaint about non-recognition of its artistic producers abroad," declares J. B. McGeachy in The Financial Post. Canadian writers, painters, musicians, actors, film-makers, TV producers and others have all received foreign acclaim, some of it rapturous."

Mannville People Welcome Bride From The Orient

MANNVILLE — Coming to Canada from Hong Kong must be a vast difference to what Mrs. Jimmie Chow has been accustomed. However, she seemed to take it all in her stride as she greeted all guests who assembled at the London Cafe, the home of Jimmie's father and mother, Mr. and Mrs. Joe Kwong Chow, and themselves, on Sunday, January 18. The occasion was a surprise shower for the young couple at which over 100 people gathered from town and country and was sponsored by the Birch Creek W. I. At the front of the cafe, two tables were arranged at which Mr and Mrs. Joe Chow and Mr and Mrs. Jim Chow sat to receive and unwrap gifts. Many useful and lovely gifts were opened and passed to those seated in booths and on stools throughout the cafe. Following the opening of the last present, Jimmie Chow, on behalf of his wife, mother and father, thanked those present for the host of gifts in a very fitting manner.

Lunch, provided by Joe Kwong Chow and family, and served by Birch Creek W. I., was delicious and very much enjoyed by all as everyone chatted in a happy atmosphere. An interesting tradition of China was carried out when the bride, accompanied by her mother-in-law, bowed to each guest and presented them with their first cup of coffee, with herself as hostess. Russell Whitson, M. L. A., was present, and made a speech of welcome to Mrs. Jimmie Chow. The crowd was a mixed one of men and women. In a setting of Chinese lanterns, attractively strung in alternating sizes near the counter. Pictures, embroidered by Mrs. Joe Chow were admired as they hung on the walls, depicting the Chinese scenic beauty. Accentuating her beauty, the bride was charming in a Chinese silk dress of palest pink and embroidered beautifully in cherry blossom design, spray fashion down the front of the bodice and diagonally across the skirt. The collar was mandarin style. It was an afternoon those present will not easily forget.

The March On Ottawa

Plans are going ahead in Saskatchewan to organize a mass delegation of farmers to go to Ottawa in support of a petition asking for deficiency payments on Western wheat, oats, and barley marketed in the past three years. A petition has been drawn up and arrangements completed to circulate it. It is expected that up to 15,000 farmers and businessmen will be out circulating the petition and collecting funds early this month.

In Alberta plans have not been completed. This week, the Alberta Wheat Pool's board of directors are meeting in Calgary and the board of directors of the Farmers' Union of Alberta are meeting in Edmonton. The annual meeting of the Federation of Agriculture is scheduled for Edmonton next week. It is expected that following these meetings, the picture in this province will be clarified.

The petition being circulated in Saskatchewan reads as follows:

"Whereas the cost index of commodities and services used by Western farmers has risen by 31 per cent in the past ten years; and

"Whereas during the ten-year period grain prices have declined to the extent that the purchasing power of a bushel of wheat, oats and barley is at the lowest point it has reached since the depression of the late thirties (for example, in the ten year period, wheat prices have declined 21 per cent); and

"Whereas the imbalance between costs and prices, usually referred to as the cost price squeeze, has brought about the most serious economic conditions faced by Western grain farmers since the depression prevailing at the outbreak of World War II:

"We the undersigned, hereby petition the Government of Canada to take immediate action to meet the emergency arising from the cost price squeeze by providing deficiency payments on wheat, oats and barley delivered to the Canadian Wheat Board during the crop years 1955-56, 1956-57 and 1957-58, such deficiency payments to be made on a specific volume of each farmer's deliveries to maintain the income of the family farm at a parity level."

Capt. Gordon Mercer Addresses Rotary Club at Luncheon Meeting

Rev Captain Gordon Mercer, Anglican padre at Wainwright camp, spoke at the weekly Rotary Club luncheon last Friday. Captain Mercer's subject was "Newfoundland, Canada's tenth province."

The guest speaker gave an interesting report on the history of Newfoundland which goes back further than that of Canada. It was discovered by John Cabot in 1497. In 1583 Sir Humphry Gilbert claimed the Island for England. At this time Canada was only inhabited by Indians.

Ken Greenwood introduced the speaker and Walter Duncan thanked him for a very interesting and witty address.

President Jim Robson was chairman. He introduced Rotarians Ray Nelson, George Baynton and Slim Thorpe, all of Lloydminster, to the meeting.

Marwayne Seed Cleaning Plant Reports A Successful Year

MARWAYNE — The seventh annual shareholders' meeting of Marwayne Seed Cleaning Association was held recently in the community hall. The year's report showed that 147,334 bushels of seed grain were cleaned. Volume of commercial grain totalled 25,306 bushels. Mixed grain and malting barley cleaned amounted to 34,126 bushels. There were 50,117 bushels treated. Sale of grass seed totalled 12,670 pounds. Four cars of registered seed grain and four cars of malting barley were loaded on track.

The financial statement revealed a surplus of $1,073.77 on the year's operations after allowing for depreciation. The financial report was adopted and it was agreed unanimously that the services of the auditor, F. O. Seward, be sought for next year.

Various aspects of seed plant operation were then discussed. There was a suggestion that part of the driveway and scale be covered with sheet metal to provide a smooth surface in the unloading area. This would make for easier sweeping, keep the driveway cleaner and thus help to prevent mixing of samples as this is a place where contamination is likely to occur.

Plant manager E. W. Quist reported that deliveries to the plant were more uniform during the year. Deliveries were heavier than usual during the early slack season and correspondingly lighter in the spring. For the first time it was found not necessary to operate round the clock during the hectic days of the spring rush.

O. H. Quist outlined some of the activities of the Alberta Seed Cleaning Plant Association. They were seeking to reduce the number of seed dressings used at the seed plants. There is a slight variation in the texture and oil content of the various powders. This requires careful setting of the treater to obtain precisely the correct rate of application for each dressing. If all plants used the same dressings there might also be some reduction in cost.

James Hale, for shareholders, expressed satisfaction with the year's operations. He commended the plant manager, staff and directors for the efficient manner in which the plant operates.

The retiring directors, Joseph K. Hale, O. H. Quist and B. Timanson were each re-elected for another three-year term. O. H. Quist is now vice-president, succeeding G. W. Boyce.

Dewberry High School Students' Union Elect New Officers

On Jan. 6th the Dewberry Students' Union elected new officers with the following results:

BASKETBALL

On Jan. 9th P.V. played Dewberry in the Dewberry gym with both the Dewberry girls and the Dewberry boys winning their game. The girls' score was 32-17 with Sharon Braithwaite scoring nine, Violet Keast 1, Karen Farburg 11 and Doreen Poitras 11 for the home team while P.V. scorers were Ruth Bloxham 8 points, Bonny Welen 4, Marg Plum 1, Ellen Teasdale 1, Alice Doty 1 and Mildred Teasdale 2. The score of the boys' game was very close, 37-35 with Dewberry point-getters being Fred Rainey 23, Dale Sweet 2, Martin Craige 6 and Johnny Machon 6; for Paradise Valley Gerald McLean scored 16 points, Jimmy Knutson 2, Frank Knox 6, Jim Doty 6 and Robert Kitching 6. At the end of regulation time score was tied so three minutes' overtime was played. Referees were Bill Newman and Bill Palin, both of the V.S.A.

Mannville Goalie Stars At Calgary

MANNVILLE. — Lorne Scoggins, a Mannville lad who is taking a chef's course at Calgary, son of Mr. and Mrs. K. Scoggins of "Linda's" coffee bar, is making a name for himself in hockey in the Junior B league in the southern city.

Headlines of the sports page in a recent Calgary paper read: "Upsets Feature Jr. B Hockey", and the sports columnist goes on to say "Lorne Scoggins made an auspicious debut between the pipes for Capitol Hill, as the Hillmen shut out second place South Calgary 4 to 0". Another sports writer in Calgary says: "Capitol Hill, who have floundered in the basement all season whipped Stan Jaccock's South Calgary crew, with Capitol Hill goalie Lorne Scoggins the star of the evening, earning his first shut out". The game was a close checking affair apparently by both teams. Dave Rankin in his column, speaks of hidden talent, not previously unveiled—meaning Mannville's Lorne, of course — and claims that George Pargeter's team from Capitol Hill has come up with a find in goalie Lorne Scoggins. Congratulations Lorne, Mannville is proud of you. Perhaps this will inspire citizens of this town to support local hockey efforts as this is where they get their start. Who knows, perhaps we may produce further goalies of the calibre of Lorne.

Babies are little tots who need much loving care. Fortunately, God gives us Mothers to watch over them.
Mothers problems are difficult, but we can solve some of them. We supply special foods for baby's dietary needs, sterilizing utensils to prevent germ invasions, helpful baby-aids that insure more comfort and vitamin concentrates for extra energy.
Most important of all, Mothers can now have less fear should any attacking virus threaten the baby's health. In our pharmacy are the wonderful antibiotics physicians prescribe that often overnight bring back baby's health.
A great many people entrust us with the responsibility of filling their prescriptions . . May we compound yours?

CAR SALES UP

There has been a sharp pick up in sales of new cars since the introduction of the 1959 Canadian built models, reports The Financial Post.

All sections of the industry - makers and parts suppliers - have felt a gain.

Sales in October, November and December were the first months in 1958 to be higher than corresponding months of 1957.

Production in the eight final weeks of 1958 was up 19% on the same weeks of a year earlier.

The stepped-up rate of production is likely to be continued throughout January but intense cold weather blanketing Canada is having a restraining influence on buyers.

MARWAYNE NEWS

Mr and Mrs Duncan Addison were in Edmonton last week end to visit their brother Tom who is recovering from a major operation.

We are happy to report that Mrs. Doull is up walking again and planning on being home before long. Mrs Holmes also shows a slight improvement. Debby infant daughter of Mr. and Mrs. Joe Tupper is home again after nearly two weeks in the hospital.

The senior hockey team have played two home games this week one on Sunday afternoon the score being 6-2 for the Lloyd carpenters and the other on Wednesday evening the score 7-2 for Fort Pitt.

The Altar Society of the Catholic Church are having a bake sale in Mr. Elliot's office on Saturday, Jan 31 from 2 to 5 o'clock p.m. They are featuring home-made bread and will raffle the bed spread on which they have been selling tickets.

The United Church held a Pot Luck supper and the annual congregational meeting took place on Wednesday, Jan. 14.

Congratulations and all best wishes go to Mr and Mrs. H. Hillaby on their 51st wedding anniversary on Jan. 14 and to Mr Hillaby on his 73rd birthday, all on the same day.

Mrs. Annie Reichenbaugh has gone to Long Beach, California to visit her brother.

More new cars are being driven by Lloyd Van Camp and Herbie Ure.

Congratulations to Mr. and Mrs. Mac Kent on the birth of a son in the Vermilion Hospital.

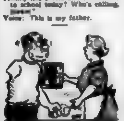
The mother of one teen-ager caught on fast to jive talk. Her daughter asked, "Mama, may I hit the flick?" "I'm afraid I don't read you".

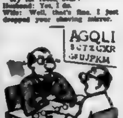
"Oh, Mother" said the youngster, "you mean you don't know? Hit the flick is teen talk for "go to the movie" "In that case ask me again after you rub the tub, scour the shower, spread the bed and swish the dish".

Teacher (on phone): You say Johnny has a cold and can't come to school today? Who's calling, please?

Voice: This is my father.

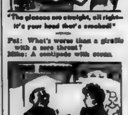


Wife: Do you have a good memory for faces, dear?
Husband: Yes, I do.
Wife: Well, that's fine. I just dropped your shaving mirror.



"The glasses are straight, all right—it's your head that's crooked!"

Pat: What's worse than a giraffe with a sore throat?
Mike: A centipede with corns.



"Anything larger? I have three unmarried daughters."

Health Unit Notes

A DANGEROUS COMBINATION

A child and a match (or cigarette lighter) can create a disaster in a matter of minutes. Left alone, those experimental little fingers may not be able to resist just trying out the effect of one little match.

Children are the cause of a great many fires that destroy property, or worse, take lives. But the grown-ups are not immune. The adult who impatiently sloshes into a reluctant fire a dash of coal oil is much more to blame than the child with a match, since the young culprit has the excuse of lack of experience, and the fact that he had those matches can be blamed upon his elders. But the person who hasn't patience enough to use the safe way of lighting the fire is a menace. There are still thousands of coal and wood stoves left in this country and they can be very temperamental, especially when you are in a hurry. But a splash of coal oil, especially after a match has been set to the kindling is not the remedy. A safe way of using coal oil in case of real need is to dip thin bits of wood into the oil and set them among the other kindling before setting the lighted match. Scraps of wax paper and small pieces of wax candle, mixed in with the kindling will also help to persuade the fire to ignite, without the danger of a flare-up.

If there are small children in the house where there are open fires, cook stoves or coal oil lamps, don't leave the youngsters alone even for a few minutes. In rural areas where mother must dash out to the barn she should take the children along, if it is possible. If some other emergency arises, don't leave the small ones alone where they can set light to bits of paper or matches. Almost every week, Canadian radio and press carry stories of fires in which children have died - sometimes because they were left alone and neglected for hours but often because in an almost unbelievably short time there has been a sudden flash fire.

Every fall, Canada holds a fire prevention week. Enthusiastic people hold parades, write to papers, speak on radio, address meetings, all in an effort to lower Canada's appalling death toll through fires. All kinds of good resolutions are made just like the New Year's kind. A few weeks later you can watch the newspapers and listen to your newscasts — "Three Children Burned to Death" — "City Block Destroyed By Fire" — "Couple Lose Lives in Fire." Couldn't we make it Fire Prevention Year?

CNR Plows Chalk Up 30,000 Miles

WINNIPEG. — Canadian National Railways snow plows, during the months of November and December, 1958, covered nearly 30,000 miles to keep the company's lines open on the western region. This compares with only 9,500 miles covered during the corresponding period in 1957.

The heaviest snow removal work was on the Manitoba district where plows chalked up a total of 22,027 miles. More than 5,5[illegible] were covered in B.C., only 1,519 in Saskatchewan and none in Alberta.

TULLIBY LAKE

Mr. and Mrs. L. T. [illegible] Sr., observed their golden wedding anniversary on Jan. 7th by holding open house to their many friends and relatives. Mr and Mrs. Belsheim were one of the first pioneer couples to enter what was then known as the Onion Lake territory. They reared a family of eight children, some of whom were brought up the hard pioneer way. We take our hats off to this fine couple, wishing them many more years of married life together.

Mr R. J. Fahie, travelling representative of the Watchtower Society, was a visitor in the district on Wednesday.

Ed Cariveau, commonly known as 'Frenchy' has sold his land, the former George Lewis quarter to Buster Fleming. The Cariveaus plan on opening up a garage next spring near the Alcurve store. This will be located on their newly purchased property there.

Sorry to report the following two people on the district's sick list, Mrs. Roy Wagner and Mrs Christine Mann.

Juvenile Behrens spent the week end attending the Berg Chiropractic clinic in Lloydminster.

Pulpwood Operations Provide Big Farm Market

13 million lbs meal, 19 million eggs in annual woods fare.

Fruit juice, flap jacks, porridge, fried potatoes, sausages, bacon and eggs, doughnuts, pie, milk and coffee — that's typical breakfast fare for rugged pulpwood loggers whose appetites spell a big market for Canadian farm produce.

[illegible] 13 [illegible] pounds of meat, 19 million eggs, 1[illegible] million pounds of flour, 3.5 million pounds of butter and other fats, 3 million cases of canned milk, 400,000 cases of other canned goods and 6.5 million pounds of powdered milk and dry foods.

There are 15,000 permanent employees in the pulp and paper woodlands. In addition some 200,000 agricultural and other workers [illegible] the pulpwood harvest in the [illegible] season. [illegible] The forests like the farms are traditional mainstays in the Canadian economy and in many areas agriculture and forest operations go together. Both are managed to yield annual crops. Trees just like a farm crop must be tended and protected. When the crop is mature it must be harvested.

Two full meals a day and a comfortable bed at night are the basic help given [illegible] needy men each year through single men's hostels operated by the Alberta Department of Public Welfare in Calgary and Edmonton. The hostels have been open every day since their establishment in 1932, providing a temporary haven for destitute men while they seek to re-establish themselves.

Emergent care through hostels is available to resident Albertans and outside transients alike. Married men whose families reside elsewhere are eligible for help on the same basis as single men. The Department of Public Welfare also operates a residential welfare centre at [illegible], some [illegible] northwest of Edmonton, [illegible] such men with no means of support may receive care at the centre for indefinite periods. In addition, the department bears the entire cost of aid to transients passing through the cities of Medicine Hat, Lethbridge and Red Deer.

Farm Safety Award Presented Alberta Department of Agriculture

Presentation of a National Safety Council award to the radio branch, Alberta Department of Agriculture, highlighted a day-long conference of the Alberta Safety Council's farm committee in Edmonton on Friday.

Alberta Farm Safety Director W. J. Perkins, presented a certificate of commendation from the national body to department representatives, saying that through the daily radio program "Call of the Land," commentators Ed Hamula and Scott Flewitt had performed splendid service in encouraging safety among Alberta farm residents.

Among those representing the agriculture department were R. M. Putnam, Deputy Minister and E. B. Swindlehurst, E. V Hamula and Scott Flewitt of the radio branch. Chairman at the luncheon at which the presentation was made was Prof B. T. Stephanson of the University of Alberta, who is chairman of the Alberta Safety Council's farm committee.

During the conference on Friday, committee members prepared resolutions to be presented to the second Western Farm Safety Conference, to be held in Valley Centre, Fort Qu'Appelle in Saskatchewan, Jan. 21-23. Plans for an Alberta safety meeting in Calgary in May also were discussed, as well as other events planned for 1959.

During 1958, the prize-winning Call of the Land program broadcasted five talks during Farm Safety Week, while throughout the year 19 programs contained over five minutes of interviews dealing with farm safety. Safety reminders were used at least twice weekly.

R. M Putnam in his luncheon address to the farm safety delegation, stressed the necessity of farm residents taking a greater responsibility in protecting their children from accidents because of the greater number of children in the rural population and the close association of farm children with their father and his hazardous occupation.

Alberta Safety Council Announces Topics For 1959 Farm Safety Essay Competition

Rural students in Alberta schools will have the choice of two topics, highway or electrical safety, when they enter the 1959 farm safety essay competition sponsored by the Alberta Safety Council.

The topics were chosen this week by the Safety Council's Essay Committee headed by Hon. R. D. Jorgenson, Alberta Minister of Public Welfare. Last year, when nearly 35,000 rural students in grades five to eight participated in the annual competition, the topic was tractor safety.

Conducted by the Safety Council since 1951, in co-operation with the Provincial Departments of Agriculture and Education, the competition is open to two school groups one comprises grades five and six, and the other, grades seven and eight. With prizes of plaques for school rooms and pins for the two individual winners in each school division, emphasis is placed on local recognition of winning pupils.

Cash prizes totalling $150.00 also will be awarded. A prize of $50.00 will go to the author of the essay that ranks second. Similarly, two prizes, one for $30.00 and the other for $25.00 will be awarded for the two top essays in the grade seven-eight groups. The four provincial winners, with their teachers, will be invited to a luncheon in Edmonton to receive their prizes from the Hon. Dr. J. J. Bowlen, Lieutenant-Governor of Alberta.

The month-long contest will begin March 9, and school superintendents will be furnished with posters describing it in detail. The topics were chosen on the suggestion of W. J. Perkins, the Council's Farm Safety Director, who reported that highway accidents accounted for the greatest number of farm resident fatalities last year; and on the suggestion of Prof. B. T. Stephanson of the University of Alberta, who noted that the National Safety Council is stressing electrical safety this year, and that approximately 58 percent of Alberta farms now are served with electricity.

In addition to Mr. Jorgenson, Mr. Perkins and Mr. Stephanson, the committee includes. Hon. A. O. Aalborg, Minister of Education; Hon. Leonard C. Halmrast, Minister of Agriculture; H. C. Sweet of the Department of Education, G. F. Bruce of the Correspondence School Branch; R. Hennig, G. Andrews and T. C. Weidenhamer of the Alberta School Trustees Association; and Charles Simmonds, R. P. Lawrence and Mrs. Mabel Betts of the Alberta Safety Council. Dr. T. C. Byrne, Chief Superintendent of Schools, also has been invited to join the committee.

Provincial winners in last year's essay on tractor safety were Judy K. Christensen and Colleen Ann Richards, first and second respectively in the grade 7-8 group. Phyllis Iverson and Sharon E. Peterson took top honors in the grade 5-6 group.

The four together with their teachers were given a luncheon in Edmonton at which the Lieutenant-Governor presented the prizes.

Vermilion W. I.

Sixteen members attended the Vermilion W.I. meeting held at the home of Mrs. Mable Lee on Tuesday, Jan. 13th at 2:00 p.m.

Members started the new year off with roll call being answered with "Pennies for Friendship".

Letters were read from Mrs. P. Sloan and Mrs. Talbot from the Cancer Society. It was agreed by members to assist with a meeting to be held some time in February to show a film on Cancer. Notice of same will appear in The Standard soon.

Vermilion W.I. donated the money to Cerebral Palsy fund. Articles of good used clothing were collected. Mrs. Marfleet and Mrs. Rooks will have same packed and sent to Unitarian centre.

Mrs. H. Astley is the new Handicraft convener.

A paper on 'Health' was read by Mrs. H. Bell, "Epilepsy", part of same being taken from 'Look' magazine which has a very good article on epileptics.

Mystery box was won by Mrs. Lee.

Mrs. Clark and Mrs. Maskell served a lovely lunch.

Mrs. Rosina Dudlyke Laid To Rest

The Marwayne district was shocked and saddened by the sudden death on Saturday, January 3rd of Mrs. Rosina Dudlyke, at the age of 69 years.

Mrs. Dudlyke was born at Darleston, Staffordshire, England on March 31st, 1889, and her family moved to Wales in 1892. She was married in April, 1912 and with her husband and family came to Canada in 1928 where they farmed north of Lloydminster until 1940 when they moved to the Marwayne district.

Though she had suffered much illness during her lifetime, she was always cheerful and looked to the future with hope. She always had a warm spot in her heart and practical assistance ready for anyone in trouble of any sort, whatever their station in life. She was young in spirit and never lost her confidence in the future. She was well known to a wide circle of friends and will long be remembered for her various activities in Canadian Legion, Church and welfare work.

Mrs Dudlyke was one of six Alberta women holding the Meritorious Service Medal, highest decoration granted by the Canadian Legion. She devoted a great deal of time and effort to all matters pertaining to Wales and the Welsh people and to her favorite hobby "Heraldry" on which she was an acknowledged authority.

It is hard to realize she has gone from us so suddenly, but we can only think and say, "well done, thou good and faithful servant."

Mrs Dudlyke is survived by her loving husband Will, four sons, Dick and Bob at home, Reg with the R.C.A.F., at Bagotville, Que.; Ron at Glace Bay, N.S., and one daughter Mrs. J Creak (Megan) at Salmon Arm, B.C. There are six grandchildren, also two sisters in England. She was predeceased by her eldest daughter Phyllis in 1951.

The funeral service was held at Irwinville church, Thursday, January 8th, at 2 p.m., Rev. A. Potter officiating. Interment was in the Irwinville cemetery.

The pallbearers, all members of the Canadian Legion Branch 116, were Comrades Wardle Clifford, Vern Lowrie, Bert LaFoy, Ron Whitfield, Bill Carpenter and Colin Midgley. The burial ritual of the Ladies' Auxiliary, Canadian Legion, was conducted at the graveside by Comrade Ellie Anderson.

Floral tributes and memorial donations were received as follows:

Macleod's Move To New Store

Manager Charlie Upshall and his staff of Macleods have quietly moved this week into their new ultra modern store. The official opening is scheduled for Thursday, February 26 and full details will be carried prior to that date in the Standard.

The new store is the finest and most modern Macleod's structure in Western Canada and puts Vermilion far out in a class by itself when it comes to fine stores in western towns.

The building was erected by Caron and Calvert, local contractors and the exceptional store is a tribute to their excellent craftmanship.

Golden Age Friendship Club Greets 1959 With Successful Social

The first social gathering of the Vermilion Golden Age Friendship club for 1959 was held in the Legion hall on Wednesday, Jan. 21 with 62 members attending. It was most gratifying to see several new faces and for those who were not able to attend, we missed you, but hope to see you at the next get-together. There were 13 tables of whist and one table of Chinese checkers. Mrs. Fisher won the 1st prize for Whist; Mrs. Giles 2nd, and Mrs. Hobbis, 3rd. The first prize for gents was won by Mr Killion with Mrs. Fisk and Mrs. Rivett tying for 2nd prize. The tie-breaker resulted in Mrs. W Fisk winning 2nd prize and Mrs. W. Waldenberger 3rd prize. Many thanks Mrs. Wemp for the lovely prizes for the ladies and many thank to Mr. Jory who provided the gents' prizes. To the ladies who supplied the cookies and to Mrs. Waldenberger for the birthday cake, many thanks, not forgetting the ladies behind the scenes, who so generously give their time to see that the lunch is served on time. After lunch, Mr. George Stewart and daughter Mary entertained with music and Miss Stewart rendered two songs which were very much appreciated. She also led the Golden Age Club's theme song "The More We Get Together." Many thanks from all of us, folks, and it is hoped you will both be back again. Now for a little peek into the next social which will be a Bingo party. ALL the prizes are being donated by Mr. and Mrs. I. Miller and there will be some very nice gifts to be won. Please remember, this is not a 10 cent or five cent bingo, but a free one, so please watch your Standard for further details as to the time, date etc. In case you are not a subscriber to the Standard, which is very unlikely, ask your neighbor to remind you and try and bring a friend along too.

Don't forget — if you are 50 years young or over, come one, come all and have an afternoon of fun.

Zazulak Rink Wins Derwent Bonspiel

DERWENT. — The Derwent men's open bonspiel was held during the week end of Jan. 23rd to 25th with 22 rinks participating.

Outside rinks were present from Two Hills, Myrnam, Clandonald, Dewberry, Vermilion and Riley. Two sheets of ice were in good condition and many exciting and close games were played which were watched and enjoyed by many spectators.

A banquet for the curlers served by the Ladies' Curling club was held at the National hall on Friday evening was greatly enjoyed.

The following is a list of the winners in each event:

Grand Challenge — 1st, Steve Zazulak, Henry Lychak, Mike Wywcki, Eugene Dobranski; 2, Emil Mudryk; 3, A. Kent, Vermilion; 4, J. Bober.

Wins Water Safety Instructor's Medal

Tony Dixon son of Mr and Mrs. W A Dixon of Vermilion was awarded the Red Cross Water Safety Instructor's medallion at a banquet held recently at Red Cross House, Edmonton. Of the twenty-eight persons who took the course held during the Christmas holidays eleven others received this same award and twelve were presented with the Red Cross Senior Leader award and the Royal Life Saving bronze medallion.

Vermilion Rink Wins Taylor-Pearson-Carson Zone Play-off

A rink of Vermilion high school boys won the zone play off played in Vermilion and next week end will go to Edmonton to compete for the Northern Alberta High School Curling championship. The V.H.S. rink was skipped by Brian Calvert with Don Martin 3rd, Ken Graham 2nd and Howard Robinson lead. Neil Gannon is the alternate on the rink.

There are eleven high schools in this zone and ten of them, all but Heinsberg, had a representative rink in the play-off. The calibre of curling is improving year by year and the percentage of shots tried and made perfectly is quite amazing.

To win their chance at the northern title the V.H.S. quartet had to play off in the double knock-out competition with Kitscoty. Vermilion had won the number one event and Kitscoty annexed the number two. This brought the two rinks together to determine the winner. Kitscoty with Ron Bush as skip, Arnold Kvill 3rd, Bill Potvin 2nd and Elden Giles, lead, had previously been the only rink to defeat Vermilion and excitement ran high as the two youthful foursomes took to the ice for the final. Incidentally by the time it was over each rink had played six games during the day which speaks very well for the endurance of the eight lads.

The Vermilion quartet played a steadier game in the final, took a 2 to 0 lead in the first end and were never headed. Skip Bush called it a game at 8 ends with the score reading at that time 10 to 3.

FIRST EVENT

In the first event Paradise Valley defeated Mannville; Vermilion def. Marwayne in the extra series; Buffalo Coulee def. Dewberry; Kitscoty def. Clandonald; Myrnam def. Derwent. Vermilion def. Paradise Valley to round out the semi-finals.

Vermilion defeated Buffalo Coulee; Myrnam def. Kitscoty. Vermilion then met and defeated Myrnam in the final.

[illegible] EVENT

In the second event Derwent eliminated Buffalo Coulee and Kitscoty put out Dewberry in the extra series. Kitscoty then defeated Derwent to enter the fours. Clandonald def. Mannville; Paradise Valley def. Marwayne; Vermilion def. Myrnam. Vermilion then def. Paradise Valley and Kitscoty def. Clandonald to enter the finals. In this game Kitscoty defeated Vermilion to win the number two event.

This brought the same two rinks together again in the sudden death play-off with Vermilion reversing the previous result.

ENJOYABLE BANQUET

The student curlers were all guests at a banquet served in their honor at 6 p.m. Friday in the Legion hall.

Mr. Clarke Richardson of Kitscoty, convener of the committee in charge, was chairman and guests at the head table included Mr. Warren Rosquist, president of the Vermilion Curling club and Mrs. Rosquist, Mr. Simon Simonson, superintendent of the Vermilion school division and Mrs. Simonson, Mr. Ashley Cooper, editor of the Standard and Mrs. Cooper.

The head table guests were called upon for brief remarks while each of the ten skips present introduced the members of his rink.

Mr. Richardson remarked on the excellent curling facilities offered for the zone play-off by Vermilion and further stated that the committee in charge of the [illegible] had reserved rooms for the high school rink in a hotel in Edmonton and were paying the costs to help along the schoolboy curling.

Mr. Wm. Novak was convener of the enjoyable banquet catered to by the Legion W.A.

Class of E. A. H. League Here Saturday Night

St. Paul Hornets, currently riding at the top of the E. A. H. L., will display their prowess at the Vermilion arena on Saturday evening when they clash with the local Tigers. A very high calibre of hockey is being played in this league and it is well worth anyone's time to see this St. Paul team in action against our Tigers. The Tigers have strengthened their team for a drive to a play-off spot and will be desperately trying to gather up two points at the expense of the high flying Hornets.

This is the last time the Hornets appear in Vermilion for a regular league fixture so be on hand Saturday, Jan. 31 at 8:30.

Tigers Tie Chevies At Lloydminster

Vermilion Tigers outplayed and outscored the Chevies at Lloydminster for two periods, only to fade in the last but managed to come up with a 5 all tie game on Wednesday evening. Tigers led 4-1 late in the first and were in front 4-2 at the start of the third. The Chevies who have plenty of manpower, tied the game at 4 all and then went out in front 5-4. Not to be denied, the short handed Tigers came up with one more goal to tie the count at 5 all.

Other game results Wednesday evening were Bonnyville defeated Lashburn; Neilburg defeated Maidstone.

St Paul is out in front of the league standing followed by Bonnyville, Lashburn, Lloydminster, Maidstone, Neilburg and Vermilion.

Don't fail to see the league leading St Paul Hornets in action here against the Tigers on Saturday night Jan 31

Railway Pass Is Recommended To Council At Vermilion

A railway underpass at the main crossing in the town was suggested to the [illegible] at their last meeting by representatives of the engineering firm of Stanley Grimble Roblin Ltd. Plans were submitted indicating that the underpass would not interfere in any way with Railway avenue but would blend in with that thoroughfare. The total cost of the underpass [illegible] estimated at $150,000. [illegible] amount 80 per cent is paid by the Dominion, 10 per cent by the railway and as the pass would be on a provincial highway [illegible] per cent would be split between the province and the town. On this basis the town would be responsible for [illegible]. However the engineers state that it is quite possible that the province would pay a larger proportion and thus reduce still further the amount paid by the town.

Besides being a constant source of danger the crossing has very definitely proven quite a bottleneck for traffic located as it is across very busy highway 41.

The matter is being seriously considered by the council.

Other matters to come before council were lot sales and building permits. Robert Woodruff was sold lot 16 and part of 17 in block 21 for the price of $300 and was granted a permit to move a residence thereon. The building is subject to inspection before moving and to all building by-laws of the town.

D R Mitchell was sold lot 7 and the east half of lot 6 in block 16 for the sum of $300. This is land reclaimed through the years by filling just east of the Amos home. The property is for a new residence.

A by-law to control the use of public address systems within the town was given three readings and carried. This was the first by-law of 1959.

John Gordey was appointed acting foreman of public works for the town.

School Division Annual Meeting February 10th

The annual meeting of subdivisions 4, 5 and 6 of the Vermilion school division will be held on Tuesday, Feb. 10th at 2 o'clock in the west end elementary school. Reports will be given by the school superintendent S. D. Simonson, the secretary of the division, J. R. Robson, and by the school trustee representing each subdivision Claude N. Brennan of Vermilion, R. C. Mead and D. C. McGrath.

A second meeting for the remaining three subdivisions, 1, 2 and 3 will be held in the Kitscoty high school on Monday Feb. 9

TRUSTEES RETURNED BY ACCLAMATION

At the recent elections in subdivisions 1 and 3 Mr. A. F. Weeks of McLaughlin was re-elected by acclamation in the first, and Mr Joseph K. Hale of Marwayne was returned by acclamation in subdivision No. 3. The retiring trustee was Mr W. Lloyd Brown of Islay who did not seek re-election after twelve years on the divisional board. 29-30

THIS WEEK'S ODDEST NEWS

OLD LICENSE FOUND

Leo McCambridge took down a double-barrel shotgun which was formerly owned by the late George Dolman. Imagine Leo's surprise when he found a shooting license which had been placed between the grip and the barrels for safe keeping. The license was 34 years old and was made out to Chas. Newport of Marsden, Sask., on Sept. 18th 1925.

Ladies Are Elected To Anglican Church Vestry At Mannville

MANNVILLE. — With an average attendance the congregation of Christ Church (Anglican) held its annual meeting on Jan. 23 in the parish hall. Presidents and leaders of the various groups connected with the church read reports both financially and progressively which were unanimously adopted. All groups showed a good year with much work accomplished. Rev. Harry Shell, chairman of the meeting announced that he had requested the former vicar's warden Maurice Mercer to remain in that capacity for 1959. In likewise the same manner the congregation voted Walter Osborn back as people's warden. Walter was later elected as being in charge of the building fund finances.

In his speech to his people Rev. Shell expressed gratitude to all for acts of kindness and to vestrymen and wardens, choir master James Johnstone and organists Mrs. James Johnstone and Miss Lynne Kreller. Thanks were also extended to organists going out to country points. Miss Kathleen Sutton and Mrs. Joan Lugg. Ladies doing sewing for the church were thanked also. They were Mrs. E. B. Allen, Mrs. Ronald Scott and Mrs. E. A. Mercer.

Elected to the vestry for 1959 were Lister Emmott, James Johnstone, Frank Renapies, Jack Cogford, Elbert Hubbard, Ernest Lugg, Ronald Forsyth, Clifford Emmott, William Mercer, Margaret Hubbard and Mrs. Ronald Scott, two ladies being included this year to the vestry. Both wardens are automatically on the vestry. Miss Kathleen Sutton was once again elected as secretary of the vestry. Delegates to Synod are Lister Emmott and Maurice Mercer, proxies are Frank Renapies and James Johnstone.

In his speech to the people of the church, warden Walter Osborn assured them of his support, congratulated the rector for his work and was pleased to announce all commitments had been met. Outstanding bills were ordered to be paid as soon as possible. A hearty lunch was served by the Christ Church W.A. which was greatly enjoyed by all.

Lloyd Brown, School Division Trustee, Honored at Banquet

Following the January meeting of the Divisional Board on Thursday, January 22, Mr. W. Lloyd Brown was guest of honor at a banquet held at the Brunswick hotel where Divisional Board members and officers together with representatives of the Vermilion Divisional teaching staff assembled to pay tribute to the [illegible] of the service.

Mr. Brown of Islay [illegible]

C. McGrath presented Mr. Brown with a sterling silver service and expressed the hope that Mr. and Mrs. Brown would both remember the friends they had made during the term of office.

Mr. David Clark, president of the Vermilion local A. T. A. presented Mr. Brown with a very useful travel clock on behalf of the teachers of the school division.

Mr. Brown thanked those assembled for the presentations and expressions of friendship [illegible]

Plumbing School Feb. 4th and 5th

A plumbing school is being sponsored jointly by the Vermilion Agricultural Society and the Alberta Department of Agriculture, Feb. 4th and 5th. The plumbing school will be held in the Legion hall. Sessions will begin each day promptly at 9:30 a.m. The Vermilion area is fortunate in being able to secure such outstanding instructors for this course as Mr. J. L. Reid, Agricultural Engineer Extension Service, and Mr. W. Milligan, Department of Public Health.

The program on Feb. 4th will deal with the well, pumps, pressure piping and water storage, sewage disposal and septic tank. The program for Feb. 5th deals with drains, soil stack, sink waste, basement drainage, laying out of bathroom, materials, etc. Every period is arranged so that there is plenty of time for questions.

This is an opportunity! This course can be a help if a person plans to install plumbing, water works or even a cold water supply in the kitchen or barn. The information to be gained about plumbing can be useful in planning even if the plans involve a contractor to do the job. So everyone contemplating plumbing would be well advised to attend the plumbing school at the Legion hall on Feb. 4th and 5th.

FARM LEGISLATION

Prairie farmers will be encouraged by last week's announcement in the throne speech that the federal government will introduce legislation at the current session of parliament providing for a crop insurance program and a more liberal farm credit program. Both of these programs have been requested by farm organizations for a number of years and both were included in the government's long-range program for agriculture. Farmers and farm organizations will await further details of these programs with anticipation.

Gas Rates Puzzle Commission

Sittings are now being held on hearings to decide whether Northwestern Utilities Ltd. should be permitted to increase natural gas rates.

Northwestern, which serves Edmonton and 29 other Alberta towns and cities including Vermilion, wants its gross revenue increased by 25 per cent. A similar inquiry is under way in Calgary, where Canadian Western Utilities has applied for an increase.

The only thing certain at this point is that the provincial board of public utility commissioners faces a tough job in reaching a decision. The evidence presented has been so technical and involved some of its economists even have trouble understanding it.

And how do you explain the mystery of two groups of economists studying the same data and coming up with two entirely different answers — one in favor of increased gas rates, the other opposed?

NATIONAL HEALTH WEEK

National Health Week will be celebrated in 1959, for the 15th year, from February 1st to February 7th, inclusive.

National Health Week in Canada has been for some years the most outstanding annual publicity event in the dominion. It has been made so by the support of thousands of people all over the country. The object of National Health Week is to permeate the entire country with educational material from all legitimate sources, in order that during one week at least in the year all may have the opportunity of getting the facts not only as to the seriousness of disease but as to the means which should be taken to combat disease.

The public have been so occupied with the importance of looking after people when they are sick that they have forgotten that it would be much better to keep people well and vigorous. People even speak of 'health insurance' when they mean 'sickness insurance.' So called 'health insurance' as it is generally understood does nothing but provide for the care of people who are sick.

During National Health Week, Departments of Health, doctors, dentists, nurses and nutritionists will combine with national societies in the field of health to utilize all of the media of publicity and co-operate to carry the message of health to all parts of the country.

For those who decry the importance of weeks of any kind it is pointed out that by the device of National Health Week the co-operation of all national publicity media is ensured to the end that by radio, by television, by pamphlet or press, in the church or in the school, every single citizen in Canada will have the opportunity of learning something of every phase of health.

It is recognized that every week should be a health week, but it is only during Canada's National Health Week that it becomes possible to use all national publicity media to the end that everyone is informed.

Promotion folders, giving full information as to what any one group in Canada may do to promote National Health Week are available to all who care to ask for them. It is hoped that our readers will do their best to help spread information about health in their various communities.

NO HELP, PLEASE!

I get a kick out of the story my friend Hank Larson tells. He was in the city visiting relatives. Walking down a main avenue he gawked at tall buildings and stubbed his toe on a curb. He was not badly hurt. "But heck," says he, "a social worker was walking by and saw me. Guess she'd just taken a [illegible] in first aid. She pounced [illegible] and went to work. A few [illegible] [illegible] in, and first thing I knew I was trussed up like a Thanksgiving turkey and then whisked away in an ambulance. Missed my bus home, got accused by friends of being drunk and disorderly and had to pay $15.00 for ambulance and intern service — all for a stubbed toe! I'm not going to the city no more, they're too darned helpful!"

Hank probably exaggerated that story, but it's a fact that we're often in deep trouble when a bunch of well meaning folk set out to help us.

Lately, there's been a terrific amount of talk about "helping small business." The government wants to help small business. Farm organizations worry about the plight of small business. Speech makers like to talk about helping small business. About the only people not shouting for such help are the owners of small businesses. Fact is, they're scared stiff they're going to be pounced on and "helped" about the same way [illegible] Larson got "helped."

One small business man wrote to a trade magazine about the same thing. "Far from being a delicate organism," he wrote, "that requires planners to watch out for its welfare, small business is a hardy social institution capable of such quick adaptation to new situations that it would be difficult to stamp it out. But planners insist that small business can't compete with big business. If a big business could react to situations as quickly as the average small business there might be some logic in such a contention. But so far big business has not developed this capability. In our small company we frequently accept manufacture and ship an item in less time than it would take some large companies to get the paperwork well underway. More than one small business has become a big business by this route. So, as one small business man, I say 'Thank you' to the [illegible] for your offers of special aid and assistance — but we and the public will be better off without it. We can meet changing conditions with our growing agility and some acumen. We aren't too certain we could survive with too much help."

Our Ship Is Coming In

"GREEN ACRES"

ELECTRIC HOT BEDS

We used to use horse manure to heat hotbeds for starting plants such as cabbage, tomatoes, asters, snaps etc., but now we can't even find the horse. Electric soil heating cables are now used for heating small hot beds. Thermostatic control is necessary. Anyone interested can obtain a circular from this office.

FEED LOT CHANGES

Feed lots are being given a new look. Automation is catching up on the drudgery of carrying feed and sometimes water to live stock in the feed lot. Now the modern way is a system that takes feed from the truck, elevates it, mixes it, weighs it and delivers it to feed troughs without any hard labour whatever. It's all done with a push button on an electric motor.

HOG PRODUCTION COSTS

Hog raisers who do not believe they are making any money in growing hogs should get a circular just off the press entitled "Hog Production Costs in Alberta." It was written by A. J. Charnetski, Live Stock Supervisor for Alberta. I guess you were right because the best Mr. Charnetski can do with the expenses all figured in, is 19 cents profit per pig. If it is a matter of getting rid of surplus grain then it may be good business to raise pigs. Otherwise it is likely a good policy to reduce altogether. The law of supply and demand says that as soon as the number of pigs is reduced then the price goes up accordingly.

LARGER FARMS COMING

Prairie farms are now more than twice as large as they were in the homestead days. It would appear that they are going to double in size again within a very few years. We can't hold progress back and yet maybe it is not progress. It seems a shame for all those industrious happy families to disappear from the community but it is going on all over so I guess we can't do anything to stop it. The question the small farmer is asking himself is, should I do something and take the plunge now or wait and see?

SHORT COURSES

Agricultural Short Courses have been planned for Lloydminster, Vermilion and Mannville for the first week in March. They are three day affairs. Special speakers on special subjects will come from Lethbridge, Lacombe and Edmonton. There are so many changes in farm practice these days that it pays farmers to keep up with the times. Why not plan to take in the whole three days and see what the speakers have to say about anti-biotics, stilbestrol, synovex, disease control, new varieties, special crops etc.

Best Year Ever For Manufacturers Life Company

The Manufacturers Life's 1958 new business of $430 millions was an all-time high for a year's operation and represented an increase of 13% over the 1957 figure. The total business in force on behalf of more than 300,000 policyholders has reached $2,882 millions.

Total payments to policyholders and beneficiaries in 1958 also set a new record with Manufacturers Life paying out $48 millions in death claims, matured endowments, annuity payments and other policy benefits including $6.8 millions in dividends to policyholders. The total of benefits paid since the incorporation of the company in 1887 now exceeds $729 millions.

Assets held in trust for payment of future policy benefits now total $819 millions. Government and government guaranteed bonds constituted 13% of assets while corporation and municipal bonds totalled 43%, mortgages and real estate held for investment made up 31% of assets, preferred and common stock 3%, cash and other assets amounted to 10%. The net rate on interest earned increased to 5.11%.

During 1958 Manufacturers Life passed an important milestone when approval was given to a by-law providing for mutualization of the Company by the purchase of shares of the capital stock. Over 93% of 150,000 outstanding shares have since been offered to the company [illegible] the terms of the by-law and 31,087 shares were purchased on December 31, 1958. When the mutualization plan is complete, ownership of the company will be in the hands of policyholders.

President George Holmes reports that the Manufacturers Life is expanding in both Canada and the United States and he predicts 1959 will be a year of further solid gains for the company.

COOKING CLUES

The following is a list of questions and answers to some of the many food problems which are coped with in the kitchen daily and perhaps will be of some assistance to you.

1. Should the oxide on baking pans be removed? Yes. The dark oxide results in fast conduction of heat and the product as a result, will have a dark, hard crust and an irregular volume as well.

2. If food is spilled in an oven how may this be cleaned by treating overnight? To clean the oven, wring a cloth out in cold water, then saturate with household ammonia and place in oven overnight.

3. Why is molasses, and, or tomato added after beans are cooked in the preparing of baked beans? Molasses and or tomato is added at the end of cooking time, otherwise hardness results due to the presence of acid in tomato and calcium salts in molasses.

4. Why is fruit floured before adding to some batters or some doughs? Fruit is floured to prevent a watery effect in batters and doughs, to blend ingredients more thoroughly and also to prevent fruits from settling to the bottom.

5. Why are dried fruits covered during cooking? Dried fruits are covered during cooking to preserve the flavor, prevent evaporation of the liquid and also to hasten cooking process.

6. How many teaspoons are there in a cup of dry or wet ingredients? There are sixteen level tablespoons of dry ingredients and twelve tablespoons of wet ingredients to a cup.

7. How many cups of butter, lard, or hydrogenated shortening are there in a pound? There are usually two cups in a pound of the above.

8. When shortening replaces butter, what adjustment is made? When shortening is used as a substitute for butter, use one sixth less shortening per cup of butter.

9. When soaking a dish in which porridge was cooked, is hot or cold water used? Porridge is a carbohydrate and it should be soaked in hot water. Protein foods are soaked in cold water.

10. What amount of vinegar is added to sweet milk to approximate normal acidity of sour milk? On the average 1 to 2 teaspoons of vinegar per cup of sweet milk is added.

WILDMERE WINKS

We wish to extend our own sympathy and that of the community to Mrs. A. Robinson and boys on their sudden and sad bereavement. One never knows how or when the grim reaper is going to make his call. The large attendance at the funeral bespoke the high esteem felt for the deceased and family.

We also wish to extend sympathy to Mrs. Jones and family in their hour of sorrow.

On Wednesday, Jan. 21st J.C. Wallington, Wm. Smith, Baillie Holte, Fred Haines and Wm. Garnett Jr. attended the Calgary Power Co. meeting held at Buffalo Coulee school. J. C. Wallington was elected a director to replace J. M. Wilson who now resides in town.

The Vermilion high school rink [illegible] it again, but it was a long, tough, gruelling play-off. Why do these lads have to play five and six games in one day? Even in the Brier the men only play three at the most. Those boys were just mobile and that was all the next day, tired right out. We hope something will be done about this before next year. Now that the boys have won this zone we wish them every success in their next step towards the finals in Edmonton this week end. Miss Fulcher, their coach, is really in there pulling for them.

Not a very large crowd at the Home and School meeting last Monday owing to so many curling that evening. There was no speaker as it was too cold for the Health Unit nurse to come out as planned. Next meeting is Feb 16th with Mrs. Holte and Cliff Cruthers on the lunch committee.

Thanks Islay scribe for the nice comments on the Winks. We never thought we would be writing them this long when we started or we might have done what you suggested, kept a clipping of the column each week.

It is pleasing to hear Mrs. Ford is doing very well after her recent operation in an Edmonton hospital. Mrs. Gibson came home last Friday from the city where she had been with her mother.

We had nice chats with Mrs. J. Stone of Wildwood East, Mrs. Sherwood of Bowtell, Mrs. D. Martin of Islay, Mrs. J. Wilson of Vermilion and Mr. and Mrs. D. McGrath of Tolland, on Saturday.

Funniest thing heard: A little chap who had been given pyjamas by his grandmother, was asked "Are they for your birthday?" He replied: "No, they're to keep my legs warm!"

Letters to the Editor

Islay, Alberta,
January 18th, 1959.
Editor, Vermilion Standard,
Vermilion, Alta.

Dear Sir:

As most of my friends know, I have been a member of the Vermilion Divisional school board for the past twelve years. Having decided to retire at [illegible] time, I feel I should make some explanation to the ratepayers in general, and particularly to my friends in subdivision 3.

I have enjoyed the work. My relations with the ratepayers in subdivision 3 have always been most cordial. Naturally I have been unable to please everyone, but I have tried to treat everybody alike, never granting to one anything which I knew full well I could not extend to all.

My colleagues on the board, and the staff, have always been friendly and co-operative, and I sever our connections with genuine regret. Of course we have not always agreed, particularly on such matters as the building of auditoriums, and more recently the policy of transporting pupils by bus to within half a mile of the actual residence.

During the last few years the cost of education has [illegible] by leaps and bounds, and in spite of generous grants the taxes on land have become dangerously high; in fact they are a major factor in the present "Cost price squeeze".

There are some citizens (not always ratepayers) who contend that nothing is too good for the children. With these people I agree, but I do feel that some consideration should be given to the man who pays the bill.

Last year the board experienced great difficulty in securing high school staffs, and it was found necessary to transport grade 12 pupils from Marwayne to Kitscoty. While this action may have hurt the pride of some residents of Marwayne, I would point out that it is not the obligation of the school board to build up the towns. Our duty is to the children.

Regarding the teacher shortage, I contend that salaries should be set by the government of the province along the lines laid down by the Blackstock Commission. I further contend that degrees [illegible] be paid for only when such qualifications are considered necessary. If this policy was adopted we might hope to staff our high schools.

The cities are full of degree teachers, many of these teachers are working in the lower grades, where the work is easier, but the pay the same.

Of course pay is not the sole consideration, we will still have to cope with the odd vociferous ratepayer, who does not realize that the old indoor sport of tearing the teacher to pieces, went out of fashion years ago.

In closing, let me state that I deeply appreciate the many kind words and offers of support which I have received from ratepayers in subdivision No. 3.

However, I feel that I would not be justified in putting the district to the expense of an election at this time, especially as I have every confidence in the integrity of Mr. Hale, and also in view of the uncertainty as to the duration of the present municipal set-up.

Thanking you Mr. Editor, for your space.

Yours truly,
W. Lloyd Brown.

R. R. 3, Vermilion,
Jan. 18, 1959.
Editor, Vermilion Standard.
Dear Sir:

Your paper of the 15th contains a letter from an 'Old Timer' on which I would like to make a few comments. I can agree with the first part of the letter, thanking the people who started up this rendezvous, for time and money spent. Now the second part of the letter states that the building and land belongs to the Claysmore U.F.W.A. and that old timers have a right to use this building. This being so, who are these sponsors that we still seem to be beholden to, that it is up to us to please?

It is time I think that the old timers ran their cabin themselves without being instructed how to conduct themselves morally and to be told it is their duty to go to church. This is I think the limit. I am afraid I cannot please the sponsors so will not be able to use the cabin.

Yours sincerely,
Old Timer No. 2

MACLEOD'S

OBITUARY

Thomas Harrison Bothwell

Funeral services for [illegible] 82 [illegible] at the First United church, Vermilion, on Wednesday, January 14th at 2:00 o'clock in [illegible] afternoon. Interment followed in the Vermilion cemetery. The Rev. C. W. MacKay officiated and comforted the mourners with his [illegible] of faith. Two favorite hymns of the deceased "O God Our Help in Ages Past" and "What a Friend We Have in Jesus", were sung. Mrs. A. M. West played the organ.

The pallbearers were all old friends from the Islay district where Mr. Bothwell had lived for so many years, being Messrs. Edmund McFadyen, Ralph Anderson, John Maire, Ivan Inman, Gordon Gould and William McLean.

The members of the Masonic Order attended in a body and carried out their impressive ritual and service for their departed brother.

Mr. Bothwell was born at Dromore, near Durham in Grey County, Ontario, on Sept. 17th, 1876. He grew to manhood there on a farm but soon after the turn of the century heard the call of the West and came to Alberta in 1903. He spent a year at Edmonton and Old Vegreville before trekking eastward with a team of oxen, looking for a homestead. The trip from Vegreville to the land which he homesteaded, 3 miles north and one mile west of Islay, took a full week with the oxen. This was the first homestead filed on in the township, and was well before the days of the railroad.

In 1906 he returned east and [illegible]. He brought his bride west and the family home was on the Bothwell farm at Islay for over 52 years. In the fall of 1955 they retired from farming and purchased a home in Vermilion, where they had [illegible].

Left to mourn his passing are his loving wife, two daughters, Mrs. Ashley Cooper of Vermilion, and Mrs. Sidney Millward of Penticton, B.C., and two sons, Stewart at Matheson, Ont. and William of Regina. There are seven grandchildren and one great grandchild.

Moyers were in charge of the funeral arrangements.

Beautiful floral tributes were received from:

BOWTELL BULLETIN

We wish to extend our deepest sympathy to the Robinson family in their recent bereavement; to the Craig family on the passing of another of Vermilion's old timers, and to the Hawkes family on the passing of Mr Hawkes in Edmonton. The Hawkes family farmed some years ago in the Island Hill district. The Williams family journeyed to the city to attend the funeral.

Mr and Mrs. J Repp and family enjoyed supper at the home of Mr and Mrs O Repp on Jan. 22nd the occasion being their fourth wedding anniversary.

Mr and Mrs Freestone and family, Mr and Mrs Robinson and family, the Millar children enjoyed a turkey dinner and a skating party at the Williams home on Sunday.

The writer was pleased to receive a card from Logan Gow in California. He reported the temperature over 70 but they are badly in need of rain. Also received word from the Knutson family at the coast the grass is quite green there they state. Quite a difference to our cold weather here.

Mr and Mrs L. Sherwood of Wainwright enjoyed supper at the Robinson home on Tuesday. They then journeyed on to the former's sister and family to spend the night.

The writer was pleased to have Mr and Mrs B Wells and family, Mr and Mrs B Risdale and boys as guests for supper on Sunday.

Charlie Leeman was noticed journeying to Lloydminster for treatments on his back.

Due to not being present the writer is not able to give complete reports on the two following items. A shower which was held at the home of Mrs Don Harrison in honor of Miss S. Fenton. Despite the cold day a large number of ladies attended. [illegible] received some very lovely gifts and a delicious lunch was served to [illegible] an enjoyable afternoon. The other event was a housewarming in the form of a surprise party which was held in the home of Mr and Mrs [illegible] Morton on Tuesday when some 30 were present. Mr Fulton presented the family with a [illegible] as a gift from their friends and neighbors. Jack and Jean certainly have a nice home.

We were pleased to see Mrs A. Morrison looking so well after her recent operation. After spending a few days in our midst she returned to Edmonton on Monday.

We understand that wedding bells are to ring again in our district. We hear that George and William have been busy buying rings. Tell us more boys!

Act well at the moment and you have performed a good action for all eternity.

Retiring President Reviews Board Of Trade Activities for Past Year

The Standard proposes to publish the annual review of Board of Trade work as given by retiring president E. A. Locke, in installments.

PRESIDENT'S REPORT

"It is my privilege to give you the president's report covering the activities of the Board during the past year. I wish to thank each and everyone of you for the cooperation you have afforded me during my year in office and particularly the members of the Executive and of the various committees.

I would like to mention that during the past year we have had an Executive meeting in each of the months when the Board was not in recess except for the months of January and November. I understand from our secretary we have had more executive meetings this past year than in any previous year. I think this is a good thing in the interests of the Board at large. I wish to express my appreciation to the members of the Executive who so willingly attended these sessions.

Although the Board perhaps [illegible] one big thing during the past year we [illegible] had I believe a successful year from the view of a Board of Trade. Our town membership last year was slightly higher. The average attendance at the week's luncheons was above that of the previous year and the members have shown a keen interest in the work of the board and in all matters that came before us. This shows a continuity of effort in the work of our board which is being sustained each year so that as a body we are always ready and capable of discharging the purposes for which we exist, namely the well being and general good of the town and district.

Before I proceed further with this report I wish to again express on behalf of the Board, the sense of loss which I am sure you all experienced in the death of Mr Gerald Stephens who gave such outstanding service to this Board both as a member and as an officer of the Board.

During the past year Mr. Stephens, as Chairman of the Retail Committee, went to a great deal of trouble and spent a lot of time in the matter of a possible five-day week. As you know, he had ballots distributed among the business men as to what day they would favor closing if a five-day week should be established. I believe these ballots when gathered showed Monday closing was favoured, but in view of the fact that no definite opinion could be obtained from the nearby towns the matter was left in abeyance. I do not know whether the incoming Executive proposes to take this matter up again or not.

MEMBERSHIP FEES

At its first meeting in February the Executive increased the membership fees. This was done because the Financial Statement for 1957 showed an operating deficit of $[illegible]. It was felt that even with the Town Grant the Board must increase its membership fees in order to keep out of the red. I am glad to note this year there is a small credit balance after re-transferring to reserve the sum of $30[illegible] which we had to take out of reserve last year and even then we had a deficit of $360.00.

I understand that on the whole the members have not objected to the increase except in a few cases. Personally, I do not think there should be any objection because I believe that our membership fees in comparison to other towns of this size are low.

HIGHWAY 41

The continuation of Highway 41 to Medicine Hat is a matter of prime importance to this town and has been for some time. Mr Cliff McCormick, Chairman of the Roads Committee has been very active in promoting the rebuilding of this highway. He and Mr E. M. Stewart, Chairman of a Special Committee consisting of representatives from other interested towns, and Mr R. Mitchell and Mr George Webb attended a very enthusiastic meeting of the Highway 41 Elk Point-Medicine Hat Association held at Cereal, Alberta on the 6th of November, called for the purpose of promoting this extension to Medicine Hat.

After this meeting, through the good offices of Mr Ashley Cooper, an appointment was arranged with the Honorable Mr Gordon E. Taylor, Minister of Highways, for a delegation consisting of representatives from all interested towns to attend upon him in Edmonton on Jan. 5. Mr. Stewart prepared an excellent brief which was presented to the Minister by Mr Stewart. Mr. Taylor received the delegation in a very courteous and cooperative manner. We hope good results will follow. In addition to Mr McCormick and Mr Stewart, several other members of our Board attended with this delegation.

PUBLICITY

To publicize the town of Vermilion, the Board last year subscribed to a page of publicity in the Edmonton Journal at a cost of $175.00. We also arranged with the Canadian Chamber of Commerce to put on at Vermilion in November a Regional Conference with the Boards of Trade from the surrounding towns called a "Board of Trade Workshop." This "Workshop" in addition to being instructive was excellent publicity for Vermilion. The function was very capably handled by a special committee consisting of Mr I. Miller Chairman, and Mr A. J. Champion. Last February delegates from our Board Mr Mervyn Hill and Mr Roy Watkins attended a similar "Workshop" at the town of St Paul.

PROVINCIAL PARK

At our executive meeting on June 18, we passed a resolution to promote the publicizing of the Provincial Park and Lake by means of a brochure or pamphlets. However it was considered at that time too late to do anything along that line during 1958. The matter was left to be taken up early this year by the new executive. In this connection the president pursuant to a resolution of the Board appointed a committee of three to promote publicity for the Provincial park and lake and to assist in any way possible the permanent local park board. Your president appointed on this committee chairman Mr R. Mitchell together with Dr A. B. King and Mr Gerry Simpson. I feel that the Provincial Park and Lake is a very great asset to this town to attract not only tourists but people from the surrounding district and I suggest the matter of publicity in this direction should be pursued with diligence during the coming year."

(To be continued)

Esteemed Citizen Honored On 80th Birthday

Over forty guests surprised Mr. Peter Jensen at his home Saturday afternoon to help celebrate his 80th birthday. They showered him with many gifts and good wishes. Mrs. Jensen entertained the group with some humorous readings and reminiscences of his past. A big birthday cake was lighted by two grand nephews while everyone sang "Happy Birthday".

This enjoyable occasion ended with a bountiful lunch.

"Golden thoughts come stealing
Down your memory lane today,
As on this year's milestone
You linger on your way.
And as a curtain lifted
The past is brought to view,
The happy days and hours
Which long ago you knew.
But deeper far the yearning
Of friends you've known so long
Whose friendship will never fade,
As the years still roll along."

Mr Frank Eyben acknowledges with thanks the floral tribute in memory of the late Mrs Eyben from Albert and Eleanor Cleland, and a memorial donation to the S.P.C.A. from Mr and Mrs. F. Richardson.

CARD OF THANKS

I wish to acknowledge the interest and kindness of the doctors, matron and staff of the Vermilion hospital for their excellent care during my illness. Also sincere thanks to my many friends for their acts of kindness, cards and gifts; and for the help and thoughtfulness shown to my wife while I was in the hospital.

1959 Baby Derby Now Completed

The annual New Years baby derby conducted by Clendenning's Family Wear has been completed with the announcement of new arrivals at the Myrnam and Islay hospitals this week. Winners at Mannville and Vermilion had previously been announced.

The first baby to be born at the Myrnam hospital in 1959 is little Miss Lucille Trachuk, the daughter of Mr and Mrs Steve Trachuk of Derwent, who was born on Jan 20.

At Islay the proud parents are Mr. and Mrs. Robert Walker of Dewberry to whom a daughter was born on Jan 28. This is the second time that Mr and Mrs Walker have won this prize being the winners in 1957.

It is interesting to note that no home town residents won the prize for their respective hospital. In Vermilion the prize went to Mr and Mrs Lawrence [illegible] of Islay, at Mannville the first baby was born to Mr and Mrs Ray Flewell of [illegible]. Derwent parents were the [illegible] winners at Myrnam and Dewberry at the Islay hospital.

Masons Farewell "Bill" Anderson

Members of the Vermilion Masonic Lodge gathered together on Wednesday evening to bid adieu to a departing member W. K. "Bill" Anderson. Mr Anderson had a long career in Masonry before coming to Vermilion and since coming here has been very interested in Lodge work, serving the last year as secretary.

The farewell took the form of a dinner in the [illegible] Cafe. Worshipful Master of the Lodge Wm. Dixon presented Mr Anderson with a Masonic [illegible] at the same time expressing the regrets of the Lodge that he was leaving Vermilion.

In reply Bill stated that the nearly seven years which he and Mrs Anderson spent here have been the happiest years of their lives. He told of his new business on 118th avenue called the Highlands Grocery and Meat. This was right on the way into Edmonton when going through Beverly and he issued an invitation to each and every one to stop for a cup of coffee when visiting the city.

25th Wedding Anniversary Is Marked by Enjoyable Gathering

The beautiful home of Mr and Mrs. Manson Barr was the scene of a delightful gathering Sunday afternoon and evening Jan 25th, when Mr and Mrs. Barr were "at home" to their friends and neighbors, the event being their 25th wedding anniversary.

Their family of six children were all present with the exception of the eldest, Miss Marion Barr, R.N., who went to New Zealand in October and is now a member of the staff of Brightside hospital, Auckland, N. Z. From Edmonton came Bob who is livestock clerk with the Edmonton Exhibition Association and from Westlock, Miss Hazel, a member of the teaching staff there. Greetings from Marion were received during the day accompanied by beautiful flowers for the occasion.

The guests were treated to a delicious dinner of turkey with all the trimmings. The table was laid with a lovely white linen cloth of Madeira embroidery centred with the anniversary cake which was iced and prettily decorated by Keith, Louise and John Barr and flanked on either side with crystal vases of red carnations. Silver and crystal bowls of spring flowers graced the home. The table service was very capably managed by the members of the family, Bob, Hazel, Keith, Louise and John.

In charge of the tea and coffee urns were Mrs James Barr, Mrs Clarence Barr, Mrs Jack Tucker and Mrs Dale Williams. Others assisting were Mrs Joe Hart, Mrs Stewart Barr, Miss Betty Robinson, Mrs Roy Williams, Mrs John Bauer and Mrs Lyle Robinson. Master John Barr was in charge of the guest book.

Well nigh one hundred guests called to greet this popular couple and wish them many more years of happiness. The high esteem in which they are held in the community was also expressed in the lovely gifts received and which will be treasured by them in memory of this joyful event.

Mr and Mrs. Barr sincerely thank all those who so kindly made this a most enjoyable day never to be forgotten.

HAVE FUN!
By Lil Wood

Deep in the African jungle two cannibals were wending their way — a mother and her youngster. Suddenly there was a frightening noise in the sky and the child ran to his mother for protection.

"Ooh Mummy, what's that?" he whimpered. "It's all right, dear" said the mother, looking up through the trees. "It's just an airplane."

"Airplane? What's that?"

"It's a little like lobster. There's an awful lot you have to throw away, but the insides are delicious!"

Senator, do you think that, by raising the salaries of members of Congress, the country would get better men to serve?"

At a Chicago night club where Joe E. Lewis was appearing, a guest at a ringside table offered the comedian a bunch of choice grapes. "No, sir," said Lewis. "You don't catch me taking my wine in pills."

the Snapshot Guild

Taking snapshots is always fun but especially when a jolly party is out for a sleigh ride or some other winter activity.

If Santa Brought a Camera You're in for Lots of Fun

Santa Claus was especially good to those who received a camera outfit at Christmas for it means they will have lots of fun taking pictures, and, of course, enjoying the results.

Thanks to today's "aim-and-shoot" cameras, anyone can become a good snapshooter. The problems that were perhaps perplexing a few years ago have vanished. No longer is there any mystery attached to amateur photography.

Just think what it means to always have a camera ready and at hand to snap the unexpected — something interesting or unusual that the children are doing; the snowman they have made; fun at the rink — and a hundred other winter activities.

Then there's the coming of spring and summer with motor trips, family picnics and the summer vacation. What fun to have a picture record that will help you to remember all these good times. Now that even the inexpensive cameras have flash attachments, snapshooting is no longer confined to outdoors and daylight. The snapshot you want can be yours anywhere, anytime.

If your Christmas camera is your first, it's a good idea to practice with it before using film. Aim it at different objects and scenes to get used to using the view-finder, because what you see there is what you'll get. Practice holding the camera firmly. Take a firm stance and keep your elbows tight-close to your sides. Do not stand closer than five feet to the person or object you are photographing. Then, when you are all set, press the shutter release gently, not with a quick jerk.

And that's all there is to it. Just a few simple rules that will help you to get good, clear snapshots. So load up and fire away and soon you will realize the joy that comes from having your own camera and being able to take snapshots whenever you like. Read again the instructions that came with your camera and be sure to heed the advice that comes with each roll of film.

Do that, and a world of picture-taking is yours.

EFFICIENT FEEDING AND LIVESTOCK MANAGEMENT

By Dr. Gustav Bohstedt
Emeritus Professor of Animal Husbandry
University of Wisconsin

Salt Is Essential In Body Processes

Salt is vital to all living creatures and its two elements, sodium and chlorine, serve several purposes in life processes.

Recognizing the human requirement for salt the Illinois State Medical Society's Committee on Nutrition issued an emphatic warning against the fad for self-imposed "salt-free," "salt-[redacted]" or "low-[redacted]" diets. The warning states that sodium is vital to the life of [redacted] cell in [redacted] body and [redacted] chlorine is also required for health. For instance, an adequate supply of chlorine permits the body to manufacture hydrochloric acid, a component of the gastric juice which is necessary to digestion.

Dr. Bohstedt

The medical warning concludes: don't go on a low-salt diet unless ordered to do so by a physician.

Of course your dairy cows, your swine, sheep or steers are not liable to go on a low-salt diet to slenderize, or in the belief that the diet will lower their blood pressure. However, if they are not fed their full requirement of salt their health will suffer and you will lose milk, meat and wool as a result of their lowered efficiency.

Health, growth, production, work and life [redacted] depend on the presence of [redacted]. Your ani[redacted] blood, for [redacted], con[redacted] salt [redacted] other minerals combined.

Nature knew what she was [redacted] when she put so much [redacted] and [redacted] into this [redacted] circulating [redacted] of the [redacted]. She [redacted] salt con[redacted] the [redacted] of the [redacted] by regulating the [redacted] of the cell walls, and that sodium takes part in respiration during every single breath. It is the sodium bicarbonate of the blood that carries the carbon dioxide out of the system.

While the chlorine from the body's salt supply goes to forming the hydrochloric acid of the digestive juices, th[redacted] becomes part of the [redacted] is as necessary for digestion.

There are other ramifications of the functions of salt in the body processes but it should suffice to point to its essentiality in the three basic body activities: blood circulation, respiration and digestion.

It sometimes seems that the animals know their need for salt better than the farmer because when it is available they eat only what they need and when it is not available they search for it and go to great lengths to obtain it.

Question: Is it better to feed concentrates separately or on top of silage? What are the merits for the two systems?

Answer: I don't believe this question has been put to a critical test. But from observations of ruminants that were slaughtered immediately after being fed or watered, the solids and liquids are not channeled quantitatively to any particular part of the compound stomach. They are apt to be splashed over the contents of more than one stomach. The roughage or coarse part of the ration does of course go directly to the paunch to be later regurgitated to the mouth for further chewing and then swallowed. Most entrapped grain has previously been washed rearward to the true stomach and the intestines. So it seems that whether grain is fed separately as in a milking parlor, or is fed on top of silage, it will ultimately be digested regardless.

Money for Vancouver

Vancouver real estate could get a new infusion of hundreds of millions of dollars in U.K. capital, says The Financial Post. A major organization, already active in other Vancouver lines, is quietly assembling a number of small local companies as a step toward direct entry into real estate.

Pioneer Merchant, Soldier, Col. Craig Passes in 75th Year

Back in 1932 when depression construction was almost nil and the immediate business outlook was black, a firm by the name of Craig Bros., seeing a future in North Battleford, constructed North Battleford's largest department store. The driving force behind Craig's success story in North Battleford died in that city at Notre Dame Hospital on Saturday, January 17. His name: Col. William Cauldwell Craig.

Back when the West was young two brothers had a dream. After working for an uncle at Olds, Alberta, John and Chum Craig decided to go into business for themselves in Vermilion. [redacted] decision was made after the two brothers had bought a ranch near that Alberta village. Money was scarce but ambition was high.

Col. Craig loved to tell the story of how he was sent East to get stock for the new store. It was a simple story. Vermilion would be a divisional point on the new Canadian Northern Railway and every manufacturer he visited had a map of the new west hanging on the wall. He simply had to point to the location and wholesalers and manufacturers who had dealt with other members of his family were willing to give the two brothers the credit they needed.

Today Craig stores are located in Vermilion, North Battleford and Prince Albert (where the company owns two stores). Col. Craig was vice-president of [redacted] entire organization, while his elder brother John at Prince Albert was president.

Down in Leeds Village, Quebec, where Chum Craig was born he started out life with the name "Willy." That is the name the Rt. Hon. Louis St. Laurent, former Prime Minister called him, for the two boys grew up in the same town at the same time.

Col. Craig was born in 1883. He came west to Olds in 1902. Moved with his brother to Vermilion in 1905 to establish Craig Bros.

During World War 1 he saw extensive military service. In 1914 he won his commission with the militia, enlisted when war was declared and went overseas with the Third Canadian Mounted Rifles as a lieutenant. Wounded overseas he was sent back to Canada and in 1916 organized the 194th Battalion in the Vermilion and Edmonton districts, a force which he led overseas as their commanding officer.

In 1923 he opened a new branch of the company at Turtleford. [redacted] years later he moved to North Battleford where the company bought Pickel and [redacted]. In 1932 the company purchased its present property and erected its present modern store.

Col. Craig was always interested in community affairs. He was the first secretary-treasurer of the Vermilion Board of Trade, past president of the North Battleford Board of Trade, took active roles in the Vermilion, Turtleford and North Battleford agricultural societies. He was a prominent Mason and a member of the North Battleford Rotary Club.

As a pioneer merchant he helped to build the community we enjoy today, Rev. W. McGregor said at his funeral service held from St. Paul's Anglican Church, North Battleford on Tuesday afternoon. The church was packed by city and district residents paying their last respects to the widely known merchant.

The Sallows and Boyd Funeral Home were in charge of arrangements. Burial took place at the North Battleford cemetery.

Col. Craig leaves to mourn his loss, four sisters: Miss G. Craig and Mrs. Albert West of Vermilion, Mrs. J. M. Duncan of Edmonton and Mrs. Ernest Reynolds of Brantford, Ontario. He also leaves two brothers, John M. Craig of Prince Albert and Richard Craig of Sarnia.

Honorary pallbearers included Ariel F. Sallows, T. Sawyer, Dr. Scratch, Bob Marshall, C. Greener, Walter Hicks, Senator Horner, Oliver Johnson, N. W. Symonds, Dr. Wm. Nikiforuk, S. Yakabowski and George J. McLean.

Active bearers included Rod Rowe, Spence Bassingthwaite, Jim Maher, Irwin McIntosh, Elmer Wilkie and Gordon Arnold.

News from Dewberry

Congratulations to Mr. [redacted] Mrs. Eugene Maltais who were married in Edmonton recently.

Mr. and Mrs. Neil Jones motored to Edmonton on Jan. 24 and had the pleasure of seeing Jimmy play for the University Golden Bears.

Mrs. Betty Heinz of Wetaskiwin spent a ten day vacation with her parents, Mr. and Mrs. George Ewan.

The John Deere show which was held in the school auditorium was very well attended, about 330 being present. The films shown were very interesting, some showing the John Deere machinery being made and displaying their work. The funnies that were shown drew a lot of laughs, especially the one showing the Scot in his kilt which was enjoyed not only by the Scottish people present but by all.

Mrs. Christine Honey won the ladies' door prize of an electric iron and the electric razor was won by Mr. Walter Parker. Lunch was served at the garage.

Curling, hockey meetings and cold weather combined, resulted in a smaller crowd than usual at the bingo on the 21st of Jan. Twelve prizes of $3.00 were won by Bob Hansen, Kay Rainey, Donna Fleming, Richard Parker, Mrs. Ralph Lunden, Mrs. John Maltais, John Fleming, Mrs. Jack Rainey, John McDowal, Mick McGuire and two prizes by Mrs. George Lumley. The black out of $15.00 was won by Richard Parker. Seven numbers were called for the $20.00 jackpot and as no one called bingo, eight numbers will be called on the next bingo and [redacted] jackpot will then be worth $25.00. Remember the date of the next bingo, February 18. The prizes will be good with a grand prize for the blackout.

On Christmas eve James Munroe flew with Mr. McPhail of McPhail Airlines to get the plane that had been lost north of Buffalo Narrows, Sask. with two men aboard. As the plane was partly wrecked they took along spare skis, some gas and other vital parts. They left North Battleford at 6:30 a.m., repaired the plane and returned with it all the same day. They flew through rain, snow and wind and landed in the dark at Meadow Lake, Sask. Jimmy really enjoyed the experience.

On Saturday, December 27, Jimmy flew to Vermilion as he had business to attend to there. He flew his other home from Islay and landed in a field behind the house. Mrs. Munro says it is much more pleasant landing with skis. It's not so bumpy. I haven't experienced that myself but hope to someday.

Terry and Robert Cooke of Edmonton were visiting Dewberry during the week end of January 23.

People who are too proud to ask for favors don't get many.

'The Bible Today'

A British entomologist who was engaged with the Australian forces during the second world war has recently written a travel book. In it he describes what he found in the island of New Guinea when he visited the headquarters of the Christian Missions there. Without any bias he points out the obvious benefits Christianity has brought to this great dark island.

The story of Christianity in New Guinea is also the story of the Bible Society. Almost all the growing literacy on the island has been the work of teachers and missionaries and translators, and the natives prize above all their possessions this Book which has brought them such light. About 15 dialects in New Guinea now have some part of the scriptures, which are read and re-read in the villages and market places, and homes of the people by trained native teachers and evangelists.

Suggested readings for next week:

Sunday, Feb. 1 — Luke 20: 19-26
Monday, Feb. 2 — John 8: 43-59
Tuesday, Feb. 3 — John 9: 1-17
Wednesday, Feb. 4 — John 9: 18-41
Thursday, Feb. 5 — John 10: 1-18
Friday, Feb. 6 John — 10: 19-42
Saturday, Feb. 7 — Genesis 3: 1-24.

Rev. C. W. MacKay Guest Speaker At Regular Home & School Meeting

The regular monthly meeting of the Vermilion Home & School Association was held on Tuesday, Jan. 27th in the west end brick school.

Owing to illness, the president, Mr. A. Palin was unable to attend and Mr. Ralph Wilson conducted the meeting in a capable manner.

Guest speaker for the evening was Rev. C. MacKay, whose topic was "Parental Relationship in the Home". Main ideas were broken into three phases:

1. Parental example.
2. Solidarity in the home concerning common interests, feelings and purposes.
3. Freedom in the home, which Rev. MacKay summed up very neatly and briefly — "To teach our child 'to grow and go' and 'to guide them to be the best person they can be by themselves', to set the child free to a larger world to include beyond our own."

Mr. Stewart's room won the shield for attendance for the second successive time and the H & S is providing both class and teacher with a treat as a reward.

This meeting was "Fathers' Night" and it was gratifying to see many new male faces in attendance. Proceedings were concluded by the serving of a tasty lunch.

Next meeting, Tuesday Feb. 24th at 8 p.m. at the same place, the west end brick school, with all parents and interested parties requested to attend.

Real Progress Reported at Annual Meeting Mannville United Church

MANNVILLE. — The annual meeting of McQueen Memorial United Church of Mannville was held in the church social rooms at 8:15 on Wednesday, Jan. 21st. This was the first annual meeting to be held in the new church which is now almost one year old. Rev. Ian Holter, acting chairman, opened the meeting with a hymn and a prayer. The nominating committee reported that all retiring members of the board of stewards had agreed to stand for re-election. The board of stewards consists of Arthur Baker, Ross Leitch, Mrs May Proudfoot, Ross Ewing, Ralph Rudd, Percy Sloan, Oliver Willes, Morris Smith and Mrs Marion Doherty. Mr. Neil McKinnon is an honorary member. The session is composed of Mrs. Lily Colborne, Roy Hay, Mrs. Archie Hubbard, Norman Crooks and Edward Sloan. Ivan Smith is honorary member. Reports were given by all branches of the church, the W.A., the Hi-C, the CGIT, the Explorers, Mission Band, Sunday School, Stewards, Session and the Memorial fund.

All youth group meetings are held in the social rooms with excellent attendance. The Sunday school showed a large increase in enrollment. The Hi-C's have thirty members and the other groups are active as well as large.

Warm thanks were offered to workers in all branches of church life. Progress last year was very commendable and McQueen Memorial United Church looks forward to a good year in 1959.

Film On Contract Farming Shown To School of Agriculture Students

A special screening of one of the latest National Film Board productions was arranged at the School of Agriculture last Thursday by Mr. Buckingham, D. A., and Mr Palin, Principal, V. S. A., through Mr J. M. Bell, Film Board district representative. The film which was televised recently on the Sunday afternoon series, Farm Calendar is entitled "Revolution on the Land" and it deals factually with recent trends in agriculture currently referred to as contract farming or vertical integration. The relationships between hatcheries, feed producers, the packing and processing industries and the contracting farmer gives an illustration of the application of this type of farming to the poultry business, and representatives of national farm organizations, packing plants, and co-operatives assess its development to date and discuss some of the probable far-reaching effects of this trend on the economic and social life of the farm people of the country.

Those viewing the film expressed the opinion that it would be widely used for agricultural short courses and as a basis of discussion for farm groups wherever they meet. Mr. Bell states that a good number of prints of this film will be available shortly from the regular film libraries, Provincial Department of Agriculture, the central offices of farm organizations and co-operative associations.

Dewberry 4-H Beef Club Plans Program For Year

The January meeting of the Dewberry 4-H Beef Club, held recently, was opened with the pledge.

Rotary Club Hears Entrancing Story of Switzerland

The Rotary Club on Friday listened to a fine address by a gentleman from Switzerland by name of Anton R. Lendi. Mr Lendi told of the history, the people, the languages and the scenery of that small but important country in central Europe.

Mr. Lendi spoke at some length about the Red Cross. This organization was started in 1864 through the efforts of J. H. Dunant, a Swiss. The Red Cross symbol, a red cross on a white background is actually the Swiss flag with the colors reversed.

During the evening, Mr Lendi showed a colored film entitled "Switzerland, Paradise on Earth" at St. Saviour's parish hall.

Rev. Chauncey MacKay introduced the speaker and Gil Rampling thanked him for an outstanding lecture on Switzerland.

President Jim Robson was in the chair. George Webb introduced his son Lawrence and Jim Rogers who is visiting in town for a short time.

Rotary joins with other organizations throughout Canada next Sunday in National Health Week. All citizens of Canada are urged to do something about it. Canada needs healthy men, women and children.

OBITUARY

Interment was in Queen's Park Cemetery.

St. Paul Juveniles Defeat Bob Cats

In a fast, exciting game played here Wednesday night the St. Paul Juveniles came from behind a 5-5 count to eventually win 8 to 6. Standouts for the winners were Martin and Dachaine and Gordy. Martin (No. 3) who is a defenceman, gave an amazing display of stick handling and play making. He is a hard man to get to and to take the puck away from. Hard on his heels was Pete Dachain (No. 2), and Gordy (No. 9) who notched 3 counters. Other players scoring for St. Paul were Dachain 2, Martin 1, O'Neill 1 and Chomyc 1.

For Vermilion Manz notched 2, Dargatz, Schmidt, Alfke and Ron Hemmingway one each.

Twice in the game the Cats were out in front but couldn't quite manage to hold the edge.

Russell Carroll and Ed Mistal were in charge of the game.

Conservatives Out Of Olds Byelection

Only two candidates were nominated Monday for the Feb. 9th by-election in the provincial constituency of Olds. The two candidates are R. A. Macleod of Sundre, Social Credit, and Walter Anderson, Trochu, Liberal. Roy Yewell who had been chosen as Conservative candidate withdrew from the race.

It had been hoped that it would develop into a three-way test to serve as a preview for the general election expected this year.

There were only two candidates in the last provincial election in the Olds riding when the late Mr. Niddrie, Social Credit, was elected with 3161 votes. A. Boyce, Liberal, polled 2220 votes on that occasion.

Alexandra Socreds To Nominate April 8

G. S. Smallwood, M. P., Reports From Ottawa

This being my first report from parliament, I will take this opportunity to wish you all a prosperous year.

The throne speech has now been read and for the last four days we have been debating the speech, so it does not leave me very much material to report this week, but in the throne speech, of interest to my constituents, we find that there will be introduced a crop insurance plan which will be in co-operation with such provinces as so desire. We will also be considering revision of the farm credit legislation, and I can assure you that I will be very interested in trying to obtain more credit for the purchasing of land for the young farmers of our country.

Hoping that there will be more to report on in the near future.

Girls' Aux'ly Plans International Night

MANNVILLE. Members of the G.A. of the Anglican Church met at the home of their leader on Tuesday last, Jan. 20th with a fair attendance. The mission book was studied and notes taken re same, and decision was made in conjunction with this study, to hold an "International" pot luck supper. It is required that the girls meet with their parents and church family for an "International" night, so this gave the girls the idea of having the supper to acquaint them with dishes from other countries.

Mannville Girls Plan Cookie Sale

MANNVILLE. — At the meeting on Friday, Jan. 23, J.A. girls made plans for a future home made cookie sale, which will be delivered from door to door, and planned the dessert for the forthcoming pot luck supper, to be held by G. A. group. They will assist in planning food and setting tables. Two of these girls are at present standing second in the recent 'Search for Talent' at Mannville.

Pretty Wedding Solemnized At First United Church, Vermilion

A pretty wedding was solemnized in First United Church in Vermilion on Saturday, Jan. 17, 1959, when Teresa Janet, only daughter of Mr. and Mrs. Frank Vorel of Fort St. John, B. C., became the bride of Mr. Wilton Alexander McLean, eldest son of Mr. and Mrs. Colin McLean of Koknee, Alberta.

Rev. C. W. MacKay officiated at the ceremony and Mrs. Roebuck presided at the organ.

The bride entered the church for the double ring ceremony, on the arm of her father.

The bride wore a light green suit of wool and carried a cascade bouquet of red roses, buds, and lily of the valley and had a matching head band.

The first bridesmaid was Miss Kathleen Barber of Edmonton, and the second was Miss Leona Mathison of Koknee. They wore beige and green suits respectively and carried nosegays of yellow and mauve carnations with lily of the valley and wore head bands to match. Miss Jannette McLean, sister of the groom, carried a nosegay of yellow carnations and wore a matching head band, and acted as junior bridesmaid.

The groom was attended by his brother Raymond and Fred McGrath, with the bride's brother, Walter Vorel, acting as the junior groomsman.

An open reception was held in the Union Hall which had been beautifully decorated by Mr. and Mrs. Wes Funnell.

Mrs. A. Anderson was in charge of the reception and was assisted by Mrs. K. Nelson, Mrs. G. Roberts, Mrs. A. Garton and Mrs. W. Funnell, and others, having Merilyn Watt, Mary Nelson and Inez Anderson as serviteurs, managed everything very successfully. The bride's mother received in a navy blue crepe dress with white accessories and a corsage of white and red rose buds. The groom's mother chose a two piece black wool dress with a corsage of red rose buds.

A three-tiered wedding cake adorned the bride's table. About one hundred fifty guests sat down to a delicious lunch of sandwiches, cake, cookies etc., and punch. Mr. A. Anderson proposed a toast to the bride which was ably responded to by the groom.

Mr. Vorel and Mr. McLean thanked friends, neighbors and guests for their many efforts in making the wedding a success. Margaret Nelson ably attended the guest book.

After lunch Mr. and Mrs. W. Funnell and Mr. Charlie Skinner entertained by singing several selections while the bride and groom opened their many gifts.

Out-of-town guests were Mrs. O'Grady of Winter, Sask.; Mr. and Mrs. Lin McLean, Rutland, Saskatchewan; Mr. and Mrs. C. Skinner, Stony Plain; Mr. and Mrs. J. Buell and family, Lloydminster; Mr. and Mrs. P. Staal, Camrose, Alta.; Gilman Omoth, Camrose, Mr. and Mrs. J. Omoth and family of Ohaton. Mr. and Mrs. C. Omoth of Ohaton.

A lively wedding dance in the evening completed the day, with the Melody Ranchers' orchestra supplying the music.

745 At Mannville Search for Talent

MANNVILLE. ACT and CFRN presented Search for Talent to a crowd of 745 in the high school gym on Saturday, Jan. 17th. As Producer Jack Dennistoun introduced Tony Bismonte who was the M.C. of the show Mannville artists were on the air. With fifteen contestants the trend seemed to be western, as they performed.

Standing of contestants at the end of the show was and is at time of going to press, according to word received from CFRN as follows:

First place — Dean Jacula, Vermilion; 2nd Dawn Kreller and Gail Mercer, Mannville; 3rd, Jim Scott, Mannville; 4th the Weaver Family.

Thanks were moved to Mrs Edith Johnstone, who took entries for the show and who makes necessary arrangements for the groups to have supper after the show. This year they went to the Mannville Hotel Coffee shop, where a sumptuous repast awaited them.

Will He Live Happily Ever After?

Once upon a time there was a little boy called Francis. He was six years old but didn't go to school like the other boys and girls. He was too sick so he stayed at home all day and watched the other children at play.

'Home' for Francis was a primitive emergency camp outside Paris, not too far removed from the renowned tourist attractions. This child did not even enjoy the luxury of having the minimum of essentials necessary for decent living let alone the vital protection of health. Tourists visiting this gay capital usually see only what the guide books indicate. They see and know nothing of the misery and heartbreak that lurk beneath the glitter.

It is well known that Paris is the land of gourmets. Its restaurants are too numerous and famous to mention. But this child knew nothing about good food. His single daily meal consisted of dandelion greens and some rice as there was no father to work and provide him with the necessary three meals a day or warm clothes.

One day when Francis was sitting and wishing he were well enough to join his playmates a fairy godmother came and took him to a land where all little children become healthy after a time. Francis gradually regained his strength and got well too. The fairy godmother was called Foster Parents' Plan, the wonderful land was La Petite [illegible] the Children's Rest Home in Brussels, Belgium. The first month he was there he gained 8 pounds. He slept for the first time in his six years in a real bed with clean sheets and pillows.

Francis is just one of the hundreds of children who are TB ridden and undernourished and who find their way to Foster Parents Plan's International Colony each year.

Foster Parents' Plan, Montreal is the relief organization through which groups and individuals in North America financially adopt needy boys and girls in Europe, Korea and Viet Nam. Over the past twenty-one years [illegible] helped children overseas through Plan.

The children who come to the International Colony are selected according to need by Plan Directors in each of the five European countries, Belgium, France, Italy, Greece and Germany where the organization works. During their three months at the Colony, the children attend school near the Colony, learn each other's languages, games and songs, and gain strength to withstand their harsh lives back home and the courage to strive for the better things in life they see at the International Colony.

Plan needs your help. It costs one dollar to feed Francis and his friends for a day. Fifty cents will provide him with vitamins and medicine for a month. Write today to Foster Parents Plan, Inc., P. O. Box 65, Station 'B', Montreal, Quebec. All information will be given to you.

Atomic Shelter

An Ontario housebuilder is offering an atomic air raid shelter as a $1,500 'extra' on his homes, reports Leonard Bertin in The Financial Post.

The shelter is built of reinforced concrete with a steel door and provision for air filtering. It is designed to give a family of four a habitable living quarters for several weeks of complete isolation from a blasted and contaminated world outside.

By the end of that period natural processes of radioactive decay should have reduced hazards to an acceptable level.

DEWBERRY. — On Jan. 16th the V.S.A. played Dewberry in the Dewberry gym at 7 p.m. Both the V.S.A. girls and boys won their games with the girls having to play overtime. The score of their game was 25-24 with Shirley Elliott scoring 6 points, Sharon Braithwaite 4, Karen Farburg 4, Doreen Putnam 6, and Joanne Gray 4 for Dewberry while V.S.A.'s scorers were Faye Paradis 4 points, Judy MacDonald 4, Laurie Ann Campbell 2, Ghislane Ouiette 3 and Ireny Zellweger 12. The boys' score was 43-16 for V.S.A. with the college scorers being Chateau 15, Davis 9, Stonhocker 9, Holmlund 8, Rebus 2. For Dewberry Fred Rainey 3, Dale Sweet 2, Ron McAfee and Billy Bakala four each and Gerry Marie 2.

The next game Dewberry will play will be in P.V. on Jan. 30.

NEWS from ALLANDALE

The weather has been cold, then a little warmer, and more cold just regular winter time.

Mrs Nora Romaghan of Islay accompanied her son Jimmy to the city on Jan. 12th for further medical care. While in the city she was with her niece Della at the Walsh home.

Ten of the Allandale folk gathered on the afternoon of Jan 12th at the Community centre and now it's spic and span all scrubbed up for further gatherings.

On the evening of Jan. 14 the menfolk made tables and chairs for use at the centre. The work was done at the hall.

Congratulations to Mr. and Mrs Allen Russell (nee June Johnson) of Red Deer on the birth of a son on Dec 28. Mrs Dorothy Johnson is with her daughter June and son-in-law Allen.

On January 17, Mr and Mrs. Idelore Nelson motored to Ferguson Flats. Mrs. Nelson will be staying with her mother Mrs. Ocherman for a time. Idelore returned home the same day.

T V. in the district at the Jimmy Armstrong home is on trial for the time being, the reception is fairly good. To the north, the Teddy Christman family have had a T V set for some time.

Mr John Arnold celebrated his 75th birthday on Jan 18. May you enjoy many many more such happy birthdays! John is an old timer of the district, is hale and hearty and still enjoys cutting and sawing his wood by hand.

The weather was fairly warm for the party at the school on Jan. 16. Prizes that night went to Mrs. V. Armstrong, Keith David, E. Omness. The last prize was tranferred to our little hero, Billie McPhee for making our 4th player at the 8th table (A box of maple buds!) Men's prizes were won by Idelore Nelson, Joe Parchewski and Philip Taylor.

The monthly meeting of the Allandale W A. was held at the home of Mrs. McPhee. A discussion took place regarding the year's program which was very satisfying. The February meeting (in the evening) will be at the Alvin Throndson home. Mrs E McPhee and Mrs. E. Omness are to bring the lunch.

Our deepest sympathy to Mrs Bothwell and the family on the loss of a dear husband and father. Truly a pioneer of the west. "Death has left a loneliness no one can ever fill."

Miss Deanna Currie from Vermilion spent the week end of Jan 17 at the McPhee home. Company at the McPhee's on the Sunday were the John Starko family and Robert Parker from Dewberry.

On January 18, Norman McPhee from Pelican Lake was taken to the Vermilion hospital and a speedy recovery from all of us out this way is extended to him.

Mr and Mrs. Fred Dowse well known in the district and who has been a resident of Nanaimo, B. C. for some years, is 85 years old. Mrs. John Arnold had news of them.

On January 18, Mr and Mrs. Albert Baldwin and daughter Vivian from Claysmore were visitors at their son's home, Mr. and Mrs. Bruce Baldwin and family at the Jack Cross farm.

On Sunday, Jan. 18, Mr. and Mrs. John Arnold received a phone call from daughter Agnes, Bud Childress and family of Nelson, B.C. "Happy Birthday" to dad. The call was very clear and distinct.

The Women's World Day of Prayer will be observed at the Clandonald United church Feb. 13th at 3:45 p.m.

On the evening of Jan. 23rd the Princess Anne W.I. had their whist party at the home of Mr and Mrs. Ort Strome. The prizes were won by: Ladies - Mrs. Evelyn Throndson, Ort Strome, Mother McCambridge, and Mrs. Grace Stewart. Men — Lloyd Sadownik, Steve Sadownik, Geo. Richardson and Allan Good. It was a pleasure to attend the party at Ort and Jessie's in their lovely new modern home.

Closing thought: "Remember that if the opportunities for great deeds should never come, the opportunity for good deeds is renewed every day. The thing for us to long for is the goodness, not the glory."

MARWAYNE

There were nine tables for crib and seven for whist at the Home and School card party on Friday, Jan. 23rd. Crib winners were: high, Mrs Bell and Mr. Earl Gray; low Mrs. Elliot and Mr C Sinclair. Whist, Mrs. Peck, Mrs H. Hutchinson as a gentleman; low Mrs. Golightly, Mr W Giles. Please take note the next card party will be held on Thursday Feb 12th.

Miss Marjorie Currie of Kelowna, B.C., is visiting at the home of her uncle Mr. C Currie and other relatives in the district.

Mr and Mrs. R. A Sonley left for Edmonton on Wednesday where Mrs Sonley will enter the University hospital for a second eye operation and Mr Sonley will visit at the home of his daughter and son-in-law Mr and Mrs C Brown.

Congratulations go to Mr and Mrs W Greig on the birth of a son in December and to Mr and Mrs. Ray Flewell on the birth of their New Year baby son in the hospital at [illegible]. [illegible] Decil is back [illegible] but still confined to a wheel chair. Mrs. Holmes is making a good recovery.

Mr W Kvill narrowly escaped serious injury last Saturday while cutting feed. He slipped and struck his head being saved only by his heavy winter cap throwing the bolt.

The W.A. of the United Church will hold their meeting one week earlier than usual, Friday, Feb. 6th at the home of Mrs. Rea.

World Day of Prayer service for women will be held in the United church on Friday, Feb. 13th at 3 p.m. Women of all denominations are cordially invited to attend.

In high school basketball on Friday, Jan 16th results were: Marwayne girls 14, Kitscoty 11; Kitscoty boys 14, Marwayne 10.

The Senior hockey team defeated Indian Creek twice this week in games played Sunday and Wednesday.

The Pee Wee hockey team defeated Kitscoty by the score of 5 to 0 in a game played on Sunday afternoon in Kitscoty.

A hockey tournament will be held in Marwayne on Saturday, Feb. 7th.

The Anglican Church W. A. will hold a 'Pancake' supper on Shrove Tuesday, Feb. 10th from 5:30 to 7:00 p.m. in the Elks hall.

Remember the bake sale sponsored by the Altar Society in Mr Elliot's office Saturday, Jan. 31st, 2 to 5 p.m. Home made bread will be featured.

OUR LETTER FROM EDMONTON

Alberta Bright Spot; Economic Recovery Gaining Momentum

by KEN MASON

EDMONTON — Look for an upswing in Alberta's economy during the coming year.

That's the advice of the Alberta bureau of statistics, which has issued its annual review of business conditions. It is based on a study of conditions in 1958, coupled with probable developments during the coming 12 months.

According to the bureau, business activity in Alberta was well past the low point in the recession by the end of 1958, and since midsummer the economic recovery has been gaining momentum.

Some sectors of the economy were remarkably buoyant in a year which has gone into the record books as a recession year. For example, construction activity reached an all-time high. Building permits issued by the ten cities in Alberta were worth almost $200,000,000. Permits issued by other municipalities totalled more than $90,000,000.

OIL PRODUCTION DARK SPOT

Oil production continued to be a dark spot in the otherwise bright economic picture. Crude oil output dropped to 112,300,000 barrels in 1958 from 137,492,316 in 1957, mostly due to a decline in shipments to the U. S.

But the bureau noted that 1958 oil well drilling activity had increased over 1957 and crude oil production at the end of the year appeared to be increasing substantially once again.

GAS OUTPUT INCREASES

Production of all other minerals was up for the year, and natural gas output increased to 243 trillion cubic feet from 188 trillion a year earlier.

"Particularly significant is the underlying stability in all industries in a so-called recession year," says the bureau.

GRAIN GROWERS FEEL PINCH

Farm cash income was about $44,000,000 ahead of last year. Although grain earnings were way down, indicating farmers who rely wholly or mostly on grain were feeling the pinch, the drop was more than offset by increases in livestock income.

Gross value of manufacturing during the year was estimated at $808,000,000, an increase of $46,000,000 over 1957. Increases were due to both greater production by established firms and new firms starting production.

Total retail trade for the year was estimated at $1,243,000,000, a three per cent increase over the previous year. Percentage increases were higher during the late months of the year, indicating an increasing consumer optimism.

ALBERTA FIVE YEAR PLAN BIG HELP

The bureau listed these reasons for predicting a bright economic picture in 1959. The provincial government has announced a major program of institutional building; a substantial volume of industrial building has already been announced; there will be considerable pipeline building to link gas fields, and the federal government is expected to make further sums of mortgage money available in order to continue the residential building program.

U. OF A NEW PRESIDENT

He is 50-year-old Dr. Walter H. Johns, who has served as vice-president for the past year and a half. He succeeds Dr. Andrew Stewart, who has resigned to become head of the new federal board of broadcast governors.

Dr Johns, former dean of the faculty of arts and sciences, will take over his new duties on Feb 1st. The Ontario-born educationalist came to Alberta in 1938 as a lecturer in classics at the university in Edmonton.

MINIATURE BULB

Almost as small as a jelly bean, a new General Electric photo flash bulb is claimed to be the world's smallest, The Financial Post reports. Tiny glass pellet will make possible rapid-fire flash camera which will fit in palm of hand, provide at least out as much light output as lamps four times its size.

WOODVALE NOTES

January certainly has been cold so far and we have had more wind than for the past few years. The roads are icy and rough but only at a few places do hard snowbanks threaten to block travel.

Keith Lysons was fortunate to receive only painful bruises and no broken bones when he fell while dehorning cattle at the Ray McQuid farm.

Mrs. E. Lysons looked after her grandchildren while their mother, Mrs. Thelma Sweeney, made a short trip to Silverton, B.C. recently. In turn Herman Wolters helped Keith and Leo Lysons, especially with the cooking while their mother was away. We understand that Mrs Walter Lysons also went to B.C to visit a brother there.

Frankie Walters just narrowly missed being cut by flying glass when a partridge flew right through a window above his head. He caught the bird which fortunately was unhurt also, despite the crash, and put it outside again where it immediately took off.

The birthdays of Frankie and and his dad were celebrated on Sunday, Jan. 18th with a supper party at which 25 participated. Many happy returns to you both!

Arnot Brown received the sad news of his mother's death at Cherry Grove on Jan. 12th and later went to the funeral. Mrs Brown had been in ill health for a long time. She came 31 years ago with her husband and five sons to the Woodvale district and later moved to Cherry Grove. Of the sons, only Arnot is still farming in the district and always takes a great interest in the Woodvale Community Association. In sympathy the card party scheduled for that week was cancelled.

The Red Cross meeting at the home of Mrs. Ray McQuid Jan. 7th saw only seven members present to work on the quilt due to sickness and absence from the district. The work did not get finished but Mrs. Amy Portsmith offered to do the rest of the quilting at home. Several thank you letters were read and later a tasty lunch enjoyed. The next meeting will be on Feb. 4th at the home of Mrs. Amy Portsmith.

Church services will be held on Feb. 8th in the Tolland Community hall at 3:30 p.m.

Congratulations to Mr. and Mrs. Wilton McLean (nee Theresa Vorel of Ft. St. John) whose marriage took place on Jan. 17 at the United church in Vermilion. Mr. and Mrs. F. Vorel came to Vermilion for their daughter's wedding, also many relatives from Camrose. The reception in the afternoon at the Union hall and the wedding dance in the evening were very well attended, their many friends bringing presents and lots of good wishes with them. The young couple will live for the time being at Kokner in the house behind the store.

The writer and husband made a short trip to Calgary to see our first grandchild, Leonard Thomas Icke, who arrived at our daughter's home in November. We also visited Jim Proudfoot and family at Chinook, who taught at Woodvale from 1939 to 1941 and is now farming there.

While writing these notes we heard the sad news of Mr. Alf Robinson's death from a heart attack at his home in the Kokner district. It is difficult to express the sincere sympathy we feel for his wife and family but hope that the love and sympathy of children and many relatives, friends and neighbors will comfort her in this sudden bereavement.

And as so often happens in life while death brings sorrow to one family the birth of a baby brings happiness to another. We just heard that Mr. and Mrs. Marcel Benoit (nee Marie Goutier) have a baby daughter, Colette Janine, a sister for Marc.

Tips on Touring

By Carol Lane

Women's Travel [illegible]

[illegible] you drive in snow or ice, your reflexes are all right — but how about your car's? Its reflexes slow down. It needs more time to stop, start or turn — so allow for it. A few seconds can add a lot of safety to your driving.

Even with reinforced tire chains, your car stops no faster at 25 miles an hour on glare ice than at 50 miles an hour on dry concrete. With special winter tires, you stop no faster at 15 miles per hour on glare ice than at 50 on dry concrete.

Watch your reflexes, too. They can be dulled in a car with the windows shut tight and the heater on. This lack of ventilation can also mean a foggy windshield. Leave your side window vents partly open for a steady supply of air — to keep your head and windshield clear.

On snow and ice, or on rain-swept streets, pump the brake pedal gently to stop. If you're going down a steep hill, shift to a low gear; it'll help to keep the car from gaining an unsafe speed.

Best general advice: when you start out, get the 'feel' of the road. Try your brakes while driving slowly (and away from traffic) to find out just how slippery the road is. Then adjust your speed to road and weather conditions.

I. O. D. E.

A regular meeting of the I.O.D.E. in the form of a pot luck supper will be held on Tuesday, Feb 3rd at 7 p.m. at the home of Mrs. I. Miller. 29

Health Unit Notes

FEAR AND YOUR CHILD

It is normal for your child to be frightened at times. But if his fears are too intense or too prolonged they can be harmful and cause much permanent damage to his developing personality. For this reason take his fears and worries seriously and make every effort to relieve them.

Some fears are brief and immediately forgotten, like a loud noise, or a scary Hallowe'en mask. Others are lasting and deeply injurious. Fear of authority may develop from a father who is too stern, fear of soiling from too rigid toilet training, fear of dirt from constant harsh scolding for getting dirty at play. The list is a long one. Whatever seems to make you withdraw your love will worry your child because he loves and needs you so much. Avoid the growth of such fears in your child by being tolerant and friendly about his progress, or lack of it, in his eating, playing or keeping dry. Praise him for his efforts even if they are clumsy. If you make him feel a failure he will be full of fears.

Afraid of being alone in the dark at bedtime is common — and the child cannot be persuaded there is nothing to fear. Ridicule or stern measures only make it harder for him. He is showing how badly he needs comfort, love, and reassurance, not just at bedtime but during the day too. The usual cause is a lack of self-confidence. Ease up on your scoldings. They make him feel guilty, a failure. Halt the battles over toilet training and eating. And if Dad has been using the "stern father" method he'll soften up when he realizes his child needs less managing and more affection and approval. Praise your child's little successes and so build up his inner security.

For the two-year old, leaving the bedroom door partly open will help. Fear of bed-wetting can make a child of this age afraid to go to sleep. His bladder control is not yet perfect and he may be afraid he'll lose his mother's love if he wets his bed. Such a child needs to be told his mother loves him wet or dry.

THIS WORLD CAN BE FRIGHTENING

A child of three or four often fears thunderstorms, snakes, cats, dogs, etc., especially if the parent has shown similar fears in his presence. Or he may imagine frightening things. Reassure him and avoid ridicule. He needs affection to help him over the insecurity that is the basis for such fears. And show him that you are not afraid, but appreciate his feeling the way he does.

Your child is more disturbed about family matters than you probably think. Discuss such domestic troubles out of his hearing. Fear of death shows up at this age and you can allay his worries by treating the subject reassuringly, telling your child that people don't usually die until they are old and (with a cheerful hug) we'll all be happy together for a long time! Meet his question honestly and cheerfully. If your child is sure of himself and not being punished or crossly scolded he won't be much worried by imagined fears.

Family quarrels can produce an uneasy fear in your child which may endure and become most damaging. He may not understand the bickerings but they can profoundly affect the child. He feels that something is wrong with the two people who mean the most in his world.

Parents often promote a child's fears through ambition for him to shine. If you want him to be the tidiest, best-dressed and best-mannered of all children and push him too hard to reach unnatural and impossibly high standards, he'll very likely react by not showing off as you desire. Instead, he'll show symptoms of fear, maybe not obviously but in some "nervous habits."

DO YOU CRITICIZE TOO FREELY?

Many parents criticize a child constantly. They feel that unless they do this he won't have the urge to improve and won't grow up properly. Criticism is a form of punishment. It can make your child feel afraid and insecure. Don't withhold your praise and admiration because you think your child will become conceited. He should know that his parents are always ready to appreciate him. He will come along faster if you tell him now and then what a wonderful child he is.

A child who cringes as a result of harsh or frequent punishment has been made emotionally sick. His days and nights are full of fears. He may start lying and deceiving just to protect himself against pain and humiliation. No thoughtful parent will use such punishment.

SIGNPOSTS OF FEAR

Fears show up in many ways. Some are easily seen. Others are hard to detect. But fears will always show up somehow! Your child may be afraid of the dark, even afraid in the daytime to be alone in some part of the house. He may have nightmares, start wetting his bed, suck his thumb, bite his nails or have a twitching in his face. He may be cruel to his pets, or not play well with other children.

A child who is restless, irritable, [illegible] "flies off the handle" is often called nervous. The most frequent cause is fear. Your child's fears and worries may seem silly to you but they are very real to him. And the most harmful common fear is that you will cease loving and caring for him.

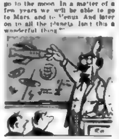
A Russian lecturer was telling Czech students in Prague about the Soviets' wonderful scientific advances. "Already" he said, "we have launched two satellites. In no time at all we will be able to go to the moon. In a matter of a few years we will be able to go to Mars and to Venus. And later on to all the planets. Isn't this a wonderful thing?"



All the students nodded. "Are there any questions?" A student raised his hand. "Sir," he asked, "when can we go to Vienna?"

Our Taxi driver was darting in and out of heavy traffic with complete abandon. After a few harrowing blocks my friend leaned forward. "Would you please be careful? I have eight children at home" she said. To which the driver replied "Lady! You're telling me to be careful?"

Regional Drama Winner

Henry Allegeth, left, is shown as he is about to receive the Calvert Award "The Figure of Truth", statuette, presented at the close of the four-night Alberta Regional Drama festival in the Jubilee Auditorium, Edmonton. The trophy accompanied by a cash prize of $100 went to the Medicine Hat Civic Theatre for its presentation of "The Diary of Anne Frank". It was the [illegible] in three years the Medicine Hat group topped the Alberta Festival and this time Director Allegeth and two members of his cast also won individual awards for their work. They will be invited to compete in Dominion finals for another Calvert trophy that one to be accompanied by a $1,500 cash award. The adjudicator was English-born actor-producer Richard Ainley, and the presentation was made by Charles Pinnell Calgary, Calvert representative.

Quebec's Navigation Hopes

Quebec City's strong push for year-round navigation is charting toward a historic event: the arrival of an ocean-going vessel in mid-winter, Jack Mc Arthur reports from Montreal to The Financial Post.

A 5-sector [illegible] sea ship is scheduled to reach the St. Lawrence port Feb. 11.

STRONG FINANCIAL PROTECTION

A bulwark against privation in old age; a source of new confidence for young families who face the future alone . . . these are the roles life insurance is playing for MANUFACTURERS LIFE policyholders and their beneficiaries who received $48,476,032 in policy benefits last year.

Sound management policies and prudent investment operations continue to earn for the Company an enviable reputation for financial strength and solid growth. The MANUFACTURERS LIFE Annual Report for 1958 shows assets of $819,795,409 — more than ample to fulfil future obligations to pay the benefits promised in our policy contracts. The net rate of interest earned after deduction of investment expenses was 5.11%.

The 72nd Annual Report also shows that more than 42,000 people purchased $430,287,103 of new insurance from MANUFACTURERS LIFE. The Company now provides a total of $2,882,174,677 in insurance protection for more than half a million policyholders. During 1958 a plan for mutualization was approved which, when complete, will place ownership of the MANUFACTURERS LIFE in the hands of policyholders.

Council of Minburn M.D. Holds Two-day Meeting

MANNVILLE — Council of the Municipal District of Minburn prepared for the coming election in Divisions 1 and 5 at their January 13 and 14 meeting. Nominations will be taken at the annual ratepayers' meeting, on Monday, February 23 at 1:00 p.m. in the Minburn community hall.

While Ralph Wagner was previously named returning officer, council appointed the following deputy returning officers, and listed polling places to be used if an election is necessary:

Division 1: Mannville Fire Hall, Cumberland Clark; Claysmore Community Centre, J. Willes; Saltaux School, D. Staden; Windermere Hall, Richard Seed; Stellaville Community Centre, Oswald Bauer; Auburndale Community Centre, Roland Arthur.

Division 5: Wm. Sarfinchin's home, Floyd Tuck; Ranfurly Curling Rink, Frank Karpinski; Lavoy Community Hall, John Kott; Zaporoze Community Hall, Nick Juba.

The matter of delinquent accounts was brought before the council for discussion and it was decided that in some cases titles would be taken while in others caveats would be discharged and in others the matter would be left over.

Council voted a grant of $100 be given to the Ranfurly skating rink.

Council rejected the PFA's estimated 11 bushels on the townships as being too high and feels these townships should be rechecked.

Tom Smith received partial payment for diversion of his land and the balance to be paid later when full information is obtained.

Councillors Scott and Robert were appointed as members of the board for the Senior Citizens' Home at Vegreville.

Council turned down the request of the Village of Innisfree to provide a crossing over the railroad and a street leading to the seed cleaning plant, as they felt they were not responsible for the survey to be made or for the street leading to the seed cleaning plant.

One per cent of land was sold to W. Oelnak and one offer to purchase land was turned down as the price offered was too low in the opinion of the council.

Council authorized the purchase of a Caterpillar motor grader and cab for the Wagner.

The by-law governing the Civil Defence organization in MD was approved.

A by-law concerning a business tax in the MD was given first and second readings.

Eight claims for settlement of land and fencing were authorized for payment by the MD as follows:

Fritz Roder, $36.00; W. J. Sargent, $337.90; R. Wannop, $107.25; F. Stumpf, $28.00; Joan Goshko, $110.00; D. W. Enfield, $111.50; F. Wannop, $38.25; Mrs. O'Connor, $100.00.

Approval was given to Canadian Utilities for their plan to run a line from Vegreville to Tofield.

Sixteen brushcutting projects costing approximately $7,000 and employing over 6000 man-hours were discussed by the council and approved. The project will be part of the MD's winter works program.

Councillors Robert and Samoil were appointed a committee to take stock of Vegreville shops and Scott and Roland were to do the same for the Mannville shops.

The following councillors were present: Scott, Roland, Trynchuk, Samoil, Grabas, Robert and Petruk with Reeve Roland presiding.

EARTHQUAKES COMING?

Mr. Property owner: Better think about earthquake insurance, warns Vince Lunny in The Financial Post.

Few do. Total amount written in Canada in 1958 was less than $140,000.

But, if you do own buildings in the Upper St. Lawrence Valley or on the coast of British Columbia, you should consider coverage.

On the latest seismic probability maps, these Canadian areas are ranked as hazardous as California.

At least one expert has predicted a major quake in Quebec within 30 years.

Aware of the dangers, insurance companies have boosted their rates for earthquake insurance by as much as 400% in Montreal and Vancouver.

They sing on the radio of the "shifting, whispering sands," but at this time of year and especially with the weather like it is, wouldn't it be more appropriate to sing, the "shifting, blowing snow"? It has been said that we are going to get thirty days of this blustery weather. The writer thinks she will take off for the coast and be among the daffodils! Most everyone is staying pretty close to home these days.

Saturday, being fairly mild, the Clarke family, the writer, and husband, took in the hockey game in Vermilion. It was a most enjoyable game with not too many fights. Noticed quite a few from Islay there.

Mr. and Mrs. Raymond Jones Honored On Retirement

On Thursday of last week, Raymond L. Jones, Vermilion station agent, retired after more than 44 years of service on the railroad. In the above picture he is shown receiving his last train order from the Canadian National, an order to proceed into happy retirement from toil to leisure. Delivering the train order, along with the presentation of a well filled purse is Mr. H. Hlady of Edmonton, chairman of the Order of Railway Trainmen for the Edmonton district; in the centre is Mr. Jones, while on the right is Mrs. Jones who was presented with a beautiful bouquet.

The retiring station agent, Mr. Jones commenced his railroad career with what is now the Canadian National systems on October 25, 1914, over 44 years ago. Most of the intervening time was spent at Mountain Park, where he enjoyed hunting and fishing followed by two years at Trochu prior to coming to Vermilion. Mr. and Mrs. Jones have been here for eight years.

On Thursday evening of last week, to honor Mr. and Mrs. Jones on his retirement, trainmen from numerous points along the line, officials from Edmonton, friends and fellow workers in Vermilion, all gathered at a very enjoyable farewell banquet in the Brunswick Hotel.

Genial chairman for the evening was Mr. Bill King of Islay and the program consisted of talks by three speakers, Mr. Harry Brown on behalf of the railroad men, Mr. Ashley Cooper for the people of Vermilion and Mr. Harry Hlady of Edmonton who made the presentations on behalf of the Order of Railway Trainmen.

Replies were forthcoming from the guest of honor, Mr. Jones, who stated that he had enjoyed working in Vermilion where he found that the friendliness and co-operation of the people were unexcelled. Mr. and Mrs. Jones have a month's holiday coming to them and they will spend this at the coast. Definite plans have not yet been made but "no matter where we are," said Ray, "Vermilion and the lakes around this area will be seeing a lot of the Joneses this coming summer; regardless of where we live too, we'll always welcome everyone from hereabouts.

Mr. Hlady also presented Mr. Jones with a life membership in the O. R. T., a tribute which he has rightfully earned as he has been a worthy and long standing member of the organization.

During the evening, numerous telegrams were read, wishing Ray and Frances his wife, many happy years of retirement and expressing regrets at not being present at the farewell banquet.

Another enjoyable feature of the program was the showing of movie films taken by Mr. Everon Inman of Islay, chiefly in national parks in Alberta.

The youth of today don't leave footprints on the sands of time: they just leave tire tracks.

Too many people think that perfection comes with the ability to find fault with others.

Annual Meeting United Church At Marwayne

MARWAYNE. — The official board of the Kitscoty pastoral charge of the United Church of Canada met at Marwayne on Jan. 28th to hold the annual meeting. There were 31 members present.

The 1959 budget of $6,250 was approved. Minimum objective for missionary and maintenance is $800. $200 was voted to Whitney Lake camp.

Advances were noted in all phases of the work of the church. All elders and Sunday School superintendents make up the Christian Education committee and have been given oversight of that work in the pastoral charge. Two of the churches are sponsoring radio broadcasts.

Mr. Berg and Mr. Seward were re-elected to the offices of recording secretary and treasurer respectively. Mr. Seward will be delegate to St. Paul United Presbytery at Vegreville on Feb. 11th and 12th.

The next official board meeting will be held at Dewberry.

Annual Meeting of Ratepayers Monday Next, February 9th

The annual meeting of the ratepayers of the Town of Vermilion will be held in the Elks hall on Monday evening, Feb. 9th at 8:00 p.m. Reports will be given by the chairmen of the various committees of the town council, the auditor, secretary-treasurer, for the year ended Dec. 31, 1958.

A report will also be given by Mr. Frank Welsh, town representative on the Vermilion Municipal Hospital board.

It is confidently expected that there will be a goodly percentage of the ratepayers in attendance at the annual meeting.

School Division Annual Meeting February 10th

The annual meeting of subdivisions 4, 5 and 6 of the Vermilion school division will be held on Tuesday, Feb. 10th at 2 o'clock in the west end elementary school. Reports will be given by the school superintendent S. D. Simonson, the secretary of the division, J. R. Robson, and by the school trustees representing each subdivision, Claude N. Brennan of Vermilion, R. C. Mead and D. C. McGrath.

A second meeting for the remaining three subdivisions, 1, 2, and 3 will be held in the Kitscoty high school on Monday, Feb. 9.

THORNCLIFFE F.U.A.

The Thorncliffe F. U. A. will meet at Cliff Hollen's home on Tuesday, Feb. 10th. Ralph Wilson, district director, will speak on the petition to Ottawa. The petition forms for signing will be at the meeting.

Cons. Withdraws In Alexandra

Allen Ronaghan, assistant school principal at Irma, who won the Conservative nomination for the Alexandra constituency at the convention in Kitscoty a month ago, has withdrawn from the race. A new nomination convention will be held shortly. At the time three were nominated with Mr. Ronaghan being the choice of the meeting.

Alexandra has been held by Social Credit since 1935 and is represented in the Legislature by the Hon. Anders Aalborg, Minister of Education.

Former Preston Principal Dies

Hugh Leighton, well remembered young principal of the Preston centralized school until one year ago, died in the Lloydminster hospital on Saturday, Jan. 31st. He had given up school teaching due to ill health and had been managing a store at Paradise Valley since leaving the teaching profession. A great favorite of the people of Preston district, his early death is widely mourned. He leaves to mourn his passing his wife, his mother Mrs. J. Leighton, brothers and sisters at Marwayne.

1958 Was Big Building Year In Vermilion; 6 New Commercial Buildings, Thirty New Homes

Vermilion can look back on 1958 as one of the best years in its history insofar as new construction is concerned. During the year building permits totalled $508,304 which was divided as follows:

Commercial buildings:	
6, value	$227,274.00
Residences:	
25, value	$211,100.00
Moved in houses:	
5, value	$ 19,000.00
Additions:	
10, value	$ 46,130.00
Garages (private):	
15, value	$ 4,800.00

While the total of building permits has been higher than this on occasion it was due to one large permit such as the new high school in 1957. The year of 1958 was most satisfactory in that the new construction included so many commercial buildings and these have added greatly to the appearance of the business section of the town and to greater services rendered to the buying public.

New buildings include the post office, Tom Boy store, Mackenzie Ltd., Imperial Oil service station and lunch counter and $30,000 spent on rehabilitating the Imperial block as a very desirable apartment block.

The building of new residences has been going on at a steady pace for several years but a new high of 25 homes, valued from $9000 upwards, was set in 1958.

Permits for new construction have already started for 1959, with a large addition at the Dept. of Transport Beam station, new garage in the centre of town, a $20,000 addition to the M & B motel, and $12,000 in renovations by Stedman's in the former Harcuther Red and White store.

Vermilion Fair Prize Lists For Ladies' Classes Now Available

Two Games In School Division Basketball League Friday, Feb. 6

The Vermilion School Division basketball league swings into action again on Friday, Feb. 6 when the Paradise Valley teams meet the Vermilion High School in the new high school gymnasium in Vermilion. At 7:00 p.m. the girls' teams will commence their game; the boys take to the floor at approximately 8:15.

The girls and boys of Vermilion High have each been defeated once in six starts this season. Both squads won close decisions in their last tussles with Paradise Valley so Friday's games should provide plenty of thrills for basketball spectators.

Mr. Bill Yuskow, physical education teacher in the Junior and Senior High School, is the coach of both high school teams.

The public is invited to attend all games in the high school gym which has excellent seating accommodation for 300 spectators. Admission is 25 cents.

The following home games remain on schedule for V. H. S.

Friday, Feb. 6 — Paradise Valley at Vermilion.

Friday, Feb. 13 — Vermilion School of Agriculture at Vermilion.

Friday, Feb. 27 — Marwayne at Vermilion.

STUDENT PARENT DANCE

Following the two basketball games on Friday, Feb. 6, the annual high school Parents Students dance will take place. The parents of students attending Vermilion High School are cordially invited to attend. In previous years this dance has proven to be one of the social highlights of the year for students and parents alike. The student body hopes to see a large delegation of parents at both the basketball games and the dance.

Car Crash Claims Life Of Vermilion Old Timer

Ernest Corson, Aged 76 Years, Succumbs After Accident

A car crash last Saturday at 9:30 p.m. claimed the life of an esteemed Vermilion citizen, Ernest Corson, aged 76 years. The scene of the accident was just north of the Vermilion River bridge at the bottom of the hill. The car in which Mr. Corson was a passenger in the back seat, ran off the high grade into a twenty-foot ditch, hitting several large rocks in its descent to the bottom. No other vehicle was involved in the crash.

Of the five passengers in the car three were hospitalized, Mr. Corson, who died two hours after being admitted to hospital, Walter Coulter who suffered a bad cut on his head and leg, necessitating some forty stitches and at press time was still in hospital, and David Wilkinson. The other two occupants Keith McIntyre and Jim McGaughey escaped with no injuries other than bruises and shock.

The car was owned by Herzog Motors and was being driven at the time by Keith McIntyre. The car a 1956 Oldsmobile is a complete wreck. No inquest will be held.

The victim of the crash Mr. Corson, came to Vermilion in 1917 and had lived here ever since. He was employed by the Canadian National as a steam engineer and fitter. Following retirement from the C.N.R. he worked in the boiler room at the School of Agriculture. For the past few years he had been retired, living quietly in the family home on the south side. He was predeceased by his wife some twelve years ago, and the family, who grew up here, live in other parts of Alberta and in Ontario.

He is survived by three sons, Edmund of Edmonton, Ernest, Toronto; Ken of Drumheller; one daughter (Marjorie) Mrs. Hugh Hall, in Edmonton. One stepson, B. Robinson, also lives in Edmonton. There are four grandchildren and one great-grandchild.

Funeral services were held on Wednesday, Feb. 4th at 2:00 o'clock at the First United church, with interment following in the Vermilion cemetery. The Rev. C. W. MacKay officiated.

All members of the family were present at the services. The large congregation showed the esteem felt for the deceased, and sympathy for the family in their sudden and sad bereavement.

The pallbearers were Messrs. Stan and Allen Jones, Ashley and R. S. Cooper, M. Simonsen and Carman Long.

Moyers were in charge of the funeral arrangements.

Local Man Is Honored by Lodge

At a meeting of the Vermilion Masonic Lodge on Feb. 2, S. Carl Heckbert, Past Grand Master of the Order in Alberta presented Alfred E. Kaiser with a jewel marking more than fifty years as a member of the Order.

Mr. Kaiser first joined Masonry in Sarnia, Ontario 53 years ago; some years later he was Master of the Lodge and later, on moving to Detroit, Mich., he affiliated with a lodge in that city. Coming to Edmonton in 1912 he was a Charter Member of Patricia Lodge, now one of the leading lodges in the capital city.

Mr. Kaiser later joined St. Paul lodge and, on his removal to Vermilion, affiliated with the local group of which he has been a member for many years. Mr. Kaiser is well known in the area, having served for years as magistrate and having been active in several groups.

Mr. Kaiser, accompanied by his wife, left on Friday for a vacation in Honolulu and their many friends will wish them a pleasant journey, a restful vacation and a safe return.

Films Arrive For February Meetings

A fresh supply of films have arrived at the local film depot and will be available for use by interested organizations. The work of the John Howard Society forms the subject matter of the National Film Board film "Raw Material" which will be of interest to church organizations. Youth organizations will find "Corral," the story of the day to day life of a western cowboy a fine addition to the evening get together. "Shyness," is the film in mental studies suggested for the Home and School and "People With a Purpose" which deals with the cooperative movement in Manitoba will be of interest to farm groups. "R. C. M. P. Connor's Case", is the general interest film of the month. These films may be booked through Mr. F. Stewart, principal of public schools, Vermilion.

FAMILY NIGHT SERVICE

The family night service will be held in First United church Sunday Feb. 8th at 7:30 p.m. The film is entitled "The Humble Heart". 30

Steady Progress Reported At Annual Meeting Of Alliance Chapel

The annual meeting of the congregations of the Alliance Chapel, Vermilion, and the Alliance Tabernacle, Mannville were held jointly in the chapel at Vermilion on Tuesday Jan. 20 with sixty in attendance.

The business meeting was preceded by a pot luck supper served by the Deacons board. Rev. J. M. Schroeder pastor was chairman.

Hockey Week In Vermilion; Three Senior Games, Feb. 9, 11, 14

Next week can well be called hockey week in Vermilion as three regular league games will be played here on Monday, Wednesday and Saturday. This will complete the regular schedule for all of the teams with the exception of Maidstone and Lashburn who wind things up on Monday, Feb. 16 at Lashburn. From there on in to the final for the Craig Cup it will be the top four teams.

On Monday night the Tigers are hosts to the powerful Lloyd Chevvies. Chevvies are currently in third spot by a narrow margin over Lashburn. The Tigers have always given them a real battle and might upset the border town.

Lashburn, who dish up an excellent and at the same time a very clean brand of hockey, are here on Wednesday night. They are fourth at the moment but pushing Lloyd for the third rung of the ladder.

The final game is against Neilburg on the Saturday night, and while Neilburg is a sixth spot team they always turn in an exciting contest.

In case you haven't been attending the E. A. H. L. this winter make up for it next week. The Tigers have kept Vermilion in the hockey world again this winter and are well worthy of your support — they need some finances right now to wind up the season on the right side of the ledger ... how about giving them both your financial and vocal support by attending the games during hockey week in Vermilion.

Robinson Purchases Young Herd Sire

The Vermilion district is fortunate in having a number of the best beef cattle herds in Alberta and one of these is the Shorthorn herd of W. L. Robinson, whose Shorthorns have gained fame right across Canada. Recently Lyle visited the Kelburn herd, located near Winnipeg and purchased a young herd sire carrying the names of many of the best Shorthorns in the breed. The new Robinson herd sire is named Kelburn Golden Mascot and is a ten months old son of Baptor Copyright. His dam is an outstanding cow being sired by the noted Scotch sire Calrossie Good News.

The modern [illegible] of happiness appears to consist of doing things we can't afford.

Favorable Reports Feature Annual Meeting of United Church

Annual meeting and banquet of the First United Church was held in the church hall on Wednesday Jan. 28th at 6:30 p.m.

The Session reported with regret the loss of five members Mr. Baranyk, Mrs. Jas. Smith and Mr. Bill Anderson who have moved away and Mr. Lyle Robinson and Mr. Andrew Kibblewhite who have resigned after many years of service. Mrs. Warren Edwards, Maurice Long, Jack Hobbs, Keith Dowdell and George Edgelow were elected to the vacancies.

The junior choir of forty boys and girls under the leadership of Mr. Jack Brown received very favorable comment.

The ladies of the W. A. reported receipts of approximately $3000 and have financed many projects including a projector for the use of the church.

The committee of stewards reported disbursements for the year of $9,173.20.

Honor Students Win Medals

DERWENT — A presentation ceremony was held at the Derwent school auditorium recently when Mr. Nick Myskiw superintendent of the Two Hills school division, presented Ronald Johnson and Gloria Mithrush with medals and cheques for $25.00 from the school division for attaining honors in grade nine.

Mr. and Mrs. Eric R. Johnson and Mr. and Mrs. Nick Mithrush were present at the gathering. Mr. Myskiw stressed the importance of pupil initiative in achieving high marks.

Gloria Mithrush, daughter of Mr. and Mrs. Nick Mithrush, has received an H standing in the grade nine class. Gloria is 13 years old and has attended classes in Derwent school since grade one.

Ronald Erik Johnson is the 15 year old son of Mr. and Mrs. Eric R. Johnson. Ronald, a grade nine pupil of the Derwent high school, received the Governor General's bronze medal for attaining the highest grade nine standing in the Two Hills school division. Ronald, too, has attended school in Derwent since grade one.

NOW IS THE TIME . . .

Weed control does not end with the appearance of snow. It is a year round program and to be successful requires careful planning. Clean healthy seed means better weed control, so make arrangements now to have your seed properly cleaned. This is also the time to arrange for new seed if yours is not of good quality.

Cultural control is the most effective method of controlling and eradicating weeds, says W. Lobay, Supervisor, Soils and Weed Control, Alberta Department of Agriculture. Prepare for the busy season by checking your implements and make any necessary repairs and adjustments now. Weed sprays and dusters should be carefully checked since chemical weed control is also a very important aspect of the endless fight against weeds.

Now is the time to plan and enquire about new machinery, chemicals and prices. See your district agriculturist or field supervisor, both of whom will be glad to help you work out the best possible weed control program.

High Record of Achievement Reached By National 4-H Delegates

The Canadian Council on 4-H clubs has completed an analysis of the records of achievement of the 136 delegates to last year's National 4-H Club Week in Toronto and Ottawa, November 15-20. Delegates were selected by the provinces from their overall record in club work and in compliance with certain basic regulations as established by the Council.

The 1958 delegates averaged 17.3 years of age and had been enrolled in 4-H for an average of 7.2 projects in 111 ranging from clothing, calf, garden, sheep, tractor maintenance to fishing, a new project in Newfoundland.

Trees To Tame the Wind

More and more farmers are becoming aware of the importance of trees as protection against wind and as a means of preventing soil and snow drifting. There is still a good selection of trees available for 1959 from the Alberta Department of Agriculture advises P. D. McCalla, supervisor of Horticulture. They are for farmstead shelter, field windbreaks and roadside planting. Anyone can obtain the trees providing the planting strip was summerfallowed last year.

The varieties from which you may make your choice are caragana, white spruce, lodge pole pine, Scotch pine, green ash, Siberian larch, American elm and hardwood cuttings of Russian poplar.

Your district agriculturist will be pleased to help you with your planting program and choice of trees.

Drastic and Immediate Action Needed To Halt Inflation

Unless the Canadian Government takes immediate and drastic action to halt inflation Canada is headed for its most desperate financial crisis since the great depression warns author Bruce Hutchison in the current Maclean's.

In a hard-hitting article critical of the spending habits of both the government and the Canadian people Hutchison forecasts the very real possibility of a brief boom, quickly followed by more inflation and, finally and inevitably, by a business depression that could cripple the nation.

The forthcoming federal budget will be a crucial one, says the writer. "Not since the conscription crisis of 1944 has any prime minister faced a graver crisis than that facing Mr. Diefenbaker today. Never has a finance minister faced anything exactly like Mr. Fleming's present crisis. His forthcoming budget will test his courage, the government's wisdom and the public's intelligence."

Here are some of Hutchison's main points:

1. The government's bond campaign last autumn was a "ghastly flop." Its failure indicated that the Canadian people are losing confidence in the value of money itself. "Once a people loses confidence in the value of money" he says, "it is losing confidence in the institution of government itself."

2. To keep interest rates at a reasonable level, the government might be tempted to take "the easy way out" by buying back a quantity of its bonds, a practice which Hutchison says is "exactly like using a printing press to turn out crisp new dollar bills."

3. Not only would spiralling inflation send consumer prices through the roof, it would kill our exporting industries. It could lead to government control of prices, wages, imports and exports and "a new system hardly distinguishable economically from the Russian system."

Hutchison feels the government must take the lead in rescuing Canada from the consequences of past mistakes. "If it will draw a line in its spring budget and refuse to incur any additional expenditures until we can afford to pay them out of our available wealth, as a last resort it will increase taxes, if it will reduce its borrowings and borrow only the real hard money already in existence, if it will refuse to create new money through the Bank of Canada — then confidence will revive."

Physical production of goods and services in Canada was down by two per cent in the first quarter of 1958 as compared to 1957, but value of the gross national products was up for the period because of higher prices.

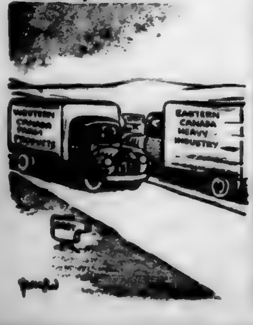
PERSONALITY

It sometimes happens that the man with the most magnetism is the one who gets things coming his way.

Two-way Street



"GREEN ACRES"

SEED SALESMEN

Many farmers in this district will recall that seed salesmen were offering Ramsey wheat for $10.00 per bushel last spring. Registered seed growers were offering better seed for $3.00 to $4.00 per bushel. Now we have some get-rich-quick artists around again. I would ask for anyone seeing or hearing of one of them to let me know at once.

HORMONES BOOST PROFITS

When feeding beef cattle for the market it pays to use hormone implants in either steers or heifers. In experiments conducted by the University of Alberta, when implants were used, there was an increase of three fifths of a pound per day and a reduction of $2.30 in feed costs per 10 pounds. Profit per steer was increased by $20.00.

TRANQUILIZERS FOR STOCK

Animals too have nerves. They suffer from stress in moving and handling and from chills and dampness etc. Tranquilizers calm the nerves of stock in the same way as they affect humans. Some farmers in the U. S. have guns adapted for the purpose and when they have trouble with an unruly steer they just shoot a couple of tranquilizer pills into him. Ain't nature wonderful?

LIVESTOCK SQUEEZE

Plans for building live stock squeezes are available from this office. One of the best can be had from the New Holland Co. Anyone with a shop can build one of these squeezes in spare time. You will find it useful for branding, vaccinating, castrating, trimming hoofs etc.

ALFALFA HAY

There is no doubt of the value of alfalfa as a crop rich in protein, minerals and vitamins. For feeding young stock, milking cows and females before farrowing, lambing and calving it has no equal in promoting health and thrift. Every livestock raiser ought to have at least 20 acres of alfalfa. Better still put a little brome grass with it. The rate is 8 lbs. of brome and 4 lbs. of alfalfa per acre.

HAIRLESS PIGS — GOITER

This condition is due to the lack of iodine in the feed of the pregnant sow. Hairless pigs are common in some districts in Alberta and sometimes it happens here. A lot of weak litters at birth are due to lack of iodine in feed. Usually iodized salt is sufficient but if hairless pigs or a lot of weak pigs are born in your district then give extra iodine. Dissolve one ounce of potassium iodide in one gallon of water and give one tablespoon of the mixture per sow per day. Keep this mixture in a glass container.

THE Homemaker

Donna Westendorf
District Home Economist
Lamont, Alberta

This week I have the answers to some of your curtain questions.

What kind of curtains need little or no ironing? Two of the newer kinds are outstanding in this respect — Fibreglas and Dacron. Dacron should be washed with little squeezing and be hung to drip dry. If you feel they need a little touching up along the hems be sure to use a cool iron.

Fibreglas curtains can be quickly washed by dunking in warm suds (no rubbing) rinsed, rolled in a towel and hung again at the window to dry. Do not iron fibreglas as it will break the fibres. The fibreglas drapery will also break where it touches the window sill, etc. If used in the home at all, it should be used in places where there will be very little movement.

What is the proper length of curtains? You have a choice of three correct lengths: (a) to the sill; (b) to the lower edge of the wood trim below the sill; (c) to the floor.

How can I identify a good dotted Swiss curtain? True dotted Swiss fabric has the dots woven into the fabric. They are part of the fabric and will not pull off.

What is the advantage of Fortrean curtains? Fortrean is exceptionally strong. It is resistant to sun and gas fading. Some of these fabrics may be washed, others must be dry cleaned. Check with the sales clerk.

Why should organdy curtains that are just a year old tear readily? This is due to deteriorating effect of sunlight and atmospheric fumes. Whenever possible rotate curtains between sunny windows and those that receive less light.

How can I tell whether a curtain is well made? Look at the hems. Corners should be absolutely square. Stitching should be even with no puckering, and fastened at both ends to prevent ravelling. Check to see that the fabric is cut straight along the edge.

For further information on curtains, just drop me a line and I'll send you the bulletin "Curtains Going Up". The bulletins "Color in Your Home", "Flatter Your Floors", "Furniture Refinishing" and "Putting Furniture in Its Place" are yours for the asking.

Growth In 4-H Enrolment

Along with more widespread public interest, enrollment in 4-H club work in Canada is increasing. In 1958 a new high was reached with 73,881 members enrolled in 5,118 clubs.

For the second successive year, girls outnumbered boys in enrollment — 38,067 girls and 35,814 boys. The average age of all members was 14.1 years and average membership per club was 14.5.

Among the most popular projects with the 4-H members were clothing, dairy and beef calf. Clothing had the largest group with 14,800 enrolled, 12,070 in dairy and 11,443 in beef. Gardening and grain projects were about equally popular with 7,821 and 7,418 respectively.

Letters to the Editor

The Standard does not hold itself responsible for opinions expressed by correspondents

Box 1082,
Vermilion, Alta.

The Editor,
The Vermilion Standard
Vermilion, Alta.

Dear Sir:

Through the medium of the Standard I wish to make it known that the Chatsworth Country Club has undertaken to assist the Edmonton Chapter, Multiple Sclerosis Society of Canada in the raising of funds, which are used mainly for research on finding a cure for this crippling disease. It is a disease of the nervous system, causing loss of the use of muscles, incoordination of movement, loss of the deep reflexes and impairment of station and gait. As yet little is known of the cause of Multiple Sclerosis and no cure has been effected.

At the University of Alberta, a research project is being carried out by a number of doctors there, among them Drs. Pearce, Talyor, Cotsle, Wlanko.

Receipts of the Edmonton Chapter are made up mainly of donations from organizations and individuals, along with memberships to the Society, which are remitted to the Multiple Sclerosis Society of Canada, Montreal. In the past year, the Society has disbursed $37,791.35 in research and publicity grants.

The Edmonton Chapter raises funds for their work by holding teas, sales of used clothing, raffles, etc. Multiple Sclerosis patients in Edmonton city hospitals, many from distant points of the province, are cheered by [illegible] taken on picnics in summer, entertained and remembered at Christmas with gifts from the Chapter.

The Chatsworth Country Club has named Mrs. H. Henningsen to accept donations on behalf of the Edmonton Chapter. A receipt will be given for donations received, followed by an official receipt from the Edmonton Chapter.

Thanking you, Mr. Editor, I am,

Yours truly,
Mrs. H. Henningsen.

28th January 1959

The Editor,
Vermilion Standard.

Dear Sir, It may be of interest to you to know that during the month of December Canadian Post Offices handled more than 500 million items of mail matter. Regular post office staffs were augmented by more than 40,000 temporary helpers but without the widespread cooperation of the public we would hardly have been able to cope with the avalanche of mail prior to Christmas.

I find that reports received from postmasters throughout the country almost invariably commented on the fact that their local newspapers rendered a notable public service in stressing, through photographs and special articles, the need for co-operation in mailing early.

I am therefore writing specially on behalf of the Postal Service of Canada, to express to newspapers my appreciation of their efforts in the public interest in making our citizens aware of the advantages in mailing early.

Yours sincerely,
G. A. Boyle,
Deputy Postmaster General.

Mrs. Rita Finlay Tells of F.W.U.A. Convention At Marwayne Meeting

MARWAYNE — The regular meeting of the Marwayne F. W. U. A. was held at the home of Ebba Currie on Monday, Jan. 26 with Ollie Midgley and Frances Leslie as co-hostesses. There were 28 members and 4 visitors present.

The meeting opened with the singing of "The More We Get Together."

It was suggested that we purchase a wheel chair to be used in the community. Ruby Kvill and Frances Gray volunteered to get information before the next meeting.

The material from the hospital which had been cut by the Silver Willow members, was distributed for sewing.

Plans were made for catering to the Hamernyk - Leighton wedding reception.

For the Hobby Fair, each member is to make an article from a flour bag. These will be exhibited as a collection.

Mrs. Inge of Stapledene then gave her very vivid impressions of the Handicraft exhibit at the convention.

Mrs. Rita Finlay gave a very interesting talk on various phases of the convention and also about the school being opened in Lloydminster for retarded children.

The next meeting will be held at the home of Kay Hillaby on Monday, Feb. 23.

Green Blankstein Russell and Associates Appointments

J. D. ANNETT D. G. BITTORF E. C. FLACK

Green Blankstein Russell and Associates, Architects and Consulting Engineers, announce the appointment of J. D. Annett and D. G. Bittorf as resident partners of the Green Blankstein Russell office at Edmonton, Alberta. The Edmonton office will combine with the Green Blankstein Russell Calgary office to serve the Province of Alberta. The Calgary resident partner is Edric C. Flack.

Mr. Annett graduated from the University of Manitoba in architecture in 1949, winning the Royal Architectural Institute of Canada Gold Medal. He is a member of the Alberta Association of Architects and the Royal Architectural Institute of Canada. Mr. Bittorf, a native of Edmonton, graduated from the School of Architecture, University of Washington, where he won a number of scholarships. In 1955 he received his Master of Architecture degree from the Graduate School of Design, Harvard University. He is a registered architect in the Province of Alberta and a member of the architectural advisory panel for the City of Edmonton. Mr. Flack is a graduate of the University of Manitoba in architecture and is a member of the Royal Architectural Institute of Canada.

Salvation Army Home League Notes

The Home League's first meeting of the year was held on Jan. 7 with Mrs. Dow in charge of devotionals. It was decided to organize in groups again and appoint an acting secretary to take charge of all groups. Mrs. Geake was chosen as acting secretary. Ways and means were discussed so as to send a delegate to the Congress to be held in Toronto in April.

As the 14th of January was the Week of Prayer, the regular meeting was not held but members attended the prayer meeting instead.

On Jan. 20th, Lt. Herrick was in charge of the devotional and Miss Anne Shaw, a missionary from Peru, was guest speaker. Miss Shaw showed the native costume and pictures of the Indians in Peru as well as telling about the mission she is working under. This meeting was held on Tuesday afternoon instead of Wednesday evening.

January 28 was a full meeting, choosing group leaders, members of each group and a delegate to congress. The group leaders are as follows for the next two months: — Mrs. Tuey, Mrs. Maskell, Mrs. Jensen and Lt. Herrick. A delegate was chosen and it was decided to send five articles to the sale of work with the delegate.

C. W. L.

The regular meeting of the C. W. L. was held in the parish hall on February 2. Reports from the various committee conveners showed January had been an active month for the league.

An appeal has been made for clothing to aid the needy children of the parish. Anyone wishing to donate is asked to leave their parcels in the church kitchen where they will be picked up and distributed under proper supervision.

Project for the month will be a bake sale to be held in the Co-op. store on Saturday, Feb. 28th.

At the close of the meeting, Father Landrigan showed a short film after which lunch was served by Mrs. Renaud, Mrs. Casey and Mrs. Edwards.

Although value of goods imported into Canada declined by 13.4 percent in the first four months of 1958 as compared to the like period of 1957, Canada suffered an unfavourable trade balance of $174 million in the period.

Mannville Library Renders Fine Service To Town and District

MANNVILLE — Mannville public library is doing the town a great service, as has been pointed out by previous reports of exceptionally fine reading material. The library operates on a grant from the Government, which amounted to $155.82 in 1958. All other money must be raised by the local library association. Last year this money was raised as follows: Fees, fines, $199.005. Donations from the W.I. groups, lodges and other persons, $70.27; raffle of dollhouse $32.15, and receipt of tag day $99.05. During 1958 $303.77 was spent on books and $30.29 spent on supplies, such as mending tape, book cards and pockets, etc. The librarian received $180.00 for her services. Circulation of books was 6,857. 180 borrowers had cards and there were 2700 books in the library. Gratitude is expressed to the public by the library association for the loyal support during 1958, without which financial aid the library could not possibly operate.

Successful Year Reported By Savings & Credit Union

The annual meeting of the Vermilion Savings and Credit Union was held recently at the Vermilion School of Agriculture. Despite the very cold weather there was a good attendance.

The directors again reported a very successful year's operation. Mr. Tom Davis told the members there was a 30 percent increase in business with a steady gain in new members.

A dividend of 4 percent was recommended by the directors and this was accepted by those present.

Mr. Jack Harrus and Mr. Mervyn Hill were elected to fill in the expired terms of Hugh Pearman and Ross Taylor, thus making the officers for 1959 as follows:

Directors — Tom Davis, D. C. Folk, F. Van Wageningen Sr., Ken Stone, Angus MacMillan, Harold Cooper, Jack Harrus.

Supervisory Committee — F. Van Wageningen Jr., Gordon Ross, Mrs. Margaret McGaughey.

Credit Committee — Angus MacMillan, Klys deBruin, M. Hill.

Sec.-Treas. — Mrs. June Herbert.

Provincial Liberal Women Elect New President

MEDICINE HAT — The Alberta Liberal Women's Association ended its annual convention Saturday by passing three resolutions and electing a new executive.

Una MacLean of Calgary was named new president to succeed Mrs. Paul Ragan of Edmonton.

The convention blamed disappointing attendance on cold weather. The most women to attend any meeting was 38. More than 200 were expected at the convention.

'The Bible Today'

"What the Gospel of St. John worth $3,000?" exclaimed a gentleman recently while in conversation about the Scriptures in many languages. In December a copy of the Gospel of St. John in Mohawk, one of the few remaining copies of the original two thousand books printed in 1804, was presented by the British & Foreign Bible Society in Canada to the Iroquois Institute of Studies on the Six Nations reservations in Brant County.

An Indian lady, Mrs. Jamieson of Brantford, who has made a special study of Indian history, languages and literature, possesses one of these rare copies of the Gospel of St. John. Mrs. Jamieson values her copy at about $3000 in Canadian currency. Its actual value to her is much greater because it conveys to her the real meaning of life.

Increasingly people in all walks of life are discovering the Bible has a message for our generation.

Widmere Winks

It just seems we cannot write the Winks without extending sympathy to many dear friends who have lost loved ones. Our heartfelt sympathy goes out to Shirley Leighton on the loss of her loving husband last Saturday. Mr. and Mrs. Leighton endeared themselves to everyone in their short stay in Widmere and it had been the earnest hope of everyone that he would recover from his illness. To his sorrowing mother, sister and brothers we extend our own as well as the surrounding communities, deepest sympathy in their hour of sorrow. May God comfort them all in their loss.

We learned on Monday that Mrs. (Rev.) Lawson (nee Dorothy Hetherington) of Calgary had passed away. Dorothy was born and raised in the Auburndale district. To her sorrowing husband and family, her sisters, and brothers, we extend deepest sympathy in their sudden bereavement.

To the family of Mr. E. Corson of Vermilion is extending our sympathy in their sudden bereavement on Saturday last.

Well, our high school rink did not get to the top in the city. They had three good games though, and seemed to enjoy themselves. They saw Matt Baldwin curl a game. Had a good banquet too. As common with growing boys, eats hit the spot most of the time. Even though you didn't win boys, we are all proud of you just the same.

Several rinks from Widmere took in the Wainwright bonspiel and some won prizes too. Good for you, fellows!

Everyone wishes David Dibben a speedy recovery after his recent appendectomy.

Jeannie Dibben was also a patient for a day or so. Good luck to you Jean!

NEWS from ISLAY

Mrs. Hazel Dallyn and Maxine were week end visitors at her parents' home, Mr. and Mrs. Dave Buchanan.

Mr. and Mrs. Dave Martin were callers Sunday evening at the Moncrieff home.

Mothers of the Islay Scouts attended the mothers' meeting at Kitscoty Monday night.

Mrs. Alex Dupuit is visiting relatives in Edmonton.

Though it was a very cold Wednesday there was a fair attendance at the Alberta Wheat Pool's social evening, to hear the report of the delegate to the convention in Calgary, Mr. W. R. Kent. Mr. Wilson of Vermilion was also present and spoke on the deficiency payments and the group going to Ottawa. Mr. Fleming showed some excellent films, the one on the Cariboo Country was very beautiful and finally and very important, was the lovely lunch served by Mr. and Mrs. [illegible] Lean. Bill is agent here for the Wheat Pool.

World Day of Prayer service will be held in the United church on Friday, Feb. 13th at 3 p.m. Mrs. Chauncey MacKay of Vermilion will give the address. An invitation is extended to all women to attend.

Miss Eletha Bray, grand niece of Mr. Dave Buchanan and Mr. White, of Vegreville, called Sunday to spend a short time visiting Mr. and Mrs. Buchanan.

Mrs. Steinhauer Sr. is a patient in the Islay hospital; Mrs. Vera Anson is still confined to hospital but is doing fine and will soon be home.

Two surprises! Monday morning on looking out, water running down the conductor pipes, and all day soft water was gathered, but Tuesday morning snow had covered up all the bare spots made the day before, but the thermometer stayed above thirty.

Feb. 10th at 2 p.m. in the west end school Vermilion the annual meeting of Vermilion School Division No. 23 will be held. How about you attending? If you have never been and some of you haven't better go, this may be the last, or very near. Rumor says we may become a county.

Death of Mannville Old Timer

Mr. Ludwig Hanch, well known old timer of the Mannville district, passed away in the Vermilion hospital on Jan. 29th. He was 78 years of age. He had been in ill health for some time.

Mr. Hanch was born in Russia on Jan. 13th, 1881. He moved from there to Poland and in 1930 came to Canada, settling south of Mannville. He farmed until 1949 when he retired to live in Mannville.

He is survived by his loving wife Anna, one son Godfrey, three daughters, Mrs. L. Sock of New Sarepta; Mrs. A. Hanelt of Cult, Alberta and Mrs. E. Schroeder of Mannville. There are eleven grandchildren and two great grandchildren.

Funeral services were held on Monday, Feb. 2nd at 2:00 p.m. in the Mannville Lutheran church, Rev. R. C. Nast officiating. Interment was in the Mannville cemetery.

Moyers were in charge of the funeral arrangements.

Silver Wedding Anniversary Is Made Memorable Occasion

Mr. and Mrs. Lawrence Mayhew were pleasantly surprised on the evening of Jan. 30th by friends from the Christian and Missionary Alliance church, the occasion being their 25th wedding anniversary.

The guests of honor were presented with corsages, wedding cake, spoons and a host of good wishes for many more happy years together. A very pleasant and enjoyable evening was spent.

On Sunday, Feb. 1st, Mr. and Mrs. Mayhew, Keith and Helen were guests at a delicious turkey dinner at Mr. Mayhew's family home in the Clandonald district. Members of the family, Henry, Roy and Raymond Mayhew, Mrs. Horace Smith, the former Myrtle Mayhew, Mr. Smith, Ronnie and May Smith, as well as friends were present.

The guests of honor were presented with a Bible and purse of money, with which came very good wishes from those present.

Mr. and Mrs. Mayhew wish to sincerely thank all those who so kindly made this such an enjoyable and memorable occasion.

Shower Young Married Couple

Once again a good crowd of neighbors and friends of Mr. and Mrs. Stewart Cooper gathered in the B.C. gym to honor them with a shower following their marriage a short time ago.

A program of games and contests produced a lot of merriment.

Following a delightful lunch served under the auspices of the Heatherbell ladies group, a nicely decorated wishing well and tables heaped with gifts were presented to the young couple. Alex Stone on behalf of their many friends extended to Stewart and Connie best wishes for a long and happily married life. After opening the gifts both very fittingly thanked one and all.

Mr. and Mrs. Ashley Cooper and Lois and Mrs. Rose Marie all of Vermilion were out for the happy occasion.

The Buffalo Coulee ladies rink played in the Eaton trophy at Lloydminster this week, and while failing to win the zone championship gave a good account of themselves, and were general favorites with the crowd of onlookers.

Vermilion Girls Receive "Caps"

Among the fourteen student nurses who received their caps at the Vegreville St. Martin's church on Sunday, Jan. 18th, were three girls well known to Vermilion people. They are Miss Gloria Gannon, daughter of Mr. and Mrs. Tom Gannon of Vermilion; Miss Norma McGinnis, daughter of Mr. and Mrs. Norman McGinnis of Winterburn and formerly of Vermilion, and Miss Sally O'Neill, daughter of Mr. and Mrs. Pat O'Neill of Rusylvia.

The Bill Scales Vermilion rink won one section of the double knockout competition at Lloydminster last week end, but in the play-off with Dr. Nattress of the Border city, lost out two games to one. Dr. Nattress is representing this zone in Edmonton in play-downs this week.

The following were omitted from the funeral account of the late Mrs. Rosina Dudiyke: Floral tribute — Amy, May and Dick, nieces and nephews, Mary, England. Donation to the Crippled Children's Fund — Paddy, Nora and family.

CARD OF THANKS

We wish to extend our sincere thanks for the kindness and sympathy received during our recent sudden bereavement, for the many offers of help and for the floral and memorial donations.

Community Shocked By Death Of Mrs. Lynden Lawson

(From the Buffalo Coulee News)

The community was shocked this week to learn of the untimely death of Mrs. Lynden Lawson (nee Dorothy Hetherington) in Hamilton, Ont., on Saturday morning. Dorothy was a local girl whose father, the late W. A. Hetherington, donated the land for the Auburndale church and Mount Auburn cemetery.

In September 1935 Dorothy was married in the Auburndale church to the Rev. Lynden Lawson who was a student in the field that year. Rev. and Mrs. Lawson and family spent several years in Calgary where he was the minister of the Wesley United Church. Some three or four years ago, Rev. Lawson responded to a call to Wesley United Church in Hamilton, Ontario so the family returned east. Rev. and Mrs. Lawson visited in the community in September 1953 when he took the service in the Auburndale church and dedicated the new Sunday School rooms.

Mrs. Lawson is survived by her loving husband, three sons, Grant, Larry and Doug, one grandchild, three brothers, Grant of Grand Centre, Garth of Edmonton, Keith of Calgary, and two sisters, Evelyn of Wainwright and Mrs. Jamie Green (Muriel) of Wainwright.

The heartfelt sympathy of the community goes out to the family in their sad loss and may they realize that "Around and under neath are the Everlasting Arms."

Pleasant Valley News

It's lovely out today, just like springtime in the rockies, but it's not going to last too long. The groundhog says another six weeks of winter yet.

Visitors at the writer's home on Sunday were Laurence Gould and family. The Golby family visited at the Potvin home Sunday evening.

Had a nice chat with our old friend and neighbor Mrs. Jones, so glad to hear you are so much better. Mrs. Daisy Cummings, Mrs. Muir came along and joined in the conversation. It's nice to see, and hear about our friends.

It was certainly a cold day on Saturday and country folks feel and perhaps town folks too that there should be more tea rooms in town nearer the shopping centre. How about it Lily?

Hi Nora, we hope to hear some good news of you soon. In the meantime keep smiling, it helps.

The writer was pleased to see Mr. and Mrs. P. McGugan who paid a call Monday evening.

Mrs. Alex Dupuit is away on a holiday visiting her folks at Forestburg. Watch that tea kettle Alex!

It's nice to have Mrs. Mor[illegible] back with us again and [illegible].

Marvin, Fred and Agnes [illegible] were recent supper guests at the home of the writer. Mr. and Mrs. Moore were surprise [illegible] at the writer's [illegible].

Mrs. Sherwood met the writer with a big smile on Saturday. She has a lovely chrysanthemum in bloom, one obtained from the writer last fall. How is yours Mrs. McClelland?

News seems to be scarce in the district, must be the cold days.

Bride-Elect Is Showered

On Saturday, Jan. 24th Mrs. Helen Bell and Mrs. Emma Locke were hostesses at a miscellaneous shower held at the home of Mrs. Bell for Miss Alice Simonsen who is to be married on February 14th.

A dainty and delicious lunch was served after which a basket, full of many useful and beautiful gifts, was presented to the bride-to-be. This brought the enjoyable afternoon to a close.

Seventeen Lose Lives In Tractor Accidents on Farms Last Year

Motor vehicle crashes on highways killed more Alberta farm residents last year than any other cause, according to a survey of preliminary figures by W J Perkins, farm safety director with the Alberta Safety Council.

Fifty of the 132 violent deaths recorded among farm residents last year were attributed to motoring on the highways. The second major cause of death was tractor mishaps on the farms — 17 lives were lost. As well, 10 deaths were attributed to the use of tractors on the highway.

Other farm vehicles caused three deaths.

Falls caused 12 deaths last year among Alberta farm residents, with 11 of the fatalities occurring among persons over 60 years of age. The 12th death occurred to a person in the age group 40-49.

Of those who died on the highway, the majority were over 20 — 14 in each of the age groups 20-39 and 40-59, and 12 among those over 60. Of the six deaths attributed to fire, four occurred among children under nine years of age.

Of the total figure of 132 deaths, 24 occurred to children under nine, 17 to persons between 10 and 19, 27 in the 20-39 age group, 27 among those in the 40-59 age group and 37 to those over 60 years.

Farm vehicles caused death to two persons under nine years, and one person over 60. Death through tractors on the highway occurred to one person in each age group up to 39; to three in the 40-59 age group, and to four to those over 60. Eight drownings were reported, three to those under nine, and the remainder fairly evenly distributed among the other age groups. Firearms caused three deaths, one in each age group up to 39. Animals caused three deaths, one teenager and two persons over 40. Electrocution claimed three lives, one teenager and two persons in the 20-39 age group. Poisoning claimed five lives, three of them children under nine years. Suffocation also claimed five lives and again, three were children under nine. Miscellaneous causes accounted for the remaining deaths.

OUR LETTER FROM EDMONTON

Alberta's Five-Year Plan To Feature Lively Session of the Legislature

by KEN MASON

EDMONTON — Everything is in readiness for Thursday's opening of the fifth session of the 13th Alberta Legislature.

And from all indications, it will be a lively session. The government's five-year development plan shapes up as the biggest single issue and is likely to figure in most of the debates.

Lending added significance is the possibility that this session may be the last of the current legislature. If the political pundits are right, there'll be a general election sometime in the coming year. And this will undoubtedly mean a heavy increase in the political content of House debates.

Here are some of the highlights of the Legislative program the government is expected to introduce:

1. An all-time record provincial budget of around $300,000,000, exceeding the previous record of $285,000,000 set two years ago. The increase will be due almost entirely to greater departmental spending resulting from the five-year plan.

2. Legislation to expand the scope of the revitalized Municipal Finance Corporation, authorizing it to lend money for school and hospital as well as municipal capital works.

3. A bill designed to bring nursing home care for chronic patients within the existing provincial hospital insurance plan. The government proposes to build 35 or 40 nursing homes, at a cost of around $15,000,000.

4. Introduction of government-guaranteed farm home improvement loans. The government will guarantee 50 per cent of interest and principal on loans to a maximum of $2,000.

5. Amendments to the Vehicles and Highway Traffic Act, increasing speed limits to 65 m.p.h. on four-lane highways and divided highways.

6. Establishment of a separate department of labor and appointment of a minister to head it.

7. A bill to launch an expanded scholarship program, which will cost more than $1,000,000 a year and guarantee every deserving student a university education.

There also will be budget appropriations to launch the first "special project" of the five-year plan — the building of 54 homes for the aged throughout the province at an estimated cost of $16,000,000.

Traditional pomp and ceremony will mark Thursday's opening. A 15-gun vice-regal salute was to boom out across the North Saskatchewan River valley as Lieutenant-Governor Bowlen arrived to open the session and read the Speech from the Throne giving the usual sketchy outline of the government's legislative program.

On Friday, Dr W W Cross, former health minister, will move the reply to the governor's speech. It will be seconded by George Bell, Social Credit M L A for Gleichen.

The following Monday, W. J. Grant MacEwan, Calgary, will make his debut as newly elected Liberal party leader and launch the Throne Speech debate.

There'll be another new party leader in the House this time. He is W. J. C. (Cam) Kirby, Red Deer, elected last fall to head the Progressive Conservative party in Alberta.

The House also will receive a new member during the session. The winner of the bye-election [redacted]ted for Olds riding on Feb. 9 will have to be sworn in and take his seat after the sessions open — probably during the second or third week.

REPORT ON EDUCATION

Two [redacted] reports are expected to be submitted while the House is in session. One will be the report of the Cameron Royal Commission, which has been making the most exhaustive study to date of the Alberta education system.

HUTTERITE COLONIES

The other is coming from the government committee set up to study Alberta's Hutterite colony problem and the Communal Property Act which restricts Hutterite land holdings. This one can be expected to cause plenty of controversy.

GENERAL ELECTION

Finally, there's a chance that the session will end with the calling of a snap election. Some observers say that if the Opposition acts tough and tries to throw its weight around this session, Premier Manning may feel it would be good tactics to go to the public immediately and seek a new mandate on the strength of the five-year plan.

On the other hand, some feel autumn is a more likely time for an election. Planning for the forthcoming royal visit might make it difficult to hold a spring election, and visit itself in the summer might rule out a July or August election.

We may have a better idea toward the end of March when the session ends.

BUFFALO COULEE ACTIVITIES

Congratulations to Mrs. Ruby Larsen and her rink on winning the play-off for zone 8 in the ladies T. Eaton curling event. That will put Buffalo Coulee on the map! Best wishes ladies, for the finals in Lloydminster.

The Students' Union held their election of officers for the new term a week ago with the following results: president — Grant Haverslew; vice pres — Roddy Haverslew; sec. — Elaine Everett; treas. — Keith Marfleet; sports convener — Robert Cameron; points sec. — Betty Green.

A 'Platter Party' was held by the students last Friday night. Owing to the severe weather, there wasn't a very large crowd but all had a good time.

The Boy Scouts and the Home and School are jointly sponsoring an ice carnival at the skating rink at Buffalo Coulee on Feb. 21 at 7:30 p.m. with proceeds going to the Boy Scouts. Their candidates in the running for carnival queen are Clara Boier, Diane Renspies and Elaine Everett. Admission is 25 cents and everyone is cordially invited to attend. Prizes will be given for the best costumes and there is also a door prize. Watch the [redacted]

Mrs. Louise Rodgers and baby Carol spent over a week at the Stone family home before leaving Edmonton to make their home in Kelowna to which point George has been transferred as manager of the Canadian Freightways Depot.

Auburndale and Edenvale Farm Forums held a joint meeting in the Buffalo Coulee gym last Monday. Mr. Stuart Duncan, D. A. of Wainwright was present and following the broadcast gave a talk and led a discussion and question period on the subject of vertical integration or contract farming. This has been the theme of the January programs and the discussion was most interesting, bringing out the advantages and disadvantages of this new system. However, it was generally felt that grain farming would not be too seriously affected since so many unpredictable elements entered into grain farming. Lunch and a social half hour brought the evening to a close. Stuart is a former local boy and everyone enjoyed meeting with him again.

Three Buffalo Coulee rinks took part in the farmers bonspiel in Wainwright last week end. The rink skipped by Bernard Eyben with John Eyben, Hennig Haverslew and Hubert Rogan took first prize in the second event. George Eyben's rink annexed third in the fourth [redacted]

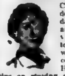
Tips on Touring

By Carol Lane
Women's Travel Authority



Chances are you do more after dark driving and so are more vulnerable to drowsiness in winter than in other seasons. Here are some tips on staying alert when motoring at night:

1. Eat lightly if you're to take off on a long after-dark trip. A heavy dinner and heavy eyelids go together.

2. Take frequent 'coffee breaks' along the way. The black brew will pep you up. Getting out of the car into the cold air will sharpen your reflexes for further driving.

3. Keep the car well ventilated. Always have one of the side vent windows open, and go easy on the heater.

4. Get as comfortable as possible when driving. Poor steering posture can drain needed energy, add to fatigue.

5. When you stop for gas visit the restroom to splash cold water on your face. Run some on the inside of your wrists for a minute or two.

6. Eye strain can make you sleepy. Don't look directly at lights of oncoming cars, look more to the right side of the road ahead.

7. Turn up the car radio. Lively music, interspersed with news and weather reports, is best.

8. And finally — if you're fighting a losing battle against fatigue — park completely off the road and take a nap.

Rain, Sleet Make Highway Slippery

MANNVILLE — On Monday morning of this week road conditions on highway 16 were so icy it was reported there was a truck or car in the ditch every mile or so. One tanker driver is reported to have left his vehicle to check on an odor of gas that was noticed. He saw too late that the wind was strong enough to move the tanker into the ditch, so slippery was the road. As a bandwagon driver stopped to enquire as to help he was advised to watch his truck, and with great surprise he noted it slipping on the icy highway managing however, to steer it out of the ditch back onto the road just in the nick of time.

The slippery condition was the result of a rain and sleet storm Sunday night. Luckily it didn't extend for many miles.

Feature of the weather this week was the sudden about face just as January 1959 was completed. The last two days of January were very cold, but on the 1st in blew a chinook - the first real midwinter one experienced here in years. The low for the day was 21.4 below but this climbed quickly on the wings of the warm wind to 43 above a difference of 64.4 degrees in the matter of a very few hours.

Close Game Sees Maidstone Win By 6-4 Score Wednesday Night

An exceptionally well played hockey game on Wednesday evening saw the Maidstone Jets come from behind in the third period to win over the Tigers by a 6-4 count. Both teams displayed really heads-up hockey and when you realize that a team of the calibre of the Jets is still only in fifth place in the league standing, it must be that really high class hockey is being played in the E. A. H. L.

Jets went well out in front in the first period and scored three goals. Shaw from Young; Edwards from Puddicomb and Skrudland; MacMillan from Aadland.

The second period was all Tigers who rapped in 4 unanswered goals. Ken Swanson with two unassisted counters, Kasian from Jost and Anderson, Bronson from Waldenberger and Redford. First two penalties were meted out to Anderson and Square for roughing.

The battle swung back to the Jets in the final spasm and they counted three times while holding the Tigers scoreless. Puddicomb from Shaw, Square from MacMillan and Edwards from Puddicomb and Aaland.

This made the final count read 6-4 with all goals being scored in the same net.

It was a clean, fast game with each team giving a good exhibition of hockey. Outstanding perhaps was the performance of juvenile goalie Jim Reid in the nets for the Tigers. Jim played like a veteran and seemed right at home in the fast company. The Jets all have fast slap shots and the puck fairly whistles off their sticks. This phased young Jim not a bit and only the impossible got by him.

LINE-UPS

MAIDSTONE — Graff, McMillan, Aadland, Carson, Swartz, Square, Young, Skrudland, Shaw, Robb, Puddicomb, Edwards.

VERMILION — Reid, Brower, Ferguson, Swanson, Kasian, Romanchuk, Jost, Cooper, Redford, Waldenberger, Dennill, Anderson, Brown, Bronson, Barr.

League Leaders Turn Back Tigers

St. Paul Hornets the class of the league showed here last Saturday night and proved that they deserve their high standing. It was a peculiar game in that the Hornets scored six unanswered goals in the first period, but from that point on were matched goal for goal by the Tigers. Each team scored two in the second and one in the third for a final count of 9 to 3.

STATISTICS

1st period — Dehid (Ruptash); Pundick (Dehid); Campbell (Koshelek, Bellerive); Dehid (Hryciw); Campbell; Wolfe. Pen — Koshelek.

2nd — Swanson (Jost); Koshelek (Bellerive, Campbell); Pundick (Dehid, Hryciw); Jost (Anderson).

3rd — Brown (Bronson); Bellerive. Pen. Karbashawsky.

Referees — McConnell, Burns.

Nine Tigers No Match for Jets

Playing with nine men, the Tigers were no match for the Maidstone Jets on the latter's own ice last Monday night and lost 18-4. Ewen was hurt late in the second period and was out for the rest of the game, leaving eight men to match their strength against the strong Maidstone team, who are just a point or two out of a play-off spot at present. Stewart Cooper opened the scoring for the Tigers, followed by Bruce Anderson, Sandy Ewen and Bill Romanchuk.

Ralph Landon Wins Grand Challenge At Dewberry 'Spiel

DEWBERRY — The Ralph Landon rink of Dewberry won the Dewberry open bonspiel annexing the Grand Challenge. On the rink were Landon skip, H. McKnight, D. Rainey and G. Golman. Second was won by Skip Neil Jones, B. Timanson, Kallan and J. Jones. 21 rinks competed.

18 RINKS IN LADIES' SPIEL

Eighteen rinks played in the Dewberry ladies' open bonspiel with the following winners of the Grand Challenge: 1. Mrs. Pasberg skip, Mrs. Klimek, Joan Parr, Joan Berg; 2. Mrs. Elsie Jones skip, Dora Mead, H. Boyce, Mrs. Kallan.

Dewberry curlers brought home prizes from the Marwayne spiel. Bill Dennill and his crew winning the Challenge and Neil Jones taking second. At Heinsberg Ralph Landon won third in the major event.

A feature of the Neil Jones' rink is the capable performance of Grandad Jones. This veteran curler is 72 years of age and throws perfect lead rocks.

Canadian Legion Notes

Vermilion branch of the Canadian Legion has postponed the polio fund canvass for one month. The campaign will start on March 1. In the meantime, if citizens wish to make donations to this fund, they can see the Legion secretary F. H. Buckingham or treasurer Thos. Wilson.

In place of flowers at funerals, some people might prefer to donate to the legion polio fund.

Mr. Ken Kennedy of Edmonton, the new supervisor of legion affairs for this area, was in Vermilion last week. If any ex-servicemen wish to see Mr. Kennedy about pensions, war veteran's allowance or anything else where the legion officials can help, please see the secretary.

Another of Bob Carmichael's variety shows is being arranged for March 6. Everybody in Vermilion and district is asked to make a note of this date. There were over 800 out to Bob's show last November. An entirely new cast of performers are being coached now for the show on March 6. Tickets will be available shortly. All receipts will be turned over to the legion polio fund.

Vermilion Rotary Club Hears Story of Tuxis Parliament

Ken Alfke son of Curt Alfke a member of Vermilion Rotary club, spoke at Friday's meeting. Ken recently attended Alberta Tuxis parliament at Edmonton. He took the Tuxis movement as the subject of his address.

The speaker said that the purpose of the parliament is found in the word 'Tuxis'. X stands for Christ, the centre U and I stand for You and I on either side. T and S stand for Training for Service. This purpose can be further defined as to train myself to the best of my ability for the service of my God, my country and my fellow man.

After listening to Ken's talk it was quite apparent that the ideals of Rotary and the code of standards for Alberta Tuxis and Trail Rangers are almost identical in their emphasis on "Service".

The speaker was [illegible] by Reg Mitchell and [illegible] Simonson for his very informative talk on the Tuxis movement.

Vice-president Ross Boake who chaired the meeting in place of President Jim Robson, added his thanks to what was said by Mr. Simonson.

George Webb Sr. introduced Geo. Webb Jr. as his guest at the dinner.

The Rotary club will have two rinks in the Vermilion inter-club bonspiel. Also the club is planning on sending two rinks to a Rotary bonspiel at Vegreville on February 9th.

HI-SCHOOL HI-LITES

The divisional basketball league games are rolling along smoothly with both the H.S. boys and girls losing one game each. On January 16, the teams travelled to Paradise Valley where the girls won 19-12 and the boys won 25-23 after a trying game. At Kitscoty last Friday, the girls lost 17-16 and the boys won by a wide margin. The highest scorer in the boys' game was Alex Russell, who scored 46 of the 73 points. V.H.S. cordially invites all those who are interested in basketball to come and see the home games. The H. S. would greatly appreciate support from the people of Vermilion. The next game is Feb. 6 and admission is 25 cents.

House league curling finds Service still in the lead, followed by Carman. Laurier is last, but still in there fighting.

The H. S. curling rink, consisting of skip Bryon Calvert; third — Don Martin, second — Ken Graham and lead — Howard Robinson, was very successful in the Taylor Pearson and Carson play-offs in Vermilion. They lost only one game, showing considerable curling ability, sportsmanship and teamwork.

On Friday, January 30, the boys travelled to Edmonton, competing with teams from all over northern Alberta. They lost two games against Ross Sheppard and Stettler and won their game against Wainwright. Miss Fulcher, the coach, accompanied the boys.

The H. S. is holding another dance on February 6 after two basketball games with Paradise Valley. This is the annual Parent-Student dance and all parents of H. S. students are welcome. The dance begins at 9:30 p.m. and admission is 35 cents. Come on everyone and join in the fun!

CLANDONALD HALL

Showing at the Clandonald hall on Fri. and Sat. Feb. 6 and 7, "Navy Wife", a good family comedy starring Joan Bennett, Gary Merrill and Shirley Yamaguchi. Next week end: Feb. 13 and 14, "Santiago," an adventure drama in technicolor starring Alan Ladd, Rosanna Podesta and Lloyd Nolan. News reel each week.

Charles W. Crosby Dies At 81 Years

Charles Wesley Crosby passed away on Monday, Jan. 26th at the Vermilion hospital. He was 81 years of age. He leaves to mourn his passing two nieces, Mrs. Charles Thompson of Vermilion, and Mrs. Fergus McNaught of West Monkton, Ont.

Funeral services were held on Thursday Jan. 29th at 2:00 o'clock at the Alliance chapel, with interment in Vermilion cemetery. The Rev. J. M. Schroeder officiated.

Moyers were in charge of the arrangements.

APPRECIATION

Having been transferred to Edmonton I wish to sincerely thank all the customers of Canadian Oil Company for their generous patronage over the past two years. I bespeak a continuance of this patronage for my successor in Vermilion, Mr. Ernest Heinemann.

B.P.O.E. Officers Are Installed At Marwayne

MARWAYNE — The meeting of Marwayne B.P.O.E. was held in the Elks hall on January 19th with 40 members in attendance.

D.D.G.E.R. Bro. Shymko from Myrnam was present and officiated at the installation of the officers. After installation Bro. Shymko congratulated the officers for their fine ritualistic work which he found to be among the best seen anywhere.

Past Exalted Ruler Bro. L. Berg spoke of his year as Exalted Ruler and thanked the members and officers for the support given him.

The Elks Sunshine fund showed a $38.00 surplus for 1958 and $25 was donated to the Crippled Children's fund. The balance will be used for other charity work.

Following the closing ceremony the committee in charge served a very fine lunch.

Wheat Pool To Contract Rapeseed

The Alberta Wheat Pool has announced that it is prepared to offer rapeseed contracts to farmers during the coming season.

Farmers who would like to sign a contract with the Pool will be guaranteed an initial payment of 2 cents per pound, plus all surpluses realized on its sale after handling charges have been deducted. Contracts will be available at Pool elevators.

Rapeseed production has been increasing rapidly in the province. Last year 80,000 acres were seeded to the crop and 54 million pounds marketed.

Electric Range Performance Plus Skill Add Up to Delightful Meals

In the golden days of the Old Wild West, when men were men and cooks were cooks, the Indians could always tell a tenderfoot from a real woodsman by the size of his campfire.

From a distance of 10 or 15 miles, they could spot a tenderfoot by the gigantic flames licking up from the bonfire. A real hand at camp cookery would know better: his fire would be small and concentrated, barely visible, almost smokeless and with the heat coming from a few white hot coals instead of an inferno of flames.

If old Sitting Bull walked into a suburban kitchen today he could still tell a tenderfoot housewife from a real cook by the size of her "indoor campfire." Top

He that resolves upon any great and good end, has, by that very resolution, scaled the chief barrier to it.

Doing is the great thing. For if, resolutely, people do what is right, in time they come to like doing it.

NEWS from ALLANDALE

We miss the mild January enjoyed last year. Now one gets a bit warmer day which is right away crowded out with the cold again. Really though it has not been too severe.

On Jan. 24th news came from Johnny and Babara Nelson and daughter Alva from Loma Linda, Calif. They had a grand trip south. Alva is feeling much better. The weather is somewhat different there: 80 above and more. They are really enjoying it having left Alberta in below zero weather. What a treat! Oranges by the big double box, only $2.50. The family will be visiting relatives and friends at Riverside and Yuma Calif. People are all very friendly, making the holiday for the Nelsons an enjoyable one.

Jan. 18th was a day of good deeds done by Mr. and Mrs. Don MacGillivray from Edmonton. They arrived in Vermilion at noon, called on Don's cousin Madeline and Ted Exley. In the afternoon they went to the Vermilion hospital to visit Don's aunt, Mrs. Lorne McLean: then to the Islay hospital to see Don's grandfather Mr Gallagher who has been a patient there for most of the winter. North then to Dewberry and Don's aunt, Mr and Mrs. Philip Lamp for lunch. On home to Joyce's parents, Mr. and Mrs. Harold Cooper, leaving for home around six o'clock.

Ernie Johnson accompanied Joyce and Don from the city to visit his parents Mr and Mrs. Carl Johnson in Vermilion for the day. Don has had a recent promotion. He now works at the head office of Dutton and Williams pipe line construction company and is now head buyer for all Canada.

Mrs. Frank Schmidt and family came on Jan. 25th to visit for the week at the home of her parents, Mr. and Mrs. Idelore Nelson. Frank is attending a convention in the city.

Mr Howard Pratt and family and Cathlene and son Larry of Ryley were dinner guests at the Rock Mead home on Jan. 25th and at the McPhee home for supper. Sorry we missed seeing you folks.

Monday, Jan. 26th Mrs. Mossy McPhee, who is a sub teacher for Clandonald taught school for Mrs. Rock Mead.

Greetings, Mr and Mrs. Ramsley at North Burnaby, B.C. We were pleased to have news of you through Joe Good. Congratulations in winning first prize in a Purity bread contest.

Mr. Milo Fleming our Wheat Pool field man, welcomed about one hundred at the Allandale community centre on the evening of Jan. 26th at the Wheat Pool meeting and show. Present were Mr. Roy Kent, our Wheat Pool representative, and Mr. Ike Huxley, Clandonald, Mr. Frank Wilkinson, Vermilion, Mr. Geo Flurry Borradaile Wheat Pool agents. Milo gave a report concerning the Pool elevators and other items and introduced Roy Kent, who gave a very interesting and informative talk on the convention at Calgary. The films were grand thanks to Mr Fleming. The singing cowboys [illegible] be enjoyed by all. The Abbot and Costello, made the children and adults alike have a good laugh. Scenery in B.C. was beautiful and the animals very interesting. Pictures of the town of Williams' Lake in B.C. and of the stampede held there were very good. We immediately thought of the O'Fee families who likely would be there and the Martin brothers and families from Prince George. Lastly a film depicting the benefits of our co-operatives contained a good lesson. Mr Huxley on behalf of the representatives, thanked all for their co-operation and help and the ladies for supplying the lunch.

January 30th was the coldest day of the winter so far hereabouts. At the I. Nelson home it was 52 below and at the Omness home 43 below. At the Woody Wilson home the propane froze up thus cutting off the heat, but no ill effects were suffered.

Mr. and Mrs. Peter Duchak of Campbell Lake called at the Martins and Omnesses on the afternoon of Jan. 29th. Mr. and Mrs. Ronnie Johnson called on the evening of Jan. 30th.

Retiring President Reviews Board Of Trade Activities for Past Year

(Continued from last week)

POST OFFICE

I know the citizens of this town are all pleased that we have a new post office, which will open shortly. This Board has been making representations for several years to the authorities in Ottawa urging the necessity of a new post office here. We therefore feel the Board's efforts are, in part at least, responsible for the new building. We have suggested an official opening in which our Board is prepared to take part. As soon as it is known when the building will be ready for use this function will take place.

R C M P. BARRACKS

The Board is also urging the proper authorities to erect a new R C M P. building here, which is badly needed. This matter was first taken up at our December 17th meeting and will be a project for the incoming executive.

WELCOME NEW CITIZENS

Under the heading of "National Affairs," our genial chairman of this committee, Mr Bill Sutherland, attended various court sessions here, and on behalf of the Board welcomed the new citizens of Canada who had taken their Oaths of Allegiance, and introduced several of them to us at our weekly luncheons.

Mr. Stan Waldenberger, chairman of the "Ways and Means" committee, conducted a very successful "get out the vote" campaign on election day. We do this every year and I think it is part of our duty, namely to endeavor to make people conscious of the necessity of discharging their duties as citizens.

SUPPORT YELLOWHEAD

The importance of the Yellowhead route going along highway 16 as originally planned, and not south of here, is a matter of considerable concern to this town. Last year we donated $30.00 towards the funds of this association. Mr E. M. Stewart, chairman of a special committee formed from representatives of Vegreville, Lloydminster and Vermilion, promoted active interest and support of this route along the towns and villages between Vegreville and Lloydminster which resulted in substantial contributions to the Yellowhead Route Association. This interest should be maintained during the coming year, and increased if we wish to make sure this highway does not go south of Vermilion.

Relative to this, at our May meeting we endorsed the resolution of the Edmonton Chamber of Commerce re the Trans-Canada Highway Yellowhead Route submitted to Prime Minister Diefenbaker and the Highway Ministers of the Provinces of British Columbia, Alberta, Saskatchewan and Manitoba urging the early completion of the same.

SPRING CLEAN-UP CAMPAIGN

In the spring the Board sponsored the usual "Spring Clean-Up Campaign" which was very successful under the able direction of Mr Schurman, chairman of the Civic committee and the members of the committee.

We also sponsored the entry of a car in the Rotary Rodeo in June.

INDUSTRIAL WORK

The Industrial Committee made inquiries regarding the possible establishment of a packing plant here. Apparently no packing plant was then interested in expanding, but the matter may well be kept in mind.

PROMOTE EDUCATION

The Board presented to an annual scholarship of $30.00 and a shield to the first year student in agriculture who [illegible] the greatest contribution to the academic, social and literary life of the Vermilion School of Agriculture during the school term.

Last year, at the suggestion of the chairman of our Agricultural Committee, Mr Ralph Wilson, we paid the registration fees of two young men to attend the Farm Young People's Short Course at the University of Alberta in June, namely Philip Taylor and Orest Mistch.

SUCCESSFUL BANQUETS

We held a successful spring banquet when we were hosts to the officials of our neighboring Boards of Trade and Chambers of Commerce, including Lloydminster and Vegreville. Our guest speaker on this occasion was Mayor Hawrelak of Edmonton whose address was enjoyed very much.

In the fall we had our "Town and Country Banquet" at which officers of the locals of the U. F. A. were our guests together with their wives. This was one of the most successful fall banquets of this kind which we have held, and the credit for this goes to Mr A. J. Champion, chairman of our Entertainment Committee, and to Mr Ralph Wilson, chairman of the Agricultural Committee. Mr. Wilson was instrumental in providing for us as our guest speaker Mrs Ellen Armstrong of Calgary, President of the Farm Women's Association of Alberta. Mrs. Armstrong gave a most instructive and interesting address accompanied with a film showing pictures of her travels.

Last May we entertained the officials and other guests attending the official opening of the new Composite High School and listened to a fine address from the Honourable Anders O. Aalborg, Minister of Education.

INTERESTING ADDRESSES

Among other addresses we had the pleasure of hearing last year, was the one from Dr A. Ben King outlining the new hospitalization scheme, and also one from Mr Harry Brown re the new Diesel engines on "bud cars" and the findings of the Royal Commission as to the number of employees required for safety. Incidentally we now have a very excellent "bud car service" between Vermilion and Edmonton.

During the year we entertained as our guests representatives of the Vermilion Bob Cats' Juvenile hockey team, the young stock winners at the Edmonton, Calgary and Saskatoon livestock shows, members of the ladies soft ball team and the winners of the outside home Christmas Decoration contest which we put on in December. This contest was very ably looked after by the Civic Committee under the chairmanship of Mr E. Schurman.

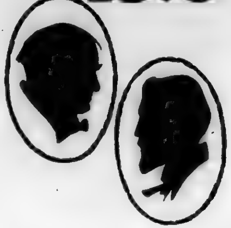
Appliances Bring Better Electrical Living To Alberta

IN THE YEAR 1879



The development of the incandescent lamp was the result of the concurrent work of Thomas Edison and Sir Joseph Wilson Swan, the English physicist. On December 21st, 1879, Edison gave the first demonstration of electric lighting. Barely a month later, Swan gave the first large scale public exhibition by illuminating the city of Newcastle, England.

NATIONAL ELECTRIC WEEK
Feb. 8th to 14th

This is a week set aside each year to mark the birthday of Thomas Edison and to review the progress of our electrical age. To remember men like Edison, and all the rest, who have made it possible for us to live brighter . . . live better . . . electrically

C·U·L CANADIAN UTILITIES LIMITED
"Helping you to live better . . . electrically"

Last 50 Years' Electrical Progress Outstrips Previous Ten Centuries

A Roman housewife scrubbing her weekly wash along the banks of the Tiber in the year 1 A.D., could have dozed off into a super Rip Van Winkle snooze for a [illegible] years and found her work day world little changed. Despite the passage of 10 momentous centuries, she would have still been scrubbing her wash by the riverbank without the benefit of sink, faucet or even clothespin in 1,000 A.D.

But consider the case of a 1907 housewife who dozed off in her gaslit kitchen and awoke only 50 years later. What a world of wonders would meet her eyes, a world sparkling with hundreds of magical appliances.

By 1957, glare free fluorescent lights had banished the gloom of her old gas fixtures, a huge home freezer and revolving tray refrigerator had replaced the smelly ice box: electric ranges, wall ovens and a dozen different kinds of broilers, fryers and rotisseries had added new and simple refinements to the ancient art of cooking: automatic clothes washers, dryers and irons had taken much of the work out of the weekly washing chores.

In the dust and pollen free air-conditioned living room, the children sprawled on a recently vacuumed rug watching television. Upstairs, Dad smoothly erased his beard with an electric razor: Sis mooned over the rawkish sounds of Elvis on her phonograph. Junior tuned in a night baseball game on his bedroom radio and Grandma slept snug in her room under an electric blan[illegible]

These are but a few of the changes that have taken place in the home in the 50-year history of electrical progress through appliances in this country and throughout much of the world. The changes occurred quickly and steadily but far from suddenly. Thanks to the dedicated efforts of thousands of pioneer inventors, merchants and [illegible]facturers, the appliance industry has grown from a few hundred thousand dollar volume in 1907 to today's 8.4 billion dollar industry.

Where did it start? First with the early light pioneers like Thomas Alva Edison and George Westinghouse, then with countless lesser known inventors and dabblers and just plain dreamers who sought practical uses for electricity.

Edison made history when his first workable incandescent lamp glowed for 40 hours in 1879, but within three years Henry W. Seely had received a patent for his electric flatiron, although actual production was still some years away.

The great depression of the 30's sent the radio-appliance business into an almost immediate decline but had the singular effect of lowering prices to a point were public demand was highly stimulated and a buying spree resulted when times improved toward the end of the decade. But manufacturers lost the strategic materials needed to satisfy their hungry markets when World War II began and converted their shops to turning out essential goods.

The war years, however, were marked [illegible] constant development and design of new and better household appliances. During this period such items as television, clothes dryers, waste disposal units, room air conditioners, freezers, dish washers and many other modern conveniences were developed.

From the end of World War II to the present day, the appliance, radio-TV industry has turned out an endless array of products that would have amazed the 1907 Canadian housewife as much as her Roman counterpart in 1 A. D. From a single light bulb in a New Jersey laboratory it has grown to a multi-billion dollar industry selling millions of appliances annually, outstripping the hopes and dreams of its most enthusiastic advocates.

And with new designs and inventions popping off the laboratory tables almost every day the future burns bright for electricity in the home. So bright that the housewife of 1959 would never know her kitchen if she too slept for 50 years and awoke in 2009.

O. W. Bauer Elected Vice-Chairman Vegreville School Division Board

The yearly re-organizational meeting of the Board of Trustees for the Vegreville School Division took place Monday, January 26th in the School Division offices. Highlighting the meeting was the oath of office administered to Mr. Joe Kufeldt of Minburn, the new school trustee for Subdivision 4. Mr. Kufeldt was elected by acclamation to succeed Mr. R. J. Whitson of Mannville, who has retired after six years as a trustee of the board.

Personnel of the board for the year 1959 by subdivisions are: Subdivision 1 W. G. Porayko, 2 Robert Brown, 3. Mike Chomik, 4. Joe Kufeldt, 5. O. W. Bauer, 6. Dr. T. Demco. All of these trustees were present at the meeting.

Mr. W. G. Porayko was re-elected by acclamation as trustee of Subdivision 1 and the board also elected Mr. Porayko to be chairman and Mr. O. W. Bauer, Mannville to be vice-chairman for the coming year.

The board heard the report of its auditors, which showed books and accounts to be in good order. The financial statement showed revenues slightly higher than estimated and expenditures well within the estimates.

Copies of the financial statement and reports of the superintendent and chairman are being printed and will be distributed to ratepayers along with the municipal financial statements.

The board adopted the minutes of the previous meeting and the report of Superintendent F. B. Facey. Authority was given for the purchase of an electric welder and metal working machine for Vegreville industrial arts shop.

A finance committee of the board was appointed made up of Chairman Porayko and Trustees Bauer and Brown. Banking arrangements were renewed with the Bank of Montreal and a line of credit established pending the making of the 1959 budget. The board also reviewed the insurance schedule presently in force, and the list of insurance companies carrying various percentages of the common schedule. The board directed various changes in amounts of coverage and renewed the insurance for a further three years at the same rate of 65c per $100.00, including supplementary coverage.

Written reports were received from William Eickmeyer and J. Park in regard to plant operation given to these men as to work to be carried out. Plans are to be secured for building a teacherage at Ranfurly.

The board adjourned to meet again on February 23, 1959.

The only possible way to convince some men that honesty is the best policy is to prove that it is more profitable.

LIGHTED SIGN POINTS WAY

Make it easy for your friends to find your home by installing an illuminated address sign the Electric Service League advises. Another aid is a post lantern to light the way to your front door.

Remove Fuse First

If you replace an old fixture with a new one, be sure you remove the circuit fuse first. The Electric Service League recommends this as a safeguard against shock. The fuse is reinserted when the job is done.

Health Unit Notes

OVERWEIGHT

Anyone who is more than 10% above the "standard" weight for people of the same age, sex and race must be considered to be overweight.

The importance of overweight lies in the fact that such people are more prone to various disorders than the average population. It has been known for a long time that overweight people are a poor risk for life insurance companies. It is a common cause of ill-health.

Here are a few disorders to which overweight people are predisposed — diabetes, heart disease, disease of the blood vessels, coronary thrombosis, varicose veins, gall stones, surgical post-operative complications, industrial household and street accidents, abdominal rupture (hernia), backache, flat foot, arthritis of the hips and knees. This is a large list of disorders (and one could add more) caused to some extent and certainly exaggerated by being overweight.

WHAT IS THE CAUSE OF OBESITY?

1. Over eating is the common cause because people are too fond of their food and sometimes because they are unhappy, and food gives them solace. Whatever the particular cause of their over eating, women are more afflicted than men.
2. Since the calorie requirements of the body diminish with advancing age, if there is no corresponding reduction in eating habits, obesity and overweight result.
3. There are some people who despite a very small appetite become obese through some obscure metabolic change.
4. Endocrine factors (glands) are an uncommon cause of obesity and overweight.

TREATMENT

Obesity is due to a greater intake of food than that a person requires, whether that intake is large, small or whatever metabolic change may be involved. The essence of treatment is to reduce the quantity of food eaten.

It is essential in dieting that the decreased food intake be supervised by your doctor, in order that the reduction in weight may not be overdone and to insure sufficient quantity of protein, iron and vitamins.

Prevention rests with one consulting one's doctor when you are aware that you are becoming overweight. Young mothers, especially after having a baby are liable to put on excessive weight. Remember, diet only under the supervision of your doctor. Exercise in moderation is a useful adjunct to dieting but excessive exercise increases one's appetite with a consequent calorie increase and weight gain.

CHATSWORTH CHATTER

At time of writing the warming trend has not materialized. However, it is almost the end of January, and days are lengthening quite noticeably, so all in all the winter has not been too hard -- yet! Most side roads are still open for motor traffic, and winter fever seems too bad when one is able to get out and about.

The January meeting of the Chatsworth Country Club was held at the home of Mrs Clayton Davis with nine members and four visitors present, the visitors being Mrs. Bert Moses, Mrs. Phillips, Mrs. Burton and Mrs. Ian Davis. As the secretary was absent Mrs Arthur Tovell took over the recording of the business of the meeting. This included passing of accounts of expenses of the Christmas concert. Sick committee report showed no one ill -- but one of the sick committee, Mrs. Farkash. The president, Mrs. F Henningsen, reported two books of tickets sold in aid of the Multiple Sclerosis, Edmonton Chapter, on two transistor radios, the sum of ten dollars being forwarded. It is planned to have the district home economist come to the next meeting, if possible, to give us a demonstration on some handicraft.

Mrs. Alice Davis and Mrs. C. Davis volunteered for the sick committee. The lunch committee for the February meeting — Mrs. H. Good, Mrs. S. Jacula, Mrs. Albert Tovell and Mrs. E. Henningsen. The Feb. meeting is to be held at Mrs. East's but if the district home economist is able to attend it will then be held at Mrs. Matt Farkash's. Ladies, please take note, the meeting date has been changed back to our original time — the third Thursday of the month — Feb. 19. Mrs. S. Jacula is in charge of the social.

The nickel draw donated by Mrs Arthur Tovell was won by Louise Davis. Following the close of the meeting a delicious lunch was served by the hostess, assisted by the lunch committee.

Those who bought tickets on the raffle of the transistor radios will be interested to know that the lucky winners were Mrs. Roy Fisher of Hardisty and Mr. E. Schmidt of 9850 - 80 Ave., Edmonton.

Whoopers Count Fewer Adults, More Young

WASHINGTON - The whooping crane latest news was good and not so good.

Good — the interior department said it counted nine young cranes at the Aransas National Wildlife Refuge in Texas during this month's annual survey from the air. This is the best showing in 20 years.

Not so good - There were only 23 adult whoopers spied at the refuge, as compared with the 28 adults which migrated from the Northwest territories last spring. This indicated that some which had been sighted in the Mississippi Valley last fall failed to make it to winter headquarters.

There are also six other whoopers in captivity. Five are in New Orleans and one in San Antonio.

Pioneer Brand Decorates Alberta Room in Royal York Hotel

Officials of the Canadian Pacific Railway Company have selected the well known TU brand of Jack Tucker of Vermilion as decoration for one wall of the Alberta room in the new 600 room extension of the Royal York Hotel in Toronto. This brand along with other famous livestock brands of Alberta ranchers and livestock men has been used to decorate one entire wall. The Alberta room includes a large private dining and meeting room designed for the use of Albertans.

In an endeavor to create the atmosphere of the province the room has been appropriately decorated and includes various items of Alberta arts and suitable pictures of Alberta scenes. One wall is covered with leather panels 36 inches square on which will be placed four famous Alberta cattle brands. As this is a large wall it takes 75 panels to cover it requiring 300 brands of old time Alberta ranchers and stockmen.

Management of the Royal York expect the Alberta room to become one of the popular meeting places in the hotel, and to be greatly in demand by Westerners. The room will seat one hundred people.

Mr Tucker registered his well known TU brand in 1912 the last of the two-letter brands and has used it continuously since. Ever since that time cattle which carried the brand on their right hips or horses with TU on their right shoulder, could be recognized as well bred and cared for stock. The owner of the brand, John "Jack" Tucker, is probably one of the few men in Alberta who registered a brand in 1912 and is still making use of the same brand today.

No doubt it was recognition of the length of time the brand has been in use and the fact that its one owner is well known for the quality and breeding of his livestock, both cattle and horses, that led the Canadian Pacific Railway hotel officials to ask permission to use brand TU in the decoration of the Alberta room of the Royal York hotel -- nor could they have made a better or more suitable choice, a pioneer brand belonging to a pioneer Albertan.

Last League Game Here Saturday

The last regular E. A. H. L. game will be played here on Saturday night with Neilburg supplying the opposition for the Tigers. The Tigers have come up with a lot of scoring ability in recent games and just might upset the Neilburg squad.

It looks now as if St. Paul will occupy top spot in the league with Bonnyville runner-up, followed by Lloydminster and Lashburn who are currently tied for third place. Left out of the play-offs at the moment are Maidstone 5th, Neilburg 6th and the Tigers.

Dominion-Wide Variety Firm To Open Vermilion Store

Stedman Bros., a well known mercantile firm which operates across the whole of Canada, has selected Vermilion as a point for one of their variety stores, and alterations and renovations to the former Hareuther Red and White building are already under way. Stedman Bros. have leased the building and will spend some $12,000 on renovations. The remodelling is being done by the local contracting firm of Caron & Calvert. Plans call for practically making over the interior and for an entire new front of the very latest design and materials.

The opening of the new store is being awaited with considerable interest and anticipation. This is another one of the several interesting developments which have taken place in the Vermilion business world during the past year.

Board Favors Subway Construction

The many advantages of a subway on highway 41 under the C.N.R. railway were outlined to the board of trade by councillor Cliff McCormick. Following considerable discussion, the board members were unanimous in their support of the project and the following resolution was passed: "That the board endorse the council's efforts in regard to the construction of an underpass at the C.N.R. crossing, and that a letter be written to the council to this effect."

Mr. McCormick stated that the estimated cost of the subway by engineers was $150,000. In an effort to eliminate level crossings on highways the Dominion government paid 80 per cent of the cost, the railways 10 per cent, the provincial government and the town 5 per cent each. This would bring the cost to the town of Vermilion to $7,500. As this crossing is on a provincial highway, it is possible that the province might bear a higher percentage and thus reduce the town's portion accordingly.

In addition to the added convenience and safety factors there are other advantages. For instance, the town is presently faced with building a new sidewalk over the railway leading to the south side at this point, at an estimated cost of $1000. This walk would be incorporated into the subway as it serves pedestrian as well as motor traffic. The subway would also include the cost of a storm sewer. Drainage in the west end of town would be greatly facilitated by this sewer. New lighting effects would be needed and these too, are put down to the cost of the [illegible].

The next step in the plan will be preparation of the necessary brief which is submitted to the Board of Transport Commissioners at Ottawa. Their decision as to the need and feasibility of the subway is final.

Board of Trade Donates To Farm Delegation to Ottawa

The Vermilion Board of Trade has donated the sum of $25.00 to the F. U. A. to aid the expenses of the western delegation to Ottawa. Date of the meeting with the Federal government has been set for March 10 and it is hoped that delegates will include representatives from this area.

Court of Revision At Town Hall February 16th

Claysmore-Stellaville F. U. A. Elect Mike Malek

At the annual meeting of the Claysmore - Stellaville F. U. A. Local No. 746, the following were elected into office for the year 1959:

President Mike Malek
Vice-Pres. - Dave Scott
Secretary Andrew Machin
Directors Rienhold Bauer, Ernest Prill, Peter Pidruchney, Ed Sloan, Alvin Bauer, James Barr, Martin Kenzie.
Auditors Dave Scott, Rienhold Bauer

A two-member action committee of Oliver Willes and Mike Malek were elected to take charge of circulating the 'March on Ottawa' petition.

Annual Bonspiel Scheduled For Feb. 23rd — 64 Rink Limit

The Vermilion open bonspiel is due to commence on Monday morning Feb. 23rd and this year the limit of competitors has been set at 64 rinks. This is quite a number less than have participated in the past so if you are considering entering send your name in to R. E. Carroll right away as the first sixty-four rinks are in. This is to facilitate quick completion of the big event. With six sheets of artificial ice, and the warmest rink in Canada, there promises to be lots of concentrated curling under comfortable conditions.

Five events are scheduled so the very worst a rink can do is to have five games. A buffet banquet will be held on the Tuesday night from 5 to 7 p.m. in the Elks hall.

School Division Basketball League Proving Successful

This year for the first time a High School basketball league has been operating in the Vermilion school division. Six boys' teams and the same number of girls' teams have been playing in this league since November last. Teams are from Dewberry, Marwayne, Kitscoty, Paradise Valley, Vermilion and the Vermilion School of Agriculture. This year players were limited to those boys and girls who were not beyond the age of eighteen as of Dec 31st in order to give the smaller high schools fairer competition.

The calibre of play has been noticeably increasing as the season progresses. Coaches and players are to be commended for the high level of achievement and sportsmanship shown.

Below is the league standing as reported to the Standard at press time:

GIRLS' LEAGUE

Team	P	W	L	Pts
Vermilion	7	6	1	12
Kitscoty	7	5	2	10
V. S. A.	7	4	3	8
Dewberry	6	2	4	4
Paradise Val.	6	2	4	4
Marwayne	7	1	6	2

BOYS' LEAGUE

Team	P	W	L	Pts
V. S. A.	7	7	0	14
Vermilion	7	6	1	12
Dewberry	6	3	3	6
Paradise Val.	6	2	4	4
Marwayne	7	1	6	2
Kitscoty	7	1	6	2

V. S. A. and V. H. S. teams, standing first and second respectively in the boys' league will be playing in the high school gym on Friday, Feb. 13th. A good game to see.

PLAY IN ISLAY HALL

The Islay Knox W.A. will present a three act play "Maid To Order" by the McLaughlin players on Friday, Feb. 20th starting at 8 p.m. in the Islay Community hall. 31-2

Western Delegation To Meet The Government March 10th

The date of March 10th has been set for the meeting of western people with the Government of Canada. Special trains carrying this delegation will be leaving Alberta, Friday evening, March 6. This will mean that any delegates wishing to participate must speed up their efforts. Alberta people should have no hesitancy in supporting the delegation. It is intended to support the western members of the government in presenting the case for the western grain grower. Public opinion in no small measure determines Government policy. The low net income to the prairie grain grower has seriously affected the Western economy. It can only be corrected by increasing the price to the producer. Since this crisis has been developing for some time it has now reached the stage where action is necessary. The delegation is the only effective means of the farmers to bring the situation to the attention of the people of Canada.

First Letter Mailed At New Post Office

Although the new post office is not yet in use the first letter has already been mailed therein. On a visit to the building on Friday postmaster Don Taylor noticed that a letter had been dropped into the mail box. Don saw that the missive got away alright. The unknown who posted it will no doubt see this item and realize that he or she made history.

Word of the actual opening of the post office will be announced in your Standard next week.

$20,000 Addition To M. & B. Motel

C. E. McCormick, owner and proprietor of the M & B motel, plans to build a $20,000 addition to the motel this spring. Permit for the extra accommodation was granted at the council meeting on Feb [illegible].

Bob-Cats Will Play Ponoka In Prov. Juvenile Play-Offs

The Vermilion Bob Cats will journey to Ponoka on Sunday to play the juvenile hockey team of that town in the first round of the provincial juvenile play-offs. The series is a two-game home and home affair with total goals to decide the winner.

The return contest will be played at the Vermilion [illegible] on Friday Feb [illegible] at 9 p.m. Watch next week's Standard for more news of this hockey attraction.

Communion Table Dedicated At Alliance Chapel

A feature of the morning service at the Alliance Chapel Vermilion on Sunday Feb. 1st was the dedication of fifty new hymn books and a new Communion table.

The hymn books were contributed by members of the congregation while the Communion table was the gift of Mr Ira Schurman and was entirely hand made and finished by him.

The pastor of the chapel Rev. J. M. Schroeder in making the dedication strongly expressed the appreciation of the congregation for these fine additions to the chapel furnishings.

St. Saviour's Parish Donates $2964 To Anglican Mission Funds

Besides meeting all the obligations of operating a thriving parish, the people of St Saviour's along with the associated parishes at Islay, King Edward and Pleasant Valley, donated the sum of $2964.00 for missions and extension work in the Edmonton Anglican Diocese. In addition to this all current expenses for the year were met amounting to $7076.42.

Receipts of the church for the year 1958 totalled $10,832.79 with disbursements of $10,832.79. A bank balance of $832.37 remains.

This was just a small portion of the interesting information given at the annual meeting of St. Saviour's. The meeting was held on Monday evening, Jan. 26 following a pot-luck supper with 55 church members in attendance.

In the absence of a rector, E. H. Buckingham, warden, acted very acceptably as chairman.

Reports were given on behalf of the senior W. A. by Mrs. W. G. Urquhart. Following a year of the usual activity the W. A. reported a net balance of $286.71 after payments and donations of $410.11 to church funds.

Mrs. Victor Lillet presented a similarly pleasing report for the Happy Hour group of the W. A. On the financial side the group had raised $1040.52 during the year with expenses and donations of $647.97 leaving a balance of $392.55.

PROGRESSIVE SUNDAY SCHOOL YEAR

A very progressive year was reported for the Sunday School with the superintendent Alex Palin, secretary Mary Mitchell and all the teaching staff coming in for complimentary [illegible] and thanks.

LITTLE HELPERS REACH NEW HIGH

There appears to be no lack of little Anglicans coming along as Mrs. Boulton reported 29 new members since one year ago and a new high of 83 enrolled. Little Helpers are children between the ages of 1 and 7 years.

Reports were given by Thos. Watts as choir leader, Wm. Fooks secretary of the men's club, Miss Eleanor Evans on behalf of the dramatic society, Mrs. Margaret Taylor for the badminton club.

The financial statement was given by secretary of the vestry and people's warden Lorne Puckett. Thos. Watts, envelope secretary, reported more envelopes being used with an increase in the amounts given. The [illegible] report was by the chairman Mr. Buckingham.

DISCUSS NEW RECTOR

Progress made in the appointment of a new rector was reported on by the vestry with the possibility of an appointment being made in the near future. In the meantime Rev. Flagler from Wainwright, Rev. H. Shell of Mannville have offered their help to conduct services here while laymen are quite ready to hold services also.

At the completion of the reports a lengthy motion of thanks to all who had helped to carry on the church work so well was made by Ashley Cooper. There was special mention of the untiring work of the two W. A. groups, the two wardens, the Sunday School teaching staff, the choir leaders and choir and the envelope secretary.

Election of members of the vestry for the year 1959 was then carried out with the following being elected: J. R. Robson, J. V. Knezie, D. Keen, Keith King, Alex Palin, Harry Brown, Sid Bartlett, Gib Stephen, J. K. Thompson, Wm. Fooks, Ashley Cooper, L. H. Payne, J. W. G. Morrison, Walter Coulter, Wm. Boulton, Harold Cooper. People's warden L. H. Puckett.

The three associated parishes will each appoint one member to the vestry.

Lay delegates to the Diocesan synod were E. H. Buckingham, Keith King and Don Keen. Alternates were H. Brown, Wm. Fooks and J. K. Thompson.

Dewberry Boys Play In All-Star Junior Game, Edmonton

Two well known boys from Dewberry now attending University were members of the all-star teams which played an exhibition benefit game in the Edmonton arena last Saturday evening. Playing forward for the junior all-stars was Jim Jones, son of Mr. and Mrs. Neil Jones, while Lorne Braithwaite, son of Mr. and Mrs. Joe Braithwaite was on defence for the juvenile all-stars.

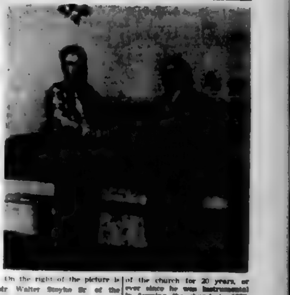
Town & Country Hockey Tourney Saturday, Mar. 7

The Vermilion Tigers hockey club is again sponsoring the town and country hockey tourney which has proved so successful in the past. Last year no less than 16 teams from towns, villages and country communities enjoyed the chance to play a lot of hockey to wind up the season.

Players are eligible to play on one team only, and no player registered in any league is allowed to play. The one exception in this regard is the juvenile league where the boys may play regardless.

Entries should be made to Reg Ireland or Jack Brown.

Four cash prizes are paid to the winners, $80.00, 45.00, $20.00 and $15.00. The champions are also awarded the custody of the Northern Hardware trophy.



On the right of the picture is Mr. Walter Stoyko Sr. of the Fidelity district north of Vermilion, who retired at the end of 1958 after serving as president of the church for 20 years, or ever since he was instrumental in forming the church in 1938. On the left is Mr. Nick Jacula, the new president who succeeded Mr. Stoyko.

Honored at Fidelity Gathering

On Monday night Jan. 26 the members of the Greek Catholic Church of Fidelity gathered in the Fidelity National Hall to honor the past president of the Fidelity church, Mr. Walter Stoyko Sr.

Mr. Stoyko came to Canada in 19[illegible] from Western Ukraine and settled on a farm in the Fidelity district where he still resides. Soon after his arrival he began organizing his neighbors for church work and in 1938 he had a church committee organized of which he was president. Mr. Stoyko held the office of president until the end of 1958 at which time he was succeeded by Mr. Nick Jacula.

At the evening party Father Hurko of Myrnam congratulated Mr. Stoyko for his leadership of the Fidelity church for the past twenty years. Mrs. Mary Sywenky on behalf of the Ukrainian Catholic Women's League of Fidelity, also spoke in honor of the retiring president.

As a mark of appreciation, Mr. and Mrs. Stoyko were then presented with a chesterfield as a gift from all the members of the Fidelity church.

Following the presentation, Mr. Stoyko thanked all the members for the beautiful gift. He also expressed appreciation for the opportunity to serve for so long as president of the church. He wished his successor, Mr. Jacula, every success in leading the church throughout the coming years.

The U. C. W. L. served a delicious lunch which everybody enjoyed. After lunch the members spent the remainder of the evening dancing to the music of Mr. Harry [illegible] and his orchestra.

"Published Weekly — Read Daily"

Pages have been written in an attempt to explain to advertisers why they can count on higher readership in weekly newspapers than in metropolitan dailies.

Generally this material is the result of expensive readership surveys, and often it is so detailed and involved that only the most diligent advertisers will take pains to wade through it.

However, presentations of this sort do prove their effectiveness over a period of time and no one interested in the future of the weekly newspaper trade will suggest that they be eliminated.

But, in support of these larger efforts, is there not a way of telling simply and continuously the weekly's readership story — a way which immediately impresses upon advertisers the fact that weekly newspapers do have the high readership they claim?

We think an answer is contained in just four words that one enterprising weekly carries in one of its front-page "ears." The brief statement, which really tells the whole readership story of weeklies, says:

"Published weekly — Read daily."

Nothing could be simpler, or more accurate.

That statement can stand as the explanation of why readership studies show the weekly enjoys five to seven times the readership of dailies. It shows why the good weekly is read from cover to cover. It shows why the advertiser in a weekly newspaper gets results.

In the best tradition of our trade, it is true and to the point.

The Canadian Weekly Editor

Farm Forum Will Tackle The Credit Question

What are the most important credit needs in your community?

Most of us need credit. All of us would like credit. So before you answer with the statement that your needs are the most pressing local problem, we suggest you must stop for a moment.

Has your community lost a church during the past twenty years? Has the community hall remained closed for longer than a year at a time? Is the old community spirit vanishing?

Perhaps some of these conditions have come about because of a lack of suitable credit to allow local residents to stay in business. If this is the case, and if the 40% of forum members who last year reported that they needed more credit are right, then let's find out what kind of supervision should go along with the credit.

Should supervision come from the bank? The feed company? The Credit Union? From an independent agency?

Should supervision be strict and mandatory? Or should the farmer have the right to reject some suggestions?

On February 16, National Farm Radio Forum will tackle the subject of supervised credit. We suggest that you obtain a copy of the Farm Forum Guide containing a discussion of the problem. Then, tune in at 8:30 Monday night, February 16, for the radio broadcast. You can hear it on 31 stations on the Trans-Canada network.

BEWARE!

There is always something interesting or intriguing about a new variety of crop or a new kind of animal. Frequently, salesmen are more interested in the profit from the sale of the variety than the value of the crop to the purchaser. Recently it has come to our attention, reports A. M. Wilson, Field Crops Commissioner, that a variety of rye named Sangaste, has been sold at prices far beyond its value.

Last year, hundreds of bushels of Clintland oats and Durum Ramsey wheat were promoted and sold with the salesman being the only one obtaining benefit from the transaction.

The Department of Agriculture publishes a pamphlet on [illegible] Varieties, which is available from any district agriculturist's office in the province. Anyone, who is approached to purchase seed of a new kind of crop, should first inquire whether it is a suitable crop for the district. It is difficult to understand why people will take a recommendation from the salesman rather than from a representative of the Department of Agriculture who has made a study of crops and varieties and has information from every experimental farm to back up the information he has to offer.

A Good Year For Babies

There was a record baby crop in 1958, reports The Financial Post. Births estimated at 472,000 were slightly above 1957's previous high of 469,100, but because of increased population the birth rate per 1,000 population dropped to 27.7 from 28.3 in the previous year. Birth registrations in 1958 were greater in Quebec, Saskatchewan, Alberta and British Columbia, virtually unchanged in Ontario and smaller in the other provinces. There were 144,650 new babies in Quebec and 158,801 in Ontario.

Alberta Report

Anders O. Aalberg, M.L.A. for Alexandra

The 1959 session of the Alberta Legislature was officially opened at 3:00 p.m. on Thursday, February 5 with the reading of the Speech from the Throne by Lieutenant-Governor J. J. Bowlen. This session is known as the 3th session of the 13th legislature since the province was first established in 1905.

By tradition the Speech from the Throne is a broad general statement covering the legislation, the budget, and other measures which the government proposes to submit to the session for consideration and action.

The Speech, read by the Lieutenant-Governor to the Alberta legislature on Thursday last, made reference to the visit of Her Royal Highness Princess Margaret to Alberta last year and to the anticipated visit of Her Majesty Queen Elizabeth II and Prince Philip to Canada and Alberta this year.

Highlights of the 1959 speech as related to the work of the various departments of government may be summed up as follows:

AGRICULTURE

An act to provide a source of credit for the improvement of farm homes will be introduced, and amendments to the Farm Purchase Credit Act will be proposed.

The amount of government financial assistance toward the purchase of purebred sires will be increased.

Larger grants to municipalities to aid in the campaign to control brucellosis.

The extension staff of the Department of Agriculture will be increased to give instruction and practical assistance in farm management.

EDUCATION

Increased operational grants to school boards.

Increase in rate of pensions to retiring teachers.

A revised Students' Assistance Act, to provide an expanded program of scholarships, grants, bursaries and loans to ensure that no deserving student will be deprived for financial reasons of an opportunity to obtain a University education.

MUNICIPAL AFFAIRS

The Municipal Finance Corporation will resume operation in order that school boards, hospital boards, and other local authorities, as well as municipal councils will be able to obtain necessary capital borrowings through the facilities of the Corporation.

Rural fire protection areas will be set up and fire officer training schools will be conducted to afford rural residents a greater measure of fire protection.

-- To relieve the hardships of winter employment, the provincial government has initiated an extensive winter works program and in co-operation with the government of Canada financial aid will be extended to municipal governments to undertake winter works plans.

HEALTH

Special emphasis will be placed on the provision of hospital care for the chronically ill.

A pilot project will be set up for the care of emotionally disturbed children.

- Existing services for those who suffer from diabetes, rheumatic fever, and other diseases will be expanded.

WELFARE

The erection of modern homes for aged citizens strategically located to serve the needs of the entire province. These homes will be built and furnished by the provincial government and will be administered by committees representing the municipalities whose people they will serve.

HIGHWAYS

The largest highway construction program in the history of the province.

The road program planned in municipalities will stress the construction and improvement of local roads linking farms with main market roads.

Continued efforts to halt the increasing trend of highway accidents and fatalities.

LANDS AND FORESTS

An extensive program to improve provincial parks and campsites.

Further development of forestry and industrial roads.

The forest protection program will be strengthened by the increased use of aircraft and special forest fire suppression equipment.

MINES AND MINERALS

Amendments to the Oil and Gas Conservation Act and the Public Utility Act to ensure continued effective management and development of natural resources will be introduced.

ATTORNEY GENERAL

New legislation to provide for the consolidation and orderly payment of debts.

A new trust Company Act will be introduced.

INDUSTRIES AND LABOUR

This department will be divided into two separate departments — one a Department of Industry and Development, and the other a Department of Labour.

Additional funds will be provided under the Rural Electrification Revolving Fund Act.

ECONOMIC AFFAIRS

The present functions of this department will be consolidated into the new Department of Industry and Development and the Department of the Provincial Secretary. Within this re-organization there will be established a new branch dedicated to the development of community services and a program of constructive youth activities.

PUBLIC WORKS

An extensive program to provide public buildings and institutions essential to meet Alberta's expanding population.

Two major highlights of the Speech from the Throne which are not specifically related to the work of any particular department of government should be included in this summary.

(1) Much of the legislation and many of the budgetary appropriations submitted to the session will be fo rthe purpose of launching various phases of the five-year development program announced by the government last fall. The purpose of this program is to stimulate large scale economic benefits to the people of the province.

(2) In co-operation with the governments of other provinces, the government of Alberta will strenuously oppose any further increases in the freight rate structure which impose unjust discrimination against the maritime and prairie provinces and Alberta in particular.

During the next week the main business of the session will be the debate on the Speech from the Throne which I shall endeavor to report to you through the columns of the Standard in the next issue.

Shower For Bride-Elect at Allandale

Despite the cold evening over fifty were in attendance at the Allandale community centre on Feb. 7th for a miscellaneous shower for Miss Anna Nelson.

Anna's aunt, Flora Throndson, presented the bride to be with a lovely corsage. A couple of hours of dancing were then enjoyed with music supplied by [illegible] McPhee, Ronnie Johnson and Orley Oneson.

Following the dance, Orley, on behalf of the gathering and also those who sent gifts and could not attend, presented Anna and Peter with a table laden with gifts. Sister Helen and cousin Evelyn assisted in unwrapping the parcels, each gift being passed around to be admired by all.

The young couple thanked all for the lovely presents, and those responsible for the grand evening. They extended an invitation to all present to attend their wedding and reception on Feb 14th.

Lunch was served during which time Ronnie Johnson favored the audience with two very much appreciated solos. Thus closed a very enjoyable social evening.

There never was yet a truly great man that was not at the same time truly virtuous.
- Benjamin Franklin.

WILDMERE WINKS

Almost every home in our community was represented at Mr. Leighton's funeral held in Kitscoty last Thursday afternoon. The huge attendance bespoke the high esteem the family hold in every community in which they had resided. Hugh, as he was known to everyone, was always very cheerful and friendly. He was the one who spoke first of starting a 4-H Calf Club in our district and was greatly interested in its achievement after it was organized. It is too bad to see such a clever young man take from our midst but we must remember God knows best. The service given by Rev. Shortt and Rev. McDonald at the funeral was very true to the life the deceased had lived.

Our sympathy goes out to his loving wife, mother and relations in their hour of sorrow. His book of life held only a few pages but it left many deeds of kindness and a wonderful personality to remember.

The Basswood - Wildmere Community Club held its annual meeting on Jan. 27 with a fair attendance at the home of Mrs. W. J. Garnett. It was decided to try to enlarge the Basswood community hall this summer. New officers elected were: — President —Albert Smith; Vice-pres. - David Hughes; Sec.-treas. - Mrs. F. Gibson; Directors — Mrs. Wallington; Baillie Holte; and Charlie Sweeney.

On Friday evening, Feb. 6, Wildmere W. I. met at the home of Mrs. Roy Dibben. Mr. and Mrs. Clarence Laboucane had been invited to it. After a short meeting, several games of whist were played and enjoyed. Kate and Clarence were then presented with first prize, a beautiful set of silverware from their many friends of Wildmere and Basswood. Whist winners were Mrs. Bill Smith and Lloyd Howard; the consolations went to Mrs. Westman and Mrs. Gibson who played as a man. A delicious lunch was served. Mr. and Mrs. Laboucane heartily thanked everyone for their lovely wedding gift and hoped everyone would come and visit them. Thanks Elsie and Roy, for the very pleasant evening even if the thermometer was well below zero.

What a wonderful store Macleod's have in Vermilion, so bright and spacious. Vermilion is really getting on the map with some wonderful buildings, residences and business places.

It does not look like February is going to be any warmer than January. There have been some real cold days this winter. Our mild winter in 1958 rather spoiled us. Winter will soon slip by and it will be spring once more. What the little boy said could happen quite often this winter. When he and his dad were out camping and he kept his feet on the top of the covers, his dad said "put your feet under the covers." The little boy replied, "No, not me, I'm not having those cold things in bed with me."

Doris Fadden of Ponoka visited for a few days last week with her parents, Mr. and Mrs. L. Fadden of Wildmere.

Local Gideons To Place 100 Bibles In School of Agriculture

A recent visitor to Vermilion was Mr. Jos. Hitchen, Western Field Secretary of the Gideons International, from Victoria, B.C.

While here, Mr. Hitchen was taken to St. Paul and Bonnyville school divisions for the purpose of New Testament presentations to grade five pupils. He was accompanied by several members of the local camp: E. Schuhman, Wm. Mix, Ken Isley, E. Clendenning and H. Sorenson. They met at Elk Point with two members from St. Paul, John Hull and Wm. Sawalsky, then proceeded in four teams to the various schools in the area.

During the day, they covered about 900 man miles and did about 120 man hours of work, calling on schools as far north as Cold Lake and Iron River and west to Ashmont. Four hundred New Testaments were presented and forty Bibles placed in school rooms, with additional orders having been received since that time.

The day's work was brought to a close with the members gathering at the home of John Hull, St. Paul, where a business meeting was held. More would have been accomplished but some of the roads in the area were blocked by snow, as indicated by reports given. Plans were made for additional presentations and activity in the community.

On Thursday, Jan. 22, Mr. Hitchen travelled to Wainwright with other local members and met with members and prospective members at that town. It is hoped to have a camp organized at Wainwright in the very near future.

Other immediate plans of the Gideons locally, include the placing of one hundred copies of the Bible in the School of Agriculture, Vermilion, thirty copies in the Battle River Lodge, Wainwright. The local camp makes presentations in nine school divisions, a total of about 2,300 New Testaments annually in addition to Bibles placed in hotels, motels, prisons, schools, hospitals and doctors and dentists offices.

GREENLAWN Goodwill Club

The January 13 annual meeting of the Greenlawn Goodwill club was held at the home of Laura Rainey with fifteen members present.

New members for the "sunshine committee" are Gertrude Blacklock, Berta Lumley and Doris Jones, who are responsible for sending get well cards, fruit and flowers to shut-ins in the community.

A motion was passed that the club sponsor a whist drive and bazaar in aid of community hall improvement. It was held on January 17 and was highly successful.

Alma Rainey kindly volunteered to represent the Goodwill club on the hall executive as co-ordinator of the two.

Thank-you cards were read from the appreciative old timers who received gift greetings from the club.

Also, those who did not receive their Christmas gifts from their "secret pals" were the proud recipients of "potato dolls."

The retiring executive were cordially thanked for their year's service and interest. Replacing them are Myrtle McMullen, secretary treasurer; Josephine Gray, president; and Doris Jones as vice president.

The next meeting will be held February 19 at the home of Julia Sikora, when secret pals will reveal themselves by exchanging valentines. An informal whist drive will follow.

Pretty Wedding at Lloydminster Unites Dewberry Couple

On January 3, First Lutheran church, Lloydminster, was the pretty setting for the wedding of Una Alice, only daughter of Mr. and Mrs. Bill McMullen of Dewberry, and F/O Gary Garnier, second son of Mr. Ed Garnier of Dewberry. The church was decorated with baskets of multi-colored mums.

Rev. Koehler officiated at the double ring ceremony and Cheryl Jones of Dewberry presided at the organ.

The bride, entering the church on the arm of her father, was radiant in her gown of chantilly lace over satin. This was fashioned with a little stand-up collar, satin bodice trimmed with sequins and pearls, lily point sleeves, and skirt of lace with a panel in front and tiers of lace down the back. Her fingertip veil, decorated with appliqued satin roses, sequins and pearls, draped from a little pill box hat of white satin. She carried a bouquet of red roses and fern. Her only jewellery was a double strand necklace of pearls with matching ear rings, a gift of the groom.

Donna Franke, cousin of the bride was first bridesmaid and Louise Rainey was second bridesmaid. They wore blue and pink respectively. Their dresses were nylon net over taffeta with matching lace bolero. They wore matching headpieces and carried blue and pink bouquets of carnations and fern set in lace. Their jewellery, gifts of the bride, were matching irridescent necklace and earring sets.

Little Arita McMullen, cousin of the bride was flower girl. She was dressed in yellow nylon with matching head band and she carried a basket of mums.

Supporting the groom were Russel Garnier, brother of the groom and Dean McMullen, brother of the bride.

Ushering the guests were Gerald Kinsbella and Gerald Holman.

During the signing of the register, Mrs. Glenn Rosch sang the Wedding Prayer.

For her daughter's wedding Mrs. McMullen chose a royal blue dressmaker suit with white accessories and gold jewellery.

At five o'clock, 130 guests sat down to a hot turkey banquet in the Greenlawn hall, prepared by the ladies of the Greenlawn Goodwill club.

The bride's table was centred with a very lovely three-tiered wedding cake decorated by Mrs. Walter Jones. Mr Glenn Rosch asked the blessing.

Mr Angus Smith of Mannville a former teacher of both Una and Gary, proposed the toast to the bride, to which the groom ably responded.

Lorraine Garnier was in charge of the guest book.

Among theh many out-of town and local guests at the wedding were Mrs. McGowan, grandmother of the bride; Mrs. Archie Wood, great-aunt of the bride, and Mr Gus "Pop" Garnier, grandfather of the groom.

Following the reception, a very large crowd enjoyed an evening of dancing to the music of the Western Aces.

For the trip to Saskatoon where the groom is stationed with the R. C. A. F., the bride changed to a black blin-n-blin suit with turquoise accessories.

NEWS from ISLAY

Mr Pryce Jones of Edmonton is visiting his daughter Mrs. King and Mr. King.

Mrs. I. D. Inman received word of the death of her last surviving brother at Consort Saturday. This was the third in the last eight months. Sympathy of the town is extended to the Inman family.

While playing hockey Gerald Inman received a blow with the puck on his forehead making a gash which required three stitches to close.

On Saturday the Islay Scouts and some from Kitscoty including the scoutmaster Rev. Mr Potter went on a ski-hike to the twin hills, leaving Islay about 11:00 a.m. Each made his own fire and cooked his own meal, ate and was ready for fun by 1:00 p.m. They spent the rest of the afternoon skiing down the hils into the valley and did some ski jumping. They arrived back in Islay about 5 p.m. Rev. Potter and the Kitscoty boys went home by car. A grand day was reported by the boys.

Clarence Robertson had the misfortune to break two ribs last week when he fell against the truck box.

Mr. and Mrs. Dalt Torrance and Linda; Mr and Mrs C Robertson, Wayne and Sharon, visited Mr and Mrs. Vic Torrance in Vermilion on Sunday.

Youth Sunday was observed in the United Church on Feb. 8 with a full congregation. The Cubs, Scouts and 4-H Food Club attended and several members of these groups took part in the service, doing a very nice job. Miss Janet Kent sang "My Task" and Rev. James Shortt gave the address which was very thought provoking, especially to the youth.

The Girl Guides of Kitscoty had a skating party Monday night, inviting the Scouts. There are four Islay Scouts who attend meetings in Kitscoty.

Mrs. Moncrieff and Mrs. Redmond attended the 4-H rally held at the School of Agriculture in Vermilion on Feb. 4.

The monthly meeting of the W. A. of the United church was held at the home of Mrs. Bill Axley on Thursday with 24 present. There were 4 new members. The devotional period was led by Mrs. Inman. The monogram blocks for the quilt were on view and looked very nice indeed. There are many yet to come in. Please turn them in soon ladies as we would like to [illegible] ready for the Easter tea. [illegible] of material for the bazaar was handed out. A committee was appointed to buy [illegible] for the kitchen. [illegible] was instructed to [illegible] the McLaughlin players [illegible] of having them [illegible] to present their [illegible]. The meeting ended with the prayer and the hostesses Mrs. McLean and Mrs. Axley [illegible] a most delicious lunch.

Thursday, Feb. 4 was Beverly [illegible] twelfth birthday and it was celebrated by having Miss Kent, Miss Brumington, Jeanie Axley and Linda Torrance out to dinner at 6 p.m. A happy time was spent.

Wildmere Women's Institute Notes

The February meeting of the Wildmere W.I. was held at the home of Mrs. Roy Dibben on the evening of the 6th. There were ten members and five visitors present.

A short business meeting was held as the branch entertained as their honored guests Mr. and Mrs. Clarence LaBourane who were married recently. Mrs. LaBourane is a charter member of the Wildmere W.I.

Roll call "What part of the outside work is the woman's share?" The answers were all very similar. March project — subscription to the Canadian Association of Consumers. The C.A.C. bulletins were given out. Usual topic and social were deferred. J. J. Up was won by Mrs. C. Sweeney. The meeting then adjourned and the members joined their menfolk in several games of court whist of which there were five tables. Winners were: Ladies, 1st, Mrs. W. G. Smith, consolation, Mrs. W. D. Westman; gents, 1st, Lloyd Howard, consolation, Mrs. F. H. Gibson.

After lunch a cabinet of 8-piece place setting of silver flatware was presented to Mrs. LaBourane from the Wildmere W.I. and the surrounding community. Mr. and Mrs. LaBourane both thanked everyone for the lovely gift and the enjoyable evening.

The sale will be subject to the following terms and conditions

The Department reserves the right to withdraw any of the lands from the sale or to include any other lands therein.

Lands sold shall be subject to reservation for existing surveyed roads, or roads hereafter surveyed, provided application for such roadway is made by the Provincial authorities prior to the issue of Patent. The areas of lands sold are subject to adjustment in accordance with the revised plans of survey.

Purchasers of timbered lands must take out a permit subject to the usual dues and fees before cutting any timber except for their own use.

Sand or gravel must not be removed from the lands sold until a permit has been obtained from the proper authorities and payment made of the required fee and dues.

The sales will only convey the surface rights of the land and will be subject to the usual reservations in favour of the Crown.

The sale shall convey to the purchaser only those improvements upon the land which are the property of the Crown at the date of sale. All such improvements are fixtures and shall remain on the land and be the property of the Crown and shall not be removed or destroyed until final payment of the land has been made.

If any improvements are stated in this notice to be the property of anyone other than the Crown then the preceding paragraph shall not apply. The improvements may be sold at the sale but no representations are made and no warranty of any kind is given as to ownership or otherwise.

Terms of Payment

On areas in excess of forty acres: Payment in full of the purchase price shall be paid at the time of the sale or one-fifth of the purchase price shall be paid at the time of the sale and the balance of such purchase price shall be paid in nine equal successive annual instalments, with interest at the rate of 3½ per cent per annum, which interest shall be paid with each instalment on the balance thereof from time to time remaining unpaid. Any instalment not paid when due will be subject to interest at the rate of 4½ per cent per annum.

On areas of forty acres or less: Payment in full of the purchase price shall be paid at the time of the sale or one-fourth of the purchase price shall be paid at the time of the sale and the balance of such purchase price shall be paid in three equal successive annual instalments, with interest at the rate of 3½ per cent per annum, which interest shall be paid with each instalment on the balance thereof from time to time remaining unpaid. Any instalment not paid when due will be subject to interest at the rate of 4½ per cent per annum.

Upon a parcel of land being sold, the purchaser shall immediately pay the Clerk of Sale the full amount of the purchase price or pay the amount of the first instalment, and in addition make payment in full for the improvements which are listed herein, otherwise the parcel will at once be put up again.

Payment sufficient to cover the requirements of the first instalment calculated on the upset price, must be made in cash, or by marked cheque on any chartered bank of Canada, payable at par at the place of sale, or by certified treasury branch cash order, bank money order, or postal money order. If the amount bid for a parcel of land exceeds the upset price, the difference between the upset price and the amount bid may be paid in cash or personal cheque.

Further particulars covering the terms and conditions of the sale may be obtained by communicating with the Director of Lands, Department of Lands and Forests, Edmonton.

Prospective bidders should satisfy themselves as to the quality, etc., pertaining to the lands.

By Order,
V. A. WOODS,
Director of Lands. 3lx

NEWS from ALLANDALE

Weather has been very erratic. Jan. 31st in the morning it was twenty below, in the evening it was 20 above. Feb. 2nd it was over forty above, but it did not last long and weather is now well below zero.

Mr. and Mrs. Ralph Strome and family are the proud owners of a 1959 Pontiac.

The sympathy of the community is extended to Mrs. Hugh Leighton, mother and families on the death of a dear one. Hugh taught at Allandale school for two years and was well known and highly respected in the district. "We mourn for him we dearly love, for one we could not save, beloved in life and mourned in death, remembered in the grave."

Mrs. Nora Ronaghan of Islay who had been waiting for a bed in the Royal Alex. Edmonton, was called on Jan. 30th for extended medical care. On Feb. 6th Nora had an operation which was very successful and is getting on very well. A speedy recovery is wished her.

On Feb. 5th Mr. and Mrs. Peter Dutchak of Campbell Lake motored to the city returning Friday evening. On the 8th they drove up to Vegreville to attend Elsie's grandparents, Mr. and Mrs. Stanley Palsitt's fortieth wedding anniversary. Elsie baked the three-tiered wedding cake for her grandparents and it was iced by the writer who deemed it a great privilege. We too extend our congratulations and may they have many more happy anniversaries.

We were the recipients from Elsie of a lovely sponge rubber cushion top.

One of the Princess Ann W.I. card parties was held at the Joe Parchewski home on Feb. 7th where the Allandale folk were present. Ladies' first prize was won by Ralph Strome, playing as a lady, 2nd, Evelyn Throndson, and Ellen Omness (again), men, Orley Omness, Steve Gordey, John Starko. The hospitality of our host and hostess was much appreciated.

It was very interesting watching the two jets maneuvering in the clear blue sky on Feb. 9th. It was 32 below here on the ground. Beautiful long white trails were left in the sky.

We have more news of the Johnny Nelson family at Loma Linda, Calif. On their daughter Alva's 6th birthday Jan. 29th, they went to San Juan Capistrano, an old Spanish mission, and the oldest building in California. The beautiful Spanish altar, over three hundred years old, came from Barcelona, in Spain. The famous white doves greet you as you approach and eat from your hand. Many nests of the famous swallows can also be seen on the side arch of the ruins of the great stone church. The swallows return from the south every year on St. Joseph's day, March 19th and busy themselves repairing or rebuilding the nests. They leave on Oct. 27th for unknown destinations to the south. A reminder too of the old song. There are many other interesting places in the old mission. Being situated near the ocean, Alva had a good time gathering shells and watching the waves roll in. A birthday party was also held at the Court on the lawn when her playmates were home from school. They drove by the mountain where the big fire raged just after Christmas when so many homes were destroyed and bushland devastated. The people are now fearing flash floods as there is no growth left on the mountain side. Planes are dropping seed to get a growth started. It is very dry there, although grass is starting to appear and looking quite green again. One Saturday the Nelsons accompanied a neighbor to the desert to catch wild burros. This neighbor tames and sells them just as Shetland ponies are sold here for the children. He does the same with wild horses, runs the mother away and catches the colt.

On Feb. 27th the Princess Ann W.I. of Campbell Lake are having films, including an interesting one on cancer, in the evening at the Allandale community centre at 8 p.m. Lunch will be served. There is no charge and everybody is welcome.

Mr. and Mrs. Sheppard and daughters Sylvia and Patti and Gordon Leighton from Kitscoty were visitors at their daughter Evelyn's, the Alvin Throndson home, on Feb. 8th.

On Feb. 10th Misses Margaret and Cathy Laird of Clandonald came on the school bus to spend the night at the Omness home.

Closing thought: "There is an eye that never sleeps beneath the wing of night. There is an ear that never shuts when sink the beams of light. There is an arm that never tires when human strength gives way. There is a love that never fails when earthly love decays."

MARWAYNE

Congratulations to Mr. and Mrs. Jerry Hines on their marriage on Saturday, Jan. 31 in Lloydminster. They entertained at a wedding dance in the Elks hall, Marwayne that evening.

Congratulations also to Mr. and Mrs. Mike Hamernyk on their marriage in the United Church, Kitscoty on Saturday, Feb. 7th. A reception for 180 guests was held in the Elks hall, Marwayne followed by a dance.

The senior hockey team have had a victorious week, playing three games away from home with Vermilion School of Agriculture, Lloyd. Carpenters and Lashburn.

The Pee Wee hockey tournament was postponed until a later date on account of the cold weather.

On the "basketball front" in Marwayne, Tuesday Feb. 3, Marwayne Jr. High girls won 25-12 over Kitscoty and the Marwayne boys beat the Kitscoty boys 18-12. On Friday, Feb. 13, the Kitscoty high school girls won 20-8 over Marwayne and the Kitscoty boys lost to Marwayne 31-24.

Instead of the regular meeting of the Cubs and Scouts on Thursday last, a family night was held. The Cubs enjoyed a hockey game with the Bulldogs winning over the Bruins by a score of 1-0. Then the Scouts entertained in the Elks hall with a talk on traffic safety by the Lloydminster R.C.M.P. and two police films were shown.

Another old timer of the Islay district, Mr. George Christopher passed away on Friday Jan. 30. The funeral service took place at the Irwinville church with interment in the Irwinville cemetery. The sincere sympathy of the community is extended to Mrs. Christopher and family. Mr. and Mrs. Fred Christopher, Mrs. Mollie Duckering and Mr. and Mrs. Ben Murray all of Edmonton, attended the funeral.

Mr. Lawrence Perin has left by bus for a holiday trip to California.

Mrs. Holmes is home from the hospital.

Mr. Frank Cunningham is a patient in the Col. Mewburn hospital in Edmonton.

Your correspondent has been unable to get all the results of the open bonspiel held two weeks ago. The winners in the first event were: 1st — Bill Powell, Dewberry; 2nd — Neil Jones, Dewberry; 3rd — J. Gardiner, Marwayne; 4th — L. Van Camp, Marwayne. A club bonspiel will be held this week.

Congratulations to Mr. and Mrs. L. Van Camp on the arrival of their two month old "chosen" daughter from Edmonton. A little sister for Jerry.

Ralph Hillaby escaped with only a torn ligament in his leg when he fell from a telephone pole while repairing a line.

David Elliot pinched a nerve in his neck in a nasty fall at the rink while playing games. He was hospitalized for a few days for observation.

Remember to call at Mr. Elliot's office on Saturday, Jan. 21 when the C.G.I.T. are serving coffee and doughnuts and having a bake sale from 2:30 to 5 p.m.

Miss Scarfe told of her 4-H trip to Toronto at the 4-H Sewing club meeting on Tuesday, Feb. 3. Mr. John Doull Jr., showed pictures to the Calf club the same evening.

Farm Women Help Fellowmen By Donations Of $9,113.77

The women of the Farm Women's Union of Alberta have done a wonderful job of helping their fellowmen this past year. The results of a questionnaire that was sent out to the 161 F.W.U.A. locals in Alberta are very impressive. With 74 questionnaires returned, it was found that there had been $9113.77 donated to various organizations by these women. Some of the organizations that received these donations were Cancer, Community Chests, Salvation Army, Mental Health, Disabled Persons, Red Cross, Retarded Children, etc., as well as many community efforts. Assuming that the locals who haven't reported yet did as well, there would be an estimated total of $19,000.00 in donations given to worthy organizations from 3,317 F.W.U.A. members. This is an average of $6.00 per member.

IN MEMORIAM

In fond memory of
EILEEN

"I do believe that just the
same sweet face
But glorified, is waiting in the
place where we shall meet,
If only I am counted worthy
in that by and by.
God never made spirit for
spirit
Answering shade for shade
And placing them side by side
So wrought in one, though
separate, mystified
And meant to break the quivering threads between.
I am quite sure we will be
very glad, that for
A little while we were so sad!"
—In loving remembrance,
Mom and family.

OUR LETTER FROM EDMONTON

More Money For School Operation, Rural Electrification, Farm Home Loans Forecast in Alberta Throne Speech

by KEN MASON

EDMONTON -- The announcement of a major reorganization of government departments was the only real surprise in the Speech from the Throne read last week as the fifth session of the 13th Alberta Legislature got underway.

Here's the way it will work: The industries and labor department will become industries and development. Labor will come under a new and separate department to be set up this session.

Economic affairs will be abolished. Its industrial development work will be taken over by industries and development. The rest of its functions will be transferred to the provincial secretary's department.

Previously, all the government had announced was that a separate department of labor would be established, in response to pressure from organized labor and in spite of objections from chambers of commerce and some other groups.

The shuffle may mean appointment of a new minister. Hon. Raymond Reierson, St Paul, now heads industries and labor. Hon. A. R. Patrick, Lacombe, heads economic affairs. Hon. Alfred Hooke holds the dual role of minister of economic affairs and provincial secretary.

Other than that, the Throne Speech read by Lieutenant Governor Dr J J Bowlen was pretty well what everyone expected. It stressed initial phases of the government's five-year development program, including homes for the aged to be built throughout Alberta this year.

HUGE HIGHWAY CONSTRUCTION PROGRAM

It forecast the largest highway construction program in the province's history for the coming year. Details won't be known until Highways Minister Gordon Taylor outlines them later on in the session. But appropriations for highway work are expected to dwarf last year's $62,000,000.

MORE MONEY FOR SCHOOLS, RURAL ELECTRIFICATION

The governor's speech, containing the usual sketchy outline of government plans, also forecast increased school operation grants, more money for rural electrification, expansion of the government telephone system, and an enlarged program of provincial parks development and forest protection.

NEW PARK

A highlight was the announcement that a 2,100 square mile wilderness provincial park will be established in the rugged mountain and foothills country northeast of Jasper National Park.

TELEPHONES — FARM HOME IMPROVEMENT LOANS

The speech also forecast government assistance to rural mutual telephone companies in extending their facilities. There will be some as yet undisclosed changes in the farm purchase credit program, and introduction of government guaranteed farm home improvement loans.

A beef cattle performance testing program will be started to help farmers select high-quality breeding stock, and municipalities will be given more help toward carrying out anti-brucellosis programs among cattle.

The agriculture department extension staff will be enlarged to give farmers instruction and assistance in farm management, and there will be more money for municipal seed cleaning plants.

The government promises to implement some of the recommendations of a committee which spent the past year studying irrigation policies, and money will be appropriated for stock-watering projects in the special areas.

NURSING HOMES

Dealing with health services, the speech hinted at establishment of nursing homes for chronic patients, and said a pilot project will be set up for the care of emotionally disturbed children.

MORE SCHOLARSHIPS

An expanded scholarship program will cost more than $1,000,000 a year and is being designed to guarantee every deserving student a university education. Operations of the Municipal Finance Corporation will be resumed and expanded to cover school and hospital as well as municipal works.

Under municipal legislation, the speech said provision will be made for setting up rural fire protection areas and fire officer training schools "to afford residents of the rural areas a greater measure of fire protection."

600 WATCH OPENING

More than 600 persons witnessed the colorful pomp and pageantry as the lieutenant governor, dressed in his ceremonial Windsor uniform covered with gold braid arrived to open the session.

A 15-gun vice-regal salute boomed across the North Saskatchewan river valley, and the army's Coronation trumpeters played a stirring fanfare as the governor entered the flower-decked main rotunda of the legislative building.

ELECTION YEAR

The current session of the House may be the last before a general election. Speculation is that Premier Manning will call a vote for sometime this year.

In view of this, the political content of House debates will be unusually high as cabinet ministers and MLA's use the session as a sounding board for campaign issues they expect to be fighting in the coming months.

The reply to the Throne Speech was moved Friday by Dr W W Cross, Social Credit member for Hand Hills and former minister of health. It was seconded by George Bell, member for Gleichen.

The House got down to business Monday when Grant MacEwan, new leader of the Liberals, opened the Throne Speech debate.

Many of you are working on sewing or on handicraft these days and, if you are planning to exhibit it, perhaps you are wondering what the judges look for. The bulletin "Standards for Judging Foods, Clothing and Handicraft" is available free of charge from my office.

Is there a common pitfall in handicraft? This question has been asked directly and indirectly many times. In reply perhaps "design" has been the most frequent answer. One of the great needs is a knowledge of 'good taste'. Good taste is the application of design principles to articles where appearance as well as usefulness is of the utmost importance. Ask yourself the following questions before you decide on any article. I would like to take the indoor cushion as an example.

1. Does it serve the purpose for which it was first designed? For example, the purpose it was first designed for is to add comfort when lying or sitting on a chesterfield or chair. Therefore a cushion which is too small, or a cushion which one would not want to lean on is not a good design.

2. Does the decorative design interfere with the function? If you are planning to put on a large raised floral pattern in brilliant red velvet the cushion function is again defeated because no one would want to sit on it. In such a case it would be preferable to mount the cover and use it as a wall hanging rather than put it on the back of the chesterfield.

3. What are the rules regarding decoration?

It should be used in moderation and should follow the structural lines of the article. The bulletins "Indoor Cushions" and "Border Designs" show examples of this and are available from my office.

Perhaps the simplest rule is to remember that a decoration should be suited to the material and the purpose it will serve.

Pictorial or naturalistic designs are not appropriate. Decorative designs for useful objects should be a simplified pattern rather than an attempt to copy nature. The more you imitate a bird, plants, etc. the more your design loses character and less appropriate it becomes.

4. What can be used as a color guide? The color for the background and the design of the article should blend with the colors in the room. Large areas should have quiet colors while smaller areas may be in striking contrasts.

Color combinations are more beautiful if they are varied rather than equal. All the colors should look as if they are varied rather than equal. All the colors should look as if they really belong together and should be subordinated to the main color to prevent confusion. For a beginner, a safe guide may be a limit of not more than three colors. Most patterns suggest too many colors.

Remember that color is not always necessary. White embroidery may be extremely effective. Color will also take interest away from beautiful open cutwork.

CLAYSMORE CLIPPINGS

The dance held at Calysmore last Friday was a huge success. This dance was sponsored by the Claysmore Community Club. The Country King orchestra supplied the music.

Dougie Olstad celebrated his second birthday on Saturday with a number of little friends and their mothers helping him celebrate.

Mrs. Ronnie Bauer was hostess Monday afternoon at a birthday party for Karen's sixth birthday. Everyone present enjoyed the sumptuous lunch and birthday cake served by Mrs. Bauer.

Mrs. Mike Pawlow has been visiting at Glendon with her parents. Her father is recuperating from an operation.

Sunday evening supper guests at the Allan Olstad home were Mr and Mrs Richard Stebner and family and Mrs Laura Van Nest and Russel. Saturday evening guests at the Olstad home were Mr and Mrs Ernie Larcombe and Leslie.

Young Phillip Willes has been on the sick list with a severe case of tonsillitis.

We are glad to report Mrs. Jack Willes is much improved and hopes to be home from hospital this week sometime.

The sympathy of the district is expressed to Mrs. Dale Williams on the death of her eldest brother, William Doig in Glasgow, Scotland. His untimely passing was attributed to the smog that has been so bad in England and Scotland these past few weeks.

Visitors at the home of Mr. and Mrs. Robert MacMillan this past week were Mr. and Mrs. H. Humber, Mr. and Mrs. Peter Krushensky, Mr and Mrs. H. Ralph and Mrs. A. Olstad.

Come again folks, these pleasant evenings make the time pass more quickly these cold winter days.

A good many people who never do anything on time, buy all their things that way.

Lashburn Outscores Tigers 11 to 7 In Wednesday Night's Game

Wednesday night's hockey game with the flashy Lashburn Flyers providing the opposition for the Tigers was a good one to watch with the Tigers uncorking some real goal scoring ability. The game was close until the third period opened when the visitors ran in three quick goals, all in 2 minutes and 46 seconds. Tigers came up with three while the Flyers added a fourth for the final period the game ending 11-7. Lashburn has a very smart well coached team and will be nobody's pushover in the playoffs.

Kassian led the point getters for the Tigers, scoring a hat trick and an assist as well. Boehn of the Flyers gathered in 5 goals.

STATISTICS

1st period: Kassian (Jost), Boehn, J Coolidge (Adair), Witchin (J. Coolidge), Kassian (Cooper), J. Coolidge (Adair); Bronson (Waldenberger).

2nd period: Waters (Johns), Jost (Kassian), Boehn (Johns), Adair (Witchin). Pen J Coolidge.

3rd period: Wouters (Boehn), Boehn (Bummel, Wouters), Boehn (Wouters), Bronson (Cooper), Boehn (Bummel), Johns, Dennil (Romanchuk), Redford, Kassian (Anderson). Pen Redford and Witchin.

Stan Manyluk, referee; Les Williams, linesman.

Lloyd Chevvies Snow Under Tigers

Lloyd Chevvies snowed the Tigers under a 13-3 score on Monday night at the local arena. The game appeared much more even as far as territorial play went, but the goals certainly all went the way of the Chevvies.

The goals for the Chevvies were scored in order by Smith, McLean, Rathgaber, Mills, McLean. In the second period it was Rathgaber, Hill, Barrack, King. The third period it was Hill, Barrack, King and Barrack.

The Vermilion counters were made in the third period by Bruce Anderson, Redford from Dennil and Romanchuk, and Redford.

McConnell and Burns refereed.

Entries Invited For Bonspiel At Buffalo Coulee

The annual open bonspiel at Buffalo Coulee will start on Monday Feb 16th and entries are cordially invited. The entry fee is $8 per rink and should be made to Matt Majury. Three competitions will be played.

John Deere Day Attracts Hundreds

Several hundred people flocked into town on Tuesday, the occasion of the annual John Deere day sponsored by Delainey Implements. The program was a good one, everyone seeming to enjoy it immensely. Town stores co-operated by putting on John Deere day specials and the effort appeared well worth while.

Guest Speaker At Board Meeting

Guest speaker at the board of trade luncheon meeting held on Wednesday last was Mr Trev Self, special representative of the Retail Merchants Association of Canada.

The speaker was introduced by Mr E Clendenning, president of the Vermilion branch of the Retail Association. In his talk Mr Self outlined the work of the association which has been organized to represent independent retailers, and to help deal with the many mutual problems in the sphere of small business. He was endeavoring to gain support for the return to orderly marketing of consumer goods and asked the board to endorse a resolution to the dominion government in this regard. A specimen resolution was referred to the retail committee of the board for study and recommendation.

Social Credit Wins At Olds

Social Credit won Monday's by-election in the Olds constituency by a 2-1 margin over the Liberal party in a two-way fight to fill the vacancy in the legislature caused by the death of Fred J Niddrie, Social Credit.

The vote gave Roderick A. Macleod, 50-year-old mayor of Sundre, 3181 votes as compared to 1543 for Walter Anderson, a 41 year-old farmer who ran for the Liberals. A Conservative who had been nominated, gave up and withdrew from the race before nomination day. The Liberal candidate thus loses his deposit.

The vote polled showed a slight increase for the Social Credit party compared with the last provincial election, with a decided decline in the support accorded the Liberals. In 1955 the vote was: Social Credit, 3161 Liberal, 2238.

Premier Manning said the margin of Social Credit victory shows "support for the Liberal party in this province is steadily on the decline."

Liberal Leader Grant MacEwan, who took over the leadership last fall, said he still feels there is a growing demand for a change — the "swing will be manifest when there is a general election."

4-H Turkey Club Invites Members

The Vermilion-Mannville 4-H Turkey Club held a meeting on Jan. 10 to complete the year's activities. Mr Morley Douglas, assistant D. A., presented the ribbons and special prizes to the club members. The club would like to publicly thank the local buyers at the auction sale on Dec. 18.

The next meeting will be held on March 28. Anyone wishing to join this club, please send in your name to the District Agriculturist, and if possible be present at the re-organization meeting on March 28.

Every member appears to have enjoyed the past year in 4-H and it is the desire to have many new members in 1959.

Radiation Course Held By C. D. At Kitscoty

The first civil defence class on radiation monitoring has been completed in Kitscoty when twelve civil defence volunteers attended a five night course.

The object of the course is to train citizens on the use of instruments to measure radioactive fallout.

Lectures covered the following aspects:

Atomic weapons effects, introduction to radioactive fallout, the pockett dosimeter, radiation dosage calculator, the use of radiac survey meters, dosimeters and calculators.

A source of radioactive material was available for use with the instruments which made the course very practical.

Civil defence badges were presented to the following class members: John David, Martin Shaika, William Yuskow, Harold Hubbard and R D Trask. Civil defence brooches went to Mrs. R. D Trask and Mrs Kenyon. Others attending the course were Mr Lester Metcalf and J. R. Bauman. Three others did not complete the course. Mr Clark Richardson and Mr W A Anderson were the instructors, while the class was directed by George Martin, the local director of civil defence.

It is hoped to hold more of these classes if enough citizens are interested. Please contact Mr Horack at the M D office at Kitscoty or George Martin at Vermilion for more information. The above are also accepting registrations for home nursing and first aid instruction.

Rotary Hears Talk On Bruce County

At Friday's luncheon meeting of the Rotary Club, E. H. Buckingham spoke on Bruce County, Ontario. The speaker was born there and tried to make out as good a case as possible for his favourite county. The county was settled in 1849 to 1852 and the speaker's grandparents were among the first settlers. Mr Buckingham related many incidents of the early days which had been passed along through the family to the present day.

Ken Rowe introduced the speaker and Ash Cooper thanked him for his address.

[illegible] Jim Robson was in the chair. He introduced to the meeting Geo. Bayton and Ben Gulack both of the Lloydminster Rotary Club.

Carl Heckbert introduced his guest Hugh Stewart.

Arrangements were made at the meeting for rinks from this club to attend the Vegreville Rotary Bonspiel, and the inter-club bonspiel at Vermilion.

SCOUTING NEWS

Messrs. L. Wheating, Ted Herbert and A. Coker attended the district council meeting at Wainwright on Feb. 2nd.

Four of the Cub leaders, Mrs. E. Bottorff, Mrs. F. Park, Constables R. McDowell and A. Coker attended an all-day Cub training course at Camp Wainwright on Saturday, Feb. 7th.

February 16th will mark the beginning for all the groups of Scouting and Guiding to remember Lord Baden Powell, the founder of scouting, and this week gives all groups an opportunity to display their handwork and do their extra good deeds.

Saturday, Feb. 21st the Guide and Brownie tea will be held in the Elks hall. On Sunday, Feb 22nd (Baden Powell's birthday) there will be a special service in the Scout hall at 2 p.m. Parents and friends are invited.

Tickets will soon be available for the contest of the "Ice Break-Up" to be sponsored by the local group committee. More news on this later.

A meeting of the group committee will be held in the Scout hall on Feb. 16th at 8 p.m. All members are urged to attend.

Thanks are extended to Mr. Herbert and Mr. Coulbourn for working extra hours to lay the tile on the bathroom floor in the Scout hall.

The two Cub packs donated $100 to build the cupboards in the kitchen of the Scout hall. Mr Bottorff is building them and reports are that they are nearing completion.

There never was any heart truly great and gracious, that was not also tender and compassionate.

What The M. D. Vermilion River No. 71 Council Did In January, 1959

After disposing of the minutes of the December meeting and the financial statement, ending at December 31, 1958, the accounts as approved by the finance committee were passed for payment. These accounts concerned, for the most part, business done during 1958.

By-laws were passed concerning the leasing of certain land owned by the municipality and a by-law concerning the servicing of the Kitscoty repair and machine shop with sewer and water was passed. A proposal of the City of Lloydminster to the effect that consideration be given to the annexation of certain lands now lying within the municipality to the city of Lloydminster was given close attention by the Council. It was considered advisable to obtain the services of the law firm of Brownlee, Brownlee and Fryett in order that first-class legal advice would be available to the council in this matter.

The council approved the transfer of part SE 12-53-2 with as outlined in the submission of the Provincial Planning Advisory Board under date of December 17, 1958. Also approved was the change at the bulk plant at the Clandonald site of Imperial Oil Limited outlined in their submission of December 10, 1958.

A variety of extensions to the Ottawa R. E. A. L. as proposed by Canadian Utilities was given the approval of the council and a diversion in the NE 35-53-3-4th covered in Road Plan No. 1734 was recommended for cancellation and the Department of Highways notified accordingly.

Due to the very favorable cash position of the municipality, substantial discounts were obtained in the purchase of a new motor grader to be stationed at Paradise Valley and several other items of municipal public works machinery. The municipality was in a very favorable position in negotiating the purchase of these items.

J. L. Muirhead, supervisor of the Prairie Farm Assistance Act, visited with the council and considerable discussion took place on the subject of inspections and the obtaining of P F A Act benefits. The make-up of the original application made each year by the municipality came in for discussion also and it was suggested that the field supervisor of the Agricultural Service Board travel the municipality prior to the filing of this application on September 15 and thus be in a position to submit a more accurate report of crop prospects in the area, thus allowing the P. F. A. Act personnel to get the inspections organized and completed within a more reasonable time. Council recommendations to the effect that reports be made on an individual basis did not appear to register with any degree of force on the P. F. A. Act representative.

It was moved and passed by the council that the municipality advance to the Battle River Seed Cleaning Co-operative the sum of $100.00 each for the purchase of three steel storage bins, the balance of the price to be made up by like amounts from the Co-operative and the provincial government. This follows the pattern established previously in dealing with these steel bins at the Vermilion and Marwayne plants.

Certain changes were made in the appointments of deputy returning officers and enumerators in response to a letter sent to each person appointed at the December meeting.

The maintenance of certain Tax Recovery property under the administration of the M. D. of Vermilion River No. 71 at present was dealt with by the council and certain authorization was given to obtain certain paint to effect satisfactory maintenance.

It was decided by the council that the cost of out-patient service for the Islay hospital for 1958 would be accepted by the M. D. of Vermilion River No. 71 and the account for 1958 costs of this nature was authorized for payment.

The council reviewed the public works program completed during 1958 and considered various facets of the 1959 program. Due to the long and uninterrupted construction season during 1958 a great amount of work was accomplished and it was remarked that the quality of the roads being built was steadily being improved in line with current demands. Projects for application for contingency grant consideration were decided upon and appreciation was expressed by the council to the Department of Highways for grants received during 1958. It was hoped that further assistance in 1959 could be anticipated.

Following representations from the Department of Health Public Nursing Division, the matter of transportation for the nurse at Tulliby Lake was discussed by the Council. The matter was set aside for future consideration and Councillor Wheat was delegated to contact the local body in the Tulliby Lake district in regard to the matter and other topics which may prove of interest to the group.

George Martin, Civil Defence Director in this area, attended the meeting to give an outline of planned activities for the coming year and to give information necessary to prepare the 1959-60 budget for Civil Defence expenditure.

The meeting was adjourned late on Wednesday afternoon.

Americans To Hear About Canada

WINNIPEG. Canada and its people, its way of life and attractions, are being described to a potential audience of 70 million Americans.

Through the medium of recorded talks prepared and distributed by the C.N.R., the familiar voice of Canadian-born commentator Peter Roberts, is giving a word picture of Canada across a network of 356 American radio stations.

The series of broadcasts entitled "This Is Canada", takes Americans from coast to coast, describing cities and towns in every province. It will continue for 26 weeks. The broadcasts tell of history, sports, resort areas and the people. They tell of tourist accommodations, give advice on border crossing and even describe the weather. Some of the broadcasts feature Canadian art, literature, universities and the Canadian system of government.

Peter Roberts' bright word pictures are highlighted by folk music and traditional songs from all parts of Canada.

The series, which also reaches Bermuda, Hawaii and the Virgin Islands, began on Feb. 2 and continue weekly until July 27th.

If any man seeks for greatness let him forget greatness and ask for truth, and he will find both.

Silver Wedding Anniversary Is Marked At Clandonald

To celebrate the 25th wedding anniversary of Mr. and Mrs. Lawrence Mayhew of Vermilion, a party was given in their honor at the farm home of relatives at Clandonald on Sunday, Feb 1st.

The party which came as a complete surprise to the honored couple, was in the form of a tasty turkey supper served buffet style.

The table was centred by a three-tiered wedding cake baked and beautifully decorated by Mrs Elsie Preston and Mrs Len Noonan. Before partaking of the supper the couple were presented with a white family Bible a gift from the Mayhew family consisting of five brothers and one sister. Colored pictures were then taken of Mr and Mrs Mayhew by Mr Earl Geake. Friends gathered, presenting them with a generous purse of silver.

Lawrence thanked everyone present for their kindness and thoughtfulness.

Among those present were Mr and Mrs Charles Thompson, Mr and Mrs Earl Geake, Mr and Mrs. Wilfred McLennan and Margaret, Mr and Mrs. Horace Smith and family, Henry, Roy and Raymond Mayhew. An enjoyable afternoon and evening were spent visiting.

Many more years of health and happiness are wished for this happy couple.

Foreign Dishes Feature Supper At Mannville

MANNVILLE — Girls of the G. A. group, Christ Church, Mannville, sponsored an interesting pot luck supper of an international type on Saturday, Feb 7th in the parish hall. Dishes from foreign countries were placed smorgasbord style on a long table and guests served themselves out of covered hot dishes. Price for the supper was $1 per family. The motive behind this night was to acquaint members of the church family with studies the girls have taken re customs and dishes of other countries. Following are some of the popular meals: Canadian 'Shipwreck', Russian cole slaw, Flemish whipped potatoes, sweet and sour spareribs with rice (Chinese), Japanese Sukiyaki (heaven in a pan), English stew, Italian ravioli, Spanish rice, Norwegian flat bread, Greek [illegible], English steak and kidney pie, outer space [illegible] cake and others.

Anglican Rector And Wife Hosts At Mannville

MANNVILLE. — On Monday, Feb. 2nd Rev. Harry and Mrs. Shell were hosts at a card party for Anglican vestrymen and wives. A most enjoyable lunch followed, charmingly served by Mrs. Shell. There were seven tables of guests playing cards and much fun ensued in various hands, as played. Winners were: Ladies' 1st, Lawrence Coe of Stellaville (acting as a lady); consolation, Mrs. Lister Emmott. Gents' 1st, Frank Elliott of Minburn, consolation, Bruce Scott. People's Warden Walter Osborn passed a vote of thanks to Rev. and Mrs. Shell for a happy evening. Pouring tea and coffee were Mrs. Walter Osborn and Mrs. Maurice Mercer. All agreed that this evening, held in the parish hall, was one to be remembered.

DESTRUCTIVENESS — WHAT CAN BE DONE ABOUT IT?

Because it's wasteful, unnecessary and often costly, destructiveness in children arouses despair in the hearts of many parents. Children who destroy things may be roughly divided into two main groups:

1. Those who do it innocently or unintentionally.
2. Those who do it deliberately with malice.

Fortunately, the former is much more common and parents who realize the distinction between the two groups, and seek out the underlying causes, are usually able to redirect their children's destructiveness. Let's take a look first of all at the "innocent" types.

HAPPY TYPES

Here is the bouncing baby who has no respect for anything around the house be it a family heirloom or a jar of cold cream. For him the desire to taste, feel and examine is all-important and a slap on the hand or loud "no's" have little effect. Fill the needs of this child with toys that come apart and mud in which to dabble. Make sure that the valuables are well out of reach, as well as anything with which he might hurt himself. It helps, too, if he has a spot of his own for romping around.

CURIOUS TYPE

Usually older and more orderly in his destructiveness, the child will dismantle a watch, unscrew door knobs and tear papers into tiny shreds, then, more than likely, try to reassemble the bits and pieces. The material, the way it's put together, whether it will crack, splinter or shatter, are what interest him.

A four or five-year-old who destroys things not his own should be helped to fix up what has been damaged, but without scolding. Giving him proper play materials will help satisfy his inquisitive nature — old watches (found in superfluity shops), broken dolls, odds and ends for his fix-it box, reading material that explains how things are made, what makes them tick and so on.

CLUMSY TYPE

He touches an article and it breaks, he bumps into things, knocks them over and demolishes them without seeming regard. Help is what he needs, not scolding. The doctor will advise about his co-ordination, sight and hearing. Often it's just a slowness in development calling for patience and understanding in helping the child develop the knack of handling things.

STRONG TYPE

He doesn't know his own strength! Whether he is two or twelve, this child needs special handling. Broken couch springs, trampled garden flowers, flattened pen nibs, bear witness to his muscular vigor. Such children should be protected against themselves. Enforce rules constantly — no "wrestling in the living room," or "bouncing on the beds," or "touching dad's desk."

Constant reminders may be necessary and, what is more important, plenty of alternatives. For the under six, supply a mat in the basement, heavy blocks, boxes, boards, climbing apparatus and swings for "muscle play" and a desk of his own. The older child should have opportunities for rough-and-tumble sports. With such outlets for their abundant energies, super-activities in the house can be more readily curbed.

While most children's destructive acts fall into the four categories listed above, there are two additional classifications which are met with, and which require more serious consideration because they are the sources of deliberate and malicious destruction.

GANG MEMBERS

Breaking windows, raiding a house under construction and destructive pranks on Hallowe'en by a neighborhood "gang" are only too well known. Destruction is usually not the main purpose, however. High spirits, nothing better to do and the deep desire of every child at a certain age to be a part of a gang usually lie behind the devastation. Most parents of children from 10 to 15 years of age get a taste of this group destruction.

The reasons for this behaviour are not hard to find. The child doesn't want to be considered a sissy; he wants to be accepted by the others so he joins with them in activities he would never dream of doing on his own. Lessons in property value, the rights of other people, sharing the cost of the damages (out of his allowance) will help cut down on this kind of destructiveness.

When there is an undue amount of such trouble in the neighborhood, parents would do well to examine the situation regarding their children's spare time.

Finally there is the child who destroys for the sake of destroying — deliberate and calculating. The kind that sets fire to curtains, floods the bathroom or smashes some valuable object — with malicious intent. And also include here the child who gets pleasure out of destroying the play of other children.

Something has gone wrong in this child's growing-up and unless handled with skill and deep understanding his attitude can settle into a persistent defiance and destructiveness.

Parents often need professional help (family doctor or mental health clinic) to learn the cause, for the destructiveness itself is but a symptom, like temper tantrums or excessive thumb-sucking. Taking matches away from the child who starts fires is but a temporary precaution; the underlying motives should be learned and dealt with. It is usually rather difficult, if not impossible, for the parent to determine the reason behind such behaviour — that's why outside expert help is advisable in most of these cases.

Since it's easier to be destructive than constructive, easier to be messy, careless and clumsy rather than neat, careful and controlled, it's no wonder that children skip into the habits of destructiveness. But it helps to take heart in knowing that they also learn and unlearn quickly and readily, particularly when their stage of development is taken into consideration. With the knowledge of what can and can't be done at certain ages, parents can usually help the child's natural development toward improvement — and that includes winning out over the various types of destructiveness.

BOWTELL BULLETIN

Nine ladies were present at the Loaders' lodge meeting at the writer's on Wednesday. Not forgetting the [illegible] folk who kindly did the driving on account of bad roads. The next meeting will be held at the home of Mrs. Williams in March. The lucky draw was won by Mrs. D. Harrison. It was decided to have a card party on Friday, Feb. 13th at the home of Mr. and Mrs. G. Miller.

We are pleased to learn that Mrs. Nora Ronaghan is doing nicely after her recent operation in the Royal Alex Hospital, Edmonton.

The Williams family were Sunday visitors at the Robinson home.

Allen and Edith Coutts and Frances Sherwood were guests for supper on Sunday at the home of Mr. and Mrs. L. Sherwood of Wainwright.

Mr. and Mrs. Frederick and family were supper guests Sunday at the home of Mr. and Mrs. J. Payne.

Tom Sherwood and Frances, Jim Repp, Mrs. Robinson and Edith Coutts motored to Edmonton on Wednesday.

Hello Rose and Vic in Vancouver — do hope you are enjoying better health now.

Not much news this week due to the long spell of cold weather keeping everyone close to home.

Interesting News of Former United Church Student Ministers in The North Vermilion Field

Rev. Mary Haggart, student minister on the Clandonald Mission field in 1953, who has been at Cabri, Sask., for a few years, writes of her trip to Japan last summer. Quoting from her letter:

"The big news is the 'Shoestring' trip to Japan this summer. I went primarily to attend the world convention on Christian education in Tokyo. There isn't too much to report from the speeches, but the new vision of the world church and the new friends around the world, made all of it a memorable experience.

On a bright Sunday afternoon in August, 65 Canadian delegates gathered at Edmonton and Vancouver airports to fly CPA to Tokyo. There were a couple of delays at Vancouver and Cold Bay Alaska, which convinced us that there was a 'Jonah' aboard. By the time (which is most confusing on a trans-Pacific flight) we arrived in Japan, the occupants of the plane were quite all well acquainted.

Japan is a complex land. Many times as we travelled about on their little trains I had the impression that I was in southern Ontario. Everything was very green and very crowded. At one place on Ginza street in Tokyo it was as if we were in Times Square in New York, yet at a point just around the corner we were evidently in a terribly crowded oriental city. The contrast between the old and the new is evident everywhere you look. In the buildings, some were modern, while others were thatched roofs. You may see two women walking side by side, one wearing a beautiful kimona, and the other in a 'sack'. One day we saw two men, one in the short kimona that men wear to work in, and the other in tight blue jeans, and a colored shirt complete with an Elvis haircut and sideburns. The streets are crowded with vehicles of every sort — thousands of bikes, 3-wheeled and 4-wheeled cars, trucks, street cars, etc. Crossing the street is a daring feat, in spite of the traffic lights and the police.

The graciousness of the Japanese people is very impressive. No matter where we went they put themselves out to be kind and to tell us about their land, people and customs. I had a thrill that truly [illegible] one in [illegible] in Kyodon church in [illegible] City about 30 miles from Tokyo. The boys and girls of the congregation remained after the service to visit with me. I did not know that my knowledge of Canada was so [illegible].

On our return my travelling companion and I decided that we were the 'Jonah' referred to earlier, basing our opinion on the fact that we travelled in the 'belly' of the Pan-American clipper ship 'Queen of the Skies'. We stopped off in Honolulu for a week. While there we toured the island of Oahu, swam, rode the catamaran and the outrigger, and ate oodles of fresh fruit.

Three weeks after we had flown from [illegible] we were back in Canada, tired, broke and happy."

Rev. Donald and Frances MacMahon and family, Royden, Gordon and Lisa Dawn are on a charge at Bridgewater, N.S.

What happiness came to the Matheson family — Rev. and Mrs. J. P. Matheson of St. Peters, N.S., are the proud parents of twins, Kathryn Ruth, 5 lbs. 4 ozs., and [illegible] Parker, 5 lbs. 13 ozs., born on New Year's. They have two daughters, Mary Lynn and Edna May. Jimmy was our student minister in 1940.

Rev. and Mrs. Darwell Welsh have a charge at St. Joseph Island, Richard's Landing, Ont., "The [illegible] of Algoma". The island is 25 miles long and 15 miles wide. They have four churches to serve, about 300 families.

Rev. D. J. Rector, our minister for 1955 and 1957 has a charge at O'Leary, P.E.I.

Success turns many a man's head — in fact, it's a long head that has no turning.

WOODVALE NOTES

With the cold weather our road is not always passable and with the telephone having one of its on and off working spells, we have not gathered too much news, and some of it is rather old, however, here it is.

To begin with, the Lloyd McLean family left the Tolland district in December and thereby the Woodvale school lost five pupils. Mrs. McLean and the children are living in Vermilion at present while Lloyd is at a lumber camp in the Athabasca region. The Red Cross auxiliary to which Mrs. McLean belonged for many years, gave her as a farewell present and in appreciation for her work, one of their quilts, a handbag and a pair of nylons and wished her and the family happiness in their new location.

Despite cold and wind, Keare [illegible] took a foursome to the Wainwright bonspiel, but did not bring home any prizes. Bill McGrath, who played on a Wildmere rink had better luck, winning a prize in the third event. All reported a good time.

Bill was pallbearer at the funeral of Hugh Leighton, his good friend from Kitscoty schooldays, and who made so many friends around here while principal at Preston school. To his wife and family goes the district's sincere sympathy.

The Red Cross auxiliary held a meeting on that stormy Wednesday, the 4th, at the home of Mrs. Amy Portsmith with nine ladies working and finishing a quilt. Strengthened by a tasty lunch they braved the trip home which was rather uncomfortable for some. The next meeting will be at the home of Mrs. Flo McQuid on March 4th.

Mr. and Mrs. Harry Portsmith enjoyed a visit of an old friend, Mr. Alex Matheson of Atwood Ontario, who was on his way home from a visit to his daughter at 100 Mile House, B.C.

Gordon Dixon spent a week in the Vermilion hospital undergoing a minor operation, and Otto Wolters is at present a patient in the Wainwright hospital. We wish him a complete and quick recovery.

The Tolland and Union F.U.A.'s held a combined meeting on Feb. 3rd at Tolland hall and discussed the proposed march to Ottawa. Fourteen members contributed to the expenses of same.

Fourteen members of the Salvation Army of Vermilion came down for their annual sleighride to the farm of Wes Isley on Friday evening. Though it was very cold, everyone was keen to go out and well bundled up they [illegible] happily away — but the cold must have caused them to gather too much at the back of the hayrack for [illegible] Jim Isley, who drove the team, heard a crackling sound and saw all his passengers falling off the back end of the rack. Luckily no one was hurt and all climbed on again and headed home where they enjoyed weiners, cookies and hot coffee, kindly served by Mrs. Wes Isley.

The weather certainly stays frigid these days. One appreciates the sunshine when the thermometer is down around 30 below.

Linda Gould celebrated her 11th birthday on Saturday. Mrs. Giles' children dropped over and a happy time was spent on the skating rink and afterwards in the house where a lovely cake was served complete with ice cream. In the evening the writer and husband joined in the celebrating too.

On Sunday, Joan, Keith and boys were visitors at Christie Gould's home.

Out of The Woods

For the first time in the history of one large Ontario pulpwood company no horses were used in woods operations last year. And other companies, it is officially reported, are quickly replacing the last of their work animals with modern machines. Thus, says The Financial Post, the only remaining place where a substantial amount of original horsepower was used, is now vanishing.

With truck and tractors replacing horses everywhere, it would not be surprising if the next generation will never see a Clydesdale, a Percheron or a Shire although they have been working with man ever since they carried the first armoured knights into battle.

Mr Editor

I would be grateful for a little space in your paper in reply to Mr C. Young's letter of Jan. 15th, 1959.

Mr Young's first question "Has the birth of Christ any authentic foundation?" The scriptures give the answer "Yes". Luke 1 26-35 fulfilling the prophecy of over 700 years. Isa. 7:14, again Isa. 9 6-7 it says "Unto us a child is born, unto us a son is given, child born, but a son given. His name shall be called Wonderful, Counsellor, the Mighty God, the Everlasting Father, the Prince of Peace. Of the increase of His government and peace there shall be no end. Upon the throne of David, and upon his kingdom, to order it and to establish it with judgment and with justice from henceforth even forever. The zeal of the Lord of hosts will perform this." Luke 1 32-33 confirms this prophecy of over 700 years before. "He shall be great, and shall be called the Son of the Highest, and the Lord God shall give unto Him the throne of his father David, and he shall reign over the house of Jacob forever; and of his kingdom there shall be no end."

As to His conception there is no doubt. Luke 1 34, Mary's question as to how shall this be? Seeing I know not a man, verse 35 the angel answered, and said unto her "The Holy Ghost shall come upon thee and the power of the Highest shall overshadow thee; therefore that Holy Thing which shall be born of thee shall be called the Son of God." John 3 16, says, "For God so loved the world that He gave His only begotten Son, that whosoever believeth in Him should not perish but have everlasting life." Isa. 9 6, fulfilled, and as to the answer of His conception, Mr Young please turn in your Bible to St. Matt. 1:18-25. "Now the birth of Jesus Christ was on this wise; when as his mother Mary was espoused to Joseph, before they came together she was found with child of the Holy Ghost" Verse 21. "And she shall bring forth a Son, and thou shalt call His name Jesus; for He shall save His people from their sins. Now all this was done, that it might be [illegible] which was [illegible] of the [illegible] by the prophet, saying "Behold a virgin shall be with child, and shall bring forth a Son, and they shall call His name Emmanuel which [illegible] interpreted is, God with us." Then Joseph being raised [illegible] sleep did as the angel of the Lord had bidden him, and took unto him his wife and knew her not till she had brought forth her firstborn Son: and he called His name Jesus." Gen. 3:15 first promise of the Saviour the seed of the woman (not the man) verse 20. Adam called his wife's name Eve, meaning life-giver. John's Gospel 1 1. "In the beginning was the word and the word was with God and the word was God the same was in the beginning with God" John 1 14 "the incarnation of the Son of God the word was made flesh and dwelt among us" etc. Verse 11 "He came unto His own and His own received Him not." verse 12 "but as many as received Him to them gave He power to become the Sons of God, even to them that believe His name." Verse 13 "Which [illegible] born not of blood, nor of the will of the flesh, nor of the will of man but of God" John 3:3 Jesus said, "Except a man be born again he cannot see the kingdom of God." Verse 5 Jesus said "Except a man be born of the water and of the spirit, he can not enter into the kingdom of God." (The water I believe to be the word of God) 1 Peter 1 23 "being born again not of corruptible seed but of incorruptible by the word of God which liveth and abideth forever." Verse 25 "But the word of God endureth forever and this is the word which by the gospel is preached unto you." What is the gospel? 1 Cor. 15 3 how that Christ died for our sins according to the scriptures and that he was buried and that he rose again the third day according to the scriptures (the old testament) Rom. 4 25 "Who was delivered for our offences, and was raised again for our justification." 1 Tim. 3:16 God was manifest in the flesh justified in the spirit, seen of angels, preached unto the Gentiles, believed on in the world, received up into Glory.

If Jesus Christ was not God, we have no Saviour. John 20:31, "But these are written, that ye might believe that Jesus is the Christ the Son of God, and that believing ye might have life through His name." Acts 4:12, "Neither is there salvation in any other: for there is none other name under heaven given among men, whereby we must be saved." Matt. 16:13. Jesus asked His disciples, "Whom do men say that I the Son of man am?" Verse 16. Simon Peter answered, and said "Thou are the Christ, the Son of the living God." Verse 17. Jesus answered and said unto him, "Blessed are thou, Simon Barjona for flesh and blood hath not revealed it unto thee, but my Father which is in heaven." Verse 18. "And I say also unto thee thou are Peter (meaning a little stone) upon this rock, Christ, I will build my church, and the gates of hell shall not prevail against it."

As God He could not die. Heb. 2:14, "As the children are partakers of flesh and blood He also Himself likewise took part of the same, that through death He might destroy him that had the power of death, that is the devil" etc. The words, took part implies in something outside oneself. When you and I were born, we had no say. When Jesus Christ came into the world He chose to come as the Son of Man. He never ceased to be God which He was in the past eternity but He veiled Himself in human flesh. He became man in everything but sin. 1 Peter 2 22 "Who did no sin" Verse 24. "Who His Ownself bare our sins in His body on the tree." 1 Peter 3 18, "For Christ hath also once suffered for sins, the just for the unjust that He might bring us to God." Heb 7 26. "Who was holy harmless undefiled separate from sinners and made higher than the heavens." Heb. 1:8, "Thy throne O God, is forever and ever."

Mr. Young in referring to the story of the virgin birth says this is incomprehensible to the human mind. God gives the answer in 1 Cor. 2:14 "But the natural man receiveth not the things of the spirit of God: for they are foolishness unto him: neither can they know them because they are spiritually discerned." Mr. Young says that sons of God are not born overnight. 1 John 5:1 "Whosoever believeth that Jesus is the Christ, is born of God."

John 5:24. "Verily, verily, I say unto you, he that heareth my word, and believeth on him that sent me, hath everlasting life and shall not come into condemnation; but is passed from death unto life." 2 Cor. 5:19. "To wit, that God was in Christ, reconciling the world unto Himself, not imputing their trespasses unto them; and hath committed unto us the word of reconciliation. Now then we are ambassadors for Christ, as though God did beseech you by us: we pray in Christ's stead, be ye reconciled to God. For He hath made Him to be sin for us, who knew no sin; that we might be made the righteousness of God in Him."

Thanking you, I am
Yours truly,
Ray Hutchinson.

News from Tulliby Lake

The Central school was closed for the afternoon of Jan. 30th to facilitate the holding of the annual parent-teacher interviews.

Mollie Behrens saw a black eagle hawk flying gracefully over her alfalfa field on the former Bob Robertson quarter. Very rarely are these birds seen around this vicinity although one was recently captured in the St. Paul district.

The Sam Forbes family have moved from the Lindsay quarter into the log house just northeast of Tom Carmichael's gate.

An electric blanket has arrived at the Ruth Ferris home. To our knowledge, the first of its kind around.

Mrs. Malvin Belsheim is a victim of pleurisy. This overtakes her at a rather inopportune time as she is just recuperating from an attack of pneumonia.

The pet turtle craze has hit the community. Several now have them swimming around in cute glass containers.

Mrs. Gordon Coleman is home from a business trip to Edmonton. She now wears glasses and also very happily says she misses those four aching teeth.

MORE SMALL CARS?

Major question now facing Canadian auto-makers: Should they build smaller cars in Canada if their parent companies decide to build them in the U.S.?

It is no secret reports The Financial Post, that design and engineering work on smaller models has been virtually completed by the U.S. Big Three. All have had crash programs.

But the decision on when to introduce them has yet to be made. It is largely a question of how well the current models sell this year.

Several other factors affect the decision in Canada.

Imported European cars accounted for almost one-fifth of all new cars sold in Canada last year.

Manitoba Supports Delegation

The Manitoba Pool has announced its intention of supporting the move to sent a mass delegation of farmers to Ottawa to petition the government for deficiency payments on grain crops marketed on the prairies during the past three years. This announcement was made by the president, W. J. Parker, after a majority of the local Pool Elevator Associations had recommended such action.

A plan to send a mass delegation from the prairies to Ottawa now has the active support of all the major farm organizations in the West.

Midgets In Second Game Of Provincial Play-Offs Saturday

Trail Sedgewick By One Goal

Vermilion Kinsmen Midgets are entered in the Provincial play-offs and on Tuesday night played a thrilling game at Sedgewick losing out 6 goals to 5 in the first game of a two game total point series. The Vermilion team is confident they can win the series here on Saturday night.

The second game which will be played at the Vermilion arena on this Saturday night, Feb. 21, promises to be a real thriller. The midget age limit takes in boys up to 16 years, and they are real [illegible].

If the Kinsmen sponsored Vermilion Midgets can win Saturday night's encounter by a margin big enough they advance to the second round and meet the winner of the Lacombe vs. Red Deer series.

This game deserves a big crowd of hockey fans so be on hand to cheer the boys on this Saturday night, Feb. 21 at the Vermilion arena.

John Bober Appointed Member of F.U.A. Delegation

DERWENT — A meeting of the Derwent F.U.A. was held last Thursday evening attended by a very large number of farmers and businessmen. Guest speaker was Ralph Wilson, district director of the F.U.A.

Mayor Clarence Algot of the village and William Zeniuk, president of the Board of Trade both spoke supporting the objectives of the delegation to Ottawa.

John Bober of Derwent was appointed as a member of the delegation with Dan Yaceyko as alternative.

Two Fire Calls In Past Week

The fire brigade had two calls during the past week, and at the one this Wednesday morning had a real work out as the fire was between the walls and into the ceiling at the Parchewski house on 50th avenue east. The fire started while some renovations and improvements were being made.

On Friday of last week the brigade made a fast run to the Maxwell service station. It appeared that a car was on the hydraulic hoist while some acetylene welding was being done. The hoist in some manner let go and came down, car and all, hitting and bursting the tank of acetylene gas below. The gas filled the garage and was a source of fire danger. Keith pulled the main electric switch to reduce the fire danger and opened all the doors to disperse the gas and fumes. The brigade stood by until all danger was passed.

Seek Ways To Benefit Community

The Vermilion Rotary Club has money to spend in some way to benefit the community as a whole. They would like to know how much demand there is by organizations for the use of a 16 mm. projection machine. The Rotarians will purchase such a machine for loaning, providing there is a need for it in the town. Organizations which would make use of the machine should contact Mr. J. R. Robson immediately.

Scout and Guide Group Committee Say "Thank You"

This week, all over the world, has been "thinking week," for all those connected with Scouting and Guiding. This week is set aside each year to honor and remember their founder Lord Baden Powell, whose birthday is on February 22.

The group committee also have been thinking of the many good things that have happened to Scouting and Guiding in Vermilion this past year: all those who have helped in so many ways. Thanks to the following for their donations.

The B. P. O. E. lodge for the scout hall rent-free, year after year, and for the repairs in the basement and to the windows.

To Martin's Plumbing for their donation of bathroom fixtures and a kitchen sink.

Mr Bottorff for his extra labor on the kitchen cupboards.

Mr Herbert and Mr. Colbourne for laying the tile in the bathroom.

Dr and Mrs. Anderson for the [illegible].

Dr Evans for the coyote head mounted for Cub Packs.

The Women's Institute for their cash donation of $20.00.

The School of Agriculture for the loan of their projector for films.

To the Vermilion Standard for continually publicizing the Scout [illegible].

To the public in general for their kindness and generosity shown to the (1) Scouts on Apple Day and their Xmas tree sales. (2) Cubs during their Xmas card sales and bottle drives. (3) Brownies on their Cookie Day.

And finally a very special special 'thank you' to all the group leaders, without whose faithful attendance every week our groups could not exist.

Scout leaders — Dr A. B. King and Mr G. Willmer.

Guides — Mrs. Dot Webb and Mrs. G. Clendenning.

Cubs — (1st Vermilion) Mrs E. Bottorff, Mrs. B. Shaika and Mrs. F. Park.

HI-SCHOOL HI-LITES

The Parent-Student Snow Ball was a great success as a fair number of H.S. students parents and V. S. A. students turned out to dance to the music supplied by the College orchestra. The H. S. was exceptionally pleased to see all the parents that turned out. The decorations were well in the theme and the lunch was delicious.

Last Friday in the basketball league, both V. H. S. teams won by a wide margin over Paradise Valley and against V. S. A. the girls won and the boys lost. The teams and cheerleaders will travel to Dewberry for return games with D. H. S. on February 20th.

Badminton has now begun and the students find it a very entertaining game. Although only 12 people can play at a time, everyone is getting a chance to play. Curling is still going strong with House League standings unchanged.

Last Wednesday was the time of great excitement as the students had their annual dress-up day in conjunction with picture taking for the Yearbook.

54 Attend 4-H Leaders Conference At V. S. A.

The 4-H leaders conference has become an annual event in the Vermilion School of Agriculture where fifty-four executive members and leaders met February 16. It was noted that delegates came from such points as Myrnam, Tulliby Lake, Metiskow, Hughenden, Chauvin, Dewberry, Paradise Valley and Cadogan. Mr Alex Letts, District Agriculturist, Two Hills, was the chairman, opening the session at 10.00 a.m. with the 4-H pledge. Everyone was introduced, pinning on an identification badge. Mr. C. L. Usher, Supervisor of 4H clubs for Alberta, addressed the conference on new developments. The pen of five feeder calves in the beef project and the changes in the crop clubs were the chief topics of discussion. Mr. Usher pointed out how few members are applying for 4-H scholarships for which all 4-H people are eligible. The conference was divided into five groups and discussed the topics: role playing panels, rallies, extra project and membership problems. Each group reported back to the meeting as a whole.

After lunch, Mr John Charnetski of the junior activities branch, demonstrated the effectiveness of audio visual methods of education. It's to be hoped these aids will be available for 4-H work in future. Miss Nancy Pasinuk, junior activities branch pointed out the importance of proper meeting procedure, proper minutes and a treasurers report at each meeting. The day was concluded with a discussion of the various problems arising in 4-H work.

The following people were in attendance from Vermilion agricultural district: Mrs. L. Teasdale, Mr. E. L. Sunderland, Mr Myron Sunderland, Mr Wilfred Sunderland and Mr Delmar Sunderland all of Paradise Valley. Mrs. J. Moncrieff and Mrs. O. Redman of Islay. Mr Don Braithwaite, Mr Ernest Garnier and Wayne Garnier of Dewberry. Mr Emil Fedechko, Miss Josie McDonald and Mr Chester Gamble of Mannville. Mr Tony Dixon of Vermilion. Mr Oscar Peterson of Tulliby Lake. Miss Isobel Gray, Miss Gertrude Tupper, Miss Jean Kvill, Miss Eunice Grey and Louise Parker of Marwayne.

Mrs. Donna Westendorf D.H. Ec. of Lamont was present and D. A.'s present were: Mr Stewart Duncan, Wainwright; Mr Alex Letts, Two Hills; Mr Morley Douglas and Mr. E. H. Buckingham of Vermilion.

$125,000 Federal Building To Serve This District

People of Vermilion and district will receive their mail from the new post office commencing on Monday morning next, Feb. 23, the move to the new Federal building being [illegible] over the week end.

The history of the post offices in Vermilion has been a varied and interesting one. The first post office located some five miles east of town was called Breage. Once the townsite was established a building now used as a residence and located on 52nd avenue on the east side of town served as a post office. It went from there to the Brimacombe block, now the provincial building. The next move was made to an implement warehouse located on the spot on which now stands Delainey Implements. This building was destroyed in the great fire of 1918.

Following the fire temporary post office quarters were established in the old immigration hall later the C. N. R. community hall, armouries, Gunderson welding sop, and now the offices and warehouse of Canada Dry. However when used as a post office it was located on railway property, across the street south of the Revelstoke Sawmill Co. The next move was to a building erected by Craigs as a temporary store following the fire of 1918. It was located there until 1933 when the vacant Royal Bank building was purchased for a post office and this has served for the past 25 years.

While post offices have been many the same is not so of the postmasters. The first postmaster in town was the late Mr Matthew Brimacombe. He was followed by the late Mr J. H. Bell. Following the death of Mr Bell, Mr Donald Taylor was appointed and has served in that capacity ever since, for more than 30 years.

Now the move is being made to the ultra modern Federal building, just completed by the Department of Public Works. Included in the accomodation offered are mainly the post office quarters but very fine offices are located therein as well for the Dominion Dept. of Agriculture for the Veterinary and staff, and for the officials of the Veterans Land Act.

However all that the Editor had in mind when commencing this story was a very short item to the effect that come Monday, you will have to call at the new post office for your mail.

Agricultural Society Sponsors Successful Plumbing School

February 4 and 5 the Vermilion Agricultural Society and the Alberta Department of Agriculture sponsored a plumbing school in the Legion Hall. The school was to acquaint those attending with the whole phase of plumbing from the well to the disposal field. Mr Lese Reid, Agricultural Engineer, Alberta Department of Agriculture, Edmonton, handled the first day in which he dealt with the installation outside the house. Mr. Reid discussed wells, pumps, moving water distances, the proper equipment etc. In the morning and during the afternoon he discussed septic tanks, disposal fields, cesspools, etc. The second day February 5 was handled by Mr W. A. Milligan, Inspector of Plumbing, Department of Health. Mr Milligan discussed and demonstrated the complexities of which the novice can get got into in house plumbing. A master plumber in his own right he pointed out the advantages of cast iron and copper soil pipe and proper vents, the disadvantages of plastic pipe, the importance of proper pipe size etc. Further, Mr Milligan pointed out the advantage of purchasing from local plumbers over the mail order house. Plumbers are apprentices for five years and no one can rush five years into two days.

All agreed that the school had helped them to understand their own problems better. It's to be hoped that a similiar school may be sponsored in the eastern part of the municipality in 1960.

Derwent Lady Passes Away

There passed away in the Vermilion hospital on Wednesday, Feb. 18, Mrs. Paraska Yaceyko of Derwent at the age of 54 years. Funeral services will be held on Saturday, Feb. 21 at 10 o'clock in the morning at the Meadow Hall, 2 miles east of the Derwent corner. Interment will take place in St George's cemetery. The Rev. Father Cherkowski will officiate. Prayer service will be held in the Meadow hall on Friday evening.

Mrs. Yaceyko is survived by five sons, all of the Derwent district, Harry, Steve, Emil, Henry and Paul, and one daughter Pauline; one brother Mike Polowy of Derwent and four sisters. There are four grandchildren.

Moyers are in charge of the funeral arrangements.

Israel Miller Sells 5c to $1.00 Store

A business deal which attracted considerable interest was completed during the past week in which Israel Miller sold his 5 cents to $1.00 store, to Edmonton wholesale interests.

Tigers Win Final League Hockey Game 6-5 Over Neilburg

Playing bang-up hockey throughout the Vermilion Tigers won the last game of the E.A.H.L. here on Saturday night defeating Neilburg 6 goals to 5. It was a fast crowd pleasing game that sent the fans home happy.

Neilburg went out in front [illegible] on two goals by G. Armstrong and Wally Footz. Joe Brower slapped in Ewen's pass to keep the Tigers in the game and to end the scoring in the first period.

B. Armstrong counted for Neilburg early in the second but Joe Brower notched his second of the night with assists going to [illegible]. Stew Cooper banged in Kassian's pass and [illegible] scored from Andy Redford and Bill Romanchuk to make the score [illegible] at the end of the session. It was a great comeback.

However, Neilburg came back in the third and Albert scored. Meters went off for elbowing and [illegible] on a three way pass with Cooper and Kassian to tie the count. The tie breaker came when Stew Cooper [illegible] broke away with Kassian completing the scoring.

Joe Brower was the leading Tiger sharpshooter scoring two goals. Kassian scored one and had two assists with Stew Cooper scoring one and assisting two. Dennill and Jost had single tons, with Ewen, Redford, Romanchuk and Bronson all earning [illegible].

Jim Ferguson and Bill Novak handled the game.

Only five penalties were handed out, 3 to the Legionnaires and 2 to the Tigers.

At Lloydminster On Thursday, March 5

"Ole! More exciting than a bullfight!" That is the cry that went up from one Los Angeles critic when he saw Lola Montes and her Spanish Dancers, the brilliant and versatile company of seven dancers that will appear in Lloydminster on Thursday, March 5th in the Lloydminster high school auditorium.

Similar cries have been heard from critics and audiences wherever Lola Montes with her dancing senoritas and caballeros have swept into town. For the past several seasons, the group has stomped its heels and clicked its castanets across the continent winning aficionados for the Spanish dance, even among people who had never before enjoyed anything more phrenetic than a Viennese waltz.

Headed by the lovely Lola herself the company presents a wide range of authentic Latin dances, from lovely Spanish classical dances to the fiery Flamenco, [illegible] folk [illegible] of old [illegible] to the traditional dances of the natives of many Latin countries in the new world. And the colorful costumes, designed and executed especially for Senorita Montes from authentic originals, make the evening an eye-filling spectacle. 22-3

Staying At School . . .

In the long run, few things matter more to Canada than that young Canadians of today — the generation of tomorrow — stay in school long enough to complete their education and develop their natural talents to the utmost.

For great wealth of natural resources is not enough. A people must ensure a plentiful and continuing supply of educated brainpower if it is to make full use of nature's bounty.

Many of our troubles today — more than most of us realize — are due to our not having worried enough about this in the past. Adolescents tempted by good wages to be had from menial employment have left school long before in their best interests and those of the nation, they should have done. And their parents, often lacking even the excuse of real necessity have permitted this.

Later, of course comes the reckoning. The sacrifice of a finished education for short term gain becomes a matter of lifelong regret when the premature school-leavers find themselves without the theoretical foundation necessary to the acquisition of a skill and the development of a career. And, since the greater part of those without work at any given time are unskilled, they frequently find themselves unemployed in later life.

All this points up the heavy responsibility which rests on Canadian parents and teachers to co-operate in making young students see how much is at stake.

In a recent broadcast on the theme 'Stay in School' — one of a series promoted by the federal Department of Labour — Mr. Ira G. Needles, speaking on behalf of the Canadian Manufacturers' Association, properly emphasized parental responsibility.

"Parents," said Mr. Needles, "should take the time and the trouble to talk to school officials and to join the home and school association, learn as much as possible about employment opportunities and needs in the locality and, above all, take a deep interest in the subjects and work of the student at school.

"With your guidance as a parent, children and young people will begin to realize that educated people are the ones who will benefit in the technological age in which we dwell. There will always be others who live to work in the fascinating adventure of progress which will be the world of tomorrow."

Sound advice. We commend it to all parents concerned, that they may never in later years have anything with which to reproach themselves.

British Farms Most Highly Mehcanized

Britain has the most highly mechanized farming industry in the world and British farmers are producing more food per man than any other farmers.

So says W. H. Cashmore, director of Britain's Institute of Agricultural Engineering. He says Britain has one tractor for every 27 acres of arable land. Altogether, the United Kingdom has about 483,000 tractors.

Furthermore, says Mr. Cashmore, Britain leads the world in use of chemicals for weed control.

CANADIAN HOUSEHOLD WELL EQUIPPED

A recent DBS report shows that Canadian households became better equipped in 1958 than ever before, also that ownership of the basic appliances that go with a modern standard of living is now very widespread. Over 96% of Canada's 4,173,000 households have electric power, over 80% have mechanical refrigeration, nearly 87% have washing machines, 96% have radios, 70% TV. In 1958 the number of one-car families in Canada rose to 2,364,000 from 2,209,000 the year before, and the number of two car families rose to 280,000 from 238,000. "Low-saturation" appliances, such as home freezers showed sharp gains.

Alberta Report

Anders O. Aalborg, M.L.A. for Alexandra

During its regular session each year the Alberta Legislative Assembly holds an afternoon sitting each day Monday through Friday between the hours of 2:30 and 5:30. When extra sittings are required the Assembly meets in the evening for two or three hours commencing at 8:00 p.m.

All sittings held on Mondays, Wednesdays nd Fridays are devoted to what is known as government business which includes the debate on the speech from the throne, the debate on the budget and consideration of public bills providing for new legislation or amendments to existing legislation as well as resolutions introduced by the Government side of the Assembly.

On Tuesdays and Thursdays the sittings are devoted to what is termed private members' business which consists of bills and resolutions introduced by private members on both sides of the Assembly. Usually most of the time at these sittings is spent on debating resolutions brought in by members on the Opposition side of the House.

The mornings of all days during the session is ordinarily devoted to caucus meetings of the various parties represented in the Assembly and to meetings of various standing committees such as the public accounts committee, the municipal law committee and the private bills committee.

Last week several members took part in the debate on the speech from the throne which was launched on Friday, Feb. 6 when Dr. W. W. Cross moved the reply to the speech. Dr. Cross has represented the Constituency of Hand Hills in the legislature since 1935 and served as minister of health for 22 years until he retired from the Cabinet in the fall of 1957.

In moving the reply to the speech from the throne Dr. Cross stated that the very serious financial situation facing the people of Canada at the present time should be treated as a state of emergency. He called upon every member of the legislature and all municipal governments to bring all the pressure they can bear on the federal government to curb inflation.

On Monday, Feb. 9th, Mr. Grant MacEwan, the new leader of the Liberal party in Alberta who is now the official leader of the opposition, spoke in the throne speech debate. He moved an amendment to the reply, expressing dissatisfaction with the Government's program on the grounds that the Government has failed to recognize the need for long range planning. On Wednesday the new leader of the Conservative party spoke in the same debate and moved a sub-amendment to the reply which disapproved of the Government's program because the projects included in the now well known five-year plan announced by the Government last fall had not been carried out when the need arose. Both the [illegible] moved by Mr. MacEwan and the sub-amendment moved by Mr. Kirby are the usual want of confidence motions which will be voted on before the debate on the speech from the throne concludes on Friday, Feb. 20th.

On Wednesday Premier E. C. Manning spoke and assured the members of the opposition that all constructive criticism of the Government's program would always be given careful and serious consideration by the members on the Government side of the Assembly.

On Tuesday and Thursday last week, the private members' days, many questions were asked of the Government, and several resolutions with a wide variety of matters such as "out patients" services at hospitals, taxation of fur farms and a 'Hansard' for the legislature were discussed.

Other business covered by the legislature during the week included the introduction of about thirty bills, the appointment of the regular standing committees which will meet from time to time during the session, and the appointment of a small special all-party committee to consider minor revisions of the boundaries of constituencies in the cities of Edmonton and Calgary.

The debate on the speech f[illegible] the throne is expected to [illegible] clude this week and that Provincial Treasurer Hon. E. W. Hinman will bring down the budget for the next fiscal year on the evening of Friday, Feb. 20th. In my next report I hope to be able to bring you the highlights of this budget.

Derwent Couple Married at Slawa

DERWENT — Miss Emily Kostelny of Two Hills recently became the bride of Mr. John Lypka of Derwent in a pretty wedding ceremony held at the North Slawa Greek Othodox church. A reception was held at the Myrnam Elks hall.

Mr. and Mrs. Lypka will reside at the farm north of Derwent.

Vermilion W. I.

Vermilion Women's Institute held their February meeting at the home of Mrs. G. Dunsmore. Owing to the very cold weather, only ten members attended.

Members were all very pleased to note that Mrs. Fraser is still interested in belonging.

Two large boxes of used clothing donated by members were packed and sent to the Unitarian Centre by Mrs. Marfleet and Mrs. Rooks.

Mrs. O. Clark read a very interesting [illegible] on civil defence.

Roll call was answered by "what I get out of W. I." Twenty calls were made to sick and shut-in persons. The "Foot of Nickles" cards were filled and one was sent to the Cerebral Palsy fund.

One of the new wheel chairs that is for loan for community use has been accepted by a lady who we hope will enjoy it.

Paradise Valley High School News

The characteristic ill omen of Friday the thirteenth failed to appear as favorable weather and road conditions brought many people to the Paradise Valley Hall to see a hilarious [illegible] "Maid to Order," and stay for the dance following.

A capacity crowd rocked at the antics of the players of the McLaughlin Booster Club as they presented this two hour stage farce by Tom Taggart. Invitations have been received from Islay and Lone Rock for the presentation of this play. In Islay it will be sponsored by the W. A. on Friday, Feb. 20. It is a play you won't want to miss, and once you see it, you'll never forget it.

After the play a dance was held in the Paradise Valley Hall. The music was supplied by the Wainwright "Silvertones", who even though they were shorthanded, did a commendable job of playing for our dance. It was wonderful of them not to have let us down.

The program for the evening was sponsored by the Paradise Valley High School Students' Union. We would like to take this opportunity to thank everyone who turned out and made our effort such a success.

Vermilion C.G.I.T. Hosts At Rally

On Feb. 9, the Vermilion C. G. I. T. group was host at a rally. Girls attended from Dewberry and Vegreville.

The rally began with a delicious supper at 6:30. After supper, the girls had a sing-song while the dishes were cleared away. Then a film on the nursing profession was shown. The film described the first year of a student nurse's training. At the end of the film, Mrs. Lydia Docheau of the health unit spoke to the girls and told them some of the things to expect from nursing.

Following this the girls gathered into groups for discussions on various topics.

The evening closed with a devotional which ended a very enjoyable rally.

W. M. S.

The regular monthly meeting of the United Church Missionary Society was held in the church hall on Feb. 12. Mrs. A. M. West was acting president, opening the meeting with scripture reading and prayer. Mrs. W. Roebuck was in charge of the programme, her committee consisting of Mesdames Muir, Dunsmore and Williams. Mrs. Roebuck chose for her subject "race prejudice and Christian stewardship."

Mrs. West, Mrs. Barr and Mrs. Roebuck attended the annual meeting of the St. Paul Presbyterial at Lloydminster. Very interesting and well prepared reports, outlining the work of the W. M. S. were presented by each of these members. Following these reports the regular business meeting was conducted. Twenty-one members were present. The president closed the meeting with prayer after which lunch was served.

MR. AND MRS. ADAM POLIAKIWSKI

Golden Anniversary Marked At Mannville

MANNVILLE — To celebrate the 50th wedding anniversary of Mr. and Mrs. Adam Poliakiwski, Mannville, a party was given in their honor by the family, in the Orange Hall.

Prior to this, Mr. and Mrs. Poliakiwski, with their family and old friends, attended afternoon mass, celebrated by Father Starodub of Innisfree.

At the supper, the master of ceremonies was William Stoyko of Vermilion and Father Starodub was guest speaker. The head table was centred by a three-tiered wedding cake flanked by flowers.

Following Father Starodub's speech, congratulations were read from Premier Manning. Other speakers were Peter Makohonyk, Mike Lychak, Innisfree, Nick Naciuk, their sons John, Steve and Peter, Mrs. Jean Stoyko and Mrs. Linda Poliakiwski.

Gifts from the children included a chesterfield suite, foot stools and chesterfield cushions and a tea set. Other friends gave personal gifts.

Daughters unable to be present were Mrs. Don Sharon, Innisfree and Mrs. Kay Danylchuk, whose husband is serving in France with the R. C. A. F.

A grandson, M. Poliakiwski, was one of the musicians in the band which played for the dance that followed.

Adam Poliakiwski and Tilly Kryskiw both came to Canada from Austria in the same year 1905, and the pair were married four years later in Lamont. They moved to Myrnam that same year and remained there until 1946 when they moved to Mannville.

They are members of the Fidelity Greek Catholic Parish. They have 12 children, [illegible] daughters, five sons, 49 grandchildren and five great-grand children. Members of the family are: Steve, Peter and Eddy of Mannville, John and Nick of Myrnam; daughters Mrs. Mary Pidruchney, Myrnam, Mrs. Annie Staniuk, Mannville, Mrs. Sophie Damka, Two Hills, Mrs. Kay Danylchuk in France, Mrs. Olga Sharon, Innisfree, Mrs. Jean Stoyko of Mannville and Mrs. Josie Lashkowski, Musidora, Alberta.

BUFFALO COULEE ACTIVITIES

Curling is still the main form of entertainment in the community with some of the curling fraternity taking part in both the Irma and Mannville bonspiels. This week is the B. C. men's-open bonspiel and with roads open and the weather not too cold, it should be quite a success. Twenty-eight rinks are entered for the three way competition.

On Friday, Feb. 6, the ladies held an afternoon bonspiel with enough local ladies taking part to make up five rinks. Everyone seemed to have a good time not the least of which was the pot luck supper which turned out to be a real feast. All rinks were rewarded with small prizes, the number one rink being skipped by Ruth Haverstew. It is hoped that a number of the ladies taking part may curl regularly another year.

Next Saturday night, Feb. 21 is the big ice carnival. The girls at school are busy preparing their drill, the children are getting their costumes ready and the Boy Scouts planning their chuck wagon races. The three carnival queen contestants are Clara Boier, Diane Renspies and Elaine Everett and everyone is urged to get their tickets at 25 cents and cast their vote for the girls of their choice. If the weather man will just co-operate it should be successful and something new and different in the way of entertainment in the district. The mothers of the Boy Scouts will be serving lunch. A hearty invitation is extended to everyone to attend.

Due to the men's bonspiel the Home and School meeting for this month has been cancelled.

On Saturday, Feb. 28 at 8 p.m. the Saltaux W. I. are sponsoring the showing of a cancer film in the B. C. gym. Everyone is cordially invited to attend and get information on this vital problem.

Both the Students' Union and the Junior Red Cross held Valentine parties at the school last Friday with the grade sevens playing host to the Students' Union.

Best wishes go to Dick Fyber and his bride whose wedding took place in Vermilion on Saturday at the United Church with the reception and dance following at Derwent.

Young Johnny Bauman had the misfortune to fall and break his wrist while on skates at the door to the curling rink. This has been rather a bad spot for sometime. Johnny will have his arm in a cast for six weeks.

The Buffalo Coulee B[illegible] Scout troop came home the winners from the Scout hockey tournament [illegible] Saturday. Troops taking part were from [illegible] Chauvin, Camp Wainwright and Buffalo Coulee. Buffalo Coulee and Camp Wainwright were winners in the first draw against [illegible] and Chauvin respectively with Buffalo Coulee defeating Wainwright in the final.

The [illegible] meeting for February was held at the home of Mrs. [illegible] Fyber, the [illegible] Mr. Alex Stone. Members of both groups are asked to bring used clothing [illegible] meetings.

S

Hazeldine W. I.

The Hazeldine Branch of the A.W.I. met at the home of Mrs. Ernie Attfield for the February meeting. There were eight members present. Two new members were enrolled, Mrs. Mike Olynyk and Mrs. Robert McClelleghan.

Mrs. Ernie Attfield gave a talk on health.

Following the meeting lunch was served by the hostess who was assisted by Mrs. W. Romanchuk and Mrs. N. Romanick.

NEWS from ISLAY

The Bill Axley family went to Czar on Sunday to visit Lorne Axley and two children. They found all doing nicely. Miss Ruth Tesmond is caring for the family.

According to reports, we in this municipal district are fortunate as far as roads are concerned as no snow clearing had been done on the roads around Czar. The Axleys followed two trucks thus enabling them to get through.

Noticed quite a number of Islayites in Vermilion on Monday, some touring the new stores there for the first time, including the Robertsons, Bill Belton, Chas. Redmond, Marklunds.

Last Wednesday night the 4-H Food club held an open meeting for girls and ladies when they had as guest speakers Mrs John son and Miss Winder of the Agricultural college in Vermilion. The topic was "Personal Appearance" and Miss Winder actually demonstrated by bringing two of the students of the college with her showing the club undesirable and desirable appearance, also how one basic costume can be changed by its accessories to more than one outfit. Miss Winder stressed cleanliness as most important. If one needs some make-up Miss Winder showed how to apply using one of the students as a model. It was a very interesting and most worthwhile demonstation. The club leader Mrs Moncrieff then served a very lovely lunch and a nice visit was had over the tea tables. All in attendance expressed their appreciation to Mrs. Johnson, Miss Winder, June and Loyla, the students.

The Sunday school staff of the Islay United church will entertain the Sunday school children at a supper in the church hall on Feb 24th.

Mrs. Dave Buchanan was at the church service on Sunday night as Mr Jack McNeely stayed with Mr Buchanan. Jack is our 'good' neighbor.

That hockey puck has the habit of late of rising too high off the ice. Two of our young stars have been hit on the forehead necessitating several stitches to close the wounds, and now the latest casualty is Harold Brown, who had a front tooth knocked out. Harold went to the dentist on Tuesday to get it replaced.

The Islay Junior hockey boys enjoyed playing a game in Vermilion Monday night, though coming out on the small end of a 7 to 4 score.

The March meeting of Home and School Association is set for the second Thursday the 12th. Just keep that date in mind folks as you are likely to get a big surprise if you attend. Don't miss it.

Mrs. Robertson and Mrs. King were in Edmonton this week. Mrs. Robertson went to see Mrs. Robertson Sr. in the hospital.

A treat is in store for Islay Friday night when the McLaughlin Players present "Maid to Order" in the hall, sponsored by the United Church W.A. Admission prices are such that you can bring the whole family.

Do we need another well in this town? Speaking of elderly folks and how active some are—there is Mr Alf Hollington who walks to the bank where he works, and carries home a pail of water each time, some four blocks away. Not saying how old Mr. Hollington is exactly but 70 plus. A well in the west [illegible] of town is necessary and [illegible] be invaluable for fire protection too.

NEWS from KITSCOTY

Christian Youth Sunday was held in the Kitscoty United church on February 8. The Girl Guides, C. G. I. T., Explorers, Scouts and Cubs all paraded and took part in the service. Special music was a solo by Miss Margaret Miles.

The Women's World Day of Prayer service was held on Friday, February 13 in St. John's Anglican church. The guest speaker was Mrs. J. Shortt.

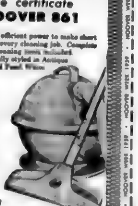
HOOVER WEEK 1959



Piggyback transport is growing fast. The CPR, reports The Financial Post, carried 61,650 highway trailers on flatcars last year compared with 34,059 in 1957. Reasons for that expansion: introduction of new services and growth of old.

BORN — To Mr. and Mrs. Ken Miller of Forestburg, Alberta, at St. Joseph's hospital, Galahad, on Thursday, Feb 5th, a daughter, Marina Lillian, weight 7 pounds, 8 ounces.

In the 1956-57 school year there were 3,297,450 students enrolled in Canada's publicly-controlled schools.

RECEPTION

Mr and Mrs W. C. Laird of Clandonald announce the marriage of their daughter, Norma Clarice, to Mr Cyril Trudel, son of Mr. and Mrs. E. S. Trudel, Edmonton. The marriage took place on December 31st 1958. An open reception will be held at the home of the bride's parents, Clandonald on Saturday, February 28th commencing at 5 00 o'clock in the afternoon.

—S—

Mrs. Roger Rowe left via Canadian National last week for Flint, Michigan where she will join her husband who is there attending a special two months course given by General Motors. They will return by car at the end of February. During their absence, Mrs. Rowe's sister, Mrs Hugh Fraser of Edmonton is here looking after the children.

C. P. A. Pilot Ken Caron is presently visiting his parents, Mr. and Mrs. George Caron on a short holiday.

Earl Brower is reported to be convalescing nicely following an operation in the General hospital in Edmonton.

Win Prizes At Elks Bonspiel

Gordon Park's rink won third prize in the second competition at the annual Elks' bonspiel held in Edmonton last week. The boys lost their first game then went right through until playing for the finals of the second event. With Skip Park were Vic Tillett, [illegible] Jones and Freeman French. The prizes were [illegible]

Joe McIntyre Farewelled

The Knights of Columbus farewelled one of their departing members, Mr Joe McIntyre on Sunday night. The party was held in the Elks Hall. Joe is transferring to the C. N. R. at Edmonton. Mrs. McIntyre and the children will remain here until the end of the school term.

Joe has been in Vermilion for 8½ years. During that time he has served as Grand Knight of the K. of C. He was a big help in organizing the Bob Cats hockey club.

General regret was expressed at Joe's departure with best wishes for his future happiness in Edmonton.

CARD OF THANKS

I wish to sincerely thank Dr. Evans, the nurses and staff of the Vermilion hospital for the excellent care and attention received while I was a patient and to the friends and neighbors for the flowers, calls and many other kindnesses to myself and family.

Mrs. Ruby Conner

APPRECIATION

On behalf of the Buffalo Coulee Curling club I would like to thank the merchants and businessmen of Vermilion and Mannville for their most generous support of our annual bonspiel.

George Fyfe, President
Buffalo Coulee Curling Club

IN MEMORIAM

In loving memory of my dear wife

MARY ANN SELWOOD

who passed away Feb 14 1955.

Always remembered and sadly missed by her loving husband, sister and brothers.

—S—

IN MEMORIAM

In loving memory of a dear husband and father

LOUIS RANDOLPH HICKS

who passed away Feb 24 1958.

After a lonely heartache
Many a silent tear
But always a beautiful memory
Of one we loved so dear.
God saw the road was getting rough
And the hills were hard to climb
So he closed your weary eyelids
And whispered "Peace be thine."
Peacefully sleeping, resting at last
The world's weary troubles and trials are past
In silence he suffered
In patience he bore
Till God called him home
To suffer no more.
[illegible]
In His [illegible] evermore
Waiting there to meet and greet us
Someday on that heavenly shore.

Ever remembered and sadly missed by his loving wife and family.

Esteemed Couple Honored On Silver Wedding Anniversary

Mr and Mrs. Peter Pidruchney were honored by friends, neighbors and relatives on the occasion of their silver wedding anniversary. The happy event took place on the evening of Friday, Jan. 30th in the Orange hall, Mannville.

The bride and groom of 25 years ago were escorted into the hall by the original best man and bridesmaid, Peter Seruk and Nancy Tulek, to the strains of the Wedding March and to the accompaniment of many flash bulbs.

The bridal table was centred with a beautiful three-tiered wedding cake baked by the sister of the bride, Nancy Lynkowski. As the bridal party entered Mrs. Pidruchney was presented with a bouquet of red roses and the bridesmaid with a corsage.

Mr Jack Yourwyshyn of Myrnam was master of ceremonies. Lunch and refreshments were served throughout the evening and dancing was enjoyed.

At 11:30 p.m. presentations were made to the happy and esteemed couple. On behalf of those in attendance, John Hasenluk presented them with a chrome and silver electric coffee service set. From their children, Adeline, Frank, Ernie and Lynda, they received a chrome Mixmaster, while numerous lovely individual gifts were also presented.

Among those making short speeches were Mr Pidruchney Sr., father of the groom and Joe and John Pidruchney, brothers of the groom, Mrs. Shalagan, mother of the bride, Mike Lynkowski, brother of the bride and Wm. Woywitka.

All members of the family were present with the exception of daughter Adeline (Mrs. Keith Foote) who is living at Glendale, Calif. During the day a long distance telephone call was received from Adeline.

A very large crowd attended despite the very cold weather prevailing at the time.

Demonstration Of Link Grain Cleaner

Demonstration of the Link grain cleaner will be held at the Delainey Implements warehouse on Friday Feb. 20th at 2:00 p.m. Mr. Puckering of the Link Company will be on hand to conduct the demonstration. All farmers are invited to bring a one bushel sample of grain for cleaning.

Claysmore W. I.

The February meeting of the Claysmore W.I. was held at the home of Mrs. Bill Woywitka with seven members and one visitor, Mrs. H. Seymour present.

The new president, Mrs. R. Bauer, was in the chair and put through the business session very efficiently. In the absence of the secretary, Mrs. J. Willes, the minutes of the previous meeting were read by Mrs. O. Willes. It was moved that all outstanding bills be paid. There was some discussion as to what projects should be undertaken for the year 1959.

Bazaar material was then parcelled out to the members.

Under the head of new business the members decided to sponsor a card party on Feb. 20th in the Claysmore school.

Next meeting is to be held at the home of Mrs. J. Scott, Mannville. All members are urged to attend.

Following the collection the ladies enjoyed the delicious lunch served by the hostess Mrs. Geneva Woywitka.

News from Dewberry

Congratulations to Mr. and Mrs. Joe Philbin (nee Evelyn Parker) who were married recently.

Congratulations also to Mr. and Mrs. Sandy Ewan on the birth of a son. A brother for Janet, Olive and Penny.

We extend our sympathy to the wife and daughter and all who are left to mourn the passing of Mr. Ted Waterworth.

The birthday club held their February party on the 10th at home of Mrs. Annie Dennill. All members were present and a new member, Mrs. L. McIntosh was welcomed. Mrs. Willena Lively's birthday was celebrated. Two contests were very much enjoyed and a delightful lunch was served by the hostess and lunch committee for the month. The next party will be on March 17 at Mrs. Myrtle Fleming's. Remember folks, something green.

The Explorers held a Valentine tea and bazaar in the hall on Saturday, Feb. 14. The tea tables were kept filled and the young people acquitted themselves remarkably well. The bazaar table was soon cleared. It is a wonderful training for the young folks. The leaders, Mrs. Oxton and Mrs. Porter are to be congratulated along with the girls.

Mr. and Mrs. Cliff Pinsent of Courtenay, B. C. have been visiting at the home of the latter's sister, Mrs. J. Porter and family. They also visited relations at Marwayne. The writer was pleased to have them for a visit on Wednesday evening.

On Sunday Mr. and Mrs. Pinsent, Mr. and Mrs. J. Porter, Kenneth and Beverly and Mr. and Mrs. Joe Philbin were dinner guests at the M. Philbin home. A turkey dinner with all the trimmings was enjoyed. Gary Ure came in the afternoon for tea. Kenneth Porter, who was home for the week end from Edmonton, returned to the city on Sunday evening by bus from Vermilion.

Mr. and Mrs. Chas. Moore paid a visit to the writer on Monday. Come again folks, but make the visit a longer one.

Congratulations to Mr. and Mrs. Dan Proud who celebrated their 42nd anniversary Feb. 14th. Many more happy years to you folks!

We would appreciate it if people would leave items of news at the post office with the postmaster, or tell the writer. Having no phone, it is quite easy to miss news items.

'The Bible Today'

A Bible quiz sponsored by Israel offers to the quiz winner a trip to Israel.

In Argentina, South America, a 'Bible quiz' is sponsored by Israel as a part of its tenth anniversary celebration. The programme is transmitted by Radio Belgrano, which has international outreach. All questions are based on the Bible. Judges are a Jewish rabbi, a Roman Catholic priest and a Protestant pastor. Each participant receives a copy of the Scriptures and the winner is to receive a trip to Israel.

The British and Foreign Bible Society in Canada will provide gratis on request a list of daily Bible readings for the year.

WILDMERE WINKS

Congratulations to Mr. and Mrs. William Szabados (nee Alice Simonsen) and Mr. and Mrs. Richard Eyben (nee Lillian Pidwerbecki) who were married on Feb. 14 in Vermilion. May they enjoy many more years of happiness together.

It was pleasing to see over forty out to church on Sunday at Preston Central. Rev. MacKay gave a very interesting sermon on "How to know Jesus better." Mr. Schurman led in prayer and scripture reading. Church again on March 1st at 3 p.m. Plan to attend.

Measles and scarlet fever have really been playing havoc with school attendance this last while, especially in the small grades when Mrs. Sweet had 12 away from her room. We do hope everyone is soon all better again. Wendy and Kathleen Cruthers had the measles as did the four Haines children. Linda Ruth Smith and Beverly Westman had [illegible].

Our teachers Mr. and Mrs. Sweet and Miss Fluney were curling in the teachers bonspiel in Vermilion on Saturday.

This week several rinks from Wildmere and Battleview are curling in the Buffalo Coulee bonspiel which started on Monday.

A nice attendance at the Home and School meeting on Monday evening. It was decided to try and raise funds to send a delegate to the convention in June. A skating party for the children and a social evening for the adults will be held on March 6 at Preston Central. It was left for the programme committee to decide on the programme for the evening. Frank Gibson and Mr. Sweet are to supervise the skating. Hot dogs and buns, doughnuts and coffee will be sold. Following the meeting, Mr. Sweet showed two very interesting films which were very much enjoyed by everyone present.

There was a nice attendance at the dance held at Basswood last Friday evening and a very pleasant time was enjoyed by everyone. Martin brothers furnished the music and Dave Hughes was M. C.

Mr. Ken Holte of Winnipeg made a very short stop in Vermilion last week. He [illegible] over the new Macleod's store, stayed with Mr. and Mrs. West overnight, then called on his parents Mr. and Mrs. A. Holte of Wildmere for a couple of hours before leaving for home via the train from Wainwright.

Lots of annual meetings this week. Wildmere-Tolland telephone meeting on Wednesday, the annual school meeting at Preston Central school on Friday, Feb. 20th and the annual M. D. meeting in Kitscoty on Saturday, Feb. 21st.

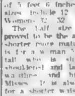
PATTERN SELECTION



Are you one of the women taking advantage of long winter evenings? Many women are now busy doing spring sewing. Have you had difficulty with patterns presenting fitting problems that never occurred before? Most of the pattern companies are making patterns with each size in different types. The difference is in the length and contour as the body measurements are almost identical for each type.

For instance a size 12 can appear as Sub-teen (girls), Teen, Misses and Women, and half size. Selecting the one suited to your individual figure type is going to reduce the fitting problem to a minimum. Age is not necessarily the standard to go by in deciding your type.

The sub-teen or girls type is for the very slightly developed figure about 5 feet in height.

The Teen sizes are proportioned for the slightly taller girls around 5 feet 1 inches with a high bosomed figure and a waist length one inch shorter than the misses.

The Junior sizes are the odd sizes 11-13-15 etc. which are for the developed figure with normal waist length and height of 5 feet 6 inches. The Misses sizes include 12 - 20 and the Women 32 - 52.

The half size pattern has proved to be the answer for the shorter more mature figure. It is for a woman 5 feet 3 inches tall who is slightly narrow shouldered and larger in the waistline and hips than the Misses. It is also proportioned for a shorter waistline than the Misses.

Regardless of type, patterns should be purchased according to your measurements. The size of a ready made dress you wear is no indication as to the pattern size you need. Rather as a general rule for coats, blouses, suits and dresses select a pattern with a bust measurement the same as your own and type designed for your height and figure contour. If the skirt is flared select the pattern by waistline measurement. Straight skirts and slacks should be selected by hip measurement.

You may still have to make slight alterations in your pattern but by carefully selecting a proper designed pattern for you the more difficult problems can be eliminated.

All the pattern companies at various sewing centres sell booklets on sewing fitting and pattern alterations which are most helpful in dressmaking. These books give a more detailed explanation as to methods [illegible] in the [illegible].

Bob-Cats Lose Provincial Series In Overtime, 7 Goals to 6

Vermilion Bob Cats won a thrilling 3-2 game here on Wednesday night from Ponoka but lost the total goal home and home series by an overtime goal and thus drop out of the provincial Juvenile play-offs. The Ponoka team advances to the next round against the St. Paul Juveniles.

Playing at Ponoka on Sunday the Bob Cats lost a 5-3 decision despite the fact that according to reports, they had a wide margin on territorial play. The same story holds true of the game here. The Cats were worth a win by a wide margin but at the end of regulation time the [illegible] stood Bob Cats 3, Ponoka 1. This meant that the series was tied up at 6 all.

The rules call for sudden death overtime. The eagerness of the Bob Cats to score was their undoing. Keeping the puck penned up in the Ponoka goal area for most of the time, defence was neglected and the inevitable happened. The Ponoka boys made a break-away, and [illegible] of their players swept in unhampered on goalie Jim Reid and slipped the puck [illegible] him. W Lloyd got credit for the goal with D Spence doing the most of the puck carrying.

The Bob Cats, appearing weak on their shooting, found goalie B. Andres difficult to beat all night and that worthy would get the first of the three-star selections.

The Bob Cats had a wide margin of play in the first period but were only in front 1-0 at the first breather. The Mannville line of D. Croft from A. Manz accounted for the goal.

At the 13-minute mark in the second Ponoka boys tied it up, Fraser from Spence. The K of C sponsored team then went out in front on goals by Ken Alfke unassisted, and Larry Dargatz from Leo Leahy, making the score 3 to 1 and the series a tie at the end of the middle session.

There was no scoring in the third and this necessitated the sudden death overtime which ended with Ponoka getting the winner at the six-minute mark.

It as an exciting game with a good crowd in attendance but all were of the opinion that the Bob Cats did deserve to win by a wider margin on the night's play.

Returned Boys Curl At Dewberry

It has been the custom for some years for the returned boys interested in curling, from Dewberry and Marwayne, to exchange visits each year. The program usually consists of a fairly evenly contested curling game much enjoyed by all, and then a gathering at some private place for lunch and refreshments. All together a really sociable time is spent.

The rinks this year lined up as follows: Marwayne — F Graham skip, Jack Manson, Clyde Allen and Cliff Espeveidt. Dewberry — W Dennill skip, Win Braithwaite, Geo. Ewen and Graham Skinner.

Next Sunday the Dewberry boys are invited to Marwayne and it is hoped that some of the Kitscoty boys will be there too.

Marwayne Elks Report Progress

MARWAYNE — The meeting of the Marwayne B. P. O. E. was held on Feb. 2 with 35 members present. This was the first meeting under the leadership of the new Exalted Ruler Bro W Meiklejohn and he and his fellow officers are to be congratulated for a very fine performance.

P E R Bro. L. Berg gave a report on the cost of installing water and sewer in the Elks Hall. Bonds to the value of $800.00 and interest were paid in January leaving a balance of $150.00 outstanding.

Bro [illegible] was instructed to start a new suit-of-the-month club. A very good lunch was served by the lunch committee. Bro J Koshko was in charge of cooking and was ably assisted by Bro J Lennan and G. Hanson.

On Thursday evening, R. C. M. P. Const. Gerry Kedword of Lloydminster showed two films, one showing the R. C. M. P. ship St. Roch's trip from B. C. through the Panama canal to Halifax, N. S. the other showing police dogs in action. There was a good attendance of youngsters and grown-ups. The show was held in the Elks hall and was free to everybody.

World Day Of Prayer Observed

MANNVILLE. — A well attended World Day of Prayer was taken part in by ladies of the United, Missionary Alliance and Anglican churches on Friday, Feb. 13th at 2:30 p.m. in the McQueen Memorial United church. Mrs. Ernie Bauer delivered the address. Collection, which amounted to $12.77 is to be sent to the Women's Inter-Church Council of Canada.

Following the service a delicious lunch was served by the ladies of the United Church.

Knights Win Inter-Club 'Spiel

The two Knights of Columbus rinks proved to be the best at the inter-club spiel played on Sunday. This is an annual event and this year the host club was the Kinsmen. Points are awarded for wins, draw and ends scored. The total score of the two rinks of each club are added to determine the winner.

Following the curling, the Kinsmen treated the competitors to a bountiful supper. A very nice time was enjoyed [illegible].

Kinsmen president [illegible] Novak awarded the Knights of Columbus trophy to the winning rinks, skips Rudi Zernaud, Angus MacMillan, [illegible] McLaughlin and Herb Lamoureux, [illegible] Gordon Casey, Ron Payment, John Shalka and Bill Toronchuk.

The Masonic rinks ranked second on the days play.

V. S. A. Is Second At Marwayne

MARWAYNE. — Eight teams were entered for the Senior hockey tournament played at Marwayne on Saturday, Feb. 14. There were some real good games played but not too many spectators were on hand, which was probably due to the very cold day.

Play started at 10:00 o'clock with the following results:

Marwayne by default from Vermilion.

Vermilion School of Agriculture defeated Indian Creek.

Heinsburg defeated Lloydminster Juveniles in overtime.

Fort Pitt [illegible] defeated Chauvin [illegible].

V. S. A. def. Marwayne in overtime.

Fort Pitt defeated Heinsburg in overtime, and in the final Fort Pitt 3, V.S.A. 2.

Referees and linesmen were Gene Chester, Roy Hutchinson, Neal Hancock and Ken Brown.

4-H Seed Show At Lloydminster

The Lloydminster Exhibition Association is introducing a 4-H section to the annual Lloydminster and district Seed Grain Show. The original show was set up as a means of showing people where good commercial seed could be obtained. Every sample of 15 pounds is representative of at least 100 bushels and must be accompanied by a control certificate. Any amount of cleaning may be done to the grain but it must be done to the grain the sample is taken from. Hand picking is out. In view of these regulations a 4-H club member found it very difficult to find one hundred clean bushels on a three acre plot.

This year the show has been expanded to include 4-H samples.

4-H club member contributing to this show will be entering an interprovincial show. A sample consists of fifteen pounds of grain grown on a 4-H members plot in 1958, and must be accompanied by a control certificate. A member obtains a control certificate by sending a two-pound sample, seventy-five cents and request for a control certificate to Plant Products Division, Canada Department of Agriculture, Federal Bldg., Edmonton. This is an opportunity for 4-H member to show the country what they grew in 1958 and learn the legal procedure in presenting seed for sale. Anyone wishing to enter the show should send for a control certificate immediately.

Alexandra Socreds To Nominate On April 8th

At a very well attended general meeting of the Alexandra Constituency Social Credit Association, the nominating convention meeting was set for Wednesday, April 8th at 8 p.m. in the Legion hall, Kitscoty. This date in April will enable all key men of the individual polls to set up their group organization and select delegates to attend the nominating convention so that each poll shall be represented at the nominating convention on the basis of one poll representative for each fifty names, or major portion thereof, on the voters' list in the poll in the preceding provincial election.

The World Book Encyclopedia says the name February comes from a Latin word meaning to "purify." February was the month in which the Romans were purified for the year's religious festivals.

Scout Council Holds Training Course, Plans District Rally

Eighteen eager trainees attended the Cub Leaders' Training Course held in Camp Wainwright on Saturday, 7th February, 1959. The course, which was under the leadership of Mr Kim Whittaker, Training Staff, Provincial Council had become necessary to provide preliminary training to the many Pack Scouters operating in the district. District Commissioner Grant Salmon, Pack Scouter Mel Goede (of Chauvin) and Cubmaster Lloyd Tetlock of Camp Wainwright assisted on the Training Team.

The training course went well and the trainees were eager and interested. The following attended:

VERMILION — Mrs. Bottorff, Mrs. Park, Mr. R. H. McDowell, Mr. A. D. Colter.

WAINWRIGHT (Town) — Mr. John Taylor, Pack No. 1; Mr. Martin Russ, Pack No. 1; Mr. W. Walker, Pack No. 2.

CAMP WAINWRIGHT — Sgt. W. Millis.

BUFFALO COULLEE — Mr. A. H. Cunningham.

VIKING — Mr. W. R. Child, Mr O. R. Congdon, Mr E. Bolton, Mr. T. R. Harry.

EDGERTON — Mr. D. P. Odegarde.

IRMA — Mr. R. Harris, Mr. Gage Pendleton, Mr A. W. Prosser, Mr. A. Bacon.

The Battle River District Council are happy to announce the formation of a large Cub pack Irma and the group committee is strongly sponsored by the Irma Home and School Association. The Pack Leaders are Mr Bob Harris, Mr Gage Pendleton, Mr. Prosser and Lou Scout, John Murray, is assisting.

A Cub Pack has also been registered from Islay with Mr King as Pack Scouter and Mr McCaughan as assistant. This Pack is sponsored by the Islay parents.

Vermilion has also a new group committee with Mr. Lloyd Wheating as chairman. They have a Scout Troop, with Dr King as Scoutmaster, and two hefty [illegible].

The town of Wainwright under the new and capable chairmanship of Dr. Adamson, is forming its third Cub Pack.

In view of this rapid development it is obvious that the Scout movement in the district requires and deserves the financial support of parents and the public. To this end, there will be District Scout and Cub Rally (planned by the district commissioner, Grant Salmon) and backed by the District Council. The rally is intended to be held on March 13th in Camp Wainwright theatre and all parents and friends will be welcome. This will be a wonderful opportunity for all leaders, scouts, cubs, parents and the public to get together and shape an evening of scout brotherhood. The Camp Wainwright Scout group committee are also planning to hold a bean supper prior to the rally, partly to augment their funds and also to provide a meal for those who have to travel some distance and may not have time to eat before they leave their homes. More definite information on the rally and supper will be published later but the supper will most likely be served from 5 p.m. to 7. p.m. and the rally will commence about 7.30 p.m. In the meantime, Scout Troops and Cub Packs are busy rehearsing their contribution to the programme.

At the executive meeting of the District Council held last Monday evening a definite decision was reached as to the district emblem and it is hoped that scouts, cubs etc. in the district will be wearing this emblem by [illegible].

The district grows with the Scout movement — please keep the night of the supper and rally free, come out to Camp Wainwright in full force and help us make a success of our first big "get together."

SQUARE NOTES From Circle 8

Hi square dancers, another dance has gone by with Billy Coulter of Edmonton calling. Owing to the cold weather and other dances being held the same night, only seven squares turned out. Everyone present reported a good time and all enjoyed the round dances Billy and Kay danced.

On Friday night Johnny Maxwell and Bob and Betty Repp had a birthday and anniversary dance. There were five squares out and everyone enjoyed a good dance. As it was close to Valentine's day, Johnny and Cora gave everyone present a heart and anyone answering "no" to any question lost their heart to that person. Some of the questions and answers were hilarious. The people collecting the most hearts and getting the prizes were Mrs Smith of Mannville and Jack Seminiuk of Bowtell.

Our next dance will be held on Feb. 24 with Ken Waring of Rivercourse calling. At that dance we will start a friendship cup contest and the club getting the most points take the cup home with them. Points are scored by the number of members present from each club multiplied by the amount of miles Vermilion is from their home club. Any club not more than sixty miles from Vermilion can compete.

On Saturday night several car loads from Vermilion went to Blackfoot to dance to Doug McColl of Red Deer and to Alcurve sixteen miles north of Lloydminster where Art Zeigler of Vegreville and Ken Waring of Rivercourse were calling. Both were reported to be very good dances. Alcurve opened their new hall that night which is said to be very nice.

See you all on February 24'

Princess Anne W. I. Notes

The February meeting of the Princess Anne W. I. was held at the home of Mrs. M. Simonet. Eleven members answered the roll call of a home remedy for an emergency.

A letter was read from Mr. Talbot regarding films on cancer and it was decided to hold a film night at Allendale Community Centre February 27th, at 8 p.m. It is to be an educational film for the whole family.

A bake sale is to be held March 27th if possible, at which we will specialize on Hot Cross Buns.

The topic, New Times Begin For Mental Patients was given by Mrs. George Mead.

An amusing contest led by Mrs Ort Strome followed and the meeting adjourned.

A delicious lunch was served by Mrs. George Mead and Mrs M Simonet.

Mannville W.A. Plans Mother's Day Tea

MANNVILLE — Meeting at the home of Miss Jean Allanach the United Church W. A. met on Thursday, Feb 12, with 21 present, including visitors.

Owing to the departure of the new president Mrs. Arthur Baker who has gone to Manning Mrs Betty Ramsey, vice-president took over the duties. A fifteen minute W M S programme was presented and apron material was handed out to members for the annual Mother's Day tea. It was decided to hold the next meeting in the social rooms of the church on March 12. A delicious lunch served by Mrs Archie Hubbard and Mrs. Rea concluded the meeting.

Red Cross Sunday Set for March 1st

Sunday March 1st has been designated as "Red Cross Sunday" throughout Alberta with Saturday February 28 as "Red Cross Sabbath."

Each year as a fitting prelude to the annual Red Cross campaign for funds the Saturday and Sunday nearest to March 1st are selected as Red Cross Sabbath and Red Cross Sunday respectively with the clergy of all denominations invited to mention the humanitarian work of Red Cross during regular services in churches and synagogues.

This year Red Cross Sunday and Red Cross Sabbath will have added significance as the Canadian Red Cross Society observes 50 years of service.

Retiring President Reviews Board Of Trade Activities for Past Year

(CONCLUSION)

Our president and Mr. Angus MacMillan were delegates from this Board to the twentieth annual meeting of the Associated Chambers of Commerce and Agriculture held at Calgary in June.

Vice-President Jack Kasale and Mrs. Kasale and Mr. and Mrs. E. M. Stewart attended the Wainwright district Board of Trade dinner as representatives of this Board. Representatives of our Board also attended the Kitscoty annual Board of Trade dinner.

I am sure we are all pleased to note the attendance at the Vermilion School of Agriculture was up to capacity this year. Mr. Palin toured the north country prior to enrollment and visited various Boards of Trade armed with a letter of introduction from our Board and reported a very successful trip.

Right here, I would like to thank Mr Palin for representing this Board at the official opening of the Lea Park bridge, and also to voice our appreciation to Mr. Art Morgan, who kindly loaned us his truck for the Board of Trade float in the parade at this function.

SUPPORT HOCKEY TEAM

The Board, as in past years, arranged this winter for transportation of the Vermilion hockey players. I wish to express appreciation of Mr. Stan Waldenberger for the excellent manner in which he arranged the schedule of the various trips.

Through the Canadian Chamber of Commerce we arranged for the film "Story of Creative Capital" to be shown in the high schools in this district this month. I believe the film is now being shown.

Too late before Christmas the matter of Christmas promotion was mentioned and a resolution was passed that this matter be taken up by the Executive early in the fall. I am mentioning this now so that it will not be forgotten.

I would like to make a few remarks regarding the Canadian Chamber of Commerce of which body this Board is a member. At the beginning of last year the Canadian Chamber of Commerce sponsored a Board of Trade or Chamber of Commerce Week which we publicized locally through our "Ways and Means Committee" under the chairmanship of Mr. Stan Waldenberger.

NATIONAL AFFAIRS

The recommendations of the Canadian Chamber are listened to with respect by the Federal Government. You have possibly noticed that quite often before the Canadian Chamber takes a stand the various boards of trade across Canada are canvassed by the Chamber for their opinions. In order that the Canadian Chamber may properly represent the opinions of Boards of Trades and Chambers of Commerce across Canada it is essential we do not neglect to respond when asked by the Canadian Chamber for our opinion, and that we give our full support to the Canadian Chamber.

I believe we have not failed in this respect. For instance, we voted on the question as to whether the lottery laws should be relaxed or not. If other Boards across Canada do likewise, then the Canadian Chamber knows the general opinion throughout Canada and can act accordingly.

The same remarks apply to the Alberta Chamber of Commerce and Agriculture in provincial matters. Again I think we have done our part but perhaps we could co-operate still more. We did, however, vote on the Hutterite problem, and on the question of whether the government should establish a separate Department of Labour, to mention two matters which were referred to us by the Alberta Chamber.

With reference to Alberta, I would remind you that one of our members, Mr Reg Mitchell, is a permanent member of the Alberta Economic Development Board. This brings to my mind Mr Mitchell's report to us last June after he attended the meeting of the Alberta Economic Development Board, to the effect that we should strive to do more to attract tourists here. It appears from what Mr. Urquhart has said, during the summer we have had tourists from far distances and widely separated points stop at the lake. Possibly there is something we could do to attract a greater number and I leave this thought with you.

Before closing I would like to refer to one of the statements of policy of the Canadian Chamber of Commerce approved by the annual meeting of the Chamber last October which, put shortly is - "That the basic aim of public policy should be the maintenance of personal freedom." This was put by Professor Marcus Long, professor of Philosophy of the University of Toronto, to the Canadian Chamber as follows: —

"What then do I consider to be the basic freedom? Most of you have suspected what it is. It is the freedom of the individual to act as he pleases so long as his acts do not infringe the essential laws of society or the rights of others and the right, through the exercise of free speech and criticism, to urge the cancellation or revision of any law which seems to limit his freedom."

It was pointed out at the annual meeting of the Canadian Chamber of Commerce that Boards of Trade and Chambers of Commerce provide a useful medium through which Canadians as individuals and communities can affect the policies of our times, and by taking an active interest in public affairs can do much to influence governments towards better government and to forestall or cause to be repealed through public [illegible] ill advised legislation [illegible] infringes upon our freedom as individuals, and particularly the freedom of decision by the individual within the rule of law. It has been said that we must try to understand and do something about the broad problems that threaten both our freedom and our civilization and this I believe we should try to do in our Board of Trade apart altogether from our local problems and the matters which concern us locally.

I wish the incoming president and the executive a successful and fruitful year in 1959.

Thank you.

Town & Country Hockey Tourney Saturday, Mar. 7

The Vermilion Tigers hockey club is again sponsoring the town and country hockey tourney which has proved so successful in the past. Last year no less than 16 teams from towns, villages and country communities enjoyed the chance to play a lot of hockey to wind up the season.

Players are eligible to play on one team only, and no player registered in any league is allowed to play. The one exception in this regard is the juvenile league where the boys may play regardless.

Entries should be made to Reg Ireland or Jack Brown.

Four cash prizes are paid to the winners, $60.00, 45.00, $30.00 and $15.00. The champions are also awarded the custody of the Northern Hardware trophy.

FARM VARIETY PLOT

Because of the continued interest in Variety Demonstration Plots, a further limited distribution of seed will be made this year to farmers who are prepared to plant and care for a small local plot. Such a plot, to include some 30 different varieties of wheat, oats, barley and flax, is always of interest not only to the operator himself but to the district as a whole.

Apply, stating location of your farm, to: The Crop Testing Plan, Searle Grain Company, Limited, Winnipeg 2, Manitoba.

Report from Parliament 1959

Since my last report to you we have taken up a few agriculture supplementary estimates. The first was Science Service for which $375,000 was passed. The second was health of animals with regard to compensation for animals that are slaughtered for reasons of health. This item took $400,000. The next was freight assistance on western feed grain, which required $2,500,000. The following item was an extra $1,200,000 required to complete the payment on the $1 per acre payment to western Canada.

The last item handled was an extra $225,000 for the P. F. A. Act. These items all passed without too much discussion. An attempt was then made to pass an extra $2,500,000 for housing in order that this project would relieve the unemployment; however, a great deal of opposition has been run into and as yet this item is not passed.

I hope this report has been of interest to you, and if you have any suggestions or problems I would be only too glad to hear from you.

Health Unit Notes

DENTAL HEALTH

During the past year our Health Unit staff has been examining many of the school children in our area. The most common single defect found was dental decay and so we think it advisable to discuss dental health.

Good teeth are necessary for four reasons: —

a. For good health.

b. Good looking teeth aid good appearance.

c. For proper chewing.

d. They assist in speech.

Nature has provided us with two sets of teeth, primary (or baby) teeth and secondary teeth. There are twenty primary teeth and these are partly formed before the child is born. They begin to appear when the baby is about six months old and usually have erupted by the time the baby is two and a half years. Normally they are all lost by the age of 12. They should not be considered as temporary teeth but as foundation teeth, and should be preserved in health until the secondary teeth are ready to erupt for four reasons: (a) For proper chewing of food. (b) To help guide the secondary teeth into position (c) To aid in normal jaw development: (d) to prevent irregularity of the secondary teeth. Normally there are 32 secondary teeth, and they begin to appear between the fifth and seventh year.

The child should be taken to the dentist soon after all the baby teeth have appeared at about the age of 2½ or 3 years and thereafter at least twice a year and more often for dental examination. If decay is found early, the dentist can remove it with little or no pain, and fill the cavity while it is small and thus preserve the tooth. If treatment is delayed, decay progresses towards the pulp (nerve) in the centre of the tooth, and later leads to an abscess and sometimes illness.

The mouth is an ideal place for the growing of disease germs. The cleaner the surfaces of the teeth can be kept, the less inviting they are to germs. The grooves on the chewing surfaces near the gum margins require special brushing and decay usually begins here.

Take the child to the dentist before discomforting operations are necessary. This will prevent fear of the dental office and enable the dentist to make friends with the child.

Teeth should be brushed regularly and thoroughly because brushing helps prevent decay and improves their appearance. The teeth should be thoroughly brushed after every meal, or at least every night before going to bed and every morning after breakfast and the mouth thoroughly rinsed with warm water. Children should use a small tooth brush and adults one of medium size. Your dentist will advise you regarding the type of brush and the tooth brushing method best suited to your mouth.

Diet is important in growing and maintaining good teeth. Some foods are more nearly adequate than others for protecting health and promoting growth. They are called "protective foods" and should form the basis of meal planning. These foods include milk and milk products, vegetables and fruits, whole grain cereals and breads, eggs and lean meat, poultry and fish.

In the research field many workers agree that there is a relationship between candy-eating or excessive amounts of sugar and dental caries. By restricting the amount of sugar in the diet, it has been possible to partially control dental caries. A special effort should be made daily to include raw or crisp foods requiring chewing such as a head of lettuce, celery, raw fruits, raw carrots, hard toast and bread crusts.

Dental defects may lead to 1 Pain: 2. Irritability. 3. Loss of teeth: 4. Loss of chewing surface: 5. The omission from the diet of foods which require chewing: 6. Bad breath. 7. Loss of good looking natural expression. 8. Self consciousness and an inferiority complex. 9. An unsightly condition of the teeth and malformation of the jaw. 10. Lowered physical resistance and impairment of good health. 11. Great expenditures for correction.

Tips on Touring

By Carol Lane

Women's Travel Authority

Every year more Canadian women take on a challenging new job the care — and most of the driving — of the family car. If you are in this group, you should know that your car will run better longer if you see that it gets the right lubrication. Here are a few tips for the lady in charge.

Watch it in winter, especially. Cold makes oil sluggish, starting hard, and tends to cut lubrication of moving parts until the engine is warm. Use a lighter grade of oil.

To find the right weight follow the manufacturer's recommendations. Oil goes by number. The higher the number the heavier the oil. Numbers 10 and 20 are light, good for winter; number 40 is heavy, for summer.

Have your service station dealer change the oil filter often enough to keep the oil clean. No matter how you drive dirt and grit get in; and unless they are filtered out, they harm the engine. Your Shell dealer can tell you when to change.

Don't stretch mileage between oil changes, especially in winter. Cold weather causes condensation of moisture in the engine, leading to corrosion. Fresh oil will check this - and also combat formation of low-temperature sludge.

Don't add oil above the full mark on the dip stick. Too much oil causes foaming and improper lubrication.

Happy Hour W. A. Group Holds Business Meeting At Mannville

MANNVILLE. — Meeting at the home of Mrs. James McLackie on Thursday, Feb. 12th, with Mrs. M. Morrison and Mrs. J. Johnstone as hostesses, the Happy Hour W.A. heard reports of various committees. Recent bills from the men's curlers' banquet at which 152 were served, and other small accounts were approved and ordered paid. A chapter of the study book was read by the educational secretary, Mrs. Malin. It was decided to continue collecting Nabob coupons. Donations are to be solicited from each member in lieu of project during Lent. The report of Mrs. Williams, the Diocesan W.A. delegate to annual, was held over until next meeting.

Northwestern Utilities' Customers Reach 83,500

November 1st, 1923 was an historic date — and an eventful one — for the people of North-Central Alberta.

In that year, Northwestern Utilities completed construction of a 78-mile line of 16-inch and 12-inch pipe from Viking to Edmonton. The year's end saw natural gas supplied to 1,500 customers in Edmonton and 300 in towns along the route.

Only modest increases in sales occurred during the depression years, and annual sales were but 3.5 billion cubic feet at the outbreak of the Second World War.

During the war years the company met the challenge of providing natural gas to [illegible]

In the 10 years following 1936 it spent [illegible] on capital additions. It also acquired additional lands in the Kinsella field increasing its reserves to approximately 390 billion cubic feet. By 1945 the company was supplying 18,500 customers with an annual volume of 8.5 billion cubic feet.

The growth of the Alberta natural gas industry has been spectacular since the war. The development of oil and petrochemical industries following the Leduc discovery in 1947 has been phenomenal. Tens of thousands of people have moved to Alberta and into the company's service area. To meet this challenge the company embarked upon an unprecedented expansion program.

From 1947 to 1957 Northwestern Utilities spent more than $48,000,000 on gross capital additions. Its annual sales jumped from 10.5 to 46.2 billion cubic feet, and the number of customers increased from 27,284 to 76,520. In 1947 the company served only 12 communities with a population of 136,000. At the end of 1958, service was supplied to 83,500 customers in 60 Alberta communities.

The trend to increased population and to greater industrial activity will continue.

THREE FAVORITE FISH DISHES

By [illegible]
(Home Service Director)

Fish is a Lenten tradition, and many people welcome the change in diet it suggests. Today, fresh and frozen fish are available in such variety that the number of appetizing fish dishes you can serve are almost unlimited. Here are three favorites of mine.

DEVILLED TOMATO HADDOCK

Thaw two 12-oz. packages of frozen haddock fillets and place in the bottom of a casserole. Cut each block into four pieces.

Slice very thinly 1 medium-sized onion and saute in 1 tbsp. butter or margarine until tender.

Add one 10-oz. can tomato sauce, 1 tbsp. Worcestershire sauce, 1 clove garlic (crushed) or [illegible] tsp. garlic powder, [illegible] tsp. prepared mustard, [illegible] tsp. salt, [illegible] tsp. thyme, 2 tsp. sugar and [illegible] tsp. basil, [illegible] tbsp. chili sauce.

Simmer gently for 5 minutes. Pour sauce over fillets. Bake for 20 minutes at 400° F. Serves four.

FRIED RICE WITH SHRIMP

You need:
● [illegible] cup rice ● 1½ tbsp. soya sauce ● 1½ cups water ● 2 tbsp. peanut or salad oil ● 2 eggs ● [illegible] tsp. salt ● [illegible] tsp. pepper ● [illegible] lb. shrimp (canned or fresh), chopped if desired ● 1 large onion, chopped ● [illegible] lb. mushrooms, sliced ● [illegible] tsp. sugar

Wash the rice thoroughly. Soak in warm water for 15 minutes. Drain and rinse again. Combine in a saucepan with the water. Cover and bring to a boil.

Cook over low heat for 22 minutes or until the water is absorbed. Heat the oil in a large, heavy skillet. Break the eggs into it and fry until firm. Then turn over and fry one minute.

Remove the pan from the heat and cut eggs into very thin shreds while still in the pan. Return to the heat.

Add the salt, pepper, shrimp, onions and mushrooms. Cook over low heat for 5 minutes, stirring frequently. Add the rice, soya sauce and sugar. Cook over medium heat for 5 minutes, stirring almost constantly.

ALASKA KING CRAB LEGS EN BROCHETTE

You need:
● 1 pkg. (12 oz.) frozen Alaska King crab legs ● [illegible] lb. medium-sized mushrooms, peeled ● 2 lemons, quartered ● 2 tbsp. olive oil or melted butter.

With a saw-blade knife cut the crab legs into pieces (1½"). Defrost. Remove pieces from shell. Peel and cut stem ends from mushrooms.

Arrange alternate pieces of crab meat, mushrooms and lemon quarters on a skewer. Brush with oil or melted butter.

Place in pan. Broil 7 minutes on one side. Turn over and broil 5 minutes on the other side.

Serve on a hot platter. Serves three.

FEBRUARY IS GAS DRYER MONTH

. . . [illegible] what better time than this month of wind and wintry weather to turn your thoughts to indoor clothes drying — with an automatic GAS dryer!

Only GAS dries clothes so quickly. While one load washes . . . another dries. And it's so gentle with all types of fabric. So economical, too! With GAS, the cost is as low as 12c per month for the average family wash.

See your appliance dealer's special Dryer Display this week. You'll like all the miracle features of the modern automatic GAS dryers. And while you're there, see the automatic GAS ranges — the answer to clean, fast, automatic cooking in the modern home.

Letters to the Editor

Editor Vermilion Standard

Dear Sir:

I plead for space in your valuable paper to reply to the letter of Jan. 15th re our Lord Jesus Christ.

When I consider Him who planted these ears on my head, Psa. 94:9 to hear those mighty winds and the singing of the birds on the trees, the mighty thunder and the voice of my fellow beings and He who gave me eyes to gaze on His wonderful works of creation, and my tongue to converse with my fellowman and praise and adore my Maker, I conclude there is nothing too hard for Him. In Col 1 15-16 we read that the Lord Jesus Christ is the image of the invisible God and that by Him were all things created that are in heaven and that are in earth.

The record of the fall in Gen. 3 with the curse upon the earth and with sorrow and death on every hand which we cannot gainsay He left us without hope, after he had cursed the serpent He said the seed of the woman would bruise the serpent's head. Over three thousand years after the prophet Isaiah 7 14 said "Therefore the Lord Himself shall give you a sign, behold a virgin shall conceive and bear a son and shall call His name Immanuel."

After His birth and death Gal 4 4, the apostle Paul declared when the fullness of the time was come God sent forth His Son made of a woman made under the law to redeem them that were under the law that we might receive the adoption of sons.

The birth of Jesus Christ is given in Matt 1 18-25 and was in this wise: When as His mother Mary was espoused to Joseph before they came together she was found with child of the Holy Ghost. The same account is given in Luke 1 26-35.

In Luke 2 we read of no earthly display with hands to welcome His birth but there was a heavenly host praising God and saying Glory to God in the highest and on earth peace and goodwill toward men. Luke 2 again 25: Behold there was a man in Jerusalem whose name was Simeon who was just and devout waiting for the consolation of Israel and the Holy Ghost was upon him. And it was revealed unto him by the Holy Ghost that he should not see death before he had seen the Lord's Christ. And he came by the Spirit into the temple and when the parents brought in the Child Jesus to do for Him after the custom of the law then he took Him in his arms and blessed God saying: Lord let now thy servant depart in peace, according to Thy word: for mine eyes have seen the salvation which Thou hast prepared before the face of all people, a light to lighten the Gentiles and the glory of Thy people Israel. What a wonderful person! After nineteen hundred years nearly the whole world celebrates His birth.

No man could say what He was able to say: Before Abraham was I am. This is confirmed about 800 years before His birth. Micah 5 2: But thou Bethlehem Ephratah, though thou be little among the thousands of Judah, yet out of thee shall He come forth unto me that is to be ruler in Israel; whose goings forth have been from of old, from everlasting.

Romans 1:20: For the invisible things of him from the creation of the world are clearly seen, being understood by the things that are made, even His eternal power and Godhead, so that they are without excuse so friends look at the work of creation that settles it. You will have no room for unbelief before Him. You will be speechless.

When I consider the many things He has given to us to richly enjoy, families, friends, etc. and to renew our strength: the different fruits, vegetables, fishes, fowls, meats, bread of all sorts, well might every noble son of Adam's race rise and sing with Beverly Shea —

How great Thou art! How great Thou art! And bow and adore the mighty God; the everlasting Father, the Prince of Peace.

Thanking you I am,
Yours sincerely,
Harvey J. Andersen.

END OF THE WORLD?

Why did Berlin Mayor Brandt look so depressed when he arrived at the Ottawa Airport the other day? This is easily explained says The Financial Post.

Anybody who is transported from a European airport like Dusseldorf, the Brandts' point of departure, to a Canadian airport, Ottawa for example, can only suppose that ill-luck has brought him to one of the world's most run-down and graceless suburbs, where the people draw their water from a well, keep their cows in the drawing room and eat peas with a knife.

Vermilion Ladies Installed At St. Paul's W.M.S Presbyterial

Members of the Women's Missionary Society of St Paul United Presbyterial of the United church met in Lloydminster for their annual meeting recently. Mrs A Knapp, of Cold Lake, presided and Mrs. R. F. Berry, of Calgary president of the Alberta Conference branch of the W.M.S. was guest speaker.

The meeting opened with a worship service and Bible study [illegible] by Miss H. Campbell, W.M.S. worker at Cold Lake. She spoke on the text "Ye are the salt of the earth", and reminded her audience of the good qualities that salt should have. She also said that they, as the lay ministry, are a peculiar people called to take a definite and decisive stand on moral issues.

The secretary, Mrs W Morgan of Ashmont, showed in her report that the presbyterial exceeded its allocation of $2,611.00 by $440. Mrs C Barr of Vermilion presented the Christian Stewardship report. It was decided that the extra $440 should be sent to the new W.M.S. hospital at Cold Lake. Many excellent reports were presented by the other portfolio secretaries.

Concluding the morning session were two solemn and reverent services. These were the In Memoriam service conducted by Mrs R. R. Smith and Mrs K Dumouchel of Lloydminster and the communion service conducted by the Rev. R. R. Smith of Lloydminster.

During the luncheon hour, greetings were brought by Rev. I. Holter of Mannville from the St Paul United Presbytery and by Mrs Graham for the Presbytery W. A. A film on African people was shown.

Mrs. Berry, guest speaker spoke on various phases of the W.M.S. work and mentioned that St. Paul Presbyterial receives much from the W.M.S. as in it are two hospitals and two boarding homes, owned operated and staffed by the W.M.S. There are also three other W.M.S. workers, serving the communities of Bonnyville, Cold Lake and Vilna. However, she stressed that overseas mission work is just as necessary as home mission work. The speaker cited the case of Dr Helen Kim, an outstanding educator and principal of Ewha university. She owes her education and upbringing to overseas missionaries who converted her parents. Mrs Berry told also of the beautiful articles Korean women were making out of old nylons and that a curtain, made by them will be hung in the new United Church building in Toronto.

A slate of officers were elected and they were installed by Rev. Mr. Smith.

An organ selection, played by Mrs W. L. Roebuck of Vermilion was much enjoyed.

Other officers elected were as follows: Past President, Mrs. W Nichols, Vegreville; President, Mrs A Knapp, Cold Lake; Vice-presidents, Mrs L. Mitchell, of Wainwright, Mrs J. L. Hay, of Ribstone, Mrs W. L. Roebuck, Vermilion, Mrs. W Morgan, Ashmont; Recording Secretary, Mrs W. Nicholson, Vegreville; Corresponding Secretary, Miss E. Menden, Cold Lake; Treasurer, Mrs C. R. Alderson, Wainwright; Secretary for Christian Stewardship, Mrs A Varney, Grand Centre; Secretary for Mission Circles, Mrs. L. Mitchell, Wainwright; Secretary for Affiliated Explorer Groups, Mrs. P. Okerstrom, of Lloydminster; Secretary for Mission Bands, Mrs. R. L. Simmerman, Irma; Secretary for Baby Band, Mrs. John Zeigler, Vegreville; Associate Member Secretary, Mrs. C. L. Currie, Irma; Candidate Secretary, Mrs. W. A. Hendrick, Vegreville; Secretary for Christian Citizenship, Mrs. J. C. Campbell, Vegreville; Community Friendship Secretary, Mrs. A. H. Sweet, Islay; Literature Secretary, Mrs. W. Morgan, Ashmont; Missionary Monthly and World Friend Secretary, Mrs. G. Rhyason, Cold Lake; Press Secretary, Mrs. J. A. Hamilton, Wainwright; Supply Secretary, Mrs. J. Hardie, Vermilion.

Delegates to the Conference Branch in March were chosen.

The next annual meeting will be held at Wainwright, and the rally at Vermilion.

Thanks are due to the ladies of Grace United Church who served the meals.

Hog Population Shows Increase

Alberta had a total hog population of 1,880,000 on Dec. 1st, according to a report of the bureau of statistics. This was an increase of 28.6 percent over the 1,470,000 on Alberta farms a year earlier.

A further increase is expected as farrowings in the Dec. 1 to May 31 period of the current year are expected to total 170,000 as against 155,000 in the same period last year.

Vermilion's New Federal Building

Open to the public on Monday morning this week, Vermilion's new post office is a decided asset to the town and district and the ultimate in interior arrangements to facilitate the business transacted in a post office. It also presents an extremely pleasing appearance. The post office box lobby is entirely separated from the general delivery wicket, and thus the general crowding Vermilion people have become so used to at rush hours, is entirely lacking. Everything in the new post office has a professionally efficient appearance. It is a great change and a notably progressive step.

Occupying offices in the new Federal building are the officials of the Veterans Land Act, and the Dominion Dept. of Agriculture.

General contractor for the fine structure was Myers Construction Ltd., of Lloydminster.

Agricultural Short Courses Planned In Vermilion and Mannville Next Week

The Vermilion short course committee has arranged an outstanding program to be held in the Vermilion School of Agriculture March 3, 4 and 5. Mr Dick Painter of Lethbridge — every one knows Dick — will kick off the program at 10:30 a.m. Tuesday with the topic new insecticides and your livestock, particularly the systemics. Anyone fortunate enough to have heard Dick on previous occasions will make this a must on Tuesday. After lunch, Dr Harry Morris D. S. V. M. Health of Animals, Federal Veterinarian, Vermilion, will discuss his department's role and the farmer. Dr Harry Morris will be glad to answer questions. There has been a special request for a speaker to deal with stilbestrol implants, antibiotics, high potency protein feeds in beef nutrition. The committee has been very fortunate in securing the services of Dr John Bowlan, Animal Science Department, University of Alberta.

NEW THINGS IN FARM BUILDINGS

Mr. D. C. Folk, farm buildings instructor, V. S. A., will discuss some new things in farm buildings at 10:30 a.m. Wednesday. No phase of farming is evolving faster than farm buildings. The Short Course committee has reserved Wednesday afternoon for the controversial subject "Contract Farming and Vertical Integration". Mr Graham, Asst. Director of the Extension Service, Alberta Department of Agriculture has secured an outstanding film to deal with this subject. He will describe some of the situations which ... and define some of the terms. After coffee Mr Graham will chair a panel to discuss the relative points of view of the farmer, the packer and the co-operatives. This should prove to be one of the highlights of the year ... every one is concerned over the development of contract farming and here's a chance to thresh it out.

Was anyone short of pasture last summer? If you were and were concerned about improving that pasture picture Mr W. J. Doran, officer in charge of pasture research, Lacombe Experimental Farm may be able to help you. He speaks March 5 at 10:30 a.m. Thursday is a joint session. So when Mr Stafford of Canadian Utilities of Edmonton speaks on electricity, the farm family's hired man, it will probably solve problems inside and out. Like all other short course speakers, Mr Stafford will be prepared to answer questions. After coffee break, S. C. Heckbert of Vermilion will discuss the farm family and insurance. Carl will deal particularly with Workmen's Compensation, public liability, disability and other forms of insurance. Few people have a better knowledge of this field and how it affects us locally. So do as all your neighbors are doing come to the Vermilion Short Course March 3, 4 and 5 and meet your friends. The speakers who are contributing to the Vermilion Short Course are tops. The Vermilion Agricultural Society and the Extension Service Alberta Department of Agriculture have considered the many requests from the district and have lined up speakers second to none.

MANNVILLE SHORT COURSE
MARCH 4, 5 AND 6

The Mannville short course will be held March 4, 5 and 6 with the same speakers as Vermilion except for farm buildings. Mr Baldwin Building Construction supervisor, V. L. A., Edmonton will discuss buildings the morning of March 5. The Mannville short course holds men's sessions in the Legion hall and the ladies sessions in the Elks hall. It is sponsored jointly by the Vermilion Agricultural Society, Minburn Agricultural Service Board and the Alberta Department of Agriculture.

SPECIAL PROGRAM FOR FARM WOMEN

A special section of the annual short course has been arranged for the ladies at Vermilion this year March 3 at 10:30 a.m. Mr Buckingham, District Agriculturist, Vermilion, will speak on the new things in Horticulture inside and outside of the house. After lunch Mrs Joan Vanterpool, clothing specialist of the Alberta Department of Agriculture will discuss Wash and Wear clothing. Will that clothing do everything that is claimed or is that the same old line? After coffee break of the same Tuesday Mrs Bernice Hu[illegible], Home Economist, [illegible], will discuss Kitcheneering. Many people have been suspecting that the kitchen is becoming complicated. Here is it: an engineer runs an engine and a kitchener runs a kitchen. The second day March 4, Mrs Dauchot of the Minburn-Vermilion Health Unit will speak on child care. Mrs Dauchot will show films and answer questions. Wednesday afternoon Miss Patricia Masculak, Home Economist, Vegreville, will discuss stretching the food dollar. If there aren't some fathers in to hear Pat I will miss my guess that dollar doesn't stretch like it used to. After coffee break on Wednesday Miss Edna Rainier, a Home Economist with the Department of Fisheries, Edmonton, will demonstrate and discuss fish lines.

COMBINED SESSIONS

The final day of the short course is a combined session for men and women. I am sure that I don't know how Mr Doran, pasture specialist, Lacombe, got on the ladies program but he is there. Don't let that discourage you ladies, because Mr. Stafford of Canadian Utilities, Edmonton, is going to show slides and discuss electricity the farm family's hired man. After coffee break, Mr Heckbert of Vermilion will tell us the new and old problems which arise if we don't understand insurance. Can a woman get workmen's compensation? Well we are all agreed she works hard enough.

So meet your friends at the Vermilion short courses at the School of Agriculture March 3, 4 and 5, taking advantage of the good program which the Agricultural Society and the Alberta Extension Service have arranged for you.

The ladies section of the Mannville short course will be the same as that at the Vermilion School of Agriculture but will run the 4th and 5th of March in the Elks Hall. The joint section will be held in the Legion Hall, Friday, March 6.

261 Polio Cases Drawing Help From Canadian Legion Fund

The canvass for the polio fund for this district will take place during the month of March. It was postponed from February on account of bad weather.

On Tuesday March 3rd members of the Ladies' Auxiliary of the Legion will commence to canvass the homes of Vermilion for donations to the polio fund. Business firms will be canvassed later in the week.

President Tommy Thompson and chairman of the canvass committee Vic Tillett ask that citizens be generous in their donations to this important charity. There are 261 polio cases still drawing help from the legion polio fund.

Headquarters at Edmonton informed us recently that the provincial objective this year is $125,000.00. Vermilion Branch of the Canadian Legion has set a quota of $1500.00. This quota will very likely be exceeded.

Should anyone wish to make a donation direct, it could be left with the club treasurer, Tom Wilson or the club secretary, Ernie Buckingham, also Tom Watts and Vic Tillett will have receipt books.

Mannville's Garney Majeau Sets A Bonspiel Record

What can be justly claimed to be a record for consecutive attendance at Vermilion bonspiels was set this year by Garney Majeau of Mannville. Garney has curled in every Vermilion spiel for thirty consecutive years. "This year" says Garney, "was the first time I ever went home without a prize", and figures that either competition is getting tougher or he's slowing up a bit.

'Spiel Reaches Final Stages

The fours have been reached in the first four competitions in the annual bonspiel in which 64 rinks competed. Draws have run very smoothly and with no interruption from any drip this year. All finals are scheduled for 8 p.m. this Thursday evening.

In the fours of the Challenge are Frank Schmidt, Lloydminster vs Bill Specht, Clandonald; Don Christie of Blackfoot vs Johnson of Maidstone.

In the Brunswick Hotel Curtis Martin meets Glen Gibbons and Rudler of Maidstone vs the V. H. S. rink.

In Vermilion Beverages Bill McGrath, Tolland vs Alex Fallow, Edmonton, Len Manz of Mannville vs C. Proskiw, Myrnam.

The Telford Memorial has reached the 8's and the Citizens the 16's.

Rudy Renaud has been drawmaster in chief for the spiel.

Town Is Bereaved By Death Of Leading Business Man

The town of Vermilion was bereaved by the death of one of its outstanding and pioneer business men on Sunday Feb. 22nd when Raymond Holcombe Norton passed away at the Royal Alexandra hospital in Edmonton. Death was very sudden as Mr. Norton was taken ill Saturday afternoon and was rushed to the Vermilion hospital and from there by ambulance to Edmonton on Sunday.

He leaves to mourn his loss his loving wife, one son Mark of Edmonton, and one daughter Mrs. Helen Grodeland of Winnipeg. There are five grandchildren.

In Alberta since 1906, Mr. Norton formed the Superior Lumber Company in Vermilion in 1916, and this business grew to include several yards in nearby towns and villages. The Superior was a partnership with the Beaver Lumber and Mr Norton was the president and general manager.

In 1935 the partnership was dissolved and the Vermilion yard became the sole property of Mr Norton and was operated in his name. In 1956 he sold the thriving business to the Monarch Lumber. He also operated the I.H.C. agency here for many years, of which business he was manager and owner at the time of his death.

The deceased was well known in the early days as a ball player of considerable skill, was an ardent curler and golfer. He had also taken his turn at town administration, serving as a member of the town council. He was a past master of Vermilion Lodge, A.F. & A.M. and a member of Vermilion Chapter, R.A.M.

Funeral services were held under Masonic auspices on Wednesday, Feb. 25th at the Foster and McGarvey funeral chapel and interment followed in the Evergreen Memorial Gardens. The Rev. H. P. Marsden officiated.

Acclamations Feature Of Annual Meeting Vermilion River M. D.

Only one election is scheduled as a result of nominations at the annual meeting of ratepayers of the Vermilion River M.D. which was held at Kitscoty on Saturday. Attendance was approximately 125. Those present professed themselves as well satisfied with the fine financial standing of the M.D., and a very quiet meeting resulted.

The Hon. Anders Aalborg was present and was called upon for short talks during the meeting.

The only election is in ward one of the Vermilion hospital district where the present member of the board, James C. Wallington, is being opposed by Mrs Annie M. Garnett. Mrs Garnett is a former member of the board.

All other offices were filled by acclamation as follows: J. H. Kelly, Div 5, re-elected to the municipal council, F. H. Wheat re-elected in Div. 6.

In the Islay hospital district J. W. Shaw was re-elected in Div. 3. Thomas Belshiem goes back on the Elk Point hospital board by acclamation.

Aldous Kent Wins Bonspiel At B. C.

(From Buffalo Coulee News)

The Buffalo Coulee men's curling club concluded a very successful bonspiel on Friday night. Apart from a few drips on one sheet one afternoon, everything went off on schedule with good weather prevailing all week. A total of 28 rinks took part with the following emerging winners of the very nice prizes.

Grand Challenge: 1 A. Kent, Vermilion; 2 F. Gibson, Wildmere; 3 H. Cleland, Buffalo Coulee; 4 Ted Edey, Vermilion.

Second Event: 1 Gordon Ross, Vermilion; 2 Frank Renspies, Buffalo Coulee; 3 Malin, Mannville; 4 Geo. Harrison, [illegible].

Consolation: 1 R. Osterberg, Wildmere; 2 B. Graham, Wildmere; 3 J. Park, Mannville; 4 A. MacMillan, Vermilion.

Mannville Finances in Healthy Condition; Surplus $9,147.62

MANNVILLE. — The annual meeting of the Village of Mannville ratepayers was held recently in the council chambers. There were 23 ratepayers present to hear the various reports as given by Mayor Albert E. Williams, the hospital representative and the secretary-treasurer.

The financial statement for the year 1958 was read and discussed at length. It showed tax collections of $36,834 and expenditures for school requisition as $14,068. Fire department $1,046.52; police department $2,899; Street lighting $1,969.38; road work $3,397; sanitation, waste removal $1,519; Health $2,236.99. The overall surplus in the general account was shown as $9,147.62 with a surplus in the water and sewer account of $2,[illegible].

Mayor Williams in his report covered all work that had been undertaken in 1958 and expressed hope that the present water and sewer system which is servicing 140 customers at present will be extended to serve the south side villagers this year. Considerable work is planned for roads and sidewalks and further work is to be carried out at the cemetery grounds this summer.

The fashion show sponsored by the Kinettes has been postponed from March 11th to March 18th due to the former date conflicting with the ladies' bonspiel.

Israel Miller Farewelled By Vermilion Rotary Club

John Williams, manager of the Lindberg salt plant, was guest speaker at last week's Rotary club meeting.

Mr Williams told the story of salt in Canada from the discovery wells at Windsor Ont., to the present day salt industry. The speaker said that underneath cludes Vermilion, there is a strata of salt from 500 to 1200 feet [illegible].

There are many salt products for various purposes put on the market now and Mr Williams showed samples and explained their special uses.

Ken Greenwood introduced the guest speaker and Mr Robson thanked him for his talk which Jim said was a good address well delivered.

Israel Miller was chairman of the meeting. This was an honor accorded to Mr Miller for long and devoted service to Vermilion [illegible] as it was Mr Miller's last time to attend Vermilion Rotary as a member.

A presentation was made to Mr Miller on behalf of the club by President Robson who said that Mr Miller had practised Rotary service, not preached it only. He had been director of community service for the past year and had performed his duties well and faithfully. The rule in Rotary clubs is that membership automatically ceases when a member retires or disposes of his business. As President Robson said it was unfortunate that Rotary should lose such an active member but those are rules.

Neil McLean was a guest of the club and Jim Barr was a guest of Claude Brennan.

Junior High Reporting . . .

Since Christmas Junior High activities have been varied and interesting. The girl's basketball "A" team has been practising and the following players have been chosen for the team—Judy Long, Glenda Brennan, Louise Barr, Beverly Strome, Phyllis Brady, Linda Lee, Ruth Stewart, Jane Moyer, Frances [illegible], Phyllis Brown and Jean Filgate. The team expects to be playing again Buffalo Coulee by the end of the month and they will be dressed in newly purchased uniforms. The boys "A" team tryouts have been postponed until the Midget hockey season is over. [illegible] of the men's open spiel our own Junior High curling has been postponed. We expect to resume curling next week. We are all looking forward to our own bonspiel in the near future.

A number of students are trying out for various parts in the plays, "No Time For Skirts" and "A Quiet Home Wedding" which are under the direction of Miss Watt. These plays will be presented on Play Night sometime in March although no definite date has been set.

Since January our lunch hours have been occupied with playing badminton in the gymnasium.

On Wednesday February 11th a very successful general meeting of the Junior High Students Union, chaired by President Ruth Stewart, was held in the auditorium.

Heinsberg Hotel Is Destroyed by Fire

The Heinsberg Hotel was completely destroyed by fire early this Thursday morning. Beautifully located on the hillside overlooking the ferry across the Saskatchewan river, it was a familiar sight to many Vermilion and district people.

Home and School Hold Well Attended And Interesting Meeting; Variety of Topics

The regular meeting of the Home and School was held in the west end elementary school on Tuesday evening and was very well attended. Mr W. F. Stewart ran a film on "Shyness" which was very interesting as well as educational.

The next meeting will be held one week early on March 24 due to the fact that the 31st runs into the Easter holidays and possibly there would be some teachers absent.

This meeting will be held in conjunction with the annual [illegible] of the Vermilion school board.

[illegible]

MRS WEST'S ROOM WINS ATTENDANCE SHIELD

Winning the Home and School [illegible] for the highest attendance of parents was Mrs. West's grade 2 class. Mrs Wilson of grade 1 had the second highest attendance for [illegible].

It was recommended that the Home and School approach the [illegible] clubs in their very generous [illegible] that the Re[illegible] purchase a film projector [illegible]. It was felt that the H. & S. would be [illegible] what would make excellent use of the machine.

Coffee was served and a friendly half hour was enjoyed.

Golden Age Friendship Club Bingo Party Unparalleled Success

The February social of the Golden Age Friendship Club, held in the Legion Hall on Feb. 19 in the form of a bingo party was an outstanding success.

There were 92 members present, the largest attendance yet and it was indeed very gratifying to see new faces from the north country as well as from the south, also a visitor from Wetaskiwin. All enjoyed having Mrs Groves present. Best wishes to all members on vacation through the medium of the Standard with the wish that all are enjoying good health and that your Standard is reaching everyone. Bingo was played for two hours with all those lovely prizes being donated by Mr I. Miller and his charming wife. Very many thanks to both of them [illegible] Canadian [illegible] for [illegible] many thanks for their generosity in lending the bingo cards and the machine. Mr Miller had more fun turning that handle. After all the oh's and ah's and other bingo expressions had been disposed of the girls of the kitchen committee took over and did another of their fine jobs in getting lunch [illegible]. It's certainly a treat to see how they operate, no fuss no waiting. They are right on the job and all 92 salute them.

During lunch Mr George Stewart and his daughter Mary again entertained with some old time music. Miss Stewart also favoured with two solos, the first being "I Wonder How the Old Folks Are at Home". For her second selection she sang and played "Goodbye Mary, I Must Go". The musical entertainment was really appreciated.

To the ladies who supplied those delicious cookies, and to Mrs Urquhart for that lovely birthday cake many thanks. As no doubt was noticed, everything was very much appreciated. After lunch, our worthy president, Mr W. Waldenberger spoke regarding Mr and Mrs. Miller who are leaving to reside in Edmonton. Mr. Waldenberger told the gathering how Mr. Miller founded the Golden Age Friendship Club nearly two years ago and how, from a very few, it has developed into a club nearly 100 strong. He also remarked on the work done by Mr Miller to make the club what it is, also of Mr Miller's untiring efforts and above all, his wonderful personality. Mr Miller replied, with the sincere wish that the club will continue to [illegible] and that he and Mrs. Miller will continue to keep in touch with the club and will surprise us with a visit to meet all their friends in the Golden Age Friendship Club. After a rousing round of applause Mr and Mrs. Miller were surrounded by all the members who joined hands and sang very lustily, "For They Are Jolly Good Fellows."

A wonderful afternoon came to an end with the singing of the theme song, "The More We Get Together" followed by God Save The Queen.

Well Fed! Three Banquets One Day

That Vermilion and district people are well fed was borne out on Tuesday of this week when no less than three banquets were served two of them at noon and one in the evening.

During the noon hour the Legion W.A. catered to a luncheon in their hall sponsored by the Imperial Oil Company and attended by their field men, agents and district officials. In the Masonic hall at the same time the annual dinner and meeting of the Vermilion Co-op took place; catering was by the ladies of the Eastern Star. The dinner was attended by a capacity number of shareholders.

During the evening the annual smorgasbord was held in connection with the bonspiel with catering by the lady curlers, when some 270 hungry curlers were amply fed. The Elks hall was the scene of this enjoyable spread.

Vermilion is fortunate in having so many groups interested in catering and so many fine halls with fully equipped kitchens to meet the demands.

WILDMERE WINKS

The weather at present is really wonderful but it is hard on open-air rinks and the natural ice in our curling rink. It is to be hoped that it turns a bit cooler so the bonspiels can be run off. The men's spiel is planned for Monday to Thursday of next week and the ladies will be on the Saturday of the same week.

Several Wildmere rinks are curling in the Vermilion bonspiel this week. We wish all of them every success.

The boys did very well at Buffalo Coulee bonspiel. The rink skipped by Frank Gibson with Cliff Cruthers, Howard Coburn and Wally Westman got second in the Grand Challenge, their prize being steak knives. Ray Osterberg's rink got electric tea kettles and Bobby Graham's rink got electric clocks. George Harrison's rink won sets of kitchen utensils. Several won little prizes for five-enders, etc. Everyone really enjoyed the bonspiel.

Quite a number from Wildmere and Basswood went to the ice carnival at Buffalo Coulee Saturday evening. Outside of it being a bit cold, they all enjoyed it very much.

Now we go from curling to meetings that were held last week. First, the annual telephone meeting was held on Wednesday evening. Roy Dibben is still president with Dave Hughes, Fred Haines and Art Lysons as directors. John Wilson, who has been secretary for a good long while is resigning, so a new secretary will have to be found. Until then, John is carrying on.

Next came the Preston Central annual school meeting, with a good attendance. Their "beef" mostly was that there is no fire escape from the basement room. Should a fire ever start, both the teacher and pupils would be trapped. They are asking the divisional board for a fire escape or better still, to build a new room on the ground level and discard the basement room altogether. Dave Hughes is the new trustee on the local board, replacing Roy Dibben.

The M. D. meeting was held at Kitscoty on Saturday. A large crowd gathered and a good meeting of the pros and cons of the municipality were reviewed. The councillors whose terms were up were Reeve Kelly and Councillor Wheat, both were returned by acclamation. On the hospital board, there will be an election as J. Wallington and Mrs. W. J. Garnett are candidates. Voting will be on March 21.

On Tuesday evening last week, Mr. and Mrs. Wallington got an invitation to visit Mr and Mrs. Vernon Arthur and there met our old neighbors, Mr and Mrs. Harold Arthur who now make their home at Fairview, Alberta, in the winter and at Fort St. John, B. C. in the summer. They had been visiting their daughters at Spruce Grove and in Edmonton, so came on to Wainwright and Auburndale to visit Harold's brothers, Alex and Roland and other relatives. It was one of the most pleasant evenings we have enjoyed for a long while. Harold was reminiscing of his homesteading days, breaking the broncos and lassoing wild cows 'that bit ..mn'! It was so nice to see this fine couple again. Mr. and Mrs. Arthur once lived on the same farm on which Albert Holte now lives in Wildmere. They have three married daughters and seven grandchildren.

R. A. H. Graduate

Climaxing three years of training at the Royal Alexandra hospital, 37 nurses graduated Thursday evening at a ceremony in the new hospital auditorium. Pictured above, holding her graduation bouquet of red roses and diploma, is Peggy, daughter of Dr. and Mrs. C. W. Stephens.

Following the graduation exercises, nurses, parents, friends and hospital officials attended a reception in the hospital's new cafeteria lounge.

Allandale Old-Timer Honored By Family on 77th Birthday

Sunday, Feb. 22nd was a happy birthday at the home of Mr and Mrs. Wm. Armstrong when their family gathered to honor their dad and wish him many happy returns on his 77th birthday. Mr. Armstrong is an esteemed old timer of the district, having been resident here for over fifty years.

A turkey dinner with all the trimmings was served buffet style to over forty members of the family and relatives.

Bill was presented with a lovely dress shirt a hat and tie from immediate members of the family and thanked all for the gifts. He was heard to say "Now I'm all ready for a trip to my old home." Mr and Mrs Armstrong are planning on the trip east this summer through the kindness of son Albert. Mr and Mrs Armstrong have 22 grandchildren and one great-grandchild.

The family was all present and included: May and Warren Edward, Elaine, Jimmy and Grant from town; Myrtle and Norman Anderson, Diane and Sharon from Bonnyville; Ruth Butler, Jerry and Rhett and Violet and Jack Dwyer, Donnie and Janie from Edmonton; Joyce and Ronnie Porayko, Adele and Kenny from Royal Park; sons Albert from Elderado, Sask.; Jimmy and Verna, Valerie, Bradford, Dawn and Daryl; Thelma Armstrong, Karen, Carol, Neil, Murray and Darlene. Also present were sister-in-laws Mrs. Mabel Lee from [illegible], Mrs. Gertie Swanson from Elk Point and Mrs. Stella Mayers from Irma; brother-in-law Orley Omness and Ellen Omness and Isabel and Jimmy Ronaghan, Donnie, Patsy and Marilyn from Wainwright.

This day was a happy one also for Donnie Dwyer who has his granddad's birthday. It was a wonderful day for all.

Boake's Move To New Store, Opening Saturday, Feb. 28

An ultra-modern drug store, equal in appearance, fixtures and appointments to any found in the cities, is being opened on 50th avenue on Saturday of this week when Boake's move into their new premises. In order to suitably signalize the opening the general public is invited to call and inspect the exceptionally pleasing and attractive store.

Last fall Mr Boake purchased the premises occupied by Macleod's Ltd. As soon as Macleod's moved into their new building one month ago a complete renovation plan was commenced, resulting in what is now a bright, attractive store, planned with the convenience of the shopping public in mind.

The opening on Saturday is being marked with a multitude of prizes to visitors to the store, the giving away of gifts on the hour while someone will win a Brownie movie camera.

The drug store has occupied rented corner premises in the Vermilion Hotel block since 1936. The business was purchased by J. R. Boake in 1943. Now in 1959 showing faith in the future development of the town and prosperity of the district, the business has acquired the much more commodious property and transformed it into the new and modern store.

J. R. BOAKE
– owner and manager of Boake's Drug store.

– registered pharmacist, associated with Boake's Drug store since last November.

NEWS from ISLAY

Please note — the Home and School meeting has been changed to the second Thursday of the month. The next meeting will be on March 12.

On March 18 in the school, Mr Witherington of Vermilion will show slides of his own taking. Many of them were taken on his own land, of birds, flowers, animals etc. The Home and School association hope that many will attend, and a social half hour will follow the meeting.

Islay has two T. V. sets now one at the hospital and one at the McCaughan home. Reports say that reception is quite good.

Mrs Solyma and Mrs. Kowalski boarded the wee train on Saturday to go to Vegreville. Mrs. Solyma will visit with her mother and Mrs. Kowalski will visit her aunt and her cousin Dr Lukenchuk.

Everon Inman and Bill King joined with part of a Kitscoty rink to play in the Masonic bonspiel in Vegreville on Saturday.

Miss Betty Martin was home over the week end. She arrived on the train in time to see the play "Maid to Order" put on by the McLaughlin Booster Club on Friday night. There was a good attendance, all seats being filled.

The annual meeting of the Islay school will be held in the school on March 12, the same night as the Home and School meeting. One trip does it!

Our four Boy Scouts attended the father and son banquet in Kitscoty on Monday night. Gerald Inman gave the toast to the fathers. On Sunday night three of our Scouts in uniform attended church service in honor of the founder of Boy Scouts Lord Baden Powell.

March 5 is the W. A. meeting at the home of Mrs Edna Torrance. Have you got the crazy work flannelette block made? Bring it with you please!

6 Teams Take Part In Pee-Wee Hockey At Marwayne

MARWAYNE — Six teams were entered in the tournament sponsored by the Athletic Association on Saturday, Feb. 21.

Play commenced at 10 a.m. Kitscoty defeated the Marwayne A team: Streamstown defeated Dewberry. Marwayne B team defeated Paradise Valley. Streamstown defeated Kitscoty. Marwayne B team defeated Streamstown.

Marwayne B team won 1st prize of $15.00. Streamstown, 2nd $10.00 and Kitscoty 3rd $5.00.

The ice was perfect as was the weather so quite a large number of spectators cheered the teams on.

DERWENT THEATRE

Showing at Derwent theatre on Sat. Feb. 28 and Mon. Mar. 2nd, "Tammy and the Bachelor" in technicolor with Debbie Reynolds and Leslie Nielsen in a happy, fun-filled film that broke attendance records everywhere; Wed. and Thurs. March 4 and 5, "Seven Angry Men", with Raymond Massey and Debra Paget in a violent drama of a vow of vengeance that made a nation tremble; Mar. 7 and 9, "Showboat Junction". 30

Canadian Legion Notes

VARIETY SHOW

On March 6th Bob Carmichael is putting on one of his popular variety shows. Talent is coming from Vegreville, Wainwright, Mannville and of course Vermilion. The artists have been practising for three weeks and Bob says he really has a show for you this time. All the proceeds go to the Legion Polio fund.

NEW ZONE COMMANDER

Vic Tillett of Vermilion branch was elected zone commander of the Canadian Legion for this area at a meeting of Zone 3 held at Mannville last Friday. Mr. Tillett is a former president and for many years has taken an active part in the administration of this branch.

UNWANTED MEDALS

After the second world war 3,150,000 medals were struck for men and women who served their country. There are still one million of them undelivered and they are cluttering up the Department of Veterans' Affairs in Ottawa. The secretary of Vermilion branch of the Canadian Legion would be pleased to write for any soldier's medals. Call in at the D.A. office.

10 MINUTES AT P O

Parking space near the new post office is already in demand and a young farmer who wished to pick up his mail voices the opinion that the town should institute ten minute parking limits during business hours for a short distance around the post office. [illegible] time to pick up mail, do your postal business and drive away, leaving space for someone else. The [illegible] has merit, but should be begun soon. On a Saturday for instance, cars are apt to be [illegible] parked in the vicinity of the post office all afternoon.

Miss Marjorie Waldenberger was home from Edmonton for the week end.

LOOK FOR IT NEXT WEEK

The Standard staff has been under considerable pressure for the past week with a big 16 page issue of the paper, along with some larger job orders which were required in a hurry. Considerable news remained to be set at deadline time so if it isn't in this week, it will be next issue.

Rod Sample spotted the first butterfly of the season last week, a yellow one with black spots on the wings. The little flutterer had apparently hatched out from a warm spot, decidedly much too early for his own good.

Club Farewells Mr. And Mrs. I. Miller

On the evening of February 19, the Golden Age Friendship Club committee gathered at the home of Mr. and Mrs. W. Waldenberger and spent a grand evening playing cards. The winners were Mrs. Simonet first, and Mrs. Simmons second for the ladies, and for the men Mr Carl Johnson was first and Mr. I. Miller second.

On behalf of the committee, a token of friendship was presented to Mr. and Mrs. Miller by the president, Mr. Wes Waldenberger, as all sang "For They Are Jolly Good Fellows." All wished them much happiness in their new home in Edmonton.

Local Kinettes Plan Fashion Show For March 18th

The February meeting of the Kinette Club was held on Thursday, February 19 at the Rio Cafe with 11 members and 2 prospective members present.

Jean Sadownik and Helen Rogers are on the Library committee for the next month. A second library has been completed and will be presented to the Vermilion Municipal hospital for use on the second floor. These libraries are kept stocked and up to date by the local Kinettes.

The date of the Kinette fashion show has been changed to March 18. Tickets may be obtained from any Kinette or from most of the local stores. As well as viewing all the latest fashions, coffee will be served and you will also have a chance to win the door prize that will be given away.

Keep fit classes are going strong with a total membership of sixty-three. We are sorry that we will not be able to accomodate any further applicants but we hope to be able to take care of everyone in the fall.

The Zone 2 spring meeting of the Kinsmen will be held in Vermilion on March 7th and 8th and plans were made to entertain the visiting Kinettes.

APPRECIATION

We would like to sincerely thank the citizens of Vermilion and surrounding districts for their generous support of our Ice Carnival on February 21, with special thanks to Mrs. Elmore Stewart, Mrs. Cliff Reid, and Mr. Angus MacMillan for the excellent manner in which they handled the costume judging.

CARD OF THANKS

I would like to take this means to sincerely thank Dr Evans, Dr Stephens, the matron and staff for their kindness to me during my stay in hospital; also the organizations and friends who so kindly sent fruit and cards, and to say how I appreciated the folks who so kindly visited me while I was there.

Chris Bradshaw

CARD OF THANKS

We wish to express our sincere thanks to our many friends for all their kindness, to the doctors and nurses of the Lloydminster hospital and to those who sent cards, floral gifts, and made donations to different causes. Such expressions of sympathy are deeply appreciated.

Shower Honors February Bride

A miscellaneous shower was held on Wednesday evening, Feb. 11 at the home of Mrs. Mona Pockett in honor of Miss Alice Simonsen whose marriage took place on the following Saturday, February 14. The joint hostesses at the enjoyable event were Mrs. Mona Pockett and Mrs. Jessie Stephen.

Following games, little misses Yvonne Pockett and Karen Richardson brought in umbrellas laden with beautiful and useful gifts.

A delicious lunch was served which brought the very enjoyable evening to a close.

CARD OF THANKS

I wish to thank Dr. Evans, the matron and staff of the Vermilion hospital and all the good neighbors for their various kind acts during my stay in hospital.

James White Passes At Grande Prairie

Mr James White, aged 80 years passed away on February 23rd at the Grand Prairie hospital.

Mr. White was a former resident of Lloydminster where he carried on his trade as a carpenter. Last spring he went to Grande Prairie where he helped to build the "North Winds" motel which is owned by his son Mr Everette White, a former Vermilion man and now manager of the treasury branch at Fairview.

Mr White leaves to mourn his loss his wife, two sons, Irvin of Grande Prairie and Everett of Fairview and two daughters, Mary of Lloydminster and Dorothy of Spirit River. There are six grandchildren.

The funeral was held at Grand Prairie on February 25th, 1959.

Sometimes the man who insists he has an open mind should have it closed for repair.

WIN MASONIC SPIEL

Two rinks of Masons from the Vermilion lodge were successful in bringing home the district championship which was played at Vegreville on Saturday last. The rinks were skipped by Dr. A. B. King and Chas. Heckbert.

Dewberry 4-H Beef Club Meets

The February meeting of the Dewberry 4-H Beef club was held at the Dewberry high school with a very good attendance.

On the agenda was the matter of getting crests and sweaters for achievement day. After a long discussion it was decided that Walter and Bob take charge of the matter and obtain information and catalogs for the next meeting.

Mr. Don Braithwaite, the club leader, is donating a heifer calf to the club. To be eligible to win the calf club members will get tickets either for being outstanding in public speaking, or having a calf that is in the higher brackets at achievement day.

The public speaking contest will be held at the next meeting beginning at 7:30 p.m. sharp. The contest will be tape recorded by Mr. Neil Jones and judged by one of the school teachers.

After the meeting was adjourned the club members took sides and had a basketball game. An enjoyable lunch followed.

Are you finding your family is tiring of those packed lunches? One thing everyone tells you is "have something different each day" and the chances are your answer is "yes, but what?" This week I will try to include a number of ideas that will perk up your lunchbox.

Use the thermos bottle — milk, chocolate milk, hot cocoa and milk soups are all nutritious. Milk combined with fruit juices is a favourite of many children.

Soups can be combined to provide new flavors. Have you tasted tomato and mushroom?

To give the soup more appetite appeal, chop up a hard cooked egg and wrap it in a twist of waxed paper. Put in a little note saying "sprinkle me on your soup." It will make the soup both attractive and tasty and add more food value.

Creamed puddings and such foods and creamed chicken or stews may be carried in the thermos bottle.

To keep the thermos sweet and clean, fill it with a solution of baking soda each week end. Force the cork down into the liquid.

A stuffed egg or a chicken leg will go over big in lunches.

Any raw vegetables such as carrots, tomatoes, a wedge of cabbage are very important. Salads are a good idea for the lunch box.

Chopped peanuts, shredded carrots and cottage cheese make a good salad or sandwich combination. Dates or raisins might be added.

Try baked beans mashed with crisp bacon and mustard pickle, catsup, chili sauce or onion, and salad dressing. Chopped apples mixed with nuts and cream cheese is good.

Chopped weiners combined with chopped hard cooked egg, a little minced onion, a tablespoon of chili sauce, a little mustard, salt and pepper make another new filling.

Usual sandwich spreads may be perked up by adding left over gravy or sauce; a little chili sauce or relish. Cooked bacon or sausage is good in many sandwich or salad combinations.

When using sliced meat in sandwiches, remember that several thin slices are much better than one thick one.

Remember that sandwiches can be frozen ahead of time. However these foods should be avoided: mayonnaise, lettuce, tomatoes, celery, carrots, and eggs, especially the whites.

Sixteen Years Ago

FEB 18th, 1943

The war charities auction sale of purebred Shorthorn heifer calves held in Calgary on Jan. 30th was a great success. W. L. Robinson of Vermilion donated a calf which brought $210, the fourth highest price in the sale.

Victor Dennill, well known Dewberry man, who has been working at Dawson Creek, suffered a broken arm and other injuries in a recent blast in that northern town.

John H. Landon, after whom the village of Landonville was named, passed away in Edmonton recently. At one time Mr. Landon owned the Brunswick hotel in Vermilion.

The lady curlers completed a very successful bonspiel with Mrs. Lipsey winning the Grand Challenge and Mrs. Corley taking second prize.

One hundred women of the CWAC will graduate from the Vermilion training centre this week.

Five local rinks, skipped by Bill Barr, Ed Corley, Geo Webb, Carl Heckbert and Gordon Park are participating in the Mannville bonspiel this week.

Alberta Report

Anders O. Aalborg, M.L.A. for Alexandra

On Friday evening, Feb. 20th, the provincial treasurer, Hon. E. W. Hinman, presented to the legislature a record budget for the next fiscal year of the province, which commences on April 1st. For the first time Alberta has the third largest budget of any province in Canada. Only Ontario and Quebec now have larger budgets.

The total estimated revenue forecast by the Alberta budget for 1959-60 is $261,279,230, or $48,397,128 less than the total estimated expenditure. This deficit will be financed from the surpluses which the provincial government has built up in past years. As announced some time ago the government has launched a five-year development program designed to combat the current recession. The 1959-60 budget is the first step in carrying out this program. The government is dipping into the "sock" and during the next year will spend some of the money laid aside for the proverbial rainy day which is now upon us.

The main sources from which the government will derive revenue during the year ahead, and the estimated amount from each source may be summed up as follows:

Tax Rental Agreement with the the Govt. of Canada and Fed [illegible]	$ 49,325,000
Gasoline Tax and Auto Licences	33,865,000
Liquor Control Bd.	18,000,000
Natural Resources	100,135,000
Capital Receipts from Department	8,716,900
All other sources	49,237,330
TOTAL	$261,279,230

EXPENDITURE

The estimated expenditure provided by this budget totals $309,676,358 of which $218,964,824 will be for ordinary expenditure of the various departments, and $85,711,534 will be for capital expenditure mainly by the departments of Highways and Public Works. $5,000,000 will be for loans and advances authorized by various Acts. During the fiscal year 1958-59 now drawing to a close, total estimated expenditure stood at $263,664,095 of which $194,391,915 was for ordinary expenditure, $63,672,178 for capital, and $5,600,000 for loans and advances. In the coming fiscal year, 1959-60, the government proposes, therefore to spend $46,012,263 more than in 1958-59. This increase is made up of $24,572,909 more for ordinary expenditure and $22,039,356 more for capital, while loans and advances are expected to decrease by $600,000.

By departments the estimated ordinary and capital expenditures of the government during the next fiscal year will be as set forth below:

	Ordinary	Capital
Debt	$ 2,761,800	
Executive Council	3,043,540	
Legislation	780,360	
Agriculture	4,[illegible]	2,147,104
Attorney General	7,2[illegible],730	
Education	63,[illegible],025	
Municipal Affairs	2,013,220	
Provincial Secretary	401,000	
Public Health	[illegible]	
Public Works	[illegible]	34,716,290
Treasury	18,[illegible],100	25,000
Industries & Labour	1,862,510	
Public Welfare	15,310,180	
Vocational Training	680,730	
Economic Affairs	1,161,250	
Lands & Forests	7,794,745	
Mines & Minerals	1,800,465	
Highways	23,540,500	48,512,180

ITEMS OF SPECIAL INTEREST

From the revenue and expenditure estimates of the 1959-60 budget I have selected a few of the main items which I believe will be of special interest to the readers of this column.

The Amusement Tax on admissions to theatres and other types of entertainment will be eliminated for a tax reduction of $125,000 per year.

Direct and indirect assistance to municipalities will amount to $121,088,299.

The Department of Highways will spend $48,512,000 on the construction of new highways and bridges.

Road grants to municipal districts have been increased from $5,565,000 to $7,300,000.

Hospitalization grants paid by the Department of Public Health have been increased to $33,747,500.

Operational grants to schools are increased from $36,300,000 to $41,000,000. Total grants to school boards will be $54,000,000.

The Department of Education will spend over $1,100,000 for scholarships, bursaries, grants and loans to students.

The Department of Welfare will spend $9,000,000 for Homes for senior citizens.

In closing his budget address the provincial treasurer made the following statement which I feel is worthy of note by every citizen of the province.

"The appropriations of this budget have been designed to facilitate good government and by good government I mean the efficient and wise everyday administration of all government services, the encouragement, the assistance and leadership necessary for steady progress and development and an active effort to uncover and husband and conserve and utilize the resources of our province in such a manner that this year and in future years our people may enjoy in full measure the richness of our heritage."

Should any reader of this column wish to have a complete copy of the 1959 budget address delivered by Provincial Treasurer Hinman please drop me a line and I shall be glad to send one by return mail free of charge.

Canadians trying to reduce should add deep breathing to the program. Greater oxygen intake burns off waste fats, helps reduce poundage.

Teachers Enjoy One-Day Bonspiel

The teachers of the Vermilion School Division held their annual bonspiel in the Vermilion curling rink on Saturday Feb. 14 last. Sixteen rinks, composed of teachers, their wives or husbands, and officials of the School Division took part in the spiel.

Winners in the first event were 1st — Clark Richardson, skip, Mrs Bert Duncan, third, H. Kelland, second, and Mrs Fred West, lead. 2nd — Floyd Sweet, skip, D. Mathison, third, Miss G. Dunsmore, second, and Miss J. Filipkowski, lead.

Winners in the second event were 1st — Gordon Ross, skip, Ted Kent, third, Miss B. Hancock second, Miss S. Osinchuk, lead. 2nd — Clarence Venance, skip, Miss K. Fulcher, third, Bill Yuskow, second, Mrs F. Sweet, lead.

Prizes were donated by the following Vermilion businesses: Clendenning's Family Wear, Craig's, Stephens Limited, Vivian's Style Shoppe.

Following the bonspiel, a "pot luck" supper was served in the United Church hall by the Vermilion sub-local teachers. In spite of fatigue and stiff muscles, everyone seemed to thoroughly enjoy the very fine supper.

Oust Sedgewick With 8-2 Win

Kinsmen Midgets Advance To Second Round Provincial Play-Offs

Vermilion Kinsmen Midgets turned in a heads-up hockey game on Saturday night before a crowd of [illegible] fans, and trimmed the Sedgewick Midgets by an 8-2 score. The Vermilion boys had lost the first played at Sedgewick 6-5 but by virtue of their decisive win here take the series by a total of 13 goals to 8.

The local Midgets, coached by Cpl Peter Morris with Johnny Sodownik as manager, really looked smart on Saturday night and had a wide margin on the play as the score indicates.

The Kinsmen went ahead on a goal by Lawrence Ferbey from Jim Ferguson but this was nullified by Sorenson scoring for Sedgewick. Harry Wasylik put the locals into the lead and from then on they never looked back. Don Misick assisted on the counter. The period ended 2 to 1.

The second period was a long story of goals by the locals, Don Misick from brother Walter, Ferguson from Ferbey, Schrier, Roberts from Ferguson and Ferbey, Sharun from Siminuk, to end the period at 7 goals to 1.

Don Misick and Sorenson went off for fighting 5 minutes each, while Jim Ferguson took a 2 minute rest for a trip. In the first period Vic Sharun and Sorenson were waved to the box for roughing.

Play evened up considerably in the third with the Sedgewick boys getting an even proportion of the play, and the scoring was equally divided with a lone goal each. Manning was waved to the sin-bin for elbowing and this paved the way for a goal by Siminuk from Sharun, the last for Vermilion. Witwer doubled Sedgewick's score with the final goal of the game.

Darrell Hinkey rangy defenceman for the visitors, and Bob Roberts tangled in a good display of fisticuffs and were shooed off by referee Stan Manyluk for five minutes each.

The boys on both teams had plenty of spark and the game was a lively one throughout.

Stan Manyluk was referee and Peter Link, lineman.

Acreage Payment

The federal government has asked parliament to approve an additional $1,300,000 to the $40,000,000 grant already authorized, for the dollar-an-acre payment to western grain producers. Agricultural Minister Harkness said the extra money was needed to handle the rush of 8000 extra applications from prairie farmers after the program had started.

Ladies To Canvass For Red Cross At Dewberry

The February meeting of the Dewberry Ladies' Aid was held at the home of Mrs. Windisch with seven members present. Following the opening hymn, Mrs. S. Websdale read from the Bible and Mrs. May Braithwaite gave the reading from the Upper Room.

The minutes of the previous meeting were read and adopted after which new business at hand was brought up and discussed. The Ladies' Aid are going to canvass the town of Dewberry for the Red Cross this year. A motion was made that we have an "around the world" exhibit in the hall this Friday, Feb. 27 from 2:00 to 5:00. Mr Buckingham will give a talk on Horticulture at 2:30 p.m. This exhibit is open to everyone and lunch will be available to those wishing same. Mrs. J. Porter offered to make posters for the exhibit. A motion was made by Mrs. Websdale that we purchase some new communion cloths. This was seconded by Mrs. Braithwaite.

The March meeting will be held at the home of Mrs. W. Kruger. The benediction lead by the president brought to a close the meeting, after which lunch was served by the hostess.

Cranes Record Big Increase; Now 38

OTTAWA. — The whooping crane population, teetering on the edge of extinction, shot up by nine as a result of the 1958 hatching season in northern Canada, the Canadian wildlife service reported Friday.

The increase was the largest since authorities began counting beaks on the five-foot-tall, booming-voiced white birds that now number 38. The flock has almost doubled in four years with seventeen new birds.

This compares with a low of fifteen in 1942-43 and 17 in 1945.

The whooper, North America's tallest bird, winters in the Aransas wildlife refuge in Texas and summers in the area of Wood Buffalo Park in the N.W.T. above Alberta.

The whooping crane census, carried out by Canadian and U.S. wildlife officials started in 1938. Six of the existing cranes are in captivity in the U.S.

GREENLAWN GOODWILL CLUB

The February meeting was held at the lovely home of Mrs. Julia Sikora. A beautiful day brought out 29 members and 2 visitors.

A whist drive and bazaar, and a fish pond corner are planned for March 13 in the Greenlawn hall. It is desired that each member bring one bazaar article, one 5 cent article and one 10 cent article for the fish pond. Prizes will be given for whist.

A motion was tabled, to be thinking about a club order of old woolens, to be sent to woolen mills for blankets etc., about April.

Names were drawn for secret pals for the year, which everyone seems to enjoy.

A motion was tabled to bring up at a later meeting for holding Hobo parties in the summer. One lady starts out and picks up a few other ladies and they visit some unsuspecting hostess, who serves whatever she has on hand, even if it is only a cup of tea. Each must go just as she is at the moment!

The door prize was won by Mrs. Blanche Stone. One member is convinced that she won't win the door prize until hers is the only name in the hat!

This meeting was in part a whist party and a valentine box to reveal the year's secret pals. Thirteen hands of whist were played and the prizes were won by Ladies 1st: Mrs. [illegible] Sikora and [illegible] to Mrs. [illegible] Baines.

Men's prizes were won by Mrs. McGowen and Gladys Boyce. The men's third prize was won by Mrs. Alta Lumley and Mrs. Myrtle McMullen won the 3rd prize for the ladies. [illegible]

"Is Present Day Parent A Failure" Debated At Marwayne H. & S.

MARWAYNE. — The regular meeting of the Marwayne Home and School Association was held on Tuesday, Feb. 10th with a very good attendance.

A circular letter is to be sent out from the school to find out how many new school sweaters like those purchased last year are needed.

The new Bell and Howell film projector has arrived and the teachers report it to be a fine machine.

Members of the committee for the March card parties are Mesdames Sinclair, Spence and Dale.

"Is the present day parent a failure?", was the subject for a panel discussion. The panel was composed of two representing the teachers, Mrs. Hathaway and Mrs. Milne; two parents, Mrs. Elliot and Mr Peck; a teen-ager, Donald Kvill, and the very able chairman, Miss Filipkowski.

Although no definite conclusions were reached, many points were discussed by the panel and from the floor. At times parents must force their opinions, gained through many years of experience, on their children, and try to make them see the wisdom of this experience. The teen-ager pointed out that most teen-agers want to be big, they want responsibility and the chance to prove that they can do things also. They would rather earn their money than have it handed out to them.

The next Home and School meeting will be Tuesday March 10th. Those on the lunch committee are Tupper, Van Camp and Allen for sandwiches; Harrington, R. Johnson and Wheat for cake.

Farm Safety Program for Farmers

A meeting on farm safety was held at the Farmers' Union Office on Feb. 9. Those in attendance were Mr. Bill Perkins, Mr. Paul Lawrence, Edmonton, representing the Alberta Safety Council; Mr. W. Scheidt, Didsbury representing the F. U. A. Farm Safety Committee; Mrs. C. R. Braithwaite, Red Deer representing the F. W. U. A.; Mrs. Dowbaniuk, Edmonton, representing the F. U. A. Highway Safety Committee; Mr F. Oxford representing the Co-op Fire & Casualty Co., and Mrs. W. C. Taylor, Wainwright, representing the F. U. A. Car Insurance Trustees.

It was decided that the F. W. U. A. would conduct an educational campaign on Farm Safety, that the Highway Safety Committee would conduct an educational campaign on Highway Safety and that a study of farm accidents in sample typical areas would be undertaken.

The F. W. U. A. will be asked to appoint Safety Conveners in each local. Each month these conveners will list all accidents in their districts. These will be forwarded to Mrs. F. A. Simons of Clive who will keep a master record for use of all interested committees.

The F. U. A. in this way hopes to impress upon all farm people the need for each person to feel responsible for preventing accidents in the home and on the farms and highways.

Marwayne Club Plans Amateur Hour

MARWAYNE. — The February meeting of the 4-H Beef club was held on Tuesday Feb. 3rd. The roll call was answered by the name of the calf of each member.

A discussion was held and it was decided to have an amateur hour on March 4th, and committees were appointed. Don't forget the amateur hour date Mar 4th sponsored by the 4-H.

After the business session Mr John Deull Jr. showed his very interesting pictures taken on trips in the north and south of the province.

The next meeting will be held on March 3rd. Roll call will be the measurement of your calf. Visitors are welcome.

Mannville Legion Plans Carnival March 7

MANNVILLE. - March 7th is the date set for the bigger and better than ever Mannville ice carnival sponsored by the Canadian Legion and its auxiliary. Three lovely candidates for queen are in the running. Dianne Tymchyshyn for Mannville North, Lynne Kreiler for Mannville Village and Caroline Rengins for Mannville South. These three young hopefuls are running an enthusiastic campaign for the honor of presiding over the carnival. Each candidate has a Legion member and an auxiliary member as campaign managers.

Feature attractions will be the Pipers, with trooping of the colors by the Canadian Legion, crowning of the 'Queen': costume parade, skating demonstrations, girls' hockey; the Drum Majorettes, races, and last but not least, those lovable clowns, who add the necessary spice to any carnival. Prizes of $3, $2 and $1 will be given to Comic, National and Character costumes in age groups as follows: Preschool; 6 to 8 years, 9 to 11; 12 and over. A moccasin dance from 10 p.m. to 12 midnight will climax and wind up the evening's activities. Sounds like fun, boys and girls — get busy on your costumes. Don't forget the date

APPRECIATION

I wish to thank the people of Vermilion and a very wide district for the generous patronage accorded to me during my nine years of business as proprietor of the 5c to $1.00 store. My business relations were most happy ones and I found the public here very reasonable, friendly and altogether co-operative.

I solicit a continuance of the same happy relationships and patronage for my successors.

Letters to the Editor

The Standard does not hold itself responsible for opinions expressed by correspondents

February 16th, 1959

The Editor
The [illegible]
Vermilion, Alberta

I shall esteem it a favor if you will allow me space in your valued paper to answer Mr. Hutchinson's reply to my letter of Jan. 15. In that letter my subject was "THE HUMAN PATERNITY OF JESUS, WHO BECAME CHRIST" versus THE STORY OF THE VIRGIN BIRTH, and my question was, is there any authentic proof that He is the son of man or not? I advanced much proof from the Bible that He was a true Son of Man which cannot be harmonized with the Christmas story, styled as such over 30 times. In Mr Hutchinson's reply to my letter, He misquoted my statement at the outset of these words, "Is there any proof of the birth of Christ and gave his answer YES." Now that is a vast difference to the above question, as my dictionary gives the definition of the word Christ as annointed, the Lord's anointed, consecrated, his answer yes, was by quoting one of the quotations that I gave which is used most to support the virgin birth story. I repeat that there is absolutely no proof in either of the four quotations referred to, to support the story of Christmas as it was events that took place hundreds of years previous. Mr. Hutchinson advises me to read Mat. 1 18-25 which I am very much versed in. The story is all a dream as it is said to be - Mary is said to have been with child before Joseph and her had come together and while Joseph was pondering over the affair he fell into a sleep and in his dream an Angel appeared unto him, and told him not to fear because of her condition as it was all done by the Holy Ghost. When he had come out of his sleep was advised to take unto him his wife. So after the child was born many [illegible] were [illegible] to have taken place similar to what we witness at Christmastide, during such time Joseph had another dream telling him to flee into Egypt to save the life of the child as Herod was out to get it. Later they left Egypt for Nazareth. It does not say this time that he had a dream but it seems safe to assume that he did, because it is said that by their return into Nazareth an old Scripture prophecy had been fulfilled. Now there is no such prophecy in [illegible] book so therefore it must have been another dream, and all that we know of that dream is that they are not to be relied upon. Mr Hutchinson claims that Jesus is God but Jesus never claimed to be such himself, but He did claim to be a son of man and a son of God by virtue. When discussing that subject with His disciples He referred to God as His God and their God, His Father and their Father, never making any distinction between them. In my previous letter I explained how that man became sons of God. Mr Hutchinson in his reply, was in full agreement with that, but did not tell us why one should be singled out to come in such a mysterious and unnatural manner. I might mention here that I was brought up by religious parents and taught to read the Bible at the age of six years. That was seventy years ago. I was educated more or less in the old Orthodox religion (as still held on to so tenaciously by Mr Hutchinson) but on reaching manhood, studied with an independent [illegible], subsequently [illegible] all that was not according to common sense, reason and justice because I do not believe that mysteries were written that man could not understand, the story of the virgin birth being just that. Early in the 17th century, a group of intellectuals was appointed to translate the then known Bible, with the result that fourteen books were eliminated and are now known as the Apocrypha because it was not considered to be inspired. These gentlemen must have held their own individual religious ideas, no doubt much the same as Mr. Hutchinson's, because the virgin birth story being spurious should have been eliminated with the other fourteen books. Had this been done, no doubt there would have been much less confusion in the religious world. This virgin birth story did not originate at the supposed birth of Jesus, but according to history had its origin several hundred years B. C. at the time of Judas Maccabees when a queen had an illegitimate son. The dream story is all there is in the whole Bible on this subject. Mr Hutchinson made his letter somewhat lengthy by quoting much that was irrevelant to the subject. (The paternity of Jesus.)

Fallow Wins Flying Club's Gold Medal

The highest honor the Royal Canadian Flying Clubs Association can bestow, the RCFCA Gold Medal, has been awarded to Maurice D. Fallow, secretary manager of the Edmonton Flying Club, the association revealed Friday.

Mr. Fallow, manager of the Edmonton club since 1948, received the medal at the RCFCA's 30th annual meeting in Montreal this week. He also was runner-up for the Yorath Trophy, an award presented annually to the most efficient secretary-manager in the 30-club association. Mr Fallow won the Yorath award in 1954. The Edmonton club's bulletin this year was runner-up in judging for the top award in that field.

The Yorath Trophy is presented by D. K. Yorath, Edmonton businessman and a winner himself of the McKee trophy for the greatest contribution to aviation in Canada in a given year.

Son of the late W. A. Fallow, former Alberta minister of public works, Mr. Fallow was born in Vermilion and attended school there. He learned to fly in the RCAF during the Second World War.

'The Bible Today'

Oriental floral designs on colorful covers for Gospel portions were introduced by the late Lyman MacCallum when he became Bible Society Secretary of Bible Lands North.

The great masses of the people in the Near East are poor, incredibly poor sometimes. The question of price is therefore of immense importance because it is the policy of the Bible society to offer the Scripture at prices which the people can afford. Cost of production must be kept as low as possible, but at the same time produce a book that is attractive and a pleasure to handle.

Heavy demands for Scriptures are daily experienced by the Bible Society depots. All printing projects must be planned well in advance in order to maintain an adequate supply of Scriptures.

CARD OF THANKS

We wish to thank our many friends, neighbors and relatives for their acts of kindness and sympathy in our sudden and sad bereavement and to express grateful thanks for the beautiful floral tributes, memorial donations, letters and cards of sympathy. Special thanks to Mr Colin McLean for his quick response to help. Mr and Mrs Clarence Lysons for the use of their home, Moyers Funeral Home, the pallbearers and all those who called and helped in so many ways. It is all very much appreciated.

Gladys Robinson and family.

Opal Miller, C. Thumlert Pledge Vows

At a quiet ceremony at the home of Mr. and Mrs. Thomas Shaw, Mrs. Opal Marie Ellen Miller became the bride of Mr Christopher Arndt Thumlert.

Sprays of seasonal blossoms and candles decorated the fireplace, before which Rev. J. Garfield Barber of the Westminster United church performed the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. George Ackerman of Mannville. The groom is the son of Mrs. Lenhardt Thumlert of Edmonton.

For her wedding, the bride chose a powder blue suit complemented with white accessories and a corsage of pink Sweetheart roses.

Her only attendant Mrs. H. Spevakow of Innisfree wore a royal blue dress and white accessories, accented with a bouquet of red roses.

Mr Abe Spevakow of Innisfree was best man.

At a reception after the ceremony, Mr Spevakow proposed a toast to the bride. Pouring tea was Mrs. J. H. Snyder, sister of the groom.

Mr and Mrs. Thumlert will make their home in Edmonton.

STUTTERING

Many children go through a period of stuttering or stammering (which is the same thing) between the ages of two and five. They try to say something fast, then try repeatedly to utter the sound or word they want to use. They may repeat the first letter of a word several times, or a whole word, or may even become so stuck they can't utter a sound. A great many children stutter at some time in learning to talk. By understanding its causes you may help prevent it becoming a persistent habit.

A young child's stuttering is the signal of too much nervous tension, making him lose control of the delicate muscular balance he needs for speech. That's why in the early stage, you should do nothing directly about correcting his speech, such as having him say the word or sentence over again. Your job is to find out what's making him so tense. This may not be simple since the causes can be varied and far removed from the speech itself.

Ignore the stuttering itself and for the time being, accept your child's speech as normal. Above all, do your best to prevent him from becoming anxious about his speech. Remember that your anxiety is readily felt by him. If you're upset or show pity, he'll react with more hesitation and stuttering.

Fatigue has a bearing on speech control: stuttering spasms happen more often when the child is overtired. The stammering child needs more rest than other children. An early bedtime is important and the afternoon sleep or rest should be continued even after he starts kindergarten, preferably a morning kindergarten. If your child can't establish good sleep habits your family doctor should be consulted. Poor toilet or feeding habits may cause emotional tension. Dealing wisely with feeding troubles or with bed wetting (especially if fear is tied up with it) may cause the stuttering gradually to disappear.

An emotional shock or fright sometimes results in stammering. Your task here is to build up his feeling of security after the disturbing experience. Let him pour out his fear and anxiety and don't try to correct his stuttering as he tells it. Help him forget his nasty shock by giving him pleasant experiences to enjoy — a family outing or a new plaything.

It's possible that his stuttering began when he tried to speak like the older ones around him. It turned out to be too much of a load. If you demand a lot from him and set impossibly high standards, he may find trouble in this hard business of learning to speak. When a child is making fast progress in talking, why complicate things by making a show of it in having him recite nursery rhymes and jingles? Don't urge him to say long words or show amusement when he makes mistakes in pronunciation.

Another possible cause: If he has been showing emotional tension by faulty habits such as thumb sucking, nail biting or facial twitching and if they are forcibly stopped, he may show his frustration by stammering. You can help him by giving him love and affection, by providing pleasant activities such as painting or clay modelling, and avoiding the use of force in correcting such habits.

Sometimes, after a long illness, a child will start stuttering because he isn't quite ready to resume his usual daily routine. See that his readjustment to everyday normal living takes place gradually. He had extra attention during his sickness and if you take it away too suddenly, the emotional reaction may show up in stammering.

Sometimes trying to make a left-handed child use his right hand will start him stuttering. The part of the brain controlling this "preferred" hand is closely associated with the part that controls speech. Changing may therefore upset the child. At the age of two a child uses both hands more or less equally. As he grows older, let him make his own choice of becoming right or left handed.

Children who show a tendency towards stammering are usually over active, emotional youngsters. Too much activity and excitement in play can have a bad effect on their speech. A regular routine is needed for them. Keep movies and parties to a minimum. Temper tantrums, jealousies, fear, in fact any sign of emotional insecurity should be examined carefully and handled with patience. When there is constant quarreling between parents, lack of harmony in the household, the child's speech development may be deeply affected. Emotional security is your child's main need. The periods at which stuttering is most common after the 2-3 age are when he enters school and at adolescence -- both times of big adjustments of life.

Parents can do a real job of helping to prevent or cure stuttering if they always keep in mind the close tie-up between the child's emotional stability and his speech habits. Relieve his tensions and never hurry him in his attempts to talk. Give him a chance to speak without interruption, listen with patience. Some direct ways of helping your child strengthen his speech muscles are through blowing bubbles and balloons, whispering and singing. They also bolster his confidence and make him feel he's doing something to overcome this uncomfortable habit. Curing the confirmed or severe stutterer is not a quick or easy matter and setbacks are to be expected. It may be advisable in stubborn cases to seek the advice of a speech specialist.

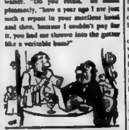
A plump gentleman ate a fine meal at the Waldorf with obvious relish, topped it off with some rare Napoleon brandy, then summoned the headwaiter. "Do you recall," he asked pleasantly, "how a year ago I ate just such a repast in your excellent hotel and then, because I couldn't pay for it, you had me thrown into the gutter like a veritable bum?"



"I'm very sorry," began the contrite headwaiter.

"It's quite all right," said the guest soothingly, "but I'm afraid I'll have to trouble you again."

"When I was your age, young lady," her mother said sternly, "a nice girl didn't think of holding a man's hand."

"But Mother," the daughter protested, "nowadays a nice girl has to hold a man's hand."

Cost of transporting Alberta viscous crude oil by pipeline may be substantially reduced as a result of studies being conducted by scientists of the Alberta Research Council and the University of Alberta Petroleum and Chemical Engineering Department.

Mathematical computation and analysis has shown that water, if introduced into a viscous oil pipeline, forms a moving layer between the oil and the pipe wall thus reducing the power required to pump the oil through the line.

An appreciable amount of crude oil produced in Alberta is very viscous and tends to adhere to the pipe wall. As a result, its transportation by pipeline from production regions to refineries requires much pumping power at a relatively high cost.

Pilot model tests currently being conducted show that the water with a relatively low viscosity, occupies the region of maximum frictional resistance at the pipe wall. Oil transported by this process may be considered to be flowing in a moving pipe of water, or in a lubricated pipe.

The project has attracted considerable international interest among those concerned with the transportation of heavy viscous crude oil. T. W. F. Russell and M. E. Charles of the Research Council staff have recently published a theoretical paper on the subject in the Canadian Journal of Chemical Engineering. At the same time another paper was published describing experimental pipeline work done in co-operation with G. W. Govier of the University.

Data gained during the experiments thus may be of assistance to industrialists interested in the transportation of coal and other solids in fluid flow.

Further tests with the small scale pipeline may be followed by field tests in co-operation with an operating pipeline company.

The Great Miracle

It is not yet 40 years since the first man flew the Atlantic. Prior to the recent war, the number of people who travelled this way in commercial planes could be numbered in the scores.

Last year over a million and a quarter paying passengers flew the North Atlantic, up over 25% from the previous year. Of the 1958 total, well over half paid the economy class fare.

A great deal of this traffic was entirely new, made up of people who, with only a two or three-week holiday, could not afford five or six days each way by surface ship.

It takes 10 inches of snow to equal one inch of rain.

Short Plays Are Enjoyed At Mannville H. & S.

MANNVILLE -- A good crowd was in attendance when the Mannville Home and School Association met in the gymnasium on February 19. President Mrs. R. Forsyth was in the chair and Mrs. Betty Ramsey was the acting secretary for the evening.

An interesting film entitled, "Shyness" was shown at the commencement of the meeting. Following the business session during which Mrs. Betty Ramsey was elected secretary due to the resignation of Mrs. G. MacBeath, the group was musically entertained by the talented children of Mr. and Mrs. Robert Weaver, and Miss Nancy Hill of Vermilion. Their most enjoyable program ranged from classical to popular items and ended with a sing-song led by Sharon and Gloria Weaver.

Two short plays entitled "Must We Have Bedtime Blues?" and "Junior and His Homework" were presented. Those taking part were Mrs. Oliver Willes, Mr. Ed Calder, Mrs. Maurice Smith, Mrs. Edith Petersen, Mr. Ed McLaughlin and the Rev. Harry Shell. A lively discussion period, led by the Rev. Ian Holter followed the plays.

In her closing remarks, the president thanked all those who had contributed to a most successful evening.

A delicious lunch was served by the ladies of the Fidelity, Lake Geneva and Bloomington area.

Macleod's Limited Officially Open New Store In Vermilion

Mr. W. Gibson, District Manager from Saskatoon, will attend the grand opening of Macleod's new store on Thursday.

Thursday, Feb. 26 marks the official opening of Macleods Limited all new retail store in Vermilion. Located on main street this modern new building of brick and concrete block construction encloses two full shopping floors with 6500 sq. ft. of sales floor area as compared to 1600 sq. ft. in the old location. The modern front features an all plastic sign 6 x 46 ft., centre recessed entrance and thermopane show windows to give a clear, unobstructed view of the bright interior. The main floor sales area has colorful, clean tile floor, the newest open design fixtures for the maximum ease of selection and an extra large display area of clothing items for all the family with a handy fitting room for your convenience. Illuminated wall fixtures and overall fluorescent lighting adds modern no-glare brightness to the whole floor.

A wide and inviting stairway with brightly lit plastic directional sign immediately inside the front entrance leads down to the attractive lower main floor. An electric turntable at the base of the stairway features a wide assortment of everyday needs. The 3000 square feet of shopping area on this floor introduces an all new furniture department and a complete selection of home appliances. Also conveniently displayed are plumbing, heating and farm supplies. Cash registers both up and down stairs help speed your shopping.

Attending the grand opening event will be W. Gibson, district manager from Saskatoon, W. Tollefson, furniture buyer, and C. Mack, children's wear buyer from Winnipeg head office. Grand opening ribbon cutting ceremonies will be performed by deputy-mayor Charles Thompson.

Alberta Promotes Sales At Toronto

The purchase of a certain number of Alberta steers at the Royal Winter Fair by business firms from Alberta, or by Canada-wide companies with branches in Alberta, has recently provided important support to this section of the Alberta exhibit, advises Alberta's new livestock commissioner W. H. T. Mead. The groundwork for this development was laid a few years ago when certain interested groups were exploring ways and means to make the Royal Winter Fair steer sale more attractive and thereby provide more incentive for Alberta exhibitors to compete.

Appropriate firms were contacted and over the years this has resulted in the very satisfactory situation that existed at the 1958 Royal Winter Fair sale when twenty-six Alberta single steers exclusive of the grand champion, sold for the very satisfactory average of 36 cents per pound. The buying support available held up the price on all Alberta steers as well as those purchased outright.

Apart from the National meat packing firms with branch plants in Alberta, who normally purchase a certain number of steers, Alberta single steers were purchased by Alberta Stock Yards, Calgary; Calgary Brewing and Malting Company, Calgary Power Limited; Canada Safeway; Great West Garment Company Edmonton; Ken Hurlburt, Lethbridge; Jenkins Groceteria, Calgary and the Palomino Cafe Fort MacLeod.

It is hoped to have Mrs. Wemp from Vermilion at this meeting to demonstrate the making of plastic foam articles.

Seconds Strong As Ever In Winning Olds Byelection

EDMONTON — A nagging question remains unanswered after last week's bye-election in the central Alberta riding of [illegible].

The politicians still don't know for sure if the Progressive Conservative sweep in the last federal election has had an impact on provincial politics.

Conservative officials had declared the Olds byelection a test case but when they failed to run a candidate the value of the vote as a political barometer of the next general election was washed out.

The victorious Social Credit candidate Mayor Roderick A MacLeod of Sundre the two-to-one favorite of the voters, will take his seat in the Legislature around the end of the month, after the 20-day waiting period required by the Election Act.

Results of the vote on the face of it would indicate Social Credit has lost none of its strength in the Olds riding which has been a stronghold since 1935. The Liberals, of course were disappointed, but they still insist the majority of Albertans think it's time for a change.

x x x

The Legislature got down to serious business this week after last week's pomp and ceremony, and it wasn't too long before two non-confidence motions were thrown at the government.

The first came from Grant [illegible] [illegible] Opposition leader who charged that the Speech from the Throne failed to indicate the government has recognized the need for long-range planning.

The second came from Conservative leader Cam Kirby, of Red Deer, who said the government failed to carry out projects proposed in the five-year plan as the need for them arose, and failed also to present a far-reaching development program embracing all phases of Alberta's economic and social life.

Mr MacEwan's motion was in the form of an amendment to the routine motion thanking the lieutenant-governor for the Throne Speech. Mr Kirby's motion was an amendment to Mr MacEwan's amendment.

At the time of writing, the House was still debating both of them.

The government's five-year plan has become an issue of the session, as was expected, but Opposition members can't find too much to criticize.

So far, they have attacked the government for not undertaking some of the projects earlier, and have pointed out that most of the measures were advocated as early as 1951 by Opposition ranks.

Premier Manning didn't speak until Mr. Kirby had introduced his non-confidence motion. Then the premier rose and gave Opposition members a lesson in how to conduct themselves. He suggested they cut out "negative, carping criticism" and adopt a more positive approach to business in the Legislature.

Following are other highlights of the week.

Health Minister Dr J. Donovan Ross introduced a bill to outlaw X-ray shoe-fitting machines, as a means of cutting down the radiation hazard. If passed, the bill takes effect next January 1st.

Members passed a motion from Mrs. E. G. Robinson (SC Medicine Hat) calling for extension of the provincial hospital plan to include out-patient diagnostic and emergency treatment services. They defeated a Liberal amendment calling for expansion of mental health services.

The perennial Liberal motion calling for a provincial Hansard, or verbatim record of House debates was defeated for the fourth time in four years. The vote was closer than usual, however, 30 to 24.

Everybody but the Conservatives voted against a Tory motion asking for an investigation of government intervention in a dispute concerning ownership of shares in Cardston Co-op Ltd. The vote was 48 to 2.

Members discussed labor problems, particularly those involving the International Teamsters' Union and passed a motion calling for a full review of the Labor Act.

Premier Manning declined to disclose details of an investigation which led to the dismissal and subsequent reinstatement last year of P. D. Hargrave, superintendent of the Brooks [illegible].

A major debate on natural resources shapes up for this week. Liberal leader MacEwan planned to introduce a motion calling for a royal commission to investigate government handling of resources and assess Alberta's requirements for the next 50 years.

The Throne Speech debate is expected to end on Friday of this week. Friday night, Provincial Treasurer will deliver the budget address outlining what is expected to be an all-time record budget.

MEAT OUTLOOK

Here's the outlook for meat, says The Financial Post: Fast changes in both production and marketing techniques, rising consumption and output.

Low priced pork and mass-produced poultry in the immediate future should tend to gain ground on higher-priced beef.

These were the trends occupying the attention of delegates to this week's convention of Meat Packers Council of Canada.

The future looked good to most. One speaker called it "very bright."

Not only do meatpackers and producers benefit from rising populations in North America. They also pick up new business because people are eating more meat.

The month of February had to wait 200 years before it found its place after January. The World Book Encyclopedia reports that the month wasn't even included in the first Roman calendar — and then a Roman king tacked it on to the end of the year.

Tips on Touring

By Carol Lane

Women's Travel Authority

You'll never have to solve a 'who dunit' as far as your car is concerned, if you keep your private eye peeled on proper precautions. I'm told that owner's carelessness is the main cause of car thefts.

In one recent year thousands of automobiles were reported stolen in this country. Although police are up-to-date on detecting stolen cars and apprehending auto thieves, they would have an easier job if the average automobile owner assumed his proper responsibility.

Here are some tips to help you foil car prowlers:

1. When you park your car on the street, lock all doors.
2. Avoid parking on dark, little traveled streets. A car thief needs time and privacy to break into a car, wire the ignition and get it started. Also, don't park overnight on any street.
3. [illegible] your car parked for an extended period of time without making periodic check-ups.
4. Make certain that you leave no valuable articles, such as luggage or clothing, in plain sight in your parked car, thus tempting a would-be burglar. Lock valuables in the luggage compartment.
5. When purchasing a used car, be certain that title papers correspond with the description of the car.
6. Make a permanent record of the motor and serial numbers on the car you buy, as well as other numbered articles.

"Longer, lower and more elegant" appears to be the trend in furniture for 1959. Horizontal lines compliment the lower ceilings and open spaces of modern homes and vinyl-coated upholstery fabrics such as this leather-like textured "Fabrilite" are designed to combine beauty with easy care. This sectional set by Kroehler makes possible many seating arrangements.

Of Many Things . .

By [illegible]

[illegible]

A fellow I've always thought [illegible] asked me a surprising question the other day.

"Say" he said, "I see everybody's [illegible] inflation. Just what the heck is it. And what can I do about it?"

Maybe you, too, haven't bothered to find out what inflation is, what causes it, and what you can do about it? Some people are so busy at their own affairs they can't take time to study such things. So here's what I told my friend.

"If your wife makes soup," I said, "and it tastes good, would you ask her to put another gallon of water in the pot so there would be more of it?"

"Heck no" he said. "That'd spoil it."

"Well, then, you understand inflation. If she puts in more water without adding more meat and vegetables, she's inflated your soup. She made more soup but she deflated every bowl of it. Put money in the place of water, and goods and services in place of the meat and vegetables, and you've got a fairly good analogy."

He grinned. "As an old soup eater, I've gotcha! But nobody around our place would try to get away with watering the soup — or the whiskey either. Who's guilty?"

"You mentioned whiskey," I said. "Who waters it?"

"Gotcha again," he said, "the government, of course. Might have known you'd blame it on the government."

"Not entirely," I said. "I blame the people who vote for political candidates because they promise to spend money all over the place, money that doesn't produce anything or help get anything produced. That kind of money is like more water on the same meat and vegetables."

"Governments are to blame to a great extent for not having the courage to hold the line, while they ask others to hold it."

He grinned. "What about me? How can I fight this thief that's eating into the value of my bank-roll?"

"You," I said, "can quit loafing. Do a full day's work for a day's pay. Make sure any product that comes from your hand is made as well and as quickly as you can make it. Produce more per hour before you ask for higher pay."

"Hmmmmm," he said. "Does that go for you too?"

"It goes for me too. For everybody in Canada. It's the unit cost of things that kills us. What's the use of producing plenty if it costs so much per piece that we can't sell it? Let's get costs down and productivity up — then see how much you can buy with your pay check!"

"I go along with you, pal," he said.

I hope you do too!

Services for Hugh Leighton at Kitscoty

The residents of Kitscoty, Paradise Valley and surrounding districts were deeply grieved to learn, on January 31, that Mr. Charles Hugh Leighton had passed away in the Lloydminster hospital on that morning at the age of twenty-eight years.

The late Mr Leighton was born at Kitscoty April 23, 1930. He attended Freeham Public School and Kitscoty High School. After attending the faculty of Education at the University of Alberta he taught at the Allandale School for two years and then left the teaching profession and was employed in Lloydminster.

On July 8, 1955, he was married to Shirley Ann Gunn of Paradise Valley and the couple took up residence on the home farm near Kitscoty. In September 1957 he returned to the teaching profession for one year, becoming principal of the Preston school. After the close of the school year, Mr and Mrs Leighton moved to Paradise Valley, taking over operation of the store formerly owned by Mr. W. A. Gunn.

Hugh was in ill health for the past two and one half years but never lost hope, and his optimism and cheery smile were an inspiration to all who met him. His many friends and neighbors, who all sincerely hoped that he would overcome his illness, extend their deepest sympathy to the sorrowing family at this time.

Left to mourn his loss are his loving wife Shirley, his mother Mrs. John Leighton of Kitscoty, sister Marjorie (Mrs. H. Martin) of North Battleford, four brothers, William of Streamstown, George of Grande Prairie, Jack and Arthur of Kitscoty. He was predeceased by his father, John Leighton in November 1954.

Funeral services were held in Kitscoty community Hall on Feb. 5 with Reverend James Shortt from the Kitscoty United Church officiating, assisted by Rev. Ira MacDonald from the Paradise Valley United Church. Reverend Shortt brought words of comfort to the family and [illegible] friends who filled the hall to capacity. Mrs. Elsie Batty was organist for the service. Hymns sung were "He Leadeth Me" and "The Lord is My Shepherd", two of Hugh's favorites. The Kitscoty United Church choir was in attendance and sang "Heart-aches."

Pallbearers were Harold Fair, Bud Miller, Norman Doull, Charles Hooker, Alvin Throndson, and Bill McGrath, all of whom were close friends of the deceased. McCaw's Funeral Home of Lloydminster was in charge. Interment was made in the Orville cemetery south of Paradise Valley in the Gunn family plot and the graveyard service was attended by a large number of Hugh's friends who gathered to pay him a last tribute.

Purchasing power is not increased by wage increases unless they are accompanied by increases in productivity and stable prices.

MARWAYNE

Congratulations to Mr and Mrs. E. Viteychuk on the birth of a daughter.

Lawrence Fleming Jr., has been in the University hospital several weeks having an operation and is now making satisfactory progress.

Carolyn Rooks is in Lloydminster hospital and Mrs. Haskell Sr., is in the Elk Point hospital.

There were 12 tables, 7 for cribbage and 5 for whist at the third Home and School card party. Winners for whist were: high Mrs. Golightly and Mrs. A. Johnson (as a gentleman); low Mrs. Fairbairn and Mrs. W. [illegible] (as a gentleman). For [illegible] high Mrs. Muriel MacDonald and Mr. Lawrence Dale. Low Mrs. J. Milne and Mr MacDonald Sr. The next card party will be on Friday, Feb. 27.

"I believe" was the theme for the World Day of Prayer service for women, held all over the world on the first Friday in Lent. The service in Marwayne was held in the United Church with ladies from three churches present. Mrs. Rea gave a very interesting address.

Sincere sympathy is extended to the Latimer families in the [illegible] of their brother Herbert of Lloydminster. He was a former resident of this area. Funeral services were held in Grace United church, Lloydminster with interment taking place in the Marwayne cemetery.

The Pee Wee hockey tournament which was supposed to be held on the 7th of February, was postponed until the 21st. The tickets bought before the 7th will be good for the 21st.

A very successful senior hockey tournament was held on Saturday, Feb. 11 with seven teams participating.

The V. S. A. boys and girls basketball teams defeated Marwayne on Monday, Feb. 9 by scores of 22-19 for the girls and 85-23 for the boys.

About 150 people danced to the Williams orchestra at the invitational Valentine dance sponsored by the Students' Union in the beautiful new auditorium on Friday, Feb. 13.

The 9th annual Hobby Fair, sponsored by the United Church W. A. will be held in the Elks Hall on Thursday, Feb. 26. Adult work or "hobbies" will be for display only. Children's work will be judged and prizes given. Entries for judging must be in the day before the hall being open the afternoon before or entries may be left at the telephone office or with any member of the committee. There will be a local talent program at 8.30 in the community hall. Admission to the Hobby Fair is 25 cents and the concert is 50 cents. Children will be admitted on their Hobby Fair ticket.

Mrs. T. Rovang has been convalescing after her recent illness at the home of her sister Mrs. W. Curtis.

Mr. and Mrs. Mac Hancock were week end visitors at their home taking in the hockey tournament.

Mrs. Reinheimer has gone with her sister Mrs. Pikorsky of Edmonton to see their father who is very ill at Meyronne Saskatchewan.

The Clandonald mixed children's choir will be at morning service in St. George's church on Sunday, Feb. 22 at 11.15 a.m. Sunday school will be at 10.45 for that Sunday only. Lunch will be served afterwards.

Some of the teachers attended the bonspiel in Vermilion on Saturday.

Northwestern Utilities To Extend Natural Gas Services in 1959

A construction program for 1959 of $4,800,000 in extending natural gas service in Central Alberta was announced today by Northwestern Utilities, Limited.

M. R. Stewart, general manager, said the company was providing for service this year to 5,300 new customers on the existing system. In 1958 the company added 7,006 customers and was serving 83,538 at year-end.

Cost of the extensions to serve these new customers, including main extensions, services and meters, is estimated at $1,300,000.

The capital appropriations include $1,250,000 for providing service to new communities. The new communities are Provost and Cadogan, 190 miles southeast of Edmonton and the following communities 40 to 80 miles southwest of Edmonton who will be served off the company's Pembina line which was completed last fall: Thorsby, Breton, Warburg, Sunnybrook and Buck Creek. A number of other communities are also being considered for 1959, Mr Stewart said.

Miscellaneous extensions to the company's transmission lines are estimated at $190,000 this year. Distribution system improvements totalling $375,000 are provided for in 1959. A major project is the building of two miles of 20-inch main on 129th avenue in Edmonton to complete the main trunk loop serving the northwest end of the city.

In its continuing efforts to augment the future supply of gas, the company is again providing for the acquisition of various natural gas rights. These, together with improvements to its present production system, are estimated to cost approximately $1,200,000.

Improvements and extensions to land and buildings owned by the company throughout its system total $370,000 this year. Cost of tools, equipment and other items is estimated at $115,000.

OBITUARY

Mrs. Ethel Alice McNeely

Funeral services for Ethel Alice McNeely, aged 65 years, who passed away at the Islay hospital on December 20th were held at the United Church, Islay, on Dec. 23rd at 3.00 p.m. with Rev. Kelis A. Johnson Rink of Maidstone Wins Challenge at Local 'Spiel

Vermilion's annual bonspiel was piloted to a grand climax last Thursday evening when the finals of all the five events went onto the ice at practically the same time, at 8 p.m. The spiel had run very, very smoothly with not one hitch. This year for the first time there was no lay-off due to drip which has plagued the spiel in former winters. This was due to a very good job being done of defrosting the ceiling the previous week.

Drawmaster for the event was Rudi Renaud who charted the whole bonspiel from beginning to end by the number method. This contributed much to the smooth operation of the draws.

THE GRAND CHALLENGE

Winner of the Grand Challenge was the Walt Johnson rink of Maidstone. This quartet was skipped by Len Smith with Vern Smith 3rd, Dick Owens 2nd and Walt Johnson lead. The runner-up was the Bill Specht rink of Clandonald. Bill had young Bob Tkachuk as 3rd, Hugh Logan 2nd and Father Hensel lead.

The final in the Challenge was Johnson all the way, with the Specht four failing to show the fine curling ability they had displayed all through the spiel. It was just one of those games for the Spechts when no one was clicking. The final score read 9-3 at 10 ends.

The final was an anti-climax to the two semi-final games, as two more interesting and closely contested rock-fests were never witnessed on Vermilion ice. Specht edged out Frank Schmidt of Lloydminster in an extra end. Johnson in the lower half turned back Don Christie and this game was a tie coming home. Two very close games replete with good curling.

Third prize in the Challenge thus goes to Don Christie of Blackfoot, fourth to Frank Schmidt of Lloydminster.

GLEN GIBBONS [illegible] BRUNSWICK

Glen Gibbons local rink took home the number 2 event of the spiel, the Brunswick Hotel, with second being won by the high school entry. This final attracted a lot of attention with the Gibbons having a little edge throughout, final score 9-6. The prize winners were:

1. Glen Gibbons, skip, Stan Jones, Marshall Jackson, Arne Elmond.
2. Brian Calvert skip, Ken Graham, Neil Gannon, Jack Marfleet Jr.
3. W. C. Martin, skip, John Gordey, Jack Hessam, Bill Petti[illegible]
4. Skip Rudler of Maidstone.

BEVERAGES EVENT TO EDMONTON

The best final of the night was undoubtedly that between Len Manz of Mannville, and Alex Fallow of the Crestwood curling club, Edmonton, in the No. 3 event.

The Edmonton rink had worked up a lead of five points going into the tenth end, but saw this fade away when Manz counted five. The Mannville boys added a one in the 11th, while Fallow with a cold draw with the last rock of the 12th, forced a 13th end. Fortune first favored the Manz rink in the extra end, and when Fallow played his last rock, Manz was lying three. Fallow drew for shot rock but lay in the open. With his last stone, Len laid a little wide and heavy and slid by the winning counter. Final score 13-12.

1. Alex Fallow, skip, Ron Wilson, Les Nelson, Leon Peterson.
2. Len Manz, Les Kreller, Frank Ewing, Lloyd Boe.
3. Bill McGrath, Tolland.
4. C. Proskiw, Myrnam.

LUNDEN TAKES TELFORD MEMORIAL

Ralph Lunden of Dewberry, a consistent prize winner at Vermilion spiels, annexed the Telford Memorial No. 4 event, turning back the bid of a local rink, Dr. Ben King, 10-4.

1. Ralph Lunden, skip, Harold McKnight, Don Rainey, Jack Rogstad.
2. Ben King, Bill McLaughlin, Don Wilson, Graham Skinner.
3. Gordon Ross rink of town.
4. Ken Scoggins of Mannville.

FORMER VERMILION MAN, [illegible] SMITH WINS

Bert Smith, also from the Crestwood rink, Edmonton, and a former well remembered Vermilion man, proved too much for the local quartet skipped by Ort Strome curling under the Mitchell name, in the final of the Citizens, the No. 5 event. Final score read 11-8 in favor of the Crestwoods. Norm McGinnis played third for the Smith rink.

1. Bert Smith, Norm McGinnis, Bill Wagner, Jim Graham.
2. Ort Strome, Reg Mitchell, Brent Macnab and Art Lennon.

BONSPIEL BUBBLES

Prize for the first six ender was won by the J. P. Renaud rink of Westlock. This was grabbed off in the second draw played. Curt Martin scored an even half dozen later in the spiel while Gordon Ross went even one better and laid a seven on the first end of one of his games.

Speaking of prizes, Sam Slater of Lloyd was the name drawn from the hat as the winner of the bonspiel hamper.

Not every bonspiel can boast of a Boer war veteran taking a very active part, but this was true of Vermilion. Graham Skinner, formerly of Dewberry and now one of Vermilion's most ardent curlers, was a member of the Ben King rink. This rink won second prize in the Citizens event. Graham is 78 years young and a veteran of the Boer war. He still lays them in there with a regularity which is devastating to the opposing rink. No one enjoys curling more than this same youngster.

Another oddity at the spiel was the game between the members of the Renaud family. Rudi and son Roger were members of one [illegible]'s dad, Mr. J. P. Renaud on the other rink, coming down from Westlock for the bonspiel. The visiting quartet won the game. Not often do you see three generations in one curling game.

No doubt there were a myriad of interesting little stories arising at the bonspiel — it was a good event, well managed and enjoyable throughout, attended by 64 rinks of good sports and good curlers. President Warren Rosequist and his executive have every reason to be proud of the event, while big bouquets should be tossed at the Hamlyn brothers for the excellent ice.

Annual Red Cross Canvass To Open Monday, March 16th

The annual meeting of the Vermilion Branch of the Canadian Red Cross was held Friday, Feb. 27th in the Vermilion school division office.

Mr. S. Simonson opened the meeting. Minutes of the previous annual meeting and those of an executive meeting were read by the secretary.

It was decided to start the annual Red Cross campaign for funds on Monday, March 16th. The treasurer's report was given, followed by reports from the heads of the various committees. Some of these were: Mrs. W. R. Jory, women's work convener reported that a shipment of 70 articles had been sent to headquarters in June. There was also another shipment now ready. Mrs. J. R. Robson, head of the blood donor clinic drive, reported a very successful clinic had been held in November with 230 donors in attendance. Mr. W. F. Stewart reported that nine rooms in Vermilion elementary school are organized as branches of the Junior Red Cross. Such projects as candy sales, popcorn sales, a sale of calendars, tea and bake sale and others have been held or will be held in the near future.

The following officers were elected for the year 1959-60:

President — S. Simonson
Vice-Pres. — Mrs. J. R. Robson
Secretary — Mrs. L. Eldem
Treasurer — Bruce Anderson
Div. Council Rep. — J. R. Robson
Campaign Managers — R. Mitchell, J. R. Robson
Women's Work Conv. — Mrs. J. R. Jory
Blood Donor Clinic — Mrs. J. R. Robson, Miss Alice Keith
Swimming and Water Safety — W. F. Stewart
Publicity — W. F. Stewart
Hospital & Relief — Mrs. W. F. Stewart, Mrs. R. Mitchell

Mr. S. Simonson reported that Tony Dixon had been recommended to the Red Cross to take the Red Cross Leadership course in swimming.

A letter of thanks to Ashley H. Cooper, editor of the Vermilion Standard for his co-operation in giving the Red Cross such fine publicity was to be sent by the secretary.

Meeting adjourned.

Mrs. James Cavil 92 Years, Passes In Vancouver

Mrs. Christina Cavil, widow of the late James Cavil, and a revered pioneer of Vermilion and district, passed away suddenly while visiting her daughter Mrs. Douglas in Vancouver on Sunday, March 1st. She was in her 93rd year.

Mrs. Cavil lived in Vermilion from the early homesteading days until last fall when her daughter and family, Mrs. Geo. Capatos, moved to Penticton to reside. Since that time Mrs. Cavil has been visiting her daughters in turn, Mrs. Reid at Chilliwack, Mrs. Douglas in Vancouver, and Mrs. Capatos at Penticton.

She is survived by two sons, Andrew in Vancouver, John at Kitchener, Ontario and four daughters, Mrs. John Grant (Florence) Dewberry; Mrs. Ed Reid (Marjory), Chilliwack, B. C.; Mrs. George Capatos (Connie) Penticton, B. C.; Mrs. W. H. Douglas (Nancy) Vancouver. There are many grandchildren and great grandchildren, and two great great grandchildren.

The deceased was a life member of the W. A. to the Canadian Legion (Vermilion Branch).

United Church Young People Organize Hi-C Club

The young people of the United Church have organized under the Hi-C club. Officers elected for the year are as follows: President — Bob Waldenberger; Vice-President — Ken Alfke; Secretary — Dorothy Jean Stewart; Treasurer — Marie Towell.

The members were divided into four groups, with one group responsible for the program each week. Group leaders are Morley Marshall, Margaret R[illegible] M[illegible] Marshall [illegible] Bob [illegible].

The program consisted of a short business meeting followed by a discussion and devotional led by the group in charge of the program.

The Hi-C boys are responsible for ushering on Sunday mornings. This week the ushers are Miles K[illegible], Ken Alfke [illegible] Bob A[illegible].

Excellent Condition of Town Reviewed At Annual Meeting Of Ratepayers

Excess of Revenue Over Expenditure Is $22,104.57

There may be towns in better financial position than Vermilion but that is extremely doubtful.

The town ended the year 1958 with cash on hand and in the bank of $108,344.54. In addition, $26,525.79 rests in a utilities reserve fund.

The town's financial affairs were well administered during 1958 with the result that the excess of revenue over expenditure was $22,104.57. Uncollected taxes were at a lower figure than one year ago and tax collections were very good being over 100% of the levy.

Complete revenue for the year was $201,300.61 while expenditures totalled $179,196.04 leaving the surplus of $22,104.57.

Taxes collected during the year were $122,529.30, business taxes added another $9,632.90, while the province of Alberta gave the town a liberal grant of $22,043.14 on a per capita basis. Balance of the receipts were licenses, permits, welfare assistance and fines.

The biggest single item of expense was of course, education, the requisition being $69,678.75, the hospital required $19,317.80. The town also met debenture payments of $6,093.12 and paid out $1,753.18 for interest on remaining debentures.

WATER & SEWER DEPT.

Revenue in the water and sewer department reached $30,334.19 after meeting debenture payments and interest charges of $19,077.85 and providing for depreciation of $10,434.00, the balance only amounted to $98.34. Water sales showed a big increase over the previous year.

All this interesting data was reviewed at a very quiet annual ratepayers meeting held in the Elks hall. Owing to the frigid temperatures prevailing at the time, only 28 ratepayers attended, less than half the usual number.

Ashley Cooper was moved to the chair with Tom Wilson acting as secretary.

INTERESTING REPORTS

Interesting reports were by the following councillors: — Chas. E. Thompson for public works; K. F. Rowe for water and sewer; Percy E. Cooper, library; Reg Ireland, recreation committee.

Frank Welsh, Vermilion representative on the hospital board, dealt with the changes which have taken place in the hospitals Act recently, and outlined the significant features of the provincial health plan. He touched on the operation of the hospital during the past year.

Deputy-mayor Chas. E. Thompson also gave the report for the Mayor, M. Hill being absent in the east. Mr. Thompson touched on many of the highlights of what has been a most impressive and progressive year of development in the town. The councillors came in for words of praise, as well as the fire brigade, the Board of Trade.

Mr. George Martin, for the Vermilion River M. D., gave a short report on civil defence. He informed the meeting that the basement of the town library was being made into a training centre. A brief review of the courses given was notated.

Activities of the Minburn-Vermilion Health Unit were reviewed by Dr. Bourke, Medical officer in charge, and Wm. Boulton, sanitary inspector. Reports of the two men proved to be very interesting.

Ashley Cooper, appointed to the Board of Administration for the proposed senior citizens lodge, was asked to bring the meeting up to date on that subject.

Numerous questions were asked and answered in a satisfactory manner during the course of the 2½ hour meeting. At the close, a hearty motion of thanks was moved by Roy Jory and seconded by George Caron to the members of the council, hospital representative, divisional school trustee, Health Unit officials, George Martin and to the chairman of the evening, Ashley Cooper.

A new appointment is expected to be made on March 5. Mannville extends the best of wishes to the Hammonds in their new home.

E. A. Locke Resigns As President of Hockey League

E. A. Locke resigned on Sunday as president of the Eastern Alberta Hockey league an office he has filled very efficiently over the past four years and thus leaves a position which will be very hard to fill. The resignation came as a result of questions which arose over the eligibility of players in the current play-offs of the league on which Mr. Locke ruled.

[illegible] St. Paul [illegible] their goalie of the season Kelson [illegible] on the grounds that he became hard to manage and brought in [illegible] who plays with the Ponoka Stampeders in the Central Alberta league. Lloydminster Chevies played the first game under protest. St. Paul won this game but it was ruled [illegible] and Patterson was ruled ineligible. St. Paul then filled the goal for the remainder of the series with Jacobson from Edmonton and Chuck Kendall of St. Paul. The Chevies won the series in three straight games.

THE BONNYVILLE-LASHBURN SEMI

That wasn't all. In the other semi-final Bonnyville using four members from the University of Alberta Golden Bears, won the first two games played. Lashburn protested the use of the Varsity players as being members of another team in a recognized inter-provincial University league. Investigation bore this out. The two games played were ruled out and Bonnyville is continuing the series without the Varsity boys. Each team has won one game in the best of five series.

Of course all this meant delegations and counter delegations, phone calls and telegrams to President Locke. He made firm rulings based on investigations and what he thought was just and right, and stuck to them. He found that during these play-off hassles which resulted from the teams using ineligible players, he could neither sleep nor eat in peace so decided that it wasn't worth it, and tendered his resignation.

EVERY DECISION UPHELD BY EXECUTIVE

At the meeting of the executive of the E.A.H.L. held in Vermilion on Sunday afternoon with every team fully represented by its recognized delegates, each decision made by Mr. Locke was upheld, proving that he was in the right, and that his decisions were made with the best interests of the league and of sportsmanship at heart.

Mr. Locke in his letter of resignation to the league stated in part: "I feel that this league is not serving the purpose for which it was originally intended. It is supposed to be a league to foster goodwill, good hockey and good sportsmanship. [illegible] ing your president for the past three or four years I feel that none of the teams in the league understand the above terms. It has [illegible] a dog-eat-dog attitude, each team in the play-offs wanting the most gains, using unauthorized players, and endeavoring to find loop holes in the rules and regulations."

Mr. L. Dronin of St. Paul is the vice-president and will take over the presidential duties. The league holds an annual spring meeting when no doubt the troubles of the play-offs will be reviewed with the object of avoiding such situations in the future if the loop [illegible] ates.

Attention, Grain Growers

Be sure your seed samples are correctly addressed! District Supervisor L. B. Goodall of the Plants Products Division, Canada Department of Agriculture, reports unnecessary delay in receipt of seed samples for testing and a corresponding delay in getting results back to the sender.

Although the district office and seed laboratory moved last summer to new quarters in the Federal Building in Edmonton, many samples are still being mailed in error, to the old address in Calgary.

Seed samples for testing and communications to district office should now be mailed to Plant Products Division, Canada Department of Agriculture, 873 [illegible] ton.

WELCOME, COUSIN!

More and more citizens of the United States are discovering Canada — and liking it. Liking it so much, in fact, that they are pulling up their roots south of the border and emigrating here in steadily increasing numbers.

An annual average of 8,730 did so in the years 1946-1950 rising to 9,466 in the period 1951-1958. Last year's total reached 11,098.

These may seem modest enough figures [illegible] set against the numbers of [illegible] and potential Canadians who leave this country each year for [illegible] United States. And of course they are. But they are worth noting just the same.

All in all, more than 100,000 of the immigrants who have entered Canada since the end of World War II have come from the United States, or one in every 15. This is a highly respectable total which, we suspect, will surprise more than a few Canadians.

The Canadian standard of living may still fall short of that of the U.S. but the difference is not so great as to rob this country of its evident appeal to a growing number of Uncle Sam's brood.

This is something which will afford satisfaction to many of us confirming the confidence and pride we feel in the Canada that is and is yet to be. It should also give pause to any young people who, having acquired their training and skills in this country now contemplate leaving it.

OUR BABY BOOM

If the number of new births is any indication — and most people would agree that it is — last year's economic setback did nothing to shake the confidence of Canadians in their future. The recession notwithstanding, more babies — close to half-[illegible] in all — were born in 1958 than in any previous year.

This is news to gladden the hearts of more than the million or so fond parents directly concerned. Manufacturers of such indispensables as baby foods and powders, diapers and safety pins, layettes and carriages — to mention but a few — will be understandably delighted.

Likewise Ottawa, although its rejoicing that the number of prospective taxpayers is increasing at such a fast clip will doubtless be tempered by regret they are not yet all grown up and at work.

The nation as a whole, of course has good reason to welcome the arrival of nearly half a-million infants in a single year. It stands to gain most of all. It will benefit immediately in that this population boost will, of itself, contribute in no small way to economic recovery. And it will benefit no less surely in the long run, for natural increase on this scale promises well for our national future.

There is added cause for satisfaction. While our birthrate continued to hold at around 28 per 1,000 of the population (one of the highest in the world), the national death-rate fell below eight per 1,000 for the first time in Canadian history. Total number of deaths in 1958 (128,000) was nearly equalled — and therefore, cancelled out — by the number of immigrants admitted during the year.

Making due allowance for emigration, our net gain in population in 1958 was almost 480,000, — a satisfactory figure, all things considered. But it will be a matter for much gratification if we do even better this year.

Iron Injections For Baby Pigs

The Veterinary Laboratory of the Alberta Department of Agriculture issued a warning today regarding the use of iron injections for anaemia in baby pigs. There are several injectable iron products on the market now but these vary in available iron content and in recommendations regarding "follow up" injections.

Many farmers are using only one injection of low iron content products that call for repeated injections. They do this because they think they are giving a high iron content product that calls for only one or at the most two injections.

As a result of this confusion, baby pigs are dying from anaemia or other diseases fostered by anaemia. Much of this could be avoided by reading the labels on the product or consulting the local veterinarian.

Alberta Report
Anders O. Aalborg, M.L.A. for Alexandra

In bringing you this weekly report from the Alberta Legislature, I shall try not only to give you a brief summary of the business of the 1959 session, but also to include a word of explanation from time to time regarding the manner in which the Legislature deals with business that comes before it for attention.

PARLIAMENTARY RULES AND PROCEDURE

The Alberta Legislature is the parliament of the province. It carries out the constitutional responsibilities assigned to the province by the British North America Act. In its discussions and deliberations the Legislature follows certain rules and forms of procedure most of which originated long ago in the British House of Commons. Basically all parliaments and legislatures throughout the Commonwealth follow much the same rules although there are many local variations and modifications depending on customs and traditions which have been built up over the years in each.

WORK OF THE LEGISLATURE

The work of the Alberta Legislature falls roughly into three parts which tend to overlap one another to a great extent. Enacting new laws and amending and repealing old laws pertaining to the many responsibilities assigned to the province by the BNA Act is one of these. Authorizing the government to raise and spend public funds is another and formulating and revising public policies and programs is a third phase. The Legislature makes changes in the law by means of bills which go through various stages or readings. In a later report I shall deal more fully with the consideration of bills. Authorization to raise and spend public funds is considered when the annual budget and the estimates of each department are before the assembly. The two "full dress" debates each session, the debate on the speech from the throne and the debate on the budget provide all members with an opportunity to speak on any topic or matter related to the affairs of the province, and to express the views, ideas and opinions of the people they represent. In so doing each member has a voice in shaping policies and programs.

BUDGET DEBATE

Last week I reported to you the highlights of the provincial budget for 1959-60 brought down by the provincial-treasurer, Hon. E. W. Hinman, on Friday evening, Feb. 20th. I have already indicated that I shall gladly send a complete copy of the provincial - treasurer's address to anyone on request.

In making his address the treasurer speaks in support of his motion which according to very old tradition is always worded as follows: "That the assembly now resolve itself into a committee of the whole to consider the supply to be granted to Her Majesty". This time - honored motion is a reminder of one of the basic principles of our democratic parliamentary system, namely, that the Crown may spend no money, and may impose no taxes, without the consent of the elected representatives of the people in parliament.

On Monday, Wednesday and Friday last week most of the time of the assembly was devoted to a general debate on the budget introduced by the provincial treasurer. As is customary the leader of the official opposition who is presently the leader of the Liberal party in Alberta, Mr Grant MacEwan, led off this debate by a speech in which he criticized the provisions of the budget from the point of view of the Liberal party.

Mr MacEwan did not, however propose any want of confidence amendment to the main motion. By the end of the week no opposition member had brought in such an amendment but one may of course be made before the debate has been concluded.

Following Mr MacEwan several members on both the government and opposition side participated in the debate. Four members of the cabinet: Hon. N. A. Willmore, the minister of lands and forests, Hon. A R Patrick, the minister of economic affairs; Hon A J Hooke the minister of municipal affairs and Hon. R D Jorgenson, the minister of welfare, gave extensive and very interesting reports regarding the work of their respective departments. In all probability the budget debate will finish next week thus clearing the way for a detailed study and discussion of the estimates for each department.

LEGISLATION

Some [illegible] was made in dealing with the program of legislation. Several more bills were introduced and on Friday over 25 bills were given second reading. I introduced three bills from the department of education, and I believe you will be particularly interested in one of these — a bill which proposes an Act to provide financial assistance to students. This legislation will authorize the expanded program of student aid which the government announced last fall. In a later column I shall give you the details concerning this enlarged program of scholarships, bursaries, grants and loans which the provincial government is making available to students. In the meantime should you wish to have a copy of the bill I shall be glad to send you one on request.

PRIVATE MEMBERS' RESOLUTIONS

On Tuesday and Thursday last week several resolutions submitted by the members were debated. These covered a wide variety of topics including loans to farmers; hospital and medical services for pensions; expropriation of property to provide right of way for highways, pipelines and gas lines; the sale and distribution of pornographic material, and the applications which have been made to the Board of Public Utility Commissioners by natural gas utility companies for an increase in rates.

STUDENTS VISIT THE LEGISLATURE

Sittings of the Legislature are, of course, open to the public. In order that any citizen may observe the assembly in action there are three galleries to accommodate spectators. While many persons listen to the debates each day by far the most numerous visitors to the galleries are groups of students. I recall that during the first few years that I sat in the Legislature students came only from Edmonton or nearby centres. But in recent years students come from all parts of Alberta. Last year no less than 3000 from a great many communities throughout the province visited the assembly. Last Friday, Feb. 27th, one group of students came from Redcliff just north of Medicine Hat in the extreme south-eastern corner of the province while another came from Hythe in the far north-western corner. Among the student groups which visited the assembly on Friday last I was very pleased to see one from Islay accompanied by their principal, Mr. Merlin Moncrieff, and another from Paradise Valley, McLaughlin and Rivercourse accompanied by their teachers, Mrs. E. Walter and Mr. Alf Lampitt.

When disaster strikes, your Canadian Red Cross is on the job at once to provide emergency care, shelter and supplies.

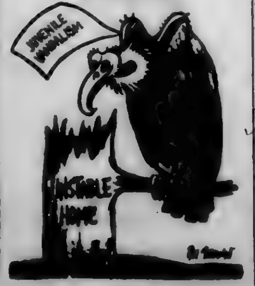
Home To Roost



Sixteen Years Ago

MARCH 4th, 1943

A. W. Dymond, representative of the C.P.R. [illegible] of resources here for the past nine years, has been transferred to Edmonton and takes over his duties there on March 15th. Mr. Dymond's successor for the Vermilion district, Mr D. R. Mitchell, arrived in town last week end.

Quite a variety of weather has been experienced this week. On Monday it dropped to 15 below, Tuesday was mild and pleasant, Wednesday decidedly blizzardy, giving away to 14 below again this Thursday.

Bill Barr's quartet grabbed first place in the local bonspiel which wound up last week end. Barr's rink consisted of Harry Jealous, Neil McKinnon and Darrel Currah. As a result of the rubber situation, gas rationing and blocked country roads, the number of rinks entered dropped this year from the all time high of 38 hung up in 1942 to 23. There were nine visiting rinks and 14 locals.

The program for the two-day agricultural short course has [illegible] completed. Sessions will be in the Elks hall on March 11th and 12th.

Bert Mead, son of Mr. and Mrs. George Mead of the Campbell Lake district, has joined the air force and has already commenced his training at No. 3 Manning Pool, Edmonton. His brother George, also in the R.C.A.F., is stationed at Fingal, Ont.

Six hundred and twenty-two ration books have been distributed at Islay which would give a fairly accurate estimate of [illegible] number of people in that district.

32 Years Ago

MARCH 3rd, 1927

The school public speaking contest, known as the Hugh A. Sharon contest, took place at the McKay avenue school in Edmonton on Friday evening, Feb. 25 and was won by Miss Kathleen Craig of Vermilion.

Vermilion Farmers won the Little 3 league championship by defeating Lloydminster 7-3 in the final game with a total score of 9-7 on the round.

A public meeting of the residents of Wellsdale and its vicinity will be held on March 9th to protest against the renaming of the place as 'Clandonald'.

48 YEARS AGO

MARCH 4th, 1911

Four rinks of Vermilion curlers defended the Whyte cup against Fort Saskatchewan by 1 point on the total score but subsequently lost to Vegreville by four points.

J. W. G. Morrison, secretary of the board of trade, informs the Standard that he has had a large number of inquiries with regard to land for purchase and for homesteading in the Vermilion district.

Mrs. A. B. Rankin and little daughter left recently for a visit to the former's old home, Dumbarton, Scotland.

W. J. Parsons and family have moved to Vermilion from the homestead.

Macleod's Ltd. opened this fine new store in Vermilion on Thursday last week when more than one thousand people filed through the doors to view this latest ultra-modern addition to Vermilion's shopping facilities. Macleod's officials in attendance had words of high praise for the excellent workmanship rendered by Vermilion tradesmen, mentioning the general contractors, Carson and Calvert, the painter and interior decorator Ernest Mayowsky, W. Curtis Martin Plumbing and Heating, and Ernie Schurman, electrical work.

The Vermilion store is now being used as a model for other Macleod stores to be built this year.

First Ice Carnival at Buffalo Coulee Proves Decided Success

An ice carnival sponsored by the Home and School Association in aid of the Boy Scouts, was held at the B.C. rink on Saturday night last. This was a new venture and turned out to be a decided success from every angle. It was a lovely evening, a large crowd turned out and everything was run off very smoothly. There was a fine variety of costumes from little tots to adults. Mr. Angus MacMillan, Mrs. Elmore Stewart and Mrs. Cliff Reid, all of Vermilion, acted as the judges.

Prizes were given to all pre-school children in costume.

Winners in each grade group were as follows:

GRADES 1 to 3

Best Comic — Doug Eyben.
Best Dressed Couple — Bobby and Heather Haverslew.
Best Costume — Wendy Staden.

GRADES 4 to 6

Best Comic — Deane Kennedy.
Best Dressed Couple — Barbara Haverslew, Patsy Brook.
Best Costume — Blaine Kennedy and Hazel Brook.

GRADES 7 to 10

Best Comic — Donald Stone.
Best Dressed Couple — Grant and Roddy Haverslew.
Best Costume — Alayne Stone.

ADULTS — OPEN

Best Comic — Cecil Kennedy.
Best Dressed Couple — Albert and Eleanor Cleland.
Best Costume — Mrs. Mary Arthur.

Following the judging races were run off with the following results:

Pre-school — 1, Jimmy Haverslew.

BOYS, GRADES 1, 2, 3

1. Bobby Haverslew; 2. Lyle Emmott.

GIRLS, GRADES 3 and 4

1. Barbara Haverslew; 2. Patsy Brook.

BOYS, GRADES 5 and 6

1. Russell Cameron; 2. Blaine Kennedy.

GIRLS, GRADES 7 and 8

1. Jeannette Caron.

GIRLS, GRADES 9 and 10

1. Lyla Eyben; 2. Alayne Stone.

BOYS, GRADES 9 and 10

1. Colin Kennedy; 2. Keith Marfleet.

Married Ladies — 1. Glenys Bauman; 2. Mary Arthur.

Men's Open — 1. Cliff Cunningham; 2. Carl Eyben.

Married Men's Race — 1. Red Arthur; 2. Henry Haverslew.

After the completion of the race program a very fine drill was put on by the girls of grades 7, 8 and 9. This had been prepared under direction of Mrs. Glenys Bauman assisted by Mrs Mavis Haverslew.

Next the boys took part in a chuckwagon race with three chuckwagons participating. This was won by the senior boys of the Lazy [illegible] Ranch, Cliff Cunningham, Carl Eyben, Freddie Brook and Gary Green.

The final event of the evening was the crowning of the queen, Miss Clara Boler. The B.C. Boy Scout troop in full uniform circled the ice drawing the queen dressed in her robes seated on a sled and accompanied by the runners-up Diane Renaples and Elaine Everett. Hennig Haverslew, Scout leader placed the crown on the queen's head and congratulated her on being the queen of the first B. C. carnival. Clara very kindly thanked all those who had voted for her. Gifts were also presented to the runners-up. Hennig then very fittingly thanked everyone for their help, support and attendance which had made the evening such a success and would be a big help to the Scouts.

Mr. Ken Kennedy was M.C. with the P.A. system and kept things going nicely.

The mothers of the Scouts were kept busy in the curling rink serving hot dogs, doughnuts and coffee. All in all everyone felt it had been quite a decided success and much credit is due the committee which had put considerable time into work [illegible] in such an event.

Clifford Cunningham and Doug McBennie from the U. of A. spent the week end at Cliff's home.

Mr. and Mrs. Cliff Kennedy and family of Edmonton spent the week end visiting relatives and took in the carnival on Friday night.

Once again we have to report the passing of another of our old timers, Miss Grace Radmore, in the Vermilion hospital on Sunday afternoon. The sympathy of the community goes out to the Hilton family and other relatives at this time. Miss Radmore who would have been 88 years of age on March 6th was post mistress of the old Cummings' post office for many years and had since made her home with her niece Mrs. Hilton and family.

Lloydminster Corp. Applies For T-V Station License

CKSA Television Limited is applying to the new Board of Broadcast Governors for a Television Station on Channel 2. The Canadian General Electric Company consultants for the newly proposed television station have finalized the technical survey. In order to provide the maximum possible coverage to all CKSA listeners, plans call for an antenna tower 605 feet high, this will be the second highest tower in Alberta. The transmitter and antenna will be located eight miles north of Lloydminster on the west side of the meridian. The transmitter is connected by micro wave to the studios in the new CKSA radio building in Lloydminster

At a recent meeting of CKSA Television Limited Shareholders, Mr Arthur F Shortell was elected president, Mr Vernon U Maier was elected vice-president, and other directors elected were George F Baynton, Dr G L Cooke, Peter J Edwards and Russell A. Robertson, all of Lloydminster, Mr C. Dunfield of Meadow Lake, Angus MacMillan of Vermilion and Dr J D Wallace of Wainwright. Shareholders in the new proposed television station are from Lloydminster, Cold Lake, Bonnyville, St Paul, Vermilion, Wainwright, Lashburn, Maidstone and Meadow Lake.

The Board of Broadcast Governors should review the CKSA television application in late April or early May. Granting of the license by May will [illegible] television to the CKSA [illegible] cast area by December [illegible]. To date a number of letters supporting the newly proposed television station have already been received and company officials state that all letters from community organizations or interested persons will be included in the license application.

How about your SOUL?

Clarice Laird Becomes Bride Of Cyril Trudel in Edmonton

Knox United Church, Edmonton, was the setting for a beautiful wedding on December 31, 1958 at 2 p.m., when Clarice Norma, eldest daughter of Mr. and Mrs. Claremont Laird of Clandonald, became the bride of Cyril Trudel, youngest son of Mr and Mrs. Alfred Trudel of Edmonton.

Suitable flowers for the occasion flanked the altar for the double-ring ceremony performed by Rev A Cragg M.A., B.D.

The bride, given in marriage by her father, looked charming in a floor length wedding gown of chantilly lace bodice lily point sleeves and high neckline. The skirt was very full, styled in chiffon and her fingertip veil was held in place by a coronet set with rhinestones. Her only jewelry was a cultured pearl pendant, a gift of the groom. She carried a bouquet of american sweetheart red roses with trailing buds.

Miss Elinor Faust of Mayerthorpe was bridesmaid and was attired in a floor length, full skirted gown of ice blue crushed nylon. She carried a bouquet of white and blue carnations. Sisters of the bride, Margaret and Kathryn Laird, were junior bridesmaid and flower girl respectively, and wore identical dresses of rose crushed nylon. Each carried a nosegay of white carnations.

The groom was supported by John Marlow. Both the groom and the best man are Lieutenants with the P.P.C.L.I. reserved cadets and they wore their dress uniforms. The guests were ushered to their seats by Lt. John Austin. The men of the bridal party wore boutonnieres of white carnations.

For her daughter's wedding, Mrs. Laird was attired in corded suedella twist in a burnt orange shade with black accessories. Her corsage was of roses. The mother of the groom chose a corded bengaline dress in royal blue with scooped neckline and pink accessories. Her corsage was of roses, also.

Following the ceremony, a reception was held in the Cathayan restaurant. A three-tiered wedding cake centred the bride's table flanked by beautiful vases of spring flowers. Nine telegrams were read by the best man from friends of the bridal couple in many parts of Canada.

A good friend of the Laird family, Orley Omness, as toastmaster paid a very heart warming tribute to the bride, to which the groom responded very fittingly.

For going away, the bride changed to a squirrel brown textured wool dress with a mink collar. Her corsage was of yellow talisman roses. The happy young couple left on a honeymoon trip to Jasper and Banff where they plan to do some skiing, as Mr. Trudel is a ski instructor for the Edmonton Ski Club.

On their return, they will make their home in Edmonton where the bride is employed by the Toronto Dominion Bank and the groom at the Canadian Chemical Co.

'The Bible Today'

It was a king who said "Thy Word have I hid from my heart"

Should hydrogen bombs rain down their tremendous destructive force on the people of the earth tomorrow, the chances are good that copies of the Bible would be preserved. At scattered points across this North American continent well printed Bibles are stored [illegible] such an emergency.

At one carefully selected mid American site 240 volumes in 150 languages are kept. Bibles, as well as plates and mats for printing more, are deposited overseas at key points. This has been done to assure the safekeeping of the Scriptures.

The British and Foreign Bible Society helps individuals to store Scriptures in the mind by offering a free list of suggested daily Bible readings. Readings for next week:

Sunday, March 8 — Mark 14 12-42.
Monday, March 9 — Luke 10 1-24.
Tuesday March 10 — John 11: 1-16.
Wednesday, March 11 — John 11:17-27.
Thursday, March 12 — John 11:28-54.
Friday, March 13 — John 11: 55; 12:11.
Saturday March 14 — John 12 12-26.

Reception Held At Clandonald For Newlyweds

On February 28th, a reception was held at the Laird home in Clandonald from 5 p.m to 8 p.m. for their daughter and son-in-law, Mr. and Mrs. Cyril Trudel.

The table was centred with a threetiered wedding cake, baked, iced and decorated by Mrs. O. Omness. Spring flowers graced the lace covered table.

The Clandonald United Church W. A. very efficiently catered to the reception. Mrs. Omness was in charge of the guest book, which was signed by 120 friends. The guest of honor was the groom's mother Mrs. A. Trudel. Mr A. Trudel was unable to attend because of illness.

Mrs Mead and Mrs. Goddard, on behalf of their friends, very ably presented the young couple with many beautiful gifts which were gratefully and truly appreciated. The bride was assisted by the Misses Gail Goddard and Marion Mead in unwrapping the gifts. Amusements for the evening were moving pictures shown by the Tullson family of Dewberry, dancing and songs. An enjoyable occasion was ended at midnight with a bounteous lunch.

CLANDONALD HALL

Showing this week end, Fri. and Sat. March 6 and 7, "The Toughest Man Alive". A waterfront drama. March 13 and 14, "Band of Angels", starring Clark Gable and Yvonne de Carlo, in technicolor. News reel each week. 26

WILDMERE WINKS

Our deepest sympathy goes out to the Radmore and Davis families who were doubly bereaved last week. On the day Miss Radmore was buried her sister Mrs. J. Davis passed away. May God bring comfort to the sorrowing relatives in their hour of sorrow.

The many friends and neighbors of James Kelland were deeply shocked to hear of his untimely passing at his home in [illegible] district where he lived and did blacksmithing work for many years.

We were also saddened to hear that our good friend of many years, Mrs J Cavil had passed away. She was a real pioneer, a spirit she never lost during her entire life as she always had a cheery word and a friendly greeting for everyone. Her home in the early days was always open to new and old settlers alike. After moving into Vermilion Mrs Cavil was a friend you could take your troubles to and feel greatly comforted after talking with her. May God bring comfort to her sorrowing family in [illegible] had lived a good, long and useful life.

At the bonspiel completed in Vermilion last week some of our Wildmere curlers won prizes. The rink skipped by Billie McGrath, with Bobby Graham, Frank Walters and Keith Lyons brought home bathroom scales. [illegible] Smith who was a member of the Gordon Ross rink of town, won a trouble lamp. The high school rink did very well in the spiel, winning second prize in the second event.

The ladies bonspiel held at Buffalo Coulee ran into warm weather and heavy ice and so could not be completed Saturday. It is to be finished off next Sunday if weather is suitable. The Buffalo Coulee ladies certainly gave the lady curlers a bountiful banquet enjoyed by everyone. Too bad the ice got so heavy but no one can control the weather.

Many thanks to Mr and Mrs. Larson for taking us all to their home for a rest during the afternoon.

We were pleased to see such a nice attendance at church on Sunday to hear the very interesting sermon given by Rev MacKay. Church will be held again on Sunday March 15th.

Mrs William Smith has her niece Mrs. McCrea and two children from Vancouver here visiting her for a few days.

A nice crowd attended the Gay 90's on Thursday evening when everyone had a good time. Sorry Mrs J Miller and Mrs Ronaghan were unable to attend. Hope to see you both next time.

Right now the Wildmere annual bonspiel is in full swing. The ice is reported as being heavy due to mild temperatures and bright sunshine. We are [illegible] it will turn a little colder for the ladies' spiel which is to be held on Saturday.

Remember the social evening [illegible] and dancing party to be held at Preston school, put on by the Home and School on Friday March 6th. Plan to attend and help finance the trip to Edmonton of a delegate in June. Lunch will be sold.

[illegible] Graham is at present visiting at the [illegible] home in Wildmere.

MIDGETS LOSE AT STETTLER

Vermilion Kinsmen Midgets played the second game of the home and home total goal series against Stettler in the provincial play-offs at Stettler and lost out 8 to 4. The game was played Saturday on a very heavy sheet of ice which suited the heavier and bigger Stettler lads. The local boys lost the first game of the series here last Wednesday night 6 to 5, thus losing on the round 14 to 9. Stettler advances another step in the Midget provincial ladder.

—who passed away Feb. 20, 1948.
—Ever remembered by his wife and family.

CARD OF THANKS

I would like to take this means of expressing my thanks to Dr. King, Miss McPhee and her staff of nurses, not forgetting the nurses aides, for the excellent care I received during my stay in the hospital. Also to my many friends for gifts of flowers, fruit, candy, and get-well cards, and to those who visited me, making the time pass all the more pleasantly. I would like to thank also all those who sent cards of sympathy on my recent bereavement in the death of my brother.

Mrs. Dale Williams.

CARD OF THANKS

We wish to extend our sincere thanks to Dr. Stephens, nurses, and staff of the Vermilion hospital for their kindness and care to Miss Fanny Radmore during her lengthy illness.

Mr. and Mrs. John Hilton and family.

CARD OF THANKS

We wish to extend sincere thanks to Dr. Evans, Dr. King and the nurses of the Vermilion hospital for the care and kindness to our mother during her illness, and to the many friends and neighbors for the floral tributes, spiritual offerings, and for the many other kindnesses [illegible] during our bereavement.

Yaceyko Family, Derwent.

IN MEMORIAM

In loving memory of
ALEX MANYLUK
—who passed away Mar. 4, 1957.

Beyond life's gate
There is an open gate at the end of the road,
Through which each must go alone;
And there in a light we cannot see
Our Father claims His own.
Beyond the gate our loved one
Finds happiness and rest;
And there is comfort in the thought
That a loving God knows best.

—Ever remembered by loving wife, daughter Olga and sons Frank and Stan.

BUFFALO COULEE ACTIVITIES

A shower in honor of Mr. and Mrs. Dick Eyben, recent newlyweds, was held in the B. C. gym last Friday evening. The entertainment consisted of novelty dances. Following lunch, little Dougie Eyben rode in on a decorated bicycle pulling a trailer of gifts which he presented to the bride and groom. Many lovely and useful articles were unwrapped for which Dick and Lillian sincerely expressed their thanks. The bride and groom were assisted by Mr. and [illegible] Eyben who were down from Edmonton. The bride's parents from Derwent also attended. The young couple are presently living in Vermilion.

The ladies bonspiel started last Saturday morning turned into a slugging match by mid-afternoon and had to be postponed to be finished up at a later date if the weather [illegible] cold enough to get good ice again. However, the ladies did have their banquet which was [illegible] enjoyed.

The Students' Union had a bonspiel scheduled but it, too, had to be postponed.

A meeting of the Cancer Society's travelling unit, including a film was held in the gym on Saturday night. This was sponsored by the Saltaux W. I. While not as well attended as it might have been, those who were there found it very worthwhile.

Mrs. Evelyn Cunningham attended Varsity guest week end in Edmonton with her son Clifford, who is a student there.

Bruce Cunningham, Lorentz Samuelson and Simon Woudstra are all patients in the local hospital. Don't stay too long boys!

The Boy Scouts journeyed to Camp Wainwright on Saturday evening for a hockey game, (or so they thought) but the ice wasn't fit for hockey so they went to the gym and played basketball and volleyball and were served a nice lunch before returning home.

The central meeting of the Auburndale W. A. is being held on Wednesday night at the home of Mrs. Evelyn Cunningham.

Several ladies plan on going to the Presbytery W. A. at Mannville on Wednesday.

Mrs. Ruby Larsen is curling with Mrs. Locke of Vermilion in the Edmonton bonspiel this week.

A TIP TO THE WISE . DON'T ARGUE WITH THESE THREE!

Anyone visiting the hospital will be rather intrigued with the patients in one ward, and if he is wise, won't get into any arguments, because there is no doubt he would soon be out-debated and snowed under by 266 years of experience. In the ward are Mr. D Mitchell a mere 83 years of age, and the youngster of the group, Mr. W. J. Macnab 90 years, and Mr. Beecroft 93 years old. All have plenty of come-backs and are as sharp as can be intellectually.

C. W. L.

The regular monthly meeting of the C. W. L. was held in the parish hall on March 2.

Reports from the standing committees showed February to have been an active month.

The appeal for food, clothing and fuel for the needy received a wonderful response for which we sincerely thank each and everyone. Food and clothing were also sent to the St. Mary's home for boys in Edmonton.

Projects for the month of March will be the sale of Shamrocks and travelling food baskets.

An election committee consisting of Mrs. Killen, Miss Lovett and Mrs. Edwards was nominated. The nomination forms for the annual election of officers will be mailed to members who are asked to return them to Vivian's Style Shoppe by March 14th.

In regard to the cleaning of the church for Easter, the ladies will be selected in alphabetical order from a list of names posted in the church vestibule.

The ladies of the parish are invited to attend the pot luck supper on April 6 at 6:30 p.m., which will precede the annual meeting.

At the close of the meeting, coffee was served by Mrs. Rogers and Mrs Ferguson.

Norman Armstrong was home from the Aberhart Memorial Sanitarium for the week end and attended play night at V.S.A. on Saturday evening.

Salvation Army Home League Notes

On Feb. 4, the Home League meeting took the form of a surprise party to farewell Lt. Morgan and Lt. Herrick. A very pleasant evening was enjoyed by all.

Mrs. Jensen's group was in charge of the Valentine party on Feb. 11. After a short devotional, Mrs. Jensen gave a reading entitled "A Strawberry Pie," which contained some good advice for Home Leaguers. Hearts with some excellent cartoons or jokes were used for decoration. Some contests and a "new style in hats", made from newspapers finished a very enjoyable evening.

On February 13 the World Day of Prayer was observed at the Salvation Army Hall. Mrs. Smith was in charge and the other churches all participated. Miss Anne Shaw, a missionary from Peru was guest speaker. There was a very good attendance.

For our spiritual night on Feb. 18, [illegible] Mitchell's group was in charge. After a short devotional, Lt. Cobb was introduced. Taking 'prayer' as his theme, he gave a very inspiring message.

On Feb. 25, the meeting was begun with a delicious pot luck supper. Following this, Mrs. Tuey's group, who was in charge of the evening, gave the devotional. The new officers were welcomed and Lt. Moore spoke a few words. A report [illegible] given on the rummage sale [illegible] a short business session closed the meeting.

The number of revenue passengers carried by Canadian airlines last year totalled 3,720,000, compared to 3,321,000 in [illegible] and 1,452,000 in 1950.

PARADISE VALLEY NEWS

Rev. and Mrs H. Johnson, Randy, Eleanore Fulgham and Alice Doty attended the Youth Convention at Camrose over the week end. Rev. Johnson was one of the conference leaders and guest speaker at the convention.

On March 20 the choir from the Alberta Bible Institute at Camrose will present a sacred concert in the Paradise Valley Hall. The special film "Seventeen" will be shown after the concert.

O.S. Dick Rayson who is stationed at Halifax, N. S., is spending his leave with his [redacted], Mr. and Mrs. T. H. Rayson in town.

Glad to see Mr. John Rayson home from the Lloydminster hospital where he has been for the past five weeks. We hope he is improved in health.

Mrs. J. W. Guy was a [redacted] visitor to Edmonton to see [redacted] new grandson Kevin, son of [redacted] and Mrs. Gordon Guy. [redacted] were in short supply during [redacted] Guy's visit.

Friday morning saw a [redacted] of excited students board two school busses bound for Edmonton. Some grade nine, ten, eleven and twelve students made the trip. They expect a grand time and no doubt we will hear more about it when they return.

Mrs. Charles Stoddart, who spent the greater part of the winter with Mr. and Mrs. James Stoddart of Lloydminster, has returned to her home here.

On Sunday, Feb. 22, the many friends of Mr. and Mrs. Reg Holgate gathered at their home to celebrate their Silver wedding. Taken by surprise, Mr and Mrs. Holgate arose to the occasion and gave their guests a hearty welcome.

Mr. Clifford James of Maidstone has taken over one of T. H. Rayson's trucks and will now be our freight man from Lloydminster.

Congratulations to Mr. and Mrs. Fred Brassington who on Friday, Feb. 20 celebrated their Golden wedding. Open house was held during the afternoon and a large number of friends gathered from far and near to wish them well. They were married in England.

Mrs. John Leighton of Kitscoty spent the week end at the home of Mrs. Shirley Leighton.

Mr. William Davidson was taken to the Lloydminster hospital on Friday night. We hope his stay will not be for long.

At time of writing, the weather is grand - except for the curlers, whose activities have been curtailed due to the mild weather and resulting soft ice.

Mr. and Mrs. Clarence Conarroe of Hinton paid a short visit in town and country on Friday. They report all well in their new home town.

The P. V. Sunday School met at the home of Mrs. W. A. Mc[redacted] for their regular monthly meeting on Feb. 24 at 2:00 p.m. They will hold a St. Patrick's sale of home baking on Thursday, March 19 in Gunn's store, starting at 1:30 p.m.

The regular meeting of the Paradise Valley W. A. was held at the home of Mrs. W. A. Gunn on Friday Feb. 27 at 2:00 p.m. instead of the regular day, which is the first Tuesday of every month. This date was changed on account of the agricultural short courses in Lloydminster. The W.A. will have a drive to collect used clothing for the Salvation Army again this year, starting on March 1st. Articles to be left in the post office, the same as last year. In case there is any misunderstanding, the roll call is to be answered by some article, large or small, made from material purchased by the W.A. or donation if desired.

Mr. Farmer!
You can have 600 bushels of grain cleaned at your Seed Cleaning Plant for 12 years for what you would pay for a small fanning mill . . . after 12 years you will need a new one.

You can also get your grain treated the modern way for the price you pay for materials.

So why not have your grain Cleaned and Treated the modern way, instead of just removing the horse shoes and long straws?

Good Promotion Gimmick

A Vancouver newspaper columnist reports hearing of an elderly woman who boarded a Hawaii-bound plane, carrying a lei made of artificial snowballs, and labelled "ALOHA from the Columbia Ice Fields, Jasper National Park." Now there's one that could be a good promotion-public relations gimmick.

PICTURE PERFECT

Have you ever stopped to think pictures and ornaments are articles which are useful? They serve the one purpose of decorating a room by adding warmth and color. Pictures add so much to a room that as much care should be taken in their selection and placement as with a piece of furniture.

The type of picture you choose, will depend strictly on personal preference, however, choice should also take into consideration whether the picture is suitable for the room. In informal rooms, one should avoid pictures that are too distinctly formal or social. Religious pictures are usually placed in personal rooms of the house, but if the atmosphere of the home is such that a religious picture will be a sincere expression of the life of the family, it may be hung in the living room.

The frame should be less conspicuous than the picture itself. Neutral colors, which are white, black, beige, dark brown or grey are the most effective for frames. Some prefer frames the same color as the wall, making the picture dominant, and although this can be very pleasant, they must be changed with every color change of the wall. Pictures should be hung so that the centre of interest comes at about the eye level. Most pictures are hung too high, and the eye is carried up toward the ceiling instead of being kept at the most interesting points in the room, which are at about the level of the eye and below that point. One small picture on the wall looks as if one had hung it to cover a crack in the plaster. Always group small pictures to give them significance. To give width to a piece of furniture or to a wall, hang pictures horizontally on the wall. To give mass, small pictures should be grouped within a rectangular area. To be so grouped, they need to be similar in character and frame, and harmonious in color.

A picture doesn't always need to be centred above a piece of furniture. Other accessories present in the grouping may make an "off centre" or informal balance more attractive, e.g. a picture can be placed toward the right above the writing desk to accomodate a tall lamp. Hanging a series of pictures in a straight line or a large horizontal picture above a couch are both considered in harmony with the horizontal movement of the couch. The only place where a stair-step arrangement of pictures is satisfactory is along a stairway.

WOODVALE NOTES

When in Edmonton earlier in February Mrs. Paul Goutier stayed with her daughter Mrs. Marcel Benoit and family to get acquainted with her new granddaughter, Colette, before the Benoits returned to Fort Resolution, N.W.T. She also went to see Jeanne at Morinville and Robert at St. Joseph college and en route home stopped in Vegreville to admire another new grandchild, Marie Louise, the daughter of Mr. and Mrs. Yvon Benoit.

The annual telephone meeting was held at the Union school on Tuesday evening, Feb. 24th. A delegation of the Wildmere Mutual Telephone Co., consisting of Roy Dibben, Fred Haines, Dave Hughes and Art Lysons attended re the creation of a holding company for four miles of line and it was agreed to go together on the four miles from highway 16 south. Roger Watt was nominated to be the new secretary-treasurer to take the place of Robert Lamport, resigned.

Otto Wolters who has been seriously ill at the Wainwright hospital, came home on March 1st.

The rink skipped by Bill McGrath won third in the third event at the Vermilion spiel and he and the other players on the rink, Keith Lysons, Elmer Wolters and Bob Graham brought home nice bathroom scales each. Now all the local rinks are preparing for the Wildmere bonspiel this week as most of Woodvale menfolk attend this popular event.

The ladies postponed their Red Cross meeting a week and hope to have their quilting bee March 11th at the home of Mrs. Flo McQuid.

Church service will be held at Tolland hall on Sunday, March 8th at 3:30 p.m.

The variety program at Union hall on Feb. 27th was a great success. The hall was packed to overflowing with a very appreciative audience and it is hoped that another such program will be held in the near future. A large crowd stayed for the dance.

Mrs. Edith Pettinger Bob and Jim, and Miss Judy Cato of Edmonton were week end guests at the Van Wageningen home.

TEA and BAKE SALE
A tea and bake sale will be held on Saturday, March 14th in the Legion hall, 2 to 5 p.m. Lucky draw at 4:30. 34-5

Mr. and Mrs. Dick Dudlyke, Mr. Dudlyke Sr., and Ken attended the St. David's Welsh Society banquet and festival of hymn singing in Edmonton this past week end.

The Hobby Fair and concert under the auspices of the United Church W. A. was well attended and successful. A complete account will appear at a later date.

MONEY FOR EDUCATION!

At the Canadian Conference on Education last year, 850 delegates representing 3 million Canadians said

"We must spend more money on education."

In 1957, Canadians spent $1,687 million on defence; $1,565 million on cars, $1,322 on tobacco and alcoholic beverages and only $1,020 million on education.

WHICH OF THESE IS MORE IMPORTANT TO THE FUTURE OF CANADA?

Dewberry Rink Wins Grand Challenge At Heinsburg

DEWBERRY — The McKnight rink of Dewberry with Dora Mead playing third, Jean Holmen and Mary Axley won the Grand Challenge in a good game against Iris Hodgson, also of Dewberry.

This is the second Challenge Mrs. McKnight has won this year having taken the Challenge in Elk Point the week before. Playing with her there were Annie Dennill third, Jessie Romanchuk second and Doreen Fleming lead.

Business Associates Honor I. Miller

Business associates of Israel Miller gathered at the Elks hall on Monday evening to bid farewell to Israel Miller who this week end will leave Vermilion to reside in Edmonton.

Mr. Miller who founded the 5 cents to $1.00 store here nearly nine years ago, recently sold the business to Edmonton interests.

During his stay in town he has been a most active citizen, serving as president of the Board of Trade and being charter member of the Rotary Club.

During the social evening, Mr. J. V. Kneale president of the Board of Trade was called upon to make the presentation of a purse of money to Mr. Miller.

This was followed by honoring the departing member and businessman with the award of an illuminated scroll from the Vermilion Board of Trade.

Mr. Miller, in replying, expressed his regret at leaving Vermilion, stating that nine of the happiest and most satisfactory years of his life had been spent here.

Mr. and Mrs. Miller leave on Friday and will make their home in Edmonton where they have rented a suite.

Check that date on your label.

Sincere Appreciation . .

We wish to publicly thank all those who contributed to the overwhelming success of the opening of our store on Saturday last.

In this regard we would like to mention the contractors and painters who did such an excellent job of remodelling and decorating; the suppliers of the materials used for their co-operation; the many advertisers for their messages of congratulations; and to the general public for their enthusiastic endorsation of our move.

The co-operation of everyone resulted in a most satisfactory and happy opening.

I.O.D.E. Bursaries For Students

The Provincial Chapter of Alberta, Imperial Order Daughters of the Empire, announce that thirty (30) bursaries of $1600.00 each are being offered across Canada under the Second War Memorial.

These bursaries are awarded to grade 12 students eligible for University entrance, whose father or mother, having served in His Majesty's Forces during World War II, suffered death or permanent disability.

Application forms may be obtained from the Registrar of the University of Alberta, or from the Provincial Education Secretary I.O.D.E., Mrs. J. D. Manning, 14607 - 95th Avenue, Edmonton, and must be returned to her not later than April 1st, 1959.

A.T.A. Announce Gr. 12 Scholarships

The Vermilion Local No. 31 of the A. T. A. wish to announce the creation of a grade 12 annual scholarship eligible to all grade 12 students in the Vermilion division taking at least six grade 12 subjects. The amount of the scholarship is $100.00, and it is to be used strictly for the purpose of providing further training of the student at an educational institution.

CONDITIONS OF THE AWARD

1. The student must have achieved an average of 75% in six grade 12 subjects.
2. The award is payable after 3 months enrollment at the centre of advanced training.
3. Attendance at such training centre must be within 15 months of the time at which the student matriculates.
4. The scholarship is first available to the student who qualifies for it on the June examinations, except in the case of disability in June or other reasons accepted by the Department of Education.

Mrs. Juliana Protach Of Dewberry Passes

Mrs. Juliana Protach of Dewberry passed away in the Lloydminster hospital on March 4th at the age of 75 years. She is survived by five sons, William of Buenos Aires, Argentina; Leonard of Commodore, Argentina; Waldmuir and Robert of Dewberry and Arnold of Marwayne; two daughters, Mrs. M. Klotzbeecher of Germany, and Mrs. O. Marquidt of Lloydminster. There are sixteen grandchildren and one great-grandchild.

NEWS from ISLAY

The United Church choir have begun preparations for Easter music. They spent an evening at the home of Mr. and Mrs. Wm. Waterfield which was enjoyed by all.

Ken Gunn has a part in the Lloydminster High school play entered in the [illegible] festival, entitled "The Leprechaun." Their success entitle them to enter at Swift Current in the drama night being held there.

Rev. Mr. Shortt and Mrs. Shortt were guests one evening this week at the home of Mr. and Mrs. Bruce McLennan.

Congratulations to Mr. and Mrs. Ronnie Inman on the birth of a son — we wondered why Mr. I. D. Inman's smile was so much broader these days.

The TV antenna at the hospital bowed its head in the terrific wind which hit here Saturday night.

Mr. and Mrs. Dalt Torrance and Linda, and Jeanie Axley went to Edmonton Sunday. They visited Mrs. Yvonne Steinhauer and took her out on a tour of the city.

The Sunday school staff entertained the children of the Sunday school to a supper in the church hall Tuesday, Feb. 24th. Earlier the children enjoyed games on the skating rink under the committee of Harold Roebuck. Mrs. Martin and Mrs. Moncrieff, while the tables were being made ready by Mrs. Sweet, Mrs. Good, Mrs. Schaffer, Miss Anderson, Mrs. Gladys Roebuck and Gladys Stone. The children came in at 5:30 with good appetites and sat down to the long tables laden with nice hot dishes of potatoes, beans, weiners, buns, pickles, ice cream and cookies. It happened also to be the birthday of Jack Teakry and Mrs. Martin and Mrs. Sweet had made birthday cakes with candles and all. It was served with ice cream. More games were played and then the happy group went home about 8 p.m. On Sunday during Sunday school Jim Shaw thanked the teachers for the very lovely supper and happy time and hoped the group could do it more often.

Remember the Home and School meeting on Thursday, March 12th. Mr. Simonson, the superintendent of schools will be present. The Cameron Commission will be discussed which should prove interesting.

Noticed Mrs. Geo. Common and Helen going about the stores in Vermilion on Monday, seeing, along with many other folks, the newly-opened ones for the first time.

Mrs. Roland Buchanan is home after visiting her mother Mrs. Nixie at Duncan, B.C.

On March 18th at the school we hope to have Mr. Witherington to show slides of pictures of nature of his own taking.

Ternosters, McFadyens and Knowles went fishing through the ice at Lake Laurier — and what a catch, fish to last quite a number of weeks.

Rotarians Hear Gordon Ross

Gordon Ross, a member of Vermilion Rotary club, gave a talk at the club's luncheon meeting last Friday. Mr. Ross told the gathering many interesting facts about the feed business. It was one of the best vocational talks heard in the club for quite some time.

In introducing the speaker, Elmore Stewart related incidents in his life before and after the war and mentioned in some detail Mr. Ross's service in the air force. Alex Palin thanked Mr. Ross for his splendid address.

There were four visitors at the meeting, Dr. Harry Morris, guest of Chas. Heckbert; Chuck Galloway, guest of Bill Cross; Don Hamilton, guest of Si Simonson and Vic Janssen, guest of Alex Palin.

Death of James Kelland, Auburndale

James Kelland, aged 68 years, of the Auburndale district, was found dead in his small farm home on Friday of last week. Discovery was made by a neighbor, John Hull. Mr. Kelland was a well known old timer of the district.

Death was from a bullet wound in the forehead, the shot being fired from a 22 rifle, and was judged self-inflicted. The rifle was held between the knees of the aged man.

Funeral services were held on Monday, March 2 with interment in the Mount Auburn cemetery.

Store Changes Hands At Mannville

MANNVILLE — Effective on April 1st, the general store owned presently by Lawrence Arnold will open under different proprietorship. Mr. Jack Pursinger and wife (nee Doreen Arnold) will be the new owners. Lawrence and staff are grateful for the past loyal support of the public and hope the new owners will enjoy the same loyal patronage.

Marwayne FWUA To Purchase Wheel Chair for District

The February meeting of the Marwayne F.W.U.A. was held at the home of Kay Hillaby with Violet Elliot and Mildred Sinclair as co-hostesses. There were 24 members and one visitor present.

A motion was made and passed to buy a wheel chair. This chair is to be used in the vicinity of the Marwayne F.W.U.A. members.

Fifty-one garments including ten baby gowns and the rest pyjamas of varying sizes were turned in to be delivered to the hospital.

It was decided to give silver spoons for perfect attendance of meetings for the year.

Plans were made for a shower for Mr. and Mrs. Gordon Campbell who had the misfortune to lose their trailer and all belongings by fire. Shower to be at the home of Ebba Currie on Saturday, Feb. 28th.

Donations of $5 were made to each of four youth organizations in town, the Explorers, C.G.I.T., Cubs and Scouts.

Easter baskets are to be filled at the next meeting. Each member is to bring two decorated boxes, a sweet that will not dry out and candy.

The next meeting will be at the home of Ruby Peck on Monday, March 23rd. Roll call will be "A hobby I would like to cultivate".

Mannville O.O.R.P. Initiate Members

MANNVILLE — At the recent monthly meeting of the Royal Purple ladies in Mannville, a fairly good turnout was noted. Present at this gathering was Supreme Honored District Deputy Volk of Two Hills, who inspected the meeting. Three new members were initiated — Mrs. Ernest Larcombe, Mrs. James Horne and Mrs. Lillian Anderson. Following initiation ceremonies, and business of the meeting, a sumptuous lunch was served.

Rotarians Mark National Electric Week At Meeting

Al Scholton, Vegreville Rotarian and district manager for the Canadian Utilities, spoke on 'National Electric Week' at the Vermilion Rotary club recently. Mr. Scholton related the history of electrical discoveries and inventions from Edison's day to the present time. The speaker told of new developments in the electrical world and mentioned many interesting appliances and gadgets that will soon be available to the public. Mr. Scholton's talk was much enjoyed by the club members.

The speaker was introduced by Jack Kneale and thanked by Rudi Renaud.

President Jim Robson was chairman. He welcomed the visitors and thanked the speaker for his excellent address.

It is estimated that almost two million Canadians serve the Canadian Red Cross in some voluntary capacity.

NEWS from ALLANDALE

(Held over from last week)

Weather has moderated considerably during the day, though it slips below zero during the night.

Congratulations to Mr and Mrs. Wm Armstrong on being great grandparents; and to Mr and Mrs George Dimma of Forestburg on the birth of a daughter on Feb. 10th, which is Uncle Orley's birthday. The babe is a great great niece of the latter.

Mrs. Ivy Arnold visited friends in Vermilion for [illegible] first two weeks in February. Some of the time was spent [illegible] the Gus Throndson home.

The Allandale W.A. met at the Alvin Throndson home on Feb. 12th. Along with the devotional, very interesting letters from past student ministers of the Clandonald mission field were read. All were pleased to have Mrs. Ivy Arnold present for the evening. March meeting will be at the Omness home lunch by Mrs. D. Strome and Mrs. E. Throndson.

On Feb. 13th Lorne McPhee and Joe Good were dayliner passengers to the city to visit Lorne's brother Norman who was taken to the University hospital from the Vermilion hospital for further medical care. He is reported as coming along very well.

Alvin Throndson accompanied Vic Denell and son Hedley of Dewberry to the city that same day.

On Feb 13th a social evening was held at the community centre. We were pleased to welcome our new visitors Peter and Elsie Dutchak from Campbell Lake, Jimmy Kreitz of King Edward and Bruce and Vivian Baldwin and sons from the Jack Cross farm, also Johnny and Lena Starko and family. Four ladies were tied for first. Evelyn Throndson winning out. George Mead and Jimmy Kreitz (short of ladies). Men, Bill McIntyre, Joe Parchewsky and Woody Wilson.

Congratulations to the newly weds Mr and Mrs. Peter Lacusta who were married on Feb 14th at Lloydminster.

Mr and Mrs Jake Roe and Mr and Mrs Tony Wachter (Doris Roe) from the city, attended the Lacusta wedding. [illegible] family moved from Clandonald to Edmonton some years ago. It was good to renew old acquaintances.

On Feb 16th Mrs. Nora Ronaghan was transferred from the Royal Alex in the city to the Islay hospital and is getting on favorably well.

'Happy Birthday' to Bill Armstrong on his 77th on Feb. 22nd. Bill is still doing his usual work and enjoying good health. Many more birthdays are wished him.

Square dance was held on Feb. 18th in the Orange hall at Clandonald with music by the Clandonald Promenaders and Mr Walter Donnenworth of Mannville our first caller and instructor who gave us lessons over three years ago. It was nice seeing Walter and Caroline again.

Feb 19th Mr. and Mrs. Idelore Nelson motored north to Ferguson Flats to visit the latter's parents. Mrs. Nelson will be staying with her mother for a few days.

Mr and Mrs. Ralph Strome motored to the city on Feb. 20th to attend their cousins' wedding the Adam girls. Mr and Mrs. Ort Strome were also in attendance.

Orley Omness received a special surprise on his birthday, a card from his old friend Gor[illegible] Kennedy. I made the remark, "How could he remember after all these years?" The reply, "Well, I'm a twin to his sister Vivian." It must be over thirty years since Gordon left these parts. Mr. and Mrs. Kennedy and son have a ranch at Grand Forks, B.C. In the Xmas holidays Mrs. Elinor Farley was a visitor at her brother Gordon's. On Dec 28th they motored to Greenwood, B.C., there they visited a nephew and niece of the Omness family, Mr and Mrs. Auburn Kapla. A [illegible] colored picture of the event [illegible] and brings [illegible] old memories.

Greetings [illegible] in Ottawa, you likely get the Standard as usual. The picture is very good and we are pleased to have it. It came from the Hopkins.

Since the New Year Wilbur Moore has been working on a ranch in the Drumheller Valley out from Calgary.

On Feb. 19th Mr. and Mrs. Wm. Armstrong accompanied Orley and Ellen Omness to Islay to visit Nora Ronaghan. She is getting on remarkably well. In a short while she plans on going to Wainwright to be with her daughter Rena, Leslie and Donny Sherwood, for a time before commencing work.

Raymond, Marlene and Donna Wilson spent the week end of Feb 20th at the home of their grandparents Mr. and Mrs. Orley Omness.

Mrs. Alvin Throndson accompanied Mr and Mrs. Ralph Strome to the city on the 20th. Mr. and Mrs. Gus Throndson of town looked after the grandchildren.

On Feb. 21st Miss Sylvia Sheppard from the university accompanied the Ralph Stromes and her sister Evelyn Throndson from the city and spent the week end with her parents at Kitscoty.

Visitors to Edmonton Feb. 23 to see the Johnny Cash show were Leonard McPhee and Keith David.

Mrs. Bessie Moore from Deer Lake spent the week end of Feb. 15th with daughter Edna in town.

Women's Institutes Reports

VERMILION

In January the members of the Vermilion W.I. heard an excellent talk on "Epilepsy" given by Mrs. W. J. Bell. The social service convener reported that 20 calls had been made on the sick and shut-ins. Five cards of "Foot of Nickels" were filled in and sent to the Cerebral Palsy fund. A box of good used clothing was packed and sent to the Unitarian Service centre. $20 were donated to the Boy Scouts to help them buy equipment for their hall. Mrs Clark gave a good paper on civil defence at the February meeting. Lunch and a social time followed.

CLAYSMORE

Roll call was answered by "Lunch Box Hints". The program committee distributed the year's programs. The sewing committee was asked to order the necessary materials for making bazaar articles as each [illegible] Claysmore W.I. holds a [illegible] bazaar and bake sale. The social service convener reported sending a cup and saucer to their secretary, Mrs. Jack Willies, who has been ill. Plans were made for a whist drive to be held on Feb. 20th. Mrs. O Willies gave the report of the library and rest room meeting. Even some of the men folk were present for the lunch.

WILDMERE

Wildmere welcomed two new members Mrs. William Smith and Mrs. Walden Westman. "Schools in Alberta" was the subject of Mrs. Wallington's talk. It dealt with the work in Alberta schools and the men who keep them operating. It was decided to have one member buy the material for the crib quilt and the members to work on it altogether at one meeting. Project for the year — each member to contribute one article to a clothing hamper to be given to the Salvation Army for distribution to the needy at Xmas. In February, Mrs. Roy Dibben entertained the members, husbands and families. Whist was played and a wedding gift was presented to a former W.I. member and her husband.

WILDMERE BEAVERS GIRLS' CLUB

The Wildmere Beavers were given a demonstration on "How to do drawn fabric embroidery" by Mrs. Roy Dibben. Mrs. Dibben, their supervisor, is helping them with all their handicraft which they plan to exhibit at the Girls' Club convention at Olds this coming summer. Foam rubber flowers were also demonstrated by a former W.I. Girls' Club member. Roll call, "What your favorite game is". Topics were on 'manners' and the work of the U.N.I.C.E.F.

FIVE POINT

Five Point W.I. heard a talk on the U.N. telling how it functions and its aim which is to increase international peace and security. Mrs Wm. Ross was the speaker. Contest on the United Nations. Mrs Donald Lugg was welcomed as a new member. February, Mrs. Percy Sloan the constituency convener, gave a short talk and a quiz on W. I. work. Nicely typed programs were given to all the members. Social service convener reported one gift being sent to a shut-in. Plans were made to invite the district home economist to the March meeting to hold a basketry work shop. Mrs. Wm. McCauley, the hostess, served a lovely lunch.

RAMSAY

Social service convener of the Ramsay W.I. reported a large box of Xmas gifts was sent to the Mental Health Association and a baby layette was sent to the Unitarian Services. The Christmas hamper raffle was most successful and the lucky winner Mr E Torrance, passed on the hamper as Xmas cheer to a family of children. The annual rummage sale and tea of the Mannville library and rest room committee will be held on April 18th. March meeting is to be held in the evening at the Henderson home.

HAZELDINE

January meeting held at the home of Mrs. Thowald Farberg and a talk on handicraft given by Mrs. Ken McLean was greatly enjoyed. Mrs. McLean also demonstrated articles made with Styrofoam and plastic doilies.

February, the Hazeldine W. I. were pleased to welcome two new members, Mrs. Robert McClelleghan and Mrs. Mike Citytyk. Mrs. Ernie Attfield gave an excellent talk on health. Statistics were quoted showing that while the death rate from heart disease and cancer was up, the death rate is much lower from TB, pneumonia, diptheria, etc.

CREIGHTON

Creighton W. I. decided to study handicraft and agriculture as this year's projects. Programs were completed and given to each member. The Tweedsmuir competition "Grandmother's Quilt Blocks" is progressing well, some blocks being already completed. Mrs. E. Bauer gave the rest room report. Rummage sale, tea and bake sale date set for April 18th. Mrs. L. Donnenworth brought the material and pattern for the quilt which the Creighton W.I. plan to make and raffle. The talented Weaver children entertained the members with several musical selections. Mystery won by Mrs. O. Bauer.

PRINCESS ANNE

This W.I. is sponsoring a Can[illegible] film entitled "Face the Facts" [illegible] Cancer to be shown Feb. 27. Plans were made to hold a bake sale on March 28th. Mrs. Richardson to convene the bake sale assisted by Mrs. Alan Mead and Mrs. W [illegible]. Mrs. George Mead gave an excellent talk on "New times begin for mental patients". The social service convener reported holding two successful card parties and sending one gift to a sick friend. A thank you letter was received from a mental patient for a Christmas gift received.

SALTAUX

Roll call was answered by contributing a gift for a mental patient. Members decided to take up basketry as a handicraft. Plans were completed for the whist drive. Mrs. Bud Stadian was welcomed as a new member. Contest was won by Mrs. Tom Smith.

OUR LETTER FROM EDMONTON

Progressive Program For Alberta Outlined in The 1959 Budget

by KEN MASON

EDMONTON. — Provincial treasurer E. W. Hinman last week outlined the biggest spending program in Alberta's history. He brought in a record budget of $308,676,358 and estimated a deficit of $43,397,129 on the forthcoming year's operations.

The deficit will be financed, if necessary, out of accumulated reserves, in order to pay for initial phases of the government's five-year plan.

But Mr. Hinman pointed out that over the first nine months of the current fiscal year an actual surplus of $10,681,135 was recorded, although a year-end surplus of $29,494 had been anticipated when the last budget was introduced. He is hopeful that this surplus may be maintained at March 31st, the last day of the fiscal year.

Provincial treasurer's breakdown shows estimates of ordinary services at $218,964,824 with capital projects absorbing $85,711,534. He said a [illegible] $5,000,000 is being earmarked for loans authorized under various statutes.

Estimates are summarized as follows:

Revenue, income account, $252,562,330; On Capital account, $5,716,900.

Expenditures, income account, $218,964,824; On Capital account, $85,711,534.

Estimated deficit, Income and Capital account, $85,711,534.

Estimated deficit, Income and Capital accounts, $43,397,129.

Net statutory payments, $5,000,000.

Mr. Hinman said a large deficit was forecast at the time the five-year development program was announced. At the same time, he is hopeful of some reduction in the deficit if economic conditions continue to improve, especially in the oil industry, and in corporate profits. On the basis of present conditions, a reduction of about $15,000,000 in receipts from these sources is forecast.

The provincial treasurer's address also contained the following breakdown of major revenue sources, compared with the previous year:

Tax rental agreement and subsidies, (1959-60) $49,325,000, ('58-'59) $52,275,000; Fuel oil tax and auto licenses $35,865,000, $36,215,000; Liquor Control Board $18,000,000, $16,000,000; Natural resources $100,135,000, $111,865,000; all other sources $49,267,330, $36,252,365.

An overall decrease of $2,045,035 is estimated on these receipts.

Expenditure on income account estimated at $218,964,824 represents an increase of $24,572,909 over the estimates for last fiscal year.

On capital account, estimated spending of $85,711,534 reflects an increase of $22,039,254 over the last year's figures.

Mr Hinman revealed that $1,849,000 will be appropriated this year to redeem Alberta debentures and treasury bills which mature during the fiscal period. This is $822,300 more than in the 1958-59 year.

Debt charges will cost $912,800 compared with $806,100 for the present year. The increase will be made necessary by borrowings to finance the anticipated deficit.

ORDERLY DEBT RETIREMENT PLAN

Funded debt of the province was down to a 'very modest' $29,152,119 at Dec. 31, 1958. The treasurer said this reflects the benefits gained from an orderly plan of debt retirement since its peak of $167,000,000 in 1936.

ABOLISH AMUSEMENT TAX

Total abolition of the Amusement Tax was announced by Mr. Hinman in his budget address. Two earlier cuts in the tax have left tax-free all admissions up [illegible] will cost the government an [illegible]

The treasurer anticipates this department will collect $24,000,000 from fuel oil, $550,000 from [illegible]-mutual tax, and $2,000,000 from the 2 percent tax on insurance premiums.

An increase in department of [illegible] expenditures estimated at $17,265,200 is estimated in the new budget. Mr. Hinman pointed out in his address that for some years the government has been working progressively toward the goal of hospital care for all at nominal cost.

Mr Hinman said provision is being made to expand many other health services now in operation and to establish several new services.

"I think I can say that it will rarely occur that any Albertan is denied proper care because of financial cost."

Health department estimates are given as $56,068,200 and included in revenues is $14,500,000 expected from the Dominion as share of hospital plan cost. The municipal share is estimated at $5,200,000 collected through the Municipal Affairs department. Capital projects include establishments at Red Deer, Edmonton and Ponoka at total cost of $7,677,400.

Highway expenditures of $72,052,680 included in the 1959-60 budget reflect an increase of $10,018,210 over the previous year making it the biggest highway program in Alberta's history.

Estimated receipts of $16,541,200 are $1,263,000 higher than last year.

HIGHWAY PROGRAM ACCELERATED

Mr Hinman said the building of a network of all-weather roads has long been one of the government's policies in the area of capital construction. This program will now be accelerated under the five-year development program.

The construction program includes $3,000,000 for Trans-Canada highway which is nearing completion and $4,000,000 for roads to resources.

Mr Hinman said revenue from registration and licensing of motor vehicles is expected to increase [illegible] a total of $11,865,000. Total department receipts are listed at $11,922,000 on income account, an increase of $660,000. [illegible] capital account receipts are estimated at $4,619,[illegible] [illegible] increase of [illegible]

"Capital receipts are obtained mainly through reimbursements from the Federal government on cost-sharing projects such as the Trans-Canada highway and roads [illegible]

Public Welfare in Alberta will [illegible] coming fiscal year, according to the provincial treasurer. In his budget address he estimated $15,810,160 for the requirements of the department.

HOMES FOR AGED

Mr Hinman said fifty homes for the aged which will be built starting this year, will absorb $3,000,000 in building costs during the first phase of operation during the year. The total cost will probably reach $15,000,000.

A further sum of $75,000 is needed to complete the Rosecrest home for children in Edmonton.

Increased appropriation for various types of public assistance including widows' and blind pensions, mothers' and disabled allowances, supplementary allowances, old age assistance, child welfare and rehabilitation [illegible] listed in the budget.

Monday marked the start of the budget debate in the House.

Qualified Teachers

At the Canadian Conference on Education last year, 850 delegates representing 3 million Canadians, said:

"All elementary and secondary teachers should have senior matriculation plus two — preferably four — years of further training."

Out of every 100 Canadian teachers: In 1953, only 55 had senior matriculation and one year's training or more.

In 1957, this number had dropped to 54 — and only 23 held degrees!

Teaching must be made attractive to highly qualified people!

HARWAYNE

(Held over from last week.) ..

A telephone whist party was enjoyed by the ladies of the Royal Purple and their husbands at the Bell, Kinahella, W. MacDonald Jr., and Meiklejohn homes on Friday, Feb. 20. The winners were: high score — Mrs. Elliot, W. MacDonald Jr.; low — Mrs. Peck and E. Meiklejohn.

Mr. and Mrs. Jim Hale were Saskatoon visitors this week. Mr. Hale was attending a convention there.

Gordon Hancock flew to Detroit to attend a Massey Harris convention and will be returning by car.

Mr. and Mrs. Walter Barnett of Uranium City are on holiday here visiting friends and relatives.

Mr. and Mrs. Cliff May and daughter, of Three Hills visited with Martha's parents, Mr. and Mrs. R. Swanson and other relatives this past week.

We are sorry to report that Mrs. Robert Milne is a patient in Lloydminster hospital.

Congratulations go to Mr. and Mrs. Angus Smith, nee Irene Hutchinson, of Mannville on the birth of a son, Gerald Sydney on Feb. 16.

The 4-H amateur night will be held on Wednesday March 4.

The 4-H Clothing Club are having a St. Patrick's tea in the school on Saturday afternoon, March 14 from 2:30 to 5 p.m.

Mr and Mrs. Clair Brown and boys were Marwayne visitors last week end, bringing Mr. and Mrs. Sonley home with them.

The basketball season is fast drawing to a close. On Tuesday, Feb. 17, the Junior High played in Kitscoty with the girls losing to Kitscoty and the boys winning their game. On Friday, Feb 20, Paradise Valley high school was the visiting team. The Marwayne girls won by a score of 21-7 and the boys lost to P. V. 40-16.

In senior hockey, two games were played with Dewberry on Tuesday and Thursday nights, Marwayne winning at Dewberry and Dewberry winning at Marwayne. The senior team attended the tournament at Heinsburg on Saturday.

The Ladies Auxiliary to the Canadian Legion are having a bake sale in Mr. Elliot's office on Saturday afternoon, March 7.

The junior choir of Clandonald Anglican church, composed of 17 boys and girls and their organist attended service in St. George's church on Sunday morning. A number of visitors were also present from Clandonald. The choir rendered the very beautiful anthem "God So Loved the World." Lunch was served after the service in the church basement.

Evening service has been discontinued at St. George's on the first Sunday of the month. Sunday school will be at the usual time of 11 o'clock and the congregation has received a cordial invitation from Irwinville to attend service there at 2:30 in the afternoon.

LIFE SAVER

Developed by Saskatchewan doctor, device for on-the-spot artificial respiration will soon be marketed in Canada reports The Financial Post. It overcomes the problem of getting people to use mouth to mouth method of reviving a person who has stopped breathing. The device, called an airway, hooks over the tongue, a mouth guard fits over the lips and air is blown into the victim through tubes.

Health Unit Notes

KEEP YOUR CHILD ALIVE

Statistics show that 132 Alberta children under 14 years of age were killed by accidents of various types last year. Some 50% of these victims were only four years of age or younger. One hundred children, or 76% would be alive today had responsible adults exercised responsible care and forethought. This is borne out by circumstances of the accidents as shown in coroner's reports. Accidental deaths make up 30% of child mortality between the ages of 5 and 14 years, and in this age group too, more children died in motor vehicle and tractor mishaps:

Of the [illegible] — 22 were hit by cars or trucks: 10 were killed falling out of car or truck doors. 8 were killed as passengers in traffic accidents. 4 were killed in farm tractor accidents.

PREVENTION

Train your child not to play in streets and highways.

Secure your vehicle doors so children are not able to open them from the inside.

Drive safely at all times.

Always look behind and in front of your vehicle before moving it.

TWENTY CHILDREN DIED FROM ASPHYXIATION

Of the dead — 10 infants lying in their cribs were choked by food during or after feeding; 4 [illegible] were suffocated by bed [illegible]. 6 were killed by other mechanical choking accidents.

PREVENTION

Always feed your infant in your arms or supported in a vertical position.

Avoid leaving your child lying in its crib with a bottle or small "comfort."

Do not feed infants food like popcorn or peanuts.

Arrange your baby's coverings so that he cannot possibly smother under them.

Keep an eye on infants at all times.

THIRTEEN CHILDREN WERE KILLED BY ACCIDENTS OF OTHER TYPES

Of the dead 8 were killed in or around the home. 3 died from swallowing poison: 2 were killed by falls; 12 of these death were preventable!

PREVENTION

Keep all poisons securely locked and out of the hands of children.

Train children not to stand on movable objects such as wagons and tricycles.

Train children to be accident conscious.

FOURTEEN CHILDREN DIED FROM FIRE, SCALDING, OR EXPLOSIONS

11 were under 14 years of age; 5 were alone when fire ravaged their homes.

Of the dead — 2 died from effects of gas explosions. 4 were burned to death in home fires: 2 were scalded in home kitchens. 6 were killed by smoke from home fires.

PREVENTION

Check your houses regularly to assure removal of fire hazards from basement, attic and closets.

Have fire extinguishers in your home in [illegible] working order

Have a dependable person stay with children when going out!

Keep pots on your stove out of reach of [illegible]

THIRTY-TWO CHILDREN DIED IN DROWNING ACCIDENTS

Of the dead 11 were drowned while swimming or bathing

8 fell into rivers or lakes. 3 were drowned through ice while skating.

PREVENTION

All ponds, cisterns and wells near your home should be covered over or filled in.

Swim where there are life-guards at bathing and swimming areas.

Guard river areas during the spring flood period.

Keep children away from dug-outs and [illegible] of water

NINE CHILDREN DIED OF GUNSHOT WOUNDS

Of the dead 7 were killed by another person 2 were killed while playing with guns.

PREVENTION

Handle firearms with respect and away from youngsters.

Store all firearms in a safe place empty of ammunition, and away from the inquiring hands of children.

Statistics such as these are a sad reminder to all of us to supervise our children more closely, and in all homes there is room for improvement in accident prevention. Start today by adjusting your home and your life to preventing these accidents.

Letters to the Editor

The Standard does not hold itself responsible for opinions expressed by correspondents

Now we will ask another question. Why is it necessary for one to come in such an unnatural manner as Christendom believes it was, their answer is to shed His blood for the expiation of the sins of the world, to believe in the birth story and to be able to give a reason why the creation of the theory of sacrificial blood shed is the answer to Christendom. So to deal with the birth story without bringing in the sacrifice seems about impossible. Sacrifice means to lose something, much of which was done under the law of Moses. The said law was a schoolmaster to lead them to something higher, that of higher character. Under that law, when an individual committed an act of sin, he was to bring an animal for sacrifice which was a loss to him, and a lesson to him not to sin again as it would mean a similiar loss each time. But that was all done away with, as Jesus taught forgiveness through sincere repentance. But if God demanded the shedding of innocent human blood as a [illegible] then there was no forgiveness or love. The sacrifice of human blood is pure paganism handed down from primeval times. One of the Prophets of Israel when speaking of sacrifices and offerings, said, "Shall I give my first born for the transgression, the fruit of my body for the sin of my soul?" Nay but what doth the Lord require of thee, but to do justice and to walk humbly with thy God." The whole theme of the scriptures is obedience to divine law, and is profitable for reproof, for correction, for instruction in righteousness, that the man of God may be thoroughly furnished unto all good works. Yes Mr Hutchinson, I believe that Jesus's blood was shed, but with a far different understanding to yours. The shedding of human blood was an abomination in the sight of God. man has juggled and interpreted scripture to fit his own views and purposes, that is the reason there are hundreds of religious sects today. After the death and disappearance of Jesus, Peter, His disciple was one day addressing his kinfolk, charged them with murder, for shedding innocent blood. We are asked to believe that it was all divinely purposed and planned, which is too ridiculous for words, truth being that he set out on his mission to convert the sinner to righteousness, chief among these were the ecclesiastical leaders, the Pharisees. The [illegible] hatred in their breasts to the point of murder, which finally they did through false, framed up accusations, a case of the just dying for, or because of, injustice. Coming back to the virgin birth again, which I said was incomprehensible, Mr Hutchinson thinks he has the answer in quoting [illegible] the [illegible] "that the natural man receiveth not the things of the Spirit of God." Sometimes just to make a quote is not sufficient for enlightenment, so perhaps a little more might help here. The natural man is that which pertains to the five senses, namely seeing, hearing, feeling, smelling and tasting. Man being so fearfully and wonderfully made, much of the inward functioning we cannot fathom, but independent of the senses, there is a mind at his command to use for good or evil. If goodness is manifested at all times it is through the operation of the Spirit of God and is at-one-ment with Him. But on the other hand, if evil or wrong is manifested, he has developed, (using Bible terms) "the carnal mind, the [illegible], the world, the devil," which is sin personified. These are all synonyms with the same meaning, and that is the only Devil there is, evil minded men, and we are admonished to come out [illegible] among them and touch not the unclean thing. An old sage [illegible] said, "If we want to see the Devil, to take a look in the mirror." I do not believe that there is a [illegible] paying attention to creeds, doctrines, rituals, or what haveyou, but those of a meek and contrite heart are [illegible] despised. How can such a [illegible] number of sects harmonize with Apostle Paul's admonition "that we must all be of one mind." If confined to creeds and doctrines, that never will be a possibility. To me the only feasible answer is, by doing what Jesus told the young scribe, "Keep the two great commandments, THE ROYAL LAW, wherein lies man's salvation."

Thank [illegible]

Yours very sincerely,
C. Young.

This concludes the correspondence on this matter.

Kitscoty News

Mr. John Dale accompanied his daughter and son-in-law, Mr. and Mrs. Leon Walker of Saskatoon to Edmonton where they attended the funeral of Mrs. Ted Walker on Monday, Feb. 16. The late Mrs. Walker will be remembered as Miss Stella Place who taught school here about 1930.

Community To Benefit From Subscription Campaign Success

Shown above is one of the collapsible wheel chairs which the Vermilion Women's Institute have for loan to anyone requiring the use of same. The W. I. have two of these chairs as well as adjustable crutches. They were purchased by the proceeds from a magazine subscription campaign conducted for the W. I. by the National Organization Service. Behind the chair is Mrs. Helen Bell, member of the W. I., who is to be contacted by anyone needing the use of the equipment.

Sick or injured people of Vermilion community will benefit materially from the subscription campaign for magazines sponsored by the Vermilion Women's Institute last fall. The campaign was carried out by the National Organization Service from its Calgary office. Proceeds from the sale of magazines went to the Vermilion W. I. on the understanding that it would be used to purchase equipment which would be loaned to sick or injured people.

As a result, two collapsible wheel chairs such as the one pictured above are now available to loan to anyone requiring the use of one for varying lengths of time. The W. I. will also shortly have adjustable crutches for loan on the same basis.

The chairs are of the collapsible type so may be transferred quite easily in a motor car.

Anyone requiring the use of the equipment should contact Mrs. W. J. Bell, Vermilion, stating their needs.

Mrs. Olive Clark, who resides in the country is the president of the W. I., an organization ever on the alert to offer aid wherever it is needed.

The Vermilion Women's Institute would like to take this means to thank the National Organization Service who conducted the subscription campaign last fall, and to the general public for their very generous support. As a result of this project, sick or injured people may now have the loan of wheel chairs and crutches from the W. I.

Sudden Death Of Mrs. E. J. Herzog Shocks Town

News of the death of Lydia Josephine Herzog, beloved wife of Mr. Edward Herzog, cast a pall of sorrow and gloom over her many friends and acquaintances in Vermilion on Wednesday. Taken ill just ten days ago, she was rushed to the University hospital and had been a patient there until she passed away early Wednesday [illegible] March 11th.

Mrs. Herzog was born at Albertville, Sask., near Prince Albert, living in that province and in British Columbia until coming to Vermilion ten years ago. She leaves to mourn her loss her sorrowing husband, two daughters Mrs. J. Roan (Joan) in Vancouver, Mrs. Wm. Schmidt (Lois) of Forestburg, and two sons Richard and Kurt at home. There are three grandchildren.

Prayer service will be held at the Holy Name Catholic church on Thursday evening, March 12, at 7:30 o'clock. Funeral services will be held on Friday, March 13 at 10:00 o'clock in the morning. Burial will be at the Roman Catholic cemetery in Prince Albert.

Moyers Funeral Home is in charge of arrangements.

Ben Timanson, Well Known Pioneer Of Dewberry Passes

Nels Morten Timanson, well known and highly esteemed pioneer farmer of the Dewberry district, passed away on Thursday, March 5th at the family home. He was 87 years of age.

Mr. Timanson was born at Naflinge Soken Kristianstad, Sweden on Jan. 30th, 1872. He came to the United States at the age of 16 years, became a naturalized citizen and lived there until 1910. He came to Canada that year and homesteaded in the Riverton district. In 1911 he moved his family from the U.S. to the Riverton farm which had since been their home. Mr. Timanson also took the nationality of the country of his adoption becoming a full British subject on June 9th, 1936.

He leaves to mourn his passing one daughter Ellen Timanson, and two sons, Ben at Dewberry and Leonard of Vegreville. There are five grandchildren.

Funeral services were held on Monday, March 9th at 2:00 o'clock in the Riverton hall. Interment followed in the Dewberry cemetery.

Moyers were in charge of funeral arrangements.

Rotarians Plan Spring Driver Training School

The Vermilion Rotary Club is sponsoring a second driver training school here and this will be held this spring. Everyone interested should contact Mr. J. V. Kneale who is convener of the committee in charge. The course is given in cooperation with the Alberta Motor Association.

Drivers who took the course last year have much to say in praise of the instruction given.

Junior High Reporting . . .

The past week has seen the Junior High curlers carrying their brooms to school as they have resumed their regular curling on Tuesdays and Thursdays. Friday and Saturday March 20 and 21, will find the curling rink swarming with Junior High curlers and students eagerly anticipating the outcome of the Junior High annual bonspiel.

The Junior High boys' basketball "A" team has not had a practice yet, although the following students have been chosen for the first string: Willie Filgate, Glen Manyluk, Henry Wasylik, Bob Ford and Walter Malick. Willie Filgate, our star player has an injured knee but expects to be on the floor by March 20th.

On Tuesday, March 17, the grade nine students expect to go to Edmonton to see the Provincial Legislature in session should there be enough cars.

Mrs. O'Connor of Marshall Takes Home Grand Challenge In Ladies' Bonspiel

Mrs. Locke, Vermilion, and Mrs. Squires, Lloydminster, Win Events

A rink of curlers from Marshall, Sask., took home the Grand Challenge [illegible] the annual Vermilion ladies' bonspiel on Wednesday night. The winners were skipped by Mrs. Les O'Connor with Mrs. Rose Oldegard at third, Mrs. Dot Dixon second and Mrs. Olive Pringle leading. They defeated an Irma rink in the finals 11 to 6. The runners-up had Mrs. Milne skipping, Mrs. Cook, Mrs McMillan and Mrs. Smallwood.

Third prize went to the Scheaffer rink of Blackfoot and fourth to Mrs. Cantrill's Vegreville quartet.

LOCKE AND PARE IN FINAL PROFESSIONAL SHIELD

The final of the second event, the Professional Shield, was an all-local event with Mrs. Emma Locke meeting and defeating Mrs. Ivy Pare by a 12-4 score. The winning rink was Mrs. Locke skip, Miss Myrna Trimble, Miss Edith Copeland, Mrs. Gertie Simonsen. Personnel of the second place rink was Mrs. Pare skip, Mrs. Eva Gordey, Mrs. Jen Roberts and Mrs. Vi Leversedge.

Third prize went to Mrs. Jo McCaig of Vermilion and fourth to Mrs. Charchun of Derwent.

LLOYDMINSTER CURLERS WIN THIRD EVENT

Mrs. Blanche Squires skipped her Lloydminster rink to victory in the third competition, vanquishing the Buffalo Coulee entry in the final by a 12-4 score. Mrs. Squires had Mrs Jessie Posey playing third, Mrs. Jean Stewart second and Mrs. Mert Newsome lead. Skipping the Buffalo Coulee second prize winners was Mrs. Ruby Larson with Reta Smith, Ruth Haverslew and Lil Smith.

The Cormack rink came from Redwater to win third prize, also the prize for scoring the largest end, and fourth went to the McLaughlin quartet of Mannville.

FOURTH EVENT TO MINBURN

Mrs. Lydia Wagner of Minburn took home first in the fourth event and making up her rink were Mrs. Art Roland, Mrs. Stella Kratky and Mrs. Annie McCall.

Second place went to skip March Gallagher of Lloydminster, Jean Holt, Yvonne Scott and Bess Ellis.

Third went to Mrs. Gower of Clandonald and fourth to the Vermilion rink skipped by Mrs. Hilda Cross.

Twenty-two rinks competed, the draws were run off smoothly by drawmaster Al Locke. A banquet was enjoyed on the Tuesday evening.

S. Hammond Is C.N.R. Agent Here

Sifton "Slim" Hammond, as he has always [illegible] popularly known here, has received the appointment as Canadian National agent at Vermilion. He and Mrs. Hammond have already taken up residence here and Slim has commenced his new duties. He succeeds Mr Ray L. Jones, retired.

This is not the first time that Mr. Hammond has called Vermilion home. He worked here for the C. N. R. for a number of years leaving 27 years ago when he was transferred to Edmonton. For the past few years he has been agent at Mannville and has been a frequent visitor to Vermilion, especially during the golf season.

Golf Club Annual Meeting March 25

When spring comes, can golf be far behind? In order to be ready for what may well be an early golf season, the Vermilion golf club will hold its annual meeting and election of officers on Wednesday, March 25 at 8:30 in the basement of the Masonic Temple. The film of the Canadian Open Championship, played in Edmonton last year will be shown at this meeting. All golfers and prospective new members are urged to attend this meeting on Wednesday, March 25th at 8:30 p.m. in the basement of the Masonic Temple.

Committee Set Up For Citizen Lodges

A committee has now been set up in connection with the Senior Citizens Lodges to be built at Lloydminster and Vermilion. The first meeting has been called for Friday, March 13th at the city hall in Lloydminster at 10 a.m., following which sites for the homes will be inspected there and in Vermilion.

Members of the committee are J. L. Machon, Dewberry; Russell Robertson, Lloydminster; O. H. Quist, Marwayne; Allan Batty, Kitscoty; Ashley H. Cooper, Vermilion; J. H. Kelly of the Vermilion River M. D.

Clandonald Man Is Honored

At the annual meeting of the Alberta Division of the Canadian Red Cross Society held in Medicine Hat on Feb. 26 and 27, Mr R. E. Stanley of Clandonald was recommended to receive the Badge of Service award.

The Red Cross Badge of Service award is made to members who have given outstanding voluntary service and leadership to a Red Cross Branch or division.

Canadian Red Cross disaster workers were on the job within half-an-hour following the 'bump' at Springhill, Nova Scotia.

Many a self-made man is so busy being good to himself that he can't even be decent to others.

Agricultural Society Short Courses Fill Important Need

A series of agricultural and homemaking Short Courses was conducted at the School of Agriculture last week and all who attended appeared to be very well pleased with the information made available by the speakers at the various sessions. Courses for ladies were of a practical nature and appealed to all who took advantage of them.

Among the addresses were those given by R. H. Painter of the Federal Dept of Agriculture, Lethbridge, who dealt with Pest Control in the Livestock Industry; Dr. Harry Morros, Dominion Government Veterinarian who gave a comprehensive period in connection with animal diseases. Dr John Bowland of the University of Alberta, who dealt with Feeding Livestock, (Implants etc.) and D. C. Folk who gave a practical discussion on farm buildings.

Mr Stewart Graham, Assistant Director of the Provincial Agricultural Extension Service spoke on Vertical Integration, [illegible] which is of particular [illegible] under present-day conditions in agriculture. Mr. W. [illegible] of the Experimental Station [illegible] combe took [illegible] Pasture Improvement and their relation with fertilizers, cover crops, etc. while A. H. Stafford of the Canadian Utilities [illegible] discussed Electricity [illegible] the Farm [illegible] Mr S. C. Heckbert [illegible] the various forms of [illegible] affecting farming operations and pointing [illegible] of securing adequate coverage against [illegible] faced [illegible] the business of farming.

Sessions for ladies were conducted by Mr. E. H. Buckingham, Mrs. Joan Vanterpool and Mrs. Bernice Hucal, in addition to the District Home Economist, Miss Patricia Lasculak and Miss Edna Rainier.

Attendance at the Short Courses proved somewhat disappointing, and possibly the fact that courses have been carried on for many years has had something to do with the lowered number at the sessions.

The Agricultural Society will be pleased to join with the Department another year if the courses are desired by the community and all who are interested are invited to indicate to directors of the Society their desire for a continuation of the extension service through the medium of the Short Courses.

Large Crowd Enjoys Legion Variety Show

For the second time this winter Bob Carmichael put on one of his popular variety shows. There were more than 40 entertainers on the stage at the finale. Artists came from Vegreville, Wainwright, Lloydminster, Islay and Mannville as well as local musicians.

The Canadian Legion sponsored the show and all the proceeds were turned over to the Legion Polio Fund.

President Thos. Thompson of Vermilion Branch, Vic Tillett chairman of the Polio fund committee and Rod McPhee, chairman of the entertainment committee wish to thank Bob Carmichael and all his entertainers for making the show possible. It is hardly possible to mention every one but the efforts of all are appreciated. The pipers, singers, musicians, tumblers, accompanists [illegible] all are thanked.

The Legion specially wishes to thank the Standard for all the news items, etc. reported for three or four weeks about the coming variety show.

Vermilion High School To Present Operetta "Rose of the Danube"

Under the direction of Mrs. Sutherland and Miss Fulcher, the high school will present an entertaining operetta on Friday, March 13. The setting is in Europe in a little kingdom near the Danube river and the plot is the overthrow of the king of that kingdom. The songs are light and interesting. The high school hopes for support from the town and district on Friday, March 13 at 8:30 pm. Admission is: adults 75c and students 50 cents.

Last Saturday the Vermilion high school held their annual bonspiel with Benson of Derwent winning the first event and Ken Graham of V. H. S. winning the second. Teams from Dewberry, Kitscoty, Marwayne and Paradise Valley were also entered. The high school wishes to thank the following business places for donating prizes: Craig's Ltd., Long's Drugs, Renaud and Casey, 5 cents to $1.00 Store, Stephen's and Macleod's.

Saturday, March 14 is the date for the annual V.S.A. basketball tourney. Both V.H.S. teams are entered and are hoping that they come out in first place. There are a great number of teams from surrounding districts entered so the spectators will be kept busy. Games will be played in the V. S. A and V. H. S. gyms.

Sportsmen Banquet Planned March 24

The Sportsmen's banquet, planned annually by the Vermilion Tigers hockey club, will be held on or about Tuesday, March 24 when a galaxy of sportsmen well known provincially and some nationally, will descend on the town and speak following a sumptuous banquet.

Arrangements for gathering up the celebrities in the world of sport are in the capable hands of Don Chevrier, sportscaster for C. J. C. A. Watch the Standard for definite announcements regarding this awaited event.

Milo Fleming of the Wheat Pool, accompanied the F. U. A. delegation to Ottawa last week.

Irma Team Best of Fourteen Entries in Rural Hockey Tourney

A team from the well known sporting town of Irma sporting plenty of ability and players won the annual rural hockey tournament here on Saturday. Irma overpowered a tired Heinsberg team in the final 10 goals to 3.

The Northern Hardware Trophy, emblematic of the day was presented by Mr. Thos Watts, along with the first prize cheque for $60.00.

TOURNEY MERITS PRAISE

The Vermilion Tigers hockey club and management sponsored this tournament, open to all rural village and town teams not playing in a recognized league. Play started on Friday evening with two games and continued all day Saturday, winding up with the final starting at 9 p.m.

Tiger players did all the refereeing while executive members of the club were in charge of the draws, gate and general procedure.

ICE HOLDS WELL

The manner in which ice in the arena held up despite three weeks of mild weather with very little frost, was remarkable. It was plenty wet but yet presented a hard surface, not the sugary slush so many expected. According to Tiger Club president Jack Brown, the ice condition could be attributed to the excellent capabilities of ice-maker Gordon Williams who always has the best ice surface in the F. A. H. L. circuit.

BIG CROWDS ATTEND

The annual tourney is a big attraction and crowds thronged the town and filled the arena all day long.

It was a nice effort by the Tigers, and all the teams taking part seemed to enjoy the big day.

GAME RESULTS

Two games were played on the Friday night and eleven on Saturday. On Friday evening Little's Outlaws from north of town ousted Buffalo Coulee 2 to 1 in a closely fought game that went into sudden death overtime.

BOBCATS WIN THRILLER

The juvenile Bobcats then faced a Lloydminster team and the regulation time saw the score tied up at 3 all. Starting the overtime two Bobcats followed each other into the penalty box leaving only three cats facing five determined border town boys. Nothing daunted Gerry Schmidt as he secured the puck at his own goal mouth, skated through the opposing players with a deft display of stickhandling and dumped the old puck into the Lloyd net for the game winning, tie breaking goal. It was a nice effort Gerry.

Other results in the first round played Saturday were Marwayne 3, Vermilion Lynx 1. Irma 11, Elk Point 1: Lindbergh 4, Indian Creek 3: Fort Pitt 2, Edgerton 0.

The Lindbergh vs Indian Creek game went 27 minutes overtime before the Salt city team scored the tie breaker.

SECOND ROUND

Playing in the eights, the Bobcats 3, Little's Outlaws 2. Irma 6, Marwayne 0: Fort Pitt 7, Lindberg 0. Heinsberg 4, Lodge 3.

SEMI FINAL ROUND

Irma defeated the Bobcats 5 to 1 in the first semi but until within four minutes of the final bell the game was all tied up at 1 all. Irma then slapped in 4 goals in the final three minutes.

Heinsberg turned back Fort Pitt 4 to 1 and this brought last year's winners, Heinsberg against Irma in the grande final. Irma too, has won this all day tourney in previous [illegible].

Heinsberg had to go on and play with just a half hour rest. Against this, the Irma team had played one more [illegible] the day, 4 as against Heinsberg's 3. Irma was the better supplied with extra men, having plenty of reserve manpower. After the first period the score was a close 3-2 for the eventual winners but Heinsberg had shot its bolt and were able to score but once more in the game while Irma ran in three more in the [illegible] and four in the third.

Livestock Importance Increases

Alberta farmers received $494 million from the sale of farm products in 1958. This compares with $441 million in 1957 and $428 million in 1956. In addition, reports R. E. English, Statistician for the Alberta Department of Agriculture, Prairie Farmers Assistance Act and Western Grain Producer's Acreage Payments amounted to $19,307,000 in 1958. Comparable payments in 1957 were $805,000.

Farm income from the sale of crops was down compared with 1957. However, record marketings of cattle and calves at improved prices, boosted income from that source by some $40 million. Heavier hog marketings, even at lower prices, increased cash income to pig producers from $65.3 million in 1957 to some $76 million in 1958. Greater production and higher prices for dairy products were responsible for the increase here. The income of poultry producers was relatively unchanged from 1957 — lower prices more or less balanced higher production.

By No Means A Total Loss

The headlines that proclaimed the millions spent on the Arrow airplane were simply "poured down the drain" were wildly misleading asserts The Financial Post.

Most of the millions spent on the development of the Arrow and its engines were in some form or another paid back to Canadians — to Avro and Orenda workers, to workers in some 650 subcontracting plants and major suppliers throughout Canada. Quite a few new plants were established in sundry Canadian communities to produce parts and minimize imports.

"We don't suggest or defend "make-work" schemes, but all defence machinery is doomed to extremely rapid obsolescence — or better still to total uselessness by peace. The point is, the money spent on the Arrow was injected in a thousand ways into the Canadian economy. It wasn't "lost."

"Another important point: At least half of those Avro and Orenda millions were recaptured in various forms of taxes by federal, provincial or municipal governments. In effect, then, defence work done in Canada costs the Canadian people about half what defence work done outside our country costs us."

Kipling Was Wrong

[illegible] Kipling's famous [illegible] "Oh, East is East, and West is West, and [illegible] the twain shall meet," may have been true of the 19th century in which he lived, but in today's world East and West are going to have to get to know each other better or the future of mankind is not very bright.

A meeting taking place in Montreal in March will decide how Canadians can best help in promoting understanding between East and West. The first national conference of the Canadian National Commission for UNESCO will discuss an [illegible] plan by which members of the United Nations are working to encourage mutual understanding between the nations of the Occident and the Orient.

This is a phase of the work of the United Nations that is too little known and appreciated. A ten-year project that has already been two years in operation, it has been taken up by more than 30 countries each developing a programme of action best suited to its own conditions. For [illegible] countries are preparing two exhibits — one of Scandinavia to tour the Orient and one of the Orient to tour Scandinavia. Japan is working on [illegible] of representative literary works and has held an international seminar on the treatment of the West in school curricula in Asian countries. India is emphasizing the true interpretation of the West in secondary [illegible] studies and teacher training colleges. The United States has held an international Theatre Week with plays by Asians or about Asia, in universities, colleges and children's theatres. The United Kingdom has set up a continuing programme in schools.

UNESCO recognizes the difficulties to be overcome and that they are mostly psychological and [illegible]. There will be no major change but by patient and [illegible] effort it is hoped that [illegible] will gradually be created for development of a world civilization in which all cultures can co-exist and [illegible] retaining their own original qualities while engaged in fruitful exchange based on mutual respect. This is truly work for peace "at the grass-roots level."

Canada, with one coast fronting the Orient has a vital stake in the success of this significant project for international understanding. The decisions made in Montreal will be awaited with interest.

Higher Recreation

The trend in recreational activity is [illegible] lower to higher quality according to a report of the Stanford Research Institute. More money is being spent on attending concerts than on tickets to professional sporting events. Symphony orchestras have doubled in number in the last 20 years, summer theatres, music festivals, and art and historical pageants have increased tenfold since 1948.

Alberta Report

Anders O. Aalborg, M.L.A. for Alexandra

On Tuesday, March 3rd the newly-elected Social Credit member for the constituency of Olds, Mr Roderick Angus Macleod took his seat in the legislature. Mr Macleod has operated a general store at Sundre for many years and has served as mayor of the town since 1950.

OLDS BY ELECTION

The Olds seat became vacant by the sudden death last December of Mr Fred J Niddrie who had held the seat since 1950. In order that the constituency might have representation at the current session a by-election was called as quickly as possible and held on Monday, Feb 9th. As required by the Election Act of the province a period of at least twenty days must elapse following the election to allow for preparation of official returns and any possible application for a recount before a member-elect may take his seat.

Because it was regarded as a crucial test of strength by all political parties the Olds by-election on Feb. 9th aroused a great deal of keen interest throughout the province and elsewhere in Canada. Would the very heavy support given to Progressive-Conservative candidates in the last federal general election held less than a year ago carry over into the provincial election? Has public confidence in the Social Credit government declined as claimed by opposition spokesmen? Was there now a growing measure of support for the Liberal party which forms the official opposition in the legislature? These and many other similar questions were in the minds of the voters when the by-election was called.

In the early stages of the campaign the Tories voiced high hopes for success, but their candidate very quickly developed a bad case of jitters. Soon after being nominated he retired from the race, then he announced that he would re-enter, but he finally withdrew. The Liberals expressed the same enthusiasm, and loudly proclaimed that they were sure of an easy victory. The C.C.F. did not attempt to field a candidate so when the nominations closed, only two contenders, the Liberal and the Social Credit candidates were in the running.

On Feb 9th the people [illegible] the Olds constituency went to the polls and gave Social Credit a landslide vote of confidence. Mr. Macleod the Social Credit candidate emerged victorious with 3181 votes, while Mr Anderson, the Liberal candidate, received only 1543. Since the Liberal candidate failed to poll at least [illegible] of the votes received by the winning candidate he lost his deposit. Of the 45 polling subdivisions in the constituency 35 gave a majority to the Social Credit candidate and by an overwhelming margin in many instances. It is also worthy of note that Social Credit strength in the Olds constituency increased in the by-election as compared with the last provincial general election held on June 29th, 1955. In the 1955 general election, as in the by-election, there were only Social Credit and Liberal candidates in the running. The Social Credit candidate, the late Mr Niddrie received 3161 votes, while the Liberal candidate Mr A. Boyce received 2238 for a difference of 923 votes, as compared with a difference of 1638 now.

The Olds by-election results provided very definite clear-cut answers to the questions which I mentioned earlier. As a rule [illegible] elections tend to go "against the government" since they are often fought on local rather than on broad general issues. In this case however the voters of Olds gave the government [illegible] an even greater vote [illegible]dence than in the last general election.

Experienced political observers usually concede that such a result in a by-election is highly significant as a true indication of public attitude and opinion, and a fairly reliable basis on which to forecast the outcome of any ensuing general election.

BUDGET DEBATE CONCLUDES
NEW LEGISLATION IS INTRODUCED

On Thursday evening of last week the debate on the budget was completed and the legislature turned to item by item consideration of the estimates in the committee of supply. Discussion in this committee is on an informal question and answer basis as the members seek information and explanations from the ministers regarding the proposed expenditures of their departments.

Many more new bills were introduced during the week and it would now appear that the assembly will deal with more than 100 items of legislation during the course of the session which is expected to conclude before Easter.

Among the main bills introduced last week were:

A new act authorizing the government's program for the construction of the Senior Citizens' Homes.

A new act guaranteeing loans for farm home improvements.

New acts setting up the new Department of Labour and the new Department of Industry and Development.

On request I shall be glad to mail to any reader of this column a copy of any bill or bills brought before the current session of the legislature. Should any reader have any suggestions regarding the topics on which it is felt I should report in this column, please drop me a line. All comments and suggestions will be welcome.

Overnight accommodation for wives and relatives of hospitalized patients at DVA hospitals is provided at the eight Red Cross Lodges.

Our Town of Vermilion

By Mrs Ronnie Bauer

Vermilion, she get big and fat
She looks so very nice.
Each time I go to see her
I look her over once or twice

Whenever I go shopping
Much to my surprise,
There stands another building
Right before my eyes.

If I fail to greet
My neighbor passing by,
I'm gazing in the window
And do you wonder why?

The colors are so pretty,
The lights are modern too.
Everything's on special
Meant for me and you.

And who can help but notice
The very friendly way
The clerks are there to serve us,
They brighten up our day.

Our great Vermilion park
To all is such a pleasure,
Where happy leisure hours are spent,
The place that we all treasure.

What I like most of all
Is the pavement on the street.
No more gravel in my shoes
To hurt my aching feet.

And so our dear Vermilion,
You're growing every day.
I for one am very glad
That I am here to stay.

Dewberry H. & S. Hear Dr. Bourke

DEWBERRY. — The February meeting of the Dewberry Home and School was held in the school on Thursday the 12th with 37 present. The president, Mr. J. Whiteside opened the meeting with the singing of "O Canada". He then extended a welcome to Dr. Bourke, the speaker for the evening.

Mrs. G..ton, the secretary, read the minutes of the last meeting and financial statement. A motion was made and carried that that there should be a question box at the next meeting. After completion of the business five grade 9 students held a panel discussion on home work. Denis Maltais was in the chair and the members of the panel were Tina Whiteside, Nonie Lunden, Robert Wilson and Michael Duddy. The question of how long home work should take and the best time to do same was enjoyed. One student said after breakfast until time to leave for school; one said, after supper for an hour or so, another said from 7:30 to 9, and the last one said, just any time and get it over with. It was a very interesting debate and very much enjoyed.

Dr. Bourke of the Minburn-Vermilion Health Unit gave a talk on the 'Tuberculin Test'. He said we have gone a long way in fighting the disease but we still have a long way to go. The death rate from TB is down but greater understanding of it will help combat the scourge. A film showing TB germs and their results was very well received.

Mr. Thelmen's room won the banner and book for January.

Following the adjournment a sumptuous lunch was served by that committee.

Szabados-Simonsen Wedding At St. Saviour's Anglican Church

St. Saviour's Anglican Church, Vermilion, was the scene of a very pretty double-ring ceremony on Saturday, Feb 14 at 4 p.m. when Miss Alice Catherine Simonsen, youngest daughter of Mr. and Mrs. Magnus Simonsen of Vermilion, was united in the holy bonds of matrimony to Mr. William George Szabados, son of Mr. and Mrs. Stephen Szabados of Edgerton.

Rev. Harry Shell of Mannville officiated at the ceremony.

Mixed spring flowers were arranged in white baskets in the church with satin bows marking the guest pews.

Given in marriage by her father, the bride chose a floor-length gown of snowy white chantilly lace and nylon net over white satin. The dress was designed with a Peter Pan collar and lily point sleeves.

The bride's fingertip veil of illusion net misted from a crown of seed pearls and rhinestones. She carried a bouquet of American beauty roses with streamers of red rose buds. Her only jewellery was a pearl necklace with matching earrings, a gift of the groom.

Preceding the bride up the aisle were Mrs. Ruth Rowe, sister of the bride as matron of honor, Mrs. Esther Hite, sister of the bride, and Miss Eileen Szabados, sister of the groom as bridesmaids. They wore identical waltz-length dresses of shrimp aqua and yellow respectively. Their dresses were of nylon chiffon over taffeta and they wore matching feather head pieces. Each carried a bouquet of white carnations.

Tiny Marilyn Rowe, niece of the bride looked sweet in a crinolined white nylon dress with a yellow sash. She carried a basket of yellow daisies which matched her model headpiece.

Master Dale Hite, nephew of the bride, preceded the bride up the aisle, carrying the rings on a small white satin cushion with lace trim.

Best man was Mr Harry Anderson. Mr Keith Kellogg and Mr Francis Everett were ushers. All of the groom's attendants were from Wainwright.

Mrs. Cecil King played the wedding music and during the signing of the register, Miss Shirley McCormick sang "The Lord's Prayer."

Following the ceremony a reception for about 150 guests was held in the parish hall with the afternoon branch of the W. A. catering.

The bride's lace covered table was centred by a three tiered wedding cake flanked by slender white tapers and vases of sweetheart roses.

Mr Harry Anderson, as toastmaster, called upon Mr. Alvin Locke to propose a toast to the bride to which the groom very ably responded.

Miss Eleanor Evans was in charge of the guest book.

For her daughter's wedding, the bride's mother wore a dress of silver grey and rose lace with navy accessories. A corsage of pink roses completed her ensemble.

The mother of the groom chose a copper and navy dress with navy accessories. A corsage of pink roses was pinned at her shoulder.

For going away, the bride donned an aqua wool suit with white accessories and red roses en corsage.

Out-of-town guests at the wedding included Mr and Mrs Stephen Szabados and family, Mr. and Mrs. C. Anderson; Mr and Mrs. P. Stanko and family, Mr. and Mrs. G. Kellogg, Mr and Mrs. F. Leggett and family, all of Edgerton. Miss Marie Walroth; Mr Harry Anderson, Mr Keith Kellogg, Miss Eileen Szabados, Mr and Mrs. Everett, Loreen and Francis and Mrs A. Turner of Wainwright. Mr and Mrs. J. Nanior of Heath, Mr. and Mrs. Szoke and Jim of Fabyan, Mr and Mrs. A. Bellows, Mr and Mrs. R. E. Hite and Dale, Mr. and Mrs. D. Moyer; Mr and Mrs. B. Mockford, Mr and Mrs R. McKeever, Mr. W. Hite, Miss N. Mockford and Mr. J. Simonsen all of Edmonton. Mr and Mrs. J. Macibroski and Mr. and Mrs. C. Heckhausen of Vegreville. The happy couple will make their home in Wainwright.

CLAYSHORE CLIPPINGS

Mr and Mrs. Neal MacLean and family of Vermilion were visitors at the Robert MacMillan home on Sunday afternoon.

Guests at the home of Mr and Mrs. Allen Olstad and family the week end of Feb. 28 were Mr and Mrs. Victor Karlstrom and boys of Meeting Creek, Alberta, and Mr and Mrs. Bob Kennedy and family of Rosalind, Alberta.

Week end visitors at the Jack Willes home were Mr and Mrs Alex MacKenzie and Pat of Coleville, Saskatchewan, and Barbara of Edmonton.

Mr and Mrs. Irvin Stebner and family of Edmonton were Sunday visitors at the Richard Stebner home.

Mr C. Haskell of Heinsburg called on the R. MacMillan's on Sunday afternoon.

Saturday supper guests at the Olstad home were Mr. and Mrs. Tim Nelson of Vermilion.

Evening visitors at the same home were Mr and Mrs Alex MacKenzie of Coleville, Sask.

The dance at Clayshore on Friday evening was quite a success. Music for the occasion was supplied by the 'Tune Toppers'.

WOODVALE NOTES

A long spell of spring-like weather [illegible] by all but it is playing havoc with the ice in [illegible] the rink. However before [illegible] the very [illegible] Woodvale bon[illegible] [illegible] and the [illegible] Ron Preston, [illegible] Sweet and skip Bill [illegible] took the first prize in the third event bringing home very [illegible].

The Woodvale Students [illegible] held a very successful dance at Union Hall. A [illegible] proved quite popular and [illegible] at different times. The hall is proving to be almost too small for the crowds attracted to the [illegible] events held there and [illegible] wonder they are looking for a suitable building to enlarge [illegible].

Mr F. Webber, Mrs. Mabel Webber and the three McLean boys from Vermilion attended church services at Garton hall conducted by Rev. Nugent of Edmonton. There will be an Easter service on Easter Sunday, March 29 at the new time of [illegible] o'clock with Rev. Nugent again coming [illegible] the way from Edmonton.

We are very sorry to report that Mr. Otto Wolters, after spending a brief time at home, is again a patient in the hospital, this time at Lamont in serious condition. There are also quite a few cases of strep throat in the district, some of them requiring hospital treatment.

Mr. [illegible] Lysons accompanied Mrs. [illegible] Lysons for a short visit to her daughter and family at Airways and Mrs. A. McQuaid is spending a few weeks in Calgary with her daughter and family.

The Standard does not hold itself responsible for opinions expressed by correspondents

March 4, 1959

The Editor,
The Vermilion Standard Ltd.
Dear Mr Editor

There has been much talk going around about the teen agers in this town. We, as [illegible] have decided to give you some of our views. On Friday nights, there are country dances to attend, once in a while a school dance, that is usually invitational and very infrequently an open one in town. The country dances are considered wild and often referred to as "drunken brawls." The school dances are okay, but if you are lucky enough to secure an invitation you have to be on your [illegible] behaviour and usually that [illegible] good enough and consequently find yourself leaving before the early end.

Granted there are shows to attend, but usually the same one [illegible] on Friday and Saturday [illegible] that only accounts for [illegible] hours of our time. On Saturday [illegible] may go to any of the cafes [illegible] see the "kids" hanging around and making a lot of unnecessary noise. Some of them are driving recklessly up and down the streets or are parked down at the park where "heaven only knows what goes on." This is our elders point of view.

Now you tell us what [illegible] is there for us to do. You older people have clubs and your own recreation centres where you can go and enjoy yourselves with people of your own age. Why can't we have some place where we can go so that we don't have to "hang around," and where we [illegible] associate with others of our [illegible] ages and have fun doing the things that teenagers in other towns do?

Every matter has two or more sides to it. Don't form your opinions of us until you have considered this.

'A group of teenagers.'

Editor, Vermilion Standard,
Vermilion, Alberta.
Dear Sir:

Now that our bonspiel is over and it's back to our workaday grind, a friendlier, happier bunch we met would be hard to find.

You can say what you like about curling — it's a wonderful game. It fosters a lot of good fellowship, a kindlier feeling to men. If perchance you meet someone later with whom you had long ago played you can bet 10 to 1 just as sure as the sun, he's another friend you have made.

It is such a wonderful feeling when the skip raises high his broom, and your third says "That was a dandy" and your second's face loses its gloom. Was there ever a more thrilling moment? The tension is almost audible with the score tied, and to win the game your skip has just come by a guard to take out a rock and stay on the spot — but boy, if he had hit that guard!

If only the world's great leaders would forget all cares of state, and arrange to compete in our bonspiel and bury their fears and their hate. It would do more than H-bombs and war heads to bring to this world again that state for which we petition, "Peace on Earth, Goodwill towards men."

"Just one of 'em"

OBITUARY

JOHN ENGLAND EWEN

John England Ewen of Bruce Road, W Australia, and one time resident of Vermilion several years ago died recently at Perth, Western Australia.

FANNY GRACE RADMORE

Funeral services for Miss Fanny Grace Radmore were held in the Auburndale United church on Wednesday, February 25th at 2:00 p.m. Rev C W MacKay officiated.

Pallbearers were Messrs. Alex Stone Brent Macnab, Jerrold Elward, Lawrence Samuelson, Lester Weir and John Eyben.

[illegible] Funeral Home was in charge of arrangements.

Miss Radmore was born in Eardley, Quebec on March 6th, 1871 and passed away in the Vermilion hospital on February 22nd after a lengthy illness.

She came to Alberta in December, 1914, with her brother to raise his three children William Radmore of Bradenton, Florida, Gordon Radmore of Mission City, B.C. and Lillian, who is now Mrs. John Hilton of Vermilion. Her brother predeceased her on December 18th, 1952.

She was the postmistress of the Cummings post office from July 1919 to March 1950.

Left to mourn her loss is her loving niece Lily and two nephews William and Gordon and their children. There is one sister Mrs. James Marshall, Brockville Ont., and several other nieces and nephews.

Beautiful floral tributes and memorial donations were received from:

The Auburndale United Church Memorial fund: Frank Eyben and family; Mrs. Irving; Bernard and Darlene; Vera and Wilson; Henry and Joey, Mavis and Arthur; John and Flora, Dickie and Lillian; Henning and Ruth; Alex and Bessie; George and Norah; Stewart and Audrey; Lawrence and Theresa, Lloyd and Ruth, Cecil and Marguerite, Autumn Leaf W.M.S.; Hazel and Buddy; Alec Red and [illegible], Mary and [illegible].

Memorial donations to Mount Auburn Cemetery fund: Gordon and Ruby; Harold and Lucienne.

Sixteen Years Ago

MARCH 11th, 1943

The by-law providing compensation to members of the council for their services as the governing body of the town received its final reading at the meeting held Monday evening. Vermilion's councillors and the mayor will now receive $2 for each regular meeting that is attended.

Miss Grace Bury was elected a member of the Alberta Girl Guide Association at the convention of that body held at the Macdonald hotel in Edmonton last Saturday. Mrs. S. H. Gandier, formerly of Vermilion, was elected deputy provincial commissioner.

Two rinks of Vermilion curlers are taking part in the Vegreville bonspiel this week. The rinks are: E. M. Stewart skip, Art Butler, Rod McIvor and Geoff Dewson; E. Corley skip, Jack Beresford, Gordon Park and Jas Adam.

Mrs. James E. Cooper of the Ethelwyn district, passed away on Tuesday March 9th in the Vermilion hospital at the age of 71 years.

Typical March weather prevails without any definite signs of spring.

32 Years Ago

MARCH 10th, 1927

As a result of a canvass of the town and district the erection of a covered skating rink and gymnasium for the town of Vermilion is assured. Plans are under way to begin construction early this spring. The building will be 204 feet long and 96 feet wide, giving an ice surface of 180 by 80 feet.

Norman McInnes, one mile east of Islay, will hold a clearing off auction sale on March 29th.

The school board is interviewing the profession in town with a view to having a medical and dental survey made of the school students of the town.

Billy Williamson one-half mile north of Wellsdale school, is holding a clearing off auction sale on March 23rd.

Vermilion, Alberta,
March 2nd, 1959
Mr Ashley Cooper,
Editor, Vermilion Standard.
Dear Mr. Cooper

The Vermilion branch of the Red Cross wishes to thank you for your co-operation in giving such fine publicity to the work of the Red Cross.

Thanking you.
Sincerely,
Lilian Eidem, Sec'y.

48 YEARS AGO

MARCH 9th, 1911

Tenders are being called for the erection of a schoolhouse in the Union S.D.

Mr. and Mrs. Dave L. Kennedy have returned from a three-month holiday in the east.

Vermilion junior hockey team defeated Mannville by a 2-0 score. The Vermilion line-up was: goal, Spec Cambridge, point Arthurs, cover point Frank Pilkie, rover Gord Glannville, centre Cameron, right wing Bert Scarfe, left wing Hinchey.

Dr Headpatrick has transferred her office to that formerly occupied by Dr. Burris on Main street.

Dunc Gilmour has had a large blacksmith shop erected on First Street [illegible].

NEWS from ISLAY

ISLAY. — On Monday, Feb. 9th the 4-H Food club and other girls who had been 4-H members, with their leaders Mrs. Moncrieff and Mrs. Redmond, and bus driver Mr. Redmond, attended the play in Lloydminster of "Romeo and Juliette". On Tuesday morning all were just bubbling over, so delighted were they with the play. It is a treat to see a play done with live characters. Actors were marvellous and the costumes beautiful, but so different to present day dress. The girls just marvelled at the men's costumes — [illegible] they will appreciate Shakespeare. They wish to thank Mr. Redmond for taking them in his bus.

Last week, Mrs. Bothwell of Vermilion had callers from Islay, Mrs. Potvin, Mr. and Mrs. Bill Wasserfield and Mr. and Mrs. Maire and John Jr.

The monthly meeting of the United Church W.A. met at the home of Mrs. Edna Torrance with twenty present. The study book "Concerns of a Continent" was begun. Miss Anderson led the devotional period. It has been decided that the W.A. and the board of managers together sponsor a Sunday evening broadcast over the radio as done by Rev. Mr. Smith. The spring tea was planned for Friday, April 10, in the afternoon at 3:00 o'clock. There will be an apron sale home baking, candy too. Thanks is due the members who did so well in bringing the crazy work blocks in, soon we will 'quilt the quilt'. Mrs. Sweet, the president, welcomed the visitors Miss McLennan and Mrs. Howard Robertson from Provost. The April meeting will be held at the manse in Kitscoty on the second. After the meeting closed a delicious lunch was served by Mrs. Torrance and Mrs. Betty Shaw.

Islay was happy to have the "Around the World" exhibit very kindly loaned by Miss Jean Allanach of Mannville. It showed the national costumes of countries of the world and is truly a wonderful exhibit. All the school children had the privilege of seeing it, in all we judge over 140 persons visited the exhibit in the church hall. Mr. and Mrs. Bruce McLennan and Mrs. Neil McLennan returned the exhibit to Mannville and then visited Mr. and Mrs. Grech.

Mrs. Nancy Buchanan attended the three-day short course at the Agricultural college in Vermilion and was quite thrilled with the gathering. Her account made us wish we had been there too.

Auditor's Certificate

We have examined the balance sheets of the Vermilion Municipal Hospital District No. 2 as at December 31st, 1958, and the statements of operation and surplus for the year ended on that date. Our examination included a general review of the accounting procedures and such tests of the accounting records and other supporting evidence as we considered necessary in the circumstances.

At the 1st of April, 1958, the basis of requisitioning upon the municipalities was changed to the capital portion only (Schedule 2) the provincial government assuming the operating portion from that date on under the new provincial health scheme. Prior to the 1st of April, 1958, the municipalities were requisitioned for the full amount of operating and capital charges for the first quarter of the year (Schedule 1).

In our opinion the accompanying balance sheets and statement of operations and surplus present fairly the financial position of the Municipal Hospital District as at 31st December, 1958, and the results of their operations for the year ended on that date.

Completes Dealership Management Course

Roger K. Rowe returned home last week after completing a seven weeks course in Dealership Management given at the [illegible] Motors Institute at Flint, Michigan. Only a limited number of young executives are selected each year for the course.

Although most of their time was filled up with the course and matters pertaining to it, Roger did see a couple of National League hockey games at Detroit.

Shortly before returning, Mrs. Rowe joined her husband in Flint and the journey home was made in a new Pontiac.

Mrs. Al Coulbourn, Mrs. Don Keen and Mrs. Ted Herbert were hostesses at a party recently in the latter's home in honor of Mr. and Mrs. Karl Balzun who will be leaving shortly to reside in Calgary. There were twenty-eight guests present and a very enjoyable evening was spent playing court [illegible]. Prizes were won by Mrs. Mervyn Hill, Mrs. Ches Waldenberger, Mr. Balzun and Mr. J. Kneale. Presentation of an electric clock was made to this much thought of couple.

Mrs. Milo Fleming has as her guests, her parents, Mr. and Mrs. Bingman from Esther, Alberta.

Wm. J. Delainey and Herman Rohwer were in Edmonton Monday and Tuesday attending a two day school conducted by the John Deere Company. All the newest developments in John Deere machinery and servicing of same, are studied during the short course.

Ray, Joyce, Jim and baby Lori were all at the Norman Armstrong home for the week end. Joyce and Lori remained for the rest of the week.

—S—

Mrs. A. Baldwin had a miraculous escape from serious injury this week when her clothes became caught in a wood sawing machine. Fortunately the cloth tore loose without drawing Mrs. Baldwin into the whirling blade. She was shaken up but not otherwise hurt.

—S—

THANK YOU!

On leaving Vermilion, we would like to say a very sincere thank you to all the friendly people who have made our stay here such a pleasant and happy one. We say an especial thank you to Mrs. June Herbert, Mrs. Hazel Coulbourn and Mrs. Bea Keen for arranging a wonderful farewell party for us; and to Mrs. Grace Stewart for the afternoon tea given for Ada.

Anyone coming down Calgary way is invited to come and say hello!

Karl and Ada Balzun.

Mr. and Mrs. A. E. Kaiser returned last week end from a month spent at Honolulu, Hawaii. The holiday proved a most enjoyable and unique experience so Alf has lots of stories to tell. The trip both ways was made by plane.

—S—

G. H. Simpson, manager of the Monarch Lumber Company has been attending a conference at the company's head office in Edmonton all this week.

—S—

Mrs. E. T. Rooks and son Herbert Sutton spent last week end visiting Mr. and Mrs. Russell Sutton at Devon, Alberta. Devon is reported to be a very fine town with plenty of interest in a mixed bonspiel which was being played at the time.

—S—

Mrs. Fred Waite and daughters Arundell and Kim of Edmonton were visitors at the home of Mrs. Waite's parents, Mr. and Mrs. V. H. Cooper over Saturday and Sunday.

—S—

Mrs. Tom Stack of Redwater spent the first part of the week in town visiting her mother Mrs. H. Elliott. She accompanied a rink of lady curlers from Redwater who curled in the local bonspiel.

—S—

Mr. and Mrs. George Washington of Edmonton spent last week in town visiting the former's mother, Mrs. A. Washington.

Shower Honors March Bride

A miscellaneous shower was held Thursday evening, March 5th at the home of Mr. and Mrs. Zig Budzilka in honor of Mr. and Mrs. John Gochko (nee Patsy Wilson) whose marriage took place on Monday, March 2nd. The joint hostesses were Mrs. Bill Hannon, Mrs. Val Budzilka and Mrs. Peter Wilkinson.

Following a social evening a nicely decorated box of beautiful and useful gifts was presented to the bride and groom by Mrs. Charles Redmond.

A delicious lunch was served which brought the enjoyable evening to a close.

Pleasant Valley

The writer is wondering if this really could be spring but it does seem much to early — then again it could be the weatherman is like a woman's mind, very fickle, especially when choosing her new Easter bonnet. Everyone is enjoying and taking advantage of the nice weather and the roads are excellent too.

Miss Barbara Golby was home over the week end visiting her parents.

Hope Bessie and family are enjoying their new T. V. Quite wonderful isn't it?

On Sunday, Chrissie and family were dinner guests at the writers home, the children were very happy out in the barn where there are new baby pigs to be seen.

On Sunday evening, Mr. and Mrs. Bert Moore and Mrs. Gillies journeyed to the Moore home for a delicious turkey dinner. Yes, Mrs. Jones, I said another turkey dinner with all the trimmings. What a menu — yumm, yumm!

Visiting is the order of the day with the Christie Clarke family entertaining the Hobbis family from Vermilion for dinner. Betty Gould and family were dinner guests at Mrs. Gillies; Gordon Gould and family supper guests of Mr and Mrs. Gordon Purser and the same family were at the home of Mr. and Mrs Bill Shaw on Saturday evening.

Who said the writer was always late. On the occasion of the opening of the new Macleod's store she won a pair of nylons and you had to get there early in the crush to get them.

The Inman family were all together for a turkey dinner recently. Mr. Inman has a T. V set now.

Peggy and Eric Elliott were recent callers at the Wilfred Potvin home.

Car Crashes Mrs. Adamson Home

A car ran over the sidewalk and crashed into the door way of the house occupied by Mrs. M. Adamson on Saturday evening last. The car and passengers were from Richard, Sask., and their original intentions were to attend the hockey game at Bonnyville to see Lashburn [illegible] play. Damage was to the door, door frame and brick wall of the house.

Perfect Crib Hand Held At Dewberry

The first perfect crib hand reported to the Standard for a long time was held recently at the home of Mr and Mrs. Gordon Fitzpatrick of Dewberry. Mr and Mrs. Fitzpatrick were entertaining on the occasion, and the former's niece, Mrs. Ron Taylor of that town, held three 5's and the jack of hearts in her hand and the 5 of hearts turned in the cut. It was the first time anyone there had had the thrilling experience of a 29 hand.

CARD OF THANKS

We wish to express our sincere thanks for the many acts of kindness, the floral tributes and the charity donations which have been extended to us in the loss of our beloved husband and father. A special thank you to Dr. Stephens, the nurses and the ambulance service.

Mrs. R. H. Norton
and family.

CARD OF THANKS

I would like to sincerely thank Dr. Evans, Dr. King and Dr. Stephens, the nurses and nurses' aides, for their very kind attention shown to me while a patient in the hospital. Also thanks to all my good friends and neighbors who sent letters, get-well cards and visited me while I was in hospital; to all who have made inquiries and visits and other acts of kindness since I have been home.
